Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather **reprove** them. **But all things that are reprov'd are made manifest by the light:** for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest,** and arise from the dead, and Christ shall give thee light. **See then that ye walk circumspectly,** not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Circumspectly: Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

Matthew 24:24: "...if it were possible, they shall deceive **the very elect.**"

II Corinthians 2:11: "Lest Satan should get an advantage of us: for we **are not ignorant of his devices.**"

II Chronicles 7:14: "If **my people**, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

DRONE STRIKES ON AMERICANS 'LEGAL'

A confidential Justice Department memo concludes that **the U.S. government can order the killing of American citizens if they are believed to be "senior operational leaders" of al-Qaida or "an associated force" -- even if there is no intelligence indicating they are engaged in an active plot to attack the U.S.**

WHITE HOUSE says Drone Strikes on Americans are 'ETHICAL,' 'WISE'...

White House press secretary said Tuesday **the administration's use of drones is "legal," "ethical," and "wise," at a press briefing following remarks by President Obama.**

Right on Cue: Christopher Dorner Becomes First Official Human Target For Drones on Domestic Soil

Express.co.uk | Police plan to use spy drones in the hunt for a Rambo-style ex-soldier and policeman who has murdered three people and vowed to kill again.

They believe burly, heavily-armed Christopher Dorner is holed-up in the wilderness of California's snow-capped San Bernardino mountains 80 miles east of Los Angeles.

White House: No more information about drone killings will be released to public

Daily Caller--February 7, 2013

White House Press Secretary Jay Carney told reporters Thursday that the Obama administration will not be releasing any more information about the controversial use of drones to kill American citizens.

Cops arrest 10-year-old for bringing toy gun to school...

A 10-year-old Alexandria boy was arrested after police said he brought a toy handgun to school on Tuesday, a day after he showed it to others on a school bus.

The boy, a fifth-grader at Douglas MacArthur Elementary School whose name is not being released, was charged as a juvenile **with brandishing a weapon**, police said. He was also **suspended from school**, and Alexandria City Public Schools Superintendent Morton Sherman said further action is being considered, **including expulsion**.

[Arizona Student Suspended For Having Gun Screen Saver](#) A student in Florence, Arizona was suspended last week because he had a picture of a gun on his computer. The incident is yet another in a long line of ridiculous knee jerk reactions by schools all over the nation in response to the December Sandy Hook shooting.

DHS Raids Gun Collector – Confiscates Nearly 1,500 Guns – No Charges Filed

On Wednesday, the Department of Homeland Security, along with a SWAT team and Bernalillo County sheriff's deputies raided the home of Robert Adams in Albuquerque, New Mexico and, according to a federal search warrant affidavit the raid seized nearly 1,500 firearms from the man's home and business. However, no charges have been filed against him, despite the fact that court documents reveal that agents had been watching Adams for years. Neighbors say that he was a firearms collector and some indicated that he was also a licensed gun seller. <http://freedomoutpost.com/2013/02/dhs-raids-homeowner-confiscates-nearly-1500-guns-no-charges-filed/>

[Rev. Jesse Jackson Says Gun Supporters Are Domestic Terrorists](#)

During an interview with the Wall Street Journal posted on January 30, **the Rev. Jesse Jackson said “anti-government people” espousing what amounts to a “Confederate ideology” will engage in terrorist activities unless the government enacts draconian laws restricting the possession of firearms.**

Jackson said the Second Amendment provides these domestic terrorists with the ability to “do something about how they feel” in their effort to “fight the government.”

The phrase “Confederate ideology” is shorthand for a political philosophy that stresses states' rights (including nullification) and adherence to the Constitution.

New York [Rep. Charlie Rangel](#) said in January that Southern culture – a specific reference to gun culture prevalent in the South – is something that Democrats must work to overcome.

The [Southern Poverty Law Center](#) has also linked Second Amendment activists to terrorists. The organization argues the “radical right” is exploiting the gun rights issue to push a white supremacist political ideology. The SPLC has [worked closely](#) with the Department of Homeland Security. In 2009, a [leaked DHS document](#) revealed the agency's obsession with “Rightwing Extremists.”

In early December, sports columnist Jason Whitlock likened the NRA to the Ku Klux Klan, the racist organization established during Reconstruction by former Confederate soldiers.

Conn Bill Would Require Homeschooler Teens to Get Behavior Assessment!

This proposed bill would **require homeschooled children ages 12, 14, and 17 to have a "behavioral health assessment."** The health care provider performing the assessment would be required to complete a form designed by the State Board of Education verifying that the assessment had been completed.

HSLDA's Position:

This assessment would constitute an unwarranted, gross invasion of family privacy. This bill should be opposed.

Another Alex Jones Warning

A listener forwarded this video from Alex Jones:

On Alex Jones website we read:

Yet more evidence emerges that our universe is a grand simulation created by an intelligent designer

Natural News | by Mike Adams There's a lot of buzz in the news about a **new scientific study that statistically supports the idea that our known universe is actually a grand computer simulation. I've actually written about this several times in articles about consciousness and the nature of reality.**

1Ti 6:20 O Timothy, keep that which is committed to thy trust, avoiding profane [and] vain babblings, and oppositions of science falsely so called:

1Ti 6:21 Which some professing have erred concerning the faith...

This news, by the way, also supports the idea of a Creator who brought this universe — and everything in it — into existence *by design*.

**Comment: Oh you mean like the Ancient Astronaut Theory or Intelligent Design
See my teachings:**

The “Ancient Astronaut” Lie: The Shocking Origin of the “Intelligent Design” Theory

12/28/2007--This is a special study I felt convicted to do after viewing a 27 minute internet video put out by the Raelian cult. **This video does one of the most through jobs of condensing most of the coming “New Age/New World Order” lies that I have ever witnessed.** Most of these lies seem so appealing to the unsaved, for the same reason Eve was seduced by the serpent in the Garden of Eden: Because they promise: “Ye shall be as gods”. If anyone buys into this then all accountability to a Holy God goes out the window & they feel they can live anyway they want. Satan is still “The most subtle best of the field” and he has not changed his tactics as you will see when you listen to this audio. In this teaching I will be playing the sound from this video and stopping to comment along the way so I can ultimately present a full rebuttal to this most egregious heresy. This “Ancient Astronaut” theory is going to unfortunately take many people to hell and is going to be one of the cornerstones of the grand deception the Antichrist will perpetrate.

The Intelligent Design LIE

8/20/2006—In this teaching we will see how ‘Intelligent Design’ is NOT Biblical, **but actually has its original roots in 19th Century Deism; in the New Age Movement; and currently in pseudo-science and mathematics which disbelieves Biblical Creationism.** Yet, most Christians believe that ‘Intelligent Design’ is Biblical! In the 1990's the New Age authors began to teach ‘Interventionist Creation’, in which Aliens came to earth millions of years ago and created Earth as we see it now (including all humans) and then they left. **This heresy has now evolved into the modern day New Age theory that**

supposes that super-intelligent aliens intervened in world history at just the right time to create the world as we know it. Today this theory has a new name (with pseudo-science and mathematics to make the concept believable) the term for this 'new' theory is 'Intelligent Design'. So in other words (in its purest form) this theory teaches that millions of years ago mankind was created by aliens claiming to be the gods of our creation. (AKA: The Ancient Astronaut Theory).

Alex Jones Promoted Movie "Prometheus" Exposed

In the recent movie Prometheus directed and produced by the 'father of film' Ridley Scott we find many connections to literature and common themes **that talk of 'creator gods' descending to Earth in the ancient world.**

As a prequel to the infamous Alien movies, the story commences in the distant past, when a spacecraft with an advanced humanoid alien species (Genetic Engineers) arrive on Earth.

The alien engineer consumes a 'dark liquid', causing his body to disintegrate and fall into a nearby waterfall, hinting at the 'seeding of new life on Earth' literally.

The essence of life in this way is 'visually' conveyed quite graphically as infectious 'codes' (the building blocks of life) passing through the blood and 'DNA' of all life on Earth. Later in the movie we witness the impact of the meddling scientists that go to the place of origin and enter an alien chamber on a distant moon (planet).

The secret of Prometheus is that the elite believe they are attaining godhood and are destined for the stars. Their ancient and occultic views are reflected in the dark themes of Prometheus, the very name of which hints at the quest for eternity and power among a group who think a divine right bestowed by a higher intelligence gives credence to their meddling with the affairs of common man.

Ancient stories from all over the world talk of the 'gods', giants and titans both fighting and ruling over humanity, it's actually quite common once you delve a little deeper into the subject. All over the world many ancient civilizations believed they were in communication with gods that came from the skies. There are ancient records, art and myths that are also connected to these legends of 'sky people' coming down to Earth.

Back to the Main Report:

A new scientific paper published in arXiv and co-authored by Silas Beane from the University of Bonn reveals strong statistical evidence that our reality is, indeed, a grand computer simulation. The title of the paper is [Constraints on the Universe as a Numerical Simulation](#).

[The Nature of Reality](#)

Infowars.com | Alex welcomes journalist and editor of PrisonPlanet.com Paul Joseph Watson to discuss the nature of reality as top research has shown it may be a giant computer simulation.

Comment: So now Alex, his editor Paul Joseph Watson and his buddy Mike Adams are now all on board with ultra new ager David Icke by saying that the universe is most likely a computer/holographic simulation (see: [Is the Universe a Computer Simulation?](#))

He even said he needs to get David Icke on his show to confirm this. He can say he has a relationship with Jesus Christ all day long but his gospel is totally different than that of the Bible. **He co-mingles pseudo-science, new age philosophy and his**

interpretation of the Bible and you cannot do that. I know of no one who has actually gotten saved by listening to his show. He is referencing that godless Paul Watson who is referring to Plato (who is burning in hell) and Dante's Inferno as a basis of truth and fact. **Inferno** (Italian for "Hell") is the first part of **Dante Alighieri's** 14th-century epic poem **Divine Comedy**. It is an **allegory** telling of the journey of Dante through **Hell**, guided by the **Roman** poet **Virgil**. This is soul damning heresy and Alex Jones is only helping people get to hell especially if he stays on this current path and philosophy.

Gal 1:6 I marvel that ye are so soon removed from him that called you into the grace of Christ unto another gospel:

Gal 1:7 Which is not another; but there be some that trouble you, and would pervert the gospel of Christ.

Gal 1:8 But though we, or an angel from heaven, preach any other gospel unto you than that which we have preached unto you, let him be accursed.

Response From Scott Johnson

To: **'Christian**

Subject: **RE: New Alex Jones Video: Humanity's Greatest Secret: Dreams of the Universe**

Amen!! See the attachment. I was also disgusted over Jones constantly using the term "Species" (in this video and frequently during his radio broadcasts) to describe humanity which is the same term the highest level Illuminati use to describe humanity: At the opening session of the UN Conference on Environment and Development (The Earth Summit) Maurice Strong, the **UNCED Secretary-General**, bemoaned the world's "explosive increase in Population" and warned "we have been the most successful species ever; we are now a species out of control. Population must be stabilized and rapidly."

Also his promotion of the cave man races in this video that supposedly lived millions of years ago is a direct endorsement for his belief in Darwinism which obviously totally contradicts the Bible. God created Adam and Eve about 6000 years ago. Not Neanderthal man who evolved from apes that came from the primordial sludge millions of years ago.

Rockefeller Brother Fund: We're Buying Off Evangelicals, Mayors, Governors... For The Earth

Jurriaan Maessen--ExplosiveReports.Com--February 4, 2013

In its [2010 review](#) of grants extended from 2005 to 2010, **the Rockefeller Brothers Fund admits to buying off (quite literally) so-called “non-green voices”- meaning people outside the environmental community- to sell man-made climate change doctrine to their respective communities.**

“(...) foundation dollars extended to support these non-green voices have grown dramatically (...). The RBF has supported “allied voices for climate action” that include businesses, investors, **evangelicals**, farmers, sportsmen, labor, military leaders, national security hawks, veterans, youth, and governors and mayors.”

This is an actual admission by the Rockefeller Brothers Fund of sustained funding for specific segments to promote the “green” cause. In the document we read that **both religious leaders and state/local politicians have been subsidized into selling the myth of manmade global warming.** The report goes on to say that:

The review also describes in some detail how the Fund from 1984 onward **has poured bucket loads of cash into climate change propaganda-efforts, including strengthening the implementation of Agenda 21 up to and exceeding the 1992 Earth Summit agenda.**

Agenda 21 requires the government to curtail your freedom to travel as you please, own a gas-powered car, live in suburbs or rural areas, raise a family and own a farm. Furthermore, it would eliminate your private property rights through eminent domain. Agenda 21 is a two-decade old, grand plan for

global ‘Sustainable Development,’ brought to you from the United Nations.

George H.W. Bush (and 177 other world leaders) agreed to it back in 1992, and in 1995, Bill Clinton signed Executive Order #12858, creating a Presidential Council on ‘Sustainable Development.’ **This effectively pushed the UN plan into America’s large, churning government machine without the need for any review or**

discussion by Congress or the American people. In 1997, George Soros’s Open Society gave ICLEI **over a 2 million dollar grant to support its Local Agenda 21 Project.**

At the closing of the historic 1992 Rio Earth Summit, Conference Secretary-General Maurice Strong, said this:

"Nothing less than the future of our planet as the home for our species and others has been the object of our work. The World will not be the same after this Conference. The prospects for our Earth cannot, must not, be the same. We came here to alter those prospects—we cannot allow those prospects to have come through this process without having been decisively altered and changed to a more promising and sustainable future."

He then enumerated their progress:

Each of the conventions, on climate change and biodiversity have been signed by more than 150 nations

Agenda 21 – still stands as the most comprehensive, most far-reaching and if implemented, the most effective program of international action ever sanctioned by the international community. It is not a final and complete action program, but one which must continue to evolve.

Maurice Strong, opening speech at the 1992 Rio Earth Summit by saying: *"If we don't change, our species will not survive... Frankly, we may get to the point where the only way of saving the world will be for industrial civilization to collapse."* Mr Strong reminded the conference about population pressures. *He said 'Population must be stabilised, and rapidly,' he said. 'If we do not do it, nature will, and much more brutally. We have been the most successful species ever. We are now a species out of control.*

To illustrate that this buying off on a mass scale of so-called "non-green voices" by the Rockefellers is far from an incidental funding-program, we know that the Rockefeller Foundation also actively engaged celebrity-journalists. As far back as the mid seventies the Foundation has been busy buying off reporters and funding media-empires into existence. **Even then "climate change" was actively being promoted as a tragic result of human meddling in the affairs of mother earth. Genetically engineered food was already being pushed as the cure to remedy all ills.** As [The 1974 Rockefeller Foundation journal](#) reports.

Another arm of the octopus, **the United Nations Population Fund (UNFPA) put out a document in 2009 describing specific tricks used by the Fund to reach congregations unwilling to go along with the UN's population control programs:** *"UNFPA has found that leaders of faith - and interfaith - based organizations are open to discussing reproductive health, if issues are addressed with care and sensitivity."*

These "agents of change" should also be recruited to protect and promote the overall agenda "through countering misinformation campaigns and building social support within the governments for the ICPD (International Conference on Population and Development)."

The ultimate goal of these engagement efforts is clearly described:

"Create a conducive socio-cultural environment (impacting on behaviour, attitudes and practices) to ultimately promote and mobilize key communities towards achieving the goals of the ICPD PoA (International Conference on Population and Development Programme of Action) and the MDGs (Millennium Development Goals)."

“The National Religious Partnership on the Environment is an alliance of the US Catholic Conference, Coalition on Environment and Jewish Life, National Council of Churches, and the Evangelical Environmental Network that serves more than 100 million Americans.”

Another UN front, called the Interfaith Partnership for the Environment was admittedly founded in the mid 1980s to, as the UNEP website teaches, “... inform North American congregations about the serious environmental problems facing life on earth.”

The UNFPA, as the enforcement arm of the overall infrastructure, joined with their brother- and sister-agencies in the UN to encircle the world’s religions reminiscent of a pack of hungry wolves:

“Since 2002, UNFPA has emphasized the integration of culturally sensitive approaches into programming efforts. Toward this end, it has worked closely within communities and with local agents of change, including religious leaders.”

The pattern leaves little for the imagination. The old boys are at it again, using their resources to step up the propaganda another notch. **After all, after the discrediting of the global warming contrivance, the globalists will have to increase their flow of ammunition in the infowar if they want to have a chance.**

[ANOTHER STEP TOWARD ROME: “Catholic, Protestant Churches Sign Historic Baptism Agreement” – Recognizing Each Others Baptisms](#)

LTRP Note: This is another big step toward a one-world ecumenical religion (which will someday worship that false christ known as anti-christ).

The fact is that there has never been a place in the Catholic Church for evangelistic crusades and personal decisions for Jesus Christ because every child raised a Catholic is brought up with the belief that he is automatically a true “Christian” because he was baptized Catholic as an infant. In years past, many Anabaptists were burned at the stake because they recognized the fallacy and false assurance associated with infant baptism.–David Dombrowski, from his print

booklet tract, [My Journey Out of Catholicism](#)

By Michael Gryboski--Christian Post

Leaders representing the Roman Catholic Church and some American Protestant denominations have signed an agreement in Texas to recognize each other’s baptisms. After about six years of dialogue, the United States Conference of Catholic Bishops, the Reformed Church in America, Presbyterian Church (U.S.A.), the Christian Reformed Church in North America, and the United Church of Christ signed a document recognizing each other’s liturgical rites of baptism.

The five denominations signed the “Common Agreement on Mutual Recognition of Baptism,” affirming the baptism agreement on Tuesday evening at a prayer service held at St. Mary’s Cathedral in Austin. [Click here](#) to continue reading.

LTRP Note: The film, [The Radicals](#), depicts the persecution believers went through for refusing to compromise. They would not baptize infants.

From [Our Beliefs](#) page: We do not believe in infant baptism, but rather baptism is a public declaration of one’s faith (that is one who is old enough to understand that he has faith in Jesus Christ) – Acts 10:48. If you have never been baptized as either an older child (not an infant) or as an adult, we encourage you to do so as Scripture instructs to

those who believe in the Lord Jesus Christ and have committed their lives to Him by faith through His grace.

Also see Scott Johnson's Teaching: The Importance of Baptism

The pathway towards unification with Rome is becoming more and more apparent to those who can see the coming One World Religion with headquarters in Rome.

Unfortunately, while this is taking place, there are fewer who are willing to point out this sign of the End Times and warn the sheep. For example, those who follow leaders (like them who follow the Purpose Driven model promoted by Rick Warren) claim that "it is better to be known for what you are for than what you are against." In doing so, they close their eyes to the signs that reveal Bible prophecy is underway and become part of the deception that is underway.

All over America, county sheriffs are standing up and promising to protect their citizens' right to keep and bear arms. They are pledging that, not only will they not participate in any federal gun ban, but that they will aggressively oppose any federal agencies that attempt to confiscate the semi-automatic rifles from the people of their counties. Many are even saying that they will arrest any federal agent who attempts to confiscate guns in their counties--any federal law requiring it notwithstanding. To see a sample list of the hundreds of sheriffs who are boldly putting themselves on the front lines of protecting the Second Amendment, go to:

[CSPOA](#)

Now, it is time for pastors to take a stand!

Let me ask readers a question. Those of you who listen to TV and radio pastors, **how many have you heard mention even one time the current effort underway in Washington, D.C., to**

outlaw semi-automatic rifles? How many? One? Two? How many? I dare say that the vast majority of preachers across America have not said one word about it from their pulpits. Not one word!

When the epitaph is written on the tombstone of America, it will read, "Here lies the United States of America: killed by the apathy and indifference of its pastors and churches."

Think about it: **what did the pastors and churches do in 1962 and 1963 when prayer and Bible reading were expelled from America's public schools? The vast majority did nothing. What did the pastors and churches do in 1973 when abortion-on-demand was legalized in this country? The vast majority did nothing. What did the pastors and churches do in 2001 and forward when the federal government began turning America into a giant police state? The vast majority did, and continues to do, nothing. Now here we are in 2013, and the primary attack against the liberties of the American people is the banning and confiscation of our primary defense weapon: the semi-automatic rifle and handguns. And what are the pastors and churches doing? The vast majority are doing nothing.** They are like Sergeant Schultz of the old Hogan's Heroes TV sitcom: "I hear nothing! I see nothing!"

In the early 60s, the battlefield was prayer and Bible reading in school. Pastors and church abandoned the battlefield, and the enemy took the field. In the early 70s, abortion-on-demand was the battlefield. Pastors and churches abandoned the battlefield, and the enemy took the field. In the early 2000s, the creation of a police state was the battlefield (which is still raging), and the vast majority of pastors and churches are nowhere to be found. Now, the enemies of liberty are threatening to make outlaws out of millions of law-abiding citizens who believe in the Second Amendment right to keep and bear arms. This is the point today where "the devil and the world are at the moment attacking." And once again, most pastors and churches are abandoning the battlefield.

If every pastor who, in his heart, believes in the right to keep and bear arms would publically from the pulpit denounce Barack Obama and Dianne Feinstein's attempted gun ban plan, it is almost certain that the politicians at both the State and federal levels would hear the message loud and clear. With apologies to Edmund Burke, the only way evil can triumph is when Christian people--especially pastors--do nothing. Instead of being courageous, as God's men are commissioned to be, so many of them--especially the nationally renowned ones--are busy providing cover for the would-be tyrants in Washington, D.C. Case in point: during a pre-inauguration service for President Obama, nationally-renowned pastor Andy Stanley (son of the famous Charles Stanley) delivered a 12-minute address. During his "sermon," he called Obama "America's Pastor-in-Chief."

Barack Obama is a man who believes in killing innocent unborn babies (How many babies have been murdered in the wombs of their mothers since Obama was first elected back in 2008?); he is a man who, on his own personal orders, has killed nearly 200 children in drone missile attacks (at least two of the children who were killed were Americans). No consent of Congress was ever given. On his word alone, Barack Obama has used drone missiles to kill many times more children than Adam Lanza killed at Sandy Hook.

See Judge Andrew Napolitano's column on this subject at: [Guns And The President](#)
Barack Obama is also the man who is in the process of attempting to take away the

American people's right to keep and bear arms and make us slaves of the state. And still, Andy Stanley has the audacity to call Obama "America's Pastor-in-Chief."

Mr. Stanley, your statement borders on blasphemy!

Pray tell, how is this different from the way the spineless prophets of Old Testament Israel groveled before their wicked kings? And listen to what God inspired His true prophet, Isaiah, to say to these conniving cowards:

"This is a rebellious people, lying children, children that will not hear the law of the LORD: Which say to the seers, See not; and to the prophets, Prophecy not unto us right things, speak unto us smooth things, prophecy deceits: Wherefore thus saith the Holy One of Israel, Because he despise this word, and trust in oppression and perverseness, and stay thereon: Therefore this iniquity shall be to you as a breach ready to fall, swelling out in a high wall, whose breaking cometh suddenly at an instant. And he shall break it as the breaking of the potters' vessel that is broken in pieces; he shall not spare: so that there shall not be found in the bursting of it a sherd to take fire from the hearth, or to take water withal out of the pit." (Isaiah 30: 9, 10, 12-14 KJV)

Bible commentator, Albert Barnes, said the following regarding this passage: "The republic of Israel would be completely ruined, so that there should not be found a man of any description who could aid them.

"The prophecy was fulfilled in the invasion of Jerusalem by the Chaldeans; it had a more signal and awful fulfillment in its destruction by the Romans."

But the church has repeated the apostasy of ancient Israel numerous times. Over and over again, pathetic pastors have groveled before wicked rulers. In his book, *Hitler's Cross*, Erwin Lutzer quotes a German pastor by the name of Julius Leutherser saying the following regarding Adolf Hitler: "Christ has come to us through Hitler. Through his honesty, his faith and his idealism, the Redeemer found us."

And now in 2013, Pastor Andy Stanley calls a man who has the blood of hundreds and thousands of innocents on his hands, "America's Pastor-in-Chief."

But where are the rest of America's pastors? Will they allow their congregants to be turned into criminals by these would-be tyrants in Washington, D.C., who want to disarm them in the face of their enemies? President Barack Obama and his family have 24-hour armed protection, and he even wants that protection for the rest of his life. Senator Dianne Feinstein has armed protection. Mayor Michael Bloomberg has armed protection. But these same people want to strip you and me of the ability to protect and defend ourselves. And most pastors are content to say nothing?

I am issuing a clarion call to all pastors, regardless of denomination or theological persuasion, to stand in their pulpits and publicly denounce Obama's gun ban plan and implore their congregations to NOT surrender their semi-automatic rifles LAW OR NO LAW. I am asking America's pastors to join the hundreds of courageous sheriffs across the country who are vowing to refuse to participate with any gun ban. Pastor, will you join these sheriffs in protecting the Second Amendment liberties of the American people?

Accordingly, I have set up a web page where pastors are able to sign themselves up and go on record (as these sheriffs have done) as vowing to publicly repudiate Obama's gun ban and to publicly implore their congregations to refuse to surrender their semi-automatic rifles.

PASTOR, WILL YOU SIGN UP? WILL YOU PUBLICLY STAND FOR THE CONSTITUTIONAL LIBERTIES OF THE PEOPLE IN YOUR CONGREGATION TO KEEP AND BEAR ARMS?

I am providing the link below where pastors can follow the example of these brave sheriffs and go on record as being willing to oppose the unconstitutional banning of semi-automatic rifles. It is my prayer that there will be multiplied hundreds (even thousands) of patriotic, God-fearing, courageous pastors across America who will take a stand--and take it now!

Here is the link where pastors can join the list with their fellow patriot-preachers who are taking a stand for the Second Amendment and the liberties of their people:

[SecondAmendmentPastors](#)

Furthermore, I invite the men and women who attend church to make sure that your pastor knows about the webpage above and to be sure to encourage him to take his stand.

We lost the prayer and Bible reading battle in the early 60s; we lost the abortion battle in the early 70s; we are losing the police state battle of the 2000s; **we simply cannot lose the battle to keep and bear arms without signing the death warrant of our country. And we cannot win this battle without the help of America's pastors.**

During the reign of Adolf Hitler, three prominent Protestant theologians were dramatically successful in convincing German Protestants to cooperate with Hitler and his genocide of 18 million 'Devalued People'. The Illuminati here in America is using this same tactic, and will most assuredly get the same cooperative response, from the 501c3 corporate churches (who were given their very right to exist via the government/IRS) & who are not versed properly in the true meaning of Romans 13 to know when they are being deceived. Most likely much of the reason genuine Christians will be turned in to authorities is because church leaders (unquestionably submissive to the government) will turn them in.

Will Christian Leaders Compromise on ObamaCare?

Don Boys, Ph.D.

<http://donboys.cstnews.com/will-christian-leaders-finally-compromise-on-obamacare>

A response to my column, “[Catholics Defy ObamaCare! What About Fundamentalist Churches and Universities?](#)” reveals a lack of understanding many people have as to the responsibility of Christians in the face of government intrusion into their ministries.

One critic said that case law amends the Constitution but he is wrong. **If that were true, it would mean that the Constitution would be constantly changing. Case law is a constantly developing body of law which has made new interpretations of law which can be used as a precedent in similar cases. He has it backwards: case law does not amend the Constitution but case law is determined by the Constitution. The Constitution must go through the amending process before it can be changed. Radicals want the Constitution to be "flexible" so that anything can be read into it to justify things like ObamaCare, abortion, homosexuality, etc.** My critic declared, "So all it would take to silence the churches in this country would be for them to all commit hara-kiri as soon as they have less than 100% religious liberty."

No, the church would not be silenced, at least not true churches. It might be one of the best things to happen in America if a thousand preachers went to jail for refusing to obey an oppressive government order. During 1662, over 2,000 preachers in England lost their pulpits or went to jail for refusing to obey the king's order to strictly adhere to the Book of Common Prayer.

In the 1600s, the government of England started losing control of religion in Wales when hundreds of independent churches and chapels were established by nonconformist Independents, Baptists, Quakers, and others. The Nonconformists were gaining too much influence in England and Wales so the King and Parliament decided to bring them under control. The Act of Uniformity of 1662 required all ministers to assent to the rites and liturgy of the Established Church. **In fact, all clergy, college professors, and schoolmasters had to agree with everything in the Book of Common Prayer! All clerics who refused to follow the common prayer book were ejected from the Church. Out of approximately 10,000 preachers throughout the country, about 2,000 were ejected (and some went to jail) but 20% to 25% of the country continued to worship illegally, holding secret services in barns and other unapproved locations. That could happen here.**

I suggest that such courageous action would prove to the cynical world that there are still people who will do what is right if it costs them everything—that was everything: reputation, job, home, business, retirement plan, and personal freedom.

Principled people are not running home; they are fighting in court; they are going on record that they will not obey the law even if they lose in court. Whatever happens in court, they know the end result: they will not obey the law! Wow, that takes courage, character, and commitment to biblical principles. Government officials, judges, media, and politicians have not met many people like that. They

will be shocked when businesses, churches, hospitals, orphanages, schools and other entities are closed by the government and the leaders are marched off to jail!

Some potential compromisers have begun to set the stage (and self-justification) for their eventual compliance by stating that ObamaCare may force them “to violate their consciences,” which is not a biblical response. The principled response is, “I won’t comply whatever the threats or consequences. Period.” No room for negotiation (read: compromise).

Others have said, “Americans have no choice in this matter.” But of course we do. We have the choice to say, “Yes” or “No.” That is a choice.

I have made my decision.
