**Ephesians 5:11, 13-16:** "And have no fellowship with the unfruitful works of darkness, but rather reprove them. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, Awake thou that sleepest, and arise from the dead, and Christ shall give thee light. See then that ye walk circumspectly, not as fools, but as wise, Redeeming the time, because the days are evil."

The 1828 Noah Webster Dictionary defines:

**Reprove:** To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

**Circumspectly:** Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

**Matthew 24:24:** "...if it were possible, they shall deceive the very elect."

**II Corinthians 2:11:** "Lest Satan should get an advantage of us: for we are not ignorant of his devices."

**II Chronicles 7:14:** "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

### OBAMA: HONOR TRAYVON WITH GUN-CONTROL

He added that Americans should "honor" the life of Trayvon Martin by committing to "stem the tide of gun violence," and "ask ourselves if we are doing all we can to widen the circle of compassion in our communities."

### Zimmerman verdict: NOT GUILTY - stay off the streets, everyone, and prepare for riots

by Mike Adams, the Health Ranger, NaturalNews Editor

(NaturalNews) The verdict is in on the Zimmerman trial: NOT GUILTY. The jury found that Zimmerman acted within his right of self defense when he shot and killed Trayvon Martin.

This bulletin isn't about the trial itself, nor the merits of the verdict. This is about urging all Natural News readers to stay off the streets tonight and for the next few nights, because there are huge numbers of people who say they're going to RIOT if the verdict comes back "not guilty," and now that moment has arrived.

If you are a white person (or even an Hispanic, which the media now calls "white" for some reason), you may now be racially targeted by radical gangs or mobs who did not agree with the outcome of the trial and who seek to take it out on other innocent people.

I have never seen the kind of racially-charged, violent vitriol now being witnessed surrounding this trial. As a shocking example of this, watch this video of some of the New Black Panther members (who call Zimmerman a "no good Jew" and claim to have an army of 10,000 black men ready to seek justice.

(Comment: Zimmerman has a Peruvian mother and a white father, making him half hispanic. The leader interviewed (Mohammad) is also a Muslim. In 1989, a group calling itself the "New Black Panther Party" was formed in Dallas, Texas. Ten years later, the NBPP became home to many former Nation of Islam members when the chairmanship was taken by Khalid Abdul Muhammad.

This leader is basically stating they are actively

trying to track down George Zimmerman right now and he will be executed when

found because of the “eye for and eye” “tooth for a tooth” reasoning but he evidently does not mind that about half of the black race in America is being exterminated in the Abortion clinics. SEE:

Here they are from the Center for Disease Control for 2004, the last year for which a report is available.

African Americans: 472 abortions for every 1000 live births.

Whites: 162 abortions for every 1000 live births.

-----  
**Federal Report 2011: Almost Half the Babies Aborted in NYC Were Black...**  
-----

Planned Parenthood is the largest abortion provider in America. 78% of their clinics are in minority communities. Blacks make up 12% of the population, but 35% of the abortions in America. Are they being targeted? Isn't that genocide? Blacks are the only minority in America that is on the decline in population. Did you know that the founder of Planned Parenthood, Margaret Sanger, was a devout racist who created the Negro Project designed to sterilize unknowing black women and others she deemed as undesirables of society? The founder of Planned Parenthood said, "Colored people are like human weeds and are to be exterminated." Is her vision being fulfilled today?

**Growing Army of Black Pro-Lifers Targets Abortion**

Tuesday, June 12, 2012--Clarence V. McKee's Perspective: There is a major war going on. Not the one in Afghanistan — the one here to stop the number one killer of blacks — abortion.

On one side the well-funded Goliath army of pro-abortion advocates — Planned Parenthood, the ACLU, the Congressional Black Caucus (CBC), the National Association for the Advancement of Colored People (NAACP), and scores of others. On the other, the small but growing army of black pro-life organizations.

The black pro-life movement is making its voice heard in black communities. For example, the Radiance Foundation's "Black Children Are an Endangered Species" and TooManyAborted.com campaigns inform black women of the perils of being captured by the "abortion army."

They have gotten the opposition's attention. What's the message?

Black pro-life groups estimate that, since Roe v. Wade, abortion has killed between 13-15 million black infants — more than all other causes of black deaths combined.

Rev. Johnny Hunter of The Life Education and Resource Network (L.E.A.R.N.) said: "We're losing our people at the rate of 1,452 a day. That's just pure genocide."

Civil unrest is beginning to hit US streets following the acquittal of George Zimmerman, with demonstrators smashing windows, attacking police cars, overturning dumpsters and setting fires in downtown Oakland.

One police car was daubed with the words "Kill Pigz" as American flags were torched. "Kill Zimmerman" was also scrawled on the Alameda County Court.

**Twitter messages threatening to violently kill George Zimmerman continue to flood the social network.**

Young black thugs shoot white baby in the face at point blank range. Brunswick, GA has been rocked by the unprovoked hate crime murder of a 13 month old baby. The baby was shot right in front of it's mother by two black teenage thugs. The shooter is believed to be between the ages of 13 and 15

**America is the midst of an epidemic of racial mob violence and the media refuses to report it. In my book, I documented hundreds of examples of black mob violence in more than 70 cities big and small throughout the country. Many of the episodes are on YouTube. I also documented how the media and public officials**

**ignore, condone, excuse and even lie about this wave of lawlessness. Despite a growing mountain of evidence, some still deny this problem exists. (Curiously, the same people who deny the problem are always the first to explain it away.)**

So here are the links to racial mob violence throughout the country, following the organization of the chapters in my book: Some by city, some by theme, i.e. racial violence against Asians, “gays,” Jews, women and others.

**I followed up many of the links with phone calls or emails to confirm the racial nature of the attacks and lawlessness.**

Many of the individual links are definitive. Treat the others as clues that are part of an investigative package that help us determine the racial quality of the mayhem. And how public officials and media react to it.

**!!!Editor's note: Some of these links will have images and language that is objectionable:**

**Play to 1:57: "Black judge clears all whites from courtroom"**

*The process of gathering and analysing statistics on an incarcerated African-American males has been taken by several studies on a specific age group, geographical location, causes of incarceration or simply the upbringing of a child over a course of years. Approximately 12%-13% of the American population is African-American, but they make up 40.1% of the almost 2.1 million male inmates in jail or prison (U.S. Department of Justice, 2009).<sup>[1]</sup> Census data for 2000 of the number and race of all individuals incarcerated in the United States revealed a wide racial disproportion of the incarcerated population in each state: the proportion of blacks in prison populations exceeded the proportion among state residents in twenty states; the percent of blacks incarcerated was five times greater than the resident population.*

- *A black male born in 1991 has a 29% chance of spending time in prison at some point in his life.<sup>2</sup>*
- *Nearly one in three African American males aged 20–29 are under some form of criminal justice supervision whether imprisoned, jailed, on parole or probation.*
- *One out of nine African American men will be incarcerated between the ages of 20 and 34.*
- *Black males ages 30 to 34 have the highest incarceration rate of any race/ethnicity.*

**One Comment read:** *This is what happens when you let the thug element take over. Get ready to see more of this. But since these youths get a cultural pass, it's probably better to simply cancel all the family events in Atlanta and let the thugs have the park. The cops know the courts won't do anything about them, so they don't waste time trying to control them. Why arrest these criminals when you KNOW the courts are just going to turn them loose again?*

**In light of all these reports I find the following report beyond comprehension:  
Federal Government Plans to Go After Zimmerman**

It's not over, said one of the most powerful men in America, Senate Majority Leader Henry Reid. He said now that a jury of his peers has found George Zimmerman not guilty of murdering Trayvon Martin, it is time for the federal government to step in. Appearing on Meet the Press this morning, Reid told host David Gregory the Justice Department will go after Zimmerman.

"And the president, does he have a role in speaking about it as he did after the shooting?" Gregory asked.

**"Yeah, of course," Reid responded. "And I think the Justice Department's going to take a look at this. You know, this isn't over with, and I think that's good, that's our system. It's gotten better, not worse."**

In other words, if a jury reaches a verdict the federal government and the Obama administration think is not politically correct (or is contrary to their political agenda), they will move to "take a look" at it and take action to placate special interests.

Soon after the verdict was reached on Saturday night, the NAACP called on the Justice Department to persecute George Zimmerman for the inexcusable crime of self-defense. Other "civil rights" organizations called for Zimmerman to be prosecuted. "We will be calling on the federal government to file criminal charges on the basis of civil rights violations," said CD Witherspoon of the Southern Christian Leadership Conference of Baltimore.

**The NAACP has pledged to "fight for the removal of Stand Your Ground laws in every state" and make racial profiling a primary consideration in self-defense cases.**

**A number of liberal advocacy groups – including NAACP, the Urban League, Color of Change, Common Cause, People for the American Way and MoveOn.org – have worked to eliminate the right of Americans to protect themselves.**

*"Florida's dangerous 'Shoot First' law allowed Trayvon's killer to walk free without charges for more than a month. Shoot First legalizes vigilante homicide, has demonstrated racial bias in its application," states Color of Change, as part of a campaign to eliminate "stand your ground" laws,*

**So the characterization of self-defense as "vigilante homicide" when it contains supposed "racial bias in its application" means when a white person defends himself against violence perpetrated by a black person or other government designated preferred minority, that this is unacceptable. All of this underscores the globalist agenda to disarm all Americans.**

The Trayvon Martin case is not about totally about racism, it is also about destroying the Second Amendment and turning the American people into a defenseless herd no different than the Russians under Stalin or the Chinese under Mao. "Political power grows out of the barrel of a gun," Mao famously said. He wasn't talking about guns in the hands of citizens.

**Since 2009, Color of Change has received \$550,000 from Soros' Open Society Foundation and is closely connected to MoveOn.org, an organization perpetually engaged in peddling Obama's globalist agenda and fundraises for establishment Democrats. MoveOn.org has also launched a petition demanding the Justice**

Department ignore the jury decision in Florida and further victimize George Zimmerman.

Color of Change is “an organization dedicated to shutting down free speech, free expression, free markets, and free enterprise,” writes Peter Bella. “They are against capitalism and civil liberties. They want to repeal the Second Amendment, force people to be victims, and are against stopping voter fraud.”

**Defense Lawyer: If Zimmerman Were Black, He Wouldn't Have Been Charged**

July 14, 2013--George Zimmerman's defense lawyer Mark O'Mara wasn't timid with the mainstream media during the live Q&A on Miami's WSVN 7 News, calling out the media on injecting racial tensions into the case. In the Q&A, O'Mara told a reporter that Zimmerman would never have been charged if he were black.

The answer came during live Q&A session with George Zimmerman's defense attorneys Don West and Mark O'Mara, who were surprisingly blunt with the media questioning. O'Mara even went on to call out the mainstream media for twisting the case and turning into a racial bout that may actually spawn riots and flash mobs that could result in the death of innocents — a nonsensically violent response to protest the verdict of the Trayvon case.

The fact of the matter is that the media has turned this case into a racial conflict of white verses black that isn't even applicable. First of all, **George Zimmerman is of Hispanic descent, yet somehow the media is spinning it as if he is a 'rich, white male'**. This is, of course, is a tactic performed by the mainstream media to make the case an issue of race and subsequently generate mass frenzy over this perceived racial divide.

The fact of the matter is that the media, an arm of the corporate monopoly that controls the bought and paid for politicians within our nation, **continues to fuel racial divide like never before.**

-----  
**Back to the main report:**

I urge all Natural News readers, regardless of your race, your beliefs, or the color of your skin, to **STAY HOME** after the verdict. Don't become a victim, and don't take part in any riots or violence. I also encourage you, as I'm a staunch defender of the right to self defense, to pack a loaded gun in your home and have it ready that night, assuming you don't have children running around your home and also assuming that possessing a gun in your home is legal (which it is in most states). This is just in case the riots get out of hand and angry mobs start pulling people out of their homes. It's unlikely, but if they do, you can **forget about calling 911**. They almost certainly won't be able to respond. Remember: This is for you to **protect your family, your person, your home and your property**. I specifically do NOT want you to take a gun out of your home and run around the streets looking for trouble. Stay home, stay armed and be smart. Exercise your right to self defense with a sense of responsibility and maturity. At the same time, **do not be afraid to assert your right** to protect your life, your family and your property against aggressors who intend to cause harm.
