Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather reprove them. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest**, and arise from the dead, and Christ shall give thee light. **See then that ye walk circumspectly**, not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Circumspectly: Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

Matthew 24:24: "...if it were possible, they shall deceive **the very elect.**"

II Corinthians 2:11: "Lest Satan should get an advantage of us: for we **are not** ignorant of his devices."

II Chronicles 7:14: "If **my people**, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

Armageddon (from **Hebrew:** [הַר מְגִדּוֹ](#), *Har Megiddo*, lit. *Mount Megiddo*; is, according to the Bible, the site of final battle during the end times tribulation period. The term is also (but should not be) used in a generic sense to refer to any end-of-the-world scenario.

According to most [premillennial](#) Christian interpretations, the [Messiah](#) Jesus Christ will [return to earth](#) and defeat the [Antichrist](#) (the "beast"), [Satan](#) the [Devil](#), in the battle of *Armageddon*. Then

Satan will be put into the "bottomless pit" or [abyss](#) for 1,000 years, known as the [Millennial Age](#). After being released from the abyss, Satan will gather [Gog and Magog](#) (peoples of two specific nations) from the four [corners of the earth](#). They will encamp surrounding the "holy ones" and the "beloved city" (this refers to [Jerusalem](#)). Fire will come down from [God](#), out of [heaven](#) and devour Gog and Magog after the Millennium. The [Devil](#), death, [hell](#), and those not found written in the 'book of life' are then thrown into [Gehenna](#) (the [Lake of Fire](#) burning with brimstone).^[4] The word *Armageddon* appears only once in the [Greek New Testament](#) at [Revelation 16:16](#). The word may come from [Hebrew](#) *har megiddô* (הר מגידו), meaning "Mountain of [Megiddo](#)". "Mount" Megiddo is a [Tell](#) (a type of [archaeological mound](#) created by human occupation and abandonment of a geographical site over many centuries) on which ancient forts were built to guard the main highway, called the [Via Maris](#), which connected [Ancient Egypt](#) with [Mesopotamia](#). Megiddo was the location of various ancient battles, including [one in the 15th century BC](#) and [one in 609 BC](#). Modern [Megiddo](#) is a town approximately 25 miles (40 km) west-southwest of the southern tip of the [Sea of Galilee](#) in the Kishon River area.^[5]

Outline of Biblical Usage --Armageddon = "the hill or city of Megiddo"--In Rev. 16:16 the scene of a the struggle of good and evil which was famous for two great victories, of Barak over the Canaanites, and of Gideon over the Midianites; and for two great disasters, the deaths of Saul and Josiah. Hence in Revelation a place of great slaughter, the scene of a terrible retribution upon the wicked.

APOCALYPSE, n. apoc'alypts. [Gr. from to disclose; and to cover.] **Noah Webster 1828**

Definition: Revelation; discovery; disclosure. The name of a book of the New Testament (more specifically the Book of Revelation), containing many discoveries or predictions respecting the future state of Christianity, written by St. John, in Patmos, near the close of the first century.

[Iran Claims Secret Energy Weapon, Dares Israel To Attack Them Now](#)

Iran dares Israel to attack, because Iran claims the retaliation would send the Jewish state to "the dustbin of history," a senior Revolutionary Guards commander said, according to the Fars news agency Monday. **"Our greatest wish is that they commit such a mistake,"** the chief of the Guards' aerospace division was quoted as saying. **"For some time there has been a hidden energy we hope to expend to consign the enemies of Islam forever to the dustbin of history, "Our ballistic (missile) capacity never ceases to grow,"** he added." he also said. The comments were one of the most belligerent reactions yet by an Iranian official to speculation that Israel was considering launching air strikes on Iranian nuclear facilities.

[Iran Also Making Plans To Nuke U.S. With EMP?](#)

Pentagon estimates show that Iran could have missiles capable of reaching the East Coast of the United States in the months ahead. If the Iranians acquire a nuclear bomb, they might be able to cripple their "Great Satan" even sooner through an electromagnetic pulse, or EMP, attack off America's coastline. **"Within a year of an EMP event, at least two-thirds of the American population would perish from starvation, disease, and societal collapse. It's a high-tech means of killing people the old fashioned way,"** Dr. Peter Vincent Pry, president of EMPact America, explained. A nuclear weapon detonated above the U.S. would emit powerful electromagnetic pulses, **frying America's electrical grid and shutting down necessities from cars to computers to airplanes and refrigerators.** Iranian military handbooks point out the benefits of such an attack. Russia, China, and North Korea also possess EMP technology.

[Gingrich Warns EMP Is Greatest Strategic Threat](#)

In the Republican presidential debate Tuesday on CNN, presidential candidate and former Speaker of the House Newt Gingrich announced a threat to U.S. national security that no other

candidate has discussed and that commentators described as "out of the box" until they researched it for themselves. The potential threat Gingrich referred to was an electromagnetic pulse, or EMP, attack that "would literally destroy the country's capacity to function." Gingrich pointed out that no one is talking about the potential for such an attack to cripple America's critical infrastructure. Business Insider said that "at first, we thought Gingrich had been playing too many video games, but after looking into it, it turns out EMP attacks are actually real and pretty scary."

Russia Retaliates Against US: Puts Radar Station On Combat Alert, Prepares To Take Out European Missile Defense Systems

Tyler Durden on 11/23/2011--Earlier today, we presented the latest developments in the **escalating possibility of an imminent air (and potentially land) campaign targeting Syria by the "western world", a move that would infuriate not only Iran, but also Russia and China, both of which have made it clear they would not sit idly by and let such an "aggression" stand.** Now it is Russia's turn to retaliate. Cutting straight to the chase - in a nationally televised appearance by Russian president Dmitry Medvedev: in response to what the Russian believes is an **active incursion and a potential act of eventual aggression on behalf of NATO countries in Eastern Europe (and hence the US)**, he said the following: "**First, I am instructing the Defense Ministry to immediately put the missile attack early warning radar station in Kaliningrad on combat alert. Second, protective cover of Russia's strategic nuclear weapons, will be reinforced as a priority measure under the programme to develop out air and space defenses. Third, the new strategic ballistic missiles commissioned by the Strategic Missile Forces and the Navy will be equipped with advanced missile defense penetration systems and new highly-effective warheads. Fourth, I have instructed the Armed Forces to draw up measures for disabling missile defense system data and guidance systems if need be... Fifth, if the above measures prove insufficient, the Russian Federation will deploy modern offensive weapon systems in the west and south of the country, ensuring our ability to take out any part of the US missile defense system, in Europe.** That said, he concludes that Russia is still open to dialog. However, if Obama merely intends to bomb any nation at will, we are very much concerned that everything Medvedev has just threatened will be enacted. And exponentially more so when Putin comes back in charge. One thing is certain - Russia is *not* North Korea, and taking this speech for more empty jawboning is probably not the wisest option.

Congress to Vote Next Week on EXPLICITLY Creating a Police State

Washington's Blog

Sunday, November 27, 2011 If You Thought Police Brutality Was Bad ... Wait Until You See What Congress Wants to Do Next Week as Congress will vote on explicitly creating a police state.

The ACLU's Washington legislative office [explains](#):

The Senate is gearing up for a vote on Monday or Tuesday that goes to the very heart of who we are as Americans. **The Senate will be voting on a bill that will direct American military resources not at an enemy shooting at our military in a war zone, but at American citizens and other civilians far from any battlefield — even people in the United States itself.**

The Senate is going to vote on whether Congress **will give this president—and every future president — the power to order the military to pick up and imprison without charge or trial civilians anywhere in the world.**

The power is so broad that even U.S. citizens could be swept up by the military and the military could be used far from any battlefield, even within the United States itself. [The worldwide indefinite detention without charge or trial provision](#) is in S. 1867, the National Defense Authorization Act bill, which will be on the Senate floor on Monday.

In support of this harmful bill, Sen. Lindsey Graham (R-S.C.) explained that **the bill will “basically say in law for the first time that the homeland is part of the battlefield”** and people can be imprisoned without charge or trial “American citizen or not.” Another supporter, Sen. Kelly Ayotte (R-N.H.) also declared that the bill is needed because “America is part of the battlefield.”

The senators pushing the indefinite detention proposal have made their goals very clear that they **want an okay for a worldwide military battlefield, that even extends to your hometown.**

While this is shocking, it is not occurring in a vacuum. Indeed, **it is part of a [30 year-long process](#) of militarization inside our borders and a destruction of the American concepts of limited government and separation of powers.**

Fatal betrayal of America – HR 1505

By Dr. Ed Berry

Now, we will discuss the [last amended version of HR 1505](#). This version of HR 1505 replaces Department of Homeland Security (DHS) with US Customs & Border Protection (CRB). However, it is difficult to accept CRB as divorced from its master.

DHS is a beast with "seven heads."

DHS is [seven agencies](#) wrapped into one:

1. TSA – Transportation Security Administration
2. CBP – US Customs & Border Protection
3. CIS – US Citizenship & Immigration Services
4. ICE – US Immigration & Customs Enforcement
5. SS – US Secret Service
6. FEMA – Federal Emergency Management Agency
7. USCG – US Coast Guard

Neat!

FEMA is the one with the small cages to put you in if you do not behave. TSA is the one that gives you a cancer causing, sterilizing, pornographic body scan or they sexually molest you before you get on an airplane. DHS is the one [adding its sensors to streetlights](#) around America and the promoter of E-Verify and Real ID as a cradle-to-grave biometric tracking system for every American.

Here are some facts:

- **DHS is forming an international surveillance network**
- **DHS is implementing the Real ID program**
- **Real ID originated in the UN International Civil Aviation Organization (ICAO).**
- **Real ID is a United Nations plan to control Americans and to rule the world.**

- **DHS is taking its marching orders from the Southern Poverty Law Center.**

The DHS big plan is to expand E-Verify into a global system. New technology is powerful and will become more powerful. Unless DHS is stopped, it will control your life.

DHS will put your data in the world-wide DHS data banks assisted by DHS partners American Association of Motor Vehicle Administrators (AAMVA) and the International Civil Aviation Organization (ICAO).

The DHS goal is a one-size fits all international identification system using massive data banks that contain individual biometric information on nearly everyone in the world.

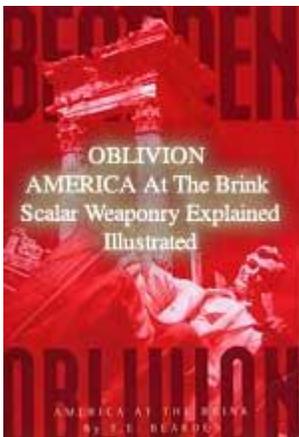

The DHS ordered specific changes to E-Verify to include biometric information and the use of enhanced photographs that measure and analyze the unique identifiable characteristics of a person's face into a numeric code, usable and in compliance with these international databases.

Your identifying facial number code will be read by a computer and they can track your face by cameras worldwide. In addition, DHS has expanded the number of data bases used by E-Verify to check on employees. E-Verify is a central tool to implement an international ID system. With it, the government will watch your every move and your freedom will be gone with the wind.

DHS representatives have openly stated they wish to create a national ID card that tells everything about its owner. DHS would like to implement E-Verify and Real ID using an **RFID microchip placed somewhere in your body where it would be impossible to extract.**

This year the Federal Government has sent out more Federal Disaster alerts than in history!

New World Order planners can simply "dial up" natural disasters whenever they desire since they control the weather of the world through Scalar Electromagnetic Waves.

Remember what Defense Secretary William Cohen warned: "Others (Enemy Scientists) are engaging even in an eco-type of terrorism whereby they can alter the climate, set off earthquakes, volcanoes remotely through the use of electromagnetic waves."

See Scott Johnson's Video Presentation on this subject at: Dr Scott Johnson Avian Fl...

NEWS BRIEF: "[2011 Sets New Record for Federal Disaster Declarations](#)", Insurance Journal, October 3, 2011

"The year 2011 will go down as a record-setting year when it comes to federal disaster declarations, industry analysts say. **With another three months left in 2011, and hurricane season continues until November 30, the number of federal disaster declarations already exceeds 2010's record,** according to the Insurance Information Institute. 'The federal government issued 86 disaster declarations as of September 30, breaking **the previous annual U.S. record total of 81, which was set just last year'**, said Dr. Robert Hartwig, an economist and president of the I.I.I. (Insurance Information Institute).

'The number of U.S. disaster declarations has been trending sharply upward, particularly over the past 15 years', he said."

"The average number of disaster declarations between 1953 and 2010 **was 34 per year.**"

"We're likely to see nearly three times that many by year-end 2011,"

Do not be deceived; the Illuminati Plan calls for natural disasters, as these "Illuminati Card Game" cards prove:

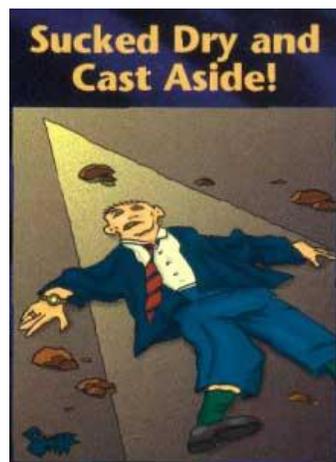

Why are New World Order planners so intent upon increasing the number of natural disasters in the United States? They are wreaking natural disaster havoc for two basic reasons.

- 1) As the Illuminati Card Game states, **each card represents an action the Illuminati is planning to undertake that will weaken and destroy the Old World Order**
- 2) The Illuminati is following the United Nations map which we call "Re-wilding", i.e., **forcing humans off certain huge tracks of land so the area can go back to the wild natural condition before humans built on the land.**

These "natural" disasters over the past decade have occurred on areas of the United States which the U.N. Biodiversity Map indicated as being land where humans will not be allowed to live - period! When Antichrist

arises, he will deceive the people into believing that his brand of New Age Witchcraft is the true religion. He will then issue a proclamation declaring that Mother Gaia is sending these disasters as a way of trying to convince humans to lessen the pressure which this current civilization is placing on her. Antichrist will then issue the order to comply with the U.N. Biodiversity Map.

In the meantime, disasters and threats of disasters are continually being reported, designed to discourage us, to "suck us dry", just as the Illuminati Card pictured to the left describes.

In what ways are the American people being "sucked dry" -- thoroughly discouraged

- 1) Continual natural disasters which wreak death and havoc in local communities
- 2) Wildfires which rage out of control, destroying homes and towns
- 3) Hurricanes and tornados

4) Tidal Waves - tsunamis

5) Continual false declarations of imminent economic collapse - Read our newest article, "**Compilation of False But Scary Economic Collapse Headlines - Beginning in 2001, Continuing through 2005 -- Part 1**", [NEWS2455](http://www.news2455.com).

The Illuminati plans to simply wear the people out by their plan.

Once people across America and across the world are thoroughly discouraged, our old civilization can be dismantled without too many people objecting. After all, they will say, "Things cannot get much worse"!

Nephilim and Fallen Angels, the elephant in the room mainstream Christianity won't discuss

November 14, 2011--by Joshua Berube

I'm going to address a topic that many Christians in the mainstream deem as irrelevant; the Nephilim and fallen angels of Genesis 6:1-4. Most dismiss the topic with such statements as, "what does that have to do with righteous living or being a better Christian?" This passage is rarely addressed, and if so swept under the rug. After all, it has nothing to do with helping me in my Christian walk right? ...Wrong!

Living a righteous life means living in such a way with our **entire** being. Jesus says in Matthew 22:37 to Love the Lord with all of our heart, soul and mind. Note the mention of 'mind'. This means our thoughts should reflect those of the Holy Spirit. **It also means we should harken to the repeated call by Jesus in the Gospels to be mentally prepared for the latter days. This alludes to a psychological state of the mind; ground in the scriptures in mental preparedness for those things which are about to come upon the earth.** **Why have so many modern day Christians dismissed the importance of what the Berean Jews held so sacred; the education of scripture, growing in knowledge as well as the heart?**

If Jesus says something in the Bible, It's time to listen up. Jesus stated in **Matthew 24:37, But as the days of Noe (Noah) [were], so shall also the coming of the Son of man be.** The verses following 37 convey the ways of man in the days of Noah, how they continued in sin right up to the point of when Noah entered the ark. Those latter verses aside, what other events were characteristic of Noah's time?

Genesis 6:1-4 bears testimony to the fallen angels mating with human women to form a hybrid race of beings called the Nephilim. **These were part human, part fallen angel hybrids that had altered DNA. They grew to become giants of enormous strength and ability. The Nephilim were present in the days of Noah, teaching men in the ways of astrology, magic and all kinds of evil.** So as in Noah's days, so shall it be in the days of the coming of the son of man. We're entering into that time now. I want you to ponder the heaviness of this prophetic warning that Jesus Christ spoke unto us. Harken to his words and pay attention, this is very serious. He's trying to warn you of what's coming upon our planet.

What would modern day nephilim look like? You've already been exposed to them in the media ranging from movies,

television to books. No they're not demons or wispy ghost-like forms. They're entities **(in part) the world refers to as aliens, which in my opinion are modern day nephilim, or some type of hybrid with malevolent intentions. They may also look human or come in various other humanoid forms. The truth is, these beings don't just exist in the world of television. They're here and currently exposing themselves to countless masses of people all over the planet. Alien abductions are on the rise and yes, very real. In fact, doctor Roger Leir in Los Angeles has been busy removing implants from the bodies of abductees. The world of science reality is simply masked as science fiction.**

We could very well be on the cusp of a massive alien agenda ushering in the times of the final antichrist. Antichrist aside, **the forces of evil are sneaking into the ranks of many churches, posing as leaders preaching their Gospel.**

Galatians 1:8: **But though we, or an angel from heaven, preach any other gospel unto you than that which we have preached unto you, let him be accursed.**

If you're not educated in the Word, by what bar will you judge their message?

Mat 24:24 For there shall arise false Christs, and false prophets, and shall shew great signs and wonders; insomuch that, if [it were] possible, they shall deceive the very elect.

I always find it so surprising as to why such topics as the nephilim and fallen angels are rarely discussed in mainstream Christian circles. It seems as though Christians are more interested in

ear tickling religious discussions. **Yet all the while very few Bible believing Christian ministers address this elephant in the room...why?....because they think it has nothing to do with righteous living or being a better Christian. (Comment: Personally I think it is fear.)** They couldn't be more wrong. Jesus knew staying silent about the devices of Satan simply leads to keeping believers in the dark and unprepared.

2 Cor. 2:11 Lest Satan should get an advantage of us: for we are not ignorant of his devices.

He didn't want this to happen, thus his reason for warning us of such things in Matthew 24:37 regarding the days of Noah being like the end times.

As a parent, wouldn't you want to warn your son or daughter of such perilous times? Why?... because you care about their well being! Our savior Jesus who loves us and cares about our well being, warned us two thousand years ago of some events that are starting to take place on this planet. He wants us to be mentally prepared as well as spiritually. This should serve as a very serious wake up call. **The fallen angels of Genesis 6:1-4 combined with Matthew 24:37 have everything to do with living a righteous life and being a better Christian. It stresses the importance of living an upright life and the need to be prepared to encounter such things, mentally, psychologically and spiritually.**

Are you prepared for the nephilim?

[Actual UCLA Sanctioned UFO Alien Abduction Experiment](#)

25.10.2011

([Press Release PDF](#))

It has long been theorized that encounters with extraterrestrials are nearly always the result of spontaneous out-of-body experience. The experiment was developed and conducted by [Michael Raduga](#), founder and head of the OOB Research Center. Place and time of the experiment: October 7-9, 2011; UCLA Covel Commons, Los Angeles, California, USA.

Test Subjects

20 volunteers were recruited from both the general population and those who have had **experience in out-of-body travel** or lucid dreaming. Preference was given to those who fall asleep quickly and enjoy sound sleep.

Methods

The method of cycling indirect techniques developed by the OOB Research Center over 2007-2011 was employed in order for test subjects **to achieve an out-of-body experience within the shortest frame of time. The method consists in attempting to separate from the body.** If unsuccessful, the subject then alternates special techniques for 3 to 5 seconds over the course of a minute. If some technique begins to yield results, then the subject should keep with it, intensify the sensations, **and once again try to separate from the body.**

After exiting the body, subjects were instructed to find "extraterrestrials" or UFOs in their room, in neighboring rooms, beyond the window, or outside.

What is "Astral Projection"?--A Christian perspective

Astral projection is the idea that one can, with practice, "project" one's consciousness, soul, or spirit, outside of the body while in a sleeping state.

There are many books and resources that would tell you how this is achieved with much practice. **But what isn't always exposed however, are the negative aspects, and harmful/terrifying experiences and attacks the practice often brings about.**

If one were to think of our fleshly body as an automobile and our spirit as the person inside it driving around, one might gain a more accurate view of astral projection. One would never drive into a known dangerous neighborhood, get out and leave the car unlocked. Yet, with astral projection, this is exactly what people attempt to do. **They try to "get out" of their bodies while asleep and roam around in their spirit. All the while their body remains open and unguarded. It is theorized, in the opinion of this author, that this may be one possible way for demon possession to occur. If one leaves their body, it is a very real possibility for another spirit to come in and occupy it as well.**

Most people who have become involved in this practice have many fears about leaving their body. Remember, fear is many times a good thing. Fear is a God-given **self-protection mechanism**. Fear keeps us from doing stupid things. Fear helps keep us alive. When we stand on a high precipice and look down, why do we feel fear? The answer is obvious--So we don't fall and get killed! Fear is our instinct that tells us we are in danger when our mind is ignoring common sense.

Ecc. 12:6 Or ever the silver cord be loosed, or the golden bowl be broken, or the pitcher be broken at the fountain, or the wheel broken at the cistern.

Ecc. 12:7 Then shall the dust return to the earth as it was: and the spirit shall return unto God who gave it.

Outcome

The majority of subjects underwent at least one full or partial out-of-body experience, while some experienced several. Subjects who became conscious while dreaming were instructed to transform the "lucid dream" into an out-of-body experience by returning to the physical body in order to separate from it.

Visual contact with UFOs or "extraterrestrials": 10 cases for 7 volunteers

(Some other volunteers were close to achieve the same result, **but were unable due to overwhelming fear in the right moment**)

Testimonies:

Alexander N.

After getting myself ready and going to sleep, I woke up and made an attempt – and it worked! I got up from my body in my own room...I lost my bearing and everything naturally became somewhat awkward.

*Not wanting to waste any more time, I tried to find aliens. **Three of them materialized right before my eyes. They seemed more like creatures from the movie "The Thing" than tadpoles with eyes like Princess Jasmine. They wanted to scare me, not to "make contact". As a result, I was extremely frightened and regained awareness in my own body.***

Craig P.

*I took a nap from 10:40 am to 11:20 am. I tried to fall asleep so I could practice upon awakening. I was having difficulties in falling asleep so I thought nothing was going to happen. After awhile I must have fallen asleep as I noticed a floating type of sensation... Things were not very clear so I tried to start looking at objects and feeling them. I told myself to go see aliens. The next scene I was near a mountain in a clearing with trees around it. **There was a space ship. There were two aliens with helmets on. They also had a type of robot with them. It was about 7 ft tall and was silver in color. The aliens did not appear to be friendly.** When the alarm went off I felt like I was 100 miles away and it was difficult to come back to the physical body.*

Michael R.

*I awoke in the middle of the night and recalled that **I needed to try to leave my body and see aliens. Mortal terror suddenly arose within me. I was now in the fetters of sleep paralysis, with high-frequency vibrations coursing through my body and a loud hissing sound filling my ears. I began having second thoughts about going through with the experiment, but was then able to force myself to attempt separation from my body. After that was unsuccessful, I began employing the technique of rotation. Despite the feeling of terror, I was able to spin around and then sit up in bed.***

At that moment, I already somehow felt that THEY were in my room. I made myself open my eyes and I saw a typical-looking extraterrestrial at the other end of my bed: it had a

huge head with large eyes, a small body with thin arms, and dark-green skin. Meanwhile, everything was even more realistic in terms of sensation than in my normal waking state. **The creature turned out to be good-natured.**

**See Scott Johnson's Teaching:
My Testimony and Supernatural Experiences**

Lydia M.

*I get up in the middle of the night and walk around. **Everything is misty, and I see in the corner a large object that looks like a person with a large head and a huge hunch-back. It is hardly moving, yet present. Then I wake up, shocked back into my body.***

Alien Genetic Takeover: The End of Humanity?

COMMENT FROM ALEX JONES: Yes the headline says alien takeover, because it is alien to cross plant, animal, insect and microbial species... and this ill mixing will cause disastrous results. In this video, Alex breaks down how the global takeover might as well be coming from a hostile alien species-- as depicted in John Carpenter's 1982 film 'The Thing'. In fact, such an invader would be hard pressed to wreak more destruction upon the earth's biosphere.

In the film, and its other versions from **1951 and 2011, an uncovered species takes over its host's DNA while outwardly imitating it, threatening to infect the entire planet in a short span.** In the real world, aggressive genetically-modified species are destroying naturally-occurring species while provably causing harm to those who consume GMO foods-- including widespread infertility, cancer and mutations, as demonstrated repeatedly in lab animal studies.

In fact, the real dangers of GMOs, vaccines (loaded with super-viruses, dangerous chemical compounds and other special ingredients) and much more have only begun to unleash their long-term multi-generational harm. The frank reality is that what humanity faces is far worse than anyone could possibly convey in this short presentation.

Complex and controversial emerging legal rulings over gene patents and intellectual property are clearly paving the way for the globalists' 'Thing' mechanism to dominate agriculture, monopolize medicine and profit on mass-death and the unravelling of our planet's genetic inheritance. Those in power hope to retain a privately-controlled continuity through their arctic seed vaults.

Technological solutions will create a two-tier system aiming to enshrine the lives of the elite- with the available enhancements for health and longevity- while allowing further domination and dumbing-down of the masses. A wide-spectrum of ambient soft-kill enviro-additives poison us all.

Cloning, DNA Manipulation & Corrupting The Seed

May 4th, 2008

God made a way for man to be saved from his sin through grace by faith in His Son but He did not make a way for the angels that rebelled or their hybrid offspring/nephilim to be saved. The interpretation of Genesis 6:4 that the Nephilim are half human, half fallen angel makes this very simple to understand. Therefore, a mixture of the two kinds would be a corruption and the result a 'fallen race'. It is interesting that Genesis tells us that 'all flesh' was corrupted in the days of Noah. What does that mean? We know that God destroyed all the animals as well as all people except those brought on the ark with Noah and his family. We will explore this topic further in this study. So by creating these hybrids whether they are human/animal or plant/animal, they are creating a corrupt and defiled race. **It does not matter what the percentage of human verses cow DNA there is, do cows go to heaven?** Frankly, man is messing with things he has no right to manipulate – he is in effect trying to play 'God', which goes right back to the original sin in the garden.
