**Ephesians 5:11, 13-16:** "And have no fellowship with the unfruitful works of darkness, **but rather reprove them. But all things that are reprov'd are made manifest by the light:** for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest,** and arise from the dead, and Christ shall give thee light. **See then that ye walk circumspectly,** not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

**Reprove:** To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

**Circumspectly:** Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

**Matthew 24:24:** "...if it were possible, they shall deceive **the very elect.**"

**II Corinthians 2:11:** "Lest Satan should get an advantage of us: for we **are not** ignorant of his devices."

**II Chronicles 7:14:** "If **my people,** which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will

forgive their sin, and will heal their land."

**I John 4:18:** "There is **no fear** in love; but **perfect love** casteth out fear: because fear hath torment. He that feareth is not made perfect in love."

**Heb 13:6:** "So that we may boldly say, The Lord *is* my helper, and I **will not fear** what man shall do unto me."

**II Timothy 1:7:** "For God **hath not** given us the spirit of fear; but of power, and of love, and of a sound mind."

## The Population Reduction Agenda

The elite agenda for global population control is not a "conspiracy theory," it is on the record and documented

Paul Joseph Watson--**Prison Planet.com**--Friday, June 26, 2009--There are still large numbers of people amongst the general public, in academia, and especially those who work for the corporate media, who are still in denial about the on-the-record stated agenda for global population reduction, as well as the consequences of this program that we already see unfolding.

We have compiled a compendium of evidence to prove that the elite have been obsessed with eugenics and its modern day incarnation, population control, for well over 100 years and that goal of global population reduction is still in full force to this day.

In the third world, Ted Turner has [contributed literally billions to population reduction](#), namely through [United Nations programs](#), leading the way for the likes of Bill & Melinda Gates and [Warren Buffet](#) (Gates' father has long been a [leading board member of Planned Parenthood](#) and a top eugenicist).

The notion that these elitists merely want to slow population growth in order to improve health is a complete misnomer. Slowing the growth of the world's population while also improving its health are two irreconcilable concepts to the elite. Stabilizing world population is a natural byproduct of higher living standards, as has been proven by the stabilization of the white population in the west. Elitists like David Rockefeller have no interest in "slowing the growth of world population" by natural methods, their agenda is firmly rooted in the pseudo-science of eugenics, which is all about "culling" the surplus population via draconian methods.

David Rockefeller's legacy is not derived from a well-meaning "philanthropic" urge to improve health in third world countries, it is born out of a Malthusian drive to eliminate the poor and those deemed racially inferior, using the justification of social Darwinism.

[As is documented in Alex Jones' film Endgame](#), Rockefeller's father, John D. Rockefeller, exported eugenics to Germany from its origins in Britain by bankrolling the Kaiser Wilhelm Institute which later would form a central pillar in the Third Reich's ideology of the Nazi super race. After the fall of the Nazis, top German eugenicists were protected by the allies as the victorious parties fought over who would enjoy their "expertise" in the post-war world.

[As Dr. Len Horowitz writes](#), "In the 1950s, the Rockefellers reorganized the U.S. eugenics movement in their own family offices, with spinoff population-control and abortion groups. The Eugenics Society changed its name to the Society for the Study of Social Biology, its current name."

"The Rockefeller Foundation had long financed the eugenics movement in England, apparently repaying Britain for the fact that British capital and an Englishman-partner had started old John D. Rockefeller out in his Oil Trust. In the 1960s, the Eugenics Society of England adopted what they called Crypto-eugenics, stating in their official reports that they would do eugenics through means and instruments not labeled as eugenics."

"With support from the Rockefellers, the Eugenics Society (England) set up a sub-committee called the International Planned Parenthood Federation, which for 12 years had no other address than the Eugenics Society. This, then, is the private, international apparatus which has set the world up for a global holocaust, under the UN flag."

## **Media Pushes BRAIN Eating Vaccine... Nano Tech Injection Lobotomy**

The establishment media and the scientific dictatorship are promoting brain-eating vaccines that virtually lobotomize people and rewire their brains into a state of subservient compliance so that their natural instinct to get angry and rebel against the tyranny being imposed upon them is extinguished.

"Academics say they are close to developing the first vaccine for stress -- a single jab that would help us relax without slowing down," reports the Daily Mail.

The vaccination will **essentially rewire the brain neurons and alter brain chemistry** in order to produce a state of calmness. With a vaccination like this being promoted, it would seem that scientists believe that the otherwise universally shared brain functions of all living things, like stress, fear, and anger, need to be controlled in a reasonable manner in order to stop something from budding from pent up 'negative' emotions. With anti-depressants and sedatives being widely prescribed in unimaginable numbers every month, evidently this is the next progression.

What Exactly is a Lobotomy? Essentially, a lobotomy is a surgical procedure focusing on the frontal lobe of the brain that often results in personality changes. In order for the new vaccine to make a permanent change in brain chemistry in a human, a chemical lobotomy would have to occur by the vaccine eating small parts of the frontal lobe, and deteriorating the parts that control those emotions.

As of August 3, 2010, Google Trends reports a massive surge on this subject, reporting the term to be "volcanic" in reference to the amount of search queries that it garners.

### Army plans 'DNA-blasting' vaccines for mass inoculations during times of emergency

Aaron Dykes

[Infowars.com](http://infowars.com)

August 4, 2010

**DNA-vaccines** are still untested and unsafe, but the Army is working to develop a new class of inoculations that can be rapidly developed and rapidly delivered to servicemen and civilians alike during times of outbreak or emergency.

The approach would utilize a gas-powered 'gene-gun' to blast multi-agent DNA-vaccines directly into cells without the use of needles, then stimulate the dosage with 'electroporation,' a technique the Army intends to become non-invasive but currently involves surgical exposure to muscle tissue. The mild shock can cause pain and tissue damage.

*For gene gun delivery, DNA vaccines are coated onto microscopic gold beads and are deposited into skin cells by gas propulsion. Intramuscular electroporation involves injecting the DNA then quickly applying short electrical pulses to the delivery site. Electroporation has been found to greatly improve immune responses to DNA vaccines as compared to injection alone, and it allows for delivery of **larger quantities of DNA in a single dose**, making it suitable for multiagent vaccine delivery.*

Central to the scheme is the combination of multiple-vaccine agents. The Army is testing a vaccine delivery applicator that in the end must demonstrate *the combination of at least three DNA vaccines in order to be of interest to the military*. **This indicates the likelihood that the number of vaccines given troops and the public would increase**— a greater degree of medication to meet a ‘growing’ threat from genetically-engineered biological agents and pandemics.

---

## **A New Breed of Genetically Engineered Vaccines Will Take Control of Our DNA and Minds**

**Academics say they are close to developing the first vaccine to pacify people in a single jab, while in other circles the military plans to inject troops with gas-propelled, electro-charged DNA.**

**Dr Robert Sapolsky, professor of neuroscience at Stanford University in California, believes it is possible to alter brain chemistry to create a state of 'focused calm'.**

**Professor Sapolsky claims he is on the path to a genetically engineered formula that would remove the need for human beings to feel threatened.**

**It would leave you fresher and ready to deal with another threat, so you can maintain your drive, but with more focused calm rather than bad temper and digestion.**

**'This could change society.' Professor Sapolsky's preparatory work was published last October by the U.S. National Institutes of Health.**

### **FOOD THE ULTIMATE SECRET EXPOSED**

The adulteration of the planet's staple crops, genetically-altered species and intentionally-altered water, food and air all amount to a Eugenics operation to weaken the masses and achieve full spectrum domination. People the world over, but especially in the United States are under chemical attack. Deadly and dangerous toxins ranging from Aspartame to Fluoride, GMO, Mercury-tainting, pesticides, cross-species chimeras, plastic compounds in chicken, high fructose corn syrup, cloned meat, rBGH and new aggressive GM species of salmon have all entered into our diets and environments— whether we want it or not.

Many of these substances knowingly cause or are linked with sterility, low birth weight, miscarriages, smaller or deformed offspring, as well as organ failure, cancer, brain tumors and Death itself, what you DON'T know about on your grocery shelves can hurt you. The evidence demonstrates the deliberate criminal poisoning of the food and water supply.

### **New York Times and Other Media Pushing for Drugging Water Supply**

**Matt Ryan--Infowars.com--August 2, 2010--Big Think**, a website that interviews scientists and experts in various fields has begun a month-long series called, "Dangerous Ideas" and the [first post features drugging](#) the public water supply. The expert they interviewed for this story is Jacob M. Appel, a bioethicist and medical historian, who has written in favor of adding lithium to the public water supply. He states clearly that he believes lithium and other "enhancers" are beneficial additions to our public water supply **and any opposition is based on false assumptions that natural water is better than artificially enhanced water.**

## **Lithium side effects**

Get emergency medical help if you have any of these signs of an allergic reaction: hives; difficulty breathing; swelling of your face, lips, tongue, or throat. Stop taking lithium and call your doctor at once if you have any of these serious side effects:

- extreme thirst, urinating more or less than usual;
- weakness, fever, feeling restless or confused, eye pain and vision problems;
- restless muscle movements in your eyes, tongue, jaw, or neck;
- pain, cold feeling, or discoloration in your fingers or toes;
- feeling light-headed, fainting, slow heart rate;
- **hallucinations, seizure (blackout or convulsions)**;
- fever with muscle stiffness, sweating, fast or uneven heartbeats; or
- early signs of lithium toxicity, such as nausea, vomiting, diarrhea, drowsiness, muscle weakness, tremor, lack of coordination, blurred vision, or ringing in your ears.

Read more: <http://www.drugs.com/lithium.html#ixzz0wXMU43XY>

Meanwhile, the [New York Times](#) has published a story admitting that drugs are currently in the public water supply. These drugs include Ibuprofen, Naproxen, anti-epileptic and anti-anxiety drugs.

Earlier this week, Aaron Dykes [wrote a detailed article](#) in response to an Oxford professor calling for adding drugs to the water supply.  
<http://www.infowars.com/new-york-times-and-other-media-pushing-for-drugging-water-supply/>

---

### **Alan Watt: Ghost in The Machine - How You're Being "Medically Lobotomized"**

While EPA scientists and workers are calling for an end to water fluoridation, the government is doing everything in its power to continue and even increase the amount of toxic chemicals being added to public water supplies.

**Click on the picture above for a PDF Flyer regarding Fluoride.** The flyer listed above is a tool that can be used to get the message out about this serious crime against the people. Fluoride is a toxic poison that has known serious side effects. Spread the word. Post this flyer in legal, easily visible locations. Pass it out to friends, family, and people you meet.

**The Truth About 'Fluoride' & what every parent should know**  
by A. True Ott--[tott@mountainwest.net](mailto:tott@mountainwest.net)  
August 2000

First of all, it needs to be stated that the 'substance' referred to as 'Fluoride' is a misnomer - there is no such substance listed in the periodic chart of the elements, nor in the prestigious CRC handbook, nor in the sacred 'bible' of the pharmaceutical industry - the illustrious 'Merck Index'. Instead, we find a GAS called Fluorine - and from the use of this gas in various industries such as **aluminum manufacturing and the nuclear industry -certain toxic byproducts are created which have 'captured' fluorine molecules.** One such toxic, poisonous 'byproduct' is called sodium Fluoride - which according to the Merck Index is primarily used as rat and cockroach poison and is also the active ingredient in most toothpastes and as an "additive to drinking water". Fluoride was used by Nazis to sterilize inmates and make them docile. But sadly, there is much more to this sordid tale.

Did you know that sodium Fluoride is also one of the basic ingredients in both PROZAC (FLUoxetine Hydrochloride) and Sarin Nerve Gas (Isopropyl-Methyl-Phosphoryl FLUORIDE) - (Yes, folks the same Sarin Nerve Gas that terrorists released on a crowded Japanese subway train!). Let me repeat: the truth the American public needs to understand is the fact that **Sodium Fluoride is nothing more (or less) than a hazardous waste by-product of the nuclear and aluminum industries.** In addition to being the primary ingredient in rat and cockroach poisons, it is also a main ingredient in anesthetic, hypnotic, and psychiatric drugs as well as military NERVE GAS! Why, oh why then is it allowed to be added to the toothpastes and drinking water of the American people?

## Preserve your Personal Rights!

DO YOU WANT  
THIS  
IN  
YOUR WATER  
SUPPLY

IF NOT PROTEST  
TO YOUR  
COUNCILLOR  
AND  
YOUR M.P.  
IF THEY  
IGNORE YOU  
ORGANISE TO  
OUST THEM  
AT THE NEXT  
ELECTIONS.

Don't have  
**Fluoridation**  
forced down your throat

Historically, this substance was quite expensive for the worlds' premier chemical companies to dispose of - but in the 50's and 60's - Alcoa and the entire aluminum industry - **with a vast overabundance of the toxic waste - SOMEHOW sold the FDA and our government on the insane (but highly profitable) idea of buying this poison at a 20,000% markup and then injecting it into our water supply as well as into the nation's toothpastes and dental rinse. Yes that's right folks, a 20,000% markup.** Consider also that when sodium Fluoride is injected into our drinking water, its level is approximately 1 part-per-million (ppm), but since we only drink ½ of one percent of the total water supply, the hazardous chemical literally 'goes down the drain' and voila - the chemical industry has not only a free hazardous waste disposal system - but we have also PAID them handsomely in the process!!

**Independent scientific evidence over the past 50 plus years has shown that sodium fluoride shortens our life span, promotes various cancers and mental disturbances, and most importantly, makes humans stupid, docile, and subservient, all in one neat little package.** There is increasing evidence that aluminum in the brain is a causative factor in Alzheimer's Disease, and evidence points towards sodium fluoride's strong affinity to 'bond' with this dangerous aluminum (remember it is a byproduct of aluminum manufacturing) and also it has the ability to 'trick' the blood-brain barrier by imitating the hydrogen ion thus allowing this chemical access to brain tissue.

Honest scientists who have attempted to blow the whistle on sodium fluoride's mega-bucks propaganda campaign have consistently been given a large dose of professional 'black-listing' and thus their valid points disputing the current vested interests never have received the ink they deserve in the national press. Just follow the money to find the 'control' and you will find prominent American families to be prominent 'players' in the scandal. In 1952 a slick PR campaign rammed the concept of 'fluoridation' through our Public Health departments and various dental organizations. This slick campaign was more akin to a highly emotional "beer salesman convention" instead of the objective, scientifically researched program that it should have been. It has continued in

the same vein right up to the present day - and now sodium fluoride use has now become 'usual and customary'..

Christopher Bryson's widely acclaimed book *The Fluoride Deception* includes dozens of peer-reviewed studies showing that sodium fluoride is a deadly neurotoxin that attacks the central nervous system and leads to a multitude of serious health problems. This fact has been covered up by a collusion of government and industry who have reaped financial windfalls while illegally mass medicating the public against their will. Fluoride being artificially added to drinking water in India is causing blindness and deformities amongst children

A 2008 Scientific American report concluded that "Scientific attitudes toward fluoridation may be starting to shift" as new evidence emerged of the poison's link to disorders affecting teeth, bones, the brain and the thyroid gland, as well as lowering IQ.

"Today almost 60 percent of the U.S. population drinks fluoridated water, including residents of 46 of the nation's 50 largest cities," reported Scientific American's Dan Fagin.

The report also notes that "a series of epidemiological studies in China have associated high fluoride exposures with lower IQ." "Epidemiological studies and tests on lab animals suggest that high fluoride exposure increases the risk of bone fracture, especially in vulnerable populations such as the elderly and diabetics," writes Fagin.

**Supporting that lie that Fluoridation of the water is beneficial is the claim by the Center for Disease Control that water fluoridation ranks among the top 10 public health achievements of the 20th Century** What's more, much of the contamination of the water supply is not even the common-but-toxic *sodium fluoride*, but an industrial waste derivative known as hydrofluosilicic acid which is in an estimated 2/3 of the fluoridated public water in the U.S. and known to be very deadly.

*Brave New World* author Aldous Huxley predicts a future dictatorship where people "learn to love their servitude." What Huxley terms in the novel "Soma" would most likely come in reality in the form of numerous drugs that would tackle individual happiness, and produce complacency of the masses at large. Solidified by a Scientific Dictatorship, **a pharmacologically-treated population would be rendered very unlikely to ever revolt against the regime in power.**

Huxley stated: ***"There will be, in the next generation or so, a pharmacological method of making people love their servitude, and producing dictatorship without tears, so to speak, producing a kind of painless concentration camp for entire societies, so that people will in fact have their liberties taken away from them, but will rather enjoy it, because they will be distracted from any desire to rebel by propaganda or brainwashing, or brainwashing enhanced by pharmacological methods. And this seems to be the final revolution."***

In a 2008 paper titled, "[Fluoride and the Future: Population Level Cognitive Enhancement](#)," Oxford bioethics professor Julian Savulescu claims that water fluoridation may be key to the "future of humanity." He argues that "fluoridation may not merely be about tooth decay... [but] the drive to be better."

Drugging the population's water supply, Savulescu claims, is a form of "enhancement" that can pave the way to a future where mental abilities and other functions could be improved with drugs. Savulescu writes:

*"Fluoridation is the tip of the enhancement iceberg. Science is progressing fast to develop safe and effective cognitive enhancers, drugs which will improve our mental abilities..."*

## High Fructose Death Syrup Linked to Pancreatic Cancer

High fructose corn syrup should be banned from the food supply. The latest evidence comes from a large study of 60, 524 participants over a 14 year period. Those who consumed on average 5 high fructose corn syrup sweetened sodas per week had an 87% increased risk for developing deadly pancreatic cancer.

"The high levels of sugar in soft drinks may be increasing the level of insulin in the body, which we think contributes to pancreatic cancer cell growth," said Mark Pereira, Ph.D., senior author on the study and associate professor in the School of Public Health at the University of Minnesota.

## High Fructose Corn Syrup Makes Your Brain Crave Food

**Wednesday, April 01, 2009** - Byron J. Richards, CCN--The average American now consumes **145 pounds of high fructose corn syrup per year**. New research proves exactly how high fructose corn syrup bypasses normal energy balance systems in your body, causing your brain to eat more food because it never really registers the calories of the high fructose corn syrup.

Obviously, this tilts the scale in the direction of obesity and diabetes, and as I just reported, heart disease.

It is a national disgrace that 30% of Americans are obese, and that this problem is heavily affecting teenagers who live on this garbage as their beverage of choice. Only the Corn Refiners of America and the American Medical Association (who are being paid by the corn refiners group) still believe high fructose corn syrup doesn't cause obesity.

When scientists want to make rats diabetic so they can study them, they feed them high fructose corn syrup until they become diabetic. When will humans catch on? And even a better question – is it the responsibility of others (meaning taxpayers) to pay for the massive costs of their self-inflicted disease?

[http://www.wellnessresources.com/weight/articles/high\\_fructose\\_corn\\_syrup\\_makes\\_your\\_brain\\_crave\\_food/](http://www.wellnessresources.com/weight/articles/high_fructose_corn_syrup_makes_your_brain_crave_food/)

---

## High Fructose Corn Syrup Activates Fat Producing Gene

**Sunday, March 08, 2009** - Byron J. Richards, CCN--I wonder if the AMA is still sticking by its proclamation of safety for high fructose corn syrup. This month's issue of [Cell Metabolism](#) has a feature article explaining exactly **how high fructose corn syrup turns on gene signaling that promotes fat formation and fat accumulation – likely to result in obesity, insulin resistance, and type II diabetes.**

The evidence against high fructose corn syrup is overwhelming, just as the many years of evidence against trans fats that was also ignored far too long. The evidence against high fructose corn syrup is overwhelming – it should be banned from the good supply.

[http://www.wellnessresources.com/weight/articles/high\\_fructose\\_corn\\_syrup\\_activates\\_fat\\_producing\\_gene/](http://www.wellnessresources.com/weight/articles/high_fructose_corn_syrup_activates_fat_producing_gene/)

---

## The Obesity Beverage - High Fructose Corn Syrup

**Thursday, March 05, 2009** - Byron J. Richards, CCN--One day the bird brains in charge of the food supply and public health will wake up – maybe. In the mean time, avoid high fructose corn syrup like the plague. A new study shows that if you are overweight and you consume this at a meal, your metabolic profile is significantly worsened.

This means that if an overweight person consumes high fructose corn syrup they are locking in leptin resistance, poor metabolism, and directly increasing risk factors for heart disease and diabetes.

I have been saying for a long time that high fructose corn syrup should **be banned from the food supply** – here is more proof. It would be the first step in combating obesity from a public health point of view. The corn refiners lobby is more important than the health of Americans – another example of Capital Hill for sale.

Unlike fruit sugar (fructose), refined sugar (sucrose), or milk sugar (lactose), high fructose corn syrup sets off a highly damaging group of molecules called reactive carbonyls. Not only do these compounds damage healthy cells, they are invariably elevated in people with diabetes. Reactive carbonyls drastically speed the aging process and the decay of cognitive function. Is the FDA anywhere to be found when they are needed?

###

### **Consumer Beware:**

HFCS is not only in soda pop and candy. Products that may contain high fructose include: ketchup, bread, honey mustard, barbeque sauce and other sauces, sweet relish, salad dressings, tonic water, vinegars, crackers, sports drinks, protein bars, granola bars, yogurts, and more. Check your labels!

[http://www.wellnessresources.com/weight/articles/the\\_obesity\\_beverage\\_high\\_fructose\\_corn\\_syrup/](http://www.wellnessresources.com/weight/articles/the_obesity_beverage_high_fructose_corn_syrup/)

---

### **How High Fructose Corn Syrup Makes You Stupid**

**Wednesday, July 30, 2008** - Byron J. Richards, CCN--We now know the real reason so many of our kids can't finish high school. They have been fed too much high fructose corn syrup and they have become mentally impaired. This is not a laughing matter. Coke and Pepsi are on the line for playing a significant role in **wrecking the intelligence of several generations of children – as well as making them fat**. Of course, [sellouts at the AMA](#) want to give our kids statin drugs because they don't have the guts to make a policy statement against high fructose corn syrup as a major [cause of obesity](#).

A new study analyzing rats on a high fat and [high fructose corn syrup](#) diet found that the hippocampus, the region of the brain needed for learning and memory, **was severely impaired**. **Eight months on this diet impeded spatial learning ability, lowered the density of brain cells, and the function of brain synapses**. The brain damage appears to be **caused by a lowering of brain-derived neurotrophic factor (BDNF)**. I have made several recent posts on the importance of [boosting BDNF](#) to restore your brain, and here we

have clear evidence that high fructose corn syrup as part of a high calorie diet is killing off brain cells like an alcoholic.

Parents need to wake up and not give their children any beverage of any kind with high fructose corn syrup. We have a young generation of dropouts and an old generation with excessive dementia headed for Alzheimer's. Coke and Pepsi, and many other smaller companies, have played a large role in the decline of intelligence in our country. [http://www.wellnessresources.com/health/articles/high\\_fructose\\_corn\\_syrup\\_makes\\_you\\_stupid/](http://www.wellnessresources.com/health/articles/high_fructose_corn_syrup_makes_you_stupid/)

### **BPA Builds Up, Stays in the Body**

Date Published: Thursday, January 29th, 2009--The toxic estrogen-mimicking chemical *bisphenol A*—BPA—seems to stay in the body longer than previously believed, according to a new study, said WebMD. What's frightening is that the plastics chemical is incredibly ubiquitous and can be found virtually everywhere. As a matter-of-fact, BPA is present in "detectable levels" in just about every human body, said WebMD.

BPA is a plastic hardening chemical that can be found in polycarbonate drink containers, plastic food and soda can liners, dental sealers, CD cases, cars, PVC pipe, and baby bottles, to name just some. BPA has been linked to a variety of diseases including an increased risk of diseases or disorders of the brain, reproductive, and immune systems; recent studies have linked BPA exposure to problems with liver function testing, an increased risk of diabetes and heart disease, and interruptions in chemotherapy treatment; and BPA exposure has long been linked to hormonal disturbances. BPA was also linked to serious health problems based on 130 studies conducted in the past 10 years, The Washington Post reported late last year, and newer research found BPA to have negative effects at "very low doses," lower than the FDA's safety standards currently in place.

Canada issued a ban prohibiting BPA use in plastic baby bottles, but despite this and overwhelming reports to the contrary, the U.S. Food and Drug Administration (FDA) continues to deem BPA safe, said Web MD. The National Toxicology Program, an arm of the National Institutes of Health recently announced that there is "some concern" BPA "may affect the brain and behavioral development of fetuses, infants, and young children" and Dow Jones reported that BPA has been linked to prostate cancer, male genital defects, and early female puberty, adding that experts say the FDA should never have ignored the scientific evidence pointing to BPA's harm to humans.

### **Why Puberty Is Occurring In Seven and Eight Year Old Girls**

August 13, 2010--(HealthWyze) – The New York Times reported on a study which shows that puberty is occurring in much younger girls than previous generations. In fact, girls are more likely to be growing breasts by the age of 7 or 8. This trend has been continuing for a long time, and researchers have been puzzled by it. The researchers in the recent study came closer to pinning down a cause, but never specifically mentioned a single factor that would cause this development.

Chemicals which alter hormones are everywhere. They are in our foods, and the toys that our children play with. Bisphenol-A (BPA) has become very controversial in recent years, because it is known to disrupt the hormones, thus leading to earlier puberty onset, and problems during pregnancy. It has also been implicated for causing brain damage, cancer, diabetes, and heart problems. This chemical has been found in the urine of 90% of Americans. It is in drinking bottles, clear plastic containers, aluminum cans and aluminum drinking containers (they have a BPA-lining). **BPA is never labeled.** [Read More Here](#)

BPA: birth defects  
[http://www.cell.com/current-biology/abstract/S0960-9822\(03\)00189-1](http://www.cell.com/current-biology/abstract/S0960-9822(03)00189-1)

Plastic type LDPE #1: Almost everything in your grocery store in a plastic bottle is #1. Over time this plastic releases DEHA (not to be confused with the supplement DHEA). DEHA causes liver problems, reproductive problems and cancer.

<http://www.medicinenet.com/plastic/page2.htm>

Plastic type LDPE #3: shower curtains, PVC piping. Producing this plastic (not its use) releases vinyl chloride and ethylene dichloride into the environment. Both cause cancer. Older PVC pipe releases lead during use. Also DEHP is released during use which has caused cancer on some lab animals.

<http://www.medicinenet.com/plastic/page3.htm>

Plastic type LDPE #6: lots of blogs warn that it leaches styrene, but I haven't found a hard source on this. Styrene is well known as a toxin.

Plastic type LDPE #7: used for "other" types of plastic. However usually this means hard polycarbonate based plastic that leach lots of BPA!

LDPE types #2, #4, #5 are generally safe, however recent tests show that they leach BPA as well.

<http://www.jsonline.com/watchdog/watchdogreports/34532034.html>

Bottom line on plastics: use only #2, #4, and #5 and don't microwave or heat these!

Next to #7 plastics the biggest source of BPA are aluminum soda cans and all other canned foods.

BPA is also found in the atmosphere possibly from the burning of plastic refuse:

<http://www.ncbi.nlm.nih.gov/pubmed/20678833>

**However the biggest source are store register receipts - which contain milligrams of BPA!!! This is ONE THOUSAND TIMES the amounts leached from plastic bottles.**

40% of receipts are reported to have BPA. If you want to know whether a receipt has BPA, scratch it with a coin. If this discolors the receipt, it's got BPA.

**DON'T TOUCH YOUR RECEIPTS.** Let the clerk keep them. If you must keep receipts for large purchases put them in a plastic pouch, scan them and then discard them.

**A new superbug found in Britain is major concern: Government scientists**

By [Rebecca Smith](#), Medical Editor

Published: 9:00AM BST 08 Aug 2009

**A new superbug that is resistant to all antibiotics has been brought into Britain by patients having surgery abroad, Government scientists said.**

Doctors are urged to be vigilant for a new bug that has arriving in Britain with patients who have travelled to India and Pakistan for cosmetic surgery or organ transplants and is now circulating here.

So far there have been 22 cases in 17 hospitals Britain and the Health Protection Agency has said its emergence here is a 'major concern'.

The HPA has found the enzyme that destroys antibiotics in patients with infections caused by E.coli and other bacteria.

The enzyme, called New Delhi Metallo-1, has so far been found attached to bacteria that has caused urinary tract infections and respiratory infections. It is of particular concern because it can jump from one strain of bacteria to another meaning it could attach itself to more dangerous infections that can cause severe illnesses and blood poisoning making them almost impossible to treat.

The NDM-1 enzyme destroys a group of antibiotics called carbapenems which are mainly used in Britain for severe infections and are tightly controlled because they are one of the few groups of antibiotics that remain useful against bacteria that have already developed resistance to the commonly used drugs.

#### [Dr. Johnson's Presentation Colloidal Silver-Mild Silver Protein it's uses and history](#)

Colloidal Silver-Mild Silver Protein it's uses and history. The Truth About Electrically Produced Liquid Silver & Silver Generators--Learn the Difference Between Ionic Silver and True, Colloidal Silver Invive Mild Silver Protein: The Ultimate Immune System Product For Colds, Flu's and Infections:

[www.dr-johnson.com](http://www.dr-johnson.com)

*Dr. J. Comment: Currently I have a surplus of 5000ppm Invive Mild Silver Protein. While supplies last I will be offering this surplus 5000ppm silver at 95.00 per bottle for quantities from 1-5 bottles and 85.00 per bottle for quantities of 6 or more bottles. This is a 5.00 savings per bottle at both quantity levels mentioned and for this special the shipping is free (Sorry US orders only) on all orders (which would be anywhere from a 15.00 to 40.00 savings over factory shipping; as when you order off my website the order goes through the Invive factory). These are the lowest prices for Invive Silver you will be able to find. This special is not available off my website. If you are outside the US you can still order the silver at: [www.dr-johnson.com](http://www.dr-johnson.com)*

#### **Payment options:**

Cash, check or money order.

**You can send payment to:**  
**Dr. Scott Johnson**  
**450 Conover Blvd. West #202**  
**Conover, NC 28613**

**Email: [drjohnson@ix.netcom.com](mailto:drjohnson@ix.netcom.com)**  
**Please include your shipping address as well.**

## [Naked Body Scanners: Monumental Cover Up Exposed](#)

Steve Watson--[infowars.com](http://infowars.com)--Thursday, Aug 5th, 2010--At the height of the furor over airport body scanners earlier this year, the TSA publicly stated that it was not possible to store, record, transmit or print out the images that show in detail the naked bodies of men, women and children that have passed through them. At the time we [presented evidence to the contrary](#). Now it has been conclusively proven that the TSA and other federal agencies using the scanners flat out lied to an unwitting public.

[Declan McCullagh of CNET](#) reports that “The U.S. Marshals Service admitted this week that it had surreptitiously saved tens of thousands of images recorded with a millimeter wave system at the security checkpoint of a single Florida courthouse.”

The proof comes in the form of a [letter \(PDF\)](#), obtained by The Electronic Privacy Information Center (EPIC), in which William Bordley, an associate general counsel with the Marshals Service, admits that “approximately 35,314 images...have been stored on the Brijot Gen2 machine” used in the Orlando, Fla. federal courthouse.

EPIC says it has also obtained more than 100 images of electronically stripped individuals from the scanning devices used at federal courthouses. The disclosures come as part of a settlement of an EPIC Freedom of Information Act lawsuit against the U.S. Marshals Service. [Brijot](#), the manufacturer of the body scanning equipment in question, also admits that its machine can store up to 40,000 images and records.

[EPIC, has filed two further lawsuits](#) against the Department of Homeland Security over the scanners, claiming that the DHS has refused to release at least 2,000 images it has stored from scanners currently in use in U.S. airports.

EPIC’s lawsuit argues that the body scanners violate the Fourth Amendment, which prohibits “unreasonable” searches, as well as the Privacy Act, the Administrative Procedure Act, and the Religious Freedom Restoration Act, referencing religious laws about modesty.

The group points to a further [document \(PDF\)](#) it has obtained from DHS showing that the machines used by the department’s TSA are not only able to record and store naked body images, **but that they are [mandated to do so](#)**.

The TSA has now admitted that this is the case, but claims that it is for training and testing purposes only.
