**Ephesians 5:11, 13-16:** "And have no fellowship with the unfruitful works of darkness, but rather **reprove** them. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest**, and arise from the dead, and Christ shall give thee light. **See then that ye walk circumspectly**, not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

**Reprove:** To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

**Circumspectly:** Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

**Matthew 24:24:** "...if it were possible, they shall deceive **the very elect.**"

**II Corinthians 2:11:** "Lest Satan should get an advantage of us: for we **are not ignorant** of his devices."

**II Chronicles 7:14:** "If **my people**, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then

will I hear from heaven, and will forgive their sin, and will heal their land."

Subject: **Listener Question About Dealing With All This Evil We Are Surrounding By**

Ok...In my world, everybody, thinks that the am completely crazy if I mention anything like this. I am utterly just sick and cannot think about anything else. I don't know how you do what you do Dr. Johnson. No idea how you stand it. This stuff is beyond evil. Way beyond, because it is just unreal...These people.. they must not be real people. They have to be just complete all the way demons. I am not as love filled as you are because I wish they were all thrown into the Abyss with zero way of returning. To kidnap a child or teen to torment and cook and eat *them*. It makes my mind shut down, really. I cannot even warn my teenage boys because their dad and them think that I am crazy. They all just laugh. What are we supposed to do in this world that God has left us in

**Scott Johnson's Response:** OK now in response I would say it is important to have balance. Meaning when you feeling this way you may want to back off the material (I put out) for 2-3 days or more if needed, just focus on the Love of God. Praising & worshiping Him. Listening to praise music Listen to henry Gruver testimonies. This is what I do if I am feeling overwhelmed.

**Phl 4:7** And the peace of God, which passeth all understanding, shall keep your hearts and minds through Christ Jesus.

**Phl 4:8** Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever

things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things.

Phl 4:9 Those things, which ye have both learned, and received, and heard, and seen in me, do: and the God of peace shall be with you.

**Will Embedded Chinese & Russian Soldiers & Jihadi Muslims Attack America Before the Midterm Elections**

The fight for the control of America is underway. It would seem that there are multiple plots involving several entities and almost everyone has a say but the American people.

This article examines the Chinese, Russian and Muslim threat to American sovereignty from both a current events and an historical perspective. Along these lines, the following communications were recently sent to me from a reader:

*There are now 600,000 Chinese now living in Southern California. Intelligence estimates say as many as 20 percent of that number may be military. If so, that means there are 120,000 ready to go. Considering the amount of military hardware stored*

among containers in California ports, this is a substantial force, more than capable of

seizing and holding the California coast. Add to this a Mexican radio station funneling plans and orders to this group and you have a recipe for disaster. Now, add the Muslims, Hispanics, and liberal university student radicals, and you have quite a significant force. Now add in the gang bangers and Black Lives Matter/Antifa, that will join in and you have a force capable of taking California out of the Union. It would take a major war

just to take it back. The California govt is already Communist at the top. China now has their entryway into the heartland. Trump likely has only weeks to confront this. AS this is written Russia has maneuvered several satellites overhead that has the Pentagon freaking out. I am no fortune teller but I am not an idiot either. **Something big is going down and most Americans are living in a dreamworld. Forget prison, Soros should be dead, as should all the traitors involved in this.**

The part about rural California radio stations [broadcasting coded Chinese instructions](#) is true as I have covered this in previous publications.

**Conversely, this was sent to me by a contrary reader: I m sick your sensationalist headlines. You say there are Russians and Chinese and Chinese and Russians ready to attack. This is crap there are no Russian and Chinese soldiers. You are making this up.....**

In the following paragraphs, both views are addressed.

[Play to 3:27: Restaurants Being Used to Smuggle in People with Bad Intentions](#)

Paul Martin has spoken of several waves of Chinese coming into America. Paul has identified the majority his sources and locations. **Is Huntsville, AL, a staging area for the importation of Chinese soldiers? It would appear so**

**and that is the consensus and conclusion that Paul Martin and myself have come to.**

Huntsville is the home to several strategic military installations.

**When trouble breaks out, it is expected that Chinese and their Russian allies, residing inside of the United States, will be wearing the blue helmets of the UN.**

Should we be surprised at the sightings of UN vehicles (pictured below)

The picture of this UN vehicle was sent to me on the morning of April 26, 2018  
(Turn up your volume slightly as this recorded in a low volume.)

**Play to 12:15: [Fifth Column Forces Appearing In Huntsville, AL](#)**

**The Chinese Are Preparing to Confiscate American Guns**

**IF the Chinese were not preparing to occupy America and confiscate guns, then why would their government issue the following?**

**A major Chinese Community Party rag is on the record as stating:**

*The United States should learn from China and “genuinely” protect human rights by restricting gun ownership, an editorial in a widely read state-run Chinese newspaper....*  
The communist editorial appeared in the state-run, *The Global Times* newspaper which published an article critical of the US government for allowing citizens private gun ownership after the staged Parkland Florida school massacre. The state-run newspaper gleefully reported that the event “reignited a long-running debate about gun control in the United States”.

**The Chinese are the leading offenders in the category of citizen death by genocide. The Chinese government is the most repressive loathsome government in the history of the planet.**

**There are no civil liberties in China. The people have one right, namely, to serve the government.**

**The ruling Communist Party tolerates no political dissent and President Xi Jinping’s administration has seen a sweeping crackdown on political rights lawyers and activists. As I have previously reported, the Chinese and Google have implemented a social control mechanism in which people’s browsing habits and online comments are worth points, points that can be taken away for criticizing the government. Loss of Google-based internet points under the system can result in expulsion from college, eviction from one’s home and the withdrawal of any government benefits including food**

**Finally, the real Chinese interest in this issue is to simply remove as many guns from Americans as possible in order to ease the coming Chinese occupation.**

**I recently interviewed Paul Martin about the plethora of foreign troops in Colorado. Are they here to perpetuate the continuity of government?**

**Recently, numbers of Chinese were seen at the Walmart between Loveland and Fort Collins. The significance is explained in the following video. Here is Paul Martin’s account:**

**Play: [Chinese 5th Column In Colorado](#)**

**Chinese Announce 25,000 Spies On US Soil Poised to Destroy America**

**Not only are the Russians here, so are the Chinese. The following information went viral and it serves to demonstrate how much the United States finds itself in.**

**[From SHTF](#)**

*“...Michelle Van Cleave, former national counterintelligence executive during the George W. Bush administration, said China has been preparing for a major escalation of espionage and influence operations against the United States.*

*“Remember their cyber theft of some 22 million personnel files from the Office of Personnel Management?” she said. “The Chinese now have a detailed roster of most (if not all) American contractors and government employees who have access to classified*

information, plus a roster of their friends, colleagues, or coworkers who may be useful conduits or potential assets in their own right.”

Van Cleave said the OPM data likely will be used by Chinese intelligence to coerce, blackmail, or recruit new sources for an already extensive espionage infrastructure...”  
“...**Cyber and human espionage go hand in hand—and the Chinese excel at both,**” she said. **“We urgently need a better understanding of what they are doing and how they are doing it—and a strategy to stop them—because China’s intelligence operations in the U.S. are poised to get much worse.”**

This was published in 2017. America is in a lot of trouble. Also published in 2017 was the following account of the Chinese military creating a large troop presence in Mexico. It is well documented that the Chinese have a strong military presence in Mexico. Is it interesting that when the producers of Red Dawn #2 needed an invading force, they chose the Chinese. However, the Obama administration had a fit and the movie producers chose North Korea instead.

Below is a summary related to the Chinese threat to the Continental United States.

**Phase Four: CALEXIT Allowing Embedded Chinese Soldiers in West Coast Ports, Solar Energy Farms and Inland Ports-A Staging Area From Which the Chinese Will Attack the West**

Based upon Naval War College documents that I have seen, I wrote an article about the coming **7-pronged invasion** of the United States. Phase 4 of this invasion, dealt directly with embedded Chinese forces. Here is what is behind that claim.

CALEXIT, as I have covered in multiple publications, is the plot to for California to withdraw from the United States. As Paul Preston has painstakingly documented over the past several months, CALEXIT supporters include the following: (1) The Mexican Consulate; (2) La Raza; (3) Various Mexican drug cartels; (4) Former members of the Obama administration (eg Eric Holder); (5) George Soros personnel; **(6) The Bank of China; (7) Chinese military controlling the Inland Ports and the solar energy farms through Chinese military front groups like Cinta;** and, (8) The United Nations and others.

### 'Sleeper Cells' Hibernating in USA, Positioned for Attack...

Iranian-backed militants are operating across the United States mostly unfettered, raising concerns in Congress and among regional experts that these "sleeper cell" agents are poised to launch a large-scale attack on the American homeland, according to testimony before lawmakers.

Iranian agents tied to the terror group Hezbollah have already been discovered in the United States plotting attacks, giving rise to fears that Tehran could order a

strike inside America should tensions between the Trump administration and Islamic Republic reach a boiling point.

Intelligence officials and former White House officials confirmed to Congress on Tuesday that such an attack is not only plausible, but relatively easy for Iran to carry out at a time when the Trump administration is considering abandoning the landmark nuclear deal and reapplying sanctions on Tehran.

**WATCH: Muslims Attempt To FORCE Christians In America To Submit To Sharia Law—BIG Mistake**

We often hear the “go to” lines about Muslims just wanting to live in America in peace, and most of them mean absolutely no harm to anyone. The mainstream media pushes the “peaceful Muslim” propaganda by showing half-truths and cut up videos to make it look as though Muslims are being unfairly treated like terrorists, and the liberal mindset of a large percentage of America’s youth is constantly reciting all the prettily wrapped statements that Democrats feed them about Islam. This video is merely one of the thousands that they don’t want you to see. This type of attack on Christians happens daily worldwide but the terrifying reality is that this happened here in America in one of the most heavily saturated Muslim towns we have so far, Dearborn, Michigan.

-----  
Back to the main report: Since 1997, **Chinese officials have bribed and bought off senior American government officials**, particularly in the *Clinton administration*. Part of the bribes included the selling of Long Beach port to the Chinese along with the loss of nearly 18,000 American jobs. Multiple military sources around the country have quietly warned about the growing menace posed by the buildup of Chinese Communist forces in many of our California ports now controlled by the Chinese.

As Secretary of State, **Hillary Clinton gave tacit approval and participated in these actions which had their origins prior to her tenure as Secretary of State. Of all the prongs of this planned invasion of the United States, this is the most dangerous. Here are the details:**

China will soon have a serious food production problem. **The California drought, as I have covered before is the product of weather manipulation. The artificially contrived California drought combined with an increasing Chinese presence in California will ultimately lead to a complete Chinese takeover of all California’s agricultural farm land. The Chinese military, posed as energy front men at the many solar farms will soon spring into action and seize all major farmland following the completion of CALEXIT. Chinese soldiers which are present in large numbers at the California Inland Ports (e.g. Sacramento and Stockton) and they are poised to takeover.**

How is this possible? Enter Dianne Feinstein and her husband Richard Blum. Feinstein entered the Senate as a millionaire and is now a billionaire. Their conflicts of interest are legendary. California and the EPA have enacted policies that drive farmers and ranchers off of their land by the thousands. This exodus of California farmers is being accomplished through the denial of water to ranchers and farmers by the EPA. Richard Blum is buying up distressed properties and then selling them back to Chinese interests. **In other words, China will control California’s food supply if and when CALEXIT becomes a reality. If not, China will likely invade California with embedded forces, in the face of a failed CALEXIT strategy.**

The food will be sent back to China as an offset against the Chinese increasing agricultural shortfalls. This will produce catastrophic consequences regard food supplies and prices in the near future in the United States. I should note that the globalist desire to destroy the United States takes a big step forward with this plan.

Along with the paramilitary operations exposed by Judicial Watch and Marlon Brock, **Agenda 21 Radio's Paul Preston and leader of the New California movement, informed me that the Chinese military is buying up massive amounts of abandoned buildings from which they can bring in their military.** Here was the interview with Paul Preston where this is discussed.

**+4+ Play to 19:21: [Foreign Troops Taking Over Empty California Buildings](#)**

In summary, **California is on the path to becoming its own nation controlled by the United Nations. California Governor, Jerry Brown, is leading the way. After CALEXIT, the UN will assume control over California. The food interests of California will be controlled by the Chinese, as America is already facing serious food shortages due to the mass departure of farmers. Further, these developments will go a long way towards handing off control of the California food supply to the Chinese. Most disturbingly, California, under Jerry Brown, will become a base of operation for the Chinese military who will have unrestrained access to California as a staging area for its military to attack the American West and Northwest. Many knowledgeable people would argue that the staging are for the Chinese military in California has already been secured.**

To add to the coming misery, I interviewed Paul Martin and he stated that his colleague, prominent Kansas farmer, Ed Petrowski, provided Paul with information that there is an acute national shortage of farmers. Record numbers of farms are being auctioned off. Paul said that Ed told him we are headed for a major famine in the United States.

The short [Paul Martin interview](#) can be heard here.

Back to Dianne Feinstein and her Chinese-friendly husband, Richard Blum. Blum is notorious through California for specializing in the sale of American/California real estate to China. In August of 2018, it was revealed, even in the MSM, that Feinstein had maintained a Chinese spy on her internal staff for over two decades. How many coincidences are we going to accept.

Sen. Dianne Feinstein's office was infiltrated by a communist Chinese spy for twenty years, and during that time, human rights activists who appealed to Sen. Feinstein for help were later kidnapped and likely executed by the Chinese government when they returned to China.

Is Sen. Feinstein a Chinese spy? If she wasn't personally involved, her office most certainly was. The media is running a near-total blackout on this story, but the truth is that **Sen. Dianne Feinstein is partly responsible for the government executions of human rights activists** who are being slaughtered by the Chinese communist regime.
