Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather **reprove** them. **But all things that are reprovved are made manifest by the light:** for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest,** and arise from the dead, and Christ shall give

thee light. **See then that ye walk circumspectly**, not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Circumspectly: Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

[Signs Emerge The Globalists Are Preparing To 'Lock Down' America - Message To Americans From One Who Cares: 'Don't Back Down, Double Down' By Stefan Stanford - All News Pipeline - Live Free Or Die](#)

"Those who make peaceful revolution impossible make violent revolution inevitable."

John F. Kennedy

[All News Pipeline](#) received a tip from a reader yesterday that we decided to look into because the mere sound of what we were told sounded so Draconian that we couldn't believe what we were reading.

Telling us that according to their [accountant at H&R Block](#), **Americans will soon need passports to travel WITHIN the United States**, we decided to dig a little more deeply into this lead to find out if there was any truth to it.

An email conversation with a media representative with H&R Block yielded a sense of manipulation on their part as we were immediately asked a question by them trying to figure out who our sources were as seen in their response to us below.:

We do not comment on speculation or rumor. Can you verify who the reader was and who from H&R Block indicated this information?

Of course, ANP will never give away the names of our sources but we have to ask, why were they so interested in who both our reader and their employee were? As we've found out, some Americans DO now need passports to fly within US states due to the 'REAL ID' act. However, the IRS can quickly revoke passports for

overdue taxes. Is this just the beginning?

With the global elite, who long ago began their attempt to take over America, now sweating bullets since Donald Trump is now only 10 months away from the White House, we're seeing more signs that these globalist criminals will not relinquish their most prized treasure, America, and the American people may soon fall victim to their most absolute heinous scheme: a 'new world order' brought about by busting America into little pieces.

<< The screenshot here comes to us from the most recent Donald Trump ad, an outstanding video that lays it all on the line. As the advertisement asks, did anyone really think that those people who have been working to destroy our country would relinquish power peacefully?

Hiring the unemployed to protest is well known in Pakistan, the Ukraine and other locations as 'color revolutions' take place across the globe funded by George Soros; with Americans angry and disaffected, will we soon witness a leftist-sponsored 'color revolution' in America that attempts to steal our election or worse? We already see that the leftists are going after the 1st Amendment Rights of Donald Trump himself as seen in the outstanding 1st video below - do we think that they'll stop there? Of course not but now's not the time to back down.

We're also seeing more signs that the globalist criminals will stop at nothing to ensure that Clinton is in the White House in January.

With America now clearly on the edge with economic collapse ahead of us and an absolutely demon possessed president in office working against the safety of this country, Trends Forecaster Gerald Celente recently told us that it's time to clean out the District of Criminals in Washington DC.

Celente tells us why the Bernie Sanders political movement is literally destroying themselves as they continually disrupt others rallies rather than holding positive rallies of their own and every time Sanders followers attempt to shut down the 1st Amendment Rights of another American, more and more Americans are being drawn to who they are attempting to shut down...in this case, Donald Trump.

[The complete history of Monsanto; the world's most EVIL corporation staffed by society's most hate-filled people](#)

The entire history of Monsanto has been one of creating deadly, toxic chemicals that devastate human populations and then lying about their toxicity (while profiting from their widespread use that poisons the planet). There is no single greater chemical threat to humanity that exists on this planet right now than the Monsanto corporation, and its chemical poisons are faithfully mirrored by the poisonous personalities and sleaze tactics of its attack dogs who troll the internet to discredit all scientists and activists that oppose Monsanto's "chemical domination" agenda. (Much of Wikipedia is now run by biotech trolls, by the way, who specialize in internet disinfo terrorism tactics like the hit piece recently waged against GM Watch.) [Ted Cruz goes all-in for Monsanto; insults tens of millions of health-conscious Americans by calling them 'anti science zealots'](#)

(NaturalNews) U.S. presidential candidate and Texas senator Ted Cruz went all-in for Monsanto on the campaign trail in Iowa, parroting Monsanto's propaganda by proclaiming that GMOs are feeding the world while insulting health-conscious consumers by equating support of GMO labeling with "anti-science zealotry." At the Iowa Agricultural Summit, Cruz revealed that he in effect fully supports the mass poisoning of the American people with hidden (unlabeled) GMOs, cancer-causing glyphosate herbicide, farmer suicides caused by GMO crop failures and the widespread genetic pollution unleashed by genetically modified crops. "[W]e shouldn't let anti-science zealotry shutdown the ability to produce low-cost quality food for billions across the globe," he stated, invoking a false claim that's actually a widely disproven Monsanto talking point. ([SOURCE](#))

Ted Cruz just got SLAUGHTERED at the polls after declaring support for Monsanto

Ted Cruz Is A Bush By Another Name

Neil Bush, the son of President George H. W. Bush, who defrauded U.S. taxpayers out of \$1.5 billion dollars in the savings and loan scam, and later peddled influence for the Chinese government, (who plied Neil with Chinese prostitutes) has formally endorsed Senator Ted Cruz for president. You can't make this stuff up.

But the Bush-Cruz connection goes much deeper than this. Ted was George W.'s brain when he ran for president. A top policy adviser, Ted maneuvered for Solicitor General in Bush World but settled for a consolation prize at the Federal Trade Commission. Ted's a Bush man with deep ties to the political and financial establishment. Ted and wife Heidi brag about being the first "Bush marriage" – they met as Bush staffers. Cruz was an adviser on legal affairs while Heidi was an adviser on economic policy and eventually director for the Western Hemisphere on the National Security Council under Condoleezza Rice. Condi helped give us the phony war in Iraq. Heidi then went to the Bush U.S. Trade Representative as a top deputy to U.S. Trade Rep. Robert Zoellick, who wired Heidi's membership in the Council on Foreign Relations and job at Goldman Sachs. The bailed-out bank then loaned Cruz \$1 million secretly to finance his Senate race. Cruz would also borrow an undisclosed \$1 million loan from Citicorp.

Cruz has become quite adept at saying one thing while his history shows him doing the other (Comment: That is because he is a pathological liar). Rather than the outsider he claims to be, Ted Cruz is the ultimate insider, former top Bush 41 policy aide and globalist, Ivy Leaguer, and establishment insider. There is no better example of this than Calgary Ted's actions surrounding the big Wall Street banks and their secret funding of his political ascension. Oil and Gas Millions fund this guy, & Cruz has been gorging at the table of the ultimate insider 'of all insiders' – Goldman Sachs and Citibank. His TPP support is just further proof of this.

Cruz and his establishment puppet masters are engaged in an aggressive strategy against Trump. The false narrative of course being that Cruz is the outsider while Trump is the insider. Nothing could be farther from the truth. In its most simplistic terms – the power elite have no leverage over Trump – nothing. Cruz, on the other hand, is the establishment's quisling, spawned by the Bushes and controlled by Wall Street, who became a strident "outsider" only four years ago.

Beck, a Mormon and conservative radio talk show host, said he always vows to be the worst enemy of politicians who do not keep promises. "I don't have any friends in Washington except these two," he said about Cruz and Utah Sen. Mike Lee. He added they are the first politicians he has even endorsed.

Beck said that he, like many Mormons, believe in a prophecy that the Constitution will hang by a thread in the last days. He said he believes that now is that time, and people like Lee and Cruz will save it.

Democrats sound alarm against Trump...Dangerous and unprecedented threat...
PHOENIX — Leading liberals and progressive groups are turning their gaze away from the Democratic primary and toward efforts to unite the left against Donald Trump, framing him as a dangerous and unprecedented candidate who poses an existential threat to the progressive movement and the nation.

Ad campaigns are in the works. There are calls for massive voter mobilizations and screeds from leading donors circulating within liberal circles. Major labor groups are organizing their members on the ground in swing states. Within the Democratic Party apparatus, top elected leaders are beginning to speak out both collectively and individually in ways that reach beyond standard presidential-year posturing. The sense of urgency in most corners of the left is very high.

Rothschild Intel Unit Equates Donald Trump to Jihadi Terror--Trump threatens globalist Trans-Pacific Partnership "free trade" deal

The Economist Intelligence Unit (EIU), a company under the wing of The Economist, owned by the Rothschild banking family of England, has declared Donald Trump a "global risk" along with jihadi terrorism, the UK leaving the EU, the Russian "intervention" in Syria and the Ukraine, and currency volatility.

"The businessman and political novice, Donald Trump, has built a strong lead in the Republican party primary, and looks the firm favorite to be the party's candidate in the US presidential election in November," the unit reports, categorizing his election as a "high impact" risk.

According to the report Trump threatens "free trade," that is to say globalist domination of markets, and is hostile toward NAFTA, the Bill Clinton era "trade deal" that sucked more than a million jobs out of America and produced a \$181 billion US trade deficit with NAFTA partners Mexico and Canada.

"In the event of a Trump victory, his hostile attitude to free trade, and alienation of Mexico and China in particular, could escalate rapidly into a trade war—and at the least scupper the Trans-Pacific Partnership between the US and 11 other American and Asian states signed in February 2016."

The Rothschild unit expects Trump, if nominated will lose to hands-on favorite Hillary Clinton, who is backed by the financial elite, in particular the great vampire squid, Goldman Sachs.

Despite the EIU's certainty Trump will lose, they warn "there are risks to this forecast, especially in the event of a terrorist attack on US soil or a sudden economic downturn."

However, in the event Trump wins, "innate hostility within the Republican hierarchy towards Mr Trump, combined with the inevitable virulent Democratic opposition, will see many of his more radical policies blocked in Congress—albeit such internal bickering will also undermine the coherence of domestic and foreign policymaking," in other words pose a serious risk to the globalist agenda.

There is finally a candidate that is not towing the party line, an out-of-control candidate that is paying for his own campaign and not beholden to their lobbyists and power brokers.***

Secret meet...GOP operatives, conservative leaders meet to thwart Trump

A secretive group of Republican operatives and conservative leaders convened Thursday morning for more than three hours to discuss ways to unite the right against Donald Trump, with a presentation about the feasibility of mounting a third-party challenge as well as extensive deliberations about whether a coalition of anti-Trump forces could prevent the billionaire mogul from securing the party's presidential nomination at the July convention in Cleveland.

"It's certainly not too late," Rep. Trent Franks (R-Ariz.) said as he left the session. "You could get another party on the ballot. A candidate could be picked as late as August. ... It would have to be a movement conservative."

ACTIVISTS PLOT 'LARGEST PROTESTS OF CENTURY'

With little fanfare and almost no news media attention, some of the same radical groups involved in shutting down Donald Trump's Chicago rally last week are plotting a mass civil disobedience movement to begin next month.

They intend to march across the East Coast in order to spark a "fire that transforms the political climate in America."

The operation, calling itself Democracy Spring, is threatening "drama in Washington" with the "largest civil disobedience action of the century." The radicals believe this will result in the arrest of thousands of their own activists.

"We will demand that Congress listen to the People and take immediate action to save our democracy. And we won't leave until they do — or until they send thousands of us to jail," the [website](#) for Democracy Spring declares, channeling rhetoric from the Occupy movement.

The group is backed by numerous organizations, including the George Soros-funded groups MoveOn.org, the Institute for Policy Studies, and the Democrats. MoveOn.org has been playing a prominent role in organizing anti-Trump activism, including last weekend's shutdown of the billionaire's rally at the University of Illinois at Chicago Pavilion.

Another group endorsing Democracy Spring is the Democratic Socialists of America (DSA). The DSA's Chicago branch drove protesters to last weekend's nixed Chicago Trump event, as this reporter [exposed](#).

The AFL-CIO, the nation's largest labor federation, announced in a press release earlier this month it is "all in behind Democracy Spring," perhaps indicating significant mobilization.

Next month's Democracy Spring chaos is set to begin with a meetup on April 2 at the Liberty Bell in Philadelphia.

TRUMP PROTESTERS BLOCK ROADS TO PHOENIX RALLY

For hours, the protesters - about two dozen in total - parked their cars in the middle of the road, unfurling banners reading "Dump Trump" and "Must Stop Trump," and chanting "Trump is hate." Traffic was backed up for miles, with drivers honking in fury.

Protesters were also chanting, "Donald Trump, shut it down, Phoenix is the people's town."

The road was eventually cleared and protesters marched down the highway to the rally site, weaving between Trump supporters who booed and jeered them.

Radical Leftists Unleash Anti-Trump Riots Starting On March 19th

Michael Snyder | [Economic Collapse Blog](#) - March 19, 2016

Many of the exact same groups that participated in Occupy Wall Street and helped organize protest rallies in Ferguson and Baltimore are now promising to bring us "the largest civil disobedience actions in a generation".

I [recently wrote](#) about the trouble that radical leftists have caused by attempting to disrupt Trump campaign events, but now there is a very organized effort to turn this into a national movement. On March 19th, thousands of angry protesters will descend on Trump Tower in New York City to denounce Donald Trump's "fascist policies", and on April 2nd dozens of leftist organizations will join together to launch "Democracy Spring" in Philadelphia. From there, large numbers of liberal activists will march to Washington D.C. where they will "risk arrest" during a "peaceful" sit-in at the U.S. Capitol from April 11th to April 18th. If the radical left is this freaked out about Donald Trump now, how bad will things get if he actually becomes the Republican nominee?

I suppose that it was only a matter of time before the radical left began to specifically target Trump properties. I hope that Trump has good security, because it will definitely be tested starting today...

Anti-Trump Protesters Tyrannize Americans As Soros And The New World Order

Begin Activating 'Terror Cells' In America In Preparation Of Launching Race War
By [Stefan Stanford](#) - [All News Pipeline](#) - [Live Free](#)

'Uninformed Misfits And Globalist Tools'

Or Die

Things are clearly beginning to 'heat up' in America as the 1st day of Spring brings George Soros and the 'new world order' unleashing their paid terrorists upon America in an attempt to launch a race war upon Americans and put a stop to the nearly unstoppable rise of Donald Trump. As Americans suddenly awaken 'en masse' to the globalists plans to drive a final stake through Americas heart so that they can completely bring in their 'New World Order' and continue their pillaging of American jobs, the raping of the middle class and the destruction of our Constitution, they've bowed to historical leftist tactics of rioting and terrorism as heard much more in the videos below.

As Milwaukee Sheriff David Clarke tells Fox News in the first video below, *what we're now watching is a rebellion and a threat to the very sovereignty of the United States* in all of these protests that have suddenly terrorized the lives of ordinary, law-abiding American citizens who simply want to go about their lives. Sheriff Clarke is totally on fire in [this interview](#)..:

Side bar: Atheism and the Materialist philosophy go hand-in-hand in the modern age

but the origins of Atheism are much older. Albert Pike (December 29, 1809 – April 2, 1891) was a Confederate General, lawyer, the highest ranking Freemason of the 1800's, and writer... and is a celebrated Freemason even today. He is quoted as saying in his book, *Morals and Dogma of the Ancient and Accepted Scottish Rite of Freemasonry*: "...for Satan is not a black god but the negation of God. The devil is the personification of Atheism or Idolatry."

<< Albert Pike

Pike, who was also an illuminist, an occultist and an advocate for a global ruling class; & was an insider Freemason in Washington D.C. when he died. He was quoted later in his life saying: "We

shall release the nihilists and atheists, and we shall provoke a formidable social cataclysm which in all its horror will show clearly to the nations, the effects of absolute atheism, origin of savagery and the most bloody turmoil.”

Nihilism is the belief that all values are baseless and that nothing can be known or communicated. A true nihilist would believe in nothing, have no loyalties, and no purpose other than, perhaps, an impulse to destroy.

We're beginning to see the globalists 'game plans' unfolding to keep America in the 'New World Order' on several different fronts now as Tef Poe, a spokesman for 'Black Lives Matter' who was actually flown out to the United Nations to speak about 'police violence,' has issued terror threats upon whites as seen in his tweet below; if Trump wins, there will be young blacks out 'en masse' causing riots, he says.

☐Psa 2:1 ¶ Why do the heathen rage, and the people imagine a vain thing?

☐Psa 2:2 The kings of the earth set themselves, and the rulers take counsel together, against the LORD, and against his anointed, saying,

☐Psa 2:3 Let us break their bands asunder, and cast away their cords from us.

☐Psa 2:4 He that sitteth in the heavens shall laugh: the Lord shall have them in derision.

☐Psa 2:5 Then shall he speak unto them in his wrath, and vex them in his sore displeasure.

Despite the fact that it is against the law to protest in America where Secret Service agents are present and guarding somebody under Secret Service protection according to HR347 which states: “When the federal law on trespass was quietly amended—it is a crime, punishable by up to a year in prison, to “knowingly impede or disrupt the orderly conduct of Government business or official functions” in locations guarded by the Secret Service, including places where individuals under Secret Service protection are temporarily located”, we've seen very few arrests where Trump has been protested against. If this was Mr. Obama being protested against, mass arrests would be the norm.

As Americans, we should have the right to go about our travels unhindered; but as we've seen in recent protests against Trump, "terrorists" are preventing law-abiding Americans from being able to go about their daily business unhindered as they block highways and transportation, completely unaware they are aiding the same injustices they claim that they are protesting against.

We saw this today in Arizona in what could be the unfolding of civil war in America, as law-breakers masquerading as protesters in Arizona stopped Americans from going about their day to day lives.

& now according to Economist Magazine, a Donald Trump presidency is listed as one of their greatest threats to the global economy, but conversely a Trump presidency would bring jobs back to America & corporations using low-wage labor overseas would be forced to pay Americans at least a little bit more.

Back in 2008 and 2012, white Americans barely protested against Barack Obama in his run for presidency and certainly never expressed the kind of hatred towards him that we have been seeing towards Donald Trump and his views from 'the left'. In our lifetimes of following politics in America, we can NEVER REMEMBER SO MUCH HATRED being displayed from a group of people towards a candidate merely for expressing his 1st Amendment Rights, and to see those

on the left actually BLAMING Donald Trump for speaking his mind shows us just how far down the Orwellian road of political correctness that we have gone. While anti-Trump protesters held up signs saying 'make America hate again', we've rarely seen so much hatred coming from anyone anywhere, in the hatred which the protesters displayed, certainly not

from those who chose to attend a peaceful Donald Trump rally. Each and every day we can see the direction this is clearly headed...the leftists will do absolutely anything to stay in power, including launching a race war upon law-abiding American citizens. America is truly getting an opportunity to see what hatred is up close and personal. Why are their eyes so full of hatred as seen in the photographs above? While they may not like everything that Mr. Trump has to say, as an American, but he's surely free to speak his mind...and those who choose to listen to what Mr. Trump wants to say shouldn't have their lives encumbered by those who have been taken over by hatred of what Trump represents, an America with borders.

Even though so many Americans share in the sadness of what has happened to our country under Barack Obama and the NWO globalists for the past 7 years and prior to that time under Bush, we never see the kind of hatred coming from those Americans who disapprove of Obama's or Bush's politics and actions as we do

the hatred directed towards Trump for simply voicing his opinions under his right to free speech. Hillary Clinton has been responsible for the deaths of thousands in the Middle East and elsewhere due to her foreign policy and we don't see the same kind of hatred directed towards her, not even by those who lost family members due to her disastrous foreign policy decisions!

While the globalists might think that they'll be able to start a race war, many Americans have become too wise too fall for such tricks and as we learn from [this story from Gateway Pundit](#) and see in the final two videos below, a black Donald Trump supporter gets into it with a racist protester who is wearing a KKK mask. The black Donald Trump supporter has since been arrested for this beatdown. With white Americans cheering on the black man we have to ask, where is all that racism that the mainstream media is talking about?

Submitted by a Chicago producer with a 'professional reputation', the ad was taken down soon after Infowars, [Investment Watch Blog](#) and several other websites publicized the advertisement. Not surprisingly, a new ad has recently sprung up,

another anti-Trump and anti-Conservatives Craigslist ad that, coincidentally or not, showed up in the Chicago Craigslist days prior to the huge violent protest that recently took down a Donald Trump rally. In fact, 'mobs for hire' are a very real phenomenon and big business in America and according to several we have visited

online today, one can purchase a 'flash mob' for almost any occasion, though [this Forbes story](#) tells us they are quite pricey. Could one purchase a mob for mass protests that might turn violent?

We also see absolute proof here that there are paid positions for those who seek to become involved in these rebellions, quite an incentive for college students and others who are unable to obtain employment in this rapidly collapsing economy. While [Grassroots Campaigns](#) has not yet returned a phone call to ANP (who is requesting more information about them or if they were involved in what recently happened in Chicago or Dayton, Ohio) we've gotten more proof that the person who was arrested for charging the stage when Trump was speaking in Dayton is

[Tommy DiMassimo also has an IMDb page....](#) yes, he is an actor. The video below is the trailer for a movie he wrote called "[Red, Black and Blue](#)" in which he plays the role of 'killer cop'. DiMassimo was released on \$300 bond. Keep in mind, DiMassimo wrote this movie. Calling for [violence against whites](#), is this video more proof that things could get very bad very quickly? Should DiMassimo have even been released back upon the streets?

[Black Trump Supporter Shot and Killed by Chicago Protesters](#)

Christian Times Newspaper has learned that an African-American supporter of Republican presidential candidate Donald Trump has died after allegedly sustaining gunshot wounds in the aftermath of Friday night's chaos in Chicago.

Robert King Bullock, aged 37, was a resident of Chicago's Evanston suburb. According to Bullock's friend, who also attended the Trump rally, Robert was an avid chef, and he recently obtained his Masters of Business Administration and planned to open a local restaurant.

This source spoke with CTN on the condition of anonymity, and asked to be referred to as "Terry." He called for Bullock's death to serve as a reminder to anti-Trump groups and the mainstream media.

["Rob was a black man, but he supported Trump because he got tired of Democrats saying his race was the thing holding him back,"](#) Bullock's friend told CTN.

“[Rob] lost his job because of Obamacare. He lost his brother to black-on-black gang violence. Now he lost his life because he believed in a white man. His race didn't have a d*** thing to do with what held him back.”

Bullock and Terry were separated in the chaos that followed the protesters' interruption of the planned Trump rally, which led to widespread violent scuffles and the event's cancellation. It is believed that Bullock, at some point after leaving the event center and becoming separated from Terry, that he was confronted by protesters, beaten, then allegedly shot two times in the abdomen and left shoulder by a small to medium-size handgun.

[Racist Activists Say: White People Should Kill Themselves to Atone For 'White Privilege'](#)

This debate (about whether white people should be exterminated) was held at Harvard University. The pro-genocide activists, Damiyr Davis and Miguel Feliciano, are from the University of West Georgia.

The topic of the debate was supposed to be renewable energy — not race. The white team chose to advocate wind turbines. Instead of addressing that issue, the black debaters began arguing that all whites should kill themselves and that their white opponents should die.

This was NOT a position that was assigned to them in class. They claimed that their pro-genocide movement was *REAL POLITICAL ACTIVISM.*

Can you imagine if a white team began openly advocating black genocide? Would that be acceptable? They would be kicked out of school and their lives would be ruined.

Yet black students at every major university in the country, including Harvard, Yale, and Johns Hopkins, have joined the "Black Liberation Collective" which endorses the murder of whites: <http://i.imgur.com/FBjnaN9.png>

Amazingly, the University of West Georgia brags about these two anti-white debaters on its website. The duo's passionate advocacy of white extermination has made them No. 2 in the country! <http://tinyurl.com/zyyxafx>

Holding true to its national trend, the UWG Debate Team finished in second place at The Cross-Examination Debate Association Nationals. The team of Damiyr Davis and Miguel Feliciano, both sophomores from New York City, topped off its season with a more

than stellar performance in two national tournaments.

White genocide is even being taught to high-school students. One of the anti-white debaters, Miguel Feliciano works as an instructor at Coppin State University's Eddie Conway Liberation Institute, run by Professor Shanara Reid-Brinkley of the University of Pittsburg. Young black students are indoctrinated in the same anti-white ideology displayed in this debate.

***Edit: The unedited recording of the debate at Harvard was previously available at the following links on Vimeo. But once my message went viral, the anti-white activists deleted these public videos of the debate in order to conceal the truth. I will try to obtain copies and repost them elsewhere. This just shows you how dishonest these people are: when you point out their hypocrisy, they delete the evidence. ***

Chicago Cop: Anti-Trump Mob More Aggressive and Destructive than Reported

“It seems the [media] aren’t broadcasting footage of the debris being thrown across Harrison by Sanders/Hillary supporters at Trump fans.”

Ever the tool of the globalists and specifically George Soros and his 'color revolutions' that have taken place around the world, we now have more proof that these 'rebellions' are being organized and designed by the very elitists themselves that the 'rebellion' seeks to 'rebel against'. With the NWO globalists staging this rebellion against order, liberty and America in their last ditch effort to overthrow America before a president who would put America first is WILLED into office by the American people, we see that the 'Summer of 2016' will likely go down in the history books as the year 'absolute corruption' will do anything possible to hold onto their power and control, including race war and martial law with no elections.

Videos Of Chaos! Trump Responds To Chicago Rally Cancellation As Protesters, Including Terrorist Bill Ayers, Killed Free Speech

Anti-Trump Activists Violating Candidate's Constitutionally Protected Right to Speech and Assembly

Leftists and Democrats attempting to shut down Donald Trump are violating his (& the people coming to hear him speak) constitutionally protected and guaranteed right of speech and assembly.

On Saturday [Mike Holmes](#) wrote for Lew Rockwell's website:

In reading and watching the recent anti-Trump blockades and semi-violent disruptions it seems obvious that this highly organized movement is explicitly calling for violating candidate Trump's protected civil rights to assemble and speak before his supporters. As a libertarian I'm all for protest and dissent. However that doesn't include preventing people with whom we disagree from speaking to or assembling their supporters or fans. Legitimate protest/dissent doesn't include shutting up the other side by force or threats of force.

The emergence of national groups organized and united to prevent Trump from speaking at his public rallies crosses a dangerous line. How is the recent blockade of a Trump rally in Phoenix AZ not an intentional and organized effort to deprive Mr. Trump of his constitutional rights to speech and assembly? And the civil rights of those who want to hear him speak, without being threatened or blocked by angry protesters? They shut him down in Chicago, and now they publically announce that this is their objective everywhere they can muster the muscle to do so.

& this "conspiracy" to violate his rights is not hidden, but instead blasted throughout Social Media by self-righteous activist-organizers who explicitly call for shutting up Trump and shutting down his national GOP primary campaign.

So far there has been little or no public comment about this odd situation. Just imagine what would happen if, say, anti-Hillary organizers publicly planned and called for aggressive and disruptive means to prevent candidate Clinton from speaking at her rallies? Or preventing her supporters from reaching campaign venues? Recall her past loud complaints about the "vast right-wing conspiracy" against the Clintons? Instead the establishment media is replete with victim blaming Trump for supposedly "inciting" violence. This Soros funded "shut down Trump" Social Media campaign is totally unlawful & bragging about it on the Internet or Twitter doesn't turn threats of violence into harmless dissent, especially when these threats are increasingly manifested at Trump events. Attorney General Loretta Lynch, your phone is ringing.

Foreign Troops Arrive In Texas to Prepare for the Coming Civil War

Saturday, March 19, 2016 13:10--I have a proven confidential source which told me early in the week that foreign troops were arriving in Texas to prepare for the coming civil war. And what specifically are they doing, they will be participating in the UWEX 16 war game which is designed to (1) extract dissidents; (2) engage rogue American military units who are not on board with the new agenda of the new management which will soon be taking up residence in the White House. Presumably, we are talking about a Clinton presidency.

I decided to sit on this revelation until the commencement of UWEX 16 next week, or until I received on the ground confirmation. Last night, I received confirmation from eye witness at Camp Bullus in Texas. The person is a civilian contractor and had personal contact with several of these individuals at an eatery on the base. They were wearing American military units, but were speaking several foreign languages. My source said that some troops will come in other than the UN flag and some will be brought under the NATO command. I contend that that they have

been here since at least last fall. Why should I believe these 2 accounts? Because I warned America about this last fall. Here is some of what I reported late last fall. Any military intelligence officer will tell you that even the smallest thing could mark the coming of a major event. There is a video going viral that should concern every American who hopes to retain any remnant of the Constitution, including the hope of legally retaining ownership over a gun. Ultimately, the presence of UN personnel in the manner in which we see in the following video, should be disturbing to even the most unaware American.

Dave Hodges Report: Does God Have His Hand On the Trump Miracle?

We are witnessing a seeming miracle in America with the rise of Donald Trump's movement which is exposing the extreme exploitation of the middle class and the ongoing attempt to make America go extinct.

On the way to America's Armageddon, someone threw a monkey wrench into the political fracas and America started paying attention, in big, very big numbers. And that monkey wrench is named Donald Trump. **The Trump phenomenon is beginning to spread across the planet. Did you see that 3.5 million protesters are taking to the streets in Brazil?**

The Rising Consciousness of the Oppressed Is No Surprise to Social Psychologists
As I have pointed out before, it is a well-established fact that when 10% of the people take hold of an idea, the idea spreads like wildfire.

Scientists from the prestigious [Rensselaer Polytechnic Institute](#) have determined that if just 10% of any given population holds to an unshakable idea, that the idea will become adopted by the majority of the country. However, the scientists who belong to the Social Cognitive Networks Academic Research Center (SCNARC) found that if the ideas are shared by less than 10% of the population, the idea will not progress and will eventually die out. The research was first published

in a peer reviewed E Journal in an article entitled "*Social consensus through the influence of committed minorities*." The finding has dramatic implications for those of us trying to wake up the sheep in this country. **The SNARC scientists found that the 10% figure was applicable whether they were talking about the spread of innovations or to advance an ideal.**

The [poll of New York state, conducted by Boston's Emerson College](#), has Trump enjoying a commanding lead. Trump's only two remaining competitors in New York, shows that Trump is no longer a plurality **but an overwhelming majority with 65% backing the beleaguered Republican candidate.** Interestingly, the poll was conducted, March 14- March 16, BEFORE Rubio dropped out. **Rubio's continued candidacy would have clearly served to dilute Trump's majority and this serves to make Trump's numbers even more impressive.**

What is impressive about these numbers is that they following the elite's \$400 million dollars of dirt ads designed to discredit Trump. During this period, the entire leadership of the GOP has turned on Trump, yet his numbers continue to climb beyond all reason. This is due to the fact that Trump has smashed through the 10% figure and his movement, not his campaign, has taken on a life of its own as his movement is reaching tsunami proportions.

This social psychological phenomenon is negating all negative politics. The yellow journalism of Fox, the contrived riots and all the lies are a waste of time. They are only serving to increase Trump's popularity due to all the attention that is being given to the man and his message.

Given my academic background, I understand the psychology at work, I am awestruck at the implications.

Even globalist, Newt Gingrich, has called Trump a "[natural ally of conservatism](#)". All purveyors of power are lining up against Trump. Is he made of Teflon, or is this a case of divine intervention?

Play: [Here's Why the Globalists Fear Trump](#)

The manifestations of the elite's frustration is made very clear in the following video--Trump vs. the World **Play:** <https://youtu.be/oQPI85SB8Mc>

Three Ways to Stop Donald Trump

Conventional wisdom would suggest that there are three ways to stop Donald Trump:

1. Sponsor a brokered convention where the nomination is stolen from Trump.
2. Assassinate Trump.
3. Bankrupt the country and start World War III.

Either way, which ever side side prevails, there will be a very violent push back from the other side, particularly from the globalists.

A brokered convention will be the main point of initial attack by the globalists.

This is a warning that all Americans need to heed. The American people are caught in the middle of a "winner-take-all" high stake poker game. There is no middle ground. There will be no election results which could conceivable clean up the mess of the coming election if it goes the way of the globalists who desperately want to collapse the country in order to usher in a Satanic New World Order. How can I be so sure? Over the past week, The Common Sense Show and several other Independent Media outlets are scratching their heads in amazement as we watch the GOP leadership destroy the future of their party. Fox News with the extreme brand of Megyn Kelly's yellow journalism is destroying the credibility of not only Fox News but of NewsCorp as a whole. What exactly have these entities done with regard to committing institutional suicide? The answer is so simply and so obvious, it should not bear repeating. The overriding two issues that have caught the eye of the American voter, and newly awakened millions of American who know they have future so long as the status quo remains in place consist of the following:

1. The one-sided free trade agreements have unemployed millions of Americans and have brought untold misery, while the elite take advantage of cheap foreign labor and the "gift" to be able to ship their foreign produced products back into the country, duty free, while underselling and bankrupting even more American businesses.

2. The continued of a cultural debasement of the United States by continuing wholesale illegal immigration which severely suppresses wages while “stealing” millions of jobs from Americans.

There is a third issue that is beginning to rear its ugly head and that is the topic of corporate campaign donations. So long as we have corporate bribery of Congress, there will be no Republican form of democracy. Internationally, these strategies, through the implementation nation state central banks, have destroyed nations through back-breaking debt and have served to elevate the corporations above national interests. Does anyone really believe that the globalists are going to willingly give up the stranglehold that these bankster criminals have enjoyed for so long. The elite have two primary options which include to force a brokered convention while continuing to bash Trump in the media and instigate riots at Trump’s rallies.

Conclusion

As compelling as the social data is; there is much more at work here than the forces of

man. I believe this movement is resilient because of divine intervention. Your prayers are working America.

In my lifetime, I have never witnessed a movement, operating against such severe odds, succeed with such vigor. I am coming to the opinion that God has his hand on this movement. Why do I believe that? Because there are too many people praying for

Trump for this not to be a factor, perhaps the deciding factor. In the meantime, freedom lovers have a rare opportunity. The door is open and we need to seize this opportunity. What can you do? Pray, Pray, Pray and then act.
