Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather reprove them. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, Awake thou that sleepest, and arise from the dead, and Christ shall give thee light. See then that ye walk circumspectly, not as fools, but as wise, Redeeming the time, because the days are evil."

The 1828 Noah Webster Dictionary defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Circumspectly: Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

Matthew 24:24: "...if it were possible, they shall deceive the very elect."

II Corinthians 2:11: "Lest Satan should get an advantage of us: for we are not

ignorant of his devices."

II Chronicles 7:14: "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

Josh Tolley posted a disturbing [video on YouTube](#) this past week. In the video **Josh interviews a woman from Missouri who explains how refugees are flown in at night and given Social Security Numbers and Passports completely non-vetted.**

The woman started attending meetings last year sponsored by Missouri Social Services that are **under the auspices of the UN Refugee Resettlement Organization – the Office of Refugee Monitoring out of Washington D.C.**

It just struck me as curious how casual they were about the number of people that they were bringing into the state of Missouri and how they were being brought in and where they were going and the conditions under which they were being brought in.

The woman attended the meetings along with other agency personnel from around the state of Missouri as a requirement of their contracts related to refugees. **She went on to discuss the number of refugees coming into the state and mentioned that President Trump slowed the number of refugees coming into the US which was well within his purview.**

She stated that the refugees are not vetted:

Actually they are not vetted and they are not the safest people. We're being told through mainstream media that they are going from 12 to 18 months worth of vetting but in the meetings that I have attended I learned that **there was no vetting done at all. They were literally given plane tickets and put on a plane right away within 24 hours. And, they were put on the plane with the clothes on their back. Many of them come into country diseased. They come in with tuberculosis, leprosy, HIV, giardia, smallpox, polio – communicable diseases apart from giardia which is a parasite. They're coming in with communicable diseases – highly contagious diseases.**

The Obama Administration's immigration policies were insane. President Trump has already slowed immigration but as we can see there is still much more to be done.

Just some headlines from this week:

Coincidence? Obama Makes Surprise Visit to Hawaii 48 Hours Before Judge Blocks Trump Travel Ban | A ruling by a federal judge in Hawaii that blocked President Donald Trump's travel ban was announced less than 48 hours after Barack Obama made a surprise visit to Honolulu.

Hours before Trump's travel ban on individuals from six Muslim countries was set to go into effect yesterday, US District Court Judge Derrick Watson, who presides in Honolulu, slapped down the policy, citing Trump's comments on Muslims during the presidential campaign as part of his reason for blocking the ban.

Watson was nominated by Obama to the position in November 2012, having graduated from Harvard law school in the same year as Obama.

As the [Honolulu Star reported](#), Obama “made an unannounced return to Hawaii Monday,” just three months after his last official holiday visit as president, arriving with a small entourage that included a Secret Service detail.

Eagle-eyed [Reddit users](#) noted that Obama had dinner at the Noi Thai restaurant, **which is just minutes away from the courthouse and that Obama was, “likely within 5 minutes of the judge’s house at one point on the drive over.”**

PopSugar [reports](#) that Obama played golf but was “**still making time to take care of business**” as he met with tech leaders and that “**his return to politics might be sooner than we think.**”

[Bezos’ Washington Post Edits Headline to Protect Illegal Aliens on Food Stamps](#)

The Far Left Liberal Washington Post owned by [Billionaire Jeff Bezos](#) headlined an

article on March 16th stating:

Immigrants are now cancelling their food stamps for fear that Trump will deport them.

A short time later, the Liberal Mouth Piece edited its headline by omitting that immigrants are on food stamps and rather [blaming President Trump](#) for them going hungry: Immigrants are going hungry so Trump won't deport them.

Bezos' [@washingtonpost](#) quickly changed this headline as doesn't want you to know illegals are on

NCFIRE members and concerned citizens of NC: To bring you up to date, 170 illegal aliens have been charged with 592 child rapes/child sexual assaults/indecent liberties with a child, in just over the last 10 months in just North Carolina alone!!! Sadly Mexico is a beyond bad neighbor as it relates to our border by not controlling their side and allowing illegal immigrants and drug traffickers to routinely cross into the USA, by pushing sewage into our waterways as noted in the weblinks below, and by all the trash dropped by illegal immigrants into our national parks and border areas, as illegals cross into the USA in violation of our US immigration laws. See:

Mexican sewage routinely fouling San Diego beaches, ocean waters

During **the 17 days that 140 million gallons of raw sewage poured from Mexico into the Tijuana River and then into the ocean fronting several popular South San Diego communities, no Mexican official disclosed the potential health and environmental hazards.**

Despite the silence when the spill began Feb. 6, some 200,000 people living in South San Diego, Imperial Beach and Chula Vista knew there was something amiss. **Even a mile away from the Tijuana River they could smell the eye-watering, throat-burning, overwhelming smell of raw sewage. They'd eventually learn this was the worst sewage spill in the region in a decade.**

The spill resulted in several miles of beaches being closed for five to six weeks from the Mexican border north to the city of Coronado.

Illegal Immigrants Trash Border Lands With Tons Of Waste

A little-known side of the heated Mexican border security issue is that government workers risk their lives to clean up the huge amounts of trash left by illegal immigrants in secluded desert areas with rigorous terrain.

The job is becoming increasingly difficult and dangerous as illegal aliens use more remote paths to avoid stepped up enforcement along the vast U.S.-Mexico border.

Each year illegal immigrants leave behind an estimated 2,000 tons of trash—including soiled diapers, plastic bottles and abandoned vehicles—in public Arizona lands along the border, Darwin said, and it's becoming tougher to clean up the huge mess. "These are dangerous areas," Darwin told the panel. "These are known areas of illegal immigration, illegal drug trafficking."

The problem is so severe that the state created a special [web site](#) dedicated to trash along Arizona's 370-mile border with Mexico. **It includes pictures of southern border areas covered with piles of waste as well as alarming statistics. For instance, the**

thousands of tons of trash discarded by illegal immigrants annually is having a detrimental environmental impact and affecting the area's human health and the economic wellbeing.

Listed examples include strewn trash and piles, illegal trails and paths, erosion and watershed degradation, damaged infrastructure and property and loss of vegetation and wildlife. There is also lots of vandalism, graffiti and damage to historical and archaeological sites. Adding insult to injury, taxpayers pick up the exorbitant tab to clean it up.
