Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather **reprove them**. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest**, and arise from the dead, and Christ shall give thee light. See then that ye walk **circumspectly**, not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Circumspectly: Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

Matthew 24:24: "...if it were possible, they shall deceive **the very elect**."

II Corinthians 2:11: "Lest Satan should get an advantage of us: for we **are not ignorant of his devices**."

II Chronicles 7:14: "If **my people**, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

☞ **Psa 140:1** ¶ [[To the chief Musician, A Psalm of David.]] **Deliver me, O LORD, from the evil man: preserve me from the violent man;**

☞ **Psa 140:2** Which imagine mischiefs in *their* heart; continually are they gathered together *for* war.

☞ **Psa 140:3** They have sharpened their tongues like a serpent; adders' poison *is* under their lips. Selah.

☞ **Psa 140:4** Keep me, O LORD, from the hands of the wicked; preserve me from the violent man; who have purposed to overthrow my goings.

☞ **Psa 140:5** The proud have hid a snare for me, and cords; they have spread a net by the wayside; they have set gins for me. Selah.

☞ **Psa 140:6** I said unto the LORD, Thou *art* my God: hear the voice of my supplications, O LORD.

☞ **Psa 140:7** O GOD the Lord, the strength of my salvation, thou hast covered my head in the day of battle.

☞ **Psa 140:8** Grant not, O LORD, the desires of the wicked: further not his wicked device; lest they exalt themselves. Selah.

I have been driving back and forth from Seattle and Eastern Washington for over 15 years. Never seen this many troops all in gear (the packs are on the vehicles, and there are guns mounted on them). Since we have so many troops all over the USA doing "exercises", I thought this to be interesting. They were heading West on 90 towards Seattle area. I don't want to be in the city when martial law comes. I am not going to Seattle again, because I know something is getting ready to go down.

Military Convoy With Microwave Weapons Seen In Jade Helm 15 'Permissive' Nevada Provides More Evidence Of Massive Civil Unrest Preparation In America!

By Stefan Stanford - All News Pipeline - Live Free Or Die

<< An [All News Pipeline](#) reader has emailed us the photograph above as well as the 1st video below which show a US military convoy with microwave weapons units taking a break while heading west on I-80 near Reno, Nevada. These units are used by the military as a non-lethal method of crowd control according to [Extreme Tech](#), causing a tremendous amount

of pain to those who the weapon is used against and making the skin burn' from the inside out, though said to cause no

permanent injuries. This is just the latest sighting by everyday Americans across the country that provides us with more proof of huge preparation for some kind of an 'event' by the US military that looks more and more as being preparation for crowd control and civil unrest in America for when the economy completes its' tumble, leaving the US a 3rd world nation.

Called an 'active denial system', these weapons can be mounted on top of vehicles or used as stand-alone units with their own generators on wheels as seen in the picture above and video below. Sending a non-lethal millimeter-wave electromagnetic energy beam at 'attackers', the energy beams penetrate skin up to 1/64 of an inch deep and cause a sensation that is similar to one being on fire - a two-second energy burst can heat a humans skin up to 130 degrees, causing anyone within its vicinity to pull away by reflex. These weapons can also be set to kill and work much like a microwave oven, with human beings being cooked rather than popcorn and pizza.

If you think that these weapons really cause 'little damage', you'll need to watch the next video below in which we see evidence that microwave weapons were used in Iraq on Iraqi soldiers who were literally cooked to death by them. Let's all hope they don't 'accidentally' turn up the power or this could be all of us in 3rd

world America. To watch go to: https://youtu.be/M_Hpsks2HmE

UN Disarmament - They Are Here Now! 'They Wouldn't Be Here Now If Disarmament Of American Citizens Wasn't Getting Underway Soon!'

By Stefan Stanford - All News Pipeline - Live Free Or Die

While the US Department of State document embedded below from 1961 beginning with the title "Freedom From War" sounds at first like a beautiful thing, you have to read the subtitle and content to get the entire gist of Document 7277 and what we learn is anything but beautiful. Subtitled "The

United States Program For General And Complete Disarmament In A Peaceful World", the 54-year old document is the master plan behind the push to completely disarm the world and the American people, a plan that once completed would provide the fitting final resolution to the decades old plan to provide a world free of war by waging war against the planet & upon the American people to 'ensure a peaceful world' in the future for all of us. Sadly, the final act of disarming the American people may be playing out in front of our eyes right now as we learn in the 1st video below that Barack Obama has a 'secret deal' that could sneak a myriad number of new and ammo and gun restrictions into the TPP trade agreement while we are also seeing more UN vehicles on American highways, this time in New Mexico as seen in the picture above emailed to All News Pipeline.

With Politico putting out a recent story telling us of the 'extreme secrecy' taking place behind the scenes of Obama's trade pact (due to the gun restrictions?) that if passed will provide a final push towards the implementation of world government and the elimination of the rights of states and countries, we learn from this Washington Examiner story that US and state laws CAN be overruled by 'international tribunals' for the benefit of international corporations if the TPP is passed.

Barack Obama and his wife/tyranny husband Michelle have long let the world know of their hatred of guns and of their intentions to disarm the American people so this latest news of disarmament via trade treaty, when combined with the 'mysterious Jade Helm 15 military drills' going on across the south/southwest this summer (which are clearly FOR dealing with the American people) should be enough to concern every American citizen. When combined with recent UN military vehicles sightings across the country and a mainstream media quick to label anyone questioning 'Jade Helm 15' a 'conspiracy theorist,' it is wise that we all keep our ears and eyes open while preparing for ANYTHING that might be possibly be coming our way.

Back on April 25, 2015 we issued a report showing that UN armored units had been seen in Mississippi headed towards Texas; back in October of 2013 we learned from

ANP friend Bobby Powell that more than 100 UN-marked MRAP's had been seen deploying to Camp Grayling in Michigan to prepare for future civil unrest. Also in October of 2013, a leaked video was released that proved FEMA was preparing military police for gun confiscation here in America as shared in this linked report. Now Politico tells us that the TPP, with its' secret gun restriction legislation within, is being locked down and those trying to get it passed are also trying their hardest to make sure the American people learn nothing of what it contains.:

If you want to hear the details of the Trans-Pacific Partnership trade deal the Obama administration is hoping to pass, you've got to be a member of Congress, and you've got to go to classified briefings and leave your staff and cellphone at the door.

If you're a member who wants to read the text, you've got to go to a room in the basement of the Capitol Visitor Center and be handed it one section at a time, watched over as you read, and forced to hand over any notes you make before leaving.

And no matter what, you can't discuss the details of what you've read.

"It's like being in kindergarten," said Rep. Rosa DeLauro (D-Conn.), who's become the leader of the opposition to President Barack Obama's trade agenda. "You give back the toys at the end."

*Are trade treaties as described above really what the American people want to have dictating to them in the future? Do we really want the document below from 1961 dictating to our leaders how they should provide us a peaceful world, by taking away the 2nd Amendment and our means of protection from criminals and tyranny? **Play to 12:23:** <https://youtu.be/ElxUzxjXg4M>*

Strict Gun Control Works!

[ISIS Targeting States With Strict Gun Control Laws](#)

ISIS reportedly released a list of five states it's ready to attack, three of which have some of the strictest gun control laws in the nation.

The states, which were named in a message signed by Abu Al Ameriki and shared on Twitter, included [California, Illinois, Maryland, Michigan and Virginia](#).

“Four out of the five states listed have passing grades from groups that support MORE gun control and disarming the populace,” an AR-15.com forum member pointed out.

According to a [state ranking from Guns & Ammo](#) which lists the best state for gun owners at #1 and the strictest gun control state at #50, California, Maryland and Illinois are ranked #46, #44 and #41 respectively.

The other two states, Michigan and Virginia, are ranked around the middle of the pack at #28 and #21.

Additionally, California and Maryland are among the hardest states for citizens to receive concealed carry permits.

So put yourself in a militant's shoes: would you rather attack an area where only the police have guns, or an area where citizens will shoot back?

The White House approved the first U.S.-Cuba ferry service in decades Cuba as JetBlue announced NYC-Cuba flight

May 5, 2015--The Obama administration approved the first ferry service in decades between the United States and Cuba on Tuesday, potentially opening a new path for the hundreds of thousands of people and hundreds of millions of dollars in goods that travel between Florida and Havana each year.

Also on Tuesday, JetBlue announced it would be offering direct charter flights between New York City and Havana starting on July 3. The airline already operates three other charter flights between Cuba and Florida and plans to add a fourth in June.

What else is being offloaded from those ferries besides personnel for the...super secret (DHS managed), police and army force that is being trained and equipped (with billions of rounds of ammunition) in the U.S. right now.

The Nepal Earthquake May have been Caused by Shiva's Trident Out of CERN
April 27, 2015 ~ MP CERN recently charged up their particle collider and at the exact moment energy spikes occurred in Switzerland the earthquake in Nepal took place. There is a video documenting this event at the bottom of this article. I find the appearance of Shiva the Hindu god of destruction prominently displayed at the CERN headquarters beyond coincidence.

at the CERN headquarters beyond coincidence.

5 Facts Directly Related to CERN, Shiva, Nepal Earthquake and the Trident

<<1. A statue of Shiva in front of the CERN facility.

2. In Hinduism, Shiva is “the destroyer of the world”. Brahma the creator and Vishnu the preserver. Why does CERN chose to have Shiva the destroyer on display instead of Vishnu the preserver? This is just one obvious question nobody seems to be

asking.

3. In Hindu thought Shiva is said to reside on Mt. Kailash in the Himalayas about 300 miles from Kathmandu Nepal. He is said to reside on the summit in a state of perpetual meditation. The Bhimsen Tower adorned on its highest point with a statue of Shiva was decimated.

4. Close to 85% of the population of Nepal is Hindu. In other words, they acknowledge the deity of Shiva. Nepal, as a country represents the highest percentage of adherents to Hinduism of any country in the world.

5. The main attributes of Shiva involve a trident, snakes and a white bull. The trident interestingly enough has been important as of late. Remember the missing Malaysian Airlines flight? Or how about the Malaysian Airlines flight 17 shot down July 17, 2014 over Ukraine. Oh yeah, the Ukrainian symbol or coat of arms has a trident. See below

The Trident

An ancient symbol used by the **god of the sea (Beast of the Sea) Poseidon**. The trident is associated with Neptune and is known as “**The Devils Pitchfork**” by **occultists**. The trident missiles used by the US military are long ranged ballistic missiles with nuclear capabilities. It is defined as a three pronged instrument or weapon. **The 3 represents the unholy trinity comprised of Satan, the Antichrist and the False Prophet**. It is interesting to

point out that the Antichrist in Revelation 13 is referred to as the Beast out of the Sea. Poseidon being the god of the sea represents another clear connection.

Therefore, the trident being represented by the two major passenger airlines catastrophes as well as the symbol of the country in which one of them was shot down is beyond coincidence. Take the god of destruction Shiva, portrayed with his weapon the trident and you can begin to see some of the parallels with all these events.

Conclusion

The powers shaping world events extend well beyond the physical realm. **CERN is attempting to identify & create dark matter in this plane of existence where it does not belong. We are looking at the point in history where man intends to connect with evil forces which transcend science. The earthquake in Nepal is linked directly to CERN if you consider Shiva. The god of destruction represented in the very facility that had a spike in their beams the same moment destruction befell Nepal. The god of Shiva is said to reside in the very mountain range that was devastated. His weapon, the trident, brings us back to the events in recent history involving the Malaysian airlines and Ukraine. It is all connected!** The evil which ties together these events will manifest shortly as the unholy trinity. This unholy trinity will offer security from this devastation to those naive enough to embrace the coming deception.

Below is the video that documents the energy spikes at the time of the earthquake.

Soylent Green: Company Wants You to EAT Your Favorite Celebrity

March 26, 2014— Salami is people, at least if it's made by a new startup company calling itself "Bite Labs," **whose CEO admittedly wants to convert more people into accepting as normal the idea of lab-grown meat. As explained on the company's website, consumers may soon be able to purchase meat products like salami rolls derived from the actual cells of their favorite celebrities, the tangible equivalent of modern-day cannibalism disguised as saving the planet.**

The bizarre concept was apparently hatched out of a desire by the company's elusive owner, "Martin," whose last name remains a company secret, to open up more public dialogue on the legitimacy of imitation meat grown in labs. **By tying celebrity culture into his agenda, Martin hopes to capture and manipulate a much wider audience by enticing folks into literally having the chance to eat their favorite stars in the comfort of their own homes.**

http://www.naturalnews.com/044741_celebrities_cannibalism_cloned_meat.html#ixzz37xew3TOA

A BiteLabs representative named Kevin **(you can read the story here)** says there are five employees who "are working full time on this" and that while there is no product ready for market, they are "100 percent serious in prompting widespread discussion about bioethics, lab-grown meats, and celebrity culture—this is very important to us. Making celebrity meat a reality from there will all depend on our ability to build a user-base." But he did insist that there was a product on the drawing board.

Comment: See their own website for a detailed write-up how this satanically processed Franken-meat is made: http://bitelabs.org/process_details

"The product is indeed salami," Kevin says. **"Each salami will have roughly 30%**

celebrity meat and 40% lab-grown animal meats (we're currently looking into ostrich and venison but it pork and beef are more popular in our early research). The rest will consist of fats and spices. This break-down comes from consultation with expert food designers and chefs."

The BiteLabs homepage is encouraging hungry fans to tweet at their favorite celebrities encouraging them to get onboard

with the project, including Kanye, James Franco and Jennifer Lawrence.

Hundreds of people are petitioning celebrities to donate tissue samples to BiteLabs.org, a company that says it will produce "artisanal salami" from celebrity tissue samples for human consumption.

“How do you connect with celebrities?” a video promo for BiteLabs asks. “TV? Over the Internet? At Concerts? **BiteLabs gets you so much closer. We take celebrity cells, grow them into muscles, making robust, flavorful, healthy, eco-friendly artisanal salami. We bring you celebrity meat.**”

“Here’s how it will work,” explains the [Los Angeles Times](#). “**A sample of tissue containing myosatellite cells (the type of cells that help repair and regrow damaged muscle) will be taken from a person during a biopsy. Those cells are multiplied in a lab using a medium that acts as an artificial blood to grow muscle.**”

The company already has a few celebrities in mind, **such as James Franco, Jennifer Lawrence, Kanye West and Ellen DeGeneres, and even recipes they believe complement their personalities.**

The end result, BiteLabs **testifies**, is a “high-quality, luxury protein, in a sustainable manner that eliminates the environmental and ethical concerns associated with traditional livestock production.” Their website states: “**Celebrity meat production requires less than 1% of the amount of land needed for traditional farming...Meat production today is simply unsustainable: unless a radical change is made, the price of meat will eventually rise out of control. Lab grown meats are the future.**”

Hungry yet? Maybe their promo vid will entice you.. [View Here:](#)

<http://www.youtube.com/watch?v=yC0rR3KvUqI>

While eating human muscle tissue may sound cannibalistic, BiteLabs claims its meat will be free of “animal cruelty, waste and from the environmental impacts of industrial farming,” and that it is **simply fulfilling the next step in food evolution.**

Its website reads: “**In 1931, Winston Churchill predicted a future in which all the world’s meat would be grown in labs; what, he asked, was the sense in raising a whole chicken merely for the sake of its wings or breast meat?.. Today, In-Vitro meat production is close to becoming a reality..**”

While BiteLabs’ idea is indeed disgusting, and **possibly** a well-coordinated hoax, increasingly more horrific ingredients are really being used to produce foods.

“Support BiteLabs! Who would you eat? #EatCelebrityMeat <http://bitelabs.org> <http://thndr.it/1hMQI69>”

Last month, scientists in Spain found “The trick to making sausage healthier **may be baby poop.**”

“**Bacteria from baby poop can help make delicious sausages, which could transform savory meats into health foods much like probiotic yogurts, according to new research,**” reported [Live Science](#).

And in 2011, **Japanese scientists announced their success in turning human excrement into an edible meat-like texture.**

“According to the latest reports, **some people who actually ate the ‘feces burger’ have said it tastes like beef,**” the [International Business Times](#)
