**Ephesians 5:11, 13-16:** "And have no fellowship with the unfruitful works of darkness, but rather reprove them. But all things that are reproved are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, Awake thou that sleepest, and arise from the dead, and Christ shall give thee light. See then that ye walk circumspectly, not as fools, but as wise, Redeeming the time, because the days are evil."

The 1828 Noah Webster Dictionary defines:

**Reprove:** To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

**Circumspectly:** Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

**Matthew 24:24:** "...if it were possible, they shall deceive the very elect."

**II Corinthians 2:11:** "Lest Satan should get an advantage of us: for we are not ignorant of his devices."

**II Chronicles 7:14:** "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

## The Apocalyptic Doomsday Vision Of ISIS Forces All Christians To Become Muslims Or Die & Launches Global Armageddon As Islamic Invasion Of The West Plays Out Before Our Very Eyes

The story at the Gatestone Institute International Policy Council today is called "**Migration Crisis: Islam Will Conquer Europe Without Firing A Shot**" and in it we learn how the failed policies of the EU and US (under Barack Obama) have

brought the Arab world to the brink of chaos as regime's they've helped to destroy are replaced by something even worse, a rapidly growing group of individuals who truly believe it's their destiny to bring America, Christians and the entire world to total destruction.

We recently learned that ISIS has a plan that (if they had their way) would kill 90% of all Americans by 2016 in [this story from DC Gazette](#). The Conservative

Tribune recently told us of a [chilling 6-phase plan](#) that ISIS would use to destroy America. A story out days ago from Paul McGuire is called "[The Babylon Code: Rise of The End-Time World State](#)" and in it we read: *The world is at a final turning point. An unparalleled convergence and acceleration in end-time signs is now occurring. These harbingers are geopolitical, economic, scientific, technological, cultural and moral.*

Have we reached the point in world history long warned of in prophecy with an out of control, upside down world that seems destined to soon explode in destruction, **as ISIS warns the west of Armageddon, mega earthquakes and storms the likes the world has never seen before**, and as this Brookings Institution report lays out so perfectly bluntly: *The world is in an "unprecedented state of crisis."*

The story also asks succinctly: *Is this the end of civilization?*

In this 1st video from the [Brookings Institution](#) they take a look at the ISIS apocalypse including the history, strategy and doomsday vision of the Islamic State. Much more below video including an in depth video on ISIS' plans to behead the Pope and kill hundreds of millions of Christians and Americans as well as a video that takes a look inside ISIS's territory and their promise of a nuclear tsunami.

To watch go to: <https://www.youtube.com/watch?t=4&v=j4AM1AZB88o>

In the next video below we see German author Frederic Todenhoefer inside ISIS territory and hear the warning straight from ISIS's lips, **they will conquer Europe, it's not a matter of if, but when. Telling us they will kill hundreds of millions up to 500 million or more, we hear that ISIS plans the biggest religious holocaust in the history of the world and as shared in the 2nd video below, if they can't turn you into a Muslim they'll try their very best to kill us... Christians... every one of us.**

**Play:** <https://youtu.be/1PA1IHqGU0M>

Robert Spencer of Jihad Watch is the author of 'The Complete Infidel's Guide To ISIS' and in the newly released next video below, Spencer sends out a very loud and very

clear warning to all Christians, ISIS has plans to convert us ALL to Islam or they will kill us. Telling us ISIS' long term goals of beheading the Pope in Rome on live TV for the entire world to see and launching the biggest religious holocaust in history that will lead to hundreds of millions of deaths of Christians around the world, this video is a must see for anyone who still believes we are witnessing ANYTHING BUT an Islamic invasion unfolding before our eyes that the Jihadis promise will lead to Armageddon and the return of the Muslim 'messiah', the Mahdi.

Three days ago, ANP published a story in which

we warned you of ISIS's plans for a 'nuclear tsunami' for humanity and as we learned in this ANP story from Susan Duclos, a mainstream Sunni website recently decreed that the Mahdi would appear in 2015 or 2016 to conquer the world for Islam. In this video we learn that they also believe Jesus will return but for a much different reason than Christians believe, according to

Islam, Jesus will return to 'break the cross' and convert the world's Christians to Islam.

Warning us about a 'number of very strange things' that are now happening in Europe with countless thousands of refugees moving into the continent, Spencer asks in this video why all of these refugees are Muslims when over a million Christians were displaced in Syria. He also asks us where these refugees are each getting the 1000 Euros that is being required of them to enter the European Union.

Spencer concludes that countless members of this European invasion are agents of ISIS and will be used to force Europeans to submit to Islamic law and while that may seem far-fetched to some, all we need to do is look at what is happening elsewhere as 'Germany becomes Absurdistan', descending into total chaos.

More below this video that everyone should see.

**Play:** <https://youtu.be/F0G4o4OOyH4>

We learned back on September 13th that 50 US intel chiefs had recently revolted against Obama on ISIS intelligence and according to one Pentagon official, Obama is lying about ISIS to us all. RT told us in May that ISIS was attempting to get nuclear weapons from Pakistan while a June story from Newsmax told

us of [ISIS' plans of smuggling a nuclear weapon across our completely open southern border](#). Meanwhile, the state of Texas shows once again they are way ahead of the curve, drafting a bill to [halt the Muslim invasion being pushed by Barack Obama and the United Nations](#).

If Robert Spencer's book and warnings of ISIS' intentions are correct, [we are quickly running out of time to eradicate this total threat to liberty and humanity as they close in on their apocalyptic visions and in the final video below, Secular Talk asks why the Obama administration has 'dumbed down' ISIS intelligence as they race way toward's their perceived destiny, the total annihilation of the human race.](#)

### [The Final Betrayal - Something Huge Just Happened But Is It Too Late? Say Goodbye To America](#)

Hard-core conservatives are patting themselves on the back for "ousting" Speaker of the House John Boehner, who [recented decided to resign from his position](#) at the end of October, but did this big win for conservatives come too late? [Will one of Boehner's last acts, last deals, last capitulation..... seal our fate?](#)

On Saturday [Stefan Stanford highlighted a number of events where the "elite" appear to have had very public meltdowns](#), one of which was John Boehner's, [but recent reports show that Boehner may have cut a backroom deal with Minority Leader Nancy Pelosi, to "fund the Obama administration for the rest of its tenure, to fund Obamacare, to fund executive amnesty, to fund Planned Parenthood, to fund implementation of this Iran deal," in what is being referred to as "the final betrayal."](#)

*[Boehner resigned because he knew that after he cut that deal, conservatives in his own party would be so furious with him that it would make challenges to his Speakership a certainty, sources say. Even if he survived those challenges, his remaining year and three months in office would be contentious and personally uncomfortable for him.](#)*

While many consider the Boehner resignation as just "politics" as well as the deal with Iran, Planned Parenthood funding, Obamacare and the "executive amnesty" capitulation; [there may just be the one item that seals the fate of America.](#)

SAY GOODBYE TO THE CONSTITUTION, HELLO SHARIA LAW

In an April 2015 [One News Now article](#), Obama's [November 21, 2014 Presidential Memorandum](#) is highlighted where "[Obama declared his strategy to push through his executive order that would grant amnesty to more than five-million illegal immigrants and child migrants. In order to accommodate them, he put together the task force. In addition, the Obama administration is accepting 70,000 foreign refugees annually from Somalia, Iraq, Syria, Burma, Bhutan and other terrorist-harboring Islamic nations.](#)"

[According to the New York Times, that number has now been increased to accepting 100,000 worldwide refugees each year by 2017.](#)

We already know there is at least [190 US locations that were secretly selected to accept these "refugees,"](#) ([List of locations embedded in the linked article](#)) as we know that [ISIS terrorists and others have infiltrated the refugees population in](#)

order to seed themselves across the west.

Before that list of 190 locations, we were warned by a whistleblower who was on a White House conference call that specific mention of teaching illegals how to "navigate," not assimilate, and that certain communities would be designated "receiving communities," which would of course have taxpayer funds pumped into them, then would "morph into emerging immigrant communities."

Via that [ANP article from March 2015](#):

Payne goes on to reveal that immigrants were described as "seedlings" that needed fertile soil in order to grow, as she asserts, they would continue to grow until they "took over the host," and came out of the shadows as natural born and legal citizens were pushed into the shadows.

For those that deny that we are seeing the implementation by Obama, of a long-term plan to destroy America and replace the U.S. constitution with Sharia, and call those that point it out as "conspiracy theorists"; all one has to do is research their previously stated goals.

Via WND, titled "[Poll: Most U.S. Muslims Would Trade Constitution For Sharia](#)":

According to a local newspaper report, Omar Ahmad, a founder of CAIR, told a conference hall packed with California Muslims in July 1998 that Islam isn't in America to be equal to any other faith, but to become dominant.

The reporter paraphrased Ahmad saying, "The Quran ... should be the highest authority in America, and Islam the only accepted religion on earth." [...]

On April 4, 1993, Hooper told a reporter for the Minneapolis Star-Tribune: "I wouldn't want to create the impression that I wouldn't like the government of the United States to be Islamic sometime in the future."

Hooper appeared on Michael Medved's radio show in October 2003 and stated: "If Muslims ever become a majority in the United States, it would be safe to assume that they would want to replace the U.S. Constitution with Islamic law, as most Muslims believe that God's law is superior to man-made law. [...]

**There are now an estimated 3 million Muslims residing in the United States as citizens or with permanent legal status, and more than 250,000 new Muslim residents enter the U.S. per year as refugees, on work visas and student-based visas, according to the Center for Immigration Studies.**

A poll commissioned in May 2015 by the Center for Security Policy showed that 51 percent of American Muslims preferred that they should have their own Shariah courts outside of the legal system ruled by the U.S. Constitution. And nearly a quarter believed the use of violent jihad was justified in establishing Shariah.

"That would translate into over 1.5 million Muslims living in the United States who believe that Shariah is 'The Muslim God Allah's law that Muslims must follow and impose worldwide by Jihad,'" writes Frank Gaffney Jr., president of the Center for Security Policy.

## IS SHARIA LAW COMPATIBLE WITH THE U.S. CONSTITUTION?

The answer to that question is a resounding NO!

Many have addressed this issue, an excellent example of the differences can be found here, with an item by item listing, as well as a PDF via the Center for Security Policy which shows that the First, Second, Fifth, Sixth, Seventh, Eighth and Fourteenth Amendments would be null and void under Sharia Law.

If this was not a real concern, then why has there been the need in more than two dozen U.S. states to consider measures intended to restrict judges from consulting sharia law? Arizona, Kansas, Louisiana, South Dakota, Tennessee, North Carolina and Alabama have "banned sharia" i.e. passed foreign law bans. In 2010 and 2011 more than two dozen states "considered measures to restrict judges from consulting Shariah, or foreign and religious laws more generally". As of 2013 all but 16 states have considered such a law. ([Source](#))

### SHARIA COMPLIANCY ALREADY IN AMERICA

For those unaware, Sharia compliance is already being implemented in certain areas.... as evidenced by Seattle, via [WND](#):

Seattle's Democrat Mayor Ed Murray was so concerned that Muslims and other residents weren't buying enough homes in his city that he had a committee investigate how that could be rectified.

*One of the committee's recommendations: Banks need to offer "Shariah-compliant" mortgage loans for Seattle's growing Muslim community.*

Muslims are forbidden by their religious law, **Shariah, from paying interest on loans so they must be offered loans structured in such a way that interest is not part of the package.**

*The 28-member committee recommended the city convene lenders and community leaders to explore options for increasing access to Shariah-compliant loans, the Puget Sound Business Journal reported.*

*"We will work to develop new tools for Muslims who are prevented from using conventional mortgage products due to their religious beliefs," said Murray, at a recent press conference.*

**"More and more lenders are offering Shariah-compliant financing, according to a USA Today report," the Journal reports. "The sector has grown to more than \$1.6 trillion in assets worldwide over the past three decades, and analysts see potential for continued growth as the number of Muslims in the United States and Europe grows."**

#### BOTTOM LINE

If John Boehner has cut a backroom deal with Pelosi, funding executive amnesty, then it would indeed be the "final betrayal" against this nation and the populace..... we can all say goodbye to the U.S. Constitution and all the rights guaranteed to us within it and hello to Sharia Law.

### The United States government has become 'the world's most dangerous terrorist organization,' warns former Reagan official

The United States government has become "the world's most dangerous terrorist organization," warns former Reagan official. A former top member of the Reagan administration **has issued a dire warning about the current state of American government: it's evil and will become even more evil in the years ahead** as the world itself becomes more dangerous.

Dr. Paul Craig Roberts, said on the [Shadow of Truth](#) radio program that

**Washington, D.C., is a major den of inequity.**

"The United States [military policy] has destroyed seven countries," he says.

"The populations there are subject to ongoing continual violence either from the U.S. or these Jihadists or from the Islamic State. In Libya there's various factions, no government – just warlords fighting and nobody's safe anywhere so the populations are getting out. You can't live in that type of situation."

#### **President of Argentina Accuses Obama of Treason Against The United States**

**Speaking at the United Nations, Cristina Fernandez de Kirchner ... the President of Argentina ... dropped a bombshell that, if true, would make President Barack Obama guilty of High Treason against the United States, and mankind as a whole.**

According to President de Kirchner, in 2010 Gary Samore ... **the White House Coordinator for Arms Control and Weapons of Mass Destruction**, approached her, requesting her government send enriched uranium to Iran. Samore admits this, and says he also approached Russia and France asking the same of them! All three countries refused his request!

For proof see the [Marshall Report](#):

**The request fell short when Kirchner asked for the deal in writing and Samore was never heard from again.**

Samore did release a statement admitting that he made the request in 2010 and Argentina balked at the deal. He also admitted that he had approached France and Russia with a similar proposal. That deal fell through as well. The deal was supposedly to allow Iran to send their low enriched uranium to Russia to enrich further, then send it to France to finish converting it into nuclear reactor fuel then send it back to Iran for its own use. That deal also fell through.

These deals lead to a new U.N. resolution with Iran that eventually led to the bargaining table for the horrible deal Obama has worked out with them this year.

**Obama's White House administration has not responded to these potentially treasonous allegations as of yet.**

There's only one real reason for Iran to have enriched uranium, and it has nothing to do with generating electricity!

**Obama's nuke deal with Iran is itself totally treasonous, but deliberately arming the world's leading sponsor of terrorism [a regime that screams "Death to America" on a daily basis] with nuclear weapons, AND roughly \$150 BILLION in cash, so they can purchase intercontinental ballistic missiles capable of hitting targets within the United States [which Obama's treaty allows] is the most evil thing any American president has ever done.**

This is the sort of thing that should make the America people all across the nation stand up and DEMAND Obama's immediate resignation, as well as criminal proceedings to commence. Obama has proven over and over that he is an enemy of the United States, and Free people all around the world. Everything he has done for the past 7 years has been designed to destroy America and her allies, and strengthen her enemies.

We can't wait for January 2017 and Obama's exit from office. He can do too much damage between now and then. He has to go now and criminal investigations must begin immediately. The survival of the Free world demands this.

[Reports: Threat Level High In OK And Texas As Quiet Invasion Takes Place With 41 New Sanctuary Cities In America In Last 4 Months](#) Reports are coming in from several different sources to suggest that a 'quiet invasion' is now ongoing in America as shared in a [popular Facebook post](#) warning seen below of 6 buses witnessed driving through the Oklahoma area completely filled with Middle Eastern men of fighting age and being escorted by several official vehicles. We also see the recent 1st video below in which we learn of 41 new sanctuary cities that have popped up across America in the last 4 months alone.

While at this time, ANP is unable to confirm the authenticity of the Facebook post seen in the screenshots near the bottom of this story, we felt it best to put this notice out there and **ask our readers who are in the Texas, Oklahoma area if they are aware of any such events now happening?** We are also republishing this as a community service announcement that has already been picked up by other alternative news and militia websites including from [retired US Army Captain Terry M. Hestilow](#) who tells us the threat level is high in Texas and Oklahoma. We also learn about the 41 new sanctuary cities in America in the last 4 months alone in the 1st video while in the 2nd video, we hear from Ann Corcoran from Secure Freedom who tells us all about the refugee resettlement now going on across America.

Corcoran confirms what many of us are already figuring out - **we are witnessing an invasion that could easily be set to topple America and it's all being orchestrated by the United Nations and those who would benefit most greatly by an intentionally destabilized America.**

Even some might think it impossible for such a strong and mighty nation like America to be invaded, the latest report from retired Green Beret Jeremiah Johnson goes beyond merely ISIS and a quiet invasion of America as he warns: ["Is China Preparing For A Land Invasion Of The West Coast Of The United States?"](#) The signs are all here - [they're getting ready for something huge](#) - are you?

October 6 at 7:34am ·

This message is from a good friend of mine: Ladies we have some crap going down... The Muslims are here and coming... someone messaged me this message she had seen it in another group ...I think its just about to hit the fan folks. Just got off the phone w my mechanic. He called to let me know he was at the loves at i35 and highway 9 near Norman, Ok. He was listening to his scanner and picked up some OHP chatter, then saw the patrol cars at the loves. They were escorting 6 buses run by village charter services. He stopped to talk to a patrolman and ask what was going on. As they talked he observed middle eastern men, all fighting age (no women or children), getting off the bus and entering the loves w prayer rugs and Korans.

The patrolman told him they were escorting 6 busses of these men to a compound in rush springs. Each bus carries 80 men, and the entire Oklahoma fleet consists of 230 busses all booked for this operation." I started calling my resources and here is what I am finding out... OK I called the station in question as I know it well driving to and from Houston.. A lady answered and I told her who I was and how often I came there I explained that I had heard something about her station...I never said what it was but I know I have spoken to this lady before about prepping...I describe myself and I ask her if she remembers me she said yes you have the GSD Dog!! She said hold on a moment... then she comes back on and whispers and says I get off at 3 pm... they are coming 3-6 busses at a time... filled to the max. they come at 4-7-8 get off and go behind the building then come in and grab drinks ( paid with freshly printed money) and use the restroom and then leave.

Then she said hold on again came back in just a sec and with a different tone and really fast said I can't verify that buses filled with foreigners are stopping here, it hasn't been on my shift.. and hung up on me???

Then she said hold on again came back in just a sec and with a different tone and really fast said I can't verify that buses filled with foreigners are stopping here, it hasn't been on my shift.. and hung up on me???

So I called another person who works border patrol...yep buses are coming through Mexico into Texas and we are told to wave them through... 30-60 buses a day best bet we can figure! Said one of his friends and now friends of the friend followed/have been following them and they stop at small towns at Social Security and Immigration offices just this side of the border...they get off wait 3 or 4 hours and get back on...and off they go...one friend asked them who they were and why they were here.. the man told him we come to America incidentally the bus company located in Tulsa, Salina, Wichita and ok city won't comment ... but the one told me they had fleets of 70 buses at each location. I asked could I rent one or two and he said not for the month of October we are all booked up 2 people now in Military ... high-ranking have no clue and haven't heard about it... called one on West Coast and he said "did you go bike riding this weekend? Our code for high-security alert ... or I can't talk about it now...or at all maybe... but I will see if he calls back later(he is known to) if so I will let you know....Rush Springs OK is one location they were spotted or are hold up for the night.

### **Kansas US: Wichita State University Turns Christian Chapel Into Mosque for Muslim Students**

**Right in the American Heartland, in the state of Kansas, a minority group of Muslim students have succeeded in taking over what used to be the Christian chapel of their university to the dismay of the school's majority Christian population.**

**Ironically, the Muslims gained control of the Christian prayer area with the help of the administrators of Wichita State University (WSU) who, last May, decided to make the university's chapel "faith neutral" to accommodate Muslim students, according to a Fox News report.**

**University officials ordered workers to remove all the pews and the altar inside the Harvey D. Grace Memorial Chapel. Muslim prayer rugs and some portable chairs were then brought inside.**

**In a statement, WSU President John Bardo said the changes were in compliance with the wishes of the chapel's benefactor, Mrs. Harvey D. Grace, who in her last will wrote that "this chapel will be open to all creeds and to all races of people." Guided by this, Bardo said they decided to convert the chapel into a facility "welcoming to all religious groups on campus."**

**But the changes ultimately resulted in a "Christian cleansing," according to Fox News. "Anything remotely related to the décor of a Christian church was given the heave-ho."**

The student alumni and university donors protested the removal of the pews and altar. "Why did they have to take out all the pews?" alum Jean Ann Cusick wrote on Facebook.

But the Muslims now in control of the facility are dismissing the Christian outrage, calling it "Islamophobia," or prejudice against Muslims.

### A Decisive Shift In The Power Balance Has Occurred

The world is beginning to realize that a change in world affairs occurred on September 28 when President Putin of Russia stated in his UN speech that Russia can no longer tolerate Washington's vicious, stupid, and failed policies that have unleashed chaos, which is engulfing the Middle East and now Europe. Two days later, Russia took over the military situation in Syria and began the destruction of the Islamic State forces.

Perhaps among Obama's advisors there are a few who are not drowning in hubris and can understand this change. Sputnik news reports that some high-level security advisors to Obama have advised him to withdraw US military forces from Syria and give up his plan to overthrow Assad. They advised Obama to cooperate with Russia in order to stop the refugee flow that is overwhelming Washington's vassals in Europe. The influx of unwanted peoples is making Europeans aware of the high cost of enabling US foreign policy.

Several commentators, such as Mike Whitney and Stephen Lendman, have concluded, correctly, that there is nothing that Washington can do about Russian actions against the Islamic State. The neoconservatives' plan for a UN no-fly zone over Syria in order to push out the Russians is a pipedream. Indeed, the Russians have already established a de facto no-fly zone.

Putin, without issuing any verbal threats or engaging in any name-calling, has decisively shifted the power balance, and the world knows it.

Washington's response consists of name-calling, bluster and more lies, some of which is echoed by some of Washington's ever more doubtful vassals. The only effect is to demonstrate Washington's impotence.

### **Hungary's Viktor Orban, Sole Voice Of Sanity In The EU, Tells The Truth On Muslim Invasion**

**A listener commented:** If this man is being truthful about protecting Christians, then we truly need to pray for him and Hungary.

**"Everything which is now taking place before our eyes threatens to have explosive consequences for the whole of Europe. Europe's response is madness. We must acknowledge that the European Union's misguided immigration policy is responsible for this situation."**

The voice of truth and common sense has been so long stilled that to hear it given utterance by anyone in government in Europe is startling. Those words of Viktor Orban, Prime Minister of Hungary, **are the first truthful and accurate analysis we have heard from any EU politician of the immigration catastrophe now engulfing our continent. Nor did he confine himself to those remarks.**

**"Those arriving have been raised in another religion and represent a radically different culture. Most of them are not Christians, but Muslims," he added. "This is an important question because Europe and European identity is rooted in Christianity. Is it not worrying in itself that European Christianity is now barely able to keep Europe Christian? There is no alternative, and we have no option but to defend our borders."**  
**To defend Christianity today is to violate the ultimate taboo of the Brussels multiculturalists and the forces of political correctness that promote mass immigration for precisely the objective of eradicating Europe's Christian identity.**

Orban and his Fidesz party have long been a target for demonisation by the cultural Marxist left, ever since it gave Hungary an admirable new constitution.

**When Hillary Clinton, the New York Times, the United Nations and the Brussels kleptocracy all denounce a nation, it is a clear sign that it is doing something good.**

**Hungary has already been invaded – no other term is accurate – by 160,000 migrants this year alone.**

**Where are the genuine refugees, the Iraqi and Syrian Christians at risk of murder by Isil? When did we last see a Christian refugee family featured in the media? Or do Syrian Christian women wear the hijab? If we had not imported 8 million unnecessary immigrants already, we would have plenty of room for terrorised Christians. That would be the truly humanitarian response: rigorously screen the migrants, accept only the Christians (the policy adopted by Cyprus) and send the Muslims to the rich Islamic states such as Saudi Arabia, the United Arab Emirates and Qatar, who are not known to have taken in a single refugee. If Shiite Muslims are in danger from Isil, let Iran admit its co-religionists.**
