**Kerry, who compared Assad to Adolf Hitler and Saddam Hussein yesterday, is pictured around a small table with his wife Teresa Heinz and the Assads in 2009.**

Assad and Kerry, then a Massachusetts senator, lean in towards each other and appear deep in conversation as their spouses look on.

A waiter is pictured at their side with a tray of green drinks, believed to be lemon and crushed mint. **The picture was likely taken in February 2009 in the Naranj restaurant in Damascus, when Kerry led a delegation to Syria to discuss finding a way forward for peace in the region.**

As the Obama administration prepares to present a **draft resolution to lawmakers that is by no means "limited"** in its scope and would in fact grease the skids for

The hunting of Vets in rural areas will be done by Russians, around here they will be driving blue Ford pickups and maybe pulling a white camper. Asking for directions, they have suppressed pistols, a suppressed M4 and AR-10s. The supervisors as backup, drive Excursions, blacked out.

### **Spetsnaz Teams Deploy In The US; War With Syria To Be Trigger For Attack**

Using "Northern Strike", the largest multinational air and ground combat exercise in the country as cover, Russian Special Forces known as Spetsnaz have established a foothold in Northeastern Michigan in the sleepy resort town of Alpena. While the town may appear "sleepy" to the casual observer, to those who have been paying attention Alpena is clearly becoming a staging area for a foreign invasion of the United States.

Last year, the Alpena Combat Readiness Training Center was the epicenter of a huge explosion that rocked Northeastern Michigan for hundreds of square miles. Mainstream media was silent despite the fact that the explosion was confirmed by Alpena County Undersheriff Terry King, who stated that he was in the Sheriff's Department when he felt the building shake. 911 dispatchers received a large number of calls to report the blast, and scores of Facebook users reported it as well.

Strange things are happening in Alpena Michigan. There have been reports of UFOs engaging US fighter aircraft over Lake Huron, and there are radar tapes that prove aircraft did go missing over the lake at the time of the sighting; 12 hours after the explosion. Using famous disinfo source Sorcha Faal, the CIA attempted to discredit the facts of this case.

In this episode of The Truth Is Viral, host Bob Powell details several of these strange happenings; including his own encounter with a group of Russian Special Forces - Spetsnaz

### **Obama has to attack Syria...he has no choice...**

Obama has to attack Syria with "limited strikes" in order to get the ball rolling. He has no choice...the elites have positioned their foreign troops in the staging areas across North America...everything is in place...the majority of the US troops (those who will not go along with the new world order) have to be shipped out to the Middle East to meet with certain death this winter while the Russians and Chinese invade the homeland this winter.

God has made it pretty clear that He is judging the backslidden and lukewarm USA and has already delivered her into the hands of her enemies the same way he delivered Israel into the hands of her enemies in times past. This is His righteous judgment coming to the USA.

Barry Soetoro (Barack Hussein Obama) is only a puppet and he is part of God's plan to deliver the USA into the hands of the Russians, the Chinese and the Muslims from the Middle East. They are already on American soil and more will arrive soon via Canada and Mexico. **America will not escape God's righteous judgment and only those**

**true followers (not lukewarm pretenders) will qualify for God's supernatural protection during the chaos and violence which is at the doors.**

All of the clues suggest that the first phase of the disarming of the civilian population of the USA will begin this fall / winter. They will use their HAARP technology to trigger earthquakes and tsunamis along the east and west coasts. They will then declare a state of emergency along the coasts, round people up and take them to FEMA camps and **go door-to-door to disarm the people** just like they did during Hurricane Katrina and Hurricane Sandy (the mainstream media didn't report on this - the cell phones were taken from the people on the way to the FEMA camps and reporters were refused access to the camps).

**They will send most of the US military to fight in Syria in the next several weeks. They have to send the US military far away and keep them busy (and exterminate them) while the DHS agents, the Russians, the Chinese (west coast) provide "disaster relief" and "security" during the "natural disasters" and the planned cyber attacks on the banks.**

**OBAMA DISARMS AMERICANS WHILE ARMING THE WORLD** As President Barack Obama has outwardly attempted to curtail Americans' Constitutional Second Amendment right to bear arms, his Administration has approved huge increases in defense spending and export sales. **The Administration is now seeking to eliminate stringent State Department controls on exports and foreign licensing of dozens of categories of weapons and technology from the United States Munitions List (USML) by transferring control to the pro-business Commerce Department.**

**In spite of the Government Accountability Office (GAO) warnings this change could increase terrorist access to dangerous weapons, the Administration claims this "reform" would enhance "the competitiveness of key United States manufacturing and technology sectors."**

**I was alarmed by what I observed and the overall "vibe" which undoubtedly supports the current infiltration and occupation of our county would be an understatement.**

I was staying at an upscale hotel in a suburb of the SF Bay Area in the last week. To say that I was alarmed by what I observed and the overall "vibe" which undoubtedly supports the current infiltration and occupation of our county would be an understatement. **I was initially checked into my hotel room by a young attractive Russian woman. I noticed primarily Russian and Chinese patrons throughout the bar/restaurant/lobby. In the late evening I decided to head out to the pool. As I was approaching the Jacuzzi/hot tub area, I overheard a 30's-40's couple speaking Russian while sitting in the hot tub. As I got closer and sat down behind them, they immediately began speaking in VERY clear English...it was beyond strange. Overall, a very weird experience. There were security guards all over the property.**

Scott, I was listening to part 3 of 8-25-2013. They also have a lot of Russians working in Myrtle Beach. I have been going there for years and then the last couple of years I noticed a lot of Russians work as Waitresses and Waiters. My initial thought was that they were in some sort of slavery but now I wonder if it is part of the invasion. They had almost all Russian girls working at Joe's Crab Shack & they are all very beautiful.

Everything made perfect since and it was consistent with what you were talking about...**So I work at hotel over here and i work as a houseman there and the two Russian males that work in housekeeping I see them every day and talk to them every day. One is a house keeper who cleans rooms and the other is in laundry. They say there Foreign exchange students from Bulguria Romania and one says hes going to school for mechanical engineering just like what heard from that previous story about seeing some Russian guys at a firing range (in Colorado Springs). There both 21 and speak English pretty well...The one named Oleg, you can tell he works out and is pretty muscular, totally fits a military type for sure...They arrive and leave on bicycles every time they work. I can't believe i work with them after hearing all this information, i was up all night i just couldn't believe all this and im still a little shaken up well i just wanted to share that with you.**

**I am a Desert Storm veteran who has Depleted Uranium dust in his lungs. I'm not talking out of my \*\*\* in the following paragraphs...**

**Yes, there is a reverse "shock and awe" coming this winter after the gradual buildup over the coming weeks, but it's not the "shock and awe" that the world might expect. The US military will be decisively defeated in the Middle East this winter while the Russians and Chinese invade the homeland of US military servicemen and women. Checkmate - game over. Goodbye USA and hello USSA (United Socialist States of Amerika).**

**I used to think that the globalist would use the US military superpower to usher in their new world order, but now it has become clear that they intend to use primarily the Russian, Chinese, and North Korean military to declare checkmate since there are too many US servicemen and servicewomen in the US military who will not follow orders and go along with the new world order agenda. So...they must be sent to die in the Middle East.**

**Iran is not Iraq. This is not going to be Iraq the sequel. The technology Iran has is going to take the west by surprise. Russia, China, and Iran are going to defeat the US superpower. China is now repositioning their military satellites with incredible precision and this has come as a complete shock to US military officials who do not yet understand that they have been betrayed by the globalist elite who built modern China over the past couple of decades.**

This is going to be a reverse "shock and awe" campaign **in which the US is defeated in a very big and spectacular way. The globalists are intentionally sending US troops to their deaths.**

Here is just one example of why they are not afraid of the US military:

One man caught them taking pictures of the inside of his home. A close friend of mine; wife was working in the Yard with the front door open and they walked right past her and entered their home and would not leave when asked and asked to use the bathroom about 5 times and she actually let him return to the bathroom about that many times! I warned them about this before all this took place but it must have fallen on deaf ears. Against my advice my wife warned these people on Facebook (which are numerous) not to talk to them and told them all that they are Russians and are on intelligence gathering missions. Most people scoffed and poked fun. Out of the blue, TODAY I received a call from a woman who took heed to my wife's warnings and caught them on Video. I have never met this woman before but she felt compelled to contact me and give me the video. I in turn am sharing it with you.

## Off the Cuff: Trouble Brewing Everywhere- September Is Going To Be One H\*\*\* Of A Month

<http://www.peakprosperity.com/insider/82772/cuff-trouble-brewing-everywhere>

This comes on top of a whole bunch of other developments coming out of Washington:

- The government is due for shutdown unless Congress can pass a new Continuing Resolution (a budget).
- The Federal Reserve is expected to “taper” the pace of bond purchases (slow down quantitative easing).
- There’s the August jobs report.
- The debt ceiling debate (we’ll hit the debt ceiling in mid-October).
- Sometime in the next few weeks Obama will name the next Fed chief.

Oh, and September is historically the worst month for the stock market.

So yes, HUGE month coming up.

**Subject: Liberal Activist Democrat Woman Publicly Prays To God To Provide More Abortions!**

Dear Dr. Johnson, I was wondering if you had seen this article and video. At the end of this woman's extremely disgusting and revolting public prayer, she makes it clear she's actually not praying to the Christian God but to a pagan goddess. I believe the fact that this incident could occur without any backlash truly reflects the state of this nation. God bless.

**Iowa Democrat prays: Dear God, thank you for abortion**

**An Iowa liberal activist and union official on Wednesday led a prayer for increased funding for abortions, for greater access to abortions, for doctors who perform abortions, and for what she called "the blessing of choice."**

There is a [video](#) of Slater's prayer, taken by the liberal activist group Progress Iowa. Here is a transcript of what she said:

**Thanks, Matt. Eyes open, eyes closed. Heads up, heads bowed — whatever your choice. Let us pull together now with some spiritual thought.**

**We are here today representing many religious faiths, many beliefs, many ideas about life, to share a common concern, O Lord.**

**You who knows no gender, no race, no class, are the Creator of all that is good. You danced at the first light out of darkness, and continue yet today to teach us the steps: justice, mercy, and humility. You are truly the Lord of the Dance.**

**We pray today because we see that all is not good. There are some who would shun justice, despise mercy, and lay aside humility for the sake of political influence, and in doing so perpetuate an ongoing blockade of women's right to safe reproductive health care**

**We want to share our concern with you and to ask your guidance to keep and protect the goodness that we are capable of. Lord, we gather today to address that violation of justice and to offer prayers for those who have been caught in this political posturing.**

**We pray for women for whom pregnancy is not good news, that they know they have choices.**

**We pray for compassionate religious voices to speak out for the dignity and autonomy of women.**

**We pray for our daughters and granddaughters, that they will always know the power of making their own good decisions.**

**We give thanks, O Lord, for the doctors, both current and future, who provide quality abortion care, and pray that they may be kept safe.**

**We pray for the 45 million American women who have had safe, legal abortions. May they stand tall and refuse shame.**

**We pray for elected officials, that they may always support a woman's right to make her own medical decisions.**

**Today, we pray for better access to all forms of birth control. We pray that women know the power of our own stories. May we find our voices and tell our truths.**

**We pray for the men in our lives, that they may offer their loving kindness and support for women's difficult decisions.**

**We pray for increased financial support for low-income women to access contraception, abortion, and child care.**

***We pray for all pregnant women. May they be surrounded by loving voices. Today, we pray for women in developing nations, that they may know the power of self-determination. May they have access to employment, education, birth control, and abortion.***

***We give thanks for the strong women in our lives who have given us examples of good decision making.***

***We pray for an end to hateful language that diminishes the dignity of women. We pray for women who have been made afraid of their own power by their paternalistic religion. May they learn to reject fear and live bravely.***

***We give thanks for the intelligence, talent, wit, and wisdom of all the women and girls in our lives.***

***Today, we pray that all women will know that they are created in the image of God — good and holy, moral and wise.***

***We pray for women to throw away their secrets and claim their herstories, with power and with truth.***

***We pray for the end of all discrimination against women.***

***We pray for an end to the stigma perpetrated against women who have abortions. Today, we pray for girls everywhere, that they may have every opportunity for education, sport, health, art, and vocation.***

***Today, we pray for the families we've chosen. May they know the blessing of choice.***

***Today, we pray for women to claim their equality and demand their rights as citizens. As Sojourner Truth, a slave, a mother, a preacher, and an activist, with pride and determination proclaimed over 110 years ago, "Ain't I a woman?" She knew the answer.***

***Today, we pray for a continuous love to overflow from our spirits, and we give thanks and celebrate that abortion is still safe and legal.***

***And finally, O Lord, we pray that we practice what we preach, that we never forget the passion and commitment we feel today, inspired by our understanding of Your message: "Dance, dance, wherever you may be, for I am the Lord of the Dance, said she. **Subject:** **Vehicle Diagnostics OBD-III**

I am a student here in .... Technical College in ..... going for Automotive Technology. Im really interested in vehicles so I take garrison of the studies here. Today we were discussing government regulations and emissions test from both the Federal Gov't and the state of California. and from the looks of it, California is even more strict than the Feds. However, the most impacting conversation and analysis came from this concept called OBD-III (On-Board Diagnostics version 3). OBD is basically the interface of the electronic engine computer system checks and tests. It is what sends the check engine light signal to the instrument panel. We are currently on OBD-II specifications and it is very useful to us technicians and consumers alike when coming to diagnose a vehicular problem. **Now, OBD-III is something out of this world. Its basically OBD-II but with BIG brother over your shoulder. Let's say for example, you have a 2016 Corvette. You are riding down the highway and the check engine light comes on, but you ignore it. A week later, a letter comes in the mail and it's the OnStar people or whatever company stating that they have indicated that your check engine light has been on since the moment it turned on. they even give you the date and time the light CAME ON. However, you ignore that letter and later on, they send you another letter. you IGNORE that letter and boom. they shut off your car. disabling its use. According to my instructor, this technology has existed since 1996, but the gov't hasn't turned on the gps capabilities that they are now trying to subtly implement. Any car, regardless if it has a "GPS" or not, and that is from 1996 and above, have GPS wiring imbedded into it's electrical harnesses that connect to the dash. I would strongly suggest, that getting an old car is not that bad of an Idea. I understand that these cars may or may not come in great conditions BUT they are repairable, fixable and are more "private"**

### **'Burning Man' Draws 68,000 To America's Largest Pagan Cult Gathering**

by [NTEB News Desk](#)

**"Then said I unto them, Cast ye away every man the abominations of his eyes, and defile not yourselves with the idols of Egypt: I am the LORD your God."**

Ezekiel 20:7

The [Burning Man Pagan Festival](#) began like this:

"Burning Man stems from a small group of free-spirited artists in the San Francisco area who got together to burn a wooden effigy on the beach in 1986; and the little beach event has grown to an annual gathering of nearly 70,000 attendees and has moved to the Black Rock Desert of Nevada, where hippies, yuppies and wannabe bohemians of every type meet up and enjoy a week of crazy self-expression, self-reliance and communal craziness." [source - Explorer News](#)

<<A worshiper praying to her god, Osiris, at Burning Man 2013

But the reality of the Burning Man is much closer to worship of the gods of the underworld than it is to Woodstock. Every manner of perversion and occultic practice is on open display during the annual Labor Day Weekend extravaganza. This is Old Testament Baal worship on overdrive. Here is a report on this year's Burning Man

theme:

"By morning on Wednesday, there were 15 streets circling the temporary city created by attendees and the forecast remains free of dust storms. Many have been impressed by the size and look of this year's Man Base, a structure that houses the iconic 'Man' figure burned each year near the event's close. Inside a flying saucer under the Man is a multi-level structure with zoetropes, a giant chandelier and views of Black Rock City.

Everything that the Bible says that God hates, like idol worship and sacrificing to false gods, is on full display all week long.

The art theme this year is 'Cult Cargo' and focuses on a strange being called John Frum. 'He is known to us by many names,

this Visitor from Elsewhere, dispenser of endless abundance and wielder of mysterious technologies: John Frum, Quetzalcoatl, Osiris, etc.. The website reads 'His cargo is splendid, his generosity boundless, his motives beyond our understanding. But across the ages and around the world, the stories all agree: one day he will return, bearing great gifts. 'Our theme this year asks three related questions; who is John Frum, where is he really from, and where, on spaceship Earth, are we all going?'" [source - Daily Mail UK](#)

One of the many temples in Burning Man City. You can clearly see the All-Seeing Eye of Horus, various fallen angels, and leaders of the Satanist movement.

The leaders of this massive gathering have a stated, open and obvious aim: to prepare their followers for the appearance of a mystical man from Outer Space to lead them. And with nearly 70,000 worshippers in attendance, this pagan church in the desert is rapidly spreading their religion. Of course, regular readers of the bible know exactly who this man is. The bible describes him this way:

"And he doeth great wonders, so that he maketh fire come down from heaven on the earth in the sight of men, And deceiveth them that dwell on the earth by the means of those miracles which he had power to do in the sight of the beast; saying to them that dwell on the earth, that they should make an image to the beast, which had the wound by a sword, and did live." [Revelation 13:13,14](#)

The Devil and all His followers are fascinated with fire and things burning. This is easy to understand as [Hell is filled with fire](#) and those there will burn forever and ever. The ironic twist to it all is that the Devil Himself will burn in the fires as well.

The massive, sprawling expanse of this year's Burning Man festival with its city in the shape of a UFO.

It is no coincidence that as we get closer to the [end times events described in the Bible](#), that the dark underworld of Satan will dramatically rise and assume a larger and larger role in our everyday society. **Everything that the Burning Man festivals stand for is described in the Bible as things that God hates. False gods, idol worship, the groves...all these things incurred God's wrath on the practicers.**

**"But they rebelled against me, and would not hearken unto me: they did not every man cast away the abominations of their eyes, neither did they forsake the idols of Egypt: then I said, I will pour out my fury upon them, to accomplish my anger against them in the midst of the land of Egypt." [Ezekiel 20: 8](#)**

The time is short, the hour has grown late and the sky above us is ever-darkening. All those who practice these abominations and try to spit in the face of Jesus Christ will one Day soon feel the wrath that fell upon the people of Noah's day in the flood, and Lot's day with the destruction of Sodom and Gomorrah. Tear down your idols and [ask the Lord Jesus Christ to save you](#). Before it's too late.

In a "Sign of the Times" event, more than 10,000 Israeli citizens signed up for the new government program of Biometric I.D.'s! Citizen enthusiasm for this new biometric I.D. is probably an indicator that citizens of the world will enthusiastically rush to sign up for the ultimate "Mark of the Beast".

**NEWS BRIEF: "Interior Minister Saar: 10,000 Israelis Sign Up, Can't Be Wrong About Biometric IDs"**, Israel National News, 8/8/2013

"Over ten thousand Israelis have signed up for a pilot project that provides them with a 'smart' Israeli identity card that includes biometric information. The project is now operating in over a dozen cities, and is currently voluntary, although it is likely to become mandatory in the future ... The benefit for Israelis, according to the Interior Ministry, is that they will receive an identity card that will be next to impossible to duplicate, and will put a stop to instances of identity theft and fake ID cards."

I remember well a book I read by a Christian author entitled, "When Your Money Fails", written in about 1988. This author spoke in great detail about the coming 'Mark of the Beast', and how it would be presented to the people of the world. **This author correctly noted that the path toward the 'Mark' would start out innocently through credit and debit cards which would have the effect of eliminating cash in the marketplace.**

**But, the specter of identity theft would raise its ugly head so powerfully that, ultimately, identity cards using biometric data would be developed and would be presented to the public as a benefit. In the short term, a 'smart identity card' would be of a great benefit, but ultimately it would lead directly to the ultimate identity card, the human body.**

**Thieves would be hard pressed to steal an RFID type chip under the skin of either the forehead or the right hand.**
