**Ephesians 5:11, 13-16:** "And have no fellowship with the unfruitful works of darkness, **but rather reprove them. But all things that are reprov'd are made manifest by the light:** for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest,** and arise from the dead, and Christ shall give thee light. **See then that ye walk circumspectly,** not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

**Reprove:** To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

**Circumspectly:** Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

**Matthew 24:24:** "...if it were possible, they shall deceive **the very elect.**"

**II Corinthians 2:11:** "Lest Satan should get an advantage of us: for we **are not** ignorant of his devices."

**II Chronicles 7:14:** "If **my people,** which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

**I John 4:18:** "There is **no fear** in love; but **perfect love** casteth out fear: because fear hath torment. He that feareth is not made perfect in love."

**Heb 13:6:** "So that we may boldly say, The Lord *is* my helper, and I **will not fear** what man shall do unto me."

**II Timothy 1:7:** "For God **hath not** given us the spirit of fear; but of power, and of love, and of a sound mind."

## [Is The First Lady Michelle Obama Practicing Wicca?](#)

*By Judi McLeod Thursday, October 14, 2010*

[Michelle Obama](#) sounded very much like her husband's good friend Oprah Winfrey when she spoke of "keeping the spirits clean around us" on the Tom Joyner Morning Show yesterday.

"It means all the world to us to know that there are prayer circles out there and people who are keeping the spirits clean around us," said the First Lady.

It is the practitioners of Wicca who ask to "keep the spirits clean around us" to "the Goddess".

Instructions about How to Cleanse Your Spirit, according to [eHow](#) instruct followers to "visualize the white light of the Goddess falling upon you" and to "softly say, 'I release that which attempts to hold me back, in the name of the Goddess'....allow the love of the goddess to fill, protect and cleanse you."

While Michelle urges people to pray for Barack, many are already praying to Almighty God for protection from Barack, given his obsession to destroy the country he was elected to serve.

Nor should anyone be shocked that the First Lady is speaking about "keeping the spirits clean around us", rather than praying for God's guidance.

Obama's mother-in-law is openly practicing Santeria in the White House.

72-year-old Marian Robinson, who lives in the White House and looks after Obama's children, began practicing the Afro-Hispanic witchcraft in the late 1980's to help her ailing husband, who was crippled from multiple sclerosis. Robinson took him "to ceremonies where they did spells and trances, and sacrificed animals, chickens and goats,".

The friend says Robinson is now afraid for her own health and recently invited an old friend with whom she practiced Santeria with to the White House.

The First Lady and her husband are part of "May the force be with you" crowd.

Untouchable because it comes clothed in the raiment bestowed by its creator George Lucas, [director](#) of Star Wars.

In truth, it's the false god known as New Age and nobody has taken it to a higher heights than Oprah Winfrey.

It was House Speaker Nancy Pelosi, who presented the [Lincoln Medal](#) to Lucas at the re-opening of Ford's Theatre, saying "he (Lucas) is my constituent, and he's my friend." And look what friendship with Pelosi did for Lucas.

Having already worked with former Soviet leader Mikhail Gorbachev to turn the Presidio from a historic major military base to 'Grand Central of the Politically Correct', Pelosi paved the way for Lucas's [Films](#) \$350-million Presidio headquarters. Before Lucas even stepped foot in Presidio Never Land, some 1,300 to 1,500 film employees were already housed at the new complex in the fall of 2005.

**[The self-styled mission](#) of the Lucas Films headquarters was "to build a unified, earth-friendly, global civilization based on "new" universal beliefs and values".**

When Michelle Obama urges prayer circles to "keep the spirits clean around us", it's a self-serving prayer.

That's because Barack and Michelle Obama consider themselves "The Force".

Dan 11:36 ¶ And the king shall do according to his will; and he shall exalt himself, and magnify himself above every god, and shall speak marvellous things against the God of gods, and shall prosper till the indignation be accomplished: for that that is determined shall be done.

Dan 11:38 But in his estate shall he honour **the God of forces:**

"The true name of Satan, the Kabalists say, is Yahweh (GOD) reversed; for Satan is not a black god, but a negation of God. For Initiates, this is not a Person, but a Force ..." [Albert Pike, *Morals and Dogma* , p. 102]

Dan 8:25 And through his policy also he shall cause craft to prosper in his hand; and he shall magnify [himself] in his heart, and by peace shall destroy many: he shall also stand up against the Prince of princes; but he shall be broken without hand.

The Liberals have made government assassination official US policy, a step toward which Conservative Republican George Bush only hinted at while in office. The American government now reserves the right to assassinate anyone they choose at any time, and for any reason!

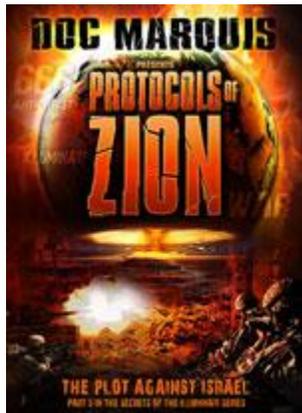

NEWS BRIEF: "[The New York Times Defends Assassinations. The Right of US Government 'to assassinate anyone it pleases'](#)", by Patrick Martin, Global Research, October 18, 2010

"In its main editorial Sunday, the New York Times, the major voice of what passes for liberalism in America, **openly defends the right of the US government to assassinate anyone it pleases. The only restriction the Times suggests is that the president should be required to have his selection of murder victims rubber-stamped by a secret court like the one that now approves 99.99 percent of all electronic eavesdropping requests.**"

This setup is so typical of an Absolute Dictatorship. The dictator kills whom he chooses, after a "court" (totally under his control) automatically approves the killing. Cutting Edge began warning immediately after the attacks of 9/11 that the real target of the Illuminati was the average American citizen whom they considered a "dissident" -- not those dastardly Muslims officially blamed for 9/11.

You know the list: Fundamental Christians, gun owner, and persons who believe the Constitution or anyone who tries to limit the governments actions!

We are the ones who are the real targets, and we have been since before 9/11.

But, as I stated, above, all this started with President Bush! For confirmation of this sad reality, we ask that you take a few moments to read two of our archived Headline News stories:

**1) [NEWS1550](#) - "BITTER FRUITS OF BUSH'S WAR ON TERRORISM -- PROPOSED LOSS OF PERSONAL AND CONSTITUTIONAL FREEDOMS"**

Predictably, Bush Administration experts are proposing new laws and police regulatory rules in the guise of fighting terrorism that just might take away too many of our precious liberties -- Just as the [Protocols of the Learned Elders of Zion](#) envisioned!

**2) [NEWS1885](#) - "BUSH - ASHCROFT ARGUING TO 9TH CIRCUIT COURT THAT THEIR GOVERNMENT CAN TORTURE AND SUMMARILY EXECUTE PRISONERS WITHOUT THE COURTS HAVING ANY JURISDICTION WHATSOEVER!"**

As you can readily realize, this plan to eliminate the rights and then the life of whichever citizen the government chooses is an Illuminati Plan, as evidenced by the fact that both a "Conservative" Republican President and a "Liberal" Democrat President have now embraced the "Brave New World".

### **The Chipping of America: Secret RFID Implants**

October 20, 2010 by [Alex](#) [The Intel Hub](#)

Majestic Picture Productions has released a trailer for an upcoming documentary about secret RFID implants. Most people are unaware that these implants are taking place throughout the world. Not only is RFID technology utterly invasive, it has been shown to be extremely toxic to the human body.

The trailer features a retired Sacramento, California firefighter who was secretly chipped at a routine dentist appointment.

[Deborah Dupre](#) of the Human Rights Examiner has written an extensive four part series on secret RFID implants and their implications.

[Secretly forced brain implants Pt 1: Explosive court case ...](#) Aug 19, 2010 ... *This is Part I in a four-part series about the forced implantation of James Walbert, a Wichita Kansas resident and inventor.* Few [American doctors, psychologists and psychiatrists](#) will break rank or brave the new world of [high-tech electronic abuse some of their patients report](#), **but evidence mounts that increasing numbers of innocent citizens targeted for U.S. state-sponsored terror are being secretly brain implanted with U.S. RFID chips without their consent for no-touch torture and mind control plus experimentation. One man evidenced this in court; won his case; and now prepares for a continuation in federal court, due to be equally explosive.**

RFID is abbreviation for Radio-frequency Identification, a misnomer due to the device functions consisting of far more than ID. **It is used for remote technological**

harassment, torture and even assassination. (See: <http://www.us-government-torture.com> and *The Larson Report*)

James Walbert, resident of Wichita, Kansas, proved his experience as a [Targeted Individual](#) under surveillance includes forcefully implanted RFID chips, including in his brain, and subsequent remote electronic abuse

*Senator John Glenn, introducing failed Senate bill 193 to 105th Congress said—“What I found...is there is no law on the books requiring that informed consent be obtained. More important, I believe there is a need for such a law, as there continue to be cases where this basic right--I do view it as a basic right--is abused. As I started out, I would like to put this on a personal level for everyone of my colleagues. **You just think about your own family, your own son, your own daughter, or grandchildren... the next time they go to a doctor, the subject of some medical experiment that they are not even told about.** I do not think there can be many things more un-American than that.”*

[Secretly forced brain implant Pt II: MRI scan image and reports of ...](#) Proof that James Walbert, resident of Wichita, Kansas is [experiencing torturous U.S. human rights abuses involving covertly forced, implanted RFID chips](#), including one in his brain, and subsequently is kept under surveillance. His remote electronic injury & implant are evidenced by his [MRI scan, letters from investigators, health professionals and Representative Jim Guest](#) (of Missouri).

"This had to be known for all to see," stated Walbert following the August 19 *Examiner* article about his forced brain implant and other implants.

"What I am offering is validation of this crime against women and children," he wrote today to a large group of other [Targeted Individuals](#) in an internet survival support group.

"This crime will no longer go unnoticed and unheard. That's the bottom line here.

"What these people have done to children and women is just sickening to me."

Walbert now unofficially represents thousands of American [Targeted Individuals](#), innocent children, women and men covertly persecuted in the United States - in their own homes and communities - by one of, **if not the single most sophisticated organized criminal systems to hit the planet.** (For more information about Targeted Individuals, see articles at: *National Targeted Individuals, Examiner*)

Researcher [Marshall Thomas](#) writes that the Targeted Individual treatment is a combination of three of the most abusive U.S. intelligence programs in history: [MKUltra mind control](#), [Phoenix Program](#) torture/assassination in Vietnam war era, and FBI's [Cointelpro](#) (counter-intelligence program) that targeted **and neutralized innocent Americans for political purposes.** (See: Dupre, D., *Hit-listed Targeted Individuals call for Senate Judiciary Committee Investigation, Examiner*, Dec.7)

Walbert's health advocates are among the few remaining ethical professionals in the U.S. health system. They are obviously not following orders to remain silent about the government sanctioned terror cells operating in American communities conducting the "New Phoenix Program."

**Hundreds of credible self-identified Targeted Individuals report that almost every American psychologist and psychiatrist turns a deaf ear to the target's cries for help - and often even worse - according to their online survival support group communications and testimonies. Without investigating claims of electronic harassment and**

torture, psychiatrists are likely to **slap a mental illness diagnosis on people who complain about the targeting treatment and in many cases, have them committed to a mental institute. There, the medical experimentation and other abuses can continue - on U.S. soil in U.S. facilities.**

Tortuous abuse is thus not limited to APA heads and overseas subjects in detainee situations as the [Coalition of Ethical Psychologists have focused their attention](#) and investigations. Health professionals across the nation, however, remain as silent about the in-country, covert electronic harassment, torture and slow-kill of fellow Americans as did Vietnamese under the first U.S. Phoenix Program atrocities including torture and assassinations.

Obama has now furthered Bush's [assassination program on U.S. soil, part of the new Global Phoenix Program](#) under guise of the "war on terror." The horrendous system is built into former President Bush's PATRIOT ACT that Congress has not repealed.

In the article, *Shocking state secret: PATRIOT ACT illegal spy domestic terror campaign against Whistleblowing*, Deborah Dupre' wrote:

*"General David Petraeus, current Commander, U.S. Central Command, advocated the "global Phoenix Program," alluding to the notorious Vietnam-era CIA data-base operation used to torture and assassinate innocent civilians due to their political beliefs. (Tom Hayden, [Reviving Vietnam War Tactics](#), The Nation, 2008) Global includes the U.S."*

[Secretly forced brain implants Pt III: Ex-SS, FBI contractor ... Aug 26, 2010 ...](#) Within this Part III of the series, Taylor comments on **how "the greatest" American civilians, in their homes and communities, are being remotely neutralized with military grade weaponry under guise of the "war on terror."** (Also see: Dupre, D. *Obama targeted individual assassination program includes Americans*, Examiner, April 8, 2010) Taylor touches on the Nazi influence of this program now implemented in the U.S. through the related Nazi-CIA non-consensual human experimentation in the U.S.

Hello Bro. Johnson,

I am of Hispanic decent (both my parents are Hispanic) and i could not agree with you more about the evils of illegal immigration. Sadly, many Hispanics that profess themselves to be Christians allow a strong cultural identity to trump bible principals especially on this issue. This should not be so. [Mark 7:13](#) "Making the **word of God of none effect** through your tradition, which ye have delivered: and many such like things do ye." Our first and really,only, allegiance should be to God and His Word. Nothing, not even our nationality or ethnicity should trump our obedience to the Lord. As a Hispanic against this unlawful invasion of our country, I've experienced these kinds of arguments from other Hispanics. I actually use to attend a spanish speaking charisma[n]iac church that helped and encouraged church members to come here illegally :-/. They feel like this is noble and being Christ-like :-/ they are decieved...Not that you need my affirmation, the bible has already affirmed your stance on this issue, but great job exposing these deceptions. God bless you and your family~~~~V

Thanks again for the two links. I was just listening to your 10-17-10 broadcast. It's true about the weapons from the gov't. I'm a police supervisor and our M16's are from FEMA. They informed us at anytime they would retrieve them if they needed them. We have to maintain an accurate account daily. Keep doing what you do. God bless you and yours.

Just wanted to thank you for your recent message, I have struggled with my gaming addiction for years. At 33 years old now, I have known well in recent years that these games have been a bondage in my life, yet I always gave my self excuses for keeping them, call of duty, and many other online first person shooter game are very addcitive. Needless to say, I packed up everygame I have in a garbage bag, and they will be in the dump soon.

I asked God to give me strength to never look back, and to keep me focused on Jesus, because that is where my heart wants to be,

Hi Scott, I want to say I've listened to you for over 2 years and I want to say that God has been working with me throughout that time on my gaming habits. I won't go into details, but I didn't enjoy my childhood for many reasons, and I turned to gaming as a way to escape reality. I completely agree with everything you said in your teaching on this subject, and how selfish it is. I used to think to myself how I'd have to eventually get rid of my gaming habits especially if I were to ever get married... I had banished gaming out of my life after I got saved, but it lasted for only a few months...

I also want to say that these games like World of Warcraft have methods to

where you can just download them off the internet so you don't have to have the physical game in your house to play it. I also want to say that upon listening to your teaching I have uninstalled all games off my computer but I'm afraid that eventually the desire will come back. Can you please give me advice of some sort? To be honest with you I find life in general to be very boring and I know that sounds selfish, because it is. I also find it hard to socialize with others because of what I've been through. Any advice or direction would be appreciated... Thanks.

**Subject:** Paranormal activity

I recently found your teachings after praying earnestly to God about feeling like the last

Christian on earth! I love what you teach and am very thankful for your ministry! I'm writing with concerns and questions about the movie called 'Paranormal Activity' and the second one that is due out sometime in October. The movie is purely demonic. My husband took me to see it, God forgive me for agreeing to go and set my eyes before such things, and not even walk out! The movie is based around a young woman living with her boyfriend, who begin to experience a kind of 'demonic attack' the boyfriend decides to record the goings on of this 'paranormal activity' and things begin to escalate. I have never seen such an evil wicked movie, nor been so afraid watching one. They show scenes like the woman being possessed watching over her boyfriend to her being ripped from her bed to be dragged down the hallway. It's absolutely disgusting. After seeing the movie i was deeply disturbed, being extremely sensitive to such things, because when i was a child i suffered from what i now know were demonic attacks. I could not sleep and I felt as though something followed me out of the movie theater. Soon after i began to experience demonic attacks in my house, with demons speaking to me at night, from what i thought was my husband. It was all very traumatic and trying on my marriage seeing as my husband just thought I was crazy. I was refusing to sleep and scared to even be in my house alone. I tried seeking help from my Pastor who really had nothing to offer but to look at me and think 'but that isn't real, demons don't attack people.' After a long time of reading the word, and fasting I finally expelled the demon from my house.

Now the commercials are airing for the second movie to come out and I cannot even bear to see it, it's so evil and I feel as though even if just the commercial airs in my house that something gains a presence. **I believe people need to understand what they are doing when they expose themselves to things like this, and the kind of power the demon gains. I think they also need to be aware of just how powerful the demon is that is over this movie! I was also wondering how much power do demons have over us? And how can i overcome them and live in peace inside my house?**

Praying God continues to bless your ministry!

Sincerely

S

**Biblical Proactive actions that really make a difference when dealing with evil entities:**

**1) Get at least one King James Bible CD and play it 24/7 where ever you are. If you don't think there is a difference in versions please go to: [The True Preserved Word of God](http://www.av1611.org/kjv/fight.html#fight2) at: <http://www.av1611.org/kjv/fight.html#fight2>**

**I know this might not always be feasible, but in your house is the most crucial**

area. These evil entities cannot stand the Word of God. From what I have heard, they particularly don't like the Book of Revelation. Most likely because it reminds them of where they are going to end up: "The Lake of Fire". The Lord said "I have exalted my Word above my name." So the Word of God is our most powerful weapon. Jesus himself would only quote Scripture to Satan when dealing with him, and it worked. I have done this for years and can attest to its effectiveness. You can even leave it playing at a low level, but the "bad guys" will know it is there.

**2)** That brings me to the next point. Ephesians 6: 11: "Put on the full armor of God, that ye may be able to stand against the wiles of the devil." So I would advise everyone to memorize and repeat this portion of Scripture daily:

Eph 6:10 Finally, my brethren, be strong in the Lord, and in the power of his might.

Eph 6:11 Put on the whole armour of God, that ye may be able to stand against the wiles of the devil.

Eph 6:12 For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high [places].

Eph 6:13 Wherefore take unto you the whole armour of God, that ye may be able to withstand in the evil day, and having done all, to stand.

Eph 6:14 Stand therefore, having your loins girt about with truth, and having on the breastplate of righteousness;

Eph 6:15 And your feet shod with the preparation of the gospel of peace;

Eph 6:16 Above all, taking the shield of faith, wherewith ye shall be able to quench all the fiery darts of the wicked.

Eph 6:17 And take the helmet of salvation, and the sword of the Spirit, which is the word of God:

Eph 6:18 Praying always with all prayer and supplication in the Spirit, and watching thereunto with all perseverance and supplication for all saints;

**3)** Plead the "Blood of Jesus" over your house, your property, your cars, your family, yourself, etc... Rev 12:11 And they overcame him by the blood of the Lamb, and by the word of their testimony; and they loved not their lives unto the death.

**4)** Pray for the Lord's angels to encamp around you, your family, your house and property, etc...But remember: Psalm 34:7 The angel of the LORD encampeth round about them that fear him, and delivereth them. So the "Fear of the Lord" is connected with angelic protection. So I pray for "The fear of the Lord" for my family and myself.

**5)** As a saved believer in Jesus Christ the Holy Spirit lives inside us. When petitioning the Lord, use the example of the Lord's Prayer by petitioning the Father, in the name of the Lord Jesus Christ for whatever our prayer requests are. But remember: Psa. 66:18 "If I regard iniquity in my heart, the Lord will not hear me..." In this case iniquity would be unconfessed/unrepentant sin. So make sure you are right with the Lord especially before going to bed. Ask the Father in the name of the Lord Jesus Christ to guard us through the Holy Spirit (this would be in addition to all the other things I have already mentioned in regard to prayer.)

Go to: <http://www.sermonaudio.com/sermoninfo.asp?SID=42507221422>

**6) Pray.** Particularly the Lord has led me to pray the Psalms. **Psalm 64** in particular, and Psalms 91 and 94. These Psalms are regarding **the Lord dealing with our enemies and for personal protection**. Go to:

<http://www.sermonaudio.com/sermoninfo.asp?SID=81307133219> Also in regard to prayer there is a spiritual principle that the Lord has made mention to in the following verses:

Deut. 32:30: “How should **one** chase a thousand, and **two** put **ten thousand** to flight, except their Rock had sold them, and the LORD had shut them up?” Now we don’t want to build a dogmatic doctrine around this one verse, but the spiritual application seems to be that two Christians in unity can accomplish **much more** than one alone. We should really be praying for each other and if you have a spouse or prayer partner that seems to amplify the effect greatly. Remember Jesus said: Matthew 18:20: For where **two or three** are gathered together **in my name**, there **am I in the midst of them**. So this verse appears to validate the verse I quoted above, in regard to amplification of our efforts where **at least two** Christians are joined together in unity.

**7) Stop any and all sexual sins** Go to:

[Dr. Scott Johnson - Biblical Sexual Prohibitions 1/6](#)

In this teaching we will be looking at a subject that is rarely (if ever) preached on in modern day churches: The sexual prohibitions outlined in Leviticus 18 & 20. This is a very important study and especially needed by Christians in the day and time we live in. Truly much of the Body of Christ is being destroyed for lack of knowledge due to NOT knowing the material covered in this teaching.

Unfortunately there are many things that modern day Christians are doing (many times unknowingly) that are affecting them adversely in both a spiritual and physical way. Much of what we will get into was common knowledge 100 years ago but has been slowly repressed since then. We will look at the shocking **WHOLE** definitions of sodomy, fornication and intercourse and also the New Testament text some use to justify any sexual action regarding the marriage bed. We will also see how Biblically these types of sins defile a person in a way that other sins do not.

**8) Fasting:** *"But this kind does not go out except by prayer and fasting."*

*Matthew 17:21*

**Breaking Demonic Strongholds**

**by Bobby**

*“Not only did the fast enable the eviction of the demons, but I started to feel the presence of the Holy Spirit within.”*

I have been a Christian for less than a year and still deal with a lot of bondage due to a traumatic past which included a long list of foster homes. I had endured abuse and was raped at the age of five. The cruelty turned me cold and resentful causing me to become an abuser. This in turn resulted in a broken marriage, drug addiction, alcoholism, and a depraved sex life. In search of the answer I fell into the hands of cults who used brain washing and hypnotism. Their methods opened the doors for demonic activity.

A friend prayed with me to break the result of this manifestation and bring me to

a knowledge of Christ. There efforts were unsuccessful, after which fasting was suggested. I was told about the power and potency of prayer that can be obtained during a fast.

Not only did the fast enable the eviction of the demons, but I started to feel the presence of the Holy Spirit within me. Exciting and wonderful things started to happen after the third day of the fast. God actually used me to help put a marriage back together. I could feel the Holy spirit directing me on what I must do and say.

Now I fast regularly to keep my spirit attuned with the Lord.

[Testimony by Randy Corbin](#)

*"I was able to hear from God better than ever before because my mind wasn't cluttered with all the junk of a normal day."*

On Sunday my Pastor quoted Matthew 6:16 where Jesus said "When you fast," with the emphasis on the word *when*, not if. He went on to say that biblical fasting has always been a part of Christianity just like prayer. So privately I decided to attempt a fast. Very few people who I talked to had ever fasted before. To be honest I was curious to see what would happen. I could not have imagined the remarkable journey I was about to initiate.

It all started with a six day fast. The first day wasn't that bad and there were no ill effects. But I could see no gain from it either. The second day was harder, it sounded like there was a war going on in my stomach. I felt tired and had a panicky emotion about me. Towards the end of the third day my hunger pains were gone and that is when I started focusing on Christ and spent 4 hours reading my bible. Also I noticed my energy level had picked up and I really started feeling closer to Christ. On the fifth and sixth days I could feel the presence of God in things that I had never experienced before. I can remember sitting on a large rock out in a field and it was if I could feel His presence. I ended my fast on the seventh day. I was at work but found a place where I could be alone with God. I served myself communion as my way of ending the fast. This first fast was only six days but I learned how fasting builds a relationship with God.

This small six day fast brought about questions. If I had gained so much from six days

what would happen if I went further? A few months later my pastor gave me the chance to answer that question when he asked us to join him in a forty day fast. I said yes. I knew what the first week was going to be like but in the weeks that followed neither I nor anyone else in my church knew what to expect.

First, here are some of the physical changes that I experienced:

- When you fast parts of your body get a chance to rest. The liver, pancreas, intestines and other parts all but shut down. This allows them to not only rest and detoxify but also healing. During my second long term fast I was healed of diabetes. All the years of garbage that has been building up in my body was gotten rid of from end to end, which resulted in a feeling of better mental and physical health.
- I lost an average of 1/4 to 1 pound a day. I wanted to keep my fast a secret from most people but I didn't want to lie to them either. If you drop 35-40 pounds in a little more than a month people are going to notice. I simply told them I was watching what I ate.
- Somewhere around the end of the second or third week my liver dumped its toxins and was passed in my stool about once a week. It was a very unpleasant smell.
- As body continued to purify itself there was a color change in my urine. This process continued during the length of the fast.
- All of my senses was multiplied. My sense of smell increased beyond belief. I can remember being able to tell one tree from another by its smell. Also things like perfume and deodorant actually became offensive as they were incredibly overpowering.
- My desire to eat went away.
- Noticed a strange odor coming from my breath.

What I gained spiritually was beyond description. You will feel closer to God than you ever have felt in your life. The desire to be alone with God will increase to an insatiable hunger. I was able to hear from God better than ever before because my mind wasn't cluttered with all the junk of a normal day. I learned to know the presence of God in a way that becomes constant and personal. You will also learn how out of balance your spiritual life can become when it's centered on the world.

Ending a long term fast can be physically challenging. Because of the great spiritual gain I actually found myself not wanting to eat again. If I learned anything from the fast it was to get alone with God regularly. If you want to boil biblical fasting down in a nutshell, it's a time to draw near to God.

During your fast you will have periods of great joy and battles of depression. These will teach things about yourself. These battles aren't brought about because of your fasting but are made known to you through your fasting. When you end your fast you will notice that these battles are still there but you will have learned that your source of strength and hope comes from Christ alone. There may be pleasure in a jelly filled donut but it often masks something that is missing inside. If you get too many of these false thrills out of life you can start to rely on them for your comfort instead of Christ. Your spirit will grow during a fast but it is up to you to maintain its growth after the fast has ended. Fasting teaches how much junk we have in our lives that we don't need. Jesus said "when you fast".

## Recent Barbaric Experiments in Medicine

Posted By [Dr. Mercola](#) | October 12 2010

The following scientific experiments are considered sick, unethical or just plain sadistic by today's standards:

- **1939 'Monster Study,'** which involved berating and ridiculing children.
- **World War II Porton Down Experiments,** during which military servicemen were exposed to toxic nerve agents.
- **Program F,** which involved saturating public drinking water supplies in Newburgh, New York with high levels of fluoride for 12 years.
- **1971 Stanford Prison Experiment,** a "mock" study of volunteer prisoners and inmates carried out in the basement of Stanford University that caused lasting psychological trauma to many study participants.
- **Milgram Experiment,** which studied the effects of authority on human behavior.
- **1950s to 1970s Holmesburg Dermatological Experiments,** which involved injecting Holmesburg prison inmates with cancer-causing chemicals like dioxin.
- **1950s – 1960s Project MKULTRA,** which involved the CIA giving LSD and other mind-altering drugs to uninformed test subjects.
- **1960s Willowbrook Hepatitis Experiment,** during which researcher Saul Krugman infected mentally disabled children with hepatitis B so he could develop vaccine for it.
- **1970s – 1980s Aversion Project,** which involved inhuman experiments like electroshock therapy, castration and forced sex-change operations among those suspected of being homosexual in South Africa's military.
- **1932 Tuskegee Experiment,** which involved 400 black men from Alabama with syphilis. Researchers did not inform them they had the disease (which allowed them to spread it to others), despite symptoms, and did not offer them treatment (even though it could have been treated with the development of penicillin in 1947).

An additional study, called the U.S. Public Health Service Sexually Transmitted Disease Inoculation Study of 1946-1948, **involved intentionally infecting Guatemalans with syphilis, gonorrhea or chancres. The U.S. government just apologized for the study in October 2010.**

The scientific experiments detailed in the links above are mind-twistingly, jaw-droppingly shocking. They make you wonder, "How could anyone ever conceive of doing something like these experiments?"

Well, that question may never be answered, as human experimentation not only existed well into the 20th century, **it's still going on today.**

**Right now, virtually everyone reading this is taking part in any number of unethical experiments you are not being told about, involving substances and technologies that stand to seriously harm your health.**

## Are You Taking Medication? You're a Guinea Pig

Remember [Vioxx](#), the arthritis drug that increases heart attack risk by 50 percent, yet was allowed to remain on the market despite early warning signs of the risks involved? Sixty thousand people died before it was taken off the market.

More recently, [as I discussed in yesterday's newsletter](#), Avandia has killed over **83,000 people** who thought they could cheat the sugar monster with it and failed. Shockingly, this drug is banned in Europe but still available in the U.S. The FDA finally decided to restrict its use in the United States last month, but it will still remain on the market, despite the steep known heart risks.

My point is, if you are taking one or more medications, you are often acting as an experimental guinea pig, despite the guise of safety. Clinical safety studies are limited in scope, and even if they were done ethically cannot possibly predict every outcome that could occur when a synthetically created drug is introduced into your specific body.

## New 'superbugs' raising concerns worldwide

By [Rob Stein](#)

Washington Post Staff Writer

Monday, October 11, 2010; 5:08 PM

Urinary tract infections, pneumonia and other common ailments caused by germs that carry a new gene with the power to destroy antibiotics are intensifying fears of a fresh generation of so-called superbugs.

The gene, NDM-1, which is apparently widespread in parts of [India](#), has been identified in just three U.S. patients, all of whom had received treatment in India and recovered. But the gene's ability to affect different bacteria and **make them resistant to many medications marks a worrying development in the fight against infectious diseases, which can mutate to defeat humans' antibiotic arsenal.**

**"The problem thus far seems fairly small, but the potential is enormous. **Subject:** How do I get rid a fever?

I'm trying to sweat it out and eat cayenne powder. Is there anything else I can do?

---

**Reply:** Fevers are our bodies natural way to kill infection as a elevated body temperature kills infections. Now if it is above 104 for an extended period of time you can rub peppermint oil on the bottom of the feet and this will lower the fever very quickly. Also see the attachment for more about this subject.

From my newsletter we read:

Most people are not aware of the role that **calcium** plays in our immune system. It is actually one of the chief fuels upon which our immune system runs on. White blood cells are the main tool our immune systems use to destroy foreign infectious invaders. White blood cells use calcium as the main fuel to propel themselves and destroy these invaders through a process called Phagocytosis. If we don't have enough **usable calcium** in our body, our immune system cannot ramp up, get to and kill these foreign infectious invaders. It's like having a guided missile, with no way of getting it off the ground. Consequently, if you have a low amount of usable calcium in your system, forget about having a strong immune system. It won't happen because it can't happen. And calcium is not something that can be manufactured in the body unless we leach it from our own bones, which over time would lead to osteoporosis. **One of the main signs we are deficient in Calcium during the throws of an infection, is a high body temperature or fever.** One of the things that got me into the alternative health field was a poorly functioning immune system. I have found one of the main components in building a strong immune system is keeping calcium reserves high in the body. The best product to accomplish this is **Calcium Lactate** by Standard Process. Before you ask about all the other calcium products on the market let me tell you why I recommend

this one. After this product is ingested it takes only one biological step in the body to convert calcium lactate into [active usable calcium which is Calcium Bicarbonate](#). Calcium Bicarbonate is the only form of calcium our bodies can use, and there is not another form of Calcium on the planet that takes less than one step to get converted to Calcium Bicarbonate. To give you an example, Calcium Carbonate (which is the calcium form used in Tums, Rolaids and most cheap drug store brand Calcium products) takes 13 steps to convert to usable Calcium Bicarbonate in the body. In addition Calcium Lactate by Standard Process is **not derived from milk**, so people that are lactose intolerant won't have a problem digesting this calcium. The only people that would have a problem with this product would be people who have too little stomach acid to digest calcium. As sufficient stomach acid is essential for the breakdown of not only calcium but protein, iron and several other trace minerals. If low stomach acid is a factor, [Zypan](#) by Standard Process should be taken with the Calcium Lactate and with food. Or as an alternative taking 1-2 tsp. or [organic apple cider vinegar](#) twice a day should do the trick. One other thing that is important when talking about calcium is the Omega-3 fatty acids which are high in flaxseed oil. You see the omega-3 fatty acids in flaxseed oil are necessary for healthy cell membranes and to transport calcium into the white blood cells, where the calcium is used to support cell motility (movement) and phagocytosis (killing the foreign infectious invaders). Of the Omega 3 good fats, flax seed oil is very important. But I usually only recommend [Linum B6](#) for women and [Cataplex F Tablets](#) for men, as flax is a very volatile oil and spoils very easily. Or Barleens Flax oil which you can get at most health food stores but make sure it is refrigerated and keep it refrigerated. It is a risky proposition buying flax oil off the shelf as it is hard to verify quality.

-----  
**Back to the main article:** If you're taking multiple medications, the potential repercussions are even more of a mystery. And don't even get me started on the [69 doses of 16 vaccines](#) that children are now expected to receive from the day of birth to age 18 -- completely uncharted territory!  
-----

The lies and manipulation used to sell the swine flu agenda have been exposed at every turn, from falsifying the figures to the Big Pharma operatives driving the vaccination policies of the World Health Organization and national governments. But times are changing and despite their deceit, in fact often because of it when that deceit was exposed, the people were not playing dumb. Only a fraction of the H1N1 vaccine ended up making war with the human immune system as the public rejected the hype and refused to stand in line with their sleeves rolled up.

This left governments with vast amounts of the vaccine unused and vast amounts of taxpayers' money was transferred from the public to Big Pharma - multi-billions of dollars - to 'fight' the 'pandemic' that never was. It must have been a major shock for the Control System to realize how the rules of its game had changed. Ever-gathering numbers of people were not going quietly anymore.

**So now they are back for another go, but this time they are using the softly, softly, tippy-toe approach by simply adding the swine flu vaccine to the seasonal**

flu 'shots' in the hope that they can gain access to our bodies while we are not paying attention.

**Don't make a fuss and maybe they won't notice.**

The new approach, which follows a recommendation by the Rothschild-Rockefeller World Health Organization, is based on the same principle that they use in hiding freedom-busting laws in among the fine detail of other legislation. **Instead of isolating the swine flu vaccine where it can be easily identified in its own right, they have created a flu vaccine cocktail in which the swine flu component is only a part.**

**Twins Die Minutes after Measles Vaccination**

**Posted By [Dr. Mercola](#) | October 13 2010 |**

*Nine-month-old twins in Ghaziabad, India reportedly died within minutes of receiving a measles vaccine.*

*Avika and Anika Sharma were given the vaccinations at a private nursing home by Dr. Singh. **Within about 15 minutes, both little girls were dead.***

*Dr. Singh disappeared shortly after the incident, which is under investigation.*

*According to Indian MSN News:*

*"The Indian Medical Association's local president Dr Santosh Aggrawal, who visited the hospital after the incident, confirmed that the health of the twins deteriorated after being administered the vaccine.*

*"The doctor had a fresh supply of the vaccine... Similar deaths have been reported from Kanpur and Lucknow," he added."*

*In related news, Australia is having vaccine problems of its own, as officials recently confirmed that the seasonal flu vaccine, Fluvax, caused convulsions in 99 children. The rate of seizures **was 50 times higher than would ordinarily be expected with a vaccine.***

Further, many drug studies do find risk of serious harm, only to cover up the negative findings and push the drug to market anyway. Every drug and vaccine has risks, and it's really a giant experiment to see who those risks will end up impacting first.

-----  
Let's face it. Drug companies have fiercely defended every single drug ever recalled as being safe and effective -- **until definitively proven dead wrong, and sometimes they still wouldn't fess up to their culpability.**

**Drug companies are ALLOWED to continue marketing their medications despite being caught lying, defrauding, even knowingly killing, time and time again, and it's all at your -- the guinea pig's -- expense.**

**You're Being Experimented On Even if You're Drug-Free ...**

Unfortunately, opting out of these gigantic, uncontrolled experiments is not as simple as passing on prescription and over-the-counter drugs. Fact is, **if you eat 70 percent of processed foods at your supermarket, you're also taking part in one of the most unethical human experiments of our time, because these foods contain genetically modified (GM) ingredients.**

**Just about EVERY species of animal that is offered a GMO food versus a non-GMO food will avoid the GMO one. Many times they will do this to the point of starvation, as they have an intuitive sense of the danger of these foods.**

Countless studies also show that GM foods cause very real, [very concerning health problems](#) related to fertility, birth weight of offspring, and infant mortality. Even the FDA's own scientists have stated that GMOs can also lead to allergies, nutritional problems, the creation of toxins and new diseases and should require long-term safety studies.

**But the fact remains that the United States is completely unwilling to implement the precautionary principle with regards to GM foods, which is incomprehensible in light of the findings we already have from animal studies.**

**Additionally, some 800 genetically engineered food applications have been submitted to the USDA, but not one single environmental impact statement has been prepared.** So not only are human health ramifications ignored, but the entire eco system is being jeopardized by this giant experiment.

### **Toxic Corn Chip that Creates a 'Pesticide Factory' in Your Gut**

To:

Date: Friday, October 8, 2010, 1:14 PM

By Jeffrey Smith

*The biotech industry is fond of bragging about their genetically modified (GM) crops that "resist pests." This conjures up images of insects staying away from GM fields.*

***But resisting pests is a euphemism for contains its own pesticide. When bugs take a bite of the GM plant, the toxin from the plant splits open their stomach and kills them.***

***The idea that we consume that same toxic pesticide in every bite is hardly appetizing. But the biotech companies insist that the pesticide, called Bt-toxin, has a history of safe use.***

*Organic farmers, for example, have used solutions containing the natural form of Bt-toxin—produced from Bacillus thuringiensis bacteria (or BT)—as a method of natural insect control.*

*Genetic engineers simply remove the gene that produces the Bt in bacteria and insert it into the DNA of corn and cotton plants. Moreover, they claim that Bt-toxin is quickly destroyed in our stomach; and even if it survived, it won't cause reactions in humans or mammals.*

### **Studies show otherwise.**

***Mice fed natural Bt-toxin showed significant immune responses and caused them to become sensitive to other formerly harmless compounds. This suggests that Bt-toxin might make a person allergic to a wide range of substances.***

***Farm workers and others have also had reactions to natural Bt-toxin, and authorities acknowledge that "People with compromised immune systems or preexisting allergies may be particularly susceptible to the effects of Bt."***

***In fact, when natural Bt was sprayed over areas around Vancouver and Washington State to fight gypsy moths, about 500 people reported reactions—mostly allergy or flu-like symptoms. Six people had to go to the emergency room. Now, thousands of agricultural workers in India exposed to GM Bt cotton***

**varieties are reporting those exact symptoms; they don't react to natural cotton.**<sup>12</sup>  
The Bt-toxin produced in the GM plants is probably more dangerous than in its natural spray form. **In the plants, the toxin is about 3,000-5,000 times more concentrated than the spray, it doesn't wash off the plants like the spray does, and it is designed to be more toxic than the natural version.**

*In fact, the GM toxin has properties of known allergens and fails all three GM allergy tests recommended by the World Health Organization (WHO) and others.*

### **More Unethical Experiments that are Ongoing ...**

We've covered drugs and GM foods, but I'm not done yet, because if you drink from the municipal tap water supplies in most of the United States, **you too are being experimented on, as that water contains intentionally added fluoride.**

The United States is only one of eight countries in the entire developed world that fluoridates more than 50 percent of its water supply under the guise that it will reduce the incidence of dental caries in children.

However, the health dangers of fluoride are so numerous, they far outweigh any potential benefit to your teeth. There is practically no difference in tooth decay between fluoridated and non-fluoridated countries, yet there are concerns that fluoride may be damaging people's bones, thyroid and IQ.

In 2003, the National Research Council (NRC) appointed one of the most balanced and objective panels of experts that have ever objectively investigated fluoride. They spent about three years studying it and determined that the current "safe" drinking water standard of 4 ppm (parts per million) set by the Environmental Protection Agency (EPA) for fluoride is too high and it should be lowered.

But in the years since, the EPA has not completed a new health risk assessment and thus we still live with this outdated and unsafe standard, even though the NRC study was specifically requested by the EPA.

**Fluoride is a drug. You can't get fluoride without a prescription! Moreover it is the main ingredient in rat poison.** Yet it's being added to your water supply on a mandatory basis at various levels that may or may not be safe for various individuals, especially children, the sick, and the elderly -- and you have no choice in the matter to be drugged or not.

### **The Mercury Experiment in Your Mouth**

If you have ["silver" amalgam dental fillings](#), I'm sorry to say that you, too, have been the subject of an ill-fated experiment.

In the words of Charlie Brown, president of the World Alliance for Mercury-Free Dentistry, **"Amalgam is a primitive, polluting, 19th century product that began when physicians were sawing off legs."**

The American Dental Association (ADA) continues to give amalgam (mercury) fillings their seal of approval despite the known fact that mercury is a potent neurotoxin that can damage your brain, central nervous system and kidneys.

A **single dental amalgam filling releases as much as 15 micrograms of mercury per day**, which is absorbed directly into your body. Canada advised dentists to stop placing amalgam in children and pregnant women in 1996 -- nearly 15 years ago! Denmark, Norway and Sweden have essentially banned amalgams. But in the United States, they're still regarded as the "gold standard" of dental care -- unfortunately once again at the expense of your health.

### **Do You Use a Cell Phone? Yep, You're a Guinea Pig Again**

No discussion of human experimentation would be complete without the mention of cell phones ... perhaps one of the most damaging "experiments" to hit modern man. Never before in history have humans been surrounded by the radiation and electromagnetic fields of the modern world, including those emitted by the cell phones some of us hold directly up to our heads for hours on end, day after day.

**Already, studies suggest that people who began using cell phones as teenagers may have a 400 percent increase in brain tumors after 10 years. So right now, you could be increasing your risk of brain cancer by talking on a cell phone, but the damage probably won't appear until it's too late.**

See, there is often a delay of several years to decades between science and public policy -- a time period that is critical in preventing irreversible health damage. By waiting for government regulations to change, it is often too late. Just as smoking doesn't cause immediate signs of cancer, the latency period for brain tumors from radiation can be 10, 20, or even 30 years.

It is still too soon for most cell phone-induced brain tumors to show up!

Cell phones have been widely used for only about a decade, so we haven't even hit the tip of the iceberg yet in terms of the REAL effects of cell phone exposure. If the cell phone popularity continues at its current rate -- or increases, which is likely -- we could be headed for a brain cancer epidemic, the likes of which the world has never seen.

### **Hidden health risk in mobiles: Phone giants accused of burying warnings in small print**

By [Sean Poulter](#) 10th October 2010

Mobile phone firms have been accused of concealing warnings about the health risks of using their handsets.

A warning that Apple's popular iPhone should be kept at least 15mm away from the body is buried deep inside the manual.

BlackBerry goes even further, saying customers should use their devices hands-free or keep them an inch from the body 'including the abdomen of pregnant women and the lower abdomen of teenagers'. Again, this advice is hidden in the instruction booklet.

All other manufacturers, including Nokia and HTC, carry similar small-print warnings despite insisting that holding mobiles against the ear and head is harmless.

#### **Are You Tired of Being a Guinea Pig?**

You have taken the first step to *opting out* of these dangerous, population-wide experiments being thrust upon Americans and much of the world ... and you did that by getting informed.

Use your knowledge as your shield to help you make wise choices for you and your family in regard to food, medications and technology. The more choices you make that let the government and other powers that be know you are not interested in being a guinea pig -- such as [buying only non-GM food](#) and using your cell phone only in emergencies -- the faster we can provoke real, worldwide change.

#### **If I Were Satan**

by Jim Lynn,

If you were Satan and your goal is to destroy as many lives as you could, what are the two institutions you could attack that would destroy more lives than wars and natural disasters combined? Here's what I would do:

#### **Phase One: Medicine**

If I were Satan, I would capture the medical industry and make it mine. For what other of man's institutions could potentially inflict more harm?

I would infiltrate medical colleges and teach students to treat disease symptoms, rather than teach them how to heal the sick.

I would teach medical students that chronic disease is the result of natural manifestation, and disclaim any correlation between disease and what one puts in ones body & one's spiritual state of being.

**I would create chemical drugs with lethal side effects, and tell medical students they must use only my drugs to treat their patient's disease symptoms. I would**

**tell students that natural substances can be harmful to the body and should not be used or trusted for treatment of the sick.**

I would find greedy men who could care less about the well-being of people, and set up a drug enterprise designed to keep sick people sick. I would advertise my drugs on TV so people will ask their doctors to prescribe them.

I would take body conditions like acid reflux, hormonal imbalance, sinus infections, high blood pressure, digestive disorders, osteoporosis, diabetes and make them a disease. That way, I could find more uses for my drugs.

I would be clever when using medical terms, so people will begin to believe their body cannot be trusted. I would use terms like, heart attack, spastic colon, and kidney failure.

Next I would mislead patients into believing they have a disease discovered through diagnosis; when in truth all they received is a specific diagnosis with a name. This will make it sound like the doctor has found a disease, and people can be "diagnosed" just in time to take a new drug of mine for the rest of their life.

Next I would use man's government to protect my medical interests and drug industry. I would set up a Food and Drug Administration, and use it to deny citizens any form of real healing. I would use this FDA to my advantage by making it unlawful for anyone to make health claims without scientific proof. Of course, I would also control the researchers, and medical doctors who publish results of research, so results are kept in my favor.

I would refuse my agents to investigate any claims that suggest a correlation between vaccines and disease and death rates.

## **Phase Two: Church**

If I were Satan, I would fill pulpits in churches with pastors who teach that God no longer heals the sick like people read about in the Bible. I would have these pastors teach that healing **must be** instantaneous to be called a miracle.

I would put fear of persecution and public ridicule in the hearts of church leaders were they to teach that God actively intervenes in this physical world or that natural remedies have any merit.

Over time, there will be very little knowledgeable and effective spiritual resistance to my induced sicknesses and disease. People will come to put more faith in medical knowledge than in the God of knowledge.

In this way, I can kill many millions of people because most people are raised up to respect the word and advise of medical doctors and preachers.

If I were Satan and wanted to destroy as many lives as I could, this is what I would do and how I would do it.
