manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest**, and arise from the dead, and Christ shall give thee light. **See then that ye walk circumspectly**, not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

**Reprove**: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

**Circumspectly**: Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

### **++ Oroville Dam Emergency: This Is Who and Why They Did It-- California Chaos: Engineered by the UN Agents of Agenda 21 "Problem-Reaction-Solution"**

Monday, February 13, 2017--

<<Major damage sustained by the spillway and surrounding areas. **The Governorship of Jesuit Jerry Brown and the 2030 Agenda for Sustainable Development** continue to wreak havoc across the state.

**RAW VIDEO:** [Lake Oroville spillway flooding and terrain damage](#)  
[State of the Nation](#)

**There is no other state in the Union that is so integral to the successful implementation of the UN's Agenda 21 as**

**California.**

The **Golden State** has become a test tube for social engineering (immigration crisis via illegal alien influx), geoeengineering (alternating droughts and deluges via chemtrails/HAARP) and civil engineering (sabotaged infrastructure built on fault lines). The very timing of Jerry Brown's term as the 39th Governor of California since 2011 holds the key to understanding so much adversity that has befallen the state.

**See:** [Governor Jerry Brown BETRAYS California Residents, Ignores Geoeengineering Causes Of Historic California Drought](#)

**As a matter of historical fact, California's Great Drought** officially began in 2011 right after Gov. Brown took office. Clearly, this and other major political developments were by quite purposeful design. The critical back story can be read

at the following link: [Was the California drought geoengineered to pass future 'climate change' legislation?](#)

As the severity of the drought increased and deepened into the middle of the decade, California was 'predictably' plagued by a rash of wildfires. The four corners of the state and everywhere in between saw brush fires, grass fires and forest fires come and go with such frequency that some thought a pyromaniac with a flame thrower was on the loose.

**See:** [California is in flames right now, with fires fueled by historic drought \(and arson\)](#)

As it turns out, an unusual number of these fires were either started by arson or caused by very strange circumstances. The question still remains: **Who were these arsonists really working for?**

Now California quite curiously finds itself in the middle of what is perhaps its greatest manmade disaster of the year. [The Oroville Dam Spillway north of Sacramento is under serious threat of collapse which would send torrents of raging water cascading through Butte County and beyond.](#)

This extremely serious calamity-in-the-making did not just occur due to the untimely and overwhelming forces of nature. **The circumstantial evidence points directly to a combination of weather modification via geoengineering and deliberate civil engineering techniques.** Really, how does such an emergency evacuation of nearly 200,000 residents in Butte County occur practically overnight, except by the agency of disaster capitalism?

The Oroville Dam Spillway emergency has all the earmarks of the Hegelian Dialectic and its classic MO known as "*Problem-Reaction-Solution*". In fact there is so much about this manufactured cataclysm that it has *UN Agenda 21* written all over it. **After the proven geoengineered *Great Drought* occurred and the ensuing arson-triggered wildfires of 2016 took place, it stands to reason that the next step in the Jesuit playbook is to continue to move even more people off the land. Nothing does that like droughts and deluges, wildfires and floods, mudslides and earthquakes. The public domain is now full of circumstantial evidence which indicates that each of these can be effectively geoengineered.**

**The Back Story Nobody Knows About**

The following screenshot captures an interesting series of observations posted at Voat.com. The embedded links are not live so they will have to be accessed from the following reference link: [Is the Oroville Dam disaster in California really accidental?](#) **For those who are uninitiated in this realm of UN Agenda 21 mischief-making, the following screenshot post provides additional context and insights regarding the staged Oroville Dam emergency.**

some more thoughts by Leuren Moret on the dam -

I was contacted by a volunteer fireman in N. Carolina several years ago. He confided in me that the Fire Chief had told the firefighters (volunteers and full time) that they would be doing a drill, practicing their response, in the event that a local dam collapsed upriver from a large populated area. He confided in a horrified tone, that they were also told the approximate date when the dam collapse would actually happen.

This confirmed for me what I had already suspected - that the Army Corps of Engineers had deliberately built over 50% of their dams throughout the US, on active faults in locations where large populations were downriver. They were built in anticipation of future disaster events that could be artificially triggered at strategic times (by HAARP and other technologies), to destroy a lot of people and the local economies.

A good example: The very heavy rain and snow periods over the last 2 months (December 2016-January/February 2017) moving from the west coast east across the nation, caused by obvious military weather modification using HAARP technology (quite obvious on Accuweather daily and hourly maps etc.), have artificially caused what people believe are natural disasters. The intelligence agencies are secretly using these invisible technologies to destroy infrastructure, agriculture, and economies - especially in the agricultural areas. People will lose homes, barns, and crops, forcing them into urban areas where they will become dependent on government assistance, and no longer able to be self sufficient and independent. In other words they will lose their wealth, personal sovereignty, and the farmlands will be rolled into the Agenda 21 Jesuit/Monsanto global takeover of food production. Their global Jesuit scam - "food security" - will be pumped out of the new UC Davis "Food Institute", among other NWO headquarters, to further enslave humanity, poison their food, and inaugurate devastating periods of genocide caused by famine. By the way, the opening ceremony of the new U.C. Davis Food Institute, was graced by none other than the Napa Valley Rothschilds, San Francisco Gordon Gettys, and their NWO Chancellor Linda Katehi, who was fired soon after the ceremony.

[permalink](#)

This post reveals some extremely curious information as to why the Army Corps of Engineers continues to build on fault lines. This construction policy is not an accident; nor simply a case of overlooking the obvious. There appears to be an intentional strategy at work — over many decades — to site some of the most critical pieces of American infrastructure directly in earthquakes zones and/or on fault lines. This not only applies to dams and reservoirs, but also to nuclear and hydroelectric power plants, as well as to other infrastructure.

**Special Note:** It ought to be easy to understand why disasters, both manmade and natural, now regularly occur in definite patterns. First there was the unparalleled drought, then the spate of wildfires, which are then followed by

isolated mudslides and sinkholes, and now dam breaches and spillway collapses. Because the geoengineers now control the weather with extraordinary technologies such as chemical geoengineering (chemtrails) and satellite-based HAARP, they can fabricate virtually any scenario they are ordered to by the masters. And so they do, especially throughout the once great state of California. Because what happens in California is used as a model (or as an example) for the rest of the USA, the nation can expect many other apocalyptic events there which will then be used to soften other vulnerable states lest they not cooperate with the ongoing UN Agenda 21 program.

### Is the California economy being sabotaged?

The California agricultural economy is the largest in the nation. The state provides a highly disproportionate amount of food for the other 49 states. The farming industry of *Kalifornia* has undergone so many profound assaults since 2010 that this inquiry must now be made.

[Oroville Dam sabotage aimed at destroying Californian economy?](#)

Selling off so much real estate and arable land to Chinese investors must be looked at in view of so much statewide disaster capitalism. Many of these massive sales have only taken place in the wake of various catastrophic events, which have served to precipitously reduce the respective costs of the involved land, real estate and other assets.

Hence, the question must be asked: Is the Oroville staged dam collapse (whether it actually occurs or not) just **another attempt to destroy the California land-based economy?** If so, how do these various machinations fit into the execution of *Agenda 21* as well as the *2030 Agenda for Sustainable Development*.

### Conclusion

Governor Jerry Brown must be impeached or recalled if the state is to experience any respite from these relentless manmade disasters and natural catastrophes.

Yes, his highly misguided governance has invited these calamities to *Kalifornia*; about that there can be no doubt. However, it is the people who continue to support him who must wake up before it's too late. Many appear to be sufficiently awake to have taken the following necessary initiative:

[CA Governor Jerry Brown Being Recalled By Furious Grassroots Movement](#)

Nonetheless, residents of California will have to do a LOT more than get rid of their evil governor; as the statewide environmental collapse and societal breakdown are truly biblical in nature. In fact, the state is being overwhelmed on so many fronts it's difficult to keep track of them all.

There can be only one solution when so many folks are routinely getting busted upside the head with a four by four. **That's right—they might put their hands**

**together and PRAY! The entire state is in dire need of divine intervention, especially in view of the burgeoning secessionist movement.**

## **Sacramento Is Being Flooded Even Before Oroville Dam Breaks**

Saturday, February 18, 2017

This picture was taken three days ago. Later in the article, you will see how much the water level has increased at this S. Sacramento levee.

**The pounding of the Oroville Dam area by a series of storms has begun in earnest. Rains are heavy and the stress on the dam is great. Governor Brown has replaced the local workers at the dam site with his own union-affiliated workers so that he can control the flow of information. Governor Brown is eerily silent.**

Local flooding in Sacramento due to the present series of storms coming through the city are flooding out many of the areas in the city. **At the present rate, there will be only one way out of the city and that is to the East.**

**The levees are failing, see the link below for a video of the distressed condition of the Sacramento flood control.**

I interviewed Paul Preston regarding the increasing danger to both the Oroville Dam and the lack of functional flood control in Sacramento. In this interview, Paul Preston clearly lays out the danger to both areas. **I would respectfully ask that all forward this interview with Paul Preston to as many people as possible. The dangers are real and California has a governor that is acting with complete depraved indifference toward the people.**

**Paul Preston is self-evacuating very soon. Paul Preston badly wants to be wrong about his assessment of the situation though.**

**The People Speak Out**

I have received dozens of emails from people in the impacted areas and there is a growing awareness that Governor Brown is not doing his job.

Dave Hodges, *I live across the road from the Feather River. It is running swift and high. Many of us are leaving...Up here we all know what's going on and Brown doesn't give a d\*\*\* about the people. Brown spends 25 billion dollars on helping the illegals and nothing on protecting dams that could save lives. Did you know Brown replaced locals working on the dam with his own people? He doesn't want people to know what is going to happen. I would like to get away from Governor Moonbeam, but I cannot afford to move...*

---

Dear Dave, *I talked to one of the Sheriff's Deputies and he says it is only a matter of time until the dam fails. Many are evacuating themselves. Some still don't get it. We do not know what to do with our animals.*

---

Dave Hodges, *I live Sacramento. You know that our levees are failing. Parts of the city are already taking on water. Sacramento is going to be flooded out even if the Oroville Dam does not break.*

*Many people here have laughed at the idea that we are in danger. When our TV reporters started covering the problems, many got scared. I have taken a weeks vacation and am leaving with family until we see what's going to happen with these storms that are rolling through.*

**Author's Note: This is what this reader is talking about. Paul Preston was sent a disturbing video yesterday afternoon and it shows how bad of a shape that the flood control is in near S Sacramento.**

**FROM PAUL PRESTON'S SITE: AGENDA21RADIO.NEWS**

**Updated February 17, 2017 at 6:10 pm Video Removed**

A video shot in Chico, CA near the Oroville Dam site in Butte County **proves there is a mass 're-evacuation' underway, but this video has been removed!**

A Facebook video made by "[Lyric Little](#)" around midnight on February 16, 2016 at a Chevron gas station off highway 70 in Chico, CA **captured a conversation she had with a National Guardsman who told her there was a re-evacuation and that the National Guard was setting up evacuation centers as far south as Merced. Evacuations are to be starting within a day.**

**In the mean time the word coming out of Sacramento, CA is that the American and Sacramento Rivers have joined together and are on the rise to the tops of the levees on both sides of the Sacramento River in downtown Sacramento.**

Below is a Facebook video by [Pastor-Jess Foglesong](#) shared [Rvbridgeman's video](#) of the levees cresting south of Sacramento in Rio Vista, CA at the [The Helen Madere Memorial Rio Vista Bridge](#). To view the video regarding the dire condition of the levee in S. Sacramento, [click here](#).

---

*Mr. Hodges, I wrote to you a few days ago and told you that you full of s\*\*\*. I apologize sir, I was wrong. Jerry Brown wants us all dead.* Skip Benson

---

*Dave, Many people here don't get it. I live in Sacramento. They know there is a problem but they don't think it is going to reach us. Because the government is not saying*

anything, many people don't think there is a problem. Paul Preston and you need to keep spreading the truth. You need to do daily updates. Hourly if possible.

**Conclusion:** There are two simultaneous events being played out. First, if the Oroville Dam breaks at some point, the entire region will be devastated. Second, Sacramento is already being flooded independent of the condition of the Oroville Dam and these conditions pose a direct threat to the people of Sacramento as six more days of storms come rolling through.

Again, my advice is the same. People need to self-evacuate, now, as a precaution.

### **No Cal Is In Grave Danger- Gov. Brown Fiddles As NO CAL Drowns**

Sunday, February 19, 2017--**Jerry Brown, is the Benedict Arnold of his generation. First he leads an unconstitutional effort to lead California out of the US through CALEXIT. Then he acts with depraved indifference towards the 2 million people living between the Oroville Dam and Sacramento. Brown has 25 billion dollars to spend on programs benefitting illegal aliens, but he has no money to spend on a dam that had identified very serious issues as long 12 years ago. Brown has the money to open a CALEXIT embassy in Russia, but has no money to evacuate 2 million people in harms way, even as a precaution. Why is Brown avoiding the media? Why did Brown's Department of Water Services rescind the original evacuation order, yet offer no evidence as to why this was done? Why hasn't Brown offered help and provide money to facilitate repairs on the levees in S. Sacramento that have already led to some evacuations?**

Should there be a sense of urgency with way more rain being forecasted in the next 48 hours for the Oroville area by the National Weather Service? Why isn't the silent Governor-in-hiding, Jerry Brown (who has seized control of the situation as well as the media press releases) paying at least some attention to the National Weather Service forecast and issuing his own risk assessment statements in conjunction with the weather report and then moving to protect the potential victims?

With 2 million lives at risk, it is surprising that the National Weather Service (NWS) would not make this the LEAD STORY, especially since they acknowledge that they are "concerned" about the Oroville Dam, but presented this concern as an after-thought. Regardless, of where the NWS placed this weather report in their broadcast, shouldn't this be enough evidence that the region should be evacuated as a precaution?

### **Oroville Lake Down Some, but 9 Upstream Reservoirs to Flood**

Tuesday, February 21, 2017 [Breitbart.com](http://Breitbart.com)

**Although the California Department of Water Resources is claiming Oroville Dam is safer because the water level has fallen by 52 feet, that feat was largely accomplished by over-filling 9 upstream reservoirs that are all expected to flood as another Pineapple Express storm-train brings 48 hours of heavy rain through Wednesday.**

The nine State Water Project (and earthen reservoirs on the Upper Feather River Watershed that feed directly into Lake Oroville) were already at maximum capacity prior to the new storms. This next storm is expected to bring 1-3 inches of rain in the valleys. But the Central Sierras are expecting 10 inches of snow and rain over the next 7 days. With all the higher elevation reservoirs brimming, Supervisor Kevin Goss from mountainous Plumas County told the Sacramento Bee, "I'm watching, and I'm worried." Flooding from the last set of storms shut down escape in all directions in his Indian Valley district.

### **California Dams On Verge of Collapse – First Oroville & Now Morgan Hill & Anderson Reservoir (Live Feeds)**

Tuesday, February 21, 2017 9:28

([N.Morgan](#)) In this last couple of weeks all eyes have been riveted on Oroville Dam, but now attention is shifting south to Morgan Hill and Anderson Reservoir.

Anderson Reservoir is rapidly filling up and over its recommended capacity. The reservoir is only supposed to be at 68 percent capacity, but it is at 100.04% capacity. Water is being released at 400 cubic feet per second, and into the spillway.

Already officials from Santa Clara Valley Water District have been dumping water as fast as they can from the reservoir, but it simply isn't enough to offset the water streaming in from all the rain we've seen this winter.

### **NYPD Blows Whistle on New Hillary Emails: Money Laundering, Sex Crimes with Children, Child Exploitation, Pay to Play, Perjury**

New York Police Department detectives and prosecutors **working an alleged underage sexting case against former Congressman Anthony Weiner have turned over a newly-found laptop he shared with wife Huma Abedin to the FBI with enough evidence "to put Hillary (Clinton) and her crew away for life," NYPD sources told True Pundit.**

NYPD sources said **Clinton's "crew" also included several unnamed yet implicated members of Congress in addition to her aides and insiders.**

The NYPD seized the computer from Weiner during a search warrant and detectives **discovered a trove of over 500,000 emails to and from Hillary Clinton, Abedin and other insiders during her tenure as secretary of state. The content of those emails sparked the FBI to reopen its defunct email investigation into Clinton on Friday.** But new revelations on the contents of that laptop, according to law enforcement sources, implicate the Democratic presidential candidate, her subordinates, and even select elected officials in far more alleged serious crimes than mishandling classified and top secret emails, sources said. NYPD sources **said these new emails include evidence linking Clinton herself and associates to:**

- **Money laundering**
- **Child exploitation**
- **Sex crimes with minors (children)**
- **Perjury**
- **Pay to play through Clinton Foundation**
- **Obstruction of justice**
- **Other felony crimes**

NYPD detectives and a NYPD Chief, the department's highest rank under Commissioner, **said openly that if the FBI and Justice Department fail to garner timely indictments against Clinton and co- conspirators, NYPD will go public with the damaging emails now in the hands of FBI Director James Comey and many FBI field offices.**

**"What's in the emails is staggering and as a father, it turned my stomach," the NYPD Chief said. "There is not going to be any Houdini-like escape from what we found. We have copies of everything. We will ship them to Wikileaks or I will personally hold my own press conference if it comes to that."**

The NYPD Chief said once Comey saw the alarming contents of the emails he was forced to reopen a criminal probe against Clinton.

**"People are going to prison," he said.**

Meanwhile, FBI sources said Abedin and Weiner were cooperating with federal agents, who have taken over the non-sexting portions the case from NYPD. **The husband-and-wife Clinton insiders are both shopping for separate immunity deals, sources said. "If they don't cooperate they are going to see long sentences," a federal law enforcement source said.**

NYPD sources said Weiner or Abedin stored all the emails in a massive Microsoft Outlook program on the laptop. **The emails implicate other current and former members of Congress and one high-ranking Democratic Senator as having possibly engaged in criminal activity too, sources said.**

Prosecutors in the office of US Attorney Preet Bharara have issued a subpoena for Weiner's cell phones and travel records, law enforcement sources confirmed. NYPD said it planned to order the same phone and travel records on Clinton and Abedin, & the FBI said it was in the process of requesting the identical records. **Law enforcement sources are particularly interested in cell phone activity and travel to the Bahamas, U.S. Virgin Islands and other locations that sources would not divulge.**

**The new emails contain travel documents and itineraries indicating Hillary Clinton, President Bill Clinton, Weiner and multiple members of Congress and other government officials accompanied by convicted pedophile billionaire Jeffrey Epstein on his Boeing 727 on multiple occasions to his private island in the U.S Virgin Islands, sources said. Epstein's island has also been dubbed Orgy Island or Sex Slave Island where Epstein allegedly pimps out underage girls and boys to international dignitaries.**

**Both NYPD and FBI sources confirm based on the new emails they now believe Hillary Clinton traveled as Epstein's guest on at least six occasions, probably more when all the evidence is combed, sources said. Bill Clinton, it has been confirmed in media reports spanning recent years, that he too traveled with Epstein over 20 times to the island.**

Also according to other uncovered emails, Abedin and Clinton both sent and received thousands of classified and top secret documents to personal email accounts including Weiner's unsecured campaign web site which is managed by Democratic political consultants in Washington D.C.

At one point, FBI sources said, **Abedin and Clinton's classified and top secret State Department documents and emails were stored in Weiner's email on a server shared with a dog grooming service and a western Canadian bicycle shop.**

Because Weiner's campaign **website is managed by a third-party consultant and political email guru, FBI agents are burdened with the task of trying to decipher just how many people had access to Weiner's server and emails and who were these people. Or if the server was ever compromised by hackers, or other actors.**

Perhaps more alarming, according to the FBI's 302 Report detailing its interview with Abedin, **none of the multiple FBI agents and Justice Department officials who conducted the interview, pressed Abedin to further detail the email address linked to Weiner. There was never a follow up, according to the 302 report.**

But now, all that has changed with the FBI's decision to reopen the Clinton email investigation, and the husband and wife seeking immunity deals to testify against Clinton (and other associates) about the contents of the laptop's emails.

## The Firing of NSA Michael Flynn: Who and What? Why It Was Inevitable!

Tuesday, February 14, 2017—[Comment: To verify this information go to: Trump's national security adviser has promoted tweets alleging Hillary Clinton was involved in 'sex crimes'](#)

### [State of the Nation](#)

<< Let's face it: the preceding tweet courageously posted by retired United States Army Lieutenant General and the 25th National Security Advisor Michael Thomas Flynn, dated November 2, 2016, is remarkable by any standard.

There was simply no way that the Democratic or Republican

Party could rest easy with such a forthright NSA professional working for President Trump. Hillary R. Clinton, herself, would only face grave existential threats given the raw and unvarnished truth expressed by this tweet, and others like it. [PIZZAGATE: The Scandal That Could Take Down the Clintons, the Democratic & Republican Party and the U.S. Federal Government](#)

Particularly in light of the fact that Flynn's son — Michael Flynn, Jr. was also fired during the presidential transition process for essentially doing the very same thing, was the writing on the wall. **Deep State will not tolerate any such unprecedented disclosures about its most effective control mechanism on today's global geopolitical chessboard—pedophilia, child murder & sacrifice in high places.** [The Pizzagate Tweet That Got Michael Flynn, Jr. Fired From The Trump Transition Team](#)

Consequently, any revelations even remotely related to *Pizzagate* will be censored in a Washington, DC minute. Anyone in any seat of power or position of influence, who exposes the underbelly of *Pizzagate*, will be removed post haste. And, the *Mainstream Media* will work triple time to publicly execute (their reputation, of course) anybody who leaves this particular reservation of political correctness.

It ought to be crystal clear by now, if it wasn't previously, that the tentacles of **Deep State** reach deeply into every sphere of life on planet Earth. There is no digital device, no line of communication, no conversation that is not completely monitored by **Deep State**. This was the very non-negotiable condition that the

**ruling elites agreed to which then permitted the *World Web* to go live back on August 6, 1991.**

Point of Fact: *The Powers That Be* knew full well that as soon as the Internet was up and running, their lives would change forever. And so they have. **Even the once venerated and feared Rothschilds are front page news on so many AI Media websites. And the most of the news about them is not good at all! In fact, their ongoing, multi-century crime spree is now well documented for everyone to see and talk about. So is the Rockefeller's sordid family history all over the Internet.**

The critical point here is that, on one level, the highly anticipated firing of General Flynn has taken place as a cautionary tale. **Every single person working for the president — both directly and indirectly — has been given serious notice. Any departure from their evil agenda, no matter how insignificant, which occurs while employed in any capacity within the Trump Administration, is being watched and recorded. Evidence of any transgressions, no matter how small, will be dredged up at the appropriate time to take down whoever the target might be.**

**The NSA, CIA and DIA, along with the FBI and DHS, have access to the latest spying and surveillance technology in the world. These advanced tracking technologies were explicitly developed to spy on and surveil American citizens.**

**While foreign espionage is always a priority for *Deep State*, the ruling elites are considerably more concerned about the perceived enemies within the military arm of the *New World Order*. [The USA: Military Arm Of The New World Order](#)**

It appears that **General Flynn really did not understand who his true masters were, especially when he was the 18th Director of the Defense Intelligence Agency. Every flag officer knows that they are only doing the bidding of the all-pervasive *Military-Industrial Complex*. Therefore, it's very difficult to understand why he sacrificed himself. Surely he knew that he was being watched every second. And that such a foray into *Pizzagate* territory would mean political death ... on every level ... even in Trumpland.**

**Perhaps the good General unconsciously set himself up for such a fall. His steady rise to power, followed by such an ignominious descent, point to a deliberate self-sacrifice of sorts. After all, what greater sacrifice is there when the very lives and/or welfare of our children is at stake.**

Hence, **there is a great likelihood that General Flynn used his once high platform to get the word out about *Pedogate*\* in a way that no other highly-placed official in U.S history ever has.**

**\*Key Point: *Pedogate* is the global version of *Pizzagate*. Except that *Pizzagate* is merely a single American franchise within *Pedogate*, which is now understood to be "A Global Child Exploitation Crime Syndicate".**

**Special Message to General Flynn:**

Sir, you know that there is a brilliant silver lining in this dark cloud. **You are now in a position to lead a citizen's inquiry into *Pizzagate*. No government accomplishment of lasting value can ever really happen until the real *Pedogate* culprits, who infest the U.S. Federal Government, are prosecuted to the fullest extent of the law. Likewise, the many traitors of two Obama administrations must be brought to justice, as do those who committed treason**

during the two previous Bush administrations. Until these convicted career criminals are all held up high for the whole world to see, the corrupt status quo will remain firmly in place. Given your access to highly privileged intelligence, you, General Flynn, can serve as a lightning rod for the necessary revelation. This nation desperately needs this type of radical leadership. If it doesn't show up soon, many agree that we are heading toward a civil war. By the way, the vast majority of us armchair political analysts totally agree that the country cannot continue this way. Things are getting so out of control that the American social fabric has not only been irreparably torn, it's being ripped to shreds by the day. Please consider what you can now do for your country out of the media glare of the West Wing. Respectfully, SOTN Editorial Board

P.S. Our deepest gratitude for your tweets shown below—they have already helped change the world for the better. However, now it's time to really save the children!

General Mike Flynn's resignation as President Trump's national security adviser was due to the "pizzagate" pedophile conspiracy, Democrat presidential loser Hillary Clinton said Monday night.

Following news of Flynn's resignation, Clinton took to Twitter to support comments made by her former State

Department senior adviser, Philippe Reines, who tweeted a link to Dominos' job website claiming Flynn and his son had a "pizza obsession."

**++ [Is there a conspiracy inside Washington to destroy Trump's inner circle? Top Republican claims Flynn was the appetizer – Kellyanne will be next and Trump is 'the entree'](#)**

One **Republican lawmaker** is saying he sees a pattern in the leaks that brought down [President Donald Trump's](#) National Security Advisor Michael Flynn.

Speaking to national security columnist [Eli Lake of Bloomberg View](#), Rep. Devin Nunes, the chairman of the House Permanent Select Committee on Intelligence, **suggested that Flynn may be just be the beginning of Trump's inner circle fallen by enemies within the U.S. government.**

**'First it's Flynn, next it will be Kellyanne Conway, then it will be Steve Bannon, then it will be Reince Priebus,' Nunes told the right-of-center Lake, who then referred to Flynn as the 'appetizer' and the president as 'the entree.'**

Rep. Devin Nunes told Bloomberg View columnist Eli Lake that he's concerned about all the leaks and suggested 'it looks like a pattern'

One of the most notable things about the Flynn fall-from-grace story, Lake pointed out, was the fact that the contents of his conversation with Russian Amb. Sergey Kislyak were clearly monitored by the government, and then, so easily got out.

Bloomberg View columnist Eli Lake talked to Rep. Devin Nunes about the many leaks tripping up the Trump administration

At the time, Flynn was the incoming National Security Advisor, but his correspondence was seemingly monitored by the FBI or the NSA, Lake wrote.

'It's very rare that reporters are ever told about government-monitored communications of U.S. citizens, let alone senior U.S. officials,' Lake wrote.

Later he added, 'Normally intercepts of U.S. officials and citizens are some of the most tightly held government secrets.'

Not in this case, however, which caused Nunes to suggest that something really didn't smell right. 'There does appear to be a well orchestrated effort to attack Flynn and others in the administration,' Nunes told the Bloomberg View columnist.

President Donald Trump's National Security Advisor Michael Flynn resigned last night, over phone calls that he had with Russia's ambassador before the president was sworn in. **Lies!**

Devin Nunes suggested those leaking dirt about Trump administration officials could come after Kellyanne Conway next, followed by Steve Bannon and then chief of staff Reince Priebus.

As Rep. Devin Nunes listed off the administration officials who could be impacted by the bevy of leaks, columnist Eli Lake considered them the 'appetizers,' with President Donald Trump playing the role of 'the entree'

### Trump Must Execute the Nuclear Option—There's No Other Way

Wednesday, February 15, 2017

- The *Mainstream Media* must be shut down.
- The Central Intelligence Agency must be dissolved.
- The Federal Reserve System must be taken over by the U.S. Treasury

### State of the Nation

SOTN was the first Alt Media news platform to describe Donald Trump as a "Wrecking Ball".

This Internet moniker was chosen after great deliberation, as it became clear that the Obamanation needed to be completely destroyed if the American Republic was to be saved.

In fact, *The Donald* made his way slowly but surely all the way to the Oval Office by wrecking everything in sight.

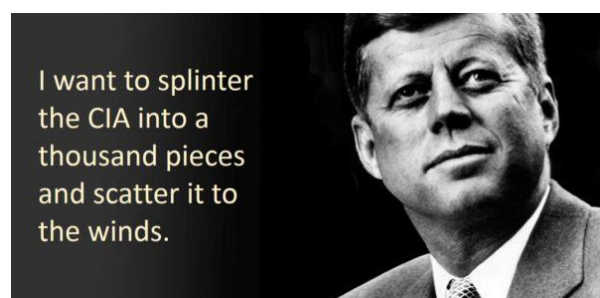

This is his signature MO, and exactly what was needed throughout the most divisive and violent campaign season in U.S. history.

It is now clear that *Deep State* will not — under any circumstances — allow President Trump to deliver on his many campaign promises. Nor will the NWO globalists permit him to be

POTUS.

BEWARE: The Purple Revolution Comes To America.....Courtesy of George Soros,the Clinton Crime Family,and the Obama Administration

Every day that goes by it becomes evident that the *Purple Revolution* is running in the background—full bore. 99% of the sedition and subversion associated with this soft coup that is taking place is completely under the radar. And, yet, the 1% that everyone does see and hear has gotten so ugly and intolerable that some folks now

understand that the Titanic is about to hit the iceberg. Barring divine intervention event, Trump is being set up as the Titanic.

The current trajectory of the Trump Administration is such that it may actually be sunk by the Ides of March. That's how fast and organized this soft coup really is. And only a very few are talking about it. That's the real problem here—a general lack of awareness due to so much MSM propaganda and prevarication.

For every sober and sane patriot, it has become obvious that the destructive forces within the MSM-CIA-FED Triad must be dealt with decisively and firmly. There can be no sovereign American Republic as long as these three seditious entities retain their power and influence over the affairs of the nation. *CASE CLOSED!*

These three entities — MSM-CIA-FED — are the very pillars which hold up the temple of *Deep State*. While there are many other integral components such as the entire *Military-Industrial Complex*, these 3 malevolent institutions form the backbone which allow the BEAST (aka *Deep State*) to make so much mischief both here and abroad. This triad also forms the skeleton of the current *Purple Revolution* being waged by the Soros-funded globalists, the Democratic Party and the Sultans of Silicon Valley.

In view of this rapidly devolving predicament, there is now only one alternative for President Trump in order to salvage his presidency. Before his administration is taken down one cabinet secretary at a time, he must take executive actions similar to those that even President John F. Kennedy took against the FED, and was prepared to take in the early 1960s against the C.I.A. And that was 55 years

ago when the C.I.A. had not even perfected its soft coup strategies or violent revolution tactics. Ergo, the C.I.A. must be dissolved post haste.

#### CIA & Company: The Real Plotters Behind JFK's Assassination

Likewise, if President Trump is to really move forward, the *Mainstream Media* must be held accountable for the non-stop treason and sedition that it has been proven to be guilty of. The massive ongoing cover-up of the false flag 9/11 terror attacks alone is enough to take them down for good. So is the highly coordinated and continuing cover-up of the assassination of President Kennedy. Therefore, the MSM must be shut down and reconstituted under new corporate charters with appropriate regulation (i.e. prohibited from committing treason and sedition on a regular basis).

#### 9/11 VERDICT: Mainstream Media Guilty Of The Biggest Coverup In US History

Thirdly, the Federal Reserve System has repeatedly demonstrated that it functions as an international banking crime syndicate, accountable to no one in the U.S. Federal Government. The volumes of evidence which are now available in the public domain does indicate that the FED answers to foreign powers, international financiers and wealthy elites who do not have the best interest of the American people anywhere on their priority list. The Federal Reserve Bank is such an incorrigible criminal banking entity that it must be taken over by the U.S. Treasury with all deliberate speed.

#### The Federal Reserve – The Deep State's Central Bank

There is a palpable acceleration of transparently subversive plots coming out of *Deep State*. As a matter of historical fact, the American people have never witnessed so much resistance projected and insurrection instigated by a political party against a sitting president. Alarming, the *Purple Revolution* is getting more real by the day as it plays out in living color and during prime time.

#### DEEP STATE Fired NSA General Michael Flynn

In light of the most recent developments whereby *Deep State* fired NSA General Michael Flynn, this has shown that things are truly out of control. Senior

Counselor to the President Stephen Bannon and Counselor to the President Kellyanne Conway are next on the list, as is Attorney General Jeff Sessions. Such Executive Branch attrition and unwarranted attacks have never occurred in U.S. presidential history so close to Inauguration Day.

If ever there was a time for the American people to respond to a very real revolution — a *Purple Revolution* — being surreptitiously carried out, it is now. But how can the body politic of these United States of America most effectively do this? Very simple!

Both individually and collectively, the true patriots across the land must resolve themselves to first (i) take back their power from those who have systematically stolen it; secondly (ii) stand firmly in their own truth and newfound power; and thirdly (iii) speak that infallible truth to power like never before. In this instance “speaking” is used to mean writing, videotaping, Tweeting, Facebooking, blogging, Instagramming, YouTubing and, yes, speaking truth to power whenever and whenever necessary.

#### Conclusion

The vast majority of those elected representatives who occupy seats in the U.S. Congress are dangerous career criminals, as well as outright traitors to the Constitution

and Bill of Rights. President Trump has access to enough evidence to imprison most of them for life.

The President's real trump card, however, is *Pizzagate*. *Deep State* only exists in its current demonic incarnation through the sheer power of blackmail and bribery, coercion and intimidation.

Because so many in Congress, the 17 intelligence agencies, the super-

secret services, as well as throughout the leadership of *Corporate America*, have been seriously compromised from their involvement with either *Pizzagate* or the global *Pedogate*, virtually every major power-player is totally owned by *The Company* (also known as the C.I.A.)

[PIZZAGATE: A Special Report on the Washington, D.C. Pedophilia Scandal](#)

Given this worsening state of affairs, the American people are being challenged as never before to take back their country. Hence, either the US citizenry uses it (their civic power) or they will lose it for a very long time. Either the governed collectively withdraws their consent from those organs within the federal government which have proven to be treasonous and unworthy of existence, or the people will be irreversibly crushed by them (e.g. MSM, CIA, FED).

Lastly, it must be acknowledged by all concerned citizens that each administration prior to the present one has profoundly violated the public trust and irrevocably broken the social contract. In so doing they have rent asunder the sacred covenant which ought to exist between the governed and the government. With so many highly consequential betrayals of the American people over the past century, there can only be one outcome.

*Let's get busy!* [State of the Nation](#) February 5, 2017

**Author's Note:** Dear reader, have you ever heard of the *American Spring*? You have now. That's when 5 or 10 million Oathkeepers, NRA members, Libertarians, Independents, Tea Partiers, Conservatives, real Republicans, bikers and hunters, farmers and factory workers, former Democrats and ex-liberals all show up in Washington, D.C. and converge on the Capitol—mad as h\*\*\*! Welcome to the *American Spring*—2017!

**Editor's Note:** This article was posted with great urgency. The citizens needed to come together, as never before, to present a powerful countervailing force to *Deep State*.

This massive show of unity and strength and resolve must be so overwhelming that members of Congress become more afraid of *We the People* than they are of *Deep State*. Do you get it? Only when the countless agents of *Deep State* fear the wrath of the citizenry more than the retribution of the C.I.A., the FBI and the MSM, will things start to really change. Hence, there needs to be an historic demonstration of people power and raw force. What comes to mind is a 10-million strong assembly of [armed] patriots surrounding the Capitol Building shouting "GET OUT OF OUR HOUSE!"

[Ashton Kutcher Testifies as Thousands of Sex Trafficking Busts Occur](#)

[Nathaniel Mauka](#), *Staff Writer*  
[Waking Times](#)

The actor Ashton Kutcher recently testified before Congress. Many are unaware that the press-dubbed ‘[pretty](#)’ boy that now has two children with actress Mila Kunis is also an active voice against human sex trafficking.

Kutcher is the co-founder of [Thorn](#), an organization that has developed software to reduce human sex trafficking violation investigations for law enforcement from three years to three weeks. In his emotional testimony before members of the Senate Foreign Relations Committee, he talked about the importance of stopping the inbound and outbound pipelines which lead to sex abuse of women and children.

**Thank God arrests for child sex trafficking, pedophilia, and human slave trade have ramped up considerably in the past several months.**

**In Tennessee, 42 people were arrested for sex trafficking. More than 8,779 additional contacts** were also made by a sting conducted by the Tennessee Bureau of Investigation.

**474 arrests were just made in Los Angeles in a state-wide human trafficking operation that was exposed, and dozens of sexually exploited children were rescued.**

While the shocking discovery that Hillary and Bill Clinton provided assistance to convicted child trafficker, [Laura Silsby](#), (resulting in a reduced sentence for child trafficking) has been swept aside by mainstream media, and pizzagate revelations were said to be the work of “conspiracy theorists”; five individuals were arrested in Bucks County, Pennsylvania as part of what authorities described as a fetish-themed child predator sex ring.

Only weeks ago, 108 arrests were reported in Illinois as what was described as part of a national sex trafficking sting operation occurring in 15 different states, with 178 individuals also being arrested in Texas on the same day as part of the same John's Suppression Initiative. Arrestees included the sports agent responsible for getting Roger Clemens the highest ever single-season Major League Baseball contract.

The arrests continue, and the dark underbelly of human trafficking, most often with the intent to use people as sex slaves for the well-off and politically high-up, is being exposed as never before.

No corner is safe. Even an adoption agency, the European Adoption Consultants (EAC) in Strongsville, Ohio has been debarred from continued operation by the FBI, citing failures "to adequately supervise...preventing the sale, abduction, exploitation, or trafficking of children."

Interestingly these domestic arrests come at that same time that Pope Francis, a man linked to sexual abuse and its cover-up throughout the Vatican, has thrown out Catholic officials for "handing out condoms," which many think is a cover for a larger scandal. Showing their true colors, a Vatican official under Pope Francis recently told newly appointed bishops that they have no obligation to report instances of clerical sexual abuse, as it's the responsibility of the victims and their families. Internationally, pedophilia rings that are suspected of direct involvement in the sexual abuse of children are also being exposed.

An Internet pedophile ring with as many as 70,000 members — thought to be the world's largest — was recently uncovered. The European police agency Europol said in a statement that "Operation Rescue" had identified 670 suspects and that 230 abused children in 30 countries had been taken to safety. More children are expected to be found, Europol said.

With help from Kutcher's non-profit, and the work of thousands of men and women around the world, the evil hand of child sex trafficking and human slave trade is more than being slapped. It's being stopped.
