THE FINAL RACE, THE FINAL LAP FOR YOUR FREEDOM

By Greg Evensen--September 1, 2012--NewsWithViews.com

With **massive troop movements across America, combat training by police agencies across the country, Russian and foreign troops in night time airborne maneuvers out west, arson fires set by rogue agents in six states, 1.7 billion rounds of ammo under order to government agencies, some of which have no law enforcement mission like (NASA, NOAA, Social Security Administration, USDA poultry inspectors, FDA Swat teams that raid whole milk farms), things are obviously ramping up. The vile perpetrator is the government and the now rogue federal agencies (built up and thrust against us by Washington DC) are locked and loaded. The Dept. of Homeland (Tyranny) Security, TSA, the Pentagon, complicit state governors (who hold the key to ending this—by exerting constitutional sovereignty and taking their people out of this traitorous mix), Janet Napolitano, Eric Holder, David Axelrod, Harry Reid, John Behner, Chuck Shumer, Nancy Pelosi, Joe Biden, Hillary Clinton, Barry Sotero Obama, the homosexuals in the Pentagon are all evil incarnate and reside at the heart of this nation's horrible present and incomprehensibly bleak future.**

DHS Source: "It's going hot"

Doug Hagmann Wednesday, August 29, 2012 *"It's going hot."* Those were the ominous opening and closing words from my source inside the Department of Homeland Security in two separate contacts we had within the last 72 hours. Readers to this website and listeners to my radio program know this source as "Rosebud," a source with access to high levels within the DHS administration.

Readers of this website and listeners to my radio program are familiar with this DHS insider from previous leaks detailing **alleged plans by members of the Obama administration to keep him in power beyond the 2012 elections.**

Judi McLeod, award-winning founder and editor of Canada Free Press and not one to succumb to delusion or fantasy, points out and provides a solid foundation for this possibility in her column published on August 27, 2012 titled **["Staged crisis leading to suspended elections could happen on our watch."](#)**

For the purpose of full disclosure, I must note that what follows is a compilation of the information I obtained from my source from two separate contacts within a 72 hour period. Both contacts have been assembled into a single "conversation" for easier reading. None of the information has been changed or otherwise edited.

According to my well-placed source within the DHS apparatus, what amounts to a final authorization was reportedly given to DHS directly from the White House. **A "go signal" if you will. "It's going hot. The plan, or whatever specific operation that was devised, is going hot, being put into motion. You've got to let people know that something is up, approval has been given, and unless somebody stops it, we're going to have a staged event inside the U.S., and it's being set up so that it gets real ugly real fast."** Obviously, I asked for clarification and more details.

"Look, I'll tell you everything I know, what I've heard and seen, and some of what I've been told, but you've got to get this public. Even then, I'm not sure we know enough about the specific operational details, have enough time, or have the ability to overcome the characterizations of lunacy they're going to throw at you, at us, for even talking about this. I've heard you talk about the 'normalcy bias' of most Americans, and that's part of what we're fighting.

I asked my source for details. **"What exactly is the plan? Can you give me specific details? How do you know about this plan 'going hot?'"**

"Okay, from what I've been able to learn, there have been a couple different plans or scenarios developed, ready to be implemented at a moment's notice, but each are distinctly different in nature and timing." stated my source. They've got contingencies. They are watching the poll numbers. They are closely monitoring public sentiment. But the objective of the plan is that they want to portray Obama as a victim of racist hatred by the white gun owners, the people concerned about the Constitution, the people they

consider fringe. They want to silence their critics, prove that talk show hosts are causing hatred, and that all gun owners are behind the recent shootings. That's at the heart of the plan. But to understand just how insidious this is, you've got to understand the people who are behind it."

My source continued, "I've been trying to get as much information as possible, but it's not been easy. This is definitely a plan that has its origins at the highest levels of the White House, and seems limited to maybe a handful of the people closest to Obama. The only reason I know about this authorization order, or approval, or whatever you want to call it, is that there was a major slip up at the very upper level of DHS, and I mean the very upper level" he stated.

I asked my source whether DHS is involved in the actual planning or staging of the event. In response, **this source stated that Janet Napolitano and her closest aides are playing a supporting role.** "She has to be involved because she has to control the response to a staged event. She's involved to coordinate and implement the clampdown, after the fact. She does what she's told. From everything I've heard, I believe the plans come from Valerie Jarrett and possibly a close friend and Obama associate who has a very big stake in Obama's re-election." "What happens and when it happens depends on the events of the next sixty days. If it appears that Obama does not have a lock on the next four years to finish what he started, what he has been told to do, then watch for it 'going hot.'"

More Proof of Military Invasion of the United States

Wednesday, August 29, 2012 12:20

Yesterday, [The Real Agenda reported](#) on the latest influx of foreign Russian and Chinese commandos into the United States. On August 17th, a report on [TruNewsRadio](#) told about how **inside sources in the US government have revealed details on the continuous arrival of troops who have positioned themselves in both the U.S. and Canada, in what seems to be an attempt to prepare for a military takeover of North America.**

In the article sent to The Real Agenda, the author explains that a person close to *TruNewsRadio* host Rick Wiles, revealed how his **source from the U.S. Department of Homeland Security confirmed that "Russian Spetsnaz commandos are infiltrating into the U.S.A from Canada. He said it's been underway all summer, and he estimated the number of commandos at the present time inside the U.S.A to be in excess of 20,000."**

It is well known that both Russian and Chinese military operatives visit the U.S. to participate in so-called 'civil drills'. The previous one known drill took place at Ft. Carson, Colorado between May 24 and 31 of this year and it may have had something to do with the ongoing clandestine immigration of Russian commandos. Besides the confirmation made by the US DHS source, other news reports from today alert about the strong presence of foreign troops on U.S. soil and that they are as close to the US military as it can get.

For example, [according to CNSNews.com](#), both Russian and American Air Force personnel began a joint counter-terror exercise beginning Monday, with the supposed intention of

preparing for a scenario that would include a hijacked plane on international airspace. There is no way the U.S. government is unaware that thousands of Russian and Chinese commandos are entering the country, and of course they know about the Air Force drills, too. One must then ask, how can two countries that have such volatile past and present, especially when it comes to military issues, meet in the air to conduct joint military exercises?

“As global powers, the United States and Russia have a special responsibility for ensuring peace and stability in the world,” said the White House back in 2009 after **both governments signed an agreement to conduct the kind of military exercises** that began yesterday and that also include Canadian forces.

But the seemingly warm relationship between Russia and the U.S. does not stop there. **Russian military commanders were shown inside NORAD, the North American Aerospace Defense Command recently** & back in 2011, NORAD deputy commander Col. Todd Balfe, flew in a Fencing 1220 aircraft with Russian Air Force Col. Vasilyev during operation Vigilant Eagle 2011; another joint military exercise.

“**What makes this year interesting is that the Russian personnel from the Russian Federation air force are actually here at NORAD headquarters at Peterson Air Force Base in Colorado Springs,**” said Royal Canadian Navy Lt. Al Blondin and NORAD spokesman. **The close relationship between military forces isn’t even hidden from the public light, as it might have been done years ago. Russian military counterparts are now training deep within the U.S.’s defense network.**

But military exercises are not the only red flags in what seems to be a quiet infiltration of foreign military groups in the United States. News about rather strange military occurrences have been reported in the last few weeks, and they just happen to involve Russia.

1 – Russian Submarine in Gulf of Mexico Raises Concerns

The Russian Akula-class nuclear attack submarine ventured undetected in the Gulf of Mexico and was able to operate for weeks before being discovered only after it had left the area, raising concerns over gaps in U.S. patrols off American coasts, according to reports in The Washington Free Beacon

2 – Russia Moves Nuclear Missiles to Cuba

3 – Russian Troops to ‘Seize’ CIA Facility in Elaborate War Game... on U.S. Soil

According to reports, **the U.S. and Russian military will be engaging in an anti-terrorism exercise that will involve Russian paratroopers using U.S. weapons to “take and hold” the main facilities of the CIA and Denver International Airport in Colorado and the National Security Agency in Utah.**

4 – Russian Troops Coming to U.S. for Terror Drills, DoD Confirms

Russian “Airborne Assault Forces” will be arriving in Colorado this May for joint terror-war exercises with U.S. soldiers, according to U.S. officials and Russian military personnel cited in media reports. The Kremlin’s Defense Ministry and the U.S. Department of Defense both said it would be the first time in history that American and Russian airborne special operations troops would be training together on U.S. soil.

5 – The Bear at the Door – Russian nuclear bombers test U.S. air defenses in arctic war games during Obama-Putin summit

Russian strategic nuclear bombers threatened U.S. airspace near Alaska earlier this month and F-15 jets responded by intercepting the aircraft taking part in large-scale arctic war games, according to defense officials.

The Russian war games began the same day President Obama and Russian President Vladimir Putin held a summit meeting in Mexico June 18.

Source – <http://freebeacon.com/the-bear-at-the-door/>

To these news one has to add the fact that several U.S. cities have also served as transit lines for the movement of heavy military equipment across the country.

Is the U.S. government preparing to round up it's citizens due to the financial collapse, or will the foreign troops do it? Will the U.S. "suffer an attack" to be used as an excuse to impose martial law? Will the U.S. military together with the Russians and Chinese turn against Americans as the only way to control the rise of the liberty movement in this country? The background information being exposed by the alternative media seems to provide enough proof, as US law enforcement have admitted to preparing to face a citizen rise up.

Choose your scenario and prepare.

Bullets, False Flags and Biological Warfare: What Is the US Government Planning?

Thursday, August 30, 2012 10:22

Earlier this month, **DHS requested 700 pounds of high density ammonium nitrate and 700 pounds of A-5 Flake RDX explosives.** These ingredients are known to be very high powered explosives.

When creating a "makeshift terrorist bomb" ammonium nitrate is an integral ingredient. The DHS **was given oversight of procurement of ammonium nitrate** after Congress requested they "regulate the sale and transfer of ammonium nitrate by an ammonium nitrate facility...to **prevent the misappropriation or use of ammonium nitrate in an act of terrorism.**"

Remember from the previous report said: *I asked my source **whether DHS is involved in the actual planning or staging of the event.** In response, this source stated that Janet Napolitano and her closest aides are playing a supporting role. "She has to be involved because she has to control the response to a staged event. She's involved to coordinate and implement the clampdown, after the fact. She does what she's told.,,"*

"What happens and when it happens depends on the events of the next sixty days. If it appears that Obama does not have a lock on the next four years to finish what he started...then watch for it 'going hot.'"

So while DHS is arming itself with explosives, they are releasing a mystery bacteria into the Boston subway system to "test" sensors that detect biological agents in a supposed terror drill.

In a DHS press release, they state: "A rapid alert from a detection system can locate and identify these materials and provide for immediate and appropriate response **to protect people** and contain the hazard."

This scheme has been planned since May of this year when it was announced that the bacteria B-subtilis was to be released in heavily populated and semi-contained areas like underground train stations."

Another plan concerning a false flag attack is from anonymous DHS informant & is explained as a staged assignation attempt on Obama that will be linked to a white supremacist group that will be used to incite black and Hispanic Americans into starting riots all across the nation.

In this scenario a race war will be the situation needed to implement martial law effectively locking down the US, US Army control of the urban cities, erecting DHS checkpoints on all major points of travel, severe restrictions on travel for all citizens and the suspension of elections to ensure that Obama remain seated as the President of the US.

The DHS informant stated: **“The DHS is actively preparing for massive social unrest inside the United States. He then corrected himself, stating that ‘a civil war’ is the more appropriate term. Certain elements of the government are not only expecting and preparing for it, they are actually facilitating it.”**

In the end, **“the whole purpose is to keep Obama in office for another term, no matter how unpopular he is, as he is not finished changing our country from a Constitutional Republic.”** Now the DHS informant is saying that the “final authorization was reportedly given to DHS directly from the White House.”

There have been “several different plans or scenarios developed, ready to be implemented at a moment’s notice”; however they are so diverse that they require specified timing to be successful.

The global Elite are monitoring the political landscape, the poll numbers, the general public’s psychological demeanor and waiting **for the right moment to make Obama a martyr at the hands of white supremacists in order to finally destroy the 2nd Amendment while classifying certain types as “fringe” who will be gone after by the federal governmental agencies allocated to round up political and anti-US government citizens.**

By framing US veterans, certain talk-show hosts and gun owners in recent shootings, they are enacting their scheme by these evidences.

Framing US veterans and current service men and women as white supremacists who support the US constitution is running rampant within the US Armed Forces. With the assistance of the FBI-sponsored Southern Poverty Law Center and the Anti-Defamation League, **training is being given to help soldiers’ spot extremists within their ranks.** In a military version of DHS civilian ‘See Something, Say Something’ campaign **(that turns citizens into government spies) the federal government is using and enacting the Nazi model of Fascist takeover.**

Also the psychiatric community in collaboration with pharmaceutical corporations has come forth to call support for the 2nd Amendment as a mental disorder.

Globalist puppets like Daniel Webster, co-director of the anti-firearm John Hopkins Center for Gun Policy and Research, asserts that **“gun ownership—a precursor to gun violence—can spread ‘much like an infectious disease’” and wants healthcare professionals to have influence over whether or not American citizens are legally allowed to possess firearms.** Webster would like to see Obamacare have ultimate control of the classification of mental states with regard to purchasing and obtaining FBI clearance for a gun.

So a planned staged “event” may be carried out within the domestic US. It has been suggested that Obama would save his political image if he were to have his own **Oklahoma City Bombing**.

The US government, under the global Elite’s control, is:

- Arming federal agencies
- Amassing fertilizer bomb ingredients
- Releasing bacteria under the guise of practicing for a terror attack
- Framing US veterans to be involuntarily committed to psychiatric hospitals
- Using psychiatric hospitals in lieu of infinite detention
- Planning a false flag assassination attempt on Obama to support white supremacists are threats
- Lockdown America under declaration of martial law

The dots connect in an obvious way when the plans are laid out in plain sight. Their success depends on our continued slumber.

Martial Law: How Can Anyone Look At The Well-Documented Evidence And Deny That It’s Coming Soon?

Wednesday, August 29, 2012 19:10

All of the articles below are within the last 9 months & it is becoming extremely difficult to look at the mounting evidence and believe that all is well. All indications are that some kind of event is imminent.

I find it especially alarming that the feds are becoming so blatant/sloppy about their agenda. It's like they don't care anymore. War games in downtown metropolitan areas???

These are just the most obvious red flags. There are hundreds more that weave a very disturbing web of domestic intrigue. Please post your red flags, let's try to wake up the sheep before the fleecing squad arrives.

[Two Texas Schools are preparing to use RFID spychips in the student ID's for tracking purposes](#)

Nashua, New Hampshire (PRWEB) August 21, 2012

RFID (Radio Frequency Identification) uses tiny microchips to track items from a distance. These RFID microchips have earned the nickname "spychips" because each contains a unique identification number, like a Social Security number for things. These identification and tracking numbers can be read silently and invisibly by radio waves, right through walls, clothing, purses, backpacks and wallets.

A coalition of privacy and civil liberties organizations has issued a Position Paper against the use of RFID tracking chips in Schools. In it they call for a moratorium on the use of the controversial chip-based tracking technology. The paper can be found here:

<http://www.spychips.com/school/RFIDSchoolPositionPaper.pdf>

This comes just as San Antonio's Northside Independent School district is preparing to use RFID spychips in the student ID's for tracking purposes.

Jay High School and Jones Middle School say they plan to require students to participate in the new tracking system in order to boost revenues lost due to absences.

See: <http://www.nisd.net/studentlocator/>

Jay High School honor student Andrea Hernandez is fighting back. She is refusing to wear the mandatory tracking device based on her religious beliefs, and her father Steve and her mother are backing her. So are CASPIAN (our national organization).

We've been joined by organizations around the world to educate the public about the dangers of RFID technology. And we're educating on the ground as well. Nearly two dozen people turned out yesterday for a CASPIAN-led protest to show their support for Andrea and speak out against the tagging.

Andrea and her father have spoken up at a school board meeting tonight, where they were joined by concerned citizens flooding in from all over Texas to offer their support and decry the school's use of RFID tracking badges.

We won't give up or give in. Please join us in defending the privacy and civil liberties of all people, including our nation's kids.

[Cops Interrogate Family For Allowing Kids To Play Outside](#)

Tuesday, August 21, 2012--A family has been harassed by social services and police for the egregious crime of allowing their children to play outside in another example of how the nanny state is running wild in America.

Lenore Skenazy, editor of the [Free Range Kids website](#), was contacted by a mother in Virginia who related her story of how **she was interrogated by police four times and visited by social services twice after her children were spotted playing outside unsupervised.**

The mother said that despite the fact she is careful about allowing her kids to stay over at other people's houses because of a related childhood trauma of her own, she is being harassed by authorities because she is **"one of only two families that allows my children to play outside at all in our neighborhood (which is very safe)."** Is it any wonder that so many children end up being put on Ritalin or other psychotropic drugs given that the happiest days of their lives and the key formative stage of their development is being strangled by such overbearing nonsense?

Parents are being harassed by police and social services for caring for their children in ways which a sane society would consider normal and healthy.

New Audio Surfaces of Obama Defending Infanticide in Illinois

That **President Barack Obama was the only member of the Illinois legislature to not support a bill to provide medical care for newborns who survived failed late-term abortions & this is one of the key reasons pro-life voters will never support him.**

Now, [Weekly Standard reporter John McCormack](#) has [uncovered](#) new audio of Obama, as a state legislator in Illinois in 2003, defending his position. **Obama essentially argues that there is no need for a law to protect babies who survived late term abortions because he trusts abortion practitioners to provide a quick death for the baby they unsuccessfully tried to kill in the abortion.** Obama, as a member of the Illinois Senate, opposed a state version of the federal Born-Alive Infants Protection Act, a measure that would make sure babies who survive abortions are given proper medical care. It also protected babies who were “aborted” through a purposeful premature birth and left to die afterwards. **This is the same monster that is the current president of the United States.**

STATE YANKS CRIMINAL CASE AGAINST PLANNED PARENTHOOD ABORTIONISTS

The last of the 32 criminal charges against Planned Parenthood that were filed as part of a larger case brought by former Kansas Attorney General Phill Kline **were dropped by prosecutors today, prompting outrage and a demand from a pro-life organization for the resignation of the district attorney who took over the prosecution.**

Staff members of [Operation Rescue](#) say they **have uncovered documentation revealing that the records supposedly “destroyed” earlier by the state (and cited as the reason for the dismissal of a series of 49 counts, including 23 felonies) were actually not destroyed.**

The case against Planned Parenthood, **which if convicted could have faced the loss of hundreds of millions of dollars in taxpayer funding,** dates back years.

After-Birth Abortions: Eugenicists Say Babies are a Parasitic Burden on Society

By **Susanne Posel--theintelhub.com**--August 21, 2012

According to Alberto Giubilini and Francesca Minerva, **“after-birth abortions” are being proposed as a form of “contraception” that would allow babies to be killed after they are born.**

In a [paper](#) published in the Journal of Medical Ethics:

*“[W]hen circumstances occur after birth such that they would have justified abortion, **what we call after-birth abortion should be permissible. ... [W]e propose to call this practice ‘after-birth abortion’, rather than ‘infanticide,’ to emphasize that the moral status of the individual killed is comparable with that of a fetus ... rather than to that of a child.***

*Therefore, we claim that killing a newborn **could be ethically permissible in all the circumstances where abortion would be. Such circumstances include cases where the newborn has the potential to have an (at least) acceptable life, but the well-being of the family is at risk.**”*

Jer 1:4 Then the word of the LORD came unto me, saying,

Jer 1:5 Before I formed thee in the belly I knew thee; and before thou camest forth out of the womb I sanctified thee, and I ordained thee a prophet unto the nations.

Eph 2:10 For we are his workmanship, created in Christ Jesus unto good works, which God hath before ordained that we should walk in them.

Psa 22:9 But thou art he that took me out of the womb: thou didst make me hope when I was upon my mother's breasts.

Psa 22:10 I was cast upon thee from the womb: thou art my God from my mother's belly.

Psa 139:13 For thou hast possessed my reins: thou hast covered me in my mother's womb.

Psa 139:14 **I will praise thee; for I am fearfully and wonderfully made:** marvellous are thy works; and that my soul knoweth right well.

Psa 139:15 **My substance was not hid from thee, when I was made in secret, and curiously wrought in the lowest parts of the earth.**

Psa 139:16 **Thine eyes did see my substance, yet being imperfect; and in thy book all my members were written, which in continuance were fashioned, when as yet there was none of them.**

This last verse also implies (as Jer 1:5) that God knows us before we are ever born.

Giubilini and Minerva believe that infants are a "threat" to parents because of their financial burden to their parents and that this justifies the murder of new-born babies.

Subject: **Proactive Actions Against Stericycle**

Brother Scott, please listen to the audio in the upper right hand corner. It's only a few minutes long. <http://www.stopstericycle.com/bloodmoney/> here's a petition to stop these evildoers.

<http://www.stopstericycle.com/bloodmoney/>

When will people realize that *this very day* we live in **Nazi Germany**? It **is** that bad...

Psalm 94:16 Who will rise up for me against the evildoers? [or] who will stand up for me against the workers of iniquity?

When will America's glorious "churches" take this seriously? Evidently the majority simply have not the Holy Spirit of God, like Sardis?

"And unto the angel of the church in Sardis write; These things saith he that hath the seven Spirits of God, and the seven stars; I know thy works, that thou hast a name that thou livest, and art dead." Rev 3:1

1 Run ye to and fro through the streets of Jerusalem, and see now, and know, and seek in the broad places thereof, if ye can find a man, if there be [any] that executeth judgment, that seeketh the truth; and I will pardon it. 2 And though they say, The LORD liveth; surely they swear falsely. Jeremiah 5:1-2

Isaiah 29:13 "Wherefore the Lord said, Forasmuch as this people draw near [me] with their mouth, and with their lips do honour me, but have removed their heart far from me, and their fear toward me is taught by the precept of men: "

[Stericycle's Burning of Aborted Babies at North Carolina Incineration Plant Exposed](#)

Jul 25th, 2012 by [admin](#)

Graham, North Carolina — Citizens from across the country joined with Campaign to Stop Stericycle (CSS) last week **to expose and reprove the medical waste company Stericycle and its incineration of aborted babies in North Carolina.**

CSS is working in conjunction with [Operation Save America](#) (OSA) to speak out against the medical waste giant, which not only services legitimate medical facilities, such as hospitals, dentists' offices and outpatient clinics, **but is also the premier waste removal service to the abortion industry.**

Stericycle reportedly hauls "waste" for nearly 600 Planned Parenthood facilities nationwide, in addition to numerous other abortionists. The items that are used during abortions are collected by the company, along with the fetal remains of the aborted babies themselves. The babies, which are labeled as "pathological waste," are placed into red plastic bags, which are then inserted into tubs or boxes and hauled away by Stericycle in leased trucks.

According to individual state laws, fetal remains must either be incinerated or buried. Since abortion facilities will not purchase cemetery plots for the children that they murder, they instead utilize medical waste disposal companies like Stericycle to have the aborted babies incinerated — burned into ash.

Stericycle operates nearly a dozen incineration plants across the nation, as well as a number of autoclave facilities. **One of its most prominent incineration plants is located in Haw River/Graham, North Carolina. Stericycle hauls medical waste from over 20 states along the East Coast to Haw River, including the aborted babies that have been disposed of in the region.**

[An audio file](#) on the CSS website features a Stericycle **employee explaining the packaging and disposal protocol for abortion facilities, and outlines that the discarded "tissues...and human parts" will be shipped to Haw River to be burned with tons of medical garbage.**

"You'll get stickers marked for 'incinerate only;' the waste will be incinerated," Stericycle told CSS in an undercover investigation. "It will be incinerated, so it will be hauled over to Haw River."

"It is sick beyond words that businesses like Stericycle are profiting from collecting murdered children and incinerating their bodies with the trash. What's more is the abominable child killing that has been tolerated in our nation for [39] years," CSS campaign director Michael Marcavage stated. "While many have focused their efforts on overturning *Roe v. Wade* by putting their trust in corrupt judicial systems and politicians, **they have neglected the necessity of pursuing those that enable abortion mills to operate in the first place,"** he added. **"Without Stericycle and companies like it, the abortion industry would collapse."**

Gen 4:9 And the LORD said unto Cain, Where [is] Abel thy brother? And he said, I know not: Am I my brother's keeper?

Gen 4:10 And he said, What hast thou done? the voice of thy brother's blood crieth unto me from the ground.

Gen 4:11 And now art thou cursed from the earth, which hath opened her mouth to receive thy brother's blood from thy hand;

Mat 18:6 But whoso shall offend one of these little ones which believe in me, it were better for him that a millstone were hanged about his neck, and that he were drowned in the depth of the sea.

Stericycle's smoke stacks in Graham/Haw River, North Carolina

CSS and OSA joined together Tuesday outside of Stericycle's Haw River incineration plant and in downtown Graham to stand against the company's incineration of aborted babies and its refusal to stop assisting the abortion industry.

The groups recently sent a mailer to every household in Haw River to inform them of what it calls Stericycle's "collaboration in the abortion holocaust." The mailer included a letter and a brochure that outlined evidence pointing to Stericycle's deep ties to the abortion industry.

"Did you know that aborted babies from over 20 states are being transported to Haw River to be incinerated with tons of medical garbage? Did you ever think that your community would be one of the nation's hubs for burning 'unwanted' children in America? It's happening," the letter states. "Four thousand preborn babies are murdered every day in America, and Stericycle, the nation's leading medical waste company, is the go-to service for cleaning up after the act – including right here in your town. At 1168 Porter Avenue in Haw River, Stericycle burns aborted babies and the items used in killing them, **billowing out their remains throughout the community in clouds of smoke.**"

A press conference was held at ten o'clock Tuesday morning to expose and rebuke the medical waste company publicly.

TAKE ACTION: Please contact the following North Carolina state legislators to express your concerns about regulations that allow preborn babies to be burned as trash:

Representative Dan Ingle	919-733-5905	dan.ingle@ncleg.net

"Petition to Stop Stericycle"

Blood Money Profiteers Stericycle's Executives

Stericycle CEO and Chairman of the Board Mark C. Miller, millionaire blood money profiteer. As an enormous billion dollar company, much of the corporate leadership of Stericycle benefits lavishly from the company's eight-figure income, which includes profits gained from collaborating with the abortion industry.

→ [Read the profiles](#) of Stericycle executives.

Stericycle's Board of Directors

Although most of the members of Stericycle's Board of Directors run their own businesses and do not work out of Stericycle's offices, they are still rewarded monetarily for their involvement with Stericycle, thus making them blood money profiteers.

→ [Read more](#) about Stericycle's Board of Directors.

Truck Leasing Companies

CSS has made contact with various truck leasing companies to warn them about the Stericycle's collaboration with the abortion industry, but many have not yet ceased supplying Stericycle with the means to continue to collect and transport aborted babies to incineration plants nationwide.

Some of these companies may not care what Stericycle is doing with their trucks, as long as the company makes a profit off of Stericycle's business with them. This is wrong, and for this reason it qualifies these businesses as blood money profiteers.

Maybe Even YOU... Are you a stockholder in Stericycle? Then you, too, are receiving blood money from Stericycle's collaboration with the abortion industry. It's time to rethink your investment.

There are also a number of large corporations both in America and abroad that are regularly profiting from the deaths of innocent unborn children through their ongoing stock investment in Stericycle. If you invest in any of these companies, then you are likewise profiting from Stericycle's blood money.

Additionally, if you are a mutual fund investor, you may be a part of a fund that supports Stericycle. Please compare your portfolio to the following lists and act accordingly.

[CSS Calls on Mitt Romney to Withdraw From Race for Investing in Company Burning Aborted Babies and for Remarks Supportive of Aborting Rape Babies](#)

Aug 23rd, 2012

Philadelphia, PA — Campaign to Stop Stericycle (CSS), a project of Repent America, is calling upon Republican presidential candidate Mitt Romney to withdraw over his investment in Stericycle, a medical waste giant that hauls and incinerates aborted babies nationwide, and for his recent comments supporting the murder of children who are victims of rape.

According to government documents, Romney's financial group, Bain Capital, along with Madison Dearborn Partners, invested \$75 million in Stericycle in 1999 in an effort to facilitate the company's growth. The funding assisted Stericycle in acquiring its competitor, Browning Ferris Industries (BFI), which had been the dominant business in the medical waste industry at that time. Public records from abortion facilities show that those who had once been serviced by BFI transitioned to having their abortion "waste" collected by Stericycle following the completion of the corporate transfer.

A report filed with the Securities and Exchange Commission (SEC) in November 1999 repeatedly notates Mitt Romney as being an executive involved with the investment. "The Bain investors ... and Mr. Romney are collectively referred herein as the 'Bain Reporting Persons,'" the document outlines. "Mr. Romney may be deemed to share voting and dispositive power ... in his capacity as sole shareholder of BCI," it continues. The report was signed with "W. Mitt Romney" on November 19, 1999. Romney and Bain Capital, therefore, began pocketing tens of millions from Stericycle's blood money as a result of the company's ownership in the medical waste giant's stock.

Because the investment enabled Stericycle to acquire BFI, Romney's Bain Capital catapulted the abortion collaborator to its current position as the top medical waste service in America.

"Mitt Romney and Bain Capital are responsible for assisting Stericycle in becoming the nation's leader in the destruction of aborted babies, thereby further perpetuating the abortion holocaust, and they have pocketed millions in blood money from it," Michael Marcavage, the director of Campaign to Stop Stericycle, stated. **"Yet, Mitt Romney has never repented of his involvement, but instead continues to dodge the issue."**

Statements of a practicing abortion clinic owner & witch

"You practice your religion and let me practice mine."

"My religion is a holy ritual child sacrifice."

- Patricia Baird-Windle, Founder and owner of Aware Woman abortuary

The Sacrament of Abortion is book authored by a Ginnette Paris, a witch in Canada who presents abortion as "a sacred act." This book calls abortion "a sacrifice to Artemis, who refuses to give life if the gift is not pure". As Ginette Paris writes, "Abortion is about love, life, and death." Since its original publication, the book **has been widely used in abortion clinics in Canada and in France and has even been given by some doctors to each and every women who had the procedure, along with pain killers.**

Paris elaborates: "It **is morally acceptable that a woman who gives life may also destroy life ... whoever kills a fetus commits a murder.... It is not immoral to choose abortion; it is simply another kind of mortality, a pagan one....** Obviously everyone has a right to his or her religious beliefs, but what if mine are pagan?... **[O]ne can occasionally resort to abortion when it is necessary to sacrifice the fetus to a higher cause ... Abortion as a sacrifice to Artemis. Abortion as a sacrament – for the gift of life to remain pure.**"¹

Zec 12:1 ¶ The burden of the word of the LORD for Israel, saith the LORD, which stretcheth forth the heavens, and layeth the foundation of the earth, and formeth the spirit of man within him.

Deu 18:9 When thou art come into the land which the LORD thy God giveth thee, thou shalt not learn to do after the abominations of those nations.

Deu 18:10 There shall not be found among you any one that maketh his son or his daughter to pass through the fire...

Sadly, most Americans don't even realize that large numbers of consumer products on our supermarket shelves contain ingredients which have been cultivated using aborted human fetal cell lines.

Abortion chain owner's family died in MT cemetery plane crash - near Tomb of the Unborn

© Reuters
March 24, 2009--From *Christian Newswire*--by pro-life activist and writer **Gingi Edmonds:**

Some of you may have seen the major news story of the private plane that crashed into a Montana cemetery, killing 7 children and 7 adults.

But what the news sources fail to mention is... the [cemetery] contains... the **Tomb of the Unborn... erected as a dedication to all babies who have died because of abortion.**

What else is the mainstream news not telling you? **The family who died in the crash near the location of the abortion victim's memorial, is the family of Irving 'Bud' Feldkamp, owner of the largest for-profit abortion chain in the nation....**

Family Planning Associates was purchased 4 years ago by... Feldkamp... owner of **Allcare and Hospitality Dental Associates** and CEO of **Glen Helen Raceway Park** in **San Bernardino**. **The 17 CA Family Planning clinics perform more abortions in the state than any other abortion provider - Planned Parenthood included - and they perform abortions through the first 5 months of pregnancy.**

Although Feldkamp is not an abortionist, **he reaps profits of blood money from the tens of thousands of babies that are killed through abortions performed every year at the clinics he owns. His business in the abortion industry was what enabled him to afford the private plane that was carrying his family to their week-long vacation at The Yellowstone Club, a millionaires-only ski resort.**

The plane went down on Sunday, **killing 2 of Feldkamp's daughters, 2 sons-in-law and 5 grandchildren along with the pilot and 4 family friends....**

The cause of the crash is a mystery. The pilot (who was a former military flier that logged a high number of miles) gave no indication to air traffic controllers that the aircraft was experiencing difficulty when he asked to divert to an airport in **Butte**. **Witnesses report that the plane suddenly nosedived toward the ground with no apparent signs of a struggle.** There was neither a cockpit voice recorder nor a flight data recorder onboard, and no radar clues into the plane's final moments because the Butte airport is not equipped with a radar facility.

In my time working for **Survivors of the Abortion Holocaust**, I helped organize and conduct a weekly campaign where youth activists **stood outside of Feldkamp's mini-mansion in Redlands holding fetal development signs and raising community awareness regarding Feldkamp's dealings in child murder for profit. Every Thursday afternoon we called upon Bud and his wife Pam to repent, seek God's blessing and separate themselves from the practice of child killing. We warned him, for his children's sake, to wash his hands of the innocent blood he assisted in spilling because, as Scripture warns, if "you did not hate bloodshed, bloodshed will pursue you." (Ezekiel 35:6)**

A news source states that **Bud Feldkamp visited the site of the crash with his wife and their 2 surviving children on Monday. As they stood near the twisted and charred debris talking with investigators, light snow fell on the tarps that covered the remains of their children.**

I don't want to turn this tragic event into some spiritual "I told you so" moment, but I think of the time spent outside of Feldkamp's **with Pam Feldkamp laughing at the fetal development signs, Bud Feldkamp trying not to make eye contact as he got into his car with a small child in tow - and I think of the haunting words, "Think of your children." I wonder if those words were haunting Feldkamp as well as he stood in the snow among the remains of loved ones, just feet from the Tomb of the Unborn?**

I only hope and pray that in the face of this tragedy, **Feldkamp recognizes his need for repentance and reformation. I pray that God will use this unfortunate catastrophe to soften the hearts of Bud and Pam and that they will draw close to the Lord and wash their hands of the blood of thousands of innocent children, each as precious and irreplaceable as their own.**

"I have set before you life and death, the blessing and the curse. Choose life, then." (Deut. 30:19)

No MSM report included that particular business detail in their report but an [Associated Press](#) article did include this, however:

Feldkamp's family has gone through tragedy before. Two years ago, his 10-month-old grandson, Chase, died after he was found to have slipped between a mattress and the edge of a bed during a nap. The child was taken to a hospital and was eventually taken off life support.

Psa 44:4 Thou art my King, O God...

Psa 44:5 Through thee will we push down our enemies: through thy name will we tread them under that rise up against us.

Psa 44:6 For I will not trust in my bow, neither shall my sword save me.

Psa 44:7 But thou hast saved us from our enemies, and hast put them to shame that hated us.

Psa 44:8 In God we boast all the day long, and praise thy name for ever. Selah.
