[Pope a global spiritual leader: Proclaims UN Leader Ban](#)

The Secretary General of the UN hails the Pope as a "spiritual leader" for the One World government.

The Secretary General also emphasized goals of social justice shared between the Vatican and the United Nations.

"The unHoly See and the UN share common goals and ideas," said Ban - one of the first world leaders to be received at an audience by the new pontiff.

"We discussed the need to advance social justice and accelerate work to meet the Millennium Development Goals," Ban said after the meeting.

The **Millennium Development Goals (MDGs)** are eight international development goals that were officially established following the Millennium Summit of the United Nations in 2000, following the adoption of the United Nations Millennium Declaration. All 193 United Nations member states and at least 23 international organizations have **agreed to achieve these goals by the year 2015**. The goals are:

1. Eradicating extreme poverty and hunger,
2. Achieving universal primary education,
3. Promoting gender equality and empowering women,
4. Reducing child mortality rates,
5. Improving maternal health,
6. Combating HIV/AIDS, malaria, and other diseases,
7. Ensuring environmental sustainability, and
8. Developing a global partnership for development.^[1]

Ban goes on to state: "**Pope Francis is a man of peace and purpose. He is a voice for the voiceless**," he said.

Is Pope Francis Laying The Groundwork For A One World Religion?

April 14th, 2013

After he was elected, the cover of Time Magazine declared Pope Francis to be the "**New World Pope**", and since his election Pope Francis has made it abundantly clear that he is going to make ecumenical outreach a top priority. He has spoken of his

“determination to continue on the path of ecumenical dialogue”, and he has already held a number of very high profile ecumenical meetings. *Ecumenism* mainly refers to initiatives aimed at greater Christian unity or cooperation. It is used predominantly by and with reference to Christian denominations and Christian Churches separated by doctrine, history, and practice.

Not only has Pope Francis worked hard to reach out to leaders from various Christian traditions, he has also made it a point to try **to acknowledge the mutual bonds that he feels with all other religions.** For example, in one recent address he made it a point to say that **he believes that Muslims worship and pray to the “one God” that he also worships.** This “all roads lead to the same God” philosophy is a hallmark of the one world religion that the global elite have been slowly building toward for decades. The global elite know that even with a one world economy and a one world government, humanity will never be truly united until there is a single global religion. Unfortunately, this one world religion that they are seeking to establish is diametrically opposed to the Christianity that we find in the Bible. By throwing out Biblical truth for the sake of “friendship between men and women of different religious traditions”, Pope Francis is fundamentally betraying the faith that he claims to represent.

If there is going to be a one world religion, there will have to be a bond formed between Roman Catholicism and Islam. They are the two largest religious traditions on the planet, and so any truly “global religion” would definitely require the participation of both of them.

That is one reason why what Pope Francis has already had to say about Islam is so noteworthy. The following comes from remarks that he made during his very first ecumenical meeting...

I then greet and cordially thank you all, dear friends belonging to other religious traditions; first of all the Muslims, who worship the one God, living and merciful, and call upon Him in prayer.... I really appreciate your presence: in it I see a tangible sign of the will to grow in mutual esteem and cooperation for the common good of humanity.

But “Allah” and the God of the Bible are not the same. For example, Christians believe that Jesus Christ is God. Muslims deny this vehemently. For much more on why “Allah” and the God of the Bible are not the same, please see this article.

Pope canonises 800 Italians beheaded by Muslims for refusing conversion or submission to Islam

Pope Francis has proclaimed the first saints of his pontificate in a ceremony at the Vatican – **a list which includes 800 victims of an atrocity carried out by Islamic Ottoman soldiers in 1480.**

They were beheaded in the southern Italian town of Otranto **after refusing to convert to Islam.**

There was no hint of any anti-Islamic sentiment in the homily that Pope Francis delivered before tens of thousands of worshippers gathered in St Peter’s Square.

Muslims Believe Jesus Will Soon Join Mahdi To Force Christians To Convert To Islam

Contemporary Muslim apocalyptists have borrowed from their Christian counterparts to discern the dates regarding the Antichrist's arrival, said David Cook, an expert on Islamic eschatology and associate professor at Rice University. "There are Muslim apocalyptic readings of the book of Daniel, Ezekiel and Revelation," says Cook. "The only difference is the 'good guys' are Muslims, not Christians." The Muslim Jesus destroys the cross and converts Christians to Islam, said a professor of Islamic studies at the University of Virginia. Whether he does so violently or not is a matter of debate. In Islamic tradition, Jesus is joined by a figure named the Mahdi, who helps subdue Satan and rid the world of corruption and injustice.

See Scott Johnson's Teachings: <http://www.contendingfortruth.com/?s=Mahdi>

Some Muslims don't like the idea of Jesus playing the messianic hero, and have thus assigned a larger role to the Mahdi, said Cook. That belief is strong among Shiites, particularly the "Twelvers" in Iran, where President Ahmadinejad has often spoke of the Mahdi's return.

Twelvers believe that the Mahdi is the 12th imam — hence their name — a descendant of Prophet Muhammad who has been hidden since the 9th century.

In addition to Iran, faith in the Mahdi's imminent arrival is widespread in Afghanistan, Iraq, Turkey and Tunisia, according to a [2012 Pew Research center poll](#).

Deception Afoot: Maitreya & 'Master Jesus' AKA: Esu Immanuel Sananda

February 1st, 2009--Share International is now advertising Maitreya's emergence on the The History Channel, Rush Limbaugh, Nancy Grace, Anderson Cooper 360 & the Wall Street Journal. Maitreya seems to have a strangely similar "share and save the world" agenda to that of Purpose Driven Pastor Rick Warren with his Global P.E.A.C.E. Plan and also President-elect Barack Obama with his Global Poverty Act and Universal Service Plan – men who apparently have no aversion to working with any or all of the world religions or non-religions to "save the planet".

Share International says Maitreya is coming with the satanic counterfeit "Master Jesus": "In collaboration with...& Maitreya, the Master Jesus is deeply interested in unifying the religious thought of East and West. According to the Plan, this will lead to the One Universal Church, uniting all peoples into the One Humanity...It is forecast that the Master Jesus will yet occupy the chair of the Pope of Rome, and that from that seat he will then be able to re-inspire and re-orient the whole field of Christian religion, diverting it from its present political and temporal trends, towards a more spiritual approach." "Could you explain the relationship between the disciple Jesus and Maitreya the Christ?" "By the occult process of overshadowing, the Christ, Maitreya, took over and worked through the body of Jesus from the Baptism onwards."

Islamic Cleric Issues Fatwa Permitting Rape of Syrian Women—NATO Backed Muslim Rebels Enjoy “Sexual Jihad”

SHARIA LAW

“Shariah law is not compatible with the U.S. Constitution.” Dr. Wafa Sultan

April 3, 2013—[Warning Graphic Report](#)--**Another Islamic cleric has gone public to announce a fatwa that permits US-backed FSA rebels to rape non-Sunni women in Syria as part of a “sexual jihad” that has seen girls as young as 14 transported into the country to service the needs of anti-Assad militants.**

This Islamic cleric posted a YouTube video last week where he said **he would be issuing a “legitimate fatwa” making it legal (in the eyes of Islam) for those Muslims fighting to topple secular president Bashar Assad and install Sharia law to “capture and have sex with” all non-Sunni women, specifically naming Assad’s own sect, the Alawites, as well as the Druze and several others, basically, all non-Sunnis and non-Muslims,**” [reports Human Events](#).

[As CNS News reported](#) earlier this week, **girls as young as 14 are being sent to Syria from other middle eastern and north African countries following a call by Saudi scholar Sheikh Mohamed al-Arifi for rebels to engage in “sexual jihad,” a so-called “temporary marriage” that amounts to little more than sex slavery.**

Though he later backtracked after pressure, **“al-Arifi had issued a fatwa saying Syrian rebels can “temporarily marry” Syrian girls as young as 14, and promising “paradise” to the “wives” concerned,**” states the report.

The fatwa allowed “intercourse marriage” with captive Syrian women that lasts for a few hours “in order to give each fighter a turn,” which as the Human Events report notes, is “also known as gang-rape.”

Egyptian Sheikh Ishaq Huwaini also once urged “infidel captives” to be taken to “the slave market, where slave-girls and concubines are sold” and distributed amongst jihadists.

“You go to the market and buy her, and she becomes like your legal mate—though without a contract, a guardian, or any of that stuff.... In other words, when I want a sex-slave, I go to the market and pick whichever female I desire and buy her,” said Huwaini.

While innumerable reports of FSA militants raping Syrian women have been ignored by the mainstream media, the Atlantic Wire today claims that a mere 1 per cent of all rapes in Syria are carried out by opposition fighters and that the vast majority are committed by “regime soldiers,” despite evidence that Assad troops have repeatedly been ordered not to sexually molest women.

Syrian girls are also being raped by Jordanians in refugee camps as well, “Men – usually from Saudi Arabia and other gulf states – are given free rein at the camp. Coming in the guise of benefactors offering charity, in return many want a wife, reports Channel 4 News. “But these are marriages of convenience – for the men at least. So called “pleasure marriages”, they give cover – a sheen of respectability – to what is often wealthy men exploiting vulnerable women for sex.”

It’s particularly ironic that extremist Salafist militants – who believe their cause is pious and righteous as they behead prisoners while screaming “Allahu Akbar” in anticipation of their 72 virgins – are still being labeled “freedom fighters” by the mainstream media, even as they gang-rape children and commit a plethora of other atrocities.

And this extremist Muslim support for making rape acceptable in Syria and elsewhere is by no means an aberration and that, “The only aberration seems to be the United States’ wholesale support for these self-professed rapists and terrorists—quite laughably, in the name of democracy & political correctness.

Demonic Cannibalism Savage Online Videos Fuel Syria’s Descent Into Madness-- Muslim Rebels shout ‘Allah Akabar’ Cutting Out Organs and Eating the Hearts of Assad’s troops WARNING GRAPHIC VIDEO

The video starts out like so many of the dozens coming out of the war in Syria every day, with the camera hovering over the body of a dead Syrian soldier. But the next frame makes it clear why this video, smuggled out of the city of Homs and into Lebanon with a rebel fighter, and obtained by TIME in April, is particularly shocking. In the video a man who is believed to be a rebel commander named Khalid al-Hamad bends over the government soldier, knife in hand. He has sliced through the soldier’s fatigues and is working the knife through the pale skin of the soldier’s torso. He has already cut out the man’s heart. The man then cuts another organ free and stands to face the camera, holding an organ in each hand. “I swear we will eat from your hearts and livers, you dogs of Bashar,” he says, referring to supporters of Syrian President Bashar Assad. Off camera, a small crowd can be heard calling out “Allahu akbar” — God

is great. Then the man raises one of the bloodied organs to his lips and starts to tear off a chunk with his teeth.

Two TIME reporters first saw the video in April in the presence of several of Abu Sakkar's fighters and supporters, including his brother. **They all said the video was authentic.**

Jihadists Call For Murder Of US Pastor, Critics of Radical Islam & US Heads Of State

In the latest edition of **Inspire's**, al-Qaeda's English-language magazine, a feature post on page 10 reads "Wanted: Dead or Alive." Critics of radical Islam are listed, among them is Florida pastor Terry Jones, who gained recognition for **burning Korans and an Obama effigy.**

The list of "Wanted: Dead or Alive" are:

1. Carsten Luste, Danish journalist
2. Terry Jones, President of Stand Up America Now
3. Kurt Westergaard, Danish cartoonist
4. Gert Wilders, Dutch politician
5. Lars Vilks, Swedish cartoonist
6. Stephanie Charbonnier, French editor
7. Flemming Rose, Danish journalist
8. Morris Sadek, Copt Christian who promoted Innocence of Muslims

9. Salman Rushdie, author

10. Ayan Hirsi Ali, author (not pictured – she does not wear a veil)

While no specific reason is given for their being wanted, except “for crimes against Islam,” I’ll note that Barack Obama’s campaign slogan is neatly positioned reading, “Yes We Can.”

Additionally, the page reads, “A bullet a day keeps the infidel away” and “Defend Prophet Muhammad peace be upon him.”

Additionally, you’ll notice the picture to the left of Terry Jones with a firearm beside his head as though it has been fired and the bullet exiting his head. Note the smoke coming from the gun. As for Jones, he has already been condemned and sentenced to death by an Egyptian court for burning Korans, so it is no wonder he (along with other outspoken critics of Islamic jihadists) are openly being targeted.

Allah and you. Make it impossible for any one to point a finger at you. This is for your safety. It is also interesting, sitting in your living room watching the news you made and how the kuffar are suffering, a tit-for-tat.

TIP
For lower profile figures assassination, ninjutsu is an important method as you don't have the worry of hiding your weapon. Brother muslim, utilize your time well and prepare your self physically. You are the soldier the muslim ummah waits for.

QUESTION: I hate the leaders of kufr, I want to assassinate the US president, the French president, the British PM or their ministers?
Q CONSULTANT: *Blihdnillah* it is easy, if you ask Allah and be true to Him. These people have many weak points, especially during ceremonies, parties and election campaigns. Bare in mind, they come to and leave from these parties, therefore, there must be some means of transport which is a chance for surveillance or even action.
If you think you are unable, then you have easy targets like Bush, Bill Clinton, Colin Powell or Condoleezza Rice. Of course you can also kill Sarkozy and Tony Blair. It is now easy to reach these guys, especially that they aren't in office anymore.

Son of Islam, delight the *ummah* of Islam

[Iranians Celebrate Revolution Day Chanting 'Death to America'--'WE ARE ABOVE THE LAW OF THE LAND'-Muslim leader's stunning claim at Texas rally for Islam](#)
by [JOHN GRIFFING](#)

Muslims living in America should not be bound by U.S. law, according to a leader of the Council on American-Islamic Relations, who delivered the controversial message to a crowd at a Muslim rally in Austin, Texas.

“If we are practicing Muslims, we are above the law of the land,” said Mustafa

Carroll, executive director of the Dallas-Fort Worth CAIR branch.

The rally in Austin was part of a nationwide effort to hold “Muslim Capitol Day” events.

According to the event website, Muslims from around Texas went to the capitol to “promote civic and political activism throughout the wider Muslim community.”

The organizers said one major issue discussed “was the recent House and Senate bill proposals involving the implementation of ‘anti-Shariah’ legislation, where **the First Amendment rights and freedoms of Muslims would ultimately be hindered.**”

Critics argue **Shariah prohibits other faiths from free exercise of religion when enforced, giving freedom only to Muslims.**

Carroll’s statement was similar to a statement allegedly made by CAIR co-founder and former chairman Omar M. Ahmad. He was paraphrased by a reporter saying, **“Islam isn’t in America to be equal to any other faith, but to become dominant” and the Quran “should be the highest authority in America, and Islam the only accepted religion on Earth.”**

Carroll is on record defending Hamas, which is a terrorist group.

At CAIR’s Dallas banquet in 2007, **Carroll denied the Quran is the source of terrorism.**

“Look at the true cause of the terrorism. It’s **not** somebody is reading a book, reading a Quran, and then go out and say, ‘**Well, the Quran told me to blow this up. I’m gonna blow it up.**’ The cause, **the root cause of terrorism is oppression. The root cause of terrorism is oppression.**”

REPORT TELLS RADICALS HOW TO BURN AMERICA 'There are more houses built in the countryside than in the cities'

A new report from CBN **reveals that an al-Qaida publication is advising would-be terrorists how best to start forest fires to burn America.**

The **English-language magazine, called Inspire, is published by al-Qaida in Yemen and a recent edition offered an article called “Open Source Jihad.”**

The article said, **“In America there are more houses built in the countryside than in the cities. It is difficult to choose a better place than in the valleys of Montana where the population increases rapidly.”**

TERRORIST SUPER-AXIS TO STRIKE WITHIN U.S. Imminent attacks planned by al-Qaida, Quds Forces, Hezbollah

Iran has given the go-ahead to operatives of three terrorist groups that have infiltrated the United States to carry out missions, including what is expected to be a Mumbai-style attack on a hotel where innocent bystanders would be killed,

WND has learned.

A full report with many details of the missions has been passed on to U.S. officials.

Three targets have been chosen within America for imminent attack, and the terror teams have now cut communications with the operational center in Iran, a sign that they are moving ahead with the attacks, according to a high-level intelligence officer within the Islamic regime.

If only one of the attacks occurs, the regime will consider the operation a success, the source said. Tehran believes, he said, an attack would not be traced back to Iran due to the nationalities of the operators.

One of the planned attacks resemble the Mumbai attack in 2008, the source added, in which a hotel was targeted, hostages were taken and 164 people were killed over several days. India alleges Pakistan used proxies to carry out the Mumbai attack so it wouldn't be traced back to Pakistan, just as Iran now is using proxies to hide its current terrorism. The information provided by the source provides details of a new jihadist coalition with a focus on creating instability in the U.S.

As WND reported exclusively April 22, the regime's Quds Forces have done extensive planning on gatherings, events and high-value targets in the U.S..

Update: On Tuesday, the source provided additional new information on the terrorists' plan for a major attack – that it is to take place within weeks and is planned to be “spectacular,” using a new method.

Terror Plot Against One Of Countries Largest Drinking Water Supplies? Middle Easterners Caught Trespassing At Reservoir

Seven people from Pakistan, Singapore and Saudi Arabia **were caught trespassing in the middle of the night at a reservoir from which Boston draws its drinking water.**

The report by the local CBS affiliate noted that the five men and two women said they were chemical engineers and were in the area because of “their education and career interests.” Last week, WND **reported the FBI alleged a Muslim man who**

was arrested in a recent terror plot in New York was planning to kill as many as 100,000 people by contaminating the air or water supply in a major U.S. city. In the more recent case, authorities in Belchertown, Mass., told CBS that the seven were trespassing at Quabbin Reservoir, described as one of the country's biggest man-made public water supplies.

U.S. Warned: Al-Qaida Hit-Squads Coming

Thursday, February 28, 2013--WND--By [Reza Kahlili](#)

A senior Iranian Revolutionary Guard commander has warned America and Europe that al-Qaida operatives will soon attack them.

And a source in the Islamic regime's Intelligence Ministry told WND that another terror team is about to enter the United States. Should the West not accept Iran's rights to its nuclear program within six months, the terrorists will attack, he said.

The potential targets in the U.S. include high-voltage towers to create blackouts, cell towers, water supplies, public transportation and various buildings belonging to the Defense Department and military.

The source said six U.S. politicians who have promoted tougher measures against the regime are on the hit list, along with such targets as the Washington National Cathedral and Lincoln Memorial in D.C. and the Metropolitan Museum of Art in New York.

Obama is clearing the ranks of those who warn about jihad and filling it with Muslims. The U.S. Air Force has confirmed to The Clarion Project that it paid nearly \$5,000 for advertisements in the magazine of the Islamic Society of North America (ISNA). ISNA is the first organization mentioned in a 1991 U.S. Muslim Brotherhood memo's list of **"our organizations and the organizations of our friends."** The same memo describes its "work in America as a kind of grand *jihad* in eliminating and destroying the Western civilization from within."

Declassified FBI memos reveal that ISNA was identified as a Muslim Brotherhood front as early as 1987. The Justice Department labeled ISNA an unindicted co-conspirator in the terrorism-financing trial of the Holy Land Foundation, a U.S. Muslim Brotherhood entity that was shut down for funding Hamas.

The Air Force is quoted saying: “*The Islamic Society of North America is one of many religious organizations recognized by the Department of Defense that satisfy the ecclesiastical requirements to endorse qualified religious ministry professionals to serve as chaplains within the Military Departments*”.

“**This ad ran twice in the Islamic Horizons magazine to create awareness for Air Force chaplain recruiting efforts in the Muslim community. It cost \$4800 total.**”

[CAIR Books Radicals for Fundraising Banquets](#)

The Council on American-Islamic Relations (CAIR) is using Islamist radicals to raise money throughout the country, according to a Clarion Project review of their fundraising banquets. CAIR calls itself **"America's largest Islamic civil liberties group,"** but has been labeled a **U.S. Muslim Brotherhood entity** by the federal government.

The Cincinnati and Columbus, OH chapters of CAIR [turned to](#) Imam Wahhaj, a cleric **with indisputable credentials as a radical Islamist, for their fundraisers. He has been recorded saying “America is the most wicked government on the face of the planet Earth” and “If only Muslims were clever politically, they could take over the United States and replace its constitutional government with a caliphate.”**

In 1995, Wahhaj was named as a possible [co-conspirator in the 1993 World Trade Center bombing](#). Commenting afterwards in a sermon, Wahhaj said, “I’m not frightened by no list, by no government! I thank Allah. I’m honored that they thought enough of me to put me on a list.”

The Chicago chapter of CAIR had some fundraising help from [keynote speaker](#) Zaid Shakir, Safaa Zarzour and Kifah Mustafa.

Shakir’s radicalism has been [documented in detail](#) by the Clarion Project. This includes preaching that Hezbollah’s bombing of the U.S. Marine barracks in Lebanon was not a terrorist attack, justifying attacks on U.S. soldiers and expressing a hope to see America governed by *Sharia* law. Safaa Zarzour has served as the Secretary-General of the Islamic Society of North America, another unindicted co-conspirator labeled as a U.S. Muslim Brotherhood entity.

Kifah Mustapha is designated as an [unindicted co-conspirator](#) in the terrorism-financing trial of the Holy Land Foundation. He is listed among “individuals/entities who are and/or were members of the U.S. Muslim Brotherhood’s Palestine Committee.” The Palestine Committee was set up by the Brotherhood to [support Hamas](#) in the U.S.. Mustapha’s mosque has extensive [links to the Brotherhood](#) and he sang in a band that performed [pro-Hamas songs](#).

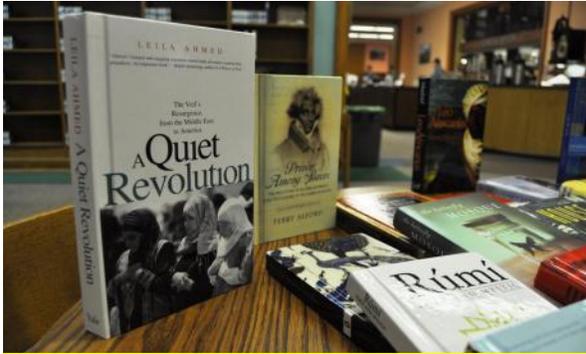

Remarkably, [56 public officials in Illinois](#) endorsed CAIR-Chicago for the event, including Governor Pat Quinn, Chicago Mayor and former White House Chief of Staff Rahm Emanuel and Chicago Police Superintendent Garry McCarthy.

[Federal agency brings Muslim propaganda to 800 libraries across U.S.](#)

April 30, 2013

As noted in this report: [West Virginia: American Library Association peddling Islam \(video\)](#) this is in conjunction with the American Library Association efforts are **aimed at indoctrinating Americans; who are often unsuspecting youth whose parents have no idea what is being pushed at the local taxpayer funded library. No doubt cleansed of any realistic discussion of what Islam is and how it has spread. Not only is the Islamic propaganda infiltrating libraries, but there are dozens, possibly hundreds, of articles in newspapers across the U.S. announcing the arrival of these books, often under the guise of op-eds or user submitted articles. It is a well-coordinated and funded effort.**

via [NEH Bridging Cultures: Muslim Journeys Bookshelves arrive in 800 libraries](#)

The Muslim Journeys Bookshelf, a set of twenty-five books and three films about Muslim cultures and history, arrived in 800 libraries across the United States last month, serving as the centerpiece for discussion programs and talks in every state and dozens of communities.

“What we hear in the media about Muslims and their faith and culture **is incomplete**,” said Paula McGrew, a librarian at West Virginia Wesleyan College. “**This could potentially change that perception.**” Amanda Mohl, a Glen Carbon Centennial librarian in Illinois, said that library programs have the potential to emphasize common human experiences: “Through shared personal stories, we are able to see the world through someone else’s eyes, making the often abstract concept of the Muslim world less foreign and, in some cases, frightening.”

The **National Endowment for the Humanities**, using grants from the **Carnegie Corporation of New York** and others, **enlisted scholars and librarians in a collaboration to select books and films that introduce the diverse cultures of the Muslim world to interested library patrons.** The bookshelf, which was offered free to interested libraries and humanities councils, has been delivered to rural and urban communities from Hawaii to Maine. **The bookshelf is part of NEH’s Bridging Cultures initiative.**

Recipient libraries are hosting local events with film screenings, lectures and panels aimed at engaging people in learning something new about Muslims around the globe and in America.

After one event patrons checked out nearly all twenty-five books in the Muslim Journeys set.

It’s coming to this – “One Nation Under Allah”

January 31, 2013 by **DCG**

DailyMail: **Fury is brewing at Rocky Mountain High School, in Colorado, after a multicultural student group were encouraged to recite the Pledge of Allegiance over the loudspeaker in Arabic – replacing ‘one nation under God’ with ‘one nation under Allah’.**

Following Monday’s pledge, **Principal Tom Lopez has been inundated with complaints from outraged parents concerned that saying the Pledge in any language other than English is unpatriotic.**

Standing by his controversial decision, Principal Lopez has said that despite the irate telephone calls and emails, **he is not in any way or form trying to push an Islamic agenda at the Fort Collins school.** ‘These students love this country,’ said Lopez to Fox News. ‘They were not being un-American in trying to do this. **They**

believed they were accentuating the meaning of the words as spoken regularly in English.'

Other parents have accused him of 'pushing a Muslim Brotherhood agenda – to push Islam into the school.'

Personally I distrust a religion, with a god named "Allah", that:

- **Imprisons** a Christian Pastor for "threatening the national security of Iran through his leadership in Christian house churches";
- **Locks up** and lashes women for being immodest;
- **Throws** stones at Jewish kindergarteners;
- Allows men to **have sex** with underage girls;
- Genitally mutilates their daughters
- Has **no love** for unbelievers;
- Doesn't **allow** women to drive; and
- Is "the best of deceivers" according to the Koran.

Atif Fareed, Former CAIR Florida Chair delivered Hunter's message to the senate.

Mega church senior pastor of 15,000 evangelical Christians partners with Islamist to oppose anti-Sharia bill in Florida Legislature.

Perhaps you can educate Dr. Hunter with facts regarding Islam, Jihad, Islamists, CAIR, Sharia and Taqiyya. joel.hunter@northlandchurch.net

Dr. Joel C. Hunter Northland Church

Dr. Joel C. Hunter, senior pastor of the Northland Church in Longwood, Florida, asked Atif Fareed, former Chairman of CAIR Florida, to read Hunter's statement opposing SB 58 Application of Foreign Laws in Certain Cases to the Florida Senate Committee on Governmental Oversight and Accountability on March 21, 2013.

Atif Fareed told the committee:

But I want to read something very important to you today. I am a Muslim but a senior pastor of an evangelical church (Dr. Joel C. Hunter) sent me an email yesterday afternoon and **he wanted me to read this to you**. And this is how his letter goes exactly word by word:

"To my state senators: As a pastor of one of the largest churches in Florida I believe Senate Bill 58 will do more harm than good if enacted. **Its effect will be to increase bias rather than protection.** It seems to me to be a cure **without a disease**. **(Comment: I guess all the reports I just covered (in this teaching alone) would not be enough to convince this spineless heretic there is any problem with Islam!!!) Existing law and judicial precedent have proved sufficient to deal with any concerns**

addressed by this proposed law. Having confidence in both our constitution and the character of our judicial process I agree with the America Bar Association, the Anti-Defamation League and the **American Civil Liberties Union** that this law and House Bill 351 will be detrimental rather than the good intended....Dr. Joel C. Hunter, Senior Pastor Northland Church

He must be really proud to align with the Council on American Islamic Relations."**

Hunter claims he is a "conservative evangelical Christian..." yet:

- The Northland Church [web site gives this bio](#) of Hunter: *"Dr. Hunter served in the inaugural year on the **President's Advisory Council on Faith-Based and Neighborhood Partnerships**, which advised President Barack Obama on substantive policy issues,...He continues as a spiritual advisor to the President."*

Here is some background on Atif Fared, the spokesman who Dr. Hunter selected to give a speech in support of the Council on American Islamic Relations political agenda:

- Chairman of the [American Muslim Community Centers](#), Inc.
- [Former Chairman](#) of CAIR Florida, Inc.
- **Fared participated in a rally to defend the Palestinian Islamic Jihad leader Sami Al-Arian**, on the opening day of Al-Arian's trial in Tampa. (Islam Online, 'Arian Trial Case of Freedom of Speech: Lawyer,' June 7, 2005)
- **Prior to getting involved with CAIR, Fared was a representative for the Muslim Public Affairs Council (MPAC), an Islamist political lobby group that has, in the past, defended Hezbollah and has called for Israel's destruction.** (Zionist Organization of America, 'ZOA: White House Was Wrong To Send Representative To Convention Of ProTerrorist, Anti-American Group,' December 23, 2003)

- **"It took skill to fly sophisticated planes nearly 500 mph into the World Trade Center towers and the Pentagon."** (stated by Atif Fareed, Las Vegas Weekly, 'The reality-propaganda gap: Mainstream media slammed for whitewashed news,' November 1, 2001) **Comment:** For the real story on 911 go to: [Loose Change 2nd Edition \(Full Length\)](#)

Sadly, Dr. Joel C. Hunter **is helping the Hamas linked, Jihadi apologist, Council on American Islamic Relations (CAIR) to stop laws from being enacted that would prohibit courts from accepting Sharia law.**

'Mosque buster' claims he can stop 'tide of Islam' by giving free advice on how to block building plans for new places of worship

A planning lawyer and self-styled 'mosque buster' claims he is fighting to stop the 'tide of Islam' by successfully blocking plans for the building of mosques across the UK.

Gavin Boby, once linked to the English Defense League, **boasts he has already blocked plans for 16 out of 17 mosques being built.**

Under the banner of the Law and Freedom Foundation, he calls for people to come to him for free professional legal help in opposing mosque proposals and claims that Islam encourages paedophilia, sexual abuse and pimping.

He claims to help followers resist planning applications for mosque developments by raising opposition with councils.

The 48-year-old says in a video posted online: **'If anyone out there knows of an application for a new mosque, a cultural centre for some phoney community centre or some multi-faith inter-faith harmony institute then let me know.'**

Mr Boby, from Bristol, **runs a planning consultancy but also provides legal assistant for those who oppose mosque developments,** according to the Sunday Times.

Vacancies for volunteers were posted on the EDL website.

'Political and intellectual elites are undermining law or freedom. So we need to take what action we can to preserve them ourselves.'

Mr Boby has written an online guide that show how local citizens can make a legal case against mosques. In the guide it reads: 'Let councils know that they're on the hook for their decisions. Be relentless. Push.'

He also suggests opposing an Islamic centre on the grounds of 'parking congestion', 'disturbance' and 'community relations'.

He appears to be driven by an apparent ideological hatred of Islam, referring in a video posted on YouTube **to recent sex abuse cases, and claims mosques are 'not like churches' and are instead used to instruct followers to commit acts of pedophilia, sexual abuse and pimping.**

Pro 8:13 The fear of the LORD [is] to hate evil: pride, and arrogancy, and the evil way, and the froward mouth, do I hate.

He says: **'Islamic doctrine permits, encourages and to a certain extent mandates Muslim men to take non-Muslim women as slaves to be used for sex.'**

'In order to stop the Islamic doctrine, which is the root of this problem, you have to prevent further mosques from being built.' **Comment: Yes this is how the malignant cancer of Islam spreads**

Mr Bobby told MailOnline: 'I am extremely proud that when these concerned neighbourhoods approach us for help, **we enable them to use the laws and consultation procedures that exist for their protection.'**

A spokesman for the English Defense League said: **'We support his organisation wholeheartedly and send many people from different communities with different issues concerning mosques in their area.'**
