**Ephesians 5:11, 13-16:** "And have no fellowship with the unfruitful works of darkness, but rather **reprove** them. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest**, and arise from the dead, and Christ shall give thee light. **See then that ye walk circumspectly**, not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

**Reprove:** To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

**Circumspectly:** Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

**Matthew 24:24:** "...if it were possible, they shall deceive **the very elect.**"

**II Corinthians 2:11:** "Lest Satan should get an advantage of us: for we **are not ignorant** of his devices."

**II Chronicles 7:14:** "If **my people**, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

**I Thessalonians 5:6:** "**Therefore let us not sleep**, as do others; **but let us watch and be sober.**"

**Psalms 94:16&20:** "**Who will rise up for me against the evildoers? or who will stand up for me against the workers of iniquity?... Shall the throne of iniquity have fellowship with thee, which frameth mischief by a law?**"

**1Pe 5:8:** **Be sober, be vigilant; because your adversary the devil, as a roaring lion, walketh about, seeking whom he may devour:**

**Psalms 97:10:** "**Ye that love the LORD, hate evil...**"

## Why A Hillary Clinton Presidency Would Destroy The United States

Of all the 2016 presidential candidates, both Republican and Democrat, the worst one by far is Hillary Clinton. If she is elected to the presidency, her policies may bring an end to the United States as we know it. Here's just part of the reasons why:

### 1) Stacking the Supreme Court with liberal Justices

The most devastating effect of a President Hillary could be how it would impact the Supreme Court.

Assuming that Senate Republicans have the fortitude to delay a vote on President Obama's Court appointment,

the next president will be responsible for choosing the next four or five Supreme Court justices. By nominating younger justices, it is not an exaggeration to say that the next president will set the direction of the Court for the next 30 years.

We have to face a cold, hard fact here: **Supreme Court justices who were nominated by Democrat presidents unswervingly vote in a liberal way. They never, never, never deviate from their mandate to always decide in favor of progressive social**

**engineering.**

Republican nominees have a much less consistent record. For example Justice Kennedy, who was appointed by President Reagan, has the reputation of being the swing vote on liberal social justice cases. It was Kennedy who provided the majority vote in the *Obergefell* decision that legalized [same-sex marriage](#). Chief Justice Roberts, who was nominated by President Bush, voted in favor of Obamacare.

Social conservatives are very concerned that stacking the Court with liberal justices will forever enshrine abortion rights and same-sex marriage as the law of the land. They are correct to have this fear. **But a greater risk is of what is coming down the pike.**

**We've already seen the opening shots fired in the campaign to make pedophilia mainstream. With a majority liberal Court, the pedophiles will be able to achieve in eight years what it took gays decades to achieve.**

**As terrible as the social engineering will be, the next change will be even worse.**

### 2) Gun Confiscation

Liberals hate the Second Amendment. It has been their dream for decades to take away guns from the law-abiding public. They want to take away your guns so badly that President Obama even cried about it.

There has been one thing that has continuously stymied Democrat efforts to confiscate your guns—the Second

Amendment of the Constitution. **But liberals view the Constitution as a document that should be interpreted in whatever way is most suitable to**

**their opinions.** I would not be surprised to see a majority liberal Court decide that the right to bear arms is an outmoded vestige of our colonial past.

Although she has not made it a campaign promise, **Hillary has already expressed interest in using Australia's "gun buyback" method to confiscate guns in the US.** As soon as President Hillary is able to get a liberal majority on the Court, expect her to make gun confiscation a top priority.

Hillary's crusade against guns may be the spark that sets off a revolt in the US as a minority of Americans would rather fight than part with their right to bear arms.

**Pro 28:15: As a roaring lion, and a ranging bear; so is a wicked ruler over the poor people.**

### **3) Illegal Immigration-Particularly of Radical Muslims**

It is really difficult to get more liberal on immigration than most of the Republican candidates. Jeb Bush famously called illegal immigration an "act of love." And all of the Republican candidates except for Trump call for dramatically increasing legal immigration levels.

**In this department Hillary does not disappoint. Even comedian Bill Maher, a flaming liberal, mocked Hillary's ultra-liberal position:**

"There has been a real change with the Democrats... Mission Creep, I would call it. I understand their position was comprehensive immigration reform. Now, in front of Univision, it seems to have morphed into, "you get across that river, you're here to stay." Hillary pretends her position on immigration is because she just wants to help poor immigrants, **but there are two real reasons for her favoring wide-open borders.**

The first is that she wants to provide her big donors with an abundant supply of cheap labor. Illegals for the low-end and H1B visas for the higher end. Hillary shares this goal in common with the Republican establishment.

The second is that she wants to ensure her re-election and Democrat hegemony over the US for the future. Recent immigrants vote overwhelmingly Democrat. Obama received 71% of the Hispanic vote and 73% of the Asian vote. By letting in hordes of new immigrants, Hillary will change the US from a center right country into a full tilt, left-wing, multicultural hellhole. And it will stay that way—forever.

**Comment: The third reason is to further overburden the US economy with all the benefits these illegal's (& the families they bring over) receive which will (in part) lead to a eventual collapse of the US economy, which will give the New World order an excuse to form the North American superstate; which will be one of the 10 regions predicted in the Bible during the time of the tribulation. The fourth reason is all the diseases the illegal's are bringing over to further spread to the indigenous population of America, which will give elitists all the more excuse to eventually advance their vaccine programs. The fifth reason is to bring all there ungodly religions from Mexico and Central America like the Santa Muerte Death cult where they literally worship the angel of death. Whereas the illegal Muslims coming over are bringing more devil worshiping Islam into this country. They are trying to create the darkest possible spiritual situation with these open borders and they are doing it on purpose. The sixth reason is to let the fifth column illegal's (which are <in part> comprised of some of the most evil gangs on the planet like MS-13, the Mexican Mafia, etc...) and also the Muslims, Chinese and communists crossing the US border unchecked; so they will be at the bidding of**

the NWO when the green light is given to destroy America. *America is in the midst of a simmering crisis regarding illegal immigration and growing Islamist terrorism. What's happening in Europe will be our experience unless we address the problem responsibly and immediately.*

*Hillary's Party pushes amnesty, open borders, full work permits, full benefits leading to voting rights, support for sanctuary cities **and proposing a five hundred percent increase in Syrian refugees alone!** Vigilant screening and vetting of these refugees isn't realistic or even possible at this time so it has to be stopped.*

*Addressing the immigration problem with the accompanying influx of drugs, criminals, terrorists and competition for jobs requires firm competent leadership and responsible strategies to protect the homeland. Our country must enact a suspension of refugees entering from countries where terrorist activity is rampant. We must put in place a protective wall and proper border security before it's too late.*

*With radical jihadism on the increase in chilling ways, we must be proactive. Terrorist attacks in Brussels, Paris, Nice and beyond have jolted Europe. Japan is installing surveillance in suspicious Islamic areas. Leaders in the formerly touristy Calais, France, are demolishing sections of what has become a crime-riddled **"jungle" taken over by Muslims** in Europe's out-of-control migrant crisis. Former UK Prime Minister Tony Blair recently warned that millions of Muslims infiltrating localities hold beliefs **fundamentally incompatible with the modern world.** We simply cannot afford to be naïve in this critical area.*

<http://www.charismanews.com/opinion/heres-the-deal/59001-5-horrors-hillary-clinton-could-bring-upon-america>

**The seventh reason** to keep all the illegal drugs like heroin and Meth coming into America to demon infest the users & destroy the morality and will of Americans using these drugs. Some major players in this are the: Juárez Cartel, Sinaloa Cartel, Tijuana Cartel...

### **More Feminism**

**Hillary's eight years in the Senate are not marked by any notable achievements, and the defining feature of her tenure as Secretary of State was the terrorist attack on the U.S. consulate in Benghazi, which left four Americans dead. Hillary and Bill have had way over 100 people murdered (who knew too much or may of exposed them), and this is going all the way back to when Bill was the Governor of Arkansas.**

For these reasons because she cannot point to her own record (which is horrific), Hillary

has laid great emphasis on the fact that she is a woman. In an interview with [Time magazine](#) she pretty much said that **women are better at governing than men.** Whereas the Bible says: **Isa 3:12: As for my people, children are their oppressors, and women rule over them. O my people, they which lead thee cause thee to err, and destroy the way of thy paths.**

Because women comprise one of Hillary's two large voting blocs, you can bet that she will push feminism and grrrl power at every turn.

### **Racial Divisiveness**

Blacks comprise the second large voting bloc for Hillary. To keep the black vote in line, **Hillary will follow in Obama's footsteps and continue to fan the fire of racial animus. If Hillary is elected, expect to see many more cities burning down due to race riots. All the while, Hillary will use racial tensions as a wedge to increase the Federal & Military police state which is supposed to be reserved to the states.** Race relations in the US are a powder keg that is set to explode. Hillary is more than willing to light the match if it assures her a second term.

### **Conclusion**

I've left a lot out. I haven't mentioned the fact that Hillary is notorious for selling political influence. I haven't mentioned the email scandal or the fact that Hillary will continue the failed interventionist foreign policy of the Bush and Obama Administrations. To give every reason why Hillary would make a terrible president, I would need several volumes.

After 16 years of cynical and inept leadership under Bush and Obama, the US has already suffered immeasurable harm. Even with the best leadership, it is doubtful that the US will ever regain its prior status. The years of open borders, enlargement of the welfare class, and the destruction of the American manufacturing sector have inflicted permanent damage. Eight years of a Hillary regime would only accelerate the process of destruction. Her policies will aggravate every problem area and virtually guarantee that the United States will come apart.

## **Two Consequences of Clinton Claiming Commander-in-Chief**

1. **Abortion will become casual, commonplace and covered by tax dollars.** Hillary is supported by abortion providers like Planned Parenthood and aggressively promotes tax-funded dismemberment of children on-demand until the moment of birth (although 8 in 10 Americans would limit abortion to the first trimester). She admitted on Meet the Press that an unborn baby is a "person" and a "child" yet believes an unborn person doesn't have any constitutional rights". Her vice-presidential candidate has a 100% abortion rating from NARAL (National Abortion Rights Action League). Hillary's platform calls for overturning the Hyde Amendment—the law forbidding any tax-payer money for abortion passed by Congress in 1976.

**Proverbs 17:15:** "He that justifieth the wicked, and he that condemneth the just, even they both are abomination to the LORD."

**Isaiah 5:20:** "Woe unto them that call evil good, and good evil; that put darkness for light, and light for darkness; that put bitter for sweet, and sweet for bitter!"

2. **Mrs. Clinton's misguided, reckless, socialistic spending spree could finally collapse our economy.**

America's financial insolvency and its generational consequences spell out a disturbing reality: We are broke and living on borrowed time with an economic crash inevitable, unless we correct the trajectory NOW!

We are almost \$20 trillion in debt as Obama increased the national debt more than all the previous administrations combined. He boasts of a robust recovery, jobs and prosperity, yet it's not true. Saturday's headline in the Wall Street Journal says it all, "US in weakest recovery since '49" (7/30/16). America's economy is dismal: 1 percent economic growth!

To one-up Bernie's giveaways and garner votes, Hilary has endorsed universal pre-K, free college tuition, paid family and medical leave, subsidized abortions and childcare; expanding, not trimming, Social Security (last year's Social Security ran a deficit of \$70 billion!); raising the minimum wage to \$15 an hour (which will force scores of small businesses to lay people off); and free medical care and entitlements in the trillions, drawing in illegal immigrants as well! This is incredibly orchestrated political theater—a spectacle of seduction ignoring the storm warnings and luring in the unsuspecting, especially millennials, most of whom have no idea what socialism has done to destroy great nations. Even liberal leaning USA TODAY said of her free college tuition plan, "Clinton's costly college plan deserves a failing grade" (7/26/16).

Finally, Hillary will dramatically raise taxes (income, business, death, capital gains, etc.) not just on the rich but the middle class. Based on her own campaign figures, this amounts to a trillion dollars over ten years!

## Top 10 reasons why Hillary Clinton will DESTROY America!

May 11, 2016

- 1) Hillary Clinton has collected over \$100 million in bribes from foreign countries and ruthless dictators. She will pay them back by betraying America's interests.
- 2) Hillary Clinton is a Monsanto puppet who wants to shove toxic GMOs down the throats of all Americans.
- 3) She's also a vaccine holocaust denialist who thinks vaccines never harm any children.
- 4) Hillary Clinton would continue the disastrous economic policies of the Obama regime that have devastated low-income Americans and caused massive unemployment.
- 5) All her talk about supporting poor people is just political posturing. In reality, she just wants more power as a member of the political elite, while keeping the poor trapped in a cycle of government dependence.
- 6) Hillary Clinton would expand America's surveillance police state while targeting conservatives with punitive IRS audits or even criminal prosecution.
- 7) Hillary Clinton is beholden to the financial interests of the criminal banksters like Goldman Sachs.
- 8) Hillary Clinton viciously attacked all the women who accused her husband Bill of sexually abusing them. She was an "enabler" of a serial rapist, yet she somehow claims to stand up for women's rights.
- 9) Hillary Clinton is part of the same class of criminal political elitists that the Bush family belongs to: A cabal of arrogant, dictatorial power freaks who only see voters as pawns to be manipulated and abused.
- 10) She's a friend of Big Pharma and the mass psychiatric drugging of the population.

This form of "chemical dumbing down" is what causes some people to vote Democrat on election day.

**Breaking: [Kremlin: Clinton Victory Would Have Led to World War 3 Between Russia and USA..](#)**

**Vladimir Putin "If Hillary Clinton Wins, It's WAR!"**

Politics By [Amy Moreno](#) October 15, 2016

Hillary Clinton and Barack Obama have been poking the Russian bear for weeks now. **Hillary has threatened to BOMB Russia over cyber hackings and Obama (and Hillary) want a "no-fly zone" in Syria, something Russia has said that will take as an "act of war."**

So, it's no wonder that Putin and other high-ranking Russian officials are deeply and seriously concerned about a nuclear war.

*Hillary is a neocon warmonger.* Just imagine George W. Bush in a pastel pantsuit, and that's Hillary – **Only, Hillary is even MORE impulsive and far more reckless.**

**Putin has said, "If Hillary Clinton wins, it's war!"**

**Our relations with Russia have never been so bad as they are now.**

**We should be making peace and working to get along so we can focus on AMERICA, not stirring up more international tensions and inserting ourselves back into the Middle East in the Syrian debacle, when we have so many Americans suffering at home.**

From *Inquisitr*:

Hillary Clinton brings the real threat of war, not Donald Trump, according to Vladimir Putin, as election news has Russia gearing up for a possible attack. Hillary's image as a war hawk is lost on mainstream American voters, but Russia, Europe, and other nations saw a not-so-warm-and-fuzzy side of Hillary when she was Secretary of State, and the contents of Mrs. Clinton's intercepted emails has not served to soothe their fears.

**Vladimir Putin's open concerns about Hillary Clinton have put Russians and Romanians under a lot of stress. Putin was encouraged by Donald Trump's message that he was willing to work with Russian leaders.**

Vladimir Putin does not hide his opinion of Mr. and Mrs. Clinton. **They are both Satan in his eyes. Many older Russians blame Bill Clinton for the collapse of the Russian economy during the 1990s, while younger people have formed their opinions based on Russian media reports. *The Observer* reports Putin's words as he describes his view of Mrs. Clinton.**

**"First, there was Bush senior in power, then Bush junior. [Bill] Clinton was [U.S. President] two times in a row, now his wife has ambitions. Again, the family might stay in power. As they say in Russia, a husband and a wife are the same Satan."**
