Sermon Overview: We will start off this teaching by going over the much talked about Cornuto hand sign. The Mano Cornuto or Horned Hand is an ancient symbol used to protect against the evil eye. In Italian, mano means "hand" and corno means "horn". This symbol also represents the Horned God of the Witches known as Pan Also called Il Cornuto and Diabolicus, the employment by the elite of the hand sign of the horned devil can actually be tracked all the way back to Babylon. On the great wall of Babylon, adjacent to Ishtar's Gate, was a mosaic image of a horned bull, representing the sun god. The horns were symbolic of the Babylonian god's power over the hearts of men. Later, in Imperial Rome, Caesar's military legions and millions of common people worshipped the sun god, Mithras. Mithraic initiates were baptized in the blood of a horned bull, slain and sacrificed by temple priests. The Knights Templar, predecessor to today Scottish Rite Freemasons, worshiped the grotesque horned goat god, Baphomet. It is believed that many Illuminists continue to sacrifice to this unspeakable deity to this very day. Reportedly, the Illuminati take great delight in seeing the masses adopt their ancient symbol of satanic worship on such a vast scale. We will also explore occultist Helen Keller's role in the development of the modern day hand sign system for the deaf and how this relates to the Cornuto sign.
Horned Hand or The Mano Cornuto:

This gesture is the Satanic salute, a sign of recognition between and allegiance of members of Satanism or other unholy groups.

I Love You, Devil?

The "El Diablo" hand sign often is confused with the deaf hand signal of the phrase, "I love you." While at first this appears an odd resemblance, we register an "ahh, I get it!" emotion when we discover that the person who invented, or created, the hand sign system for the deaf, Helen Keller, was herself an occultist and Theosophist. Did Keller purposely design the deaf's "I love you" sign to be such a remarkable imitation of the classic sign of Satan? Was Keller saying, basically, "I love you, Devil?" —Texe Marrs, CODEX MAGICA

"She invented over 60 different signs by which she could talk to her family before the age of seven. For example, if she wanted ice cream she would wrap her arms around herself and pretend to shiver." —SOURCE

Notice how Palin makes a Satanic sign with both hands! Boy was she desperate to get elected! Sarah Palin is a sell-out, clearly showing her willingness to spiritually fornicate with the Devil, i.e., “wickedness in high places” (Ephesians 6:12).

The Associated Press and Reuters called the above bush family hand signs, the 'Texas Longhorn or 'Texas UT' symbol. People still seem to think the signal is solely the 'hook 'em horns' UT symbol. We know this to be true but this doesn't answer our primary questions:

If the symbol denotes Texas football or UT, why are people like Silvio Berlusconi and Bill Clinton doing it too? They have no links with Texas.

2) Why is the Bush family so obsessed with the signal, displaying it dozens of times during both the inauguration and the evening ball? A few times maybe we could accept, but why this many? What has Texas sports got do with a national inauguration?

3) By Bush being an occult member of Skull and Bones and Bohemian Grove, it certainly shouldn't be surprising that people would suspect him of praising Satan. Why would any Christian belong to an occult organization?

Illuminati defector Leo Zagami recently called Ahmaninejad a "well known Satanist with no real connection to Islam" and the Iraq-Iran-Israel conflict a "foreign intelligence show." Empowered by the central banking cartel, the Illuminati Order has the resources to infiltrate both sides of every conflict, and steer it according to the New World Order agenda. They call this a "dialectical process." They were on both sides of both world wars, the Cold War, Korea and Vietnam. Iran's nuclear ambitions are merely a pretext. The real object is to degrade both the US and Iran so citizens will forfeit political, economic and spiritual rights to Illuminati banker "world government." -Read More

Some of my web visitors have e-mailed me, claiming that the deaf signal (i.e., a hand sign with the thumb extended) is sign language for 'I love you.' This sign is displayed above by Elizabeth Taylor. However, the inventor of the deaf hand sign, Helen Keller, was herself an occultist and Theosophist as mentioned earlier. Helen Blavatsky, who founded *The Theosophical Society*, was a devout Satan worshipper who said...

"Lucifer represents... Life... Thought... Progress... Civilization... Liberty... Independence... Lucifer is the Logos... the Serpent, the Savior." pages 171, 225, 255 (Volume II)

If you think Miss Keller's hand sign is just a coincidence, then you are truly gullible. If you were deaf, and wanted to develop a hand sign to tell someone that you love them, what would it be? A hand over the heart would be reasonable. There is no way that any reasonable person would develop the hand sign that Keller invented, paralleling an existing hand salute to Satan. The above photo is one of Ozzy Osbourne's Rock-n-Roll album covers. It is abundantly clear to see that Keller's hand sign praises the Devil.

Satan on Our Dollar!
There is a small owl just to the left of the "1" which appears on the upper right hand corner of the Dollar Bill. From time to time politicians like Bill Clinton and George W. Bush have been caught on camera flashing the horned owl symbol with their hands. There is a distinct separation between those in the demonic occult and those involved in the wickedness of witchcraft. The goat is associated strongly with witchcraft and Freemasonry, while the owl is more strongly associated with the occult (e.g., Bohemian grove). There is definitely an inseparable common denominator between the two groups: Satanism.

Goat of Mendes - Origin of the Satanic Hand Sign?

"The Goat of Mendez is the god of the witches. (Mendez is another spelling of Mendes, a city of ancient Egypt where fertility worship - Baal worship -- was practiced). Masons admit readily that Baphomet is a pagan fertility god and, more importantly, that Freemasonry is a fertility cult religion. At any rate, this mockery of Jesus is a satanic symbol and figures prominently in Satan worship." — Kerr Cuhulain (Occult author, police investigator, and friend of witches)

Jesus Christ is the ONLY way to Heaven!
9/11 anniversary service no place for Devil's salute

By Judi McLeod

Friday, September 14, 2007

What did President George W. Bush give the world as a symbolic gesture on the 6th anniversary of 9/11?

According to pictures taken during a 9/11 sixth anniversary ceremony, the horned hand salute.

To many, the horned hand salute is "the Satan Sign".

Why Bush would show the Satan Sign, or anything even resembling it on the sixth anniversary of 9/11, is one for the books.

Speculation was rife when Bush, his wife and daughter, Jenna flashed the Satan sign at January, 2005 inaugural ceremonies.

Norway's Nettavisen explained that the symbol was simply the "Hook 'em, Longhorns" sign that the president and his daughter flashed to the University of Texas marching band as it passed the podium.

There were no signs of the Texas marching band at Tuesday's somber anniversary of 9/11.

Bush himself once explained his use of the hand gesture as the sign of the University of Texas Longhorns.

George Bush could be a fan of U of T, but he never attended it.

Supporters and detractors alike know that he received his undergraduate degree from Yale University, and that the University of Texas law school turned him down because his record at Yale was so mediocre.

While attending Yale, Bush joined a satanic cult called Skull and Bones.

Another oddity about Bush claiming he uses the "Hook 'em, Longhorns" salute is the salute depicted looks nothing like the typical Longhorns salute given by U of T students.

According to www.moronabroad.blogspot.com, both hands are used in the Longhorns salute, and the backs rather than the palms of the hands are facing outwards to better simulate Texas Longhorns.

It was Reuters' Larry Downing who put the Bush family on the map for the "devil hand signals" prevalent throughout the 2005 inauguration.

"U.S. President George W. Bush and first lady Laura Bush make the `Texas Longhorn' sign as a Texas float and marching band go past the reviewing stand for the Inaugural Parade in Washington,
January 20, 2005. Bush was sworn in for the second term in office earlier in the day," said the photo cutline beneath the pictures.

That was the day when many sworn Bush enemies, including Hollywood stars who had promised to flee American soil should Bush make a second term but never did, were giving another kind of salute, the one-fingered one.

More than passing strange isn't it that Bill Clinton uses the same `hook `em horns' UT symbol when he's out and about?

The hand symbol flashed by Bush is known by several names: Devil's Triad, 11 Cornuto, Cornuto, the Horn, the Horned Devil, Twin-horned Salute, Horned Hand, Devil Salute and Devil Horn Salute. Whatever you call it, the hand signal is formed so as to resemble horns. (Ibid, 226-7).

The Horned Hand or Mano Cornuto is a satanic salute, a sign of recognition between and allegiance of members of Satanism or other unholy groups.

Perhaps Venezuelan President Hugo Chavez, who claimed to have picked up the odor of sulfur when Bush was at the United Nations, had been poring over Internet pictures of Bush flashing the salute.

Mind you, Chavez is hardly the Holy of Holies other than in his own mind.

But getting back to the hands of George Bush during 9/11 sixth anniversary services.

The President of the United States of America could not stand with his hands at his side during the minute of silence?

Meanwhile, maybe the devil made him do it.
