Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather reprove them. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, Awake thou that sleepest, and arise from the dead, and Christ shall give thee light. See then that ye walk circumspectly, not as fools, but as wise, Redeeming the time, because the days are evil."

The 1828 Noah Webster Dictionary defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Circumspectly: Cautiously; with watchfulness every way; with attention to guard

against surprise or danger.

II Corinthians 2:11: "Lest Satan should get an advantage of us: for we **are not ignorant of his devices.**"

II Chronicles 7:14: "If **my people**, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

++ At Anti-Bullying Conference in Iowa, Middle Schoolers Learn About Pure Sodomite Evil

Posted By [Daily Caller](#) On July 26, 2015

In rural, small-town Iowa, a group of parents and community leaders are seeking to prevent students (from the local taxpayer-funded middle school and high school) from **attending future versions of an anti-bullying conference for lesbian, gay, bisexual and transgender teens.**

The last one — in April — left many of the denizens of Humboldt, Iowa up in arms, reports Des Moines NBC affiliate.

Iowa Safe Schools, an activist group out of Des Moines, hosted the conference. It was quite something.

Among the nearly two dozen speakers, “only two” addressed bullying, one attendee estimated, [according to EAGnews.org](#).

The rest of the sessions involved issues such as “how to pleasure their gay partners.”

Middle school girls from Humboldt (pop.: 4,690) had the opportunity to learn “how to sew fake testicles into their underwear in order to pass themselves off as boys.”

One speaker wore a dress made out of condoms to which could be “used as needed.”

Another speaker raised the important middle-school issue of using the Internet to locate an orgy.

A father from Des Moines whose daughter attended the conference described the girl’s experience.

“When she got there, it wasn’t really on bullying; it was basically a sexual education class for same-sex couples,” the mad dad said.

The main, featured speaker, drag performer Miss Coco Peru, cussed a lot and encouraged attendees to vandalize the property of critics.

Thousands of middle schoolers and high schoolers from the region attended the April event.

[Humboldt, Iowa school district superintendent Greg Darling](#) said the funding for students in the district to attend the conference was provided by a student-run organization.

He said he could do nothing to prevent the club which sponsored attendance at the event from fundraising for it next year or sending local students.

“We support all clubs in the school **that meet the polices and procedures**,” Darling told WHO-TV. “We are an equal opportunity school and do not discriminate against anyone **(But it is OK for a drag queen to encourage the attendees to vandalize the property of their critics).** **We strive to have a positive learning environment in the district** but we do not support any group of individuals who uses profanity in presentations.”

PHOTOGRAPH , PHOTOGRAPH- HEADS UP RECORD ANY AND ALL SUSPICIOUS SURVEILLANCE ACTIVITY

Steve, I think the gvt is red listing. Four days ago a **small pickup with post office magnets on the doors** stopped on the curb in front of my front door. The guy never got out of the vehicle, but was watching my door and doing something with his hands. I watched him through a window of my house until he drove away about four minutes later.

I mentioned it to my wife, who was there with me, and observed that it was an odd behavior, as our mailbox is one block away, and he passed it to park at my front door, and never got out.

Maybe he was texting, right?

But in the last two days I have seen him do the same thing twice more.

We are busy around our small town and driving a lot, **and both times I saw this same Toyota Tacoma extended cab truck with post office magnets on the doors drive up to an address, stop, fiddle with his hands out of view, and drive away.**

I live in the middle of jade helm central. My town is between the special forces operating around Junction Tx, and the 82nd Airborne jumping into camp Bullis. We are stone cold gun-toting conservatives around here and we will prove it if pushed.

I am a widely published writer of truth, and broke the story a few weeks ago about Palantir being funded by the CIA, and Jade being fueled by Palantir. Palantir is the eye of Mordor, incidentally. Wiki search it.

I'm also x military police investigations and a very outspoken advocate of defending the constitution.

Bottom line is this - **my gut instinct is that the post office magnets are cover, and this guy is verifying that people on his list live at the address of record. He is likely obtaining license plate numbers of vehicles on site and using that data to privately confirm that the redlisted individual lives at that address.**

If they are red listing (and you know they gps'd your home already) then the odds of Jade Helm going live in mid-August are higher.

If I see the guy again, I will stop and ask for some postal id. I will also get a good look at his console to see if he has a console-mounted computer in there. **The post office does not deliver to houses where I live, so he has no excuse for stopping at these places.**

I know that this jade helm deal is warmer than most suspect. I carry a \$10 generic **anonymous flip phone and last week I got about five 32kb files texted to me from an unknown number. The NSA tries to inject Trojans into newly activated phones, and from my own years in IT, that 32kb file size is a big red flag.**

And then they quit. **I think my phone is still anon, but you and I both know things are about to get wet.**

Jul 22, 2015

This report comes to us from an ANP reader in Lumberton, Texas. On July 23rd, in a neighborhood in Lumberton, Texas... I was sitting in my garage. My garage opens to

the road, and across the street my parents have a home on an acre of land. I noticed a man in black sports material shorts with matching black polo type shirt walking up the road and start walking up their driveway. He was carrying a commercial style tablet such as UPS uses. He had short cropped hair and a beard. My view of their carport is obscured by my truck, so I made a note to ask my dad later what he wanted.

A few minutes later he walked out of the driveway and turned and walked past my driveway as if I were not here. I was using a water hose then to wash my driveway. Several minutes later, a different guy came walking from the direction the first guy went, dressed the same way, in black, with what looked like a photo ID clipped on the front of his shirt. His hair was cropped short, he was clean shaven. I was watching him and he looked at me and stated, "it's very hot", and I replied, it is very hot..... This was odd.

About thirty minutes later I went to pick up something to eat, as I was coming back through the neighborhood I saw another guy, dressed the same way, looking at his cell phone and walking. This one had black hair and a beard. So I go ask my father what the original guy wanted and he said they were offering some type of home service, but couldn't recall what specifically, my dad is 81. I asked my dad what else he said.

He said, the first thing the guy mentioned was the fact my dad had his American flag displayed on a hanger at his garage. My dad told him he was in fact a Korean War veteran. That guy then stated he had been to South Korea. Then it all dawned on me. I'm a Navy veteran (4 years-77-81). They all had slim runners legs, but very well defined upper body structure. Two inch beards, except for the second guy. I immediately felt these were a SEAL team or other operators canvassing the neighborhood. I was here, but they didn't ask me about home improvement.....so now I feel I'm on the red list.

[You cannot begin training for a battle as you march into it, but must made ready before that time is at hand.](#)

I received this from the Lord Monday morning, 7-13-15 and have been waiting to release this. After hearing more confirming words of the same from Him from others, here it is. I don't know how to post to your sight, so I email you with these words. Please let others read this and be warned.

"Thus saith the Lord, the only God: My Word has been spoken and it has been here for many generations to see; it has been here for many generations to hear by the preaching of the Gospel of Jesus Christ. It has been sent mightily through this nation and out to many other nations of the earth, but it has been rejected. As Israel of old turned their backs on Me and judgment came upon them, so you have turned your backs on Me and I have turned My back on you. As you cry out in reveling of your sins, relishing them and flaunting them, so you will cry out in your pain and suffering that shall very shortly come suddenly and swiftly upon you. As you have given your children to the lust of this world so you shall lose your children before your eyes. What was once precious in your sight you have selfishly let go.

My Word has gone forth and it has been ignored by multitudes, including most of My church. My words of warning that have resounded for several decades now have vastly gone unheeded and now it is time to reap the whirlwind of My just judgments. Your weeping and howling and gnashing of teeth that shall so very, very shortly fall upon you will leave you in utter shock and disbelief that this has happened to you here in America. I will come for My people, but you will have to endure until I do come. The sins of this nation reach unto heaven as did the sins of Sodom & Gomorrah and Nineveh; so it is ripe unto judgment and you must be purged. The dross must be taken out of the silver. The fields must be cleansed.

Look to Me now, for it is too late for some of you to begin; your life will be lost, but your soul shall be saved. You cannot begin training for a battle as you march into it, but must made ready before that time is at hand. Take no delay, take no more time to waste, but seek Me diligently and swiftly in My Word, according to My Word, always seeking Jesus and always pointing to Jesus. Nothing that shall be done by any man that is of Me will point anywhere else but to Jesus and My Word all according to My Word. If it does not move, speak and breathe in accordance to My Written Word, reject it and leave it alone; get far away from it. Try the spirits whether they are of Me; you shall try them by My Written Word.

The pangs of judgment are now come upon you. The fires of My jealousy for My espoused will burn across this once great land. The land will tremble and shake, the rivers will overflow and it will be torn asunder. Unheard of violence will spread like an uncontrollable cancer, eating at the very heart of men. Oh, the sorrows of suffering that will be upon you, that you shall shortly see, that you never thought you would see! Look at what happened to Jerusalem, to Shiloh, to Israel; and you, America, have far gone beyond what they have because of the Light that was shined in you and given to you. Now you will reap what you have sown. You have sown to the flesh in choosing to indulge in you lusts, and now you will reap what you have sown as I have lifted My hand of protection and My hedge about you is now gone and only around My true, chosen children. Repent, every one of you that have not. Come to Me now before your last heartbeat, for that is all you have. Time is short and no one is promised a tomorrow; come to Me, Jesus Christ, now, before it is too late, for your own individual soul. Stand on My Word. Thus saith the Lord of hosts *Jul 25, 2015*

++ The People vs. Barack Hussein Obama: Make This Go Viral

by Dave Hodges--**One cannot read this facts, verify them and come away with any other belief that Obama's mission is to fundamentally destroy the United States of America.** Review the documentation for the conclusions drawn in this article.

Investigate yourself and verify the facts and then share this article with everyone you know including your elected representatives.

Obama is the right man, at the right time to engineer a total communist subversion of the United States are not merely the words of journalistic rhetoric

designed to sensationalize the sentiment which has grown in opposition to the communist policies of an unpopular president.

*In this series, **The Russians Are Coming**, is a direct warning which is designed to alert all Americans to the following fact: **The United States is months away from a total subversion of all of its constitutional principles, its traditions, its wealth and ultimately the freedom and survival of millions of its citizens.***

Vladimir Lenin once uttered an ominous warning for our time “The Capitalists will sell us the rope with which we will hang them.” Even Lenin had no idea that a devout follower of his communist doctrines would ever become the President of the United States. He thought the Soviet Union would topple America from the inside. However, it isn’t a Russian communist who is destroying America, but rather it was a domestic communist, Barack Hussein Obama, who is tying the noose around the neck of all freedom-loving Americans.

Obama has been surrounded by nothing but communists for all of his life. From Obama’s real father, **Frank Marshall Davis**[3], to the husband and wife communist terrorist team of Bill Ayers and Bernadine Dohrn from the Weathermen Underground terrorist organization, Obama has known nothing but Marxist communist philosophy in his formative years.

Former FBI Weatherman Task Force supervisor, Max Noel, notes that the FBI utilized a CARL test when it conducted background checks on various suspects. The acronym CARL stands for Character, Associates, Reputation, and Loyalty used to assess candidates fitness to hold the highest office in the country. **On each of these four points of power, Obama fails and fails miserably.** Like many FBI **law enforcement**[4] agents and officials, Noel was alarmed by the fact that someone like Barack Obama could capture the presidency. **For some unexplained reason, Obama was never vetted before he became a candidate for the presidency by the FBI. This is an unacceptable result of our national security system and is wholly suggestive of internal plot to allow the installation of a blatantly communist advocate into the highest political position in America.**

Today, many people have been in a position to now vet the President after Obama’s six years of “**fundamentally transforming America**”[5]. This particular series will continue to connect the dots of the secretive and nefarious communist background of Barack Hussein Obama and tie his associations, actions and internal belief system to a current coup d’état which is close to capturing all of the vital elements of power in this country.

Comrade Obama’s ascension to the presidency has been a long time in the making. Interestingly, **Barack Obama’s past associates especially the communist terrorists which funded his Harvard legal education and ultimately launched his political career as an Illinois state senator, namely, Bill Ayers and Bernadine Dohrn, have been in lockstep with Obama his entire adult life.** However, Dohrn and Ayers were not the first to indoctrinate Obama with the Marxist communist philosophy. For that information, we have to begin with Frank Marshall Davis.

Obama’s real father, Frank Marshall Davis[6], was a member of the Communist Party and a former Soviet Agent[7] who was under FBI investigation for a total of 19 years. In 1948, Davis moved from Chicago to Hawaii leaving behind a colleague named Vernon Jarrett, father-in-law of Senior White House advisor, Valerie Jarrett. Yes, the Jarrett’s

are communists as well. Both Jarrett and Davis wrote for a left wing newspaper called the [Chicago Defender](#)[8] in which they espoused a communist takeover of the United States Government. In 1971, Davis, according to [Joel Gilbert](#)[9], reunited with his then nine-year-old son, Barack Obama, and schooled him in the ways of being a good communist for the next nine years.

Adding more fuel to this communist fire, it is interesting to note that both Senior White House Advisors, serving at the beginning of Obama's administration, David Axelrod and Valerie Jarrett were both "Red Diaper Babies"[10], in which they were the sons and daughters of well-to-do parents who desired communism and lived out their dreams through their children's revolutionary activities. Other notable red-diaper babies also include such notables as Rahm Emanuel[11] and Eric Holder[12]. Jarrett's situation is particularly interesting in that her family and the Ayers family have been multi-generational friends which also included a marriage between the two families. Much of the Obama administration is a nest of communists and this should serve to gravely concern every American citizen.

Typically, where you find communism, it is also common to find examples of extreme perversion. Many of us in the media are aware that Andrew Breitbart was preparing to reveal, among many things, the bizarre sexual proclivities of the current President, before his mysterious and bizarre death on the eve of what Breitbart said would be the biggest revelation of his journalistic career. Before Barack Obama was known to the American people, he was known by many, in Chicago, who were active in the gay scene, that this young up and coming neighborhood organizer was a political force to be reckoned with, but he had a deep, dark secret that if known, would have derailed his political career. According to Dr. Jerome Corsi's work, Obama was frequenting bathhouses[13], and was developing a reputation for a man, who frequently got around. The bathhouse that Obama most frequently visited was called Man's Country. This is what we know today and I believe this is why Breitbart was murdered and why Breitbart's coroner took arsenic as well as why one witness to Breitbart's death has disappeared and was never heard from again.

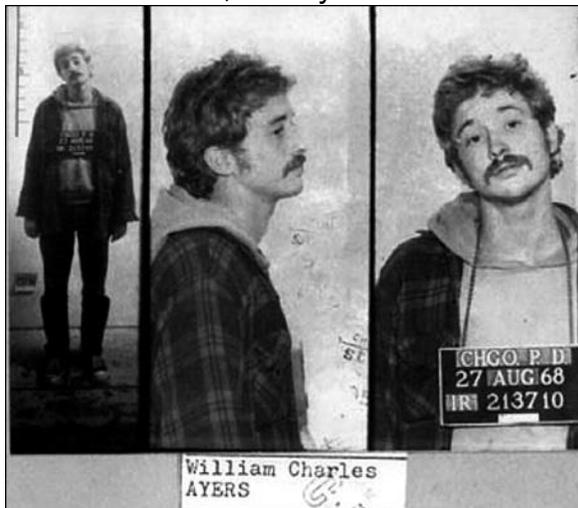

In a case of [like father, like son](#), [Frank Davis wrote a biographical novel, Sex Rebel](#), about having sex with children and engaging in other forms of bizarre sexual activity. If Breitbart were alive today, he would surely be saying that the fruit does not fall far from the tree.

Obama appointed Kevin Jennings to the position of Safe Schools Czar. Kevin Jennings is a self-admitted supporter and admirer of Harry Hay[15], a communist party leader, a known sexual pervert and an avowed supporter and member of The North American Man Boy Love Association (NAMBLA[16]). NAMBLA's moniker is "Sex before eight or it's too late". It is the most perverted organization in the country and our Obama appointed safe school czar, Kevin Jennings[17], is friends with a practicing member of this illegal perversion who is also an avowed communist and nobody in the mainstream media blinks an eye.

As if the Jennings/Hay controversy wasn't enough, Obama appointed Amanda Simpson[18], a self-described "first" transgender appointee to the federal government. Simpson is presently a senior technical adviser to the Commerce Department. In her/his spare time, Simpson is a member of the board of the

National Center for Transgender Equality (NCTE). NCTE is bankrolled by the Open Society Institute of globalist George Soros & NCTE received \$50,000 from the Open Society Institute in 2007 and Soros donated \$70,000 to the Transgender Law Center in San Francisco in the same year. Soros is well known for his efforts in undermining the family in accordance with Agenda 21 of which Soros is a disciple. In effect, we have a President who appoints people dedicated to the destruction of the American family and traditional American values. Like father, like son; both espouse the perversions of communism and practice sexual perversion.

Following the nine years of mentoring and parenting by Frank Davis, **Obama made some very important communist connections which ultimately led to him obtaining an impressive college education financed by some very familiar communist activists', namely, Bill Ayers and Bernardine Dohrn.** You remember Bill and Bernardine, don't you?

<<[19] The *Prairie Fire* book was co-authored by Dohrn and Ayers, and, quite unbelievably, it was dedicated to Sirhan Sirhan, Robert Kennedy's assassin. Former FBI informant, While appearing on *The Common Sense Show*[20], Larry Grathwohl, revealed that he testified in a court of law that Ayers and Dohrn had direct involvement in a terrorist plot which killed San Francisco police sergeant, Brian V. McDonnell, by a bomb made and planted by these Weathermen Underground terrorists.

Grathwohl also revealed that he asked Ayers, in a meeting of about 25 well-to do Weathermen, most with advanced degrees from Ivy League Universities, what the Weathermen planned to do when they achieved their goal of a communist take over the government. Grathwohl stated that Ayers paused for a moment and then said that it was likely that about 50 million Americans will have to be re-educated in concentration camps located in the American Southwest and that about 25 million would have to be eliminated, meaning that they would have to be murdered. Bill and Bernardine's Weather Underground had the support of Cuba, East German intelligence and the North Vietnamese. I believe that if Obama is able to stay in power (with something like Marshall law), and with the power granted to him by the NDAA, that he will fulfill Ayers' promise to Grathwohl to murder 25 million Americans who cannot be "re-educated". During the Vietnam war era, Ayers championed black civil rights and he and Dohrn further chastised white society for their treatment of blacks. Grathwohl also revealed that Ayers supported the beginning of a race war of blacks against whites. While Grathwohl was infiltrating the Weathermen, Ayers ordered FBI infiltrator, Grathwohl, to blow up a Detroit police substation to which Grathwohl said that a nearby restaurant, where many blacks ate would suffer many casualties. Ayers replied that some have to die for a revolution to proceed.

Ayers and Dohrn raised a son, Chesa Boudin, **who worked for Hugo Chavez , communist dictator in charge of Venezuela. Chesa Boudin was the child of Kathy Boudin and David Gilbert, members of a Weather Underground spin-off group who went to prison for an armored car robbery that resulted in the murders of two police officers and a security guard.** Dohrn served seven months for her role in the robbery and this is the reason that she is ineligible to become bar certified as an attorney. **Is anyone else uncomfortable with the fact that Ayers and Dohrn were the ones primarily responsible for educating Obama with the communist funds and then subsequently launched his political career from their living room? Well, it is true, please read on.**

Allen Hulton[21], a 39 year veteran of the postal service, provided a sworn affidavit to Maricopa County, AZ. Sheriff investigators, led by Sheriff Joe Arpaio, **in an effort toward determining whether or not former foreign college student[22], Barack Obama, is eligible to be placed on Arizona's 2012 election ballot. After reviewing Hulton's affidavit, it is apparent that Ayers and Dohrn were in fact the de facto adoptive parents to this foreign student destined to become the first illegitimate President of the United States. As a result, Obama was treated to the finest Ivy League education that communist backed money could buy as Hulton maintains that the Ayers told him that he was financing the education of a promising foreign student at Harvard. Hulton also testified that he met Obama while at the Ayer's home and he asked Obama what he going to do with all his education, to which Obama politely answered, "I am going to become the President".** Readers should take note that this is an affidavit, and as such, is formally considered to be evidence, not conjecture or hearsay. **There can be no other conclusion that the communist terrorist, Bill Ayers, began grooming Obama to become America's first communist President during Obama's college years. Their relationship continues into the present time as it is on record that Ayers visited the White House[23] in August of 2009.**

We also know that Obama's communist affiliations continued well into his adulthood because of the good work of Joel Gilbert who discovered that Obama was active with a Weathermen Underground. **The May 19th Communist Organization, in New York supported and endorsed Obama's candidacy.** Perhaps, this is why Ayers was visiting the White House.

Frank Chapman[24], a communist activist and a member of the communist front group known as the World Peace Council. **Chapman clearly used the term "mole" to describe Obama. He said Obama's political climb and subsequent success in the 2008 Democratic presidential primaries was "a dialectical leap ushering in a qualitatively new era of struggle."** Chapman further stated that, "Marx once compared revolutionary struggle with the work of the mole, who sometimes burrows so far beneath the ground that he leaves no trace of his movement on the surface. This is the old revolutionary 'mole,' not only showing his traces on the surface but also breaking through. **The Communist Party USA backs Obama to the hilt.[25]"** It is clear that Obama is their man!

America is at a serious crossroads. **The United States is preparing to go to war with Iran and its allies, China and Russia, in a last ditch effort to save the Petrodollar scheme[26] as opposed to letting China and Russia buy Iranian oil in gold. If America loses this struggle, the dollar will collapse. America's economy is in shambles**

and the country can ill-afford being purposely run into the ground by a series of red-diaper babies bent on the communist takeover of this country. There can be no doubt about it, Barack Obama is a traitor to this country. He is the culmination of multi-generational communist plot to install a communist dictator who would weaken this country to the point that it is very vulnerable to an outside Russian attack.

Our first line of defense is to warn everyone who will listen as to what we are up against as the light of day is the best disinfectant. The American people have been conquered and we, perhaps, have a small window of time in which to reverse the damage done by Comrade Obama. Many think it is too late.

Iranian Supreme Leader Tweets Picture of Obama Committing Suicide

Jim Hoft Jul 25th, 2015--**Obama's peace partner tweeted out a picture today of Barack Obama committing suicide.**

The caption reads: We welcome no war, nor do we initiate any war, but if any war happens, the one who will emerge loser will be the aggressive and criminal US.

[Stranger in a strange land](#) *In his narcissism, Obama has deluded himself into thinking Iran loves him; they don't, they detest him. He has tossed our allies under the bus in an attempt to please barbarians. These freaks of nature in Iran have been emboldened by Obama's complicity with terror. Obama's U.S.A. is now allied with a Stone Age theocracy that places women...and minorities into a lesser status than that of farm animals. The fact that these people hate us more than ever is irrelevant to Obama. How long before Obama issues an "executive order" that follows Iran's practices and dictates that women should be stoned to death for "allowing" themselves to be raped? Iran hits out at Kerry's 'empty threats'

[AFP](#) July 24, 2015—

<<Iran's Foreign Minister Mohammad Javad Zarif

Tehran (AFP) - Iran hit out Friday against US Secretary of State John Kerry, accusing him of threatening military action against Tehran if it fails to respect a historic nuclear deal sealed on July 14.

"Unfortunately the US Secretary of State once again talked about the rotten rope of 'the ability

of the US for using military force'," said Iranian Foreign Minister Mohammad Javad Zarif in a statement.

Zarif decried **what he called the "uselessness of such empty threats against the nation of Iran and the resistance of the nation of Iran", and said such remarks should be consigned "to the last century".**

Why the double standard? This story seems as if it's being swept under the rug. Had a gang of Whites attacked a colored couple in the same manner you can bet Jackson and Sharpton would be all over this as would PETA and the SPCA.

Brian McLaren, Jim Wallis, Marianne Williamson Speaking at “Parliament of the World Religions”

July 20th, 2015 | [Lighthouse Trails Editors](#) **Dear Lighthouse Trails:**

I wanted to alert you of the 2015 PARLIAMENT of the World Religions, taking place Oct.15-19 in Salt Lake City, Utah. For the first time in more than 20 years, they are holding this conference in the U.S. The last time it was held in the U.S. was 1993 in Chicago.

Of note is that this 2015 PARLIAMENT of the World Religions is being held in Salt Lake City, Utah, the Mormon capital of the world!

Here is the website:

<http://www.parliamentofreligions.org/index.cfm?n=35&sn=14>

Notable speakers include those you have warned your readers about in the past:

1) **Marianne Williamson (New Age Leader and Rick Warren supporter)** See link: <http://www.lighthouse trailsresearch.com/blog/?s=marianne+williamson&search=Search>

2) **Brian McLaren (Emergent/Contemplative/Universalist Author & Speaker, CANA Initiative founder)** See link:

<http://www.lighthouse trailsresearch.com/blog/?s=brian+mclaren&search=Search>

3) **Jim Wallis (Sojourners founder, “social-justice gospel” advocate, “Christian Palestinianism”/anti-Israel advocate)**

See link: <http://www.lighthouse trailsresearch.com/blog/?s=jim+wallis&search=Search>

Other notable speakers include:

-The 14th Dalai Lama (Current head of Tibetan Buddhism, 1989 Nobel Peace Prize winner)

-Swami Suhitananda (Indian Guru)

-Tariq Ramadan—founder of the European Muslim Network, advisor to the European Union

-Michael Bernard Beckwith—“New Thought” (or New Spirituality) Leader and founder of Agape International Spiritual Center

-A Lakota nation tribal leader (Native-American)

-a Mormon author

-a U.S. Ambassador-at-Large for International Religious Freedom

Satan is putting together this ONE WORLD RELIGION through unbiblical “interreligious” conferences like this one.

Marianne Williamson, Brian McLaren and Jim Wallis are part of this false ecumenical “ONE” global movement. Truth and error are no longer being discussed. It’s all about dialogue and “interconnecting” in relational “ONE-ness.”

This global conference, being held in the U.S. after more than 20 years, is an example of these sobering days we are living in...**In Christ,**

Why I left a job in finance to play video games

By [Heather Long](#) [@byHeatherLong](#)
When Ben Wu graduated from college in 2009, many young people couldn't even get a job. **But the biomedical engineering major landed a coveted spot at a trading firm in Chicago.** He found the work fast paced and it paid well, but something was missing. He asked for some time off in 2012. **He quit a week later to become a full-time**

video game player.

What seemed like a crazy move at the time **has turned out to be one of Wu's best trades. He is now at the forefront of the "eSports" movement, which is bringing video game tournaments to the mainstream, similar to what happened with poker.**

[Related: Why I put World of Warcraft on my resume](#)

Growth of eSports: **Thousands of people watch Wu's every move in his online gaming tutorials on YouTube and Twitch, the streaming service that Amazon (AMZN, Tech30) just bought for nearly \$1 billion.**

ESports are becoming so mainstream that a competition Wu did play-by-play commentary for in July aired on ESPN3, and companies like Red Bull, Monster (MNST) and Coca-Cola (KO) now sponsor big gaming events.

The stakes are higher today. At a key DotA tournament in July known as The International, the winning team from China walked away with \$5 million.

The Video Games Industry is Being Used by DARPA-linked social engineers trying to re-educate youth--TV & Video Games are A Psycho-Social Weapon

The physical way in which TV affects the brain makes it a perfect vehicle for propaganda. It's important to note that your eyes grow directly, stem-like, from the brain. They really are the window to the soul and the perfect conduit to access the brain's inner sanctums.

The human brain works at 4 basic frequencies. These are Beta, Alpha, Theta and Delta. Beta waves are produced when one is thinking and using one's higher faculties and Delta is associated with sleep and/or deep trance like states. **The radiant light and flicker rates of TV cause the brain to drop down to a level of activity somewhere between Alpha and Theta – essentially a sleepy dreamlike state of mind where the higher critical functions are turned off.** Even if you're reading text on a television screen the brain registers low levels of Alpha wave activity. Theta brainwaves engage inner and intuitive subconscious. You will find theta in places where you hold memories, sensations and emotions. **So Any information therefore imbibed from the TV by-passes our logical, critically thinking sieve and goes straight into those sub areas of the mind associated with more emotive response. TV then appeals more to the emotions than the mind and of course how many of us engage in lively informed debate anymore? Very few. The more common reaction to big questions is usually an emotive response followed by a quick change in subject.** I'm reminded of **Huxley's book, "Brave New World" where the drug of choice was called soma and enabled people to escape un-palatable intellectual life problems.**

Psychologist **Thomas Mulholland** found that **after just 30 seconds of watching television the brain begins to produce alpha waves, which indicates torpid (almost comatose) rates of activity. Alpha brain waves are associated with unfocused, overly receptive states of consciousness.** A high occurrence of alpha wave activity does not occur normally when the eyes are open. It's worth noting that the goal of hypnotists is to induce slow brain wave states. **Alpha waves are present during the 'light hypnotic' state used by hypnotherapists for suggestion therapy.**

The critical side of your brain is the left. As you read this you are making judgements, passing opinions and coming to conclusions which take the form of beta brain wave activity. These are the waves activated when you begin to use that left hand side, the center of logical human communication and analysis.

Researchers have found **that once the television set is switched on, that left hand side and all it's faculties tends to switch off. Instead the image from television go straight to the right brain.** The switch from beta to alpha waves shows this. Alpha brain waves are the ones we associate with meditation and sleep. **By no means does this mean that we are not taking the information in – we are taking it all in, we are just not able to critically evaluate it as we would with information coming from other sources. Video Games have been shown to lower brain activity to below that of the Delta frequency!**

The TV screen flicker rate alone is known to induce mesmerized states in people. This flicker rate is the rate at which the screen image is updated, generally about 50 or 60 times a second. DARPA is a US military funded research programme. One of their endeavours concerned developing TV flicker rates that could be played whenever a mesmerized state was required in a given section of the population.

Endorphins are released by overexposure to light. The radiant light from televisions causes a release of endorphins. Researcher Herbert Krugman showed that while viewers are watching television, the right hemisphere is twice as active as the left, a neurological anomaly. The crossover from left to right releases a surge of the body's natural opiates: endorphins, which include beta-endorphins and enkephalins.

Endorphins are structurally identical to opium and its derivatives (morphine, codeine,

heroin, etc.). Activities that release endorphins (also called opioid peptides) are usually habit-forming (we rarely call them addictive). These include cracking knuckles and strenuous exercise. External opiates act on the same receptor sites (opioid receptors) as endorphins, so there is little difference between the two.

Even casual television viewers experience such opiate-withdrawal symptoms if they stop watching TV for a prolonged period of time. An article from South Africa's *Eastern Province Herald* (October 1975) described two experiments in which people from various socio-economic milieus were asked to stop watching television. In one experiment, several families volunteered to turn off their TV's for just one month. The poorest family gave in after one week, and the others suffered from depression, saying they felt as though they had "lost a friend." In the other experiment, 182 West Germans agreed to kick their television viewing habit for a year, with the added bonus of payment. None could resist the urge longer than six months, and over time all of the participants showed the symptoms of opiate-withdrawal: increased anxiety, frustration, and depression.

Herbert Krugman's research proved that watching television numbs the left brain and leaves the right brain to perform all cognitive duties. This has some harrowing implications for the effects of television on brain development and health. For one, the left hemisphere is the critical region for organizing, analyzing, and judging incoming data. The right brain treats incoming data uncritically, and it does not decode or divide information into its component parts.

Researches into the effects of TV have warned that children under two years of age shouldn't watch any at all due to the negative impact on various areas of a child's development which include skills of observation, speech, hearing, depth perception, reading ability, inducing attention deficit type behaviour, a lack of motor skills due to immobile viewing habits and so on. TV is a wholly inappropriate and ineffectual teaching tool. It's pointless having debates lamenting the demise of intellectual ability and endeavour when intellects have never even had a chance to naturally and properly grow due to the numbing effects of television on children particularly.

Conversely its worth noting that radio has the opposite effect and actually develops a higher rate of concentration, the audio forcing people to be stimulated to visualize what they hear. Reading of course further extends the ability to concentrate and critically examine information over longer periods.

Even the style of TV production these days is geared toward an amphetamine-like addiction people have with regard to information reception. The cadence of scene changes, that is the rate and beat at which images are changing on the screen is very fast and further inclines the mind under development to be unable to concentrate for long periods on long pieces of textual information. Average rates of attention span are down from a few decades ago to mere minutes where once it was more than one hour for deep critical thinking.

Studies have linked quality of life to high vocabulary rates which heavy TV consumption impacts negatively. If you have good communication skills you are better able to express the world you live in and how you define it. A poor vocabulary means you have a myopic existence, you have a tunnel-like perception of this great planet and your quality of life is adversely effected. Just listening to pop stars in

particular, the idols of the young, can make one cringe with embarrassment at the vacuous and inarticulate clap-trap they come out with.

We live in a world today where people's personalities are formed by unreal things: TV, the music industry, video games, movies, the effects of drugs (be that of the recreational or psychotropic variety). Virtual reality dominates the interests of a lot of people out there, even young adults and people of my own age group in their 30
