Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather reprove them. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, Awake thou that sleepest, and arise from the dead, and Christ shall give thee light. See then that ye walk circumspectly, not as fools, but as wise, Redeeming the time, because the days are evil."

The 1828 Noah Webster Dictionary defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Circumspectly: Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

Matthew 24:24: "...if it were possible, they shall deceive the very elect."

II Corinthians 2:11: "Lest Satan should get an advantage of us: for we are not ignorant of his devices."

II Chronicles 7:14: "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

Bible answers for today:

2Timothy 3:13 But evil men and seducers shall wax worse and worse, deceiving, and being deceived.

Psalms 12:8 The wicked walk on every side, when the vilest men are exalted.

Luke 21:36 Watch ye therefore, and pray always, that ye may be accounted worthy to escape all these things that shall come to pass, and to stand before the Son of man.

John 17:13-17 And now come I to thee; and these things I speak in the world, that they might have my joy fulfilled in themselves. I have given them thy word; and the world hath hated them, because they are not of the world, even as I am not of the world. I pray not that thou shouldest take them out of the world, but that thou shouldest keep them from the evil. They are not of the world, even as I am not of the world. Sanctify them through thy truth: thy word is truth.

November 6, 2012--Dave Hodges--[The Common Sense Show](#)

How does a President who used an ambassador to run guns through the CIA, to al-Qaeda, and then was complicit in his murder and then fired two senior military officers who tried to save the Ambassador's life and then manage to get himself re-elected to the highest office in the land? Well, in a word, ignorance is the answer. I fear that America is about ready to pay a steep price for her slumbering ways.

The abovementioned transgression should be enough to put Obama in irons for the next 30 years but here he is at the helm for another 4 years.

After you read the following short list of Obama transgressions against the Constitution and the American people, ask yourself how safe do you feel with four more years of Obama?

Obama is not even a citizen of the United States, as determined by several researchers including Maricopa County, Arizona Sheriff, Joe Arpaio. Obama's long form birth certificate was declared a forgery.

Under the Obama presidency, America has seen her national debt double and financial collapse is right around the corner. We have seen our allies jump ship in record numbers. We have over half the country on welfare. The Obama administration paid 22 billion dollars to help GM relocate most of its operations to China after the American people bailed GM out in 2008. Half of all college graduates cannot find fulltime work and most are saddled with crippling debt through their predatory college student loans.

Obama has closed a multitude of coal plants, thus making energy prices skyrocket. He has funded Solyndra and Pat Stryker's Abound Solar with our tax money, to the tune of over a billion dollars, and not one kilowatt of solar energy was produced. The President is now leading the newest energy scam in the biofuel industry, namely, algae in which our nation is subsidizing millions, and

soon to be billions to algae proponents including Warren Buffet, George Soros and Al Gore. The one thing that these men don't tell you is that it takes 300 gallons of water to produce one gallon of algae gasoline. And of course, under Obama, gas prices have more than doubled.

Obama's depopulation leanings are expressed in his national health care law which, in one fell swoop, placed nearly 20% of the economy under socialist control. Under Obamacare, birth control services are mandatory. Lifestyles which do not add to the birthrate are honored (eg transsexual) and given preferential treatment by the Obama administration. Obama's health care death panels will help America continue its slide in life-expectancy where we are presently 51st in the world despite spending 10 times more than the next dozen nations combined!

It is clear that Obama is not a Christian and honors every faith but the worship of Jesus Christ. Obama has kneeled at the feet of our enemies and I believe that he ultimately serves humanity's greatest enemy, Satan.

The President pushed for the NDAA which allows him to disappear and murder political opponents and critics such as Andrew Breitbart. Obama's executive order entitled the National Defense Resources Preparedness, allows Obama, at the stroke of the pen, to enact civilian conscription and food confiscation along with the complete control of all industry by government. Under Obama, FEMA camps became operationalized and staffed. Hmm, I wonder why? Additionally, the TSA has taken its VIPR program to the streets in order to sexually assault more Americans in the name of liberty. If Obama has this much power at the end of his first term, what nightmare scenario will come in his second term?

As I have said previously, Obama is an avowed Communist. Former communist party leader, Frank Davis was his father. Obama had his Harvard education paid for and had his political career launched by former Weathermen Underground thugs, Bernardine Dorne and Bill Ayers. Obama was raised to be a communist and now this despot has four more years to make the White House more like Red Square.

The 47% of the people who are on Obama's welfare voted to keep the federal gravy train rolling. Many of the 65% of young adults who cannot find Great Britain on a map, believe Obama when he says we can spend our way out of a depression. We are the victims of our own ignorance.

Nero fiddled while Rome burned. Obama will likely be golfing the day our economy becomes insolvent under his leadership. Obama returns to golf course... Soon the 80-90% of ignorant Americans will soon come to learn what many of us in the alternative media already know, Obama passed the NDAA, The National Resources Preparedness and the death panels of Obamacare for a reason. **Coupled with the fact that Obama has issued ten times more executive orders than all of the Presidents combined in our entire history which sets up the potential for a total dictatorship in his next 4 years in which I predict we will see absolute government by presidential decree.**

10 dire consequences of Obama's re-election victory

by Mike Adams, the Health Ranger, NaturalNews Editor (NaturalNews)

What does an Obama re-election mean for the next four years in America? Now that he's in his second and last term, of course, Obama no longer needs to restrain his

actions according to popularity. He can simply unleash any desirable **executive order and rule by decree**, bypassing Congress as he has frequently promised to do.

This puts America in a very dangerous situation, given Obama's well-demonstrated desire to destroy freedom and liberty in this nation. Remember: Obama is anti health freedom, anti food freedom, anti GMO labeling, anti medical freedom and anti farm freedom. He's the one who issued an executive order claiming government ownership over all farms and farm equipment, in case you forgot that fact.

He's also the guy who just recently issued an executive order merging Homeland Security with local corporate entities to grant the executive branch of government a **power monopoly** over the nation, bypassing the courts and Congress. You probably haven't even heard about that one, because he secretly signed it during Hurricane Sandy.

Given Obama's atrocious track record on freedom during his first four years in the White House, here are my top 10 predictions for the next four years (if America even lasts that long before ripping itself apart):

#1) Huge expansion of TSA and the surveillance state

Watch for TSA to expand its occupation of America by setting up checkpoints on roadways, sporting events, malls and "surprise" locations. Expect to see TSA agents become even more belligerent and lawless as they ramp up their sexual molestation of innocent victims. In the future, the agency will want to track *all* of your daily travels, no matter where you go, according to predictions made by some security experts.

While all eyes were on Hurricane Sandy in the days leading up to the storm's breach on the mainland of the Northeast, the White House was busy devising new ways to enslave Americans under the guise of protecting national security. On October 26, 2012, Barack Obama quietly signed an Executive Order (EO) establishing the so-called *Homeland Security Partnership Council*, a public-private partnership that basically merges the *Department of Homeland Security* (DHS) with local governments and the private sector for the implied purpose of giving the Executive Branch complete and limitless control over the American people.

White House forming nationwide secret police to monitor lives of Americans-- This is precisely the angle being taken with the new EO, except it goes even further in conflating federal power structures with local governments and the private sector. Based on the eery language contained in the EO, the federal government appears ready to begin rapidly expanding its command and control operations at the local level by establishing a vast network of homeland security "partnerships" throughout the country, which will be tasked with reporting back to the central command center and feeding "intelligence" information as requested by federal officials.

[Poll: Nearly One Third Of Americans Would Accept 'TSA Body Cavity Search' in Order to Fly](#)

Paul Joseph Watson--Infowars.com--November 8, 2012

A new survey commissioned by Infowars and conducted by Harris Interactive **has found that almost one third of American adults would accept a "TSA body cavity**

search” in order to fly, with a majority of Americans also feeling a law that would make disobeying a TSA agent in any public place illegal is reasonable.

Transportation Security Administration

The shock results emphasize the level of indignity Americans are willing to tolerate in order to travel.

They also highlight how the TSA's reputation has remained largely intact despite a series of scandals and widespread criticism from innumerable public figures. Those who will trade freedom for security deserves neither.

#2) Expansion of secret arrests of American citizens

Obama secretly signed the NDAA, legalizing the secret arrests of U.S. citizens while denying them due process. Obama also authorized secret "kill lists" that claim to authorize the U.S. government to assassinate targeted individuals.

With his re-election in place, expect Obama to start issuing a mass of "kill orders" that will even start targeting **political opponents**.

#3) Acceleration of national debt blowout and endless fiat currency creation

Under Obama, the national debt experienced a **massive blowout** where Obama added trillions of dollars to the existing debt: www.USdebtclock.org

Right now, Obama is overseeing a trillion dollars a year in additional debt -- an amount that simply cannot be sustained without running smack into a financial catastrophe. It now appears that financial collapse is going to occur under Obama.

#4) Rapid expansion of GMOs and USDA collusion

Monsanto and the biotech corporations have thrived under the Obama administration thanks to USDA collusion and scientific fraud.

Over the next four years, expect GMOs to dominate the U.S. food supply while the Obama White House rejects any effort to try to label GMOs on a national basis.

#5) Increasingly dictatorial government health care

Obamacare will grow like a cancer, pushing Americans into **mandatory vaccinations that inject children with mercury, formaldehyde, MSG and aluminum**.

Look for the Obama administration to wage even more **wars against raw milk freedom**, farm freedom and food freedom, all while requiring yet more foods to be pasteurized or fumigated under the guise of "food safety."

[Freedom Works](#) has put together a list of companies that will be laying off employees as a result of President Barack Obama's health care law:

#6) Immediate surge in sales of guns and ammo

Obama has promised to try to destroy the Second Amendment and deny Americans the liberty to own firearms. With his re-election, expect to see a massive surge in gun sales as more people attempt to stock up in anticipation of gun bans (or government gun confiscation).

"Business is Booming" For Gun Stores After Election

November 8, 2012--**Reports are already coming in that gun sales are booming after the re-election of Barack Obama, with gun manufacturers seeing their stocks soar as the Obama administration moves to ramp up gun control efforts via the United Nations.**

The Obama Administration has openly announced their intent to bring back the Assault Weapons Ban that was "law" for ten years, but this time Dianne Feinstein and the gun-grabbing liberals aren't just restricting new weapons & ammo purchases, but seeking legislation to require arms be turned in and private sales be barred.

It took less than 24 hours. The votes in Florida were still being counted, but with Obama firmly entrenched for four more years, **the U.S. officially went on record this week to support a new round of talks on the UN Arms Trade Treaty.**

Whereas he once told Sarah Brady he was pushing gun control "under the radar," now he can openly launch broadsides against our gun rights.

On Wednesday, the U.S. joined 156 other countries voted to disarm citizens & finalize the treaty in March, 2013. Russia was the only major country to vote against. **The measure now goes to the 193-nation General Assembly for a formal vote where it is expected to pass.**

"MPs and PGA [globalist Parliamentarians for Global Action] legislators all around the world, as well as many of the colleagues with whom we work, are deeply committed to making the ATT [Arms Trade Treaty] a meaningful reality in the near future," PGA president and New Zealand Member of Parliament Ross Robertson said.

"We want a strong ATT and we want it soon. We will move heaven and earth to see that, once it is in place, it is signed, ratified and implemented in all our countries as soon as possible," he added.

Several media outlets have reported that the Obama Administration temporarily withdrew its support for the treaty this year, **amid fears that such support could hurt him in the November elections.** According to Reuters, "Obama feared attacks from Republican rival Mitt Romney."

Gun Owners of America worked with Senator Jerry Moran (R-KS) earlier this year to get 50 other Senators -- some of them Democrats -- to send a letter to the President opposing the treaty.

It was this letter, says Reuters, which prompted the Obama Administration to start “derailing the effort back in July.”

But now, with the President firmly ensconced in Washington for another term, the President is going to press hard for this gun control treaty.

So Gun Owners of America will be working hard with the new Senate to oppose the treaty. And should the President sign it -- and begin lawlessly implementing the treaty through Executive Orders -- GOA will press the House and Senate to begin defunding his efforts.

www.gunowners.org

“Don’t forget that an Illinois senator named Barack Obama was an aggressive advocate for expanding gun control laws, and even voted against legislation giving gun owners an affirmative defense when they use firearms to defend themselves and their families against home invaders and burglars,” writes Larry Bell for Forbes. “That was after he served on a 10-member board of directors of the radically activist anti-gun Joyce Foundation in Chicago which contributed large grants to anti-Second Amendment organizations.”

#7) Accelerated erosion of the Bill of Rights and civil liberties

Under Obama, civil rights, human rights and the Bill of Rights will be rapidly eroded.

This goes hand in hand with **the cancerous growth of government**. As government expands its power and confiscates more economic resources, it simultaneously destroys individual liberties and due process.

This isn't to say that Romney would have been any better, of course. Both candidates were philosophically invested in the rapid expansion of Big Government.

#8) Continued destruction and looting of the U.S. economy

Under Obama, the financial looting of the U.S. economy by the global bankster elite will continue. The same would have been true with Romney, by the way.

Under Obama, America's unemployment rate will continue to head skyward, entitlements will be expanded, and the USA will be plunged into a **tyrannical welfare state** dominated by mindless zombies who have no cognitive grasp of reality.

#9) Employers leaving America

Employers will continue leaving America in droves, hiring offshore workers instead of creating jobs in the USA. And why? Because **employers can't afford to pay Obamacare mandates** and still stay competitive in the global marketplace.

#10) Stepped-up attacks on Christians, veterans and preppers

Returning U.S. veterans, Christians & preppers will continue to be vilified by the Obama administration, to the point where they will be arrested as "terrorists" for engaging in fundamental preparedness strategies such as storing food, water, medicine and ammo. Watch for the liberal media to join the White House in painting them as "dangerous" individuals needing psychiatric medications. Court Upholds Law That Could Imprison Pastors For Preaching Biblical Doctrines

November 3, 2012 By [THE EXALTED TRUTH](#) By [Dave Jolly](#), [lastresistance.com](#)

In 2009, President Barack Obama signed the Hate Crimes Prevention Act into law. The law was pushed by every gay rights organization in the country. They claim that anyone who says anything negative about homosexuality is guilty of bullying them and therefore constitutes a hate crime.

Under the strictest definition of the law, any biblical preaching against sin in general, especially that of homosexuality could be considered hate language and therefore a hate crime. If convicted of the felony offense, a person could spend as much as 10 years in prison.

In 2010, the Hate Crimes Prevention Act's constitutionality was challenged in court by the [American Family Association of Michigan](#) along with several Michigan pastors. The pastors and AFA of Michigan president Gary Glenn actively preached against homosexuality and that it was a sin according to the Bible. They saw the Hate Crimes Prevention Act as a violation of their **constitutional rights for free speech and religion**. Their federal lawsuit was filed against U.S. Attorney General Eric Holder.

Later that year Holder filed for a dismissal of the lawsuit on the grounds of standing and ripeness. Standing and ripeness are legal terms that have to do with their legal ability to file the suit for future circumstances that may or may not ever happen. **A federal district judge granted Holder's request and dismissed the lawsuit.**

The dismissal ruling was appealed to the U.S. Court of Appeals for the Sixth Circuit by Robert Muise, Senior Counsel and Co-Founder of AFLC. Muise argued his case before

the court in January of this year. **The Sixth Circuit also dismissed the case claiming that the plaintiffs did not have proper legal standing to challenge the law.**

[David Yerushalmi](#), another Senior Counsel and Co-Founder of AFLC offered this statement:

“Criminalizing religious opposition to homosexuality while elevating those who engage in homosexual acts to a protected class under federal law is a clear violation of the Constitution and a frightening abuse of federal power.”

This week, the AFLC took steps to have their case heard before the U.S. Supreme Court by filing a writ of certiorari. They are asking the high court to review the lower courts' decisions to dismiss the case that challenges the constitutionality of the Hate Crimes law.

If the Supreme Court rejects the request to hear the case, then the Hate Crimes Prevention Act may and will be used against anyone that says or does anything that a homosexual deems offensive or hurts their pride and self-esteem. Pastors in churches across the country could find themselves facing 10 years in prison for preaching God's Word.

The Hate Crimes Prevention Act protects perverted GLBT crowd from having their feelings hurt, but it does nothing to protect Christians from having someone like a homosexual denigrate their beliefs and feelings. They will still be allowed to say what they want about Jesus Christ or anyone that follows Him and that won't be considered hate language. But tell someone that the Bible says homosexuality is a sin against God and you could go to jail.

This ladies and gentlemen is Obama's agenda and now that he is reelected it will only get worse for us Christians. It will be the first time in our nation's history that Christians will be openly and legally persecuted.

CHRISTIANS ARRESTED FOR PREACHING IN NEW ORLEANS AFTER SUNSET: POLICE VOW TO TARGET CHURCHES NEXT

[Excerpts] A pastor and five members of his ministry team were arrested [September 14] in New Orleans, Louisiana for preaching on Bourbon Street after sunset.

Bourbon Street is located in the French Quarter, and is most known for its preponderance of bars and strip clubs. It is the center of night life in the city and also a tourist attraction during events like **Mardis Gras and the Southern Decadence Festival, which are known for featuring lewd acts in the streets.** Bohn called the area his "mission field" as he has been preaching in the city since 1996. **He said that he engages in evangelistic activity in New Orleans at least three times a week. "Jesus saw the multitudes and was moved with compassion for them.... [Similarly], he's given us a love for the city and the people here," [Pastor Troy] Bohn stated. "Would I be**

willing to go through somebody tossing beer in my face or cursing me out to reach somebody? Yes."

He outlined that last night was typical of most nights as the group began sharing Christ with the crowds. "We had our cross set up, and one young man that works with us [named Logan] was sharing the Gospel," he explained to Christian News Network. "Some of the girls were talking to others." Bohn said that as the preaching went forth, a **sergeant with the New Orleans Police Department approached, and so Bohn asked him what was the matter.**

"[He said,] there's an ordinance against aggressive solicitation and you are under arrest," he recounted. "They began to handcuff Logan and they said, 'We're going to cuff you guys so you can't take off.'"

Bohn said that as the incident unfolded, he heard the **sergeant give the order, "Be sure to find out what church they are with because we are going to start going after these churches."**

"It kind of chilled me," he stated. **"Are we the threat preaching Jesus? No, I kind of like to think that we are holding back the darkness."** Bohn explained that one of the women that was arrested, named Kelsey, was saved during their outreach at Voodoo Fest last October, and now goes out with the group to share Christ with others.

"A young lady had come by [one night] who was working at one of the strip clubs," he recounted. **"Something spoke to her that said, 'Get out of there,' and then she gave her heart to Jesus that night.... She's just a totally changed person."** "There's a lot of Kelseys out there that are just looking for somebody in a dark place," Bohn added. **"So many of the girls are hooked on drugs, abusive situations, and backyard prostitution."**

After the ministry team was placed under arrest, they were all marched down to the precinct house where they were held for one hour. Bohn and two others were charged with violating the ordinance; the others, including both women, were not processed. (Clark, "Christians Arrested for Preaching in New Orleans After Sunset; Police Vow to Target Churches Next," Christian News Network, 9/15/12).

Psalm 94:16&20: "Who will rise up for me against the evildoers? or who will stand up for me against the workers of iniquity?...Shall the throne of iniquity have fellowship with thee, which frameth mischief by a law?"

Isa 59:14 And judgment is turned away backward, and justice standeth afar off: for truth is fallen in the street, and equity cannot enter.

Isa 59:15 Yea, truth faileth; and he [that] departeth from evil maketh himself a prey: and the LORD saw [it], and it displeased him that [there was] no judgment.

Subject: **Casting Crowns: Hidden Luciferians?**

Hello Scott, I've listened to all of your teachings so far on Hidden Luciferians in the Christian Community. Thank you so much for them, they've enabled me to detect other

possible "hidden Luciferians." You're right, it makes sense that Satan would implant his ministers within the church. In fact, Jesus told us to expect "tares amongst the wheat." So, anyway, thank you. I may have found another "Christian" band that may need exposing: Casting Crowns. On the cover of their latest CD (although, to be fair, it's not the final cover), **a member of the band can be clearly seen doing the Masonic "hidden hand" gesture (the same gesture David Jeremiah was caught doing)**. This is a tough one for me because I have liked their music. Do you think it's possible that the member doing the gesture could be the only one who is a hidden Luciferian and not the whole band? What are your thoughts?

The cover can be seen here:

A concert poster for the band Spoon. The band members are shown in a black and white photograph. The word "SPOON" is written in large, bold, red letters across the middle. Below it, the price is listed as \$340 PREVENTA and \$390 DIA EVENTO. The date is 25 Septiembre. The venue is Polyforum Cultural Siqueiros. The poster also includes logos for arts & crafts México, ticket, and eticket, along with the phone number 01 800 ETICKET (3 0 4 2 5 3 8) and the website www.eticket.com.mx.

The cover of Filmfare magazine. The title "FILMFARE" is at the top in large, bold, blue letters. Below it, the text reads "MORE STARS | MORE GLAMOUR | MORE SIZZLE | MORE EXCITEMENT". The main image shows a man in a blue blazer and plaid pants standing next to a woman in a pink blazer and blue skirt. They are on a checkered floor. Text on the cover includes "Baap of all actors, Amitabh Bachchan gets candid", "Karan Johar reveals his darkest secrets", "Woman in love: Vidya Balan", "Exclusive! Bingo!", "Imran-Priyanka explore their fun side", and "Iconic fashion divas: Parveen & Zeenat". There is also a barcode and some small text at the bottom.

Subject: Re: [Listener Comment on Orbs, Ouija Board Pendulums & DC Talk](#)

Greetings in Jesus' mighty name Dr. Scott.

I skipped straight to part 4 because you mentioned orbs.

Wouldn't you believe one of my clients had a ouija board pendulum in his office.

This man called himself a pastor.

I was so bothered spiritually by that demonic tool that at one point I had to stop and ask him what that was doing there. **He said it was just a gift from a witch friend of his. He even bragged saying although the pendulum move on its own, it was not powered by electricity or batteries.**

At a given point, he had to leave his office and I was just there by myself. **The pendulum started to move on its own, left to right, up and down. I was so spiritually bothered by it that in the name of Jesus I rebuked it. Needless to say, it immediately stopped moving. (There is no greater name. Praise the name of our Lord Jesus).**

That following night, I woke up at 3 AM for "no reason" and as I turn from side to side I saw a bright blue glowing orb floating in the middle of my bedroom up in the air. I was not afraid, but I silently stared at it for a few seconds. Then the blue orb flew from the middle of the bedroom, passed by my side and disappeared into the wall next to me.

Since I had never seen or heard of such a thing, I spent the following day in prayer, trying to find out from the Lord what that exactly was. Was it an angel or was it a demon? **Naturally speaking it was hard to tell because the color was so beautiful and it transmitted no particular feelings or emotion (such as goosebumps we get from demonic presence).**

On the following night, I slept like a baby. At breakfast on the next morning, the first thing my wife asked me astonished was: didn't you hear me scream from the top of my lungs last night? **She went on to say that she woke up "for no reason" at about 3am and she saw at the foot of our bed a 13 feet tall hunchback demon looking for something on the floor. She was so terrified by it that she screamed. When the demon actually realized that she was seeing him, it ran by her side of the bed and vanished into the wall next to her. My wife said despite its size and terrible figure, it seemed like it was more terrified of me then I of it.**

On that night, after we came back home from work, I was praying confused and asking the Lord how come that demon had liberty into our house... **It was when the Holy Spirit showed me in a vision, as if I was standing on top of the roof & I was casting out the demon off that Ouija board at my client's office.**

I understood then that that demon had followed me home. Over the next hour, as we preceeded to cast it out completely, the demonic presence was so strong I could barely breathe. But once it was gone and the presence of the Lord came upon us, we haven't had any incidents every since. This happened during last year's winter. Since then, I've also done a great deal of research about orbs, it's colors and meaning, and where they appear. I pretty much agree 100% with everything you said. This is an all out attack from hell against us, **but the gates of hell will not prevail.** Bring it on! (I've also noticed the widespread demonic manifestation of what is called "sleep

paralysis" and "shadow people." The world needs our intervention and spiritual help more than ever).

Also, I wanted to share this following picture. It is the cover of the new album of an alleged Christian artist called **TobyMac**, former DC talk member.

Can you believe it??? Why not call it "Eyes on Him" as in Heb. 12:2...

My Response: Yes I agree and I am posting my teaching on this subject in case you have not heard it yet: [My Testimony and Supernatural Experiences](#)
