**Ephesians 5:11, 13-16:** "And have no fellowship with the unfruitful works of darkness, but rather reprove them. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, Awake thou that sleepest, and arise from the dead, and Christ shall give thee light. See then that ye walk circumspectly, not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

**Reprove:** To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

**Circumspectly:** Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

**Matthew 24:24:** "...if it were possible, they shall deceive the very elect."

**II Corinthians 2:11:** "Lest Satan should get an advantage of us: for we are not ignorant of his devices."

**II Chronicles 7:14:** "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

**Psalm 37:1-3 [A Psalm] of David** Fret not thyself because of evildoers, neither be thou envious against the workers of iniquity. For they shall soon be cut down like the grass, and wither as the green herb. Trust in the LORD, and do good; so shalt thou dwell in the land, and verily thou shall be fed.

Isaiah 43:16,19 Thus saith the LORD, which maketh a way in the sea, and a path in the mighty waters; Behold, I will do a new thing; now it shall spring forth; shall ye not know it? I will even make a way in the wilderness, and rivers in the desert.

Psalms 94:16: "Who will rise up for me against the evildoers? or who will stand up for me against the workers of iniquity?..."

Psa 94:20 Shall the **throne of iniquity have fellowship with thee**, which frameth mischief by a **law?**

Lexicon Results For the word "law" above

Strong's H2706 - *choq qn*

1) **a statute, enactment, decree, law, ordinance, limit, something prescribed**

**"The more corrupt the state, the more it legislates." - Tacitus**

Psa 94:21 They gather themselves together against the soul of the righteous, and condemn the innocent blood.

Psa 94:22 But the LORD is my defence; and my God [is] the rock of my refuge.

Psa 94:23 And he shall bring upon them their own iniquity, and shall cut them off in their own wickedness; [yea], the LORD our God shall cut them off.

**Romans 13 & Unlimited Subservience to the Government: Where should a Bible Believing Christian Draw the Line?**

August 27th, 2007 <http://www.newswithviews.com/baldwin/baldwin389.htm>

**Do Christians who use Romans 13 to teach that we should not oppose President Obama or any other political leader, really believe that civil magistrates have unlimited authority to do anything they want without opposition?** For example, what if our President decided to resurrect the old monarchical custom of the "Law of First Night"? **That was the old medieval custom when the king claimed the right to sleep with a subject's bride on the first night of their marriage. Would our sincere Christian brethren sheepishly say, 'Romans Chapter 13 says we must submit to the government'?** Many probably would. **And would any of us respect any man who would submit to such a law?** So, there are limits to authority. All human authority is limited in nature. **No man has unlimited authority over the lives of other men. (Lordship and Sovereignty is the exclusive domain of Jesus Christ.) Did John the Baptist violate God's principle of submission to authority when he publicly scolded King Herod for his infidelity? Did Simon Peter and the other Apostles violate God's principle of submission to authority when they refused to stop preaching on the streets of Jerusalem & elsewhere ultimately leading to horrific martyrdom deaths in all their lives, save John the Revelator?** Act 5:29: **"Then Peter and the other apostles answered and said, We ought to obey God rather than men."** So, even the great prophets, apostles, and writers of the Bible (including the writer of Romans Chapter 13) understood that human authority—even civil authority—is limited.

**White House weighs broad gun-control agenda in wake of Newtown shootings**

**The White House is weighing a far broader and more comprehensive approach to curbing the nation's gun violence** than simply reinstating an expired ban on assault weapons and

high-capacity magazines, according to multiple people involved in the administration's discussions.

A working group led by Vice President Biden is seriously considering new measures backed by key law enforcement leaders

To sell such changes, the White House is developing strategies to work around [the National Rifle Association](#) that one source said could include rallying support from Wal-Mart and other gun retailers for measures that would benefit their businesses. White House aides have also been in regular contact with advisers to New York Mayor Michael R. Bloomberg (I), an [outspoken gun-control advocate](#) who could emerge as a powerful surrogate for the Obama administration's agenda.

The Biden group, formed last month after the [massacre at a Newtown, Conn., elementary school](#), plans to submit a package of recommendations to President Obama this month. **Once Obama's proposals are set, he plans to lead a public-relations offensive to generate popular support.**

### **Red Alert: Senator Dianne Feinstein Plans Outright Gun Confiscation**

**Video: Dianne Feinstein Says Her Goal is to Disarm All Americans**

Dianne Feinstein previously is quoted saying: "If I could have gotten 51 votes in the Senate of the United States, for an **outright ban, picking up [every gun]... Mr. and Mrs. America, turn 'em all in.**"

---

### **ALERT: Legislation Details: Senate to Ban Hundreds of Semiautomatic Rifles, Handguns, Shotguns, Magazines; Includes Fingerprint Registration Requirements**

For anyone who may have thought Senator Feinstein and her colleagues in Congress were bluffing about [coming firearms legislation](#) that would restrict the sale, transfer and possession of certain firearms, think again.

A summary of the proposed legislation has been made available, and it's a whopper.

**Among outright banning 120 'assault' related firearms (such as AR-15's and AK-47's), the bill will also target any weapon that utilizes a "detachable magazine," as well as any magazine with a capacity of over ten rounds, which would include semi-automatic handguns and shotguns.**

**Moreover, if you already own a firearm or modification that ends up on the ban list, you will be required under Federal law to register that gun, complete with a background check, fingerprinting and local law enforcement verification.**

**Those who have [recently purchased firearms](#) that would fall under the ban may soon find Federal agents from the Bureau of Alcohol, Tobacco, and Firearms (ATF) at their door looking to confiscate 'illegal' weapons or engage in home searches for illegal accessories like 'high capacity' magazines (over 10 rounds), flash suppressors, pistol grips, and bullet buttons** (a feature designed to circumvent 'fixed' magazine laws in states like California).

**The following is a summary of the proposed Assault Weapons Legislation:**

Bans the sale, transfer, importation, or manufacturing of:

- 120 specifically-named firearms
- Certain other semiautomatic rifles, handguns, shotguns that can accept a detachable magazine and have one military characteristic
- Semiautomatic rifles and handguns with a fixed magazine that can accept more than 10 rounds

Strengthens the 1994 *Assault Weapons Ban* and various state bans by:

- Moving from a 2-characteristic test to a 1-characteristic test

- Eliminating the easy-to-remove bayonet mounts and flash suppressors from the characteristics test
- Banning firearms with “thumbhole stocks” and “bullet buttons” to address attempts to “work around” prior bans
- Bans large-capacity ammunition feeding devices capable of accepting more than 10 rounds.

Protects legitimate hunters and the rights of existing gun owners by:

- Grandfathering weapons legally possessed on the date of enactment
- Exempting over 900 specifically-named weapons used for hunting or sporting purposes and
- Exempting antique, manually-operated, and permanently disabled weapons

Requires that grandfathered weapons be registered under the National Firearms Act, to include:

- Background check of owner and any transferee;
- **Type and serial number of the firearm;**
- **Positive identification, including photograph and fingerprint;**
- **Certification from local law enforcement of identity and that possession would not violate State or local law;** and
- Dedicated funding for ATF to implement registration

### Obama President For Life? H.J. Res 15 Would Remove Presidential Term Limits If Passed

*In troubled times, the fearful and naive are always drawn to charismatic radicals.*

**If the just introduced H.J. Res 15 passes, Barack Obama will LEGALLY be able to be our dictator for the remainder of his life.** I surely hope that all liberty loving patriots speak up to their Congressmen and women that 4 years of Barack Obama has been bad enough, **we surely don't need him around running America into the ground for another 40 years.**

### [Facebook Purges Pro-Gun Accounts Massive act of censorship sees alternative media pages disappeared](#)

Facebook is purging accounts that carry pro-second amendment and pro-liberty information in a censorship purge that has accelerated, with innumerable pages disappearing merely for posting legitimate political content.

NaturalNews.com's Mike Adams contacted us to alert us to the fact that "Facebook banned our account for posting this," with an attached image of a Gandhi quote about how the British disarmed the citizenry during their rule in India.

The following is a list of Facebook accounts operated by individuals in the alternative media that have been shut down by Facebook staff over the past 24 hours. Infowars writer Aaron Dykes and political dissident Brandon J. Raub have also had their accounts deleted. Raub was snatched by police and forcibly imprisoned in a psychiatric ward earlier this year for posting political content on Facebook.

Infowars editor Kurt Nimmo also had his account suspended this morning.

### Facebook, Twitter and other social media sites are an elaborate CIA spying scheme

Social media portals like Facebook and Twitter are increasingly being exposed as what appear to be bait-and-switch spying networks funded, and potentially even run covertly, by the *Central Intelligence Agency* (CIA) and other government agencies. And this is all apparently being done for the purpose of gathering real-time data on the private lives of individuals willing to freely post such information for the world to see.

It is something that serious investigative journalists and skeptics alike have suspected for years, especially as sites like Facebook have gradually and quietly eliminated users' access to the privacy controls that once kept their information "classified" by default. Today, Facebook is literally an open book of information that is freely available not only to the rest of the internet, but also to numerous government agencies that many years ago invested millions of dollars to make social networking sites like Facebook what they are today.

When Facebook was first getting off its feet, it turns out, the company received a huge cash injection from a venture capital firm known as *Accel Partners*. According to reports, *Accel's* head, James Breyer, was a former chairman at *National Venture Capital Association*, where he served on the board with Gilman Louie, the CEO of another venture capital group known as *In-Q-Tel*.

According to *In-Q-Tel's* "Mission" page, the group, which invested nearly \$13 million during Facebook's early days, was first launched in 1999 as a catalyst for keeping the CIA up-to-date with the latest information-gathering technologies.

### Video: Facebook's CIA connection

This video reveals the true aim of the Facebook conspiracy: Data mining for the CIA. The connection between Facebook & DARPA (Defense Advanced Research Projects Agency) has some grotesque tentacles: the Information Awareness Office (IAO); TIA (Total Information Awareness, renamed Terrorism Information Program); and TIPS (Terrorism Information and Prevention System).

The parallels between the CIA's backing of Google's dream of becoming "the mind of God," and the CIA's funding of Facebook's goal of knowing everything about everybody is anything but benign.

## [Top Ten Events that Prove Obama Planned Gun Control Long Before Newtown Tragedy](#)

It should be painfully obvious that the gun grabbers — including the likes of President Obama, Senator Dianne Feinstein and Vice President Joe Biden, among many others — are not responding to the Newtown, Connecticut school shooting alone, **but are using that terrible tragedy to implement a gun control agenda they have long ago planned, waiting for the right timing to achieve their aims.**

Rahm Emanuel, Obama's first Chief of Staff, [famously said](#) ***"You never want to a serious crisis go to waste. What I mean by that, is it's an opportunity to do things you think you could not do before."***

**It is a simplification of the problem-reaction-solution formula for control that was formally expressed in the Hegelian Dialectic well over a century ago. It has not only been the unofficial motto of the Obama Administration, but of all the tyrants operating from the Oval Office and around the world for some time. It has been clear for sometime that the Obama Administration planned all along to achieve significant gun control, but planned to do so "under the radar" and in his second, (nearly) unaccountable term, where the President does not face re-election or the worry of alienating voters, when he can essentially act as a dictator without even the need for congressional approval.**

Click on the following link for a round-up of the Top Ten covert actions taken by the Obama Administration to pursue its gun control agenda during his first term in office, in approximate chronological order to demonstrate a timeline, all building up to the crescendo we are now witnessing: [Top Ten Events that Prove Obama Planned Gun Control Long Before Newtown Tragedy](#)

### [Standing Room Only Crowds Attend Record Breaking Gun Shows Across America in Response to Fed Gun Grab Plan](#)

Americans understand that Obama and Feinstein are coming for the guns. In response, they are attending gun shows — that will soon be illegal — in large numbers. Over the weekend, SRO crowds filled the Dulles Expo Center in Chantilly, Virginia, following Obama's announcement that he will not rest until California Senator Feinstein's unprecedented gun-grabbing bill is rammed through Congress.

"Line stretches for blocks to get into Chantilly gun show," Jeff Goldberg tweeted on December 28. "Biggest crowd ever for biggest gun show on East Coast."

Goldberg also reported the presence of anti-Second Amendment protesters outside of the event. As the photo below shows, the group opposed to the Bill of Rights was none other than Code Pink, the Soros and MacArthur Foundation lubricated "progressive" organization known for dressing up as the female anatomy and pushing Obama's pro abortion and establishment agenda.

In North Carolina, a large crowd braved inclement weather to attend a gun show and a large line formed outside a venue in [Oklahoma City](#) on December 29. Pro-Second Amendment enthusiasts also gathered in [Fort Worth, Texas](#), on December 22, and [Knoxville, Tennessee](#), on December 28.

## Gun stores inundated: 'Bare walls and lines'

One Twitter comment in the aftermath of the Newtown, Conn., school shooting that left 26 dead summed up the perspective of Americans on guns.

"If you want to see what a grocery store looks like prior to a hurricane, drop by your local gun store today. Bare walls and lines."

That circumstance has developed because Americans appear to not be ready to wait for a Washington policy discussion on guns.

"We have never seen anything like this," Larry Hyatt, owner of a North Carolina shop, told ABC News. "We have the Christmas business and hunting season business, and now we have the political business."

## The results are in: More guns sold mean fewer guns deaths, injuries

See: [NaturalNews](#)

It isn't a firearms statistic that liberal progressives and gun banners like California Sen. Dianne Feinstein will want to hear but it's true nonetheless: According to the most recent statistics, the more guns that have been sold in the Golden State, the fewer gun deaths and injuries there have been.

According to the state's office of the Attorney General, gun dealers sold around 600,000 guns last year, nearly double the 350,000 sold in 2002, according to [figures compiled by department officials](#).

During the same period of time, however, "the number of California hospitalizations due to gun injuries" fell by some 4,000 a year to roughly 2,900, a drop of about 25 percent, (despite the population increasing)" according to hospital records collected by the California Department of Public Health, ".

Meanwhile, the attorney general's office said, the number of deaths from firearms fell from 3,200 a year to about 2,800, an 11 percent decline, according to California health department figures. There's more. Data show that the number of injuries and death in the state caused by accidental discharge of firearms has fallen as well, suggesting as one explanation, perhaps, that instruction in the use of firearms may have improved.

## Harry Reid Prepares to Annihilate Second Amendment-Plus Proactive Measures

The Senate -- under Majority Leader Harry Reid's control -- is now crusading to implement:

\* Gun bans on semiautomatic firearms and magazines;

\* An effective ban on gun shows;

\* A ban on private gun sales, without going through a gun dealer; and,  
\* Changes in the Senate rules which would allow them to ban guns with a mere 50 Senate votes.

This last proposal is particularly insidious. Gun grabbers are not going to be able to get 60 votes to break a Senate filibuster of gun control. But, with the help of fake "pro-gun" Senate Democrats, they may be able to get 50.

So the question of whether Senate Democrats will need 50 votes or 60 votes will determine whether gun control — and much of Obama's agenda — will be slammed through and passed into law.

**ACTION:** [Click here to contact your Senators](#) and tell them that the vote on the "nuclear option" will be the most important gun control vote of the 113th Congress. Urge them to vote AGAINST changing the Senate rules. Tell them to vote AGAINST the "nuclear option."

To Satan and his evil followers, numbers are important.

The federal reserve act was passed in 1913. This year is the 100th anniversary of that. Things appear to be ripe for evil to happen this year, things like Obama starting his second term, the likely attempt to take away all guns and the year is 13.

(Remember; 1913 – the year the federal reserve act was passed) Leviticus 19:13 “Thou shalt not defraud thy neighbour, neither rob him: the wages of him that is hired shall not abide with thee all night until the morning.”

The federal reserve act was designed to “defraud “ and “rob”.

## Obama Can And Will Try to Force Christians To Act Against Their Faith: Obama Administration Drops A Bombshell!

The Obama administration has dropped a bombshell in the recent Hobby Lobby challenge to Obamacare. According to [CNS News](#), the Obama administration claims that the 1st Amendment still allows them to force Christians to violate their religious beliefs, amazingly, even on the basis where the life and deaths of innocent human beings is at stake. Americans opposed to Obamacare and fond of the 1st Amendment should stand behind Hobby Lobby on this one. A couple of informative videos about Hobby Lobby’s fight against tyranny and Obamacare are down at the bottom of the story. From the CNS story linked above we read:

In a legal argument formally presented in federal court in the case of Hobby Lobby v. Kathleen Sebelius, the Obama administration is claiming that the First Amendment—which expressly denies the government the authority to prohibit the “free exercise” of religion—**nonetheless allows it to force Christians to directly violate their religious beliefs even on a matter that involves the life and death of innocent human beings.** Because federal judges—including Supreme Court Justice Sonia Sotomayor—have refused to grant an injunction protecting the owners of Hobby Lobby from being forced to act against their Christian faith, **those owners will be subject to federal fines of up to \$1.3 million per day starting Tuesday for refusing to include abortion-inducing drugs in their employee health plan.**

The Obama administration is making a two-fold argument for why it can force Christians to act against their faith in complying with the regulation it has issued **under the Obamacare law that requires virtually all health care plans to cover, without co-pay, sterilizations, contraceptives, and abortion-inducing drugs.**

**THE FIRST AMENDMENT**  
**CONGRESS SHALL MAKE NO LAW RESPECT-**

The last we knew, the 1st Amendment was still in effect in America, has that been taken away too, along with the governments attempt to take away our 2nd Amendment? **Is this what happens once they take away Americans right to protect ourselves via our 2nd Amendment? ## New 'Queen James' Bible offers gay-friendly Scripture

12/18/2012

Have you heard about the new gay-friendly Bible? It features a rainbow-colored cross on its cover and is called (wait for it) the "Queen James" version. According to the editors, King James I, the man behind the popular Bible translation, was a bisexual "known amongst friends and courtiers as 'Queen James' because of his many gay lovers." This new version, named in his honor, aims "to prevent homophobic interpretations," with several controversial verses strategically tweaked. "We wanted to make a book filled with the word of God that nobody could use to incorrectly condemn God's LGBT children," the editors explain.

## Defended: King James (The VI of Scotland & The I of England)--Unjustly Accused

BOOK BY: STEPHEN A. COSTON, SR.

The Monarch The Myth & His Maligners

*"You've Heard James' Critics, Now Read the Truth!"*

### FACT:

James wrote in his work *Basilicon Doron* that:

"There are some horrible crimes that ye are bound in conscience never to forgive: such as witchcraft, willful murder, incest, and sodomy."

There is no recorded objective documentation that King James ever practiced or promoted sodomy, the historical record only knows of King James' heterosexuality and condemnation of sodomy.

### FACT:

King James condemned "soft delicacies" in a man more than once:

"But especially eschew to be effeminate in your clothes, in perfuming, preening, or such like...and make not a fool of yourself in disguising or wearing long your hair or nails, which are but excrements of nature...Guard against corrupt leide and effeminate ones."

**1Cor 11:14 Doth not even nature itself teach you, that, if a man have long hair, it is a shame**

### FICTION:

"There are a number of recorded statements in which James justified homosexuality/sodomy...King James was a homosexual monarch."

### FICTION:

James was effeminate and encouraged his favorites to also be effeminate.

## unto him?

1Cor 11:15 But if a woman have long hair, it is a glory to her: for [her] hair is given her for a covering.

The King also condemned "female transvestism" by instructing the clergy by royal order and express commandment to inveigh vehemently in their sermons against the faddish practice.

### FACT:

King James wrote to his wife Queen Anne:  
"I thank God I carry that love and respect unto you which by the law of God and nature, I ought to do to my wife and mother of my children...for the respect of your honorable birth and decent I married you but the love and respect I now bear you for that ye are my married wife and so partaker of my honor...God as my witness...(signed) Your Own, James Rex."

King James also wrote love poetry to his wife and in addition to this James also wrote of Anne:

"...if it were possible for me to love her better than ever I did before it were my part to do it."

After her death, James wrote, "She was an excellent wife to us...she has left a great longing for her." King James had 8 children with his wife Queen Anne.

### FICTION:

King James did not love his wife, disliked the institution of marriage and women in general.

All this and more is documented in King James VI of Scotland & I of England -Unjustly Accused? **Read for yourself the actual facts surrounding the life and character of King James VI & I. The contemporary and modern critics are put into proper perspective and the real life of this much misunderstood monarch is clearly brought to light. This full length historical work makes it evident that the facts are at odds with the fiction.** Ben Johnson's comments made in James' own time are timely and applicable even today:

**"And there must go much more to the make of a guilty man than rumor."**

**The court is now in session, read for yourself what has been hidden on the shelves of libraries around the world and which will now travel through the reaches of time to vanquish ignorance and repression of the Godly character of one of the most famous and learned princes of the world - King James VI & I.**

To order the 392-page book, "KING JAMES UNJUSTLY ACCUSED?" by Mr. Coston, please contact the Bible Baptist Bookstore at 1-888-KJV-1611 or (904) 477-8812; or AV Publications at 1-800-435-4535 or (540) 251-1734. The book is \$14.95 per copy. This well-documented work provides the latest evidence supporting the godly character of the King James the VI of Scotland and the 1st of England.
