**Ephesians 5:11, 13-16:** "And have no fellowship with the unfruitful works of darkness, but rather **reprove** them. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest**, and arise from the dead, and Christ shall give thee light. **See then that ye walk circumspectly**, not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

**Reprove:** To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

**Circumspectly:** Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

**Matthew 24:24:** "...if it were possible, they shall deceive **the very elect.**"

**II Corinthians 2:11:** "Lest Satan should get an advantage of us: for we **are not** ignorant of his devices."

**II Chronicles 7:14:** "If **my people**, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

## A Planned Genocide in the Making: The Final Solution for White Males

Wednesday, January 10, 2018 5:57

George Soros, the godfather of the left, has started into motion the seeds for a racial genocide for White America. I personally believe that the majority of the people from non-white populations will not participate. **However, we should all be asking ourselves, how many angry people does it take to have a coup? To those people who think this is a whimsical allegation, look at the following and very verifiable events and ask yourself the question: Does the potential exist for a white genocide?**

From Hollywood to college campuses, the war on whites continues unabated. The rhetoric against white, conservative males grows stronger by the day. This article contains word-for-word proof that a war against white males is under way.

A Quick Look at South Africa May Provide a Glimpse of our Future

Many white South Africans have warned me about the open war on whites in South Africa and how this is beginning to happen in America.

**“The President of South Africa made (March of 2017) a shocking suggestion, which left many white landowners fearing that they may face a race war in the near future. In a speech, Jacob Zuma announced that he wanted the government to begin confiscating white owned lands, before redistributing them to black South Africans.”**

**“Political and racial tensions in post-apartheid South Africa have become so great that the minority white population is now at risk of being murdered on a mass scale, says civil defense expert Simon Roche. Dr. Greg Stanton, founder of human rights group Genocide Watch who accurately predicted the Rwandan genocide in 1994, warned that the increased killings of white farmers in South Africa are being carried out for the sole purpose of extermination and seem to be directed by government elements, Roche noted. In other words, our [South African] government is at least tacitly complicit in these astronomical crime rates,” he said. “State-sponsored genocide, one arm’s length removed.”**

If you do not think that this could not happen in America, you are not paying attention to George Soros’ Black Lives Matter, the creation of Obama’s civilian army and prejudicial handling of immigration requests from people who are white. But the racism goes much deeper. Consider what is happening in South Africa and then realize, the same kinds of racist dialogue, which can often be a prelude to genocide, are appearing in America.

For 3 years, South African residents have been warning me that what is happening in South Africa is coming here. Here is an excerpt of an email I received on this topic from a resident of South Africa.

Hello Dave,

*I listen to your show frequently as you talk about the dictatorial policies of governments that embrace Agenda 21. I wanted you to know how bad it is here in South Africa. Our government and our political parties are more authoritarian than they are in China or were in Stalinist Russia.*

*...Our third largest political party is openly Marxist and the national song is "Kill the farmer". This is what our current president sings at his political rallies. Our second largest party is socialist.*

Here is another email I received from South Africa on their Agenda 21 land policies and wealth redistribution policies.

Dear Dave,

*Thanks for the work that you are doing to help save the average person. Could you pay a little more attention to the genocide against white people that is beginning to happen in South Africa?*

*We have had thousands of our farmers murdered and raped and thousands of commercial farms have been given to "previously disadvantaged people" and 98% of those farms no longer produce anything. Increasingly our food is controlled by government friendly corporations that are not white owned. Our roads are in a state of disrepair and 1.3 million people pay 85% of all taxes of which they receive no benefit.*

In response to this email, I would point out that America has only 92 million full-time working employees. **We presently have about 102 million working age Americans who do not work full-time. Fifty million are on food stamps, that is one in six people in this country.** Who is paying the taxes for these former Obama phone recipients who garner about \$75,000 per year in government benefits while being supported on working people's tax dollars? **On this point, we have already surpassed South Africa.**

An Oprah Winfrey Presidency Is As Dangerous As a Hillary Clinton Presidency  
Oprah is now being touted as the possible 2020 candidate for the Democratic Party. Forgetting for a moment that she absolutely does not have any political experience, she has shown her true colors. **She was an ally of David Rockefeller and his depopulation policies towards the people of Africa. She is a present ally of Bill and Melinda Gates along with many other globalists. In this following video, Alex Jones makes it clear that Oprah embraces policies of genocide when it is convenient. She is a Ted Turner wannabe who wishes to reduce the population of the planet by 90%.**

**The Church of Oprah Exposed!-Part 2**

**Have you heard about the largest church in the world? Oprah reaches 15-20 million everyday. Oprah's new online class covering Eckhart Tolle's 'A New Earth'**

are yet one more way she is trying to indoctrinate the masses into aggressive New Age teachings. Oprah conducted her first mass, meditation trance on March 17th 2008 & over 2 Million people participated.

In the second part we will be taking a deeper look at Oprah & Eckhart Tolle himself who said in his book 'The Power of Now...' p. 104: 'Don't get attached to any one word. You can substitute 'Christ' for presence, if that is more meaningful to you. Christ is your God-essence or the Self, as it is sometimes called in the East. The only difference between Christ and presence is that Christ refers to your indwelling divinity regardless of whether you are conscious of it or not, whereas presence means your awakened divinity or God-essence.'

#### Oprah Winfrey Boldly Leading Humanity to the New Age Antichrist

On New Year's Day, New Age leader Marianne Williamson got the new year off to a rousing start on Oprah & Friends XM Radio as she began to systematically teach the New Age principles of A Course in Miracles. While most of the Christian world was relaxing, Williamson was hard at work teaching this occult Course on her radio show. Her program, which now airs each weekday for an hour, is completely devoted to teaching A Course in Miracles. Both Oprah Winfrey and Marianne Williamson have openly stated that they believe its principles can change the world. (1) A Course in Miracles is reputedly "new revelation" from "Jesus," channeled through a university professor in New York City by the name of Helen Schucman. But the Course is actually the Bible turned upside-down, as it teaches that "a slain Christ has no meaning" and that "the journey to the cross should be the last useless journey." Its teachings state that "there is no sin" and that "the recognition of God is the recognition of yourself." Kicking off the new year in high gear, Williamson cleverly avoided any direct reference to biblical Christianity when she stated that over the coming months on her program she would be methodically "dismantling a thought system based on fear." She emphasized that the dismantled thought system would be replaced by "a thought system based on love" – a thought system that would be inspired by the New Age teachings of A Course in Miracles.

#### THE SECRET & Oprah: New Age NAME IT AND CLAIM IT

In this teaching will be examining the much talked about (Oprah, Larry King, etc.) heresy called "The Secret". Beyond any cursory look at "The Secret", most discerning Christians will quickly identify this as just one more new age philosophy repackaged to maximally appeal to the masses. This Gnostic doctrine is really just "White Witchcraft" combined with Norman Vincent Peale's "The Power of Positive Thinking" and the modern day wealth and prosperity preachers "Name it and Claim it". It's a sad state of affairs when the secular world is finally catching up to apostate church practices that have been going on for decades. The subtle message of "The Secret" (as well as most of the prosperity preachers) is that if you're poor, sad, unhealthy, etc., then it must be your own fault because you have let your own thoughts lead you to this existence. We will also be looking at a little known teaching entitled "What 'The Secret' doesn't tell you about 'The Secret'", which is yet one more carrot that Satan is dangling in front of the masses that embrace this heresy. This is truly yet one more significant part of the end time delusion that the Bible clearly predicted.

## **America's Young Adults Are Being Conditioned to Accept White Genocide**

White genocide is becoming a topic of discussion. **Several university professors have stated that "all whites need to be killed". Some entertainment figures have said the same thing.** However, it is important to keep in mind that most people of any color don't hold such beliefs. America must be careful to avoid even the appearance of racism. It is wrong and it takes our eyes off who the real oppressors of our freedoms are.

**The classic divide and conquer strategy is thoroughly exposed in the following video.**

**Play:** <https://youtu.be/qDDAMlvbQWc?t=16s>

All across this country we are **witnessing inappropriate and propagandizing messages being transmitted to our young adults that all whites are racists and any economic advantage enjoyed by a white person has been obtained through racist practices. Some college professors have gone so far as to promote genocide against whites.**

**If one knows their WW II history, they recognize this racially-directed hatred as mental preparation to "kill the enemy".** All World War II military draftees were shown propaganda against the Germans and/or the Japanese in which the entire group was stereotyped and categorized as evil and subhuman. **This is necessary because before one can commit genocide, the intended victims must be dehumanized. This is exactly what is happening to white people on many of our college campuses.**

I have previously discussed how a coup against our government is underway. The manufactured rhetoric against white people is not the result of the average Black person, **it is the result of the contrived actions of people like George Soros and his media allies who use a minority of Black people to promote blatant racism. The ultra liberal left needs foot soldiers for the coming revolution. The racial divisions are largely the artificial creation of those who would use a minority of people of color to promote an overthrow of the government with the promise that a change, any change, would be better than the system we have.** And of course if this revolution is successful, the people used to promote and carry out this revolution will receive nothing for their efforts. **They are being used and most people of color can see right through this plot, but that does not mean that George Soros is not going to garner enough support to create total havoc in this country.**

In another case, we see the following headline in the Washington Times:

**"Trinity College professor calls white people 'inhuman': 'Let them f-ing die'"**

I could go on and on with these vitriolic attacks upon white people. This is totally a manufactured crisis and one has to ask why? **These highly objectionable practices from these college professors are not isolated examples. This is quickly becoming the norm.** A little closer to home, there is Will Smith and his very dangerous comments.

**The term "cleansing" has given humanity some of its darkest moments. When we see Hollywood figures such as Will Smith, speaking about purging or cleansing Trump supporters, we should all get a little more than nervous. Can you imagine the outcry, if conservatives had called for a cleansing of Obama supporters on a year ago? However, Will Smith can make his racist remarks with impunity from the mainstream media. If the tables were reversed and Will Smith was white, he would have been fired for expressing such biased views towards "white" Trump supporters.**

There is some pushback on the conservative right.

[From RT:](#)

*Former Google engineer James Damore has filed a class action lawsuit against Google, saying he was “ostracized, belittled and punished” for expressing unpopular, conservative opinions while he was employed by the internet giant.*

*The lawsuit filed Monday in the Santa Clara Superior Court in Northern California by the Dhillon Law group alleges that Google “**discriminated against employees for their perceived conservative political views,” as well as their “Caucasian race” and “male gender.”** ...*

*Google employees who expressed views deviating from the majority view at Google on political subjects raised in the workplace and relevant to Google’s employment policies and its business, such as ‘diversity’ hiring policies, ‘bias sensitivity,’ or ‘social justice’ were/are singled out, mistreated, and systematically punished and terminated from Google, in violation of their legal rights...*

Every revolution needs a target. We have witnessed the reverse Apartheid in South Africa and we are witnessing the beginning of this in America. **The real enemy of people from all racial backgrounds are the people trying to destroy the Constitution, the free worship of God and the attacks upon family values.**

*The final steps related to this manufactured conflict will include the justification for gun confiscation and re-education camps. You see, history has been down this path before, but instead of Jews being the target, it is white males, conservative white males.*
