Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather **reprove** them. But all things that are reproved are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest**, and arise from the dead, and Christ shall give thee light. See then that ye walk **circumspectly**, not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Circumspectly: Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

Matthew 24:24: "...if it were possible, they shall deceive **the very elect**."

I Corinthians 2:11: "Lest Satan should get an advantage of us: for we **are not** ignorant of his devices."

I Chronicles 7:14: "If **my people**, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

Proverbs 17:22 - A merry heart doeth good [like] a medicine: but a broken spirit drieth the bones.

4,655 Reported UFO Sightings in 2017; 490 in California...

UFO sightings are nothing new. **The Puritans reported strange sightings and lights in the sky as early as the 1600s.** With the advent of movies about outer space and unidentified flying objects came even more sightings. The National UFO Reporting Center (NUFORC) has an entire website dedicated to the "collection and dissemination of objective UFO data." The organization curates reports of UFO sightings in the U.S. and Canada via a web form and a phone hotline, **which has operated almost continuously since 1974. NUFORC logged a total of 4,655 sightings in 2017.** **UFO sighting reports are increasing**

US aircraft carrier was stalked for days by a UFO travelling at 'ballistic missile speed' which could hover above the sea for six days, leaked Pentagon report reveals

- **Unclassified 2009 Pentagon report on a Navy encounter with a UFO has leaked**
- **F-18s encountered the strange object off the coast of Mexico in November 2004**
- **Previously released video shows the object flying at incredible speeds**
- **New report suggests it may have been docking with an underwater craft**
- **Object was white, 46 feet long, shaped like a Tic-Tac with no wings or nacelles**

UFO sighting reports are increasing

Over the years, it seems UFO sightings have steadily been increasing. So, we went in search of evidence with the Mutual UFO Network (MUFON) which is one of the oldest and largest civilian UFO investigative organizations in the USA.

On March 16, 2017, the MUFON website stated that sighting reports were up 37% from the previous week; up 24% from the previous month; and up 31% from the previous year.

It's worth noting that most people who see a UFO don't contact MUFON to register their sightings. This means the above figures are well below the actual number of sightings in the country.

Presidential quotes about UFOs

"I can assure you that, given they exist, these flying saucers are made by no power on this Earth."

President Harry S. Truman

"The US Air Force assures me that UFOs pose no threat to national security."

President John F. Kennedy

"I'm not at liberty to discuss the government's knowledge of extraterrestrial UFOs at this time. I am still personally being briefed on the subject!"

President Richard M. Nixon

"In the firm belief that the American public deserves a better explanation than that thus far given by the Air Force, I strongly recommend that there be a committee investigation of the UFO phenomena. I think we owe it to the people to establish credibility regarding UFOs, and to produce the greatest possible enlightenment of the subject."

President Gerald Ford

"It was the darndest thing I've ever seen. It was big, it was very bright, it changed colors and it was about the size of the Moon. We watched it for ten minutes, but none of us could figure out what it was. One thing's for sure, I'll never make fun of people who say they've seen unidentified objects in the sky."

President Jimmy Carter

(Description of his 1969 UFO sighting)

"I looked out the window and saw this white light. It was zigzagging around. I went up to the pilot and said, 'Have you ever seen anything like that?' He was shocked and he said, 'Nope.' And I said to him, 'Let's follow it!' We followed it for several minutes. It was a bright white light. We followed it to Bakersfield, and all of a sudden to our utter amazement it went straight up into the heavens. When I got off the plane, I told Nancy all about it."

President Ronald Reagan

(Description of his 1974 UFO sighting)

"Americans can't handle the truth."

"I am very careful in public life about dealing with classified information."

President George H.W. Bush

“We have, indeed, been contacted — perhaps even visited — by extraterrestrial beings, (now known as IB’s Interdimensional Being’s) and the US government , in collusion with the other national powers of the Earth, is determined to keep this information from the general public.”

Victor Marchetti—CIA 1955-1969

“Behind the scenes, high ranking Air-Force officers, are soberly concerned about UFO’s. But through official secrecy and ridicule, many citizens are led to believe the unknown flying objects are nonsense. “

-Admiral Roscoe H. Hillenkoetter, 1st Director CIA 1947-1952

Concept Roberto Csiki 2014

“We already have the means to travel among the stars, but these projects are locked up in black projects and it would take an act of God to ever get them out to benefit humanity.”

There are two types of UFO’s— the one’s we build and the one’s THEY (ET’s IB)’s build. We learned from both crash retrievals and actual ‘Hand-Me-Downs’”

Ben Rich former head of the Lockheed Skunk Works

“Information on UFO’s, including sighting reports, has been and is still being officially withheld.”

Colonel Joseph J. Bryan, founder of the CIA’s psychological warfare staff, special assistant to the secretary of the Air Force, advisor to NATO

++ The Nephilim And The Alien Gospel Deception

Posted: 11 Dec 2017 07:04 AM PST

Could an “alien invasion” be a part of the great delusion of the end times?

Do Aliens exist? Did Aliens Create the human race? Will aliens return to Earth? Is It Possible That God And Angels Are Extra-Terrestrial Aliens?

These are some of the questions that many in society from students to PhD scientists alike have tried to determine.

The Bible predicts that there will be a future time of supernatural events appearing in the sight of all people on Earth. Angelic beings and demons will manifest in view for all to see. So, in the face of this how could people still not believe in the supernatural as described in the Bible? **What would cause them to doubt? The answer could be the Alien Gospel Deception – the false idea that alien beings from another planet created the human race millions of years ago and will one day return to save us from our own destruction.**

The Ancient Aliens TV series is one of the main promoters of the idea that aliens are the true gods of humanity.

It is the absolute belief of this ministry that any alien, extra-terrestrial being or “UFO” are actually manifestations of a *spiritual realm being*. The Bible time and time again details angels, demons and God

Himself interacting with humanity:

- In the Garden of Eden Adam and Eve were able to speak with God and Satan (in the form of a serpent) in person.
- After their sin and banishment from the Garden of Eden, The Lord stationed a cherubim and a heavenly realm sword to guard the entrance to the Garden. ([Genesis 3:24](#)).
- In Genesis 6, fallen angels rebelled against God and [took human women as wives](#):

“And it came to pass, when men began to multiply on the face of the earth, and daughters were born unto them, **That the sons of God saw the daughters of men that they were fair; and they took them wives of all which they chose.** And the Lord said, My spirit shall not always strive with man, for that he also is flesh: yet his days shall be an hundred and twenty years. **There were giants in the earth in those days; and also after that, when the sons of God came in unto the daughters of men, and they bare children to them, the same became mighty men which were of old, men of renown.**” – [Genesis 6:1-4](#).

- **The Nephilim**, offspring of these sinful intimate relationships, **corrupted the world and wrought violence** provoking the flood judgment from God.

Thus in the first few chapters of the Bible it is well-established that heavenly realm, supernatural beings interacted with humanity. However, this has not stopped Hollywood or the secular community from promoting the notion that beings from another planet are real and that even the Biblical account can be explained by replacing God with an alien race.

The *Ancient Aliens* television series has been one of the most influential shows in promoting the notion that aliens were responsible for the creation of humanity, technology and the many ancient megaliths that still stand all over the Earth. And on many occasions, they even go to Bible passages to preach their false message of aliens being the true creators and not The Lord. With high quality production and subtle suggestions, they quickly try to cast doubt on the Biblical account and raise the possibility of alien beings actually being the reason for the ancient books of Scripture.

In very clever fashion, one episode opens with a Catholic priest providing an explanation of angels. **This is an attempt to promote the idea that if a Roman Catholic priest would endorse the notion that angels could actually be extra-terrestrial aliens from another planet, then the Bible could be incorrect describing them as heavenly-realm beings** (while conveniently ignoring that the Catholic church adheres to numerous heretical, apostate teachings). Mixed in with this is the show's "discovery" that the Hebrew and Greek term for "angel" in the Bible was "mistranslated" as it means "messenger" – inferring they have uncovered some error in the text. **This despite it being common knowledge among Christians that *malak* in Hebrew or *angelos* in Greek (the word for angels) means "messenger" – as that was the role many angels played in the Bible. Thus there is no error in translation in that the English language took the Greek word and made it into an actual title ("angel") for these beings.**

In our article, [Bloodlines of the Nephilim – A Biblical Study](#), *Beginning and End* explained the world before the flood of Noah as the Bible describes it – **an era where sinful angels descended from Heaven and took human women as wives. These illicit relations led to the birth of the Nephilim giants. The aim of Satan and his minions in this effort was to corrupt human genetics. God, in His defense of humanity, chose Noah, a righteous believer, who was fully human, to restart the human population after the**

flood. Rather than being some hybrid alien being, Noah was purely human and that is what made him "perfect in his generations."

The *Prometheus* film heavily promoted the idea aliens seeded life on earth and created humanity.

***Prometheus*, directed by Ridley Scott, was one of the biggest films of recent years to push this concept to the masses.** The movie was about a team

of scientists and astronauts who head into space to locate an alien race.

See Scott Johnson's Teachings:

<https://www.contendingfortruth.com/?s=Prometheus>

The movie opens with "the Engineers" – the aliens in the film, drinking a poisonous substance which disintegrates his body, releasing his DNA into the water which then created life and jump-started evolution to humans.

Thus, from the onset the message is clear – alien beings created humanity. The plot centers on Dr. Shaw, an archaeologist who is recruited to conduct an excavation on Mars, where the Weyland Corporation believes ancient alien technology was discovered. Shaw, the daughter of Christian missionaries and a devout believer herself, spent her career studying ancient civilizations on Earth. Her main finding was that ancient cultures who lived thousands of years ago made similar drawings and etching of a god-like race with a map of stars

<<The space maps the aliens left behind were intended for their "children" – humanity

– to one day develop enough knowledge and technology to find them.

And thus in 2085, the Weyland Corporation has the funding and technology necessary to launch a mission into deep space to **follow the map back to the planet where the alien creators are located**. Once on the planet, the team discover a temple with containers that hold the genetic material of thousands of various species. **But the same black goo that killed the alien in the opening scene is also present**. David, the android character secretly working for the Weyland company founder, mixes this goo into the drink of Holloway, one of the team members, to see what the effects would be. As she contemplates life beyond Earth, Shaw laments over the fact that she is unable to conceive a child. **But she develops a romantic interest with Holloway (who now has the alien genetic material in his bloodstream) and becomes impregnated with an alien hybrid baby.**

Holloway, now possessing the DNA of aliens in his blood, is able to conceive a child with the previously sterile Dr. Shaw.

This was a part of the overarching theme of the film – refuting the message of Christianity. Shaw not only questions her faith, but develops more faith in the aliens as they not only prove their existence, but do what in her mind was once impossible – allow her to conceive.

Shaw then discovers that human and alien DNA match – confirming aliens were the true creators of the human race.

As noted in our article, [The Prometheus Movie: The Alien Gospel Deception](#), **Ridley Scott made no secret that explaining away religion was a big part of the message of the film:** He states: “... *there’s a writer, Erich von Däniken. One of his most famous books was called Chariots of the Gods. Everyone thinks he was out of his mind, you know, for number one, “we are the creation of gods”... Things have changed so dramatically that you can start looking at the idea that all our history can be completely wrong and misguided...* So now you’ve got the whole changed attitude with NASA, **the church** and I think even Hawking. Over the last thirty years have gone from “It’s

highly unlikely that there’s anyone else in our galaxy, any other force, being in our galaxy,” to now, where they’re conceding that there are probably thousands of different lifeforms in this galaxy.

... And I think the church has conceded as well that it would not be against the word of God if we conceded that there are other lifeforms in this galaxy. So, if you take that out, then the door is open. To me, it's entirely logical. It's entirely ridiculous to believe that we are the only ones here. That's why my first thought is that for us to be sitting here right now is actually mathematically impossible without a lot of assistance. Who assisted? Who made the right decisions? Who was pushing and pulling to adjust us? That's a fair question." ([source](#)).

Chariots of The Gods was a major influence on the *Prometheus* movie.

Erich von Däniken, the author of *Chariots of the Gods* and the forefather of the ancient aliens movement, used his book as a polemic against the Bible and the Christian faith:

(A polemic is contentious rhetoric that is intended to support a specific position by aggressive claims and undermining of the opposing position.):

"Once again we have the Sons of God, who interbreed with human beings. Here too, we have the first mention of giants. 'Giants' keep on cropping up in all parts of the globe: in the mythology of the east and west, in the sagas of Tiahuanaco and the epics of the Eskimos. 'Giants' haunt the pages of almost all ancient books. So they must have existed. What sort of creatures were they, these 'giants'? Were they our forefathers, who built the giant buildings and effortlessly handled the monoliths, or were they technically skilled space travelers from another star?" – *Chariots of the Gods*, Erich Von Daniken, p. 44-45.

Writing back in 1968, Von Daniken popularized the concept of **taking supernatural events in the Bible and attributing them to alien life forms from another planet** (and he is a regular guest on the *Ancient Aliens* TV series). Rather than taking the Bible at face value – Von Daniken and Ridley Scott want to twist its words to suit their own sinful imagination.

The Bible says of this mentality:

"For the wrath of God is revealed from heaven against all ungodliness and unrighteousness of men, who hold the truth in unrighteousness; Because that which may be known of God is manifest in them; for God hath shewed it unto them. For the invisible things of him from the creation of the world are clearly seen, being understood by the things that are made, even his eternal power and Godhead; so that they are without excuse: Because that, when they knew God, they glorified him not as God, neither were thankful; but became vain in their imaginations, and their foolish heart was darkened. Professing themselves to be wise, they became fools..." – [Romans 1:18-22](#).

This passage reveals that all people know, intuitively, that God exists. The revelation can come just from observing nature and the cosmos. But because of our sinful nature, we reject God, and some deny His very existence – driving them further away into "vain imaginations." Scott was so determined to challenge the Bible in his film, he admitted that in an early version of the script of *Prometheus*, the Engineers were going to explain that the reason why they wanted to destroy humanity was because people had become so wicked. And that 2,000 years ago, it reached its peak when the Roman Empire dominated the world and killed Jesus Christ. Scott originally planned on depicting Jesus as a space alien "emissary" who really came to Earth to aid humanity's "evolution":

"Movies.com: You throw religion and spirituality into the equation for Prometheus, though, and it almost acts as a hand grenade. We had heard it was scripted **that the Engineers were targeting our planet for destruction because we had crucified one of their representatives, and that Jesus Christ might have been an alien. Was that ever considered?** ([source](#)).

This blasphemous concept was cut from the film but reveals the extent that the unsaved mind will go to in defiance of God. Do not be deceived. To no surprise, Scott was also the director of the blasphemous Exodus: Gods And Kings film that portrayed God as an angry little boy and attempted to explain every supernatural plague against Egypt as a natural phenomenon. (For more on this film, see our article: ["Exodus: Gods And Kings – Hollywood Heresy Strikes Again."](#))

The ABC series "V" left no doubt that it was promoting the mingling of human DNA with the "gods."

In addition to creating humanity, pop culture entertainment also promotes the concept of aliens being the saviors of humanity – providing ways for man to evolve or become immortal. *Beginning and End* covered the ABC "V" series – in which an alien race appears on Earth offering supernatural healing of diseases, advanced technology and world peace:

As seen in the trailer, the aliens quickly take the place of any religion and even the priest on the show argues that they can be received as "saviors." The aliens are worshiped and treated as gods. The arrival of the spaceships above New York City cause seismic tremors so strong that an enormous

crucifix is shaken from the wall of a church and shown smashing to the ground – a barely subtle symbol of the superiority of "alien gods" over Jesus Christ. In one episode the alien leader visits the Vatican, where Catholic leaders make a pact to work with the aliens. They even acknowledge the superiority of angels to their faith.

The real Vatican has already acknowledged the possibility of alien life on other planets. And Pope Francis, who has endorsed many heretical doctrines and one world religion, has said that not only could aliens exist but that they should be baptized for salvation if they desire it.

All the while the aliens plot to manipulate human DNA for control of humanity. And the key to the conquest by the alien race is conceiving an alien-human hybrid. The aliens regularly seduce humans to achieve this goal. In the series finale, it is the human-alien hybrid child who can guide the thoughts of the entire global population, reducing humanity to mind-controlled zombies who surrender to their alien gods. Such a corruption of humanity is precisely what the Devil sought to accomplish in Genesis 6 when the rebel Sons of God took human women as wives. It was a plot to destroy the human genetic code and thwart any chance of redemption by the Promised Seed of the Woman.

In our prior installment, [The Nephilim and the Great Secret of The Occult](#), *Beginning and End* referenced the film *Mission to Mars*, a sci-fi space film about a group of astronauts who encounter alien life for the first time. **Before being able to meet the aliens they astronauts are shown an image of DNA missing 2 chromosomes which they must add in as part of a test from the aliens. Once they pass the test, one of the astronauts meets the aliens and learns that they created humanity and all the life on Earth waiting for humanity to evolve and eventually have the technology to meet their “forefathers.”**

The SyFy min-series “*Childhood’s End*”, one of the most disturbing alien movies of late, centered on an alien arrival where the invaders also proposed that they wanted to help mankind and solve all of our problems.

For the first few years of the alien arrival, they do not reveal themselves to society – instead appointing a human to serve as their “messenger” delivering their message to the world. After earning the trust, admiration and worship of humanity, the alien leader reveals himself as a common depiction of Satan.

Despite looking like common conception of The Devil, the alien leader in SyFy’s *Childhoods End* was well-received by the public.

The entire agenda of the aliens is to take all of the children of the Earth and give them godlike powers allowing them to form a collective consciousness.

Thus all of the adults on Earth become obsolete and are killed.

In a recent survey by a global demographic analytics firm, **60% of the over 26,000 people polled stated they believe in the existence intelligent extra-terrestrial life.**

Could this “faith-based belief” no doubt fueled by the abundance of mass media entertainment

about aliens visiting earth, be the basis for a coming end times deception?

The Bible is clear that in the final years before the Second Coming of Christ, God will permit the overwhelming majority of the world to fall victim to the greatest deception of all time – belief that the Antichrist is the actual Messiah and God. The Book of Revelation describes in detail that the Antichrist will rule over a global government in

which he is installed as global dictator and deity to be worshiped. And the world will be awed and enamored with their supposed “savior.” 2 Thessalonians 2, quoted above details that the Antichrist’s rise will be accompanied by “...power and lying signs and wonders.” He will appear to be a supernatural man, who can perform literal miracles before the eyes of the public.

The False Prophet, the religious cohort of the Antichrist, will be able to call down fire from Heaven and perform miracles when in the Antichrist’s presence (**Revelation 13:13-14**). He will be able to “give life” to the image of the beast – a figure of the Antichrist that will be worshiped all over the world under penalty of death. And during this time, there will also be fallen angels released onto Earth. **The Lord Jesus Christ said that during the end times we would witness: “Men’s hearts failing them for fear, and for looking after those things which are coming on the earth: for the powers of heaven shall be shaken.” (Luke 21:26).**

The “powers” of Heaven could be a reference to angelic beings, who will be removed from their current stations and cast to Earth. Could these beings present themselves as aliens from another planet? **Rather than pointing to God, could these end times deceivers instead deceive humanity into thinking they are superior life forms from another world who “seeded” Earth and gave birth to humanity and that the Antichrist is their chosen leader, emboldening the global populace to embrace the spawn of the Devil as their hero?**

“But I fear, lest by any means, as the serpent beguiled Eve through his subtilty, so your minds should be corrupted from the simplicity that is in Christ. For if he that cometh preacheth another Jesus, whom we have not preached, or if ye receive another spirit, which ye have not received, or another gospel, which ye have not accepted, ye might well bear with him.” – 2 Corinthians 11:3-4.

As society moves farther from The Lord and knowledge of the Bible, the door to deception opens wider – and a scenario of alien beings claiming to be forefathers of humans or “gods” to be worshiped becomes more possible for people to accept. Scripture states that Satan will use “any means” to corrupt the hearts and minds of society from true salvation – which is through faith in The Lord Jesus Christ for the forgiveness of sin. Jesus Christ, the prophesied seed of the woman of Genesis 3, lowered Himself by leaving Heaven to suffer as a human in order to redeem us from sin. And the Devil will use any deception, distortion or parody to confuse and distract humanity from its need for the true Savior from Heaven.

The early church fathers were well aware of this which is why many understood even from the first century A.D. the threat posed by the sons of God and the Nephilim giants as described in Genesis 6. In our next and final installment, we will explore *What Did Church Fathers Believe About The Nephilim*.
