**Ephesians 5:11, 13-16:** "And have no fellowship with the unfruitful works of darkness, but rather **reprove** them. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest**, and arise from the dead, and Christ shall give thee light. **See then that ye walk circumspectly**, not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

**Reprove:** To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

**Circumspectly:** Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

**Matthew 24:24:** "...if it were possible, they shall deceive **the very elect**."

**II Corinthians 2:11:** "Lest Satan should get an advantage of us: for we **are not ignorant** of his devices."

**II Chronicles 7:14:** "If **my people**, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

### ++ There Is Going To Be A Worldwide 24 Hour Attack By ISIS/ISIL

Wednesday, May 18, 2016 4:04

About 5 or 6 years ago my friends on Wall Street **warned me about Syria, and that I should always keep a careful watch on it**. On August 17th 2015 I posted a thread here titled: "**My Final Warning**"

**To You About The Last US President!” In that thread after warning about Obama, I posted the following:**

The second thing my buddies on wall street told me was to watch Syria, and to never take my eyes off of it! The details were that they will play a very big roll in the events leading to war.

**That was also a number of years ago before ISIS was even created.** I think they were best known in those days as Al Qaeda.

[Here is that thread](#)

Before I begin, there is no hard date set by those who will commit these events as they will give their instructions only at the last possible moment.

**Now yesterday I watched a video that disturbed me as it seemed to fit the old warnings from my buddies about Syria.**

This is what was basically said in the video: **The refugees we see being sent to every country is not what it looks like. They are ISIS sometimes with their families... men, women, and even their children.** (Of course not every family is part of the refugees being sent is ISIS.) But essentially it's all a cover story called "ASYLUM."

**They also said the plan is to have ISIS in every single country, state, city, and even village according to the population. The plan is to strike all within 24 hours across the entire globe, and to continue indefinitely.**

As I've already said, as far as my friends are concerned, **there is no date at the moment, because not everything is in place yet, and for protecting their plans, they will wait until just before they are ready to strike!**

Sorry I cannot tell you anything more, **but I felt it important to let everyone know that they will attack everywhere all at the same time to overwhelm the entire system.**

UPDATE 05/18/16: What I warned about in this thread has not happened yet. Everyone believed it did with the terror attacks in France, but that wasn't it. That was an isolated incident. Please read the title of this thread again.

**The refugees have been set in place in every country, city, state, and village as I have warned in the first post of this thread. You should now expect a global attack any time now before the election.**

**You have been warned!**

**Be careful out there. The attacks will happen during a business day and when your children will be at school to maximize disruptions while causing chaos.**

**Watch for drills before. I just have to share what I know is coming.**

**Sit down with your family and discuss what to do in the event of this coming attack. Talk details with the children and ask them to repeat the instructions given. If they are in school, tell them where and how to hide. If they should shelter in place, or flee the building.**

### **++ FBI is Enrolling Church Leaders, Social Workers and Community Leaders to Spy on You**

Posted: 15 May 2016 PM PDT--[Kristan T. Harris](#) | [American Intelligence Report](#)

**The FBI is expanding their operation and looking to enlist religious leaders, social workers, mental health professionals, and leaders in local communities in order to prevent terrorism**, North Jersey's *The Record* [reports](#).

The plan is to establish **a network of Shared Responsibility Committees (or SRCs) across America that would keep an eye out for potential rabble-rousers, a 4 page FBI letter** acquired by [the Intercept](#) implies.

The [document](#) states "the primary goal of an SRC intervention is **disengagement**," and the **"FBI's primary objectives in referring an individual to the SRC are to enable community partners to develop community-led multidisciplinary solutions and to build community resilience and foster greater community trust, while also fulfilling the FBI's national security and public safety responsibilities."**

Civil-liberties groups are upset over the FBI's connection to the committee, **predicting that SRCs will become "government informants," and that "private conversations could become part of criminal investigations."**

Law enforcement officials believe the organization is justified, [claiming](#), "it targets **not just Muslim extremists but also people influenced by U.S.-based extremist groups, and it seeks to help people before they turn to violence.**"

**How does the FBI intend to identify individuals who need rehabilitation? Local police forces across America are acquiring Real Time Crime Centers (RTCC) which use a "citizen ranking" system that compiles data from social media, smartphones and even pizza deliveries to compute your threat score.**

The FBI has adopted a similar style of policing **using a "\$1 billion Next Generation Identification project, which is creating a trove of fingerprints, iris scans, data from facial recognition software and other sources that aid local departments in identifying suspects,"** *The Washington Post* [reports](#).

**SRC members are required to "immediately notify the FBI of any civil, administrative, or criminal claim, complaint, discovery request, or other request for information of which the SRC member receives notice..." indulging the FBI with intelligence they've gathered.**

**Justifying the pre-crime tactics by SRCs, the agent said, "We want to get to him when he's 16 and not 20 and shooting up a place."**

### **Plan B to Stop the Trump Movement Is in Effect**

Wednesday, May 11, 2016--The vast majority of us in the Independent Media are thrilled that Donald Trump is the "presumptive" nominee for the GOP in the upcoming Presidential race. However, as I privately speak to my media colleagues, to some degree, **we all have the same foreboding. What should be a time of celebration combined with the hard work of getting ready for the challenges of getting ready to**

defeat the American Hitler of our time, Hillary Clinton, we instead are worried about what is coming.

I knew the moments that Trump appears to have won, that our real challenges would come our way. It is in that perspective that I figured out why Donald Trump has not been assassinated as was RFK at his high water mark. Magically, Trump has united a country around not accepting leadership that doesn't put Americans first. **This means stopping the devastating impacts of free trade agreements, stopping the inherent dangers associated with an unsupervised refugee-resettlement program, etc., etc.** The lead up to the primary nomination process made me fully realize how much "we the people" have become "we the Godless corporations" our country and government have become. I am shocked that so many people don't believe, or understand, how the globalist/corporate interests which run in opposition **to the American middle class are not going to go away. They are going to fight to keep what they have already won. Even if you do not support Donald Trump, if you are an American who supports "America first" kind of rehotric and are a member of any traditional part of the middle class, you are an enemy of the state and if the criminal elite get their way, you and yours will be done away with.**

**Prior to the full outbreak of hostilities which lead to the American Revolution, the British did what any occupying force would do, they tried to seize the guns from the disgruntled colonists. The British were only interested in taking guns and killing any opposition**

**to that endeavor.**

Today, America is fast approaching a new "Lexington and Concord", but this Lexington and Concord is not going impact two villages. **It is going to threaten every man, woman and child in the country. However, the globalists have shown their hand. They are after a lot more than our guns. They are after our way of life, our institutions, our faith in God**

**and if we do not conform to their flavor of tyranny, they are after us.**

**Massive military movements continue and this process seems totally independent of the Trump movement.**

Perhaps these massive military equipment maneuvers are mere preparations for World War III and they are not meant to be used against the American people. **However, the abovementioned does not explain away the UN vehicles that are present on our soil.**

**The United Nations is positioning for the takeover of the United States. These kinds of pictures are still being taken all across our Southern underbelly.**

Sometimes a picture is worth a 1000 words. **Traitor John Kerry, illegally signed the unconstitutional UN Small Arms Treaty which gave UN forces the authority to resurrect a**

multitude of new Lexington and Concord. This is coming, our enslavers are not going to let Trump and his people just grab the reigns of power. They are going to fight and anyone who does not understand this is naive.

The movie, *Amerigeddon*, to be released on May 13, captures a wide-cross-section of the threats facing the American people in the midst of the populist revolution we find ourselves in.

Who Comprises the Forces of Evil?

This an easy and uncomplicated question to answer:

1. All Fortune 500 corporations and their banks who make money off of free trade agreements and illegal immigration.
2. The same corporations that have a stranglehold on our health care (19% of the economy).
3. The corrupt politicians at any level of government who receive bribes (i.e. campaign donations) to look the other way as to what is happening to the country.
4. The media, whose job it is to propagandize the people into a state of absolute confusion so they are powerless to act in unison. Their main focus is to prevent the pre-condition of revolution from occurring, namely a universal shift in consciousness. This is something that the media has failed to accomplish in opposition to the Trump populist movement.

When Trump won in Indiana, on May 3rd, the Trump opposition forces appeared to have raised the white flag in unison. The GOP leadership declared Trump the winner. Even Megyn Kelly began to praise the virtues of the Trump family. The Indiana results were not that pivotal if the GOP was fully intent on stealing the election. Why the change of heart?

Today, it seems that nearly everyone connected to the nomination process is endorsing Trump, except for a few, like the Hillary Clinton of the GOP, Paul Ryan. Somebody flipped a switch... Victory was too easy and most of the bad guys “coincidentally” quit at the same time. There was a lot more that could be done to force a brokered convention and steal the nomination. **It was like all the “bad guys” quit on the same day because they have a Plan B!** This is no coincidence.

The sudden cessation of hostilities by the power brokers can only be explained by the fact that they have embraced a strategy that they feel will defeat this brand of Trump-inspired populism once and for all and stealing the nomination is no longer the line in the sand.

**What will this new plan consist of? Will it be a false flag which will be used as a form martial law control? I cannot say what the criminal elite have up their sleeves. However, we can bet on the fact that whatever is coming is designed to preserve the status quo.**

**The only thing we can say for sure, is that their plan will require the use of the military and foreign troops to enforce any dictate.**

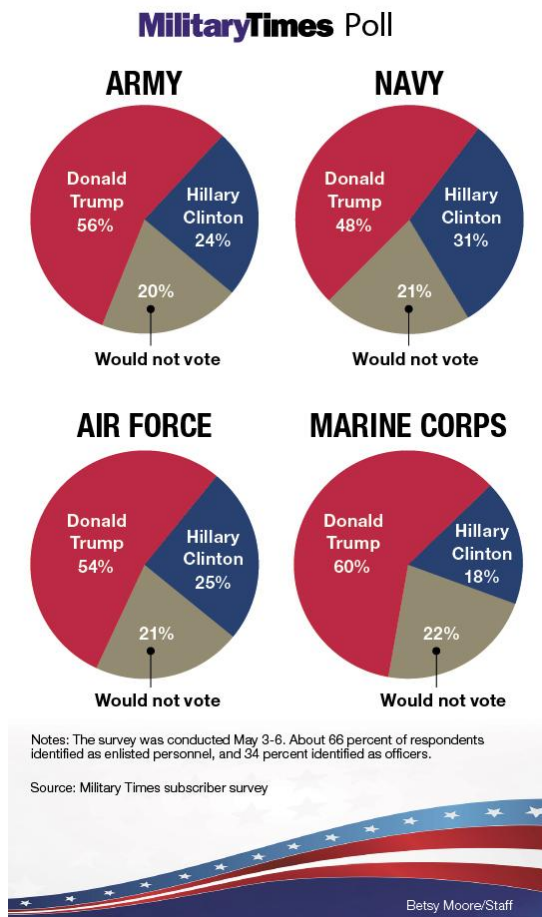

**What will the military do when this event happens? Will they side with our oppressors, or will they defend the American people?**

There were two recent polls taken of the political preferences of the today’s military and the results, from an American perspective, are encouraging.

Interpretation of Results

From a strictly American citizen perspective, these results are music to our ears. **On one side, the forces of American enslavement (i.e. Clinton and Sanders) are**

**overwhelmingly the least preferred option of would-be military voters. Trump's brand of America first values are favored by more than a 2 to 1 ratio. The study's participants consisted of about two thirds enlisted and one-third were officers. This is even better news because those giving orders are more likely to not fire on American citizens.**

#### Conclusion

I would like nothing better than to come before you and tell you that all we have to do is win an election and America will be great again.

**However, we are facing an enemy that is determined to protect what they have already stolen from the American people. I believe that the globalist minion forces will fight to the death. If we are unwilling to do the same, we will be wearing their bootprints on our collective faces. Yet, in this soon-to-be-winner-take-all, if we oppose the coming takeover, we will be facing the civil war to end all civil wars. I know that there are those who believe that this is fear mongering. For these observations to be fear mongering, they you would have to believe that the criminal**

**elite will suddenly acquiesce to the will of the people in the name of following the Constitution. I ask you, which is the bigger fairy tale? You better get ready because this coming train wreck is already in motion.**
