Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather reprove them. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, Awake thou that sleepest, and arise from the dead, and Christ shall give thee light. See then that ye walk circumspectly, not as fools, but as wise, Redeeming the time, because the days are evil."

The 1828 Noah Webster Dictionary defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Circumspectly: Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

Matthew 24:24: "...if it were possible, they shall deceive the very elect."

II Corinthians 2:11: "Lest Satan should get an advantage of us: for we are not ignorant of his devices."

II Chronicles 7:14: "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

Prayer Request Suggestion

From: Sheri

Yes, I do have a solution Scott and I know you hate facebook but sometimes you have to use something meant for bad and turn it around for good. Open up a fb acct. for prayer only. Tell people to put all their prayer requests on this Facebook page. People will flock to your site on fb to pray for people. I will be the first one at your page and I know many more people who will follow me as well. Let us pray for them. Let your people put their prayers up themselves while others pray for them, its that simple. Blessings, Sheri

U.S. Preparing For Huge 'Event' As Executive Order Gives Power To UN Troops To Target Americans - Are Clergy Response Teams Being Activated?

August 7, 2016 **A series of events that have happened in rapid succession indicates**

the U.S. government has accelerated preparations for some type of massive event. Whether that "event" will be a collapse of the global economy, a planned false flag, issues stemming from the upcoming U.S. Election, terrorism, or space related, is frankly neither here nor there, because the actions we are going to go through below,

point by point, indicate a long-term plan on the part of the government that is coming to fruition.

OBAMA HANDS U.S. SOVEREIGNTY TO THE UN & AND THE RIGHT TO CONFISCATE GUNS

A recent Executive Order signed by Barack Obama was issued on July 1, 2016, & was titled "United States Policy on Pre- and Post-Strike Measures to Address Civilian Casualties in U.S. Operations Involving the Use of Force,". This was signed less than

two months after the May 2016 headlines that the U.S. had pledged support for a "set of principles that give the green light for United Nations peacekeeping troops and police to use force to protect civilians in armed conflicts," & allows the United Nations to use force on U.S. citizens.

From that headline via the Military Times: *U.S. Ambassador Samantha Power told a high-level U.N. meeting Wednesday (focusing on the responsibility to protect civilians) that the United States was "proud" and "humbled" to join 28 other countries that have pledged to abide by the 18 pledges. U.N. peacekeepers from these 29 countries are now required to act in cases where civilians are in danger.*

Those 18 pledges are part of what is called the Kigali Principles, & are not specified in any of the articles linked above, but all are detailed in this PDF (starting on page 4).

They indicate that under the guise of "protecting" civilians amidst conflict,

Barack Obama has just handed U.S. sovereignty and the right to decide the appropriate course of action for America, over to the United Nations.

It also indicates that if there is a conflict in the United States of America and the UN does not agree with the government's response, they can take whatever action *they* deem appropriate and they can do so *without consulting the "capital."*

The UN will also get to decide the rules of engagement & they will decide when force is appropriate and get to target anyone they deem a "threat" and can proactively take steps to mitigate such threats, & the UN's High Commissioner for Human Rights Zeid Ra'ad Al Hussein, has previously demanded" robust gun regulation," in America.

Ask yourself what happens when the UN deems all gun owners a threat & it gets worse.

It isn't only gun owners that would be targeted (as we look back to the [2009 MIAC Report](#)), where **it was determined that a U.S. citizen can be considered a potential dangerous "militia member" if they oppose: The United Nations; The New World Order; Gun Control; The violation of Posse Comitatus; The Federal Reserve; The Income Tax; The Ammunition and Accountability Act; A possible Constitutional Convention; The North American Union; Universal Service Program Radio Frequency Identification (RFID); Abortion, or; Illegal Immigration.**

How many you oppose one or more of those?

A point of interest **about the UN "peacekeeping" troops that Obama has just given permission to target Americans - They are comprised of personnel from 120 countries, and as of 2015, the leading contributor is Bangladesh where nearly 90 percent are Islamics.**

Listener Picture and Comment: Muslims in Maine

Subject: Muslims in Maine

We are in Cape Elizabeth, Maine. We decided to go see some lighthouses today...check out these pics. There's an area here at the lighthouse where you can picnic. There are probably 75 Muslims having a cookout.

++ Obama's Wicked Fruit: [ALL Of A Sudden....Seven Years Have Passed!](#)

ISIS is only part of the problem. Sharia Law is another huge factor and about 80% of Muslims support it no matter what country they live in!

- Before Obama there was virtually no outlandish presence of Islam in America.
- All of a sudden Islam is taught in schools. Christianity and the Bible are banned in schools.
- All of a sudden we must allow prayer rugs everywhere and allow for Islamic prayer in schools, airports and businesses.
- All of a sudden we must stop serving pork in prisons.
- All of a sudden we are inundated with law suits by Muslims who are offended by American culture.
- All of a sudden we must allow burkas to be worn everywhere even though you have NO idea WHO or WHAT is covered up under them.
- All of a sudden Muslims are suing employers and refusing to do their jobs if they personally deem it conflicts with Sharia Law.
- All of a sudden the Attorney General of the United States vows to prosecute ANYONE who engages in "anti-muslim speech".
- All of a sudden Jihadists who engage in terrorism and openly admit they acted In the name of Islam and ISIS, are emphatically declared they are NOT Islamic by our leaders and/or their actions are determined NOT to be TERRORISM but other nebulous terms like 'workplace violence.'
- All of a sudden it becomes POLICY that secular Middle East dictators that were benign or friendly to the West, must be replaced by islamists and the Muslim Brotherhood.
- All of a sudden our troops are withdrawn from Iraq and the middle east, giving rise to ISIS.
- All of a sudden America has reduced its nuclear stockpiles to 1950 levels, as

Obama's stated goal of a nuke-free America by the time he leaves office continues uninterrupted.

- All of a sudden a deal with Iran must be made at any cost with a pathway to nuclear weapons and HUNDREDS of BILLIONS of dollars handed over to fund their programs.
- All of a sudden America APOLOGIZES to muslim states and sponsors of terror worldwide for acts of aggression, war and sabotage THEY perpetrate against OUR soldiers.
- All of a sudden, the American Navy is diminished to 1917 Pre-World War I levels and only 300 ships. The Army is at pre-1940 levels. The Air Force Scraps 500 planes and planned to retire the use of the A-10 Thunderbolt close air support fighter. A further draw down of another 40,000 military personnel is in process.
- All of a sudden half of our aircraft carriers are recalled for maintenance by Obama rendering the Atlantic unguarded. NONE are in the Middle East.
- All of a sudden Obama has to empty Guantanamo Bay of captured Jihadists and let them loose in Jihad-friendly Islamic states. He demands to close the facility.
- All of a sudden America will negotiate with terrorists and trade FIVE Taliban commanders for a deserter and Jihad sympathizer.
- All of a sudden there is no money for America's poor, disabled veterans, jobless Americans, hungry Americans, or displaced Americans but there is endless money for Obama's "Syrian refugee" resettlement programs.
- All of sudden there is an ammunition shortage in the USA.
- All of a sudden the most important thing for Obama to do after a mass shooting by two Jihadists is to disarm law abiding patriotic American citizens.
- All of a sudden the president of the United States cannot attend the Christian funerals of a Supreme Court Justice and a former First Lady because of previous (seemingly unimportant) commitments.

I'm not sure the majority of Americans recognize the seriousness of the situation and how much "progress" has been made by Islam throughout America these last 7 years!

Full list of contributing countries can be found at the [UN peacekeeping resources page](#).
With accusations that the [Obama administration and Hillary Clinton are responsible for the rise of ISIS](#) and all the [ignored intelligence reports facilitating the rise of ISIS](#), we also have to wonder if the Obama admin isn't setting up [Christians in America for slaughter by refusing to release or inform Christians that have been targeted by ISIS on their recent "kill list."](#)

Recent headlines read:

We also note that during the Obama administration [both Russian and Chinese troops have been allowed to train on U.S. soil and according to the UN peacekeeping](#)

resource page, both are contributing members for providing troops to the UN.

Is it any wonder why a number of American citizens are concerned about the continued pre-positioning of United Nations vehicles and troops on American soil?

Also a [SQ alert dated August 7, 2016](#), describes an open access call with participants including the State's Attorney's General of Virginia, New York, Connecticut, and Massachusetts, along

with DHS, FEMA, and the ADL - Topic was "Gun confiscation."

It is not known if someone risked their life to get this conference public, hit the wrong switch by accident, or put this info out to see who would leak

it.....Bottom line, the plan was for the DHS, FEMA, and local police, with massive assets, to bull rush the gun owning citizenry of these states, seize their weapons, and execute this op so quickly that there could be no retaliation from pro American forces to stop it in time.

If that wasn't bad enough, those participating in the teleconference who were planning this actually began to ridicule those front line people who would be engaged in this treason. Apparently, they even joked how easily it would be to throw the front line people under the bus in the end so they could take the blame and the real planners would walk away clean.

The teleconference was only open access to state and federal agencies.

Guess who just happened to be listening? The police! (We won't say which....)

They had access over their computers in their squad cars.

We're told that they made disks of the 2 hour meeting and are distributing them among other trusted police groups.

The call was described by Mark Koernke of The Intelligence Report broadcast over The Micro Effect.com and Liberty Tree Radio on 8/4/16 in the 8am hour broadcast (around 20 minutes in) [LINK TO THAT HERE](#).

Another interesting point was made via a forwarded email to ANP, where we see the [U.S. Navy is getting rid of the "blueberries" camouflage uniform](#) to be replaced with "woodland," with the emailer noting "This is somewhat alarming to those of us who think outside the box. The Navy, is going to woodland camo. Not standard blues, not olive drab, not desert, but woodland. That camo would only work in an area that has dense tree foliage, like the US???"

Remember Jade Helm where the U.S. military pre-positioned massive military assets all across the United States, while using American soil for their training, including naming U.S. states as "hostile." Were they preparing for the battle they were eventually going to be fighting?

ARE CLERGY RESPONSE TEAMS BEING ACTIVATED?

In May 2006, Paul Joseph Watson [reported a Pastor had come forward to reveal that FEMA had begun "training Pastors and other](#)

religious representatives to become secret police enforcers who teach their congregations to "obey the government" in preparation for a declaration of martial law, property and firearm seizures, and forced relocation."

Romans 13 & Unlimited Subservience to the Government: Where should a Bible Believing Christian Draw the Line?

Those reports were confirmed by [Channel 12, KSL News](#), which reported the following in 2012: *If martial law were enacted here at home, like depicted in the movie "The Siege", easing public fears and quelling dissent would be critical. **And that's exactly what the 'Clergy Response Team' helped accomplish in the wake of Katrina.***

*Dr. Durell Tuberville serves as chaplain for the Shreveport Fire Department and the Caddo Sheriff's Office. Tuberville said of the clergy team's mission, "the primary thing that we say to anybody is, **'let's cooperate and get this thing over with and then we'll settle the differences once the crisis is over.'**"*

Such clergy response teams would walk a tight-rope during martial law between the demands of the government on the one side, versus the wishes of the public on the other. "In a lot of cases, these clergy would already be known in the neighborhoods in which they're helping to diffuse that situation," assured Sandy Davis. He serves as the director of the Caddo-Bossier Office of Homeland Security and Emergency Preparedness.

While the Clergy Response Teams were waved away as "conspiracy" in 2006 before their existence was confirmed years later, **we now see some strange events being reported by readers as to their long-time Pastors having simply "up and left," their churches and we have to wonder if the CRT is being activated nationwide, if some are being brought in to participate elsewhere and if others aren't just leaving now because the orders are coming down and they refuse to lead their sheep to slaughter.**

For Scott Johnson's Teachings on this subject go to:
<http://www.contendingfortruth.com/?s=clergy>

In [Stefan Stanford's UN Troops Across America](#) article from August 6, 2016, the following reports came in from readers:

[Lillith](#): "my pastor of 14 yrs up And left!!! He told us he had no prior desire for a different pastorate and....Then Just left.... He gave three weeks notice. Now.. We're just told our youth minister just resigned.. They didn't even stay around to say goodbye..they just went poof and I can tell you almost with certainty both were FEMA pastors. Somethings deadly close for them to leave so suddenly."

[PAL responded](#) "My sisters pastor of 18yrs, up and quit in the middle of a service 3 weeks ago, saying he wanted to spend more time with his family. He had been asked to go to a conference last fall regarding "Immigrants". Day after he quit the people were asked (by the district superintendent) to be host to some Immigrants who would be arriving in 30 days. My sister was asked to cook for them but she was told **no pork or beef (with the beef because it would not be halal)**. All is not what it seems.

[Kevin noted](#) that his **Pastor preached about "submission and authority," so much that Kevin actually asked him if he was part of the Clergy Response Team.** [Prepper Girl shared](#) that when she gave a series of survival classes in her church the Pastor called her a "conspiracy theorist" and told her she was "making the church look bad." [PROUD indicated](#) that a local minister was asking very probing questions while they were

working out in a gym with reader ['idontknow' highlighting](#) a discussion after a school shooting in NM, **where his Pastor indicated he was "trained" to deal with the aftermath but was sworn to secrecy.**"

(The entire discussion segment of [that thread](#) about the Clergy Reponse Teams is eye opening and can be found by scrolling down the comments until readers reach that part.)

THE BOTTOM LINE

Events happening in rapid succession suggest something big is being prepared for and with Barack Obama basically handing over control of America in times of "conflict" to United Nation's control, the very same organization that has been pushing for "gun control," we find the report on the "open access" gun confiscation call to be a very huge red flag as to what comes directly after the "event."

They are preparing for something huge.... we should be as well.

++ Allen B. West: What Newly-Leaked DNC Emails Reveal Should infuriate CHRISTIANS

August 2, 2016 by [SkyWatch Editor](#)

More disturbing revelations about the DNC continue to come to light as hacked emails continue to be published online, exposing the radical left for who they really are for the whole world to see. **One of the latest**

developments to surface are emails that show the Democratic Party was working with anti-religious freedom groups to get around religious liberty laws that protect our First Amendment right to believe what we want, worship where we want, and live out our beliefs both publicly and privately. This is truly atrocious.

One of the most critical freedoms we have in this country is the right to worship or not worship according to our conscience, without interference from the federal government.

Religious liberty, free speech, and freedom of the press all go hand-in-hand, which is why they are covered in the First Amendment. **If we should lose these critical cornerstones of liberty, our republic is destined to tumble into the abyss of history.**

And while the Democrats continue to try to "own" the position of being for the party of "rights" — civil rights, worker's rights, women's rights and definitely gay, lesbian, bisexual and transgender rights — the newly-leaked DNC emails confirm our worst fears that they most certainly are not the party of Christian religious rights.

We have repeatedly warned that Technocrats have zero regard for Congress or politicians in general. They believe their agenda is blessed by the god of science, and therefore it doesn't need human approval. In this case, remember that it was also ATF that ran the infamous "Fast and Furious" operation on our border with Mexico.

Judge Andrew Napolitano appeared on "Fox and Friends" this morning to react to a [bombshell report](#) that the the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) is illegally stockpiling the personal information of gun owners.

Judge Napolitano explained that the government is supposed to gather that information for statistical purposes only, and they are mandated to destroy identifiable information such as names and addresses. The report from the U.S. Government Accountability Office (GAO), however, found that the ATF is not adhering to that policy.
