Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather reprove them. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, Awake thou that sleepest, and arise from the dead, and Christ shall give thee light. See then that ye walk circumspectly, not as fools, but as wise, Redeeming the time, because the days are evil."

The 1828 Noah Webster Dictionary defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Circumspectly: Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

Matthew 24:24: "...if it were possible, they shall deceive the very elect."

II Corinthians 2:11: "Lest Satan should get an advantage of us: for we are not ignorant of his devices."

II Chronicles 7:14: "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

If D.C. Is Nuked, Colorado Will Become the New Capital

In Part One of this series, I played the interview I conducted with Congressman Dr. Paul Gosar. Gosar was one of 11 signatories who signed a public document with evidence of serious felonies against the including starting a nuclear war and engage in deadly false flag terrorism.

I have developed a working hypothesis about the intentions of the Deep State. It is becoming clear that the planned collapse of the Constitutional Republic known as the United States will be accomplished in part by destroying Washington, D.C., and establishing the new capital in Colorado. In fact, this scenario has already been rehearsed in recent times.

We have known for years that when Washington DC is destroyed, that Colorado will be the next capital. The CIA and the DHS have moved a good portion of their operation to underground facilities near Denver International Airport.

Predictive programming from the media has pointed to this fact. In the movie the Hunger Games, Colorado was the location for "Capital City" in the mythical country of Panem that looked eerily like Nixon's breakup of the United States into 10 UN districts.

<< A map of Panem's 12 Districts. Note that the Hunger Games Capital City is located in Colorado, precisely where the Federal government is moving much of its operations, to Colorado.

In 2011, Denver played host to Operation Mountain Guardian which was essentially a FEMA/DHS incarceration drill using the football home of the Denver Broncos NFL stadium as the base of operations. Further, the during the drill, DIA

was shut down, yet the elite flew their jets to DIA during the drill and presumably disappeared underground. In many people's minds, this anointed Denver as the future headquarters of the US government.

Led by the Koch brothers, Colorado is on the verge of experiencing draconian increases in utility rates because the energy providers in the Mile High state are being conjoined which will lessen any competition.

In Colorado, if one publicly opposes Agenda 21, their children are stolen without any other provocation (like Stacy Lynne). In Colorado, farmers can legally only use 50% of their land. Water cannot be trapped or reused in any form, even to irrigate farm land. The Agenda 21 corruption in Colorado rivals anything found in the Obama administration. And their schools have become bastions of liberalism where glorifying Islam is encouraged, but expressions of Christianity are forbidden (Sierra and Rocky Mountain High Schools). Colorado is lost and the people are anesthetized and mesmerized by the success of the Denver Broncos football team. However, this is only the beginning of the nightmare that is in store for Colorado. Eventually, people are going to rise up against these draconian NWO policies that have overtaken my former home state. There are already signs of opposing the Agenda 21 takeover in large numbers. Further, Colorado is home of several key military bases, including Ft. Carson. What if the military will not totally side with the administration on the continuing subjugation of the state and the country as a whole? What if the military does what Oathkeepers demand, that the soldiers honor their constitutional oath?

The globalists have prepared for this eventuality as well. If portions of the military defect and defend the people, the war would likely be guerrilla. Well, the NWO has prepared for that eventuality.

I interviewed [Paul Martin](#) who lives and works in No. Colorado. There are more nations with their troops in Colorado that one can count. They seemingly share one thing in common, they are in Colorado to prepare for the guerrilla war that is coming between the disaffected parts of the American military and the multinational forces of the UN.

The eyewitness accounts of what is happening is not to be taken lightly as these sightings are happening all over the country. These troops will be the occupation troops of the New World Order.

Operation Mountain Guardian was a disaster drill and a Continuity of Government exercise. In September of 2011, the government practiced, at both Denver's Sports Authority Field and at Giants Stadium in New York on how to use your children to lure you into a FEMA camp.

Was this coming moment foretold on the mural at Denver International Airport near baggage pick-up? I

took this picture after traveling to Denver to visit family. Shortly after these pictures went viral in 2011, they were removed from the mural adjacent to baggage pick-up. This picture speaks volumes upon closer examination. During the three day course of the drill, VIP's were flown into Denver International Airport. The airport was shutdown for 3 days in which a series of objectives were practiced in the course of the drill. One of the objectives that was practiced was a continuity of government

drill, in which D.C. is destroyed and the reins of power are transferred to Colorado. Former President Obama was a part of this drill and ostensibly disappeared for 3 days.

Conclusion--In Part Three, the discussion of the moving of the nation's capital to Colorado moves to a different level. It is clear that something tragic is planned for Washington, D.C. This will lead a transfer of power to Colorado. However, Colorado will not escape its own day of infamy. Clearly, there could be resistance in Colorado to the Deep State takeover of our government.

What we witnessed in Operation Mountain Guardian was the preparation for a massive wave of terror in Colorado, which I contend that the purpose is to crush all resistance to the transition of power.

I have clear and convincing evidence, which is mounting as I write these words, to the effect that Colorado will be hit by a localized EMP attack at, or near, the same time that D.C. is attacked. In the aftermath of the confusion that would follow such an event, the prepositioned foreign troops, which will be controlled by the UN, will be rolled out and seize control of the transition process.

As an aside, does anyone still not believe the Russians are not in Colorado?

This picture and shows Russian soldiers at Ft. Carson. The Russians and other foreign troops (e.g. Germans, Canadians, Danes) are part of Jade Helm. They are here to carry out the mission should American troops stand down.

In 2011, FEMA and Russia were engaged in extra-constitutional “agreements” (that means illegal agreements), which were inked in the spring of 2012 in Washington, D.C., at the fourth annual meeting of the illegally created “U.S.-Russia Bilateral Presidential Commission Working Group on Emergency Situations.” This extra-governmental organization, formed under the Obama administration, is one of almost two dozen similar “working groups” bringing together top U.S. and Russian officials.

The agreement calls for the initial influx of 15,000 (russian (UN?) soldiers and does not address the specificity of the types of soldiers to be housed in the United States

The following is a quote from the Russian Emergency Situations Ministry: “The Russian Emergency Situations Ministry and the USA Federal Emergency Management Agency (FEMA) are going to exchange experts during joint rescue operations in major disasters. This is provided by a protocol of the fourth meeting of the U.S.-Russia Bilateral Presidential Commission Working Group on Emergency Situations and seventeenth meeting of Joint U.S.-Russia Cooperation Committee on Emergency Situations, which took place in Washington on 25 June 2013. In addition, the parties approved of U.S.-Russian cooperation in this field in 2013-2014, which envisages exchange of experience, **including in monitoring and forecasting emergency situations, training of rescuers, development of mine-rescuing and provision of security at mass events.**” **SO IF WE ARE ON THE VERGE OF GOING TO WAR WITH THE RUSSIANS. WHAT KIND OF LEADERSHIP WOULD ENGAGE IN SUCH PRE-WAR PRACTICES?**

++ People of Colorado Prepare to Defend Yourselves

Before Colorado is made the capital of America after the destruction of Washington DC, Colorado will be the target of an EMP attack which is designed to reduce the resistance against the UN takeover of Colorado. That entity will be the United Nations, the same entity that is, in part, sponsoring the break-away of California from the United States (Calexit). This article will demonstrate that the UN is planning to establish the capital in Colorado & subjugate the people of Colorado through an EMP attack and attempted foreign troop occupation. This is all being done to ensure a defeat of the United State in World War III. In other words, we are being defeated, at least initially, from within. The Deagel data at the end of the article demonstrates how bad America will potentially lose WW III.

In the previous part of this series, I provided several examples of foreign troop presence in Colorado and Southern Wyoming.

Previously, I presented pictures taken by an ex-intel that provided Paul Martin and myself the evidence that the United Nations was preparing to have its communications systems survive an EMP attack. Since, we published these photos, it should be noted that Paul has had face-to-face meetings with this individual.

I previously published a series of articles about the strange “UN” goings on in No. Colorado and So. Wyoming. Both Paul Martin and myself have received voluminous reports about foreign/UN troop activity in the region. Some of these reports led me to file the following report in December of 2017 along with photographic evidence of UN EMP proof communications equipment, as identified by my expert, in this region.

Here is the previously published report:

Over the past 18 months, the small town of Rawlins, Wyoming has come to my attention because of its intimate association with DHS and the UN. Further, this small town of under 10,000 people has played host to some very large scale bioweapon response drills as well as testing the efficacy of the Federal authorities to be able to respond to a terrorist chemical attack.

I have taken the following photos to military personnel who tell me this is an United Nations operation. The particular equipment you are looking at is designed to operate and persevere through an EMP attack. Most recently, Paul Martin and myself have received an identical communication from the Rawlins area. Please take note the following photos:

Now, we have more information of EMP-proof communications equipment being installed in Aurora, Colorado.

I received two reports from readers regarding the following installation along Buckley Road In Southeastern Aurora, Colorado. My experts tell me this is the same type of equipment that we see in Rawlins, Wyoming.

This is damning proof that the UN is part of a conspiracy to weaken the resistance to their takeover of Colorado through an EMP attack that the UN communications equipment will survive.

There will, no doubt, other examples. Please send me photos to davehodes@thecommonsenseshow.com

The photos of the EMP proof comm systems are of Scout systems, manufacturer of hardened, independent electric hardware. A good catch from whoever took those photos. With the news that Hackers can take over the grid on command, **we must consider the fact that when Obama allowed the Russians and the Chinese to participate in the EMP prep drills calls Grid EX, he gave our enemies the know-how on how to simulate an EMP attack and take down the Grid. This has potentially dire consequences for every man, woman and child in America.**

The intel source that provided the UN EMP proof communications equipment has a relative who had a high position in the UN. This person told our intel source that the UN is preparing to shut down key roads in the No. Colorado mountains. Paul and I know the identity of this source, but out of concern for their safety, we will not identify them.

I recently interviewed Paul Martin on this issue:

In the 24 hours since I published an article **with pictures of UN EMP Proof Communications located in S. Wyoming and Aurora, Colorado. I am receiving reports from Alabama, Texas and Kansas. Clearly, something big is coming.**

Dave, My name is Troy xxx, **I'm a former police officer . I just saw the article "People of Colorado Prepare To Defend Yourselves", there are a couple of pictures in your article that are disturbing to me (both pics below). I live in Gardner, Kansas and literally saw this exact device chained to a telephone pole in my neighborhood just a month ago.** It was only there for a few weeks and now it's gone, but there is no mistake.....it's was the EXACT same device as shown in the pics in your article.

My fiancé and I walked by it several times on our daily walk and I told her that was something strange and didn't look right. We live 3/4 of a mile from New Century Airport in Gardner, KS **and there is a National Guard base there where planes and helicopters fly in and out of. I don't know if that has anything to do with the base, or if that device was something the city put up.** If you get this email and get back to me, I will drive around Gardner this weekend and look for more of those devices, take pics, then send it to you. I can ASSURE you that the device shown in your article was the exact same device chained the the telephone pole on the corner of my block.

People Presenting Evidence That America Is Under Attack

Thursday, April 26, 2018 10:46

Previously I **have alleged that Washington DC is going to be destroyed and the capital will be moved to Denver. Before this occurs, the resistance to the coup (that will take over America) must be eliminated through an EMP attack. I have previously detailed how the UN, using its foreign troops, (already embedded in several locations in the United States) will be involved in this coup.**

I am beginning to see some of my colleagues coming to the same conclusions as I have. Most interestingly, everyday people are seeing it as well and they are sending me their stories and evidence.

There is no doubt in my mind that Deep State and its allies with the UN are close to initiating a coup to stop the prosecutions of their top minions.

In this article, I am going to let other journalists present their side of things. The conclusion is still the same, **America, prepare to defend yourself.**

On April 21st, 2018, on Alex Jones Infowars channel titled, "[Exclusive! CIA Warns Of Massive Terror Attacks Targeting The US](#)," In Alex's presentation made on his 4/21 show, **he gives credit to his source, a CIA operative that has a great track record. Jones stated that the Deep State is prepared to attack, via terrorist mode, in the U.S. in order to dismantle the Trump administration.**

I have an ARSOF source that has told me numerous times over the past six weeks that these coming attacks, both chemical and EMP, are designed to derail the coming prosecutions of Comey, Clinton, Lynch, McCabe, Strzok and Page.

Also my friend and colleague, Lisa Haven, has stumbled on additional information that would seem to indicate that the coming EMP attacks are going to be national, in scope, and extend far beyond what I have demonstrated in the past 48 hours with regard to the

clear intention of the United Nations to bring the grid down in Colorado prior to the takeover and establishing Denver as the new capital.

The Grid Is the Target

I had a personal communication on Sunday with a source who works for Arizona Public Service. From the email: *Mr. Hodges, Do you know of any threat to our grid system? I work for a security firm that provides security for APS (EDITOR'S NOTE: ARIZONA PUBLIC SERVICE) on a remotely located power supply and transmission center. I am concerned because we have added Middle Eastern employees and it has some of our veterans spooked. We are supposed to be unarmed in the commission of our duties. However, I know some who are now taking their guns with them on their assignments. We have recently increased our presence by doubling many of our overnight patrols. I thought you might know something... I think something is going on.*

I am taking this communication very seriously because of the following past events.

Former Congressman Franks Warning About the Grid

In August of 2008, I attended a town hall meeting sponsored by Congressman Trent Franks that was held at my local church. **Franks played a 20 minute Department of Defense video which was based on the scenario of terrorists detonating two nuclear weapons high above the mid Continental United States. The resulting explosions produced and EMP burst which took down the electrical power grid. The video mentioned that the Naval War College also conducted a study in which it was determined that within two years following this event, 90% of all Americans would be dead. The Naval War College/DOD scenario reminds one of the former NBC television show, Revolution. Congressman Franks attempted to use this DOD creation as a justification to increase military spending. Ten years later, I view this presentation is a harbinger of things to come.**

I have previously received information **on foreign broadcasts going out over the air, late at night, in which it appeared that foreign troop movements were being broadcast, or directed. The last one was from the Sacramento area and the broadcast was in Chinese. I purposely held this information close to the vest because I was certain these events had national security implications and I turned the information over to trusted sources. I turned the information over to some of my best sources. These sources have confirmed for me that these broadcasts are coded updates designed for troops in the field and foreign operatives embedded in public utilities and other governmental entities. Yes, I am speaking about sleeper agents and sleeper cells.** I will not reveal the contents of the two previous reports because it could compromise a source. **However, there is another report of the same phenomena in Central Oregon.**

Dave, tonight my family was discussing a radio station here in Central Oregon that seems to have been taken over by German, Russian, and Chinese. They took me out to their car and had me listen to the station. It was a popular 80's station. WAS! They turned it on and it sounded exactly like code in a foreign language.

My son picked up some numbers in German. Then a few minutes later it changed to Chinese.

It is 93.7 in Central Oregon. I was shocked at what I heard. It sounded like when the French Resistance was getting the code from the allies in old WW2 movies. Really scared me. This is not going out 24/7 but occasionally...

My phone number is xxx xxx xxxx I am Sxxxx Mxxxxxx and I live in Prineville Oregon.

This is the third report of this type that I have received since January of 2018.

Russians In Colorado--I have spent years detailing foreign troop presence, mostly Russian, in Northern Colorado and Southern Wyoming. Yesterday, I published a set of stunning photos from Aurora, Colorado, a suburb of Denver, which were of UN EMP proof communications equipment. **The implications are clear, the UN proxies have made a deliberate decision to initiate a coup.**

Today, I have come across information that speaks to a growing and reclusive Russian community that is growing in the Denver area. They even have their own publications which were sent to me by a reader. **Over the past year, I have spoken to members of the Denver Police Department and they fear these people. Their feeling is that these people go beyond the prototypical Russian mafia. The officers I spoke with says that they look like and act like military units. Here are the Russian publications localized to Denver.**

Speaking of Denver

Was this coming movement foretold on the mural at Denver International Airport near baggage pick-up?

I have reported many times that Denver International Airport is the creation of the New World Order. In fact, in the airport, they even have a plaque to that effect that aired on Jesse Ventura's former show, *Conspiracy Theory*.

Over the years, I have learned that an entire city exists below DIA. The city goes as deep

as two miles and railways connect the area to several key points across the country, including NORAD in Colorado Springs. Here is a recent account of the mysterious DIA from someone who has been there.

Hello Dave, I have a first-hand story about the airport in Denver.

I was working at that time at Squaw Peak Water Treatment Plant.

We were undergoing a "retrofit" upgrade of our Plant and filtration system.

Sundt/Eby...had won the 40 million dollar bid...

They'd put up their Trailers as they were there on our 80 acre plant for several years...their operators...Naturally had to mingle with our workers and we got to know them pretty well.

All this took place around 1991-.94

*True story /...one morning some of their fellows I'd gotten to know began telling me this story. They had, previous to their current job at squawpeak, been working in Denver at the new airport. **They told me of how far it was outside city and reason why.***

They told me it is basically a decoy.

That it had 4 levels...and semi trucks...could be driven thru the underground levels.

They said that the workers were told NOT to discuss what they saw or witnessed and that there was an aura of evil in the air.

They said workers would be let go and sent to another job site when they had completed a project so that they would not be able to put the puzzle pieces together...so they wouldn't be able grasp "the big picture"

*They told me that (I believe it was the lower level #4)...best I can recollect. **..had GAS hookups...where a semi load (of people) could be backed up to the Gas hook ups and ADIOS....they'd then be dumped into another section....***

These fellows were Christians and we'd gotten to know each other...they were SCARED even to be speaking of the things they saw!!!!!!

I remember still, that I got chills at that time...Very Masonic, Very diabolical, Very Evil...Anyway...thought you might want to know those things...all true.

Kathy

Conclusion

I just interviewed Paul Martin, and the interview will be posted on The Common Sense Show's website. **Paul names his high level sources that allege that the Chinese have been flooding into Huntsville, Alabama for the past few years.**

Additionally, I have received more photos of UN EMP proof communications equipment located in Austin, Tx.

People can bury their heads in the sand, however, this all adds up the unmistakable conclusion that we are being invaded and most Americans are too blind see what is happening and will remain so until it is too late. Look at the Deagel report that I published in the last article in which it is clearly stated that American will soon be no more and 90% of us will be left dead.

Huge secret UN facility beneath Mt. Mitchell, NC

By Mary Joyce, website editor

The source of the following information is “**Hawk**” who retired from the medical field several years ago. Before that, he served as a combat medic during the Vietnam War. Not ready to completely retire, he contacted the North Carolina National Guard to volunteer at its medical wing. He was accepted, but his first assignment had nothing to do with medicine. With his clearance from the FBI and Army Intelligence, **he was given undercover surveillance assignments. His first report about an ISIS training camp in NC follows this report.**

Our second interview with “Hawk” on May 8, 2015 was at a new location. He had more information to reveal, information he felt the American public absolutely needs to know.

“The American people are going to be in for a rude awakening unless they wake up now and prepare,” he said with grave concern.

Then he began to tell us about one of his surveillance missions in the fall of 2014. **It was during that mission that he saw with his own eyes that Mt. Mitchell is under the military control of the United Nations, just as his intelligence**

superiors had revealed to him.

“I was chosen as a **commander of this squad of troops to get into surveillance**

positions within a half mile to a mile of Mt. Mitchell for a period of days to observe people and vehicles going in and out of the area,” he began.

“There was no real road to get to our intended location,” he said. “We drove over old logging roads and through ditches. When we finally got there, we camouflaged our vehicle and then started hiking. It took approximately four hours by the time I dropped off the final guy at his predetermined outpost point using a military compass and a handheld GPS.”

“Our man assigned to be the primary lead on security observations saw **Blue Hats** carrying what appeared to be huge solid frame backpacks,” Hawk said. “He saw them come out of a building on the rear side of Mt. Mitchell and said they appeared to struggle a bit under the weight of the packs. A lead man accompanied each man who was carrying a backpack.

Hawk called United Nations soldiers “Blue Hats.”

“After hiking one behind the other for a distance, they split up into four two-man teams. Luckily I had enough squad members to follow each team. The **Blue Hats dispersed** down the east, the north, the south and the west side of Mt. Mitchell but not in straight lines. They zigzagged back and forth.

“Soon each lead man pulled out a folding military shovel and dug a hole **about six feet off the game trails they were following. Then a sensory device from the backpacks was buried in a hole that was about a foot deep. These sensors were placed every 100 meters. Each team must have planted 50 of them. They were highly technical sensors that would detect anybody walking in the forest.**”

“Some associate observers down **along the railroad tracks in Marion relayed to us that they saw between 20 and 25 tanks being off loaded from a train in the dead of night on to tractor trailers on an adjacent road,**” Hawk said. “Later our team observed the tractor trailers starting to drive up the road to Mt. Mitchell.” (Highway 128)

“Our squad did not stay to observe the unloading of the tanks, but another team that also was on the north side watched the two highways that go down Mt. Mitchell and reported that no tractor trailers came down, **so the tanks were off loaded at Mt. Mitchell.**”

When we asked Hawk what kind of tanks, he said, “They were a lighter green than conventional U.S. military tanks. It was a primer green which means the tanks most likely would be repainted at the underground facility.”

The red marker points to Mt. Mitchell. The town of Marion is southeast of the mountain.

“We know there are facilities in the back side of the mountain,” Hawk said. “They go approximately **20 stories underground**. Some of the doors are absolutely huge, but they’re camouflage doors that look just like part of the mountainside. It’s unbelievable how hidden they are, absolutely unbelievable.”

Then Hawk looked intently at us and asked, “**Why** do you think they have tanks there? **Why** do you think the United States government sold or gave Mt. Mitchell to the United Nations? **Why** do you think so many of us within the U.S. government are putting our lives on the line to protect this country from outside control?”
