### **GOP Senator: Obama To 'Effectively End Immigration Enforcement'**

July 25, 2014 4:02 PM--**President Obama** will go ahead with a "very significant" executive action on immigration after the summer – a move that may well trigger impeachment proceedings against him, senior Obama adviser Dan Pfeiffer told reporters at a Monitor breakfast Friday.

**The Obama administration is preparing to effectively "nullify" the immigration laws of the United States through an executive action, says one Republican senator. As Time reported Thursday, President Obama appears prepared to provide millions of illegal immigrants living in the U.S. work authorization via executive orders:**

When **President Obama issues executive orders on immigration in coming weeks, pro-reform activists are expecting something dramatic; temporary relief from deportation and work authorization for perhaps several million undocumented immigrants.** If the activists are right, the sweeping move would upend a contentious policy fight and carry broad political consequences.

**The activists met privately with the President and his aides June 30 at the White House, and say in that meeting Obama suggested he will act before the November midterm elections.** They hope his decision will **offer relief** to a significant percentage of the estimated 11.7 million undocumented immigrants in the U.S. **"He seems resolute that he's going to go big and go soon,"** says Frank Sharry, executive director of the pro-reform group America's Voice.

But Alabama senator Jeff Sessions, a Republican, **says in a statement** that the "temporary relief from deportation" **would be a de facto ending of immigration enforcement:**

It has now been extensively reported that these executive actions **will likely expand his Deferred Action program (DACA) to apply to an additional 5–6 million adult illegal immigrants.** Illegal immigrants in the interior of the U.S. have already been immune from enforcement under this Administration. **DACA applies to individuals up to 30 years of**

age and provides actual amnesty papers, photo ID, and work permits to illegal immigrants—who can then take any job in America.

**The President's planned executive orders would expand this permitting program to another 5–6 million illegal immigrants. This would effectively end immigration enforcement in America.**

A new [CNN/ORC International poll](#) released Friday indicates that **over a third of Americans wish to see President Obama impeached and thrown out of office for consistently acting beyond his authority.**

**Overall, 33 percent say they want Obama impeached, with 57 percent of Republicans backing the move.**

**10,000 Angry Protesters: MA Governor Turning Massachusetts Into Mexachusetts (Video)**

One of the largest protests in perhaps 30 yrs occurred today on Boston's historic Beacon Hill over the issue of this manufactured illegal immigrant invasion of our Republic. Many of the protesters that turned out today came out for many different

reasons, but most were concerned about losing America's sovereignty to a planned North American Union that has been in the works since at least 1979 when then presidential Candidate Ronald Reagan proposed a "North American Agreement" which will produce "a North American continent in which the goods and people of the three countries will cross boundaries more freely." Can you say NAFTA?

So there you have it ladies and gentleman, the real agenda behind this current illegal immigrant invasion. If the powers that be have their way, there will no longer be a United States of America.

### **Congressman at border says: 'Obama begging to be impeached'**

**Jerome R. Corsi On 07/26/2014--McALLEN, Texas – Observing what he could only describe as "chaos on the border" during a midnight tour of the Rio Grande on Friday, Rep. Steve Stockman, R-Texas, concluded, "President Obama is begging to be impeached."**

**"For all I know, Obama is preparing to process five million illegal immigrant kids and teenagers into the United States," Stockman said upon observing border operations near McAllen, Texas.**

**"He wants us to impeach him now," Stockman theorized, "before the midterm election because his senior advisors believe that is the only chance the**

Democratic Party has to avoid a major electoral defeat. Evidently Obama believes impeachment could motivate the Democratic Party base to come out and vote.” [Sign the petition demanding Congress follow through on impeaching Obama.](#)

Accompanied by a WND film crew, Stockman began the evening by stopping at a massive Department of Homeland Security detention facility a mile or two north of the Mexican border, only to be encountered by seven or eight armed Border Patrol agents who approached Stockman and WND for questioning.

Though polite, a Border Patrol supervisor speaking from behind the chain-link fence that surrounded the facility **refused to allow Stockman to tour the facility.** Through the chain-linked fence, the WND film crew took video of an active hanger-like open building cooled by two massive fans in which teenage illegal immigrants were being searched for concealed weapons as they were being processed into the detention facility.

Within minutes, as Stockman began asking questions of the Border Patrol supervisor, **the hanger-like intake facility was shut down and emptied of illegal immigrant teenagers being processed by more than a dozen Border Patrol agents.**

“We release all detainees under 14 years of age without taking any biometric identification, including no fingerprints,” the Border Patrol agent explained to Stockman. “We are prevented by law from taking fingerprints or other biometric information on these kids.”

The Border Patrol supervisor could not identify for Stockman **the law** in question.

“Then how do you know who these children under 14 years old are?” Stockman asked. “How do you know if you are releasing these kids to people who are truly family members in the United States or to pedophiles or other criminals posing as family members?”

“We only know who these children are by what they tell us,” the Border Patrol supervisor admitted. “Truthfully, we don’t really have any idea who they might be or where they came from other than what we can observe from questioning them. You’re right. If they give us false information, we have no way to know it or to follow it up without biometrics.”

Stockman asked **what information the Border Patrol has on the people in the United States who claim to be relatives.**

“That’s not what our department handles,” the Border Patrol supervisor again admitted.

Back in the vehicle, frustrated at seeing the facility **going into rapid shutdown mode once he and the WND film crew set up to film, Stockman expanded on the impeachment theme.**

Stockman observed that rather than begin impeachment proceedings now, what the House of Representatives should do is to take away money from the Obama administration.

“The only way we’re going to stop Obama from opening the border is to take away the money he needs to operate,” Stockman concluded. **“What we should do is shut down the White House.”**

### **Disturbing Video Footage Of Hamas Using Children As Human Shields**

**Only a coward would use a child as a human shield and worse than that, only an evil man would deliberately gather children, forcing them to huddle together, then shoot off a missile into a neighboring country so that when that country retaliated to take out the launcher, all those children would die, so they could be**

**used as examples of "civilians" being killed in war.**

**But in the video below that is exactly what we see. A Hamas terrorist forcing children to huddle behind him while he fires a missile at Israel, with full knowledge that there is a good chance Israel will fire back to take out the launcher.**

**But of course if those children die as a direct result, their bodies will be put on public display and it is Israel that will be blamed.**

**HAMAS savagely beats Gaza civilians who heed IDF calls to leave targeted areas**

**Footage, shot in Gaza, shows Hamas enforcers violently beating and coercing residents to remain in their homes, despite their pleading that the IDF called on them to evacuate the area.**

**In the video, armed enforcers, some wielding batons, are seen beating and punching recalcitrant residents, and, at several points turning on the camera crew and trying to cover up the lens.**

Further eyewitness reports say that Hamas **has integrated the tunnel network into the civilian infrastructure of Gaza**, constructing entrances in homes and even mosques. **"I have not entered one civilian home that did not have weapons, suicide belts, or booby traps in it," the source told the Post, stressing the lengths to which the IDF goes to protect innocent civilians caught in the crossfire; & also the lengths Islamic Hamas goes to put everyone they can in harms way!!!**

**Is there any further proof needed that in the war between the civilized man and the savage we should support the civilized man? Defeat jihad.**

**Savages wage warfare from hospitals. And the people voted for Hamas. They voted for this.**

**The Israeli military released a new video on Wednesday showing Hamas terrorists firing at IDF forces from inside a hospital that they had turned into a "command center and rocket-launching site."**

**Going directly against claims from Israel's critics, that the Jewish nation is unconcerned about the deaths of civilians in Gaza, Israel reportedly "repeatedly conveyed warnings to the hospital staff and urged civilians to leave the area."**

**Only after confirming that there were no hospital staff or injured civilians in the hospital did the Israeli military take out the target.**

**Hamas continued firing from the hospital.** In response, the IDF targeted specific sites and terrorists within the hospital grounds.
