**Ephesians 5:11, 13-16:** "And have no fellowship with the unfruitful works of darkness, but rather reprove them. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, Awake thou that sleepest, and arise from the dead, and Christ shall give thee light. See then that ye walk circumspectly, not as fools, but as wise, Redeeming the time, because the days are evil."

The 1828 Noah Webster Dictionary defines:

**Reprove:** To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

**Circumspectly:** Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

**Matthew 24:24:** "...if it were possible, they shall deceive the very elect."

**II Corinthians 2:11:** "Lest Satan should get an advantage of us: for we are not ignorant of his devices."

**II Chronicles 7:14:** "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

### **EPIDEMIC: At Least 22 Veterans Commit Suicide Each Day...**

The Fort Hood shooting is an extreme and shocking example of what has become a chronic concern for the military: soldiers with mental-health problems taking their own lives.

And it's not just the active-duty military, which face what has become an increasingly daunting problem.

**At least 22 veterans commit suicide each day, according to the Veterans Affairs Department. This adds up to more than 2,000 veterans killing themselves so far this year alone, and the military community is facing what advocates refer to as a suicide epidemic.**

**++Scott Johnson's testimony regarding this problem**

### **Army Admits Fort Hood Shooter Was on Psychiatric Drugs**

Lt. Gen. Mark A. Milley acknowledged that Fort Hood gunman Ivan Lopez was taking psychiatric medication before the shooting, underscoring yet again the clear and consistent connection between mass shooting incidents and SSRI drugs.

"Was he on any sort of medications....SSRI's, anti-depressants, anything of that nature," a reporter asked Milley, to which the General responded, "He was on medications that's correct." In a subsequent report, officials also admitted that Lopez had been prescribed Ambien, a sleeping pill associated with accidents and aggressive outbursts. 34-year-old Lopez, who shot dead three colleagues and injured 16 others before turning the gun on himself, returned from Iraq suffering from "mental problems," according to officials. **The obvious link between psychiatric drugs and**

**violent outbursts is a common theme that crops up in almost every mass shooting incident, yet the media is routinely loathe to make the connection.**

[After it emerged](#) that Washington Navy Yard shooter Aaron Alexis “had been treated... by the Veterans Administration for his mental problems,” the press showed little interest in discovering what drugs Alexis had been taking. The only medication currently offered by the VA for mental problems are SSRI drugs.

Staff Sgt. Robert Bales was [also taking anti-depressant drugs](#) when he massacred 16 Afghan civilians in 2012. **SSRI medications which are known to cause violent outbursts, are routinely used to treat PTSD, which (in part) explains why there are so many stories about both active duty and returning troops carrying out acts of inexplicable violence on a regular basis.**

Despite it being reported that prescription drugs were found in the apartment of ‘Batman’ shooter James Holmes days after the Aurora massacre, it took nine months to find out exactly what those drugs were. Like Columbine killer Eric Harris, [Holmes had been taking Zoloft, another SSRI drug linked with violent outbursts.](#)

As the website [SSRI Stories](#) **profusely documents, there are literally hundreds of examples of mass shootings, murders and other violent episodes that have been committed by individuals on psychiatric drugs over the past three decades.** The number of cases is staggering, but the media has completely failed to generate a national conversation about the issue due to its obsession with exploiting mass shootings to demonize the second amendment.

Pharmaceutical giants who produce drugs like Zoloft, Prozac and Paxil spend around [\\$2.4 billion dollars a year](#) on direct-to-consumer television advertising every year. By running negative stories about prescription drugs, networks risk losing tens of millions of dollars in ad revenue, which is undoubtedly one of the primary reasons why the connection is habitually downplayed or ignored entirely.

October 5th, 2008 | [Comments Off](#) | Filed in [Dedicated Teachings](#)

Pharmakeia is a form of the Greek root word from which we get our English words: Pharmacy, Pharmacist, and Pharmaceutical. [In the Bible, pharmakeia carried with it the idea of sorcery, occultism, and black magic. It is in this sense that Paul used the term in Galatians 5:20 as the word ‘witchcraft’. In Rev. 9:21 & 18:23 it is translated ‘sorceries’. Do you find it rather disturbing that approximately 60% of the population is taking at least one pharmaceutical drug every day? Some are taking](#)

**up to fifteen and twenty!** We are told that we are living during a time of the greatest medical breakthroughs in the history of the world yet, over one hundred million Americans suffer from various health problems. Why has such a large majority of the world become dependent on pharmaceutical drugs? Perhaps you're one of the hundreds of millions around the world that's ingesting a daily dose of pharmaceutical medicine? **Is it possible that the pharmaceutical/medical cartel has 'disease treatment' and not 'disease cure' in mind? The most powerful German economic corporate emporium in the first half of this century was known as IG Farben, and was nothing more than a powerful cartel of BASF, Bayer, Hoechst, and other German chemical and pharmaceutical companies. IG Farben was the single largest donor to the election campaign of Adolph Hitler & the beginning of the modern day pharmaceutical industry. Zyklon-B, an extermination gas produced by Hoechst, was used to kill millions of innocent people in death camps. The U.S. government's investigation (of all the factors leading to WW2 in 1946) came to the conclusion that without IG Farben the Second World War would of not been possible.**

### **FORT HOOD AND ALL THE OTHER MASS SHOOTINGS ARE MIND CONTROLLED**

**SHOOTERS A comment reads: I believe the latest Ft Hood shooter is another "Programmed Shooter". Once again the shooter kills and wounds several then kills himself. By programming the shooter to kill himself after the spree killing is the best way to prevent a forensic psychologist from deconstructing the original programming. Shooter after mass shooter kills himself or like the Arizona shooter he has a weapon malfunction and is captured trying to kill himself. You would have to be deaf, dumb, and blind not to see the pattern in the mass shootings of recent times. You hear that no one can be made to do anything under hypnosis they would not normally do is total disinformation! There is a famous hypnosis demonstration where a young woman, who dislikes hand guns, is hypnotized. The young woman is programmed to use a prop hand gun to shoot another woman, which she does. When confronted with her actions the subject cannot believe she even handled a hand gun much less could have used it to harm someone.**

**What we are seeing is not random violence! The programmed shooters are programmed to kill for a hidden agenda, which I believe to be gun control and eventual gun confiscation. The evil firearm, an inanimate device, is blamed for the mass death, when in fact more guns (in law abiding citizens hands) equal less violence. If you want to zero in on the real cause of gun violence and mass shootings one only needs to ask who stands to gain from mass shootings. The top of my suspect list is the criminal government who are starting to fear the common people.**

**Subject:** [A Listener Testimony regarding military experimental vaccines](#)

Due to the audios you have provided me and shared I wanted to share this with you. Before I was saved back in 2001, **I decided to join the navy...I will never forget what I had to go through when i reached The Great Lakes Training center in Illinois, when I graduated and when I reached my station in Puget Sound.**

Now I believe by the grace of God, Lord and Savior Jesus Christ **with all the stuff that was injected into me forcefully I was fully delivered from most side effects or other dangers from these poisons but I believe it also came with a price as far as some damage; for one I have constant shaking in my right arm (very light now) and essentially all the places i been jabbed I have psoriasis type sores on me which are basically scars now....** Now when I first got to basic I went through the regular yelling and screaming from the drill instructors on our way to the med lab, this was our very first stop after we were rushed off the bus, and were accompanied by a slew of medical doctors and looking around **I couldn't believe what I saw and each examination booths had on its table 17 different syringes and yes it was 17 different types of vaccinations and I know for sure one of them was to "protect" from anthrax I forgot the actual name of it and 6 different flu vaccinations the other 10 was unknown they didnt tell me anything when i asked all I got is "these will be beneficial for you," (exact words from the MD).**

**Comment: Bill Clinton issued Executive Order 13139 on September 30, 1999. It denies servicemen the right to refuse experimental vaccines that are "not yet approved by the FDA for its intended use," and denies them the right to be even be provided with informed consent of what they are receiving.**

It didn't stop there as after graduation we went through two more weeks of actual schooling and **were required to get 5 more UNKNOWN shots and after I reached the USS Sacramento again i was injected 14 more times &...I didn't get one answer from any one as to what these were, all I got was severe illness, lack of strength numerous times, vomiting blood and many days where I would be in a constant state of a brain dead stare into space zombie basically.** To this day i still don't know what these poisons actually where but I firmly believe as being a former guinea pig that these where all trial vaccinations to later being placed into the public....**Now this was back in 2001 so who knows what there experimenting with now but I can almost believe that these swine flu vaccines (and any other newer vaccines they have brought out since 2001) were in use when I was jabbed a total**

**36 times in one year and many others were as well and all but 6 different flu shots they never told any of us what they were or what they were suppose to prevent**

Thank you for reading this and feel free to share this on a future teaching, this is real, i experienced it firsthand that they actually do this. We are the governments lab guinea pigs when we enlist and i can't imagine how worse it has gotten 11 years later  
God bless you and yours

## **GET OUT OF THE MILITARY, DON'T ENLIST--By: Devvy Kidd**

September 1, 2013--NewsWithViews.com-- **For those unfamiliar with my personal life, I'm married to a retired U.S. Army Colonel who spent 27 years in honorable service. This report isn't about hating members of our military, it's about the planned, internal destruction of our armed forces - morally and spiritually.**

**Only someone who hasn't been following what's been going on in our military can deny the deliberate attack on Christians serving in uniform -- especially since the "Don't ask, don't tell" policy was done away with allowing sexual deviants to flaunt their sin and filth.** While we have always supported our troops, that was it for our family. **Only a fool couldn't see what would happen once sodomites and lesbians were let out of their closets:**

**Navy HIV infections, already high, continue to rise**

**Every one of those heterosexual men raped by a sodomite now faces years of stress and anxiety waiting to see if he has contracted HIV/AIDS. So do their girl friends and wives. This is what was unleashed by even allowing sexual deviants to serve in the military under DADT. **Let's not forget about blood transfusions in combat zones. Why should a member of our military married or not, & be forced to live with stress and anxiety for years if they received blood on the battlefield? ...I have broached this subject many times, but it boils down to this:

Pro      The LORD hath made all *things* for himself: yea, even the wicked for the day  
16:4      of evil.

I don't understand this concept either but that is why the Bible says:

Isa      For as the heavens are higher than the earth, so are my ways higher than your  
55:9      ways, and my thoughts than your thoughts.

1Co      For now we see through a glass, darkly; but then face to face: now I know in  
13:12      part; but then shall I know even as also I am known.

I did talk about this concept at length in this teaching:

Subject: **Listener Comment & My Response on: "Faith & Works"**

Let me give you an analogy. If salvation is a new car given freely (upon repentance) then works are the fuel that keep the car running. You keep telling people who have got this new car that they don't need fuel to purchase it. What's the point? They still need the fuel to keep it running. Worse, you tell them that even when they purchase any fuel it's no good (filthy rags). Result? Sooner or later they are going to stop purchasing fuel and the car will fall into disrepair and become useless.... **You are twisting my words! I have said many times that good works should follow salvation & that we will bear good fruit from our conversion. It's just not to trust in good works to save you, like 99% of people out there do whatever ever religion they may follow. In other words that is a much bigger problem overall all (meaning trusting in your good works to get you into heaven, Nirvana, paradise, hell, etc..) than good works following the salvation of a true born again Christian. Now this a very important**

subject though but just because I mention a point in passing and don't cover every aspect of that point (as I have done so many other times) doesn't mean I don't teach what you are accusing me of.

Lets look at some of the verses in the Bible that deal with this subject:

**TOOLS** [Rom 3:27](#) Where *is* boasting then? It is excluded. By what law? **of works?**  
Nay: **but by the law of faith.**

**TOOLS** [Rom 9:32](#) Wherefore? **Because they sought it not by faith, but as it were by the works of the law. For they stumbled at that stumblingstone; Knowing that a man is not justified by the works of the law, but by the faith of Jesus Christ, even we have believed in Jesus Christ, that we might be justified by the faith of Christ, and not by the works of the law: for by the works of the law shall no flesh be justified.**

**TOOLS** [Gal 2:16](#)

**TOOLS** [Gal 3:2](#) This only would I learn of you, **Received ye the Spirit by the works of the law, or by the hearing of faith?**

**TOOLS** [Gal 3:5](#) He therefore that ministereth to you the Spirit, and worketh miracles among you, **doeth he it by the works of the law, or by the hearing of faith?**

**TOOLS** [Heb 6:1](#) Therefore leaving the principles of the doctrine of Christ, let us go on unto perfection; **not laying again the foundation of repentance from dead works, and of faith toward God,**

**TOOLS** [Jas 2:17](#) **Even so faith, if it hath not works, is dead, being alone.**

**TOOLS** [Jas 2:18](#) Yea, a man may say, Thou hast faith, and I have works: shew me thy faith without thy works, **and I will shew thee my faith by my works.**

**TOOLS** [Jas 2:22](#) Seest thou **how faith wrought with his works, and by works was faith made perfect?**

**TOOLS** [Jas 2:24](#) Ye see then how that by works a man is justified, and not by faith **only.**

**TOOLS** [Jas 2:26](#) For as the body without the spirit is dead, **so faith without works is dead also.**

**TOOLS** [Gal 5:22](#) **But the fruit of the Spirit is love, joy, peace, longsuffering, gentleness, goodness, faith,**

**TOOLS** [Gal 5:23](#) **Meekness, temperance: against such there is no law.**

**TOOLS** [1Pe 4:8](#) **And above all things have fervent charity among yourselves: for charity shall cover the multitude of sins.**

**TOOLS** [2Co 5:10](#) **For we must all appear before the judgment seat of Christ; that every one may receive the things done in his body, according to that he hath done, whether it be good or bad.**

**TOOLS** [1Co](#) **For other foundation can no man lay than that is laid, which is**

- 3:11** **Jesus Christ.**
- TOOLS** **1Co** **3:12** **Now if any man build upon this foundation gold, silver, precious stones, wood, hay, stubble;**
- TOOLS** **1Co** **3:13** **Every man's work shall be made manifest: for the day shall declare it, because it shall be revealed by fire; and the fire shall try every man's work of what sort it is.**
- TOOLS** **1Co** **3:14** **If any man's work abide which he hath built thereupon, he shall receive a reward.**
- TOOLS** **1Co** **3:15** **If any man's work shall be burned, he shall suffer loss: but he himself shall be saved; yet so as by fire.**

**++ A terrifying fight against the deadliest virus on Earth: Medic reveals true horror of Ebola outbreak as incurable disease liquefies victims from the inside**  
 2 April 2014 | **A medic has spoken of the horrific scenes witnessed by emergency doctors and nurses in the fight against the deadly Ebola outbreak in Guinea.**

Naoufel Dridi, who works with humanitarian charity (MSF), described the suffering by patients struck down by the tropical virus, and the difficulties facing aid workers as they attempt to treat those suffering.

**in Guekedou, southern Guinea**

The number of suspected cases in Guinea has now reached 122, and at least 80 people are believed to have died.

'You can be helping somebody by getting them a juice, or a glass of cold water, or whatever he wants because you know really he has very little chance to survive, and then less than an hour later he is dead,' Mr Dridi told the [Daily Telegraph](#).

'Then when you are putting his body in the bag, another one behind you has died. Then another one.' Ebola is passed onto humans from animals - especially fruit bats - and often breaks out near rainforests in central and western Africa.

He has been helping coordinate the charity's relief work in the West African country and said that in his 13 years working with MSF he had never had to cope with the number of deaths in such a short space of time. <<Health specialists work in an isolation ward for patients at the Médecins Sans Frontières facility

MSF staff have been wearing full protective clothing to help prevent the spread of disease **and have made it clear to local medics that there are no drugs to treat the virus.**

Patients who develop the severe acute virus are often suddenly subjected to fever, muscle pain, headaches and sore throats, followed by vomiting, diarrhea, rashes, impaired kidney and liver function.

In some cases sufferers experience both internal and external bleeding, and the highly contagious, and painful illness, can be passed on to humans through contact with the bodies of people killed by the virus.

**There is no cure for the virus, and no vaccine which can protect against it.**

The Ebola outbreak is the first of its kind in West Africa in two decades, and the first ever in Guinea.

**Other West African countries, including neighbouring Sierra Leone and Liberia where suspected cases have also been detected -**

**are now scrambling to bring the outbreak under control, with many of them imposing health and travel restrictions.**

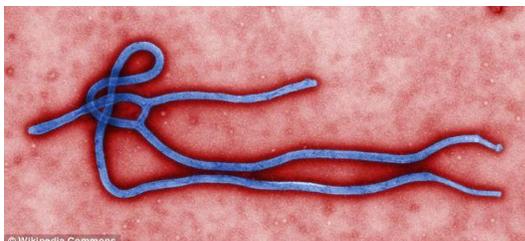

Morocco has imposed strict controls to stop the disease spreading into the country, and Saudi Arabia's health ministry has recommended that its government stop issuing visas to Muslim pilgrims from Guinea and Liberia from visiting its **un**holy sites.

**'They know we can only treat the symptoms, not the virus. Whether that person survives or not is only down to whether the body reacts well and fights the illness,'** said Mr Drdi, who has now returned to the MSF headquarters in Switzerland.

MSF have warned **they face an uphill task to battle the virus because the infections are scattered across several locations, most worryingly in Guinea's densely populated capital Conakry.**

**MSF Director General Jochum said it was remarkable that the outbreak had spread to several places and to a city of around two million people, Conakry.**

**'These two characteristics make it an exceptional event for an Ebola outbreak up until today,'** Mr Jochum said, adding that given the high mortality rates among identified cases, it should be taken extremely seriously.

**<<Ebola Virus Under a Microscope:**

Liberia's Senate on Tuesday agreed that the government should declare a state of emergency that would lead to the closure of the country's borders.

'Liberia should close her borders with all the three countries which are sharing borders with us - Guinea, Sierra Leone and Ivory Coast,' said Senator Sando Johnson.

### The Ebola Outbreak Is Spreading: Pray to God It Doesn't Hitch A Ride To The West

The Ebola outbreak in Guinea has reached the capital Conakry. The strain has been confirmed as Ebola Zaire, the worst of the five known strains.

\* Ebola Zaire: 80-90% fatal

\* Ebola Sudan: 50% fatal

\* Ebola Bundibugyo: 25% fatal

With an incubation time between 4 and 21 days, the amount of infected people is considerable. Public transport is often overloaded and crowded living conditions give the disease ample opportunity to spread.

The fatality rate in the current outbreak is

63%.

Ebola can be passed in all body secretions including sweat and can be passed to people via inappropriate handling of corpses. It can be passed via wildlife, either by a biting or scratching injury or by eating an infected animal.

What governments and clinicians fear is a person incubating Ebola travelling through an international airport, infecting people from around the globe, before boarding their flight. With the average incubation taking 16 days tracing contacts of an infected individual would be a logistical nightmare. Many believe it would be an impossible task as airports only hold names of those booked on flights, not friends and relatives who are seeing them, and thousands of others off on their journeys.

After three decades in the health care environment I am not easily scared by bacteria and viruses. Out of all the diseases that are capable of doing us harm, Ebola scares me the most, in fact it terrifies me. If there is just one confirmed case in the UK me and mine are in lockdown until I am certain there are no further cases.

[Angry mob attacks treatment center...](#)

CONAKRY (Reuters) - An angry crowd attacked a treatment center in Guinea on Friday where staff from (MSF) were working to contain an outbreak of the deadly Ebola virus, forcing it to shut down, a spokesman for the medical charity said.

"We have evacuated all our staff and closed the treatment center," Sam Taylor told Reuters, **adding that the attackers in Macenta had accused MSF of bringing the disease to the southeastern town.**

"We have the full support of the local leaders and we're working with the authorities to try and resolve this problem as quickly as possible so we can start treating people again," he said, declining to give further details of the incident.

### [Mali suspects first Ebola cases as regional death toll tops 90...](#)

**Outbreak is a 1995 American medical disaster film** directed by Wolfgang Petersen. The film stars Dustin Hoffman, Rene Russo and Morgan Freeman and co-stars Cuba Gooding, Jr., Kevin Spacey, Donald Sutherland and Patrick Dempsey.

The film focuses on an outbreak of a fictional **Ebola-like virus** called **Motaba** in **Zaire** and later in a small town in the United States. **Outbreak's plot speculates how far military and civilian agencies might go to contain the spread of a deadly contagion.**

**Note:** The Ebola virus got its name from a river in the Democratic Republic of the Congo (formerly Zaire), in Africa, where it was first recognized. The Ebola virus first emerged in 1976 in outbreaks of Ebola hemorrhagic fever in Zaire and Sudan.<sup>[131]</sup> The strain of Ebola that broke out in Zaire has one of the highest case fatality rates of any human pathogenic virus, roughly 90%.<sup>[132]</sup> The exact origin, locations, and natural habitat (known as the natural reservoir) of Ebola virus remain unknown; however, on the basis of available evidence, and the nature of similar viruses, researchers believe that the virus is (animal-borne) and is normally maintained in an animal host that is native to the African continent. Ebola research scientists continue to search for the exact animal host. The Philippines was the source on an Ebola virus outbreak that reached U.S. shores in 1989 — but that outbreak was confined to monkeys imported from the Philippines and held in a quarantine center in Reston, Virginia, outside of Washington D.C. Imported monkeys must be quarantined for 30 days before being released to their destinations.

The film raised various "what-if" scenarios & subsequently media outlets began to question **what the government would really do in a similar situation and if the CDC has plans in case an outbreak ever does occur. A real-life outbreak of the Ebola virus occurred in Zaire only a few months after the film was released.**<sup>[1]</sup>

### **US Licensing LIVE Rabies Based EBOLA Vaccine, Preps Pandemic Quarantine Stations & Injury Fund**

**Just in time for the most recent outbreak of Ebola in Africa, which potentially has already spread into North America via Canada, the National Institute for Health is licensing a Rabies based Ebola vaccine produced by Exxell Bio. The trivalent filovirus vaccine is based on a killed rabies virus virions for use in humans to confer protection from all medically relevant filoviruses and RABV. Live attenuated vaccines have been developed for use in nonhuman primate populations in Africa and inactivated vaccines have been developed for use in humans." Basically, what they have done here is taken the Rabies virus and altered its exterior coating to contain Ebola proteins. So if all works as planned, the person vaccinated is**

**"Zombie Virus" Possible via Rabies-Flu Hybrid?**

**[National Geographic News](#) Published October 27, 2010**

**In the zombie flicks *28 Days Later* and *I Am Legend*, an unstoppable viral plague sweeps across humanity, transforming people into mindless monsters with cannibalistic tendencies.**

Certain viruses can induce such aggressive, zombie-like behavior, scientists say in the new [National Geographic Channel](#) documentary *The Truth Behind Zombies*, premiering Saturday at 10 p.m..

For instance, rabies—a viral disease that infects the central nervous system—can drive people to be violently mad, according to Samita Andreansky, a virologist at the University of Miami's Miller School of Medicine in Florida who also appears in the documentary.

**Combine rabies with the ability of a flu virus to spread quickly through the air, and you might have the makings of a zombie apocalypse.**

**See Scott Johnson's Teachings on This Subject Here:**

<http://www.contendingfortruth.com/?s=zombie>

Unlike movie zombies, which become reanimated almost immediately after infection, the first signs a human has rabies—such as anxiety, confusion, hallucinations, and paralysis—don't typically appear for ten days to a year, as the virus incubates inside the body.

**Once rabies sets in, though, it's fatal within a week if left untreated.**

**If the genetic code of the rabies virus experienced enough changes, or mutations, its incubation time could be reduced dramatically, scientists say.**

Many viruses have naturally high mutation rates and constantly change as a means of evading or bypassing the defenses of their hosts.

There are various ways viral mutations can occur, for example through copying mistakes during gene replication or damage from ultraviolet light.

(Related: "[New, Fast-Evolving Rabies Virus Found—and Spreading.](#)")

"If a rabies virus can mutate fast enough, it could cause infection within an hour or a few hours. That's entirely plausible," Andreansky said.

**Vaccine warfare! Texas air-drops rabies vaccine packets over 7,000 sq. miles area**

**Mike Adams--[Natural News](#)--January 19, 2012**

(NaturalNews) The **weaponization of vaccines just took another leap forward in America with the recent air-**

dropping of rabies vaccines by the Texas Department of State Health Services. Using a battery of small planes based out of Del Rio, Texas recently dropped **1.8 million edible vaccine packets** over 7,700 square miles of rural Texas.

The packets contain edible rabies vaccines dipped in fish oil and coated with fish meal to entice foxes and coyotes to eat them. Once consumed, the animal is “vaccinated” against rabies, researchers claim.

Of course, what these researchers don't yet understand in their scientific ignorance (and arrogance) is that they are also engaged in a **rabies DNA / RNA bombardment of Texas**. As even the Institute of Medicine has admitted, MMR vaccines for use in humans actually *cause measles* because many of the vaccines contain **live viral strains**. ([http://www.naturalnews.com/033447\\_Institute\\_of\\_Medicine\\_vaccines.html](http://www.naturalnews.com/033447_Institute_of_Medicine_vaccines.html))

Vaccine manufacturing is conducted under such poor quality control today that **vaccines are routinely shipped out the door containing viable viral strains** that often infect and sometimes even kill human victims. For example, in 2009 Baxter Pharmaceuticals was caught red-handed shipping out live avian flu viruses to 18 countries (<http://www.naturalnews.com/025760.html>).

What Texas Dept. of State Health Services workers probably don't yet grasp is that **vaccine manufacturers routinely use vaccines to spread the very disease they claim to be preventing**. By injecting live rabies strains into a small percentage of the vaccines dropped on Texas (say, one percent), they are effectively engaging in a **DNA carpet-bombing run** that will absolutely guarantee rabies continues to remain endemic throughout feral animal populations in the state. This, of course, will result in yet more rabies vaccines being purchased to “combat the problem,” thereby achieving the goal of the entire scam: **To sell more vaccines to the government.**

This air-dropping of vaccines over Texas is all part of the **militarization of modern medicine** taking place today. In just the past few months, we've seen the AMA calling for “mandatory participation” in vaccine trials, where you would be “volunteered” by the government to be injected with an experiment vaccine, at threat of arrest (<http://www.prisonplanet.com/ama-journal-make-participation-in-vaccine-tri...>).

We've also seen cases where police have been called and CPS workers threatened to take children away from parents who refused to vaccinate their children (<http://www.infowars.com/doctor-calls-police-child-services-on-mother-who-...>).

**The Bill & Melinda Gates Foundation has already conducted bizarre experiments on genetically engineered mosquitoes that carry vaccines to be silently injected into unsuspecting humans and have also invested heavily in a covert vaccination technology that could vaccinate you with a spray mist used at airport security checkpoints**

([http://www.naturalnews.com/028887\\_vaccines\\_Bill\\_Gates.html](http://www.naturalnews.com/028887_vaccines_Bill_Gates.html)).

As these examples show, vaccines are increasingly being used in the context of weapons: air-dropped, covertly injected or even forcibly injected at gunpoint. These are signs of a **system of medicine that operates like a police state**, where people are stripped of their rights and freedoms “for the good of society.” The individual is sacrificed, in other words, to serve the interests of the state. **Such a philosophy is fully consistent with the entire history of secret government-funded medical experiments** against blacks (Tuskegee), Guatemalans

([http://www.naturalnews.com/033483\\_Guatemalan\\_prisoners\\_medical\\_experiments.html](http://www.naturalnews.com/033483_Guatemalan_prisoners_medical_experiments.html)), and even criminal medical experiments involving Dr. Jonas Salk and the polio vaccine

([http://www.naturalnews.com/031564\\_Jonas\\_Salk\\_medical\\_experiments.html](http://www.naturalnews.com/031564_Jonas_Salk_medical_experiments.html)).

Here’s a list of just a few of the criminal, inhuman medical experiments that have been conducted on innocent people by the U.S. government:

[http://www.naturalnews.com/022383\\_research\\_experiments.html](http://www.naturalnews.com/022383_research_experiments.html)

All this adds up to classic **eugenics** — especially given that vaccines in humans are strongly tied to lifelong infertility, spontaneous abortions and birth defects. It’s all part of a human de-population agenda that Bill Gates has openly admitted to in his public speeches about “reducing world population” with the help of vaccines

### **'I Am Legend' and the Depopulation Agenda**

The film “I Am Legend” foresees the following:

1. Massive population reduction
2. The planned release of a mega plague, under the disguise of a miracle cure
3. A military quarantine engineered to maximize (not minimize) the death toll.
4. A genetically re-engineered human race.
5. The rise of a false savior that will seek to “restore” humanity with his own blood and death.

## US Government Showing Major Concern For A Devastating ZERO DAY Pandemic Exploit

**The US Government [USG] is showing great concern that a nationally devastating pandemic may be at hand. Specifically USG is preparing for a zero day exploit of a transmittable pathogen with no known cure or available vaccination. In that regard, USG is taking the following steps.**

- 1) The CDC is upgrading capacity and capability at Quarantine Stations throughout the United States.**
- 2) USG is prepping CDC, HHS, etc., to relocate and continue operations within 12 hours of their primary operating locations being wiped out.**
- 3) USG is now maintaining a year round stockpile of vaccine producing eggs, for the sole purpose of rapidly responding to Zero Day threats.**
- 4) CDC has accepted an UNSOLICITED proposal from Genentech for a nationwide proprietary antiviral distribution network.**
- 5) USG is tying in all pandemic operations and public health operations across all levels of government with law enforcement via the Department of Homeland Security**

The only thing we really know for sure is that Biomedical industry is getting a lot of money and near term job security thrown at it via tax payer dollars, and that kind of money is not spent **without some sort of potential medical mandate being forced upon the citizenry.**

If we had to make a guess, it would appear that the world's players are pre positioning the men and equipment on their chess boards in preparation for the outbreak of World War III. And seemingly, as part of USG's chess preparation, it involves readying for the first volleys (natural or otherwise) **of that conflict to be biological in nature.**

**EBOLA:** (See: Marburg Virus disease)

**MARBURG VIRUS DISEASE**

**Invive 5000ppm Mild Silver Protein** - ++When combating an advancing Presentation of Ebola within the subject individual, it is "MANDATORY" to maintain a "STEADY STATE" of Silver in your bloodstream via 15 cc (or 3 tsp.) of 5,000 every 4 hours= 6 times per day for adults of 120 lbs and up, (but reduced for children via percentage of their bodyweight in relation to 120 lbs.). Comment: I do not agree with the vaccine listed for the reasons we just listed in this document regarding the rabies vaccine. I believe those recommendations were put there by Invive to appease the FDA. For the reasons we have previously stated it is apparent whatever the government offers as a solution or cure, may be much worse than the disease.

**Proactive Measures In the Event of a Pandemic**

**5000 Mild Silver Protein (M.S.P.) Suggested Therapeutic Dosing Guidelines**

1tsp.-1tbsp. for every 30 lbs. of bodyweight per day, if you have been exposed or if you have a virulent virus/Pandemic. The 1\_tbsp. dosage would be used for life threatening situations. This dosage should be equally broken up and taken in 3 hour intervals. Stay at home and avoid contact with the populace till the outbreak passes. If taking the M.S.P. drink at least 8, eight ounce glasses of purified water per day. M.S.P. can be used topically with DMSO over an infectious site. Because the 5000 PPM M.S.P. is only available in 4 ounce bottles it would be wise to keep at least a few bottles for each adult family member and 1-2 for each child in your household. View this like an insurance policy that hopefully you will never have to use. Even if you don't use this product in the event of a pandemic, it can be diluted and taken on an everyday basis to keep the immune system strong.
