The Pope Is Going to Tell You What Lies In Your Future and You Better Listen

06 Aug, 2015 by [Dave Hodges](#)

What will the Pope tell the world when he addresses the United Nations next month?

By now most of you have heard the rumors, but they may be much more than rumors.

Recently, the Pope has sounded more like a bankster than a religious figure. The true

colors of this Pope will soon be revealed. **In September of 2015, the Pope will announce the orderly transition of the surrender of the national sovereignty of all nations which will culminate in world government. In other words, this Pope who says he endorses perversions repugnant to true Bible-believing Catholics, is allegedly going to announce the formation of the New World Order and that all 1 billion plus Catholics should willing to submit to the New World Order as is their duty as per the bastardized interpretation of Romans 13.**

This Pope recently said he would baptize extraterrestrials as they would visit the Earth.

This is the same Pope who has stated that Islam and Christianity are basically one and the same religion. This false doctrine sets the stage for the official state sponsored (United Nations) approved religion which we commonly call Gaia which is about as a pagan of a religion that there is.

When the Pope addresses the United Nations on September 25th, he will be endorsing **Agenda 21 and its sustainability concepts**. Sustainability seeks to reduce at least

80% of all energy use. Some are even calling for a the total obliteration of the private use of energy. Sustainability walks hand in glove with the coming currency collapse. If the people can be brainwashed to accept sustainability concepts, the reduction of the currency by astronomical amounts will be more easily accepted by the masses. And if the Pope is telling people that this is what God would want, then it must be OK.

Implications of the Pope's UN Speech

Last year, when the **IMF devalued the**

Venezuela currency by 61%, the event was barely noticed. The event came like a thief in the night. For the most part, the people of Venezuela accepted their fate. I believe the same is about to happen here. When the Pope basically calls for the establishment of world government, a currency collapse will hasten the event. It almost as if the Venezuelan situation was an IMF Beta test for what is coming here.

When I stop and take a closer look at the things that this Pope has said and compare it to a whole host of corresponding events, it is difficult to not be concerned about what is coming. Especially disturbing is the fact that that Pope's UN speech will be followed by what many are saying will be a wholesale devaluation of every national currency in the conversion to a global currency which is reportedly going to be digital. What the off-the-record analysis of this coming devaluation of the dollar will mean for every dollar one has in the bank is that dollar will lose 90% of its buying power in the conversion when it takes place in October.

Where will Americans secure food and other life-sustaining supplies? All of the above events would force multitudes of Americans into FEMA camps in order to receive the aforementioned life-saving supplies. Remember, the average American family has no savings and only three days of food on hand in their home.

Eventually, Americans would be forced into the "stack and packs" that the globalists talk about in Mike Krulig's "America 2050" derived from his Agenda 21 "Build One America" program.

The above map was taken from the [America 2050 website](#) which clearly shows the population redistribution which is planned for by the Agenda 21 crowd and in particular, Mike Krulig who was Obama's mentor during his early "community service" days.

The other picture above that the globalists do not want you to see as Mike Krulig is advising the President on the America 2050 plan.

I have written about America 2050 in recent days as it is the globalist plan headed by the Obama's administration. Mike Krulig is also the founder of the Agenda 21 population centralization plan known as "Building One America". **Building One America is the first steps toward the fulfillment of the creation of 11 mega-regions which will contain six million people each. The missing 250 million people in the America 2050 plan, matches the Deagel Report of a similar population reduction for the United States to take place by 2025.**

If what has been announced is true, then every individual has only a short time to get their house in order. There are no shortage of articles which talk about individual preparation. Among the preparations that everyone needs to make has to do with getting out of cash and into precious metals. **Adding silver and gold to your portfolio is the only way to ensure that your currency will be accepted following the collapse.** Tomorrow's article analyzes recent events and their connection to the Pope's coming proclamation.

++ Wal-Mart Midland Texas: He said that once he entered the building he saw what looked like a lot of 'Jail Cells'

I just recently have received some very important intel regarding the Wal-Mart in Midland, Texas. I have a friend who has just moved her family up here from Texas to Hayden, Idaho where I reside because of Jade Helm15. A couple of days ago she informed me of a phone call she received from a friend of her's who just got a painting job at the Wal-Mart in Midland, Texas. **She informed me that her friend when talking to her was in a state of shock and almost disbelief as to what he saw inside of the building. He was told to do a paint job for the inside perimeter of the building but upon entering the building what he saw next put him in a state of shock. He said that once he entered the building he saw what looked like a lot of "Jail Cells."** And upon seeing that he made a comment to the personnel their who where instructing him on his job. **He told them that it looks like a bunch of jail cells here. Are they turning this into a "Prison?"**

He also explained to my friend that once he made those comments that his job was short lived because he lost it. **Because as they put it to him "They do not want anyone working here who makes those kinds of false accusation' so they asked him to leave.** I know this info is hard for some to believe but the source who told me this is very reliable and trustworthy and there would be nothing for her to gain by telling me this. For those who have a hard time digested this **better take heed to this intel and realize time is getting short and we all need to prepare not just materialistic but**

spiritually is the most important. The Lord is our strength and he is a shield and help. Keep praying and believing! Jul 29, 2015

NAVY SEALS WORD CONCERNING A WORD I RECEIVED THIS MORNING CONCERNING THE HOMELESS AND THE VETERANS

Broad is the road to destruction, WITHOUT JESUS it will be nearly impossible to survive what's coming, **the homeless will more than likely be left to die off, they'll be washed away or killed by invading enemies as the sweep and clean.** No government benefit system, no veteran survival + after the major depopulation operations have finished, their gonna make it a point to either hunt the effective veterans down or kill them off at the Fun Camps. This is my take on it, but I'll bet it's much worse.

My sister and her husband said when they returned from Iceland **they noticed a New mural in the Denver airport. It was children marching with white flags, and the caption read "we are the future"-they said it was very creepy and disturbing. I believe the final goal is to actually get rid of almost all adults humans. The other murals in the airport, the only adult you see is the Nazi/Russian with the gas mask, and he eventually dies, by the hand of a blond haired blue eyed boy, same boy you see in a picture at the Bank of America HQ.**

Brother, all I know is I have to make sure I am somewhere at a specific time, and I will know what to do from there. This really is like a Syfi movie that has gone wayyyy off script... **SQ; PRAY FOR THE HOMELESS AND OUR VETERANS AS OUR LIVES DEPEND ON THE VETERANS AND GOD'S MERCY IS EXTENDED TO THOSE THAT HELP THE POOR!**

'HOMELAND' ADMITS NEW SURGE OF ILLEGALS...More coming...

Deputy Border Patrol Chief Ronald Vitiello said the number of illegal immigrant families captured at the border rose in July, bucking a trend and worrying officials who had been expecting the number of families to drop as the heat increases in late summer, just as the number of unaccompanied minors does.

Even worse, the administration fears things may get worse if illegal immigrants hear about Judge Dolly M. Gee's July 24 ruling all but prohibiting detention of illegal immigrant families.

Indeed, the administration warned that Central American parents may actually be enticed to bring their children on the perilous journey north, realizing that they can use their kids as shields to get themselves released from detention. That, in turn, could mean more even children being forced to make the trip up.

Farrakhan: Blacks Must Rise Up And Kill Whites--Calls For 10,000 Black Muslim Men To 'Retaliate'

While Obama and the Praetorian Media's cadre of Leftists scream about the Confederate Flag being 'offensive' and 'Right Wingers' being domestic extremists – SILENCE from the same when there are calls for the mass

slaughter of Whites in America.

I keep warning about the increasing signs of an impending genocide being openly discussed and planned in America by Leftist ideologues of various stripes. -

Official government documents refer to White Conservative Christians who oppose abortion as 'potential domestic terrorists', and classify Right Wing Conservatives and returning vets as 'Extremists'. Ideologues have called Southern Whites 'Monsters' and a bigger threat to the country than Jihadist

Islam. Some media hacks are demanding the entirety of Southern ethnic culture to be eradicated, along with whites.

Now that life is cheap and government-funded organizations are killing babies by the tens of millions and selling their harvested parts for profit, what does it matter that other ‘undesirables’ and ‘threats’ to ‘society’ are suggested to be eliminated?

Recent headlines read:

Virginia Bans Confederate Flag Plates, But Not Planned Parenthood Plates

'Gay marriage' all about attacking Christianity, says author

'Gays' shopped for Christian clerk to target

'Gays' demand 'irreversible harm' to Christians

None of this matters to a society that is collapsing into wickedness and evil. The more heinous the suggested acts, the more it will be applauded, urged, lobbied and eventual policies made to enact them. Human life is cheap in America now, and the ideologues and unfettered maniacs like Farrakhan and Malik Zulu Shabazz get applause for suggesting the wholesale slaughter of a race and people they have demonized. White policemen today. Conservative Christian Whites tomorrow.

If you take Farrakhan at his word, (which you must understand his black Muslim followers do) – he is demanding the Federal Government do the deed of eradicating White people whom he blames for everything from slavery to the deaths of black children. Even though he says nothing about the true exterminator of the black race in America, which is Planned Parenthood. The rhetoric is designed to incite action into violence. He is asking for 10,000 black men amidst a “million” man march on DC in October 15, 2015; who are willing to die, to kill those whom Farrakhan blames for black issues. There is no mistaking his words here:

“Retaliation! If the federal government won’t intercede in our affairs, then we MUST rise up and kill those who kill us; stalk them and kill them and let them feel the pain of death that we are feeling!”

Hear it for yourself: <https://youtu.be/Zr4bYXK7je8>

So the question comes up when watching this: why isn’t this hate-mongering genocidal wannabe Islamic terrorist arrested for ‘terroristic threatening’, ‘death threats’, ‘Incitement’ and any and other charges that would certainly be levied against any white Christian Conservative talking this way about say.....The blacks or illegal aliens or Muslims or abortionists and their clinics???? Certainly any White Christian anywhere publicly advocating violence like this, would be met with calls for immediate arrest, if not warranting a SWAT team.

The hypocrisy regarding this issue knows no end.

See in Obama’s Amerika, it is a crime to protest death mills harvesting baby parts for sale, but it is ‘free speech’ to incite 10,000 black men to rise up and KILL Whites – whether they be police or families and people based on the color of their skin.

The civil society is unravelling. How is it possible to co-exist alongside a people who want you and your race dead and demand that their government help them do it. You cannot co-exist alongside a people who will vote for those who will make their demands become public policy.

We can thank His Heinous Barack Obama I, for creating the conditions that will exacerbate a race war, followed by a genocide.

Randy DeSoto, writing for Western Journalism, notes the connection between Farrakhan, the Nation of Islam, and Obama.

DeSoto mentions a November, 2008 article posted on the Newsmax website that cites a former top deputy to Nation of Islam leader Louis Farrakhan. Dr. Vibert White Jr. said **Obama is connected to the black nationalist movement in Chicago and there has existed an “open line” between Obama and Farrakhan to discuss policy and strategy.**

Obama told The Chicago Reader in 1995: “These are mean, cruel times, exemplified by a ‘lock ‘em up, take no prisoners’ mentality that dominates the Republican-led Congress,” “Historically, African-Americans have turned inward and towards black nationalism whenever they have a sense, as we do now, that the mainstream has rebuffed us, and that white Americans couldn’t care less about the profound problems African-Americans are facing.”

Black mob beats white man carrying Confederate Flag...

(Gateway Pundit) A mob of black youths beat a white man carrying a Confederate flag in Charleston last weekend. The video was posted earlier this week.

The youths beat the man down to the pavement and then took his flag.

One man was carrying a bat.

Comment: Again if the tables were turned and it was a group of whites beating up a black man carrying a ‘black lives matter’ flag, this report would be front page news for weeks with innumerable calls for the eradication of white men.

++ Black mobs routinely terrorize cities across the country, but the media and government are silent. Read the detailed account of rampant racial crime in “White Girl Bleed A Lot: The Return of Racial Violence to America and How the Media Ignores It.”

One sided racial violence is exploding. Along with widespread racial crime – even riots. In hundreds of episodes in more than 80 cities since 2010, groups of black people have been roaming the streets of America – assaulting, intimidating, stalking, threatening, vandalizing, stealing, shooting, stabbing, even raping and killing. In cities big and small. In ways expected and unexpected. But local media and public officials are silent.

Play: <https://www.youtube.com/watch?v=vdFrQW8BSmA>

Crime is colorblind, says a Milwaukee police chief. Race is not important, a Chicago newspaper editor assures us. That denies the obvious: America is the most race-conscious society in the world. We learn that every day from black caucuses, black teachers, black unions, black ministers, black colleges, black high schools, black music & black moguls. We learn it in stories written by members of the National Association of Black Journalists. We talk about everything except black mob violence and lawlessness. That is Taboo. Result: Few know about it. Fewer still are talking about it.

Today it is at epidemic levels in almost every city in the country. The list of cities under attack is long and getting longer – with some cities suffering dozens of attacks in the last few years alone:. And more, more, more. Des Moines, Iowa? Yes, at the Iowa State Fair, no less – during what one cop called Beat Whitey Night. Peoria, Illinois? Absolutely: As many as nine race riots in 2011 alone – right in the middle of Middle America. Milwaukee? Yes, on the Fourth of July, after looting a nearby convenience store, a crowd of nearly 100 blacks set upon some white teens on a picnic. After beating one white woman, a black woman noted, “Oh white girl bleed a lot.” And the Milwaukee state fair is probably the most explicit and public hate crime arena anyone has seen in years. Hundreds of black people roamed the fairgrounds, targeting white people for violence. You didn't hear about that?

Editorial Reviews

"Reading Colin Flaherty's book made it painfully clear to me that the magnitude of this problem is even greater than I had discovered from my own research. He documents both the race riots and the media and political evasions in dozens of cities across America." – Thomas Sowell, National Review

"Colin Flaherty has done more reporting than any other journalist on what appears to be a nationwide trend of skyrocketing black-on-white crime, violence and abuse." – WND.com

"This is an important book. You must read White Girl Bleed a Lot." – Rev. Jesse Lee Peterson

"What's happening, as the book makes indisputably clear is, first, black mob violence against nonblack persons and property, and second, appalling indifference, denial, and cover-up by police and the media." – John Derbyshire

racism white supremacy is universal on Planet Earth...

are you STUPID???? Lol, black people cannot be racist. Oh really?? I love how you are supposedly creating and controlling the narrative here as though you are the ultimate judge, jury and rule maker regarding this subject. How utterly hypocritical of you. Oprah Winfrey recently said that racism will not disappear until older white Americans die. But what she did not mention is the inescapable fact that racism is alive and well in the minds of many black Americans. So predominate is this hatred many blacks are convinced other blacks are racist. In a recent Rasmussen poll, 31% think most blacks are racist but I guess according to you this is all made up lies.

"I hate white people," said LeShawn Marten, a black man who attacked an older white man in New York's Union Square, knocking him into a coma that ultimately resulted in his death. Not a word about the racist nature of the attack from Sharpton, Jackson or Winfrey. Even the establishment media is reluctant to characterize the attack as racist.

Oh really that's collectively every white persons fault, how convenient for you and all that share your belief system, here's what an honest black man has to say about this: Play to 5:51: (Caution some language) <https://youtu.be/nZdLKJJFkPM?t=15s> I actually had another black listener attack me the other day (like you are doing) and tell me the Charleston Church Shooting was a “national call to repentance for all white people” as if all whites are responsible for that shooting to which the vast majority of whites (including myself) would never condone that Satanic behavior ever. But hey for people like yourself it just easier to blame and hate all whites I guess. Now if I apply the same logic and blame game mentality you are invoking

EQUALITY FACTS #13
THE INDISPUTABLE FACTS ABOUT RACIAL EQUALITY

90% of all interracial crimes in the U.S. are committed by blacks against whites.

<http://bjs.ojp.usdoj.gov/index.cfm?ty=dcdetail&id=245>

DEPARTMENT OF JUSTICE

here, then I can (as a white person) say that every time a white girl is raped or beat or a violent act is committed against a white person (which happens at a 39 to 1 disproportionate ratio against whites, according to federal statistics, see below) that everytime I see that happening that I can indict all blacks and tell them that every time this happens it is a national call to repentance for all black Americans. How is that for fair? Do you like having the same illogical standards you are applying to whites applied to yourself?? I'm sure the very thought of this is outrageous to you and it is equally outrageous to me as well and to God as God abhors unjust scales and balances.

Federal Statistics Show Blacks are 39 Times More Likely to Commit Violent Crime Against Whites Than Vice Versa

Examiner August 25, 2014

The “New Century Foundation” studies Federal crime reports, and found significant differences in crime ratio between races, verified by the FBI’s NCVS, National Crime Victimization Survey, and The Department of Justice’s UCR, Uniform Crime Reports, FBI Communication’s Division, 304-625-4995.

They state emphatically that the Judicial System is not biased against minorities but statistically:

Blacks are seven times more likely than people of other races to commit murder, and eight times more likely to commit robbery.

Blacks are three times more likely to use a hand gun, and twice more likely to use a knife.

Hispanics commit three times more violent crimes than whites, but the statistics are nebulous because sometimes they are classified as white, so it could be far higher.

The best indicator of violent crime levels in an area is the percent of the population that is black and Hispanic.

Blacks are 39 times more likely to commit a violent crime against whites than vice versa, and 136 times more likely to commit a robbery against whites.

Forty-five percent of black crime is against whites, 43 against other blacks, and 10 percent against Hispanic.

Blacks are seven times more likely to go to prison, Hispanics three times).

– FACT: From 2011 to 2013, 38.5 per cent of people arrested for murder, manslaughter, rape, robbery, and aggravated assault were black. This figure is three times higher than the 13% black population figure. When you account for the fact that black males aged 15-34, who account for around 3% of the population, are responsible for the vast majority of these crimes, the figures are even more staggering.

Also here is another honest take on this subject: Black Pastor Drops Epic Truth Bomb About Charleston Shooting (Video) In this video, the Pastor BEGINS by calling out President Obama and the Department of Injustice, calling them race hustlers, and saying that if the races of the shooter and victims had been different, the incident would have received little to no attention from the media. Why is it that Obama and the rest of the race hustlers tell us that we cannot judge the entire religion of Islam by the actions of a few fanatics, but it's okay to judge all conservatives and all gun owners by the actions of an obvious lunatic?

I expected more from you. Instead you turned out to be a sniffling prejudice insignificant blight on christendom. ENDEAVOR TO KEEP THE UNITY IN THE SPIRIT OF THE BOND OF PEACE... is what the Bible says. Oh, so what your really saying here is that in order to not offend the blacks I need to (especially as a white person) keep my mouth shut about all the truth I just went over above as that would be much more Biblical and pleasing to God. I'm sure you would have no problem being held to that same standard. I make no apologies for exposing evil and as a watchmen it is one of my primary jobs and callings: Ephesians 5:11-13: "And have no fellowship with the unfruitful works of darkness, but rather

reprove them... But all things that are reproved are made manifest by the light: for whatsoever doth make manifest is light. (Comment: "Light" always overcomes and exposes darkness) Wherefore he saith, Awake thou that sleepest, and arise from the dead, and Christ shall give thee light. See then that ye walk circumspectly, not as fools, but as wise, Redeeming the time, because the days are evil." The 1828 Noah Webster Dictionary defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Manifest: Plain, open, clearly visible to the eye or obvious to the understanding; apparent; not obscure or difficult to be seen or understood.

Circumspectly: Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

II Corinthians 2:11: "Lest Satan should get an advantage of us: for we are not ignorant of his devices."

++ shame on you. shame on you.

ARE BLACK POLICE ILLEGALLY MURDERING WHITE CHILDREN AND OTHER WHITE PEOPLE IN THE STREETS????? Thank you for bringing up that subject!!
And yes statistically many are, as cited above. Unbelievable that you would really bring this up as I just went over (as I have done on numerous occasions) the disproportionate crime and murder rate statistics of black on white attacks. I guess you believe that it is the whites that are really the ones that are attacking the blacks in the streets and all the video footage and evidence are just all lies. It is actually a white plot against all blacks, to which I am the head of. It's funny how you never refuted the 34 page document I sent you documenting all the black on white crime but would just prefer to attack the entire white race blaming us for all the problems of the black race. Honest black people disagree with you. But how convenient for you. Keep up the great work!!!

No. white police commit crimes of illegal murder killing black children.... Oh really is that why in NYC 51% of black women abort their babies because it is white police forcing them to do so??? Black people in the United States are more likely to be victims of violent confrontations with police officers than whites because they commit more violent crimes than whites per capita.

- FACT: Despite making up just 13% of the population, blacks commit around half of homicides in the United States. DOJ statistics show that between 1980 and 2008, blacks committed 52% of homicides in the US.

Also what do you have to say about this report: Police Kill More Whites Than Blacks, But Minority Deaths Generate More Outrage--22 April 2015 Nobel Prize-winning novelist Toni Morrison says she wants to see an officer shoot an unarmed white teenager in the back before agreeing that the "conversation about race" is over, but she almost certainly already has received her wish. Comment: Her wish has been granted: Why Unarmed White teen killed by police hasn't led to national protests

Zachary Hammond was on a first date with a girl on July 26 in Seneca, S.C., when they stopped at a Hardee's parking lot in his car. Police said they suspected the girl of selling marijuana and set up a sting operation to try and catch her in the act.

When confronted with law enforcement, Mr. Hammond attempted to flee and a police officer shot him twice. In the end, Hammond had been killed and his companion was charged with a minor drug possession.

The death of Hammond, who was 19, bears some strikingly similarities to the death of Samuel DuBose, a black Cincinnati man who was shot by a police officer on July 19. In both cases, the two men were unarmed and the official police record that said the suspects attempted to run officers over has been called into question by conflicting sources. The difference in media attention thus far, however, is notable.

Currently on social media, debate is raging about the lack of attention Hammond's death has gotten from #AllLivesMatter proponents, who have been accused of trying to distort the message of #BlackLivesMatter activists fighting for parity for black people in the criminal justice system.

Continuing: An analysis released last week shows that more white people died at the hands of law enforcement than those of any other race in the last two years,

even as the Justice Department, social-justice groups and media coverage focus on black victims of police force.

"People keep saying, 'We need to have a conversation about race,'" Ms. Morrison told the (U.K.) Telegraph in an April 19 interview.

"This is the conversation. I want to see a cop shoot a white unarmed teenager in the back," said Ms. Morrison, who also

has won the Pulitzer Prize for her work, which includes the bestsellers "Beloved" and "Song of Solomon." "And I want to see a white man convicted for raping a black woman. Then when you ask me, 'Is it over?', I will say yes."

TRIANGLE, Va. - Neighbors of Fairfax County firefighter Khalil Abdul-Rasheed were stunned by his posts on [social media](#).

The 15-year veteran of the Fairfax County Fire and Rescue Department reportedly responded to a post about police encounters by saying, "We have to start

Abdul-Rasheed apparently continued his post saying, "Pull the cops off, lay on the individual, form a circle or throw punches."

The Fairfax County Fire and Rescue Department said its internal investigation process continues while Abdul-Rasheed is off the front lines.

"The Fairfax County Firefighter involved in the social media post has been placed on paid administrative leave," said Fairfax County Fire and Rescue in a statement. "An internal investigation process is underway."

FBI: Middle Eastern Men Intimidating U.S. Military Families In Colorado & Wyoming... <>[play video](#)

One alert about this read: AMERICA: LOCK AND LOAD – NORTH, SOUTH, EAST AND WEST BE PREPARED TO DEFEND--THE FBI HAS ISSUED AN ALERT ACROSS THE COUNTRY out of concern for military families, particularly in Wyoming and Colorado.

The FBI says that Middle Eastern men have recently been approaching the homes of U.S. military members in Colorado and Wyoming.

One such example happened in May when two men approached the wife of a soldier and told her that her husband was an interrogator.

After she denied their accusations, they left in a dark sedan that she had seen several times in her neighborhood.

Apparently, similar stories are being reported throughout the region. These men seem to be trying to obtain personal information.

Many of the families report feeling intimidated and scared.

Our soldiers have enough to worry about without having to live in fear for their families back home.

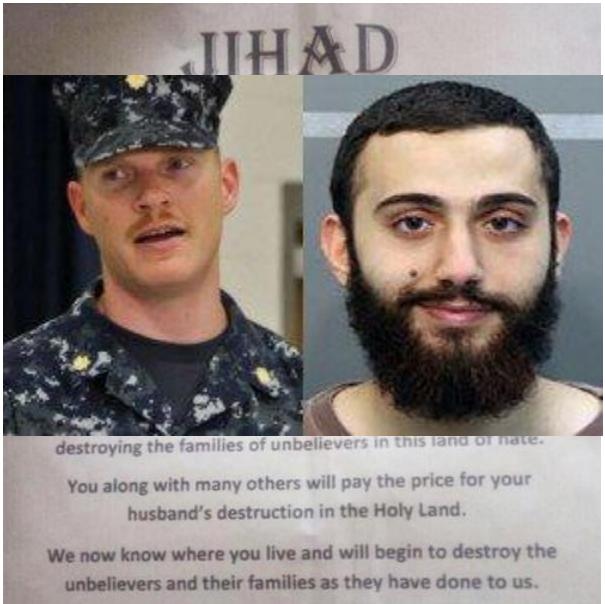

It's disgusting and the authorities need to do something to stop this from happening again. (No MORE interference from a rogue defunct make believe UNLAWFUL "gov" and its "authorities". Enough is enough. AMERICA – RISE UP AND DEFEND YOUR NATION!)

REPORT: Navy to Charge Officer Who Fired on Islamist During Chattanooga Terror Attack

<<Lt Commander Timothy White and Islamist killer Muhammad Abdulazeez

A report at The Navy Times in July confirmed that one of the Marines shot during the Chattanooga terrorist attack exchanged fire with the terrorist. Navy Lt. Cmdr Timothy White also shot back at the terrorist.

But rather than being celebrated as a hero, Lt. Commander White may be charged for discharging a firearm on federal property.

Allen West reported this week that Lt. Commander Timothy White Ladies and gents, resulting from the text message I received yesterday, I can confirm that the United States Navy is bringing charges against Lt. Cmdr Timothy White for illegally discharging a firearm on federal property.

The text message asked if it would be possible for Lt.Cmdr White to reach out to me. To wit I replied, affirmative.

What kind of evil idiots are in charge of our Armed Forces — pardon me, our “unArmed Forces”? What would they prefer that Abdulazeez had been able to kill all the Marines and Sailors at the

Naval Support Reserve Center? Let me draw an interesting contrast: Secretary of the Navy Ray Mabus is more concerned about lifting the ban on transgendered Sailors. But this devil has no problem with the Navy seeking to destroy the career of a Sailor, a commander of an installation, returning fire against an Islamic jihadist attack. I do not care if it was his personal weapon, he deserves a medal for facing the enemy.

Folks, this has become the Obama military that will not implement policies for our men and women in uniform to be protected — but will punish them if they do protect themselves. What has happened in our America where some believe that our men and women in uniform — especially the commanders — are just targets for these demon possessed Islamic jihadists?

Islamists Sending Personal Threats to Servicemen & Families

Jihadists in the UK have sent a death threat to the family of a serving soldier, posting a letter through the door of the family home in Lincolnshire.

The letter, titled: “JIHAD – The Holy War For Islam – A warning to the brides of British Soldier Warmongers,” scared the family so much that they are understood to have fled their home.

Britain's Ministry of Defence ordered military families to refrain from sharing personal information on social media, in order to protect them from possible future threats and attacks.

"We would like to remind forces families of the need to take particular care. For example, they should review their security settings on social media to ensure they don't accidentally share personal details."

Last week **an Islamist death threat was left on the hood of a car belonging to a National Guard member in Tennessee**. That letter read "dear american soldier, death to you coward women child killer and all the american military, mohammad will show no mercy on you attacks will come full force death is to come to you."

Al-Qaeda in the Arabian Peninsula (AQAP) **released a video calling for lone wolf attacks and praising attackers like Chattanooga shooter Mohammad Youssuf Abdulazeez**. The nine minute, 41 second video was produced by AQAP's al-Malahem Media Foundation and released on August 4, 2015.

In the video an AQAP official, who was freed from a Yemeni prison in April of 2015, condemned "America France and other kufr [disbeliever] nations" that "assist and **make legislations to protect those who abuse Islam and the Prophets.**" To that point, he stressed, "as you put limits to freedom of expression and punish whomever goes against them, it is **upon us to punish whoever transgresses out boundaries and sanctities.**"

He then stated the need for lone wolf attacks in those nations: **And our words cannot give justice to their sacrifice and heroism, of which the later (operations), was the killing of many among those who insult Islam and the honorable Prophet. drawings exhibition in Texas, supported and protected by the American government. By the Grace of Allah, the lone jihad has proven to be and always will prove to be a strategic weapon successfully hitting and penetrating the enemy's fort.

He also stated of Chattanooga shooter Mohammad Abdulazeez:

And the latest operation of Muhammad Abdulaziz, which occurred in the heart of American soil, is a clear evidence of that. He penetrated the base killing and inuring American marines in a blessed Jihadi operation. We ask Allah to accept him and raise his status among martyrs.

ISIS Calls On Austrian And German Muslims To "Slaughter Every Infidel"

The Islamic State released a video Wednesday urging its supporters in Europe to go to Syria or carry out domestic attacks

"All you need is to take a big knife, and go down to the streets and slaughter every infidel you encounter," ISIS fighters say in a new video urging Austrian and German supporters to carry out attacks at home if they cannot travel to Iraq and Syria.

The video, published by the official ISIS media wing in Homs, features two German-speaking ISIS

militants who had been held in Turkish and Austrian prisons.

Al-Amani called on those who could travel to Syria to do so, telling them to "hurry up before you miss the train." The speakers also direct a message to German chancellor Angela Merkel, saying they will seek revenge for "cursing the Prophet and for spilling the blood of Muslims in Afghanistan."

At the end of the video the men execute two captives in what appears to be the ancient Syrian city of Palmyra. The execution is set to a song by German rapper Deso Dogg, who joined the terror group last year.

720 Germans have joined ISIS in Iraq and Syria, the head of Germany's domestic intelligence agency told Reuters, although fewer have gone in the past few months compared to last year. [source](#)

ISIS in Indonesia Calling for '..Lone Wolf Attacks on Christians..'

Indonesian fighters who have joined Islamic State in Syria are using social media to encourage fellow jihadists back home to murder Christians by any means necessary.

There are some 23 million Christians in Indonesia, as well as large numbers of tourists – including many Australians – visiting places such as Bali who are also followers of the faith and could be targets of such "lone wolf" attacks.

In September last year, IS spokesman Abu Muhammad al-Adnani urged supporters to kill "non-believers" in

response to US-led air strikes against its forces.

[++ Third Planned Parenthood Video Released: Whistleblower Reveals “It’s Basically A Huge Trafficking Of Fetal Tissues”](#)

WARNING: THERE IS VERY DISTURBING IMAGERY OF ABORTED FETUSES IN THE VIDEO ACCOMPANYING THIS REPORT

A third undercover expose video of Planned Parenthood has been released by the Center For Medical Progress, and as expected, it shows footage of fetal body parts after abortions.

The video features whistleblower Holly O'Donnell, who claims that a biomedical company she was working for was in the business of paying Planned Parenthood clinics for fetal organs, according to the condition of the tissue after being extracted from an abortion.

CONTENT WARNING: This article contains screenshots below of Planned Parenthood staff sorting body parts such as kidney and heart from an 11-week human fetus.

Planned Parenthood once again finds itself at the center of scandal as new undercover footage was released today by The Center for Medical Progress. The tapes, which are dated April 7, 2015, show staff

from Planned Parenthood's Rocky Mountains affiliate, located in Denver, Colorado, engaging in negotiations over human fetal body parts.

The video opens with a negotiation between Vice President and Medical Director of Planned Parenthood of the Rocky Mountains Dr. Savita Ginde and a potential buyer for fetal body parts. Ginde is seen saying, "I know I've seen livers, I've seen stomachs, I've seen plenty of neural tissue. Usually you can see the whole brain usually come out."

To preserve the organs, Ginde says that "we'd have to do a little bit of training" to ensure staff "didn't crush" the parts that were wanted. Ginde warned about legal risks saying "if you have someone in a really anti [abortion] state that's going to be doing this for you, they're probably going to get caught." She continued that they told their lawyer that, "we don't want to get called on selling fetal parts across states."

The video then cuts to the laboratory where a Planned Parenthood technician can be seen sorting through parts of aborted babies. Dr. Ginde tells the prospective buyer that they would likely structure the arrangement on a "per item," rather than a flat fee: "I think a per-item thing works a little better, just because we can see how much we can get out of it."

<< Video screenshot of Planned Parenthood technician sorting body parts of an aborted baby.

During the parts sorting process of child terminated in the first trimester, Ginde notes, "Here's a stomach, kidney, heart." She further explains that the second trimester babies are "so big" that they won't "be as war-torn." An unnamed technician later

exclaims, "and another boy!" after finding a body section with legs.

Live Action President Lila Rose issued a strong statement blasting the unethical and improper behavior of Planned Parenthood:

Even as more tapes emerge of top-level Planned Parenthood executives bartering and negotiating over the parts of aborted children, our nation will fund Planned Parenthood with over 1.4 million dollars today alone.

As the outrage only continues to grow, Congress and the President must act immediately to stop the forced taxpayer funding of these horrific and barbaric facilities.

In the first tape, which has been viewed almost 3 million times, Planned Parenthood Senior Medical Director Dr. Deborah Nucatola discusses the potential sale of fetal body parts which is illegal under federal law. The punishment for such an act is fines and/or up to 10 years in prison. This

Future videos from inside Planned Parenthood are expected as David Daleiden, Project Lead for The Center for Medical Progress, told Sean Hannity's radio program Tuesday that: "We have close to 300 hours total of undercover video that was gathered during a 30 month long in depth investigative journalism study of how Planned Parenthood sells the body parts of the babies they abort."

In response to the videos, Planned Parenthood President Cecile Richards apologized saying "the tone was terribly wrong" but stated that her organization was innocent. In the interview she refrained from addressing the specific statements by Planned Parenthood directors that appear to violate U.S. law. Richards also blasted the first two videos as being "highly edited" although full, unedited tapes were released alongside shortened versions that highlighted key interactions.

Planned Parenthood has also hired SKDKnickerbocker, a high-powered crisis management firm, which distributed a memo to reporters asking them to not show the video to protect the privacy of patients. In our review, no Planned Parenthood patients were seen on the tapes.

Over half a dozen state investigations have been launched into Planned Parenthood's actions with the Texas State Senate health and human services committee holding a hearing Tuesday. Planned Parenthood was asked to testify but refused to attend.

Congress is also conducting its own investigation and a measure was introduced in the U.S. Senate by Joni Ernst, Rand Paul, and James Lankford to defund Planned Parenthood of taxpayer support. Senator Lankford remarked that, "It is time for federal taxpayer funding for Planned Parenthood to end and let community health centers use that funding to provide health care services for those in greatest need."

Nurse Admits It's 'Fun' To Dissect Baby In New PP Transcript

The transcript accompanying the latest undercover Planned Parenthood video has an employee of the group admit she finds it "fun" to dissect fetuses for their organs and would "enjoy" the opportunity to do it on behalf of fetal tissue purchasers.

The exchange isn't included in the 15-minute edited video released Tuesday by the Center for Medical Progress (CMP), but is instead buried deep in the 119-page transcript accompanying it (a full-footage version of the video hasn't been released yet). In the exchange, Melissa Farrell, director of research for Planned Parenthood Gulf Coast, admits she and her co-worker would find it enjoyable if a tissue buyer wanted them to dissect dead fetuses for parts.

"It would be exciting too if you needed it dissected, because LaShonda and I are the most Curious George of the group," Farrell says. "I know it's sickening on some level, but it's fun."

This fork-tongued, devil, reptilian witch states: "Planned Parenthood has been a trusted nonprofit provider of women's health care for nearly a century. Each year, 2.7 million people come to our health centers for high-quality, nonjudgmental, compassionate care. Since our very beginning, our health centers, providers and patients have come under outrageous attacks, political and otherwise. These attacks are not about us. They are about the ability of women across the country to access health care. Period... While our opponents have been working to create scandal and panic where none exists, doctors and nurses at Planned Parenthood health centers have continued to provide care to thousands of women, men and young people every day — contraception... and safe and legal abortion. Whose efforts are doing more to help families and make our country healthier?"

Obama Administration Defends Planned Parenthood: 'Not a lot of evidence,' Sting Videos Obtained 'fraudulently'

White House Press Secretary Josh Earnest defended Planned Parenthood at a press conference Thursday, saying videos showing representatives explicitly discussing the alleged sale of aborted fetal tissue are "not a lot of evidence" of

illegalities, and that Planned Parenthood “lives up to the highest ethical standards.”

Speaking to Fox News’ Doug McKelway, Earnest said the Obama administration has no intention of pursuing an investigation into the allegations, despite numerous calls from members of Congress to defund the abortion provider, and independent investigations launched by various state governors.

Brainwashed CNN host asks Planned Parenthood video maker if he's a 'violent extremist'

The mainstream media’s defense of the butchers of Planned Parenthood hit a new low Tuesday. “Your critics – critics of your organization I should say— say that you’re not journalists as you purport to be on your website, but rather you’re violent extremists,” Camerota said.

“First, number one, I’m not a violent person and I never have been and I never will be,” Daleiden said,

There is no violence in the undercover video collection. There’s not even a threat of violence. Just abortion doctors haggling about the prices of the body parts of children who are dismembered in their mother’s womb.

That’s what Daleiden tried to emphasize during the distorted interview.

The videos, he said, are to “expose to the public the reality of how Planned Parenthood conducts its fetal tissue sales.”

All the interference in the world by the mainstream media isn’t going to change that.

Ice Cream Shop Serves Abortion-inspired Flavor for Planned Parenthood Fundraiser –The “Taste of Victory” flavor includes red chunks of strawberry flesh
“What’s the Scoop?” in Portland is evidently unfazed by the recent sting videos showing Planned Parenthood administrators apparently profiting off the sale of aborted fetal organs.

According to a Facebook post, the small-batch ice cream shop held a fundraiser for the state’s PP chapter last week, unveiling the “Taste of Victory” flavor to “help support this wonderful organization.”

“Taste of Victory” is described as an ice cream containing Oregon strawberries and white chocolate “freckles.” The small chunks of strawberry flesh may harken back, for some, images suggested by Planned Parenthood Senior Director Dr. Deborah Nucatola, who casually discussed removing vital organs from aborted babies for profit.

Planned Parenthood Abby Johnson: I saw the baby fighting for its life!

I saw former director of Planned Parenthood Abby Johnson on O'Reilly tonight and wanted to post that interview where she tells the story of her decision to become pro-life. I was then turned on to an interview that Huckabee did this

weekend and I've decided to post it instead. In Hucakbees interview Abby goes into much greater detail on the horror that she saw during an abortion procedure and its quite powerful to hear. In fact, I couldnt watch it without shedding a few tears, and Im man enough to admit it.

How so many in our country can justify the murder of the innocent life of a child is way beyond me. The depth of depravity of those who perform these procedures and those who advocate them knowing full well what they are really like, is paramount. In China women are forced to get abortions and its horrible. Here we don't force which is even worse. The Satanic propaganda have convinced women that it's their reproductive right to choose to murder.

Please watch the entire video and spread it around so people can hear first hand what abortion is really like. It's not only life changing to watch this video but it may save a child's life.

Latest Unedited Planned Parenthood Video Confirms Aborted Babies Being Sold To Create Super-Mice

On August 8, 2015 Earlier this week InfoWars [reported](#) on the fact that **a study cited in The Scientist and the Journal of Neuroscience, indicates that the brains of aborted babies are being transplanted into mice in labs.**

Now, the release of the full, unedited latest Planned Parenthood video from the Center For Medical Progress, made public Thursday, **has confirmed the abortion organisation is indeed involved with this practice.**

Life News [reports](#) that: The full video, which runs for five hours and forty-five minutes, expands on [a conversation](#) between Melissa Farrell, Director of Research for Planned Parenthood Gulf Coast, and two CMP actors posing as representatives of an organ procurement company. **That conversation focused on potential compensation to Planned Parenthood in exchange for fetal remains.**

In the lengthy video, Farrell is seen looking over her e-mail **when she finds a message from an immune-biology laboratory that was requesting fetal tissue to create humanized mice. The full conversation can be reviewed beginning at the 4:27:45 time marker on the full video.**

Essentially, **the aborted babies brains were “minced” (the actual word used in the paper published in the Journal of Neuroscience) and the glial cells, cells that support neurons in the nervous systems, were extracted and injected into lab mice. The mice incorporated the glial cells into their brain and “outperformed normal mice almost fourfold in a variety of cognition tests.”**

In the CMP undercover video, the reporters ask Farrell what parts of aborted fetuses the mice injecting researchers want to obtain.

"Everything! CNS, brain, kidney, thymus, liver, spleen, femur, bone marrow, hematopoietic stem cells, from 14-22 weeks gestation," Farrell responds.

"Wow! They want everything!" said the actor. "See, so that's the thing. For a study like that, if we could provide, you know, just the whole cadaver, then they can take exactly what they want with the full quality of – you know – and everything."

Farrell also reveals that the lab was requesting 120 INTACT aborted human babies for the project.

"It is as if researchers have taken a page out of The Island of Doctor Moreau, the classic sci-fi story by H.G. Wells, **where a mad scientist crossed the bounds of ethics and morality to create human-animal hybrids,**" said Troy Newman, President of Operation Rescue, who also serves on the Board of the Center for Medical Progress.

"The profit stream that extends from the Planned Parenthood abortion clinics, through the third party procurement companies, to the pharmaceutical and commercial laboratories is all generated at the expense of human babies. To Planned Parenthood, the only value in these human beings is in how much they can get for their broken remains. They are like butchers selling meat by the pound."

The OBAMA Administration Purchased Aborted Baby Parts From Planned Parenthood

Aug 7, 2015--A NEW REPORT INDICATES THE OBAMA ADMINISTRATION MAY HAVE PURCHASED THE BODY PARTS OF ABORTED BABIES FROM A BIOTECH FIRM WHICH PLANNED PARENTHOOD FIRST SOLD THE BODY PARTS TO, AFTER KILLING THE BABIES IN ABORTIONS.

The revelation comes after five videos have exposed the baby body parts sales scandal occurring at Planned Parenthood abortion centers across the country. According to the report in Politico, one of the biotech firms mentioned in the undercover videos identified as a fetal tissue supplier Planned Parenthood sold aborted babies to earned at least \$300,000 from federal governmental agencies after selling fetal tissue to them. Advanced Bioscience Resources (ABR) has had contracts with the National Institutes of Health and the Food and Drug Administration since 2009. In one of the videos, Katharine Sheehan, a former medical director of Planned Parenthood Pacific Southwest, mentioned selling fetal tissue from aborted babies to ABR and admitting a long-term relationship with them. <http://investmentwatchblog.com/obama-...>

Rep wants public hearing on Planned Parenthood after woman's death--Where pagan goddess statue is located

Planned Parenthood is facing new calls for congressional scrutiny after a Chicago woman died following an abortion at a local clinic last week.

Twenty-four-year old Tonya Reaves died Friday of hemorrhaging following the abortion, according to the Cook County Medical Examiner's office. Comment: Funny that this news story is only getting press because the mother died, but the baby also died as well (like thousands of other babies in the US everyday) but that isn't important to our Satanic press core. Her death has been ruled an accident. Comment: The baby's death was surely no accident!!!

Rep. Cliff Stearns, R-Fla., who launched a probe into Planned Parenthood earlier this year, is now calling for a public hearing on Capitol Hill. "I would like to put them under oath," he told Fox News. "I would like to find out how they spend our

half a billion dollars, and I would also like to explore some of the safety aspects, particularly in light of this death, of this tragedy."

38 And shed innocent blood, even the blood of their sons and of their daughters, whom they sacrificed unto the idols of Canaan: and the

land was polluted with blood.

39 Thus were they defiled with their own works, and went a whoring with their own inventions.

40 Therefore was the wrath of the LORD kindled against his people, insomuch that he abhorred his own inheritance.

41 And he gave them into the hand of the heathen; and they that hated them ruled over them.

42 Their enemies also oppressed them, and they were brought into subjection under their hand.

Satanic Cult Used Profits From Baphomet Statue Unveiling To Fight Anti-Abortion Efforts

A New York based Devil obsessed cult, known as The Satanic Temple, used funds from a recent PR driven Baphomet statue unveiling in Detroit to fund an effort to undermine legal moves to ban abortion after 20-weeks, as well as other anti-abortion legislation.

Breitbart reports that a Temple spokeswoman told reporters that proceeds from the \$25 and \$75 tickets to the event, billed as the "largest public satanic ceremony in history," will be used to "support the reproductive rights legal action fund."

The Temple also has an Indiegogo donation page setup which it says serves "to challenge arbitrary, insulting abortion regulations." The campaign has already raised more than \$32,000.

The Temple, supports on-demand abortion, and vehemently opposes all anti-abortion proposals, including the Pain-Capable Unborn Child Protection Act, which requires the physician to first determine the probable post-fertilization age of the unborn child before performing an abortion, and would ban abortions after 20 weeks except in cases where the woman's life is in danger, or where rape, incest has led to the pregnancy.

The cult, which clearly aligns itself with The Devil, even though they claim not to believe he really exists, has a questionable statement on its website suggesting that the reason they support abortion has to do with “personal choice” and “Women’s Rights”.

Not an identification with historical Satanic child sacrifice, or doing the evil bidding of the dark lord then?

The cult also opposes ultrasounds because they believe them to be an “attempt to create guilt and discomfort in those seeking abortions.”

The Satanic Temple has recently embroiled itself in a federal lawsuit against the State of Missouri, **claiming that the state's laws restricting abortion violate their “free exercise” of Satanism, and that abortion is “an essential religious duty” for Satanists.**

While the Temple says it views Satan purely as “a literary figure, not a deity,” they still identify as a religion, **claiming that Satan “stands for rationality, for skepticism, for speaking truth to power.”**

Child sacrifice and ritual abuse has been linked to Satanism for hundreds of years. The story of the ancient Ammonite god Moloch, also known as Baal, says that he demanded his followers offer up their own children to be burned as sacrifices.

But obviously, modern day politically correct Satanists can't say they support that now can they.

Bobby Jindal Cuts Off Funding For Planned Parenthood

August 5, 2015 **By Theodore Shoebat**--Governor of Louisiana, Bobby Jindal, cut off funding for Planned Parenthood, saying: *In recent weeks, it has been shocking to see reports of the alleged activities taking place at Planned Parenthood facilities across the country. Planned Parenthood does not represent the values of the people of Louisiana and shows a fundamental disrespect for human life... It has become clear that this is not an organization that is worthy of receiving public assistance from the state.*

Abortion must not only be defunded, it must be destroyed. What we need is not a politician. What we need is a Josiah who will destroy the wizards of Baal, so “that no man might make his son or his daughter to pass through the fire to Molech.” (2 Kings 23:10) What we need is a righteous government that will arrests the abortion doctors, their supporters and their funders, and execute all of them as dangers to the state and the society.

We have to prepare our minds and intellect for this spiritual war that we are in. For too long Christianity has been watered down in our modern day as a pacifist

faith with no inclination of fighting evil. But is the Church here to be weak and useless?

Planned Parenthood's Clergy Advisory Board says the abortion mill "is doing God's work"

Did you know that Planned Parenthood (PP) — where abortion accounts for 94% of its business — has a Clergy Advisory Board (CAB)?

PP describes the board as a "network of clergy members from a variety of denominations throughout the religious community".

On the heels of the pro-life Center for Medical Progress' (CMP) release of a series undercover videos showing PP officials cheerfully chatting and haggling about the harvesting and sale of aborted baby body parts, its Clergy Advisory Board released a statement yesterday condemning CMP, the maker of the videos. Insisting that Planned Parenthood is simply "doing God's work," the board called the videos — not PP's dismemberment and sale of aborted babies — "theologically and morally reprehensible." The clergy advisors accuse CMP of conducting a "smear campaign" and using "fraudulent and extreme tactics to spread false allegations about Planned Parenthood's role in tissue donation."

Isa 14:9a: Hell from beneath is moved for thee to meet thee at thy coming: it stirreth up the dead for thee...

Isa 5:14: Therefore hell hath enlarged herself, and opened her mouth without measure: and their glory, and their multitude, and their pomp, and he that rejoiceth, shall descend into it.

Here are the 14 members of PP's Clergy Advisory Board (from Google cache): 3 Reform Jews; 3 Episcopalians; 2 United Church of Christ; 2 Baptists; 1 Unitarian; 1 Christian Church DOC (whatever that is); 1 Sufi; and 1 Muslim.

PP Clergy Advisory Board

1. Chair: Rabbi Jon Adland, Canton, OH, Reform Jewish
2. Vice Chair: Rev. Susan Russell, All Saints Episcopal Church, Pasadena, CA, Episcopal
3. Rev. David A. Ames, Providence, RI, Episcopal
4. Rev. Tom Davis, Saratoga Springs, NY, United Church of Christ
5. Rev. Dr. Gawain F. de Leeuw, White Plains, NY, Episcopal
6. Rev. Kevin Jones, Greenacres, FL, Baptist
7. Rev. Dr. Daniel Kanter, First Unitarian Church of Dallas, Dallas, TX, Unitarian
8. Rev. Vincent Lachina, Seattle, WA, American Baptist
9. Rev. Jeremy Lopez, Salem United Church, Tonawanda, NY, United Church of Christ
10. Rev. Janet Maykus, Indianapolis, IN, Christian Church DOC
11. Rabbi Dennis Ross, Concerned Clergy for Choice, Albany, NY, Reform Jewish
12. Dr. Scott L. Sattler, former PP abortionist, Eureka, CA, Universal Sufism
13. Rabbi Peter Stein, Temple B'rith Kodesh, Rochester, NY, Reform Jewish
14. Ani Zonneveld, Muslims for Progressive Values, Los Angeles, CA, Muslim

Here is Planned Parenthood Clergy Advisory Board's statement, with my rebuttals

in green (**Warning Graphic material**): "As faith leaders committed to justice, honesty, and liberty, [no justice or liberty for the aborted unborn] we are troubled by the decades-long campaign of harassment against Planned Parenthood and those they serve [not the millions of innocent aborted babies]. Our faiths demand care for those marginalized by poverty and other oppressions [being killed is the greatest oppression of all]. Faith leaders have supported Planned Parenthood for nearly 100 years because of our shared goals: every person — regardless of income, race, or religion — deserves access to safe, affordable, high-quality health care [except if you happen to be in a womb, unable to speak for yourself].

Planned Parenthood provides professional [like advising a teenager to defecate and urinate on her sexual partner], non-judgmental, high-quality care to people, individuals, and families in our congregations, some of whom have few health care options [community health centers across the U.S. serve 8 times more people than Planned Parenthood: 21 million vs. 2.7 million]. Planned Parenthood does the best of what religious traditions do: care, no matter what. **Yes they really care about the unborn babies they slaughter!!!!**

Planned Parenthood offers the opportunity for women to choose to donate fetal tissue for research purposes. Research using fetal tissue saves hundreds of thousands of lives [and profit for Planned Parenthood] worldwide every year [**Lies totally unsubstantiated**].

The fact that the attacking organizations use fraudulent and extreme tactics to spread false allegations about Planned Parenthood's role in tissue donation is theologically and morally reprehensible [the fine religious hell-bound "clergy" of this board are the ones that are beyond theologically and morally reprehensible]. The scriptures of Judaism, Christianity, and Islam strongly and repeatedly condemn dishonesty and hate [nothing even remotely close to the 6th Commandment: Thou Shall Not Kill or the ones abut not sacrificing your children]. Planned Parenthood facilitates tissue donation for those who choose it, knowing that it fulfills the donor's wish and contributes to the advancement of medical research [You mean like the human mice hybrids they are creating. We are grateful to everyone who chooses to donate and fully respectful of all who do not.

Rather than respect religious liberty [what about the freedom of the unborn from being killed and dismembered and sold?] and individual conscience, some seek to impose their values and work obsessively to limit access to health care on individuals despite the fact that denial of health care may have a tremendous impact on their families. This agenda has included restricting access to evidence-based sex education [like sex toys, gay and lesbian perverted sexual activities, defecating & urinating, and not telling your sexual partner you have AIDS] and contraceptives and imposing a view of sexuality that most Americans do not hold. [**Again, like the perverted actions just mentioned?**].

Planned Parenthood employees and volunteers, as well as those at other organizations and providers, endure harassment, fraud, and violence [which they all deserve and more for murdering (for-profit) innocent babies who suffer far worse agonies such as poisoning, scraping, suctioning, beheading and dismembering] when they provide and protect access to safe health care. Our religious traditions call us to offer compassion, not judgment. People who work

for Planned Parenthood give care and respect to those in need, doing God's [Satan's] work. For this we are grateful." (& so is Satan and his legions of evil entities!!!) Satan is well pleased with your efforts but unfortunately you will not rule and reign with him like you would like, but at your death will be thrust down to hell to re-live the agony and fear you caused (through the eyes and bodies of the little helpless babies you helped to slaughter) over and over for all eternity!!!!!! This is what you have to look forward to unless you repent and get saved through the Lord Jesus Christ!!!)

Planned Parenthood is America's largest abortion provider. In 2014, PP received \$528.4 million in taxpayer funding, according to its 2014 annual financial report. That year, the organization performed 327,653 abortions. (CNSNews)

The Center for Medical Progress is a 501(c)3 non-profit and we rely on your generous support to continue producing and releasing video and other evidence from our nearly 3-year-long investigative journalism study on Planned Parenthood's sale of baby parts. Former Alaska Gov. Sarah Palin went after Planned Parenthood, the nation's largest abortion provider, in a brutal Facebook post that will certainly draw the fury of pro-abortion advocates.

"**Which symbol killed 90,000 black babies last year?**" the post asks. Below is an image of the Confederate flag next to the Planned Parenthood logo

Why does Planned Parenthood target minorities? Why are 80% of Planned Parenthood shops set up in minority neighborhoods?

Here is why:

Planned Parenthood's foundation is based on racism; racial "cleansing" to create a "cleaner" (meaning whiter) race... this, undeniably, is their foundation as declared by Margaret Sanger, the Leftist heroine who started it all. She did not like blacks, she did not like Jewish people – her eugenics-based mission was to cleanse them from her race.

"PARENTS OF A CHILD TAKEN BY ABORTION: REST IN KNOWING GOD'S GRACE COVERS YOU NOW, AND YOUR REGRET AND PAIN CAN BE USED FOR HIS GOOD PURPOSE TO HELP OTHERS IN THEIR TROUBLED TIMES. ANYONE INVOLVED IN THE PRO-ABORTION INDUSTRY WHO SEES THE LIGHT NOW CAN SEEK AND RECEIVE FORGIVENESS. PAST REGRETFUL EXPERIENCE CAN LEAD TO PRODUCTIVE, SUCCESSFUL EFFORTS TO ADVOCATE FOR RESPECTING THE SANCTITY OF LIFE, FOR THE BEAUTY OF CHOOSING LIFE... AND YOU CAN NOW CHANGE SOCIETY FOR THE BETTER BY SELFLESSLY SERVING OTHERS INSTEAD OF ONE'S OWN SELF."

#DEFUNDPLANNEDPARENTHOOD

Co-hosts Adrienne Ross and Glo Smith tackled the Planned Parenthood issue last night during their broadcast of "The Right Voice" radio show, shedding light on Planned Parenthood's racist origins and the motives of its eugenicist founder Margaret Sanger. They implored those quoting "Black Lives Matter" to also direct their passion to the disproportionate impact abortion has on the black community. Listen to their broadcast, "Unmasking Planned Parenthood's Purpose," here: <http://www.blogtalkradio.com/.../unmasking-planned-parenthood...>, and tune in every Tuesday from 8-9 p.m Eastern here:

#####

From my OpEd for Life Site News earlier today:

<https://www.lifesitenews.com/.../blacklivesmatter...-even-in-...>

"Here is how this atrocity began: the early 20th century's "progressive movement" was caught up in a racist pseudo-science called eugenics. The core idea of eugenics was the use of birth control, abortion, and selective breeding to weed out the so-called "unfit" to create a "cleaner" human race. This horrifying idea actually inspired

the Nazis in their evil determination to create a "master race," a deranged obsession that led to the Holocaust.

One prominent leader of this racial cleansing eugenics movement was Planned Parenthood founder Margaret Sanger. She boasted of her mission in abortion to reduce the numbers of minorities and immigrants in order to create a "cleaner," i.e. whiter, race. She wanted to enable "the release and cultivation of the better racial elements" and "the gradual suppression, elimination and eventual extirpation of defective stocks—those human weeds which threaten the blooming of the finest flowers of American civilization." She was a white supremacist in her beliefs.

"Colored people are like human weeds and need to be exterminated."

- Margaret Sanger

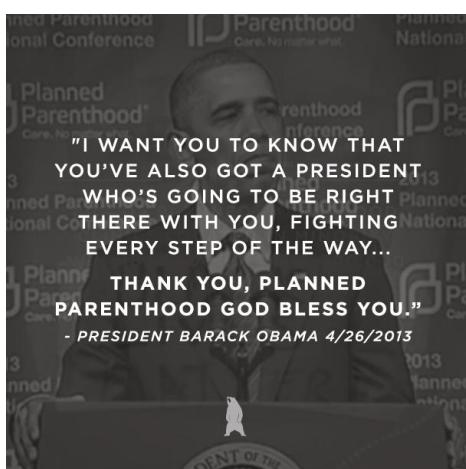

"I admire Margaret Sanger enormously, her courage her tenacity, her vision..."

- Hillary Clinton

they stand upon it. Their work strives to meet their founder's goals. Knowing Sanger's racist beliefs, why is anyone surprised that Planned Parenthood placed 80% of its abortion clinics in minority neighborhoods? Our nation commits to turning the page on a tragic chapter of racism by expressing #BlackLivesMatter, so then why are our tax dollars subsidizing an organization founded on racism?

America, enough is enough! Planned Parenthood receives over half a billion of our tax dollars every year. Why should they have ever received one penny? They neither need nor deserve your hard earned money that was redistributed to this ghastly organization by condoning politicians holding the purse strings."

[There is no nice way to say it. All of the lies...it is just a blob of tissue...it feels no pain...it is not really alive, have been exposed for all of the world to see. We at the Salt and Light Brigade believe that God is finally exposing to the world to the WHOLE evil of abortion. Now is the time to put a STOP to abortion in America once and for all!](#)

[Politicians are Not the Answer](#)

And she is heralded as a hero of the Left. Instead of rejecting Sanger and these hateful, racist ideals, Hillary Clinton expresses her admiration for her; President Obama asks God to "bless" Planned Parenthood. An op-ed in the New York Times calls for Sanger to replace Andrew Jackson on the \$20 bill. Planned Parenthood has done its best to deceive and pretend their foundation is not unsavory, but

Unfortunately, most of the reactions that we have seen regarding these abominable actions have been to turn to our elected officials to "defund Planned parenthood." The truth is, most politicians can look at what is going on and continue turning a blind eye to the slaughter...hiding behind "women's health care...mammograms...and cancer screenings." Remember the old Gerber Baby Food slogan, "Babies are our business. Our only business." **Well, Planned Parenthood's business is baby killing. Their only business.** It is time to shut that business down.

Finally, There Is A Plan!

Do you remember how quickly they removed the Confederate flag when the complaints mounted? Do you remember how fast Governor Mike Pence capitulated when the homosexuals started to bark? **WELL IT'S TIME FOR CHRISTIANS TO BEGIN TO ROAR!**
