Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather reprove them. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest**, and arise from the dead, and Christ shall give thee light. **See then that ye walk circumspectly**, not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Circumspectly: Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

Matthew 24:24: "...if it were possible, they shall deceive **the very elect.**"

II Corinthians 2:11: "Lest Satan should get an advantage of us: for we **are not** ignorant of his devices."

II Chronicles 7:14: "If **my people**, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

“We are Preparing for Massive Civil War,” Says DHS Informant

In a interview on TruNews Radio, Wednesday, private investigator Doug Hagmann said high-level, **reliable sources told him the U.S. Department of Homeland Security (DHS) is preparing for “massive civil war” in America. “Folks, we’re getting ready for one massive economic collapse,”** Hagmann told TruNews host Rick Wiles. “We have problems . . . The

federal government is preparing for civil uprising,” he added, “so every time you hear about troop movements, every time you hear about movements of military equipment, the militarization of the police, the buying of the ammunition, all of this is . . . they (DHS) are preparing for a massive uprising.”

Hagmann goes on to say that his sources tell him the concerns of the DHS stem from a collapse of the U.S. dollar and the hyperinflation a collapse in the value of the world’s primary reserve currency implies to a nation of 311 million Americans, who, for the significant portion of the population, is armed.

Uprisings in Greece is, indeed, a problem, but an uprising of armed Americans becomes a matter of serious national security, a point addressed in a recent report by the Pentagon and highlighted as a vulnerability and threat to the U.S. during war-game exercises at the Department of Defense last year, according to one of the DoD’s war-game participants, Jim Rickards, author of *Currency Wars: The Making of the Next Global Crisis*.

Through his sources, Hagmann confirmed Rickards’ ongoing thesis of a fear of a U.S. dollar collapse at the hands of the Chinese (U.S. treasury bond holders of approximately \$1 trillion) and, possibly, the Russians (threatening to launch a gold-backed ruble as an attractive alternative to the U.S. dollar) in retaliation for aggressive U.S. foreign policy initiatives against China’s and Russia’s strategic allies Iran and Syria.

“The one source that we have I’ve known since 1979,” Hagmann continued. “He started out as a patrol officer and currently he is now working for a federal agency under the umbrella of the Department of Homeland Security; he’s in a position to know what policies are being initiated, what policies are being planned at this point, and he’s telling us right now—**look, what you’re seeing is just the tip of the iceberg. We are preparing, we, meaning the government, we are preparing for a massive civil war in this country.**”

“There’s no hyperbole here,” he added, echoing *Trends Research Institute’s* Founder Gerald Celente’s forecast of last year. **Celente expects a collapse of the U.S. dollar and riots in America some time this year.**

Since Celente’s ‘Civil War’ prediction of last year, executive orders NDAA and National Defense Resources Preparedness were signed into law by President Obama, which are both politically damaging actions taken by a sitting president.

And most recently, requests made by the DHS for the procurement of 450 million rounds of hollow-point ammunition only fuels speculation of an upcoming tragic event expected on American soil.

These major events, as shocking to the American people as they are, have taken place *during an election year*.

Escalating preparatory activities by the executive branch and DHS throughout the last decade—from the Patriot Act, to countless executive orders drafted to suspend (or strip) American civil liberties “are just the beginning” of the nightmare to come, Hagmann said.

He added, **“It’s going to get so much worse toward the election, and I’m not even sure we’re going to have an election in this country. It’s going to be that bad, and this, as well, is coming from my sources. But one source in particular said, ‘look, you don’t understand how bad it is.’ This stuff is real; these people, the Department of Homeland Security (DHS), they are ready to fight the American people.”**

[TruNews](#) ‘Wiles asked Hagmann: who does the DHS expect to fight, in particular? Another North versus South, the Yankees against the Confederates? Hagmann stated **the situation is far worse than a struggle between any two factions within the U.S.; it’s an anticipated nationwide emergency event centered on the nation’s currency.**

“What they [DHS] are expecting, and again, this is according to my sources, what they’re expecting is the un-sustainability of the American dollar,” Hagmann said. “And we know for a fact that we can no longer service our debt. There’s going to be a period of hyperinflation . . . the dollar will be worthless . . . The economic collapse will be so severe, people won’t be ready for this.”

[Leaked Documents Confirm Prison Camps Inside U.S.](#)

Infowars.com | **Leaked U.S. Army documents prepared for the Department of Defense contain shocking plans for “political activists” to be pacified by “PSYOP officers” into developing an “appreciation of U.S. policies” while detained in prison camps inside the United States.**

[Yes, The Re-Education Camp Manual Does Apply Domestically to U.S. Citizens](#)

Paul Joseph Watson

[RELATED: Leaked U.S. Army Document Outlines Plan For Re-Education Camps In America](#)

A shocking U.S. Army manual that describes **how political activists in prison camps will be indoctrinated by specially assigned psychological operations officers contains numerous clear references to the fact that the policies do apply domestically to U.S. citizens.**

Despite the fact that the manual is well over 300 pages long and would take hours to read properly, within minutes of posting our story yesterday a minority of commenters were claiming that the policies outlined in the document only pertained to foreign combat operations and did not apply domestically to U.S. citizens.

This is similar to the denial witnessed prior to the passage of the NDAA when some argued that the indefinite detention provisions did not apply to American citizens [despite numerous legal analysts asserting they did](#) and President Barack Obama himself acknowledging they did when he signed the bill.

Chapter 3

alleged war crimes belongs to the U.S. Army Criminal Investigation Command. The SJA provides the U.S. Army Criminal Investigation Command with legal advice during war crime investigations.

PSYCHOLOGICAL OPERATIONS OFFICER

3-55. The **PSYOP** officer in charge of supporting I/R operations serves as the special staff officer responsible for PSYOP. The PSYOP officer advises the military police commander on the psychological impact of military police or MI actions to prevent misunderstandings and disturbances by detainees and DCs. The supporting I/R PSYOP team has two missions that reduce the need to divert military police assets to maintain security in the I/R facility. (See appendix J.) The team—

- Assists the military police force in controlling detainees and DCs.
- Introduces detainees or DCs to U.S. and multinational policy.

3-56. The PSYOP team also supports the military police custodial mission in the I/R facility. The team—

- Develops PSYOP products that are designed to pacify and acclimate detainees or DCs to accept U.S. I/R facility authority and regulations.
- Gains the cooperation of detainees or DCs to reduce the number of guards needed.
- Identifies malcontents, trained agitators, and political leaders within the facility who may try to organize resistance or create disturbances.
- Develops and executes indoctrination programs to reduce or remove antagonistic attitudes.
- Identifies political activists.
- Provides loudspeaker support (such as administrative announcements and facility instructions when necessary).
- Helps the military police commander control detainee and DC populations during emergencies.
- Plans and executes a PSYOP program that produces an understanding and appreciation of U.S. policies and actions.

The most alarming portion of the document appears on page 56 and makes it clear that detention camps will have PSYOP teams whose responsibility will be to use “indoctrination programs to reduce or remove antagonistic attitudes,” as well as

targeting “political activists” with such indoctrination programs to provide “understanding and appreciation of U.S. policies and actions.”

Let’s make one thing clear – the manual primarily deals with enemy combatants captured and detained in foreign prison camps run by the U.S. Military. However, another thing that is just as clear from reading the manual in full is the fact that it also applies to citizens detained within the United States, whether they be DCs (displaced citizens) or “civilian internees,” in other words citizens who are detained for, “security reasons, for protection, or because he or she committed an offense against the detaining power.”

Firstly, throughout the manual there are scores of references to how the U.S. Army would work together with the DHS, ICE and FEMA (page 24) to implement the policies “**within U.S. territory**” as part of “**civil support operations**” in the aftermath of “**man-made disasters, accidents, terrorist attacks and incidents in the U.S. and its territories.**” (page 38).

SUPPORT TO CIVIL SUPPORT OPERATIONS

2-39. *Civil support* is the DOD support to U.S. civil authorities for domestic emergencies, and for designated law enforcement and other activities. (JP 3-28) Civil support includes operations that address the consequences of natural or man-made disasters, accidents, terrorist attacks and incidents in the U.S. and its territories.

2-40. The I/R tasks performed in support of civil support operations are similar to those during combat operations, but the techniques and procedures are modified based on the special OE associated with operating **within U.S. territory** and according to the categories of individuals (primarily DCs) to be housed in I/R facilities. During long-term I/R operations, state and federal agencies will operate within and around I/R facilities within the scope of their capabilities and identified role. Military police commanders must closely coordinate and synchronize their efforts with them especially in cases where civil authority and capabilities have broken down or been destroyed.

AGENCIES CONCERNED WITH INTERNMENT AND RESETTLEMENT

1-40. External involvement in I/R missions is a fact of life for military police organization government and government-sponsored entities that may be involved in I/R missions include—

- International agencies.
 - UN.
 - International Committee of the Red Cross (ICRC).
 - International Organization of Migration.
- U.S. agencies.
 - Local U.S. embassy.
 - Department of Homeland Security.
 - U.S. Immigration and Customs Enforcement (ICE).
 - Federal Emergency Management Agency.

1-41. The U.S. Army National Detainee Reporting Center (NDRC), supported by theater reporting centers (TDRCs), detainee accountability, including reporting to the ICRC central agency.

1-42. There are also numerous private relief organizations, foreign and domestic, that will be involved in the humanitarian aspects of I/R operations. Likewise, the news media normally

“The handling of DCs (displaced citizens) is also a mission that may be performed in support of disaster relief or other emergencies **within the United States or U.S. territories during civil support operations,**” states page 33. Page 56 also states that it is the responsibility of the PSYOP officer to “control detainee and DC populations during emergencies.”

“**Resettlement conducted as a part of civil support operations** will always be conducted in support of another lead agency (Federal Emergency Management Agency, Department of Homeland Security)” states page 37.

All these passages make it clear that the policies outlined on page 56 are also applicable within U.S. territory as part of “civil support operations” conducted in partnership with domestic federal agencies like the DHS and ICE.

The document also contains numerous references to U.S. citizens (notably pages 13, 41). Page 13 notes how “**U.S. citizens** will be confined separately from detainees,” meaning they will be separated from foreign prisoners in the camps

On page 146 of the manual, we learn how prisoners in the camps are to be identified.

IDENTIFICATION

7-16. Individual identification photographs are taken of all prisoners. The prisoner’s last name, first name, and middle initial are placed on the first line of a name board, and the prisoner’s social security number is placed on the second line. A prisoner registration number may be added on the third line. Two front and two profile pictures are taken of the prisoner. Fingerprints are obtained according to AR 190-47.

“The prisoner’s last name, first name, and middle initial are placed on the first line of a name board, and the **prisoner’s social security number** is placed on the second line.”

Last time I checked, the United States Social Security Administration was not responsible for handing out social security numbers to people in Afghanistan or Iraq.

These examples are just a handful of a plethora contained in the 326 page ‘Internment and Resettlement’ document which proves that the policies in the manual apply not only to foreign prisoners abroad, but also to **American citizens within the United States**.

On top of this, we have the 2009 story about how the National Guard posted a number of job listings looking for “Internment/Resettlement Specialists” to work in “**civilian internee camps**” within the United States.

The time for denial is over. People spent weeks arguing over the ‘indefinite detention’ provisions of the National Defense Authorization Act, ignoring assertions by top scholars and legal experts that the kidnapping provisions did apply to U.S. citizens.

It appears as though cognitive dissonance is causing some people to desperately search for any way of denying the shocking truth contained in these Army documents. This is particularly prevalent amongst Democrats and liberals, whose support for the cult of Barack Obama has blinded them to the fact that his administration is passing legislation which in many cases is far more draconian than anything Bush signed into law.

Take this comment for example from the Democratic Underground forum. Linking to our article from yesterday, a user writes, “A friend of mine just posted (as he usually does) a ridiculous article from InfoWars and it’s ***** me off to no end. I’m trying to find stuff to continuously disprove this drivel, and I’m probably wasting my time. Anyone able to help on this particular “story”?”

The individual does not even have the inclination to look at the source document to find out if the story is true, they would rather just throw out ad hominem insults like “ridiculous” and “drivel”. Rather than being angry at the frightening language contained in the U.S. Army manual, the individual is angry at Infowars for reporting on it.

Yes, the U.S. Army has really written a manual which details re-education camps. Yes, the manual does apply to U.S. citizens domestically. Denying these manifestly provable facts will not make the threat go away. This is not an imaginary monster under the bed.

Fukushima Emitting Massive Radiation Plumes; Reactor 4 In Bad State World In Huge Trouble US Nuclear Analyst

At a recent US congressional delegation trip to Japan, **Oregon Senator Ron Wyden observed with his own eyes the horrific consequences of the Fukushima Daiichi nuclear disaster.**

The Fukushima disaster has received scant reporting from the global mainstream media in recent months. The gravity of the damage was apparently so severe that he has now written a letter to Ichiro Fujisaki, Ambassador of Japan. Senator Wyden petitioned for more to be done, and offered any additional support and assistance that might help contain and remedy the

situation as soon as possible. It is not known what the Japanese government reaction to the letter was.

Christina Consolo, an award-winning biomedical photographer and host of *Naked Radio*, **claims that Reactor 4 has remained in such poor shape that even a very minor earthquake could easily level the building, dispersing the fuel from more than 1,500 unused fuel rods into the environment. And with Reactor 4 still filled with the highest levels of radioactive MOX and other fuels, the consequences of this potential collapse could be far worse than anything that has happened thus far as a result of the earthquake and tsunami.**

"Sitting at the top of Reactor 4, in a pool that is cracked, leaking, and precarious even without an earthquake, are 1,565 fuel rods (give or take a few), some of them 'fresh fuel' that was ready to go into the reactor on the morning of March 11 when the earthquake and tsunami hit," writes Consolo. "If they are MOX fuel, containing six percent plutonium, one fuel rod has the potential to kill 2.89 billion people." [more](#)

UN Ambassador Murata wrote to the UN Secretary General to say ["No Exaggeration: The Fate of Japan, and the World Depends on Fukushima Reactor 4"](#) If that damaged reactor melts down and the fuel rods aren't contained, it could extinguish all life on the planet. We should all take proactive steps to protect ourselves from radiation, and that includes stockpiling [sulfur](#) , [spirulina](#), and [potassium iodide](#).

[Human Genes Engineered Into GMO Rice Being Grown In Kansas](#)

Unless the rice you buy is certified organic, or comes specifically from a farm that tests its rice crops for genetically modified (GM) traits, you could be eating rice tainted with actual human genes. The only known GMO with inbred human traits in cultivation today, a GM rice product made by biotechnology company Ventria Bioscience is currently being grown on 3,200 acres in Junction City, Kansas — and possibly elsewhere — and most people have no idea about it. **And while this GM rice with added human traits has never been approved for human consumption, it is now being cultivated in open fields where the potential for unrestrained contamination and spread of its unwanted, dangerous GM traits is virtually a given.**

Since about 2006, Ventria has been quietly cultivating rice that has been genetically modified (GM) with **genes from the human liver for the purpose of taking the artificial proteins produced by this "Frankenrice" and using them in pharmaceuticals.** With approval from the U.S. Department of Agriculture (USDA), Ventria has taken one of the most widely cultivated grain crops in the world today, and essentially turned it into a catalyst for producing new drugs.

[New Chip To Be Embedded In Mobile Phones Found To DESTROY Human DNA](#)

According to Dr. Boian Alexandrov at the Center for Nonlinear Studies at Los Alamos National Laboratory in New Mexico, **terahertz (THz) waves destroy human DNA. The waves literally unzip the helix strand. Now a team of technologists at UT Dallas are planning to take chips broadcasting THz waves and embed them into mobile phones for use as an imaging system for**

consumers, law enforcement and medical personnel... a potentially deadly technology that could eventually kill or sicken millions of people.

Studies of terahertz radiation have caused experts to raise alarms over the significant health risks to humans.

The controversial THz scanner technology used by the TSA at many of the nation's airports is being adapted for cell phone use. Studies of terahertz radiation have caused experts to raise alarms over the significant health risks to humans.

Recently major media touted a new chip that permits the adaption of a THz generating device to be embedded into cellular phones.

THz scanner technology will have significant risks to humans

The excited press painted grand pictures of such technology being used by consumers to see through walls and objects, while health professionals like physicians might incorporate the technology to seek out small tumors inside patients without the need for invasive surgery.

The THz wave—located between microwaves and infrared on the electromagnetic spectrum—was chosen for security devices because it penetrates matter such as clothing, wood, paper and other porous material that's non-conducting. At the time experts believed this type of radiation was harmless.

They were wrong.

In a breakthrough study conducted by Dr. Boian Alexandrov at the Center for Nonlinear Studies at Los Alamos National Laboratory in New Mexico and a team of physicists, they discovered terrifying evidence that exposure to THz radiation builds cumulatively and affects human and animal tissue DNA. In essence, it tends to unzip the DNA molecule. [See: ***Inside TSA scanners: How terahertz waves tear apart human DNA***]

The Los Alamos scientists paper, DNA Breathing Dynamics in the Presence of a Terahertz Field reveals very disturbing—even shocking—evidence that THz radiation significantly damages the DNA of the people being directed through airport scanners and all TSA workers in close proximity to the machines.

The Los Alamos scientists paper, *DNA Breathing Dynamics in the Presence of a Terahertz Field* reveals very disturbing—even shocking—evidence that THz radiation significantly damages the DNA of the people being directed through airport scanners and all TSA workers in close proximity to the machines.

Their synopsis: "We consider the influence of a terahertz field on the breathing dynamics of double-stranded DNA. We model the spontaneous formation of spatially localized openings of a damped and driven DNA chain, and find that linear instabilities lead to dynamic dimerization, while true local strand separations require a threshold amplitude mechanism. Based on our results we argue that a specific terahertz radiation exposure may significantly affect the natural dynamics of DNA, and thereby influence intricate molecular processes involved in gene expression and DNA replication."

What all that means is the resonant effects of the THz waves bombarding humans unzips the double-stranded DNA molecule. This ripping apart of the twisted chain of DNA creates bubbles between the genes that can interfere with the processes of life itself: normal DNA replication and critical gene expression.

Subject: FW: FYI

(I am sending this to some of my Christian Friends so they can be in prayer about this)

Trying to get ready for this trip. Having all kind of major demonic things happening here to prevent us from going on this trip. We are going to make a side trip to this ultra-haunted place that I just learned about a few days ago called Gretchen's Lock. Taylor and myself are totally convinced the devil does not want us going there and also to Ohio in general. Craziest thing this paranormal talk show contacted me the other day wanting to interview me and before I politely declined I checked out there website <http://www.themidnighthighway.com/> and found out about this place and it is very near where we are going so we are going to make a side trip (See below). God bless you!

Thank you! I believe we broke all curses associated with it. Taylor (who has a high level of discernment) and myself felt total peace even pulling into the park (which is huge) and felt that all the prayers that went up prior to us going there insured victory. By the time we got there we were just there to pray and claim victory, Praise the Lord! Thank you for your prayers! God bless!

AWESOME!!!! HIS power is sooooo great we are blessed He loves us so. if you think the curses are broke, do you think the girl who died of malaria went to heaven?? i always wondered

about the spirits of ghost kids, where they go? why they not in heaven already? and were they waiting for the 2nd coming of Christ to leave the world? what do you think of this??

My Response:

Greg:

These are not the real spirits of those people. They are 'familiar spirits' (devils/demons) that occupied the bodies of those people when they were living. They are "familiar" with the actions, personalities and appearance of the person that passed away. They appear (like an imposter) as the people they dwelt in to get people to think when we die we can determine when we go to the afterlife, which (if true) would totally negate what the Bible says about heaven or hell. It is a total lie.

2Cr 5:6 Therefore [we are] always confident, knowing that, whilst we are at home in the body, we are absent from the Lord:

2Cr 5:7 (For we walk by faith, not by sight:)

2Cr 5:8 We are confident, [I say], and willing rather to be absent from the body, and to be present with the Lord.

Hbr 9:27 And as it is appointed unto men once to die, but after this the judgment:

Rev 20:12 And I saw the dead, small and great, stand before God; and the books were opened: and another book was opened, which is [the book] of life: and the dead were judged out of those things which were written in the books, according to their works.

Rev 20:13 And the sea gave up the dead which were in it; and death and hell delivered up the dead which were in them: and they were judged every man according to their works.

20 Goals of the Illuminati and The Committee of 300

<http://educate-yourself.org/cn/johncolemangoalsofIlluminati.shtml>

From: **Conspirators' Hierachy: The Story of The Committee of 300**

1. To **establish a One World Government/New World Order with a unified church and monetary system** under their direction. The One World Government began to set up its church in the 1920's and 30's, for they realized the need for a religious belief inherent in mankind must

have an outlet and, therefore, set up a "church" body to channel that belief in the direction they desired.

2. To bring about the utter destruction of all national identity and national pride; which was a primary consideration if the concept of a One World Government was to work.

3. To engineer and bring about the destruction of religion, and more especially, the Christian Religion, with the one exception, their own religious creation, as mentioned above.

4. To establish the ability to control of each and every person through means of mind control and what **Zbigniew Brzezinski** called **technotronics**, which would create human-like robots and a system of terror which would make Felix Dzerzhinski's Red Terror look like children at play.

5. To bring about the **end to all industrialization** and the production of nuclear generated electric power in what they call "the post-industrial zero-growth society". Excepted are the computer- and service industries. US industries that remain will be exported to countries such as Mexico where abundant slave labor is available. As we saw in 1993, this has become a fact through the passage of the North American Free Trade Agreement, known as NAFTA. Unemployables in the US, in the wake of industrial destruction, will either become opium-heroin and/or cocaine addicts, or become statistics in the elimination of the "excess population" process we know of today as Global 2000.

6. To encourage, and eventually legalize the use of drugs and make pornography an "art-form", which will be widely accepted and, eventually, become quite commonplace.

7. To bring about depopulation of large cities according to the trial run carried out by the Pol Pot regime in Cambodia. It is interesting to note that Pol Pot's genocidal plans were drawn up in the US by one of the Club of Rome's research foundations, and overseen by Thomas Enders, a high-ranking State Department official. It is also interesting that the committee is currently seeking to reinstate the Pol Pot butchers in Cambodia.

8. To suppress all scientific development & alternative energy sources except for those deemed beneficial by the Illuminati.

9. To cause by means of **limited wars** in the advanced countries & through means of **starvation and diseases** in the Third World countries, **the death of three billion people** they call "useless eaters". The Committee of 300 (Illuminati) commissioned **Cyrus Vance** to write a paper on this subject of how to bring about such genocide. The paper was produced under the title "**Global 2000 Report**" and was accepted and approved for action by former President James Earl Carter, and Edwin Muskie, then Secretary of States, for and on behalf of the US Government. **Under the terms of the Global 2000 Report, the population of the US is to be reduced by 100 million by the year of 2050.**

10. **To weaken the moral fiber of the nation and to demoralize workers in the labor class by creating mass unemployment. As jobs dwindle due to the post industrial zero growth policies introduced by the Club of Rome, the report envisages demoralized and discouraged workers resorting to alcohol and drugs. The youth of the land will be encouraged by means of rock music and drugs to rebel against the status quo, thus undermining and eventually destroying the family unit.** In this regard, the Committee commissioned [Tavistock Institute](#) to prepare a blueprint as to how this could be achieved. Tavistock directed **Stanford Research** to undertake the work under the direction of **Professor Willis Harmon**. This work later became known as the "**Aquarian Conspiracy**".

11. **To keep people everywhere from deciding their own destinies by means of one created crisis after another and then "managing" such crises.** This will confuse and demoralize the population to the extent where faced with too many choices, apathy on a massive scale will result. In the case of the US, an agency for Crisis Management is already in place. It is called the Federal Emergency Management Agency (FEMA), whose existence I first enclosed in 1980.

12. **To introduce new cults and continue to boost those already functioning which include rock music gangsters such as the Rolling Stones (a gangster group much favored by European Black Nobility), and all of the Tavistock-created rock groups which began with the Beatles.**

13. To press for the spread of religious cults such as the Moslem Brotherhood, Moslem Fundamentalism, the Sikhs, and to carry out mind control experiments of the Jim Jones and "Son of Sam" type. It is worth noting that the late Khomeini was a creation of British Military Intelligence Div. 6, MI6.
14. To export "religious liberation" ideas around the world so as to undermine all existing religions, but more especially the Christian religion. This began with the "Jesuit Liberation Theology", that brought an end to the Somoza Family rule in Nicaragua, and which today is destroying El Salvador, now 25 years into a "civil war". Costa Rica and Honduras are also embroiled in revolutionary activities, instigated by the Jesuits.
15. To cause a total collapse of the world's economies and engender total political chaos.
16. To take control of all foreign and domestic policies of the US.
17. To give the fullest support to supranational institutions such as the United Nations, the International Monetary Fund (IMF), the Bank of International Settlements, the World Court and, as far as possible, make local institutions less effective, by gradually phasing them out or bringing them under the mantle of the UN.
18. To penetrate and subvert all governments, and work from within them to destroy the sovereign integrity of the nations represented by them.
19. To organize a world-wide terrorist apparatus and to negotiate with terrorists whenever terrorist activities take place.
20. To take control of education in America with the intent and purpose of utterly and completely destroying it.

Project Bluebeam to be Used to Create Fake Appearances of Religious Figures Worldwide?

Opinion

The Blue beam technology will allegedly display in the sky laser projections of multiple holographic images to be visible by every part of the planet.

Each area will receive different images according to the predominating regional religious faith. Not a single area will be excluded.

This will allegedly be done with computer animation and sound effects appearing to come from the depths of space.

Computers will coordinate the satellites and software will run the audio and visual show-and-tell. It is said that astonished followers of the various creeds will witness their own returned Messiah in spectacularly convincing lifelike realness.

The various images of Christ, Mohammad, Buddha, Krishna, etc., will merge into one image after correct explanation of the mysteries, prophecies and revelations throughout time have been disclosed.

This "One God" will explain that the various scriptures have been misunderstood and that the religious of old are responsible for turning brother against brother, nation against nation, and that the religions of the world must be abolished to make way for the New World Religion representing the one God they see before them.

Some claim that the Blue beam technology can fake or hoax a rapture scenario where people will be seen being beamed into heaven.

Comment: Please understand the New Agers are anticipating a rapture of their kind just as much as Pre-Trib Christians are expecting their own rapture. Here is a quote I just saw today from a very prominent New Ager on the internet that runs a breaking news website: "When she (Mother Earth) can not "take it" anymore, evacuation of "Sananda's flock" shall occur. Yes, both Anne and I believe that all these changes are very close to happening. We are now in the fourth month, but we believe 2012 is the year for great change on Shan. May the people prepare and be ready!" He goes onto clarify his statement by saying: "As I have explained many times, to graduate from third dimension and move to 5D (Heaven) requires that

one live the Laws of God and of Creation, as best that they can. **These ones, who are doing that, Sananda calls his flock. This has nothing to do with any religion or creed. Being a Christian or an American or of any nation or religion does not qualify anyone to be a member of "Sananda's flock".**" Patrick H. Bellringer

Others say that the Blue beam project is capable of creating a simulated alien attack. Like a visual war of the Worlds where we will be convinced of a fake UFO landing and contact.

Sounds crazy right?

Last month Ground Zero Radio reported on the Anniversary of probably one of the most witnessed UFO sightings in History. On March 13th, 1997 a mile long triangular shaped UFO was seen over Phoenix.

The massive airship had an array of lights in the back and a huge light in the front. While many witnesses phoned into the show from the Phoenix area confirming that what was seen was a giant flying platform, there were others who believed that what was seen was a holographic image of a large space ship.

This would mean that on that night, thousands of people were all part of a massive psy-op.

There is circumstantial evidence that suggests that what was seen was part of an experiment called Project Blue Beam.

This blue beam project allegedly has been created by NASA and the United States Psy-ops division **in order to trigger an emotional reaction through the use of computer generated apparitions, modulated microwave images and sounds and voices directed into your brain.**

The Image of a large UFO was seen by the entire city of Phoenix Arizona and garnered all types of press. While the reaction from the public was typical for a UFO sighting, there were other reactions that were reported and then forgotten.

The Heaven's gate Cult Committed mass suicide just days after the Arizona Sighting. Marshall Applewhite received a "sign" that it was time for he and 38 of his followers to shed their human containers and unite with a spaceship hiding behind the comet Hale Bopp.

Was that sign he received the appearance of a "mother ship" over Phoenix?

It seemed to be coincidence that both the UFO event and the suicides took place on the powerful 33rd degree north latitude, an area that is supposed to be a powerful place to shed blood or conduct magical works.

The "Heaven's Gate" cult committed suicide from almost exactly the 33.30'N latitude in "Rancho Santa Fe," North of San Diego. The large triangular UFO was seen over Phoenix Arizona at about 33.24 – 32.34 North latitude.

Is this another coincidence? Perhaps not as we realize that there may have been an attempt at creating a "blue beam" test over Arizona, **created by computer programmers who died in the Heaven's gate Suicides.**

Three members of the Heaven's Gate "suicide away team" worked for Advanced Development Group (ADG), Inc., a company that developed computer-based instructions for the US Army. ADG later became ManTech Advanced Development Group; these organizations have connections to the First Earth Battalion **which is a Psy-op group that was formed by the U.S. Military to allegedly handle Military extra terrestrial affairs such as abductions, contact through telepathy Remote Viewing and ESP; and possible simulated extra terrestrial "drills" using holographic technology.**

First Earth Battalion eventually became the Jedi Project.

Holographic technology has advanced exponentially.

The report of the “holla-graphic” appearance of Tupac Shakur at Coachella, or reports of a holographic appearance of Prince Charles at a World environmental summit in Abu Dhabi show that the technology has advanced and projection systems could very well create mile long Triangular spacecraft over Phoenix.

If the Phoenix sighting was part of the Blue beam project, a project that we are told will simulate a fake alien attack or the return of a messianic being, then wouldn't it be logical to think that over a decade later we could see advances that could be so convincing that it would be unbelievable?

A projection system alone can create a fake alien invasion effectively. However, if you want to fake the second coming of Christ, or the arrival of a God that's another story. **The impressive images of a deity have to be accompanied by an equally impressive soundtrack.**

It can't be broadcast on huge speakers. That would be impossible. **The soundtrack would have to be transmitted directly into your brain in order for it to impress you.**

Perhaps there could be a viral video campaign created by people who record strange sounds on the earth, sounds that can be perceived as trumpets or angelic hosts proclaiming the arrival of a God. **(Comment: could this be what is happening around the world currently?)**

The Military has now developed Long Range Acoustics or LRAD systems that they can use to emit sound that completely misses the ears and goes directly into your head.

The LRAD beam was originally used to emit a loud sound to apprehend disable someone. Now it is being used to send spoken messages up to 300 meters.

Oddly enough the LRAD system has been nicknamed the voice of God.

Now we can have projection and sound that you hear in your head and images that can be interpreted as God or Jesus appearing in the sky.

What if you look up one day and hear “I am the Alpha and Omega, every knee shall bow and every tongue shall confess that I am the one true God.”

Regarding the Endtimes Jesus Warned: Matthew 24:23-24: "Then if any man shall say unto you, Lo, here is Christ, or there; believe it not. For there shall arise false Christs, and false prophets, and shall shew great signs and wonders; insomuch that, if it were possible, they shall deceive the very elect."

Luke 21:8: "And he (Jesus) said, Take heed that ye be not deceived: for many shall come in my name, saying, I am Christ; and the time draweth near: go ye not therefore after them."

I Chronicles 12:32: "And of the children of Issachar, which were men that had understanding of the times, to know what Israel ought to do; the heads of them were two hundred; and all their brethren were at their commandment."

Acts 20:31: "Therefore watch, and remember, that by the space of three years I ceased not to warn every one night and day with tears."

I Thessalonians 5:6: "Therefore let us not sleep, as do others; but let us watch and be sober."

All of this technology is real and can be used against you.

Still don't believe that the technology is real?

Perhaps you can investigate the Washington Post story where an Al-Qaida operative Abu Zabaida was taken into custody and was water boarded for information. No matter how much they tortured him he would not divulge information about terror activities.

The next day he had a change of heart. Zubaida walked in and told his interrogator that Allah came to him in a dream and spoke to him directly, telling him to cooperate with officials. Was it really Allah? **Or could it have been an LRAD induced electronic hallucination?**

John Ronson is a powerful writer, investigative journalist and documentary film maker from the U.K.

He has recently uncovered various experimental projects being carried out by the U.S. Military. His book “The Men Who Stare at Goats” **uncovered strange psychological operations being**

carried out by the U.S. government including the use of psychic warfare to assassinate an enemy.

In 2007 Ronson reported on real “non lethal” technologies **developed by the military like plans to use low-frequency infrasound weapons which easily penetrates most buildings and vehicles and creates nausea, loss of bowel control, disorientation, vomiting, potential internal organ damage and death.**

Scott Johnson’s Teaching:

Digital TV, HAARP, GWEN, Silent Sound & Mind Control Technologies

In his article “Bees on the battlefield and other U.S. Military Experiments” Ronson also reveals that the Military is feverishly working on something called “The Prophet Hologram” which is technology that projects the image of an ancient god over an enemy capitol whose public communications have been seized and used against it in a massive psychological operation. Yitzhaq Hayutman a 61 year old cybernetics specialist was featured in WIRED Magazine. His claim to fame is utilizing holographic imagery that in his opinion will summon the Messiah to arrive at the Dome of the Rock.

Using lasers a blimp and a few other gadgets he is able to project a large throne in the sky to simulate the throne of God. He also believes that this device can be used for peace. He believes his technology can “engineer” an apocalypse and unite the people for good.

According to the Defense Technical information center The United States military has a patent Numbered ADA33849 listed as a 3D holographic display that is used with Strontium Barium Niobate. A compound that is aerosolized obviously through chemtrail planes It is created by Army Research laboratories as a new and innovative technique for generating a three dimensional holographic displays that can be viewed in real time over a wide perspective or field of view. The holographic image is free from system-induced aberrations and has a uniform, high quality over the entire FOV.

The enhanced image quality results from using a phase conjugate a red or blue beam generated from a second photorefractive crystal acting as a double pumped phase conjugate mirror (DPPCM). Multiple three dimensional images have been stored in the crystal via wavelength multiplexing.

How does one get enough Strontium Barium Niobate in the air in order to project such a convincing Holographic image? You lay down trails of the chemical that spread for miles. The image is then projected on the mist, it is called “FOGSCREEN” technology.

A 1996 study commissioned by a US Air Force panel called “Air Force 2025” shows how a future “Airborne Holographic Projector” might look like. In this illustration, a virtual aircraft is created to deceive the enemy as to the size and location of attacking forces.

There seems to be so much evidence to suggest that “Blue beam” Psy-ops technology exists and it can be used for the purpose of creating some event where a mass reaction would take place.

The Majority of people have created the idea of God through various paintings or images that are supposedly what a given deity looks like.

With this in mind the value we place on images will influence how we perceive reality. It will be easy to fool a majority of people with digital trickery.

The Blue Beam Operation will also allegedly utilize tools like H.A.A.R.P. that can produce earthquakes using ultra low frequency technologies. The Earthquakes are to occur in many places designated as “holy centers.” These centers are to include the Middle east, Mesopotamia, Israel, and the Vatican in Rome.

The earthquakes will allegedly uncover new discoveries that will explain to all people the error of all fundamental religious doctrines. The fear of every religion is to have it undermined with new information to make all nations believe that their religious doctrines have been misunderstood for centuries and misinterpreted.

In the Movie Angels and Demons Tom Hanks played a Harvard Symbologist named Robert Langdon. The plot was centered on the Illuminati and a powerful weapon they had that could destroy the Vatican. **The new technology coincidentally was created at CERN.**

The remarkable synchronicity of all this is the possibility that CERN can open up a wormhole or dimension where it could appear that a gateway has appeared in the sky.

This was a reality for Norwegians who awoke to the strange sighting of what appeared to be a lit spiral in the sky that eventually opened something that appeared to be a worm hole.

In a potential add on' to that story, a massive UFO appears over every major city as the aliens benevolently take over the world with their superhuman technology.
