Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather **reprove** them. **But all things that are reprov**ed are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest**, and arise from the dead, and Christ shall give thee light. **See then that ye walk circumspectly**, not as fools, but as wise, Redeeming the time, because the days are evil."

The 1828 Noah Webster Dictionary defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Circumspectly: Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

Matthew 24:24: "...if it were possible, they shall deceive the very elect."

II Corinthians 2:11: "Lest Satan should get an advantage of us: for we are not ignorant of his devices."

II Chronicles 7:14: "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

++ Kremlin tells U.S. it's 'one step from war' as Trump warns he will hit Syria AGAIN after his attack on Russia's ally Assad triggers fears of World War Three

- **Russian Prime Minister Dmitry Medvedev denounced Donald Trump**
- **In the first direct American raid on Bashar al Assad's forces, US President authorised the firing of 59 cruise missiles at military airfield**
- **Officials said it was retaliation for Assad's use of chemical weapons**
- **US ambassador to UN: 'We are prepared to do more but we hope that will not be necessary'**
- **Vladimir Putin has now diverted warship the Admiral Grigorovich to protect the Syrian coast**
- **Syrian aircraft took off from al-Shayrat airfield on Friday in apparent act of defiance**

The Kremlin has warned the US it is 'one step from war' over Syria - but the Trump administration hit back by saying it would be prepared to carry out airstrikes again.

Russian Prime Minister Dmitry Medvedev denounced the US for attacking 'the legitimate government of Syria' and for allegedly breaking international law without the approval of the UN.

Mr Medvedev said: **'This military action is a clear indication of the US president's extreme dependency on the views of the Washington establishment, the one that the new president strongly criticised in his inauguration speech.'**

'Soon after his victory, I noted that everything would depend on how soon Trump's election promises would be broken by the existing power machine. It took only two and a half months.'

'The last remaining election fog has lifted. Instead of an overworked statement about a joint fight against the biggest enemy, ISIS, the Trump administration proved that it will fiercely fight the legitimate Syrian government'.

But the US President warned he would do it again after unleashing a surprise attack on the **Syrian** regime with a massive show of firepower.

++ Russia and Iran pledge to hit back against further Syria strikes as they blast US for 'crossing red lines'

The command centre for the two countries and allied groups released a joint statement today saying they would 'respond to future breaches of red lines with force'

Russia and Iran released a joint statement promising to respond to US aggression. The statement read: "What America waged in an aggression on Syria is a crossing of red lines. From now on we will respond with force to any aggressor or any breach of red lines from whoever it is and America knows our ability to respond well."

Iranian President Hassan Rouhani condemned "flagrant US aggression on Syria" following the missile strike on a

Syrian air base in response to a suspected chemical attack by the Syrian government on innocent civilians.

The Iranian leader, a key ally of Syria's Bashar al-Assad, called yesterday for an impartial investigation into the chemical attack that killed at least 70 people.

Wagging the Dog Jared Kushner Style..."Some may ask why I wanted Kushner gone? Simple, his main business partner is George Soros. Need I say more?"

Anyone who has followed American foreign policy for any length of time, is very familiar with the term “wag the dog”. **And anyone who has followed President Trump’s abandonment of his campaign pledge of not being the world’s policeman is intimately familiar with the anti-American policies of Jared Kushner.** The combination of the two have brought the US to the brink of World War III against Russia, China and North Korea. Trump’s daughter may not need a divorce, but Trump certainly does and it did not involve kicking Bannon to the curb. The wrong dog got kicked. **Traitor Kushner needs to go. Already because of Kushner’s influence we have seen Trump lose the support of people like Paul Joseph Watson and Michael Savage among other notables. Kushner is pure poison and he is the straw that will stir the drink called World War III.** The United States has a vested interest in protecting Israel, both from a geopolitical standpoint and a moral perspective. **However, that does not mean that we bend to every Israeli desire and allow their operatives, such as Kushner to force the White House to pursue reckless policies which are not in the national security interests of the United States and in the interest and safety of the American people.** All things considered, Israel is an ally, but they are not our masters **and Kushner is a foreign operative who is working against the interests of the United States and he is obviously having undue influence on President Trump. And for whatever reason, Trump has allowed himself to be manipulated into a war posture when it was not necessary.**

So long as Kushner remains in the White House, I think outspoken opponents to the attacks in Syria, such as Ron Paul, are in extreme danger. Why do I believe this? **Because I have had two trusted, highly credible sources tell me that Kushner works for the Mossad and that Israel desperately wants war with Syria in order to eliminate the Syrian threat. With Syria out of the way, the Iranian crisis, from an Israeli perspective becomes more manageable and this also reduces the threat of Israel being caught in a two-front war. Part of me empathizes with this viewpoint as Israel lives under constant threat of annihilation. However, a war with Syria brings Russia into the equation and things could spin out of control very, very quickly. Therefore, both my sources and I believe that a war in Syria is not in our country’s best interest. And if we go to war, we are following the dictates of the globalists and their neocon minions.**

Trump’s Son In Law Jared Kushner Owns 666 Fifth Ave That Houses Lucent (AKA Lucifer) Technology Dedicated to Making Implantable RFID Chips

The [Kushner Companies](#)’ purchase in 2007 of 666 Fifth Avenue, an aluminum-clad office tower in Midtown [Manhattan](#), for a record price of \$1.8 billion [is considered a classic example of reckless underwriting](#). The transaction was so highly leveraged that the cash flow from rents amounted to only 65 percent of the debt service.

Jared Kushner’s purchasing of the 666 5th Ave building in NYC and connection to Lucent Technologies (a RFID chip manufacturer) is very disturbing. His brother, Joshua Kushner, owns two healthcare companies, one named **OSCAR**. These startups are listed under Health insurance options under **Obamacare**. One of these companies’ missions is to microchip their clients.

This is all too weird, given Jared Kushner's role in foreign policy AND Revising Obamacare.

Mossad is the "Institute for Intelligence and Special Operations", is the national intelligence agency of **Israel**.

But if you think God is done with the Jews just read Romans 11:

But the Bible also says:

TOOLS [Gal 3:26](#)

¶ For ye are all the children of God by faith in Christ Jesus.

TOOLS [Gal 3:27](#)

For as many of you as have been baptized into Christ have put on Christ.

TOOLS [Gal 3:28](#)

There is neither Jew nor Greek, there is neither bond nor free, there is neither male nor female: for ye are all one in Christ Jesus.

TOOLS [Gal 3:29](#)

And if ye be Christ's, then are ye Abraham's seed, and heirs according to the promise.

'It's No Coincidence': Pentagon Attacks Syria After Bannon's Removal From NSC

It's no accident that the Pentagon launched an unprecedented airstrike against Damascus hours after President Donald Trump removed White House Chief Strategist Steve Bannon from the National Security Council, Cornell Clayton, Director of the Thomas S. Foley Institute of Public Policy and Public Service at Washington State University, asserted.

"I suspect that [Bannon's] anxiousness about being on the council, in the Principals Committee in particular, was to shape the messaging of US foreign policy towards a more nationalist perspective," Clayton noted, saying this trend has most likely been reversed after the reshuffle. "For instance, we see the strike yesterday in Syria. That's something [Bannon] would have been very much opposed to. I don't think it is a coincidence that Bannon was removed and you see that kind of internationalist policy decision being made right after he was removed."

The NSC reshuffle, which took place Wednesday, **also saw General Joseph Dunford, Chairman of the Joint Chiefs of Staff, and Dan Coats, Director of National Intelligence, being reinstated to the Principals Committee, while Homeland Security Adviser Tom Bossert was demoted.**

UPDATE: Trump NKorea Options Include Nukes in South, Kim Assassination...

The National Security Council has presented President Donald Trump with options to respond to [North Korea's nuclear program](#) — **including putting American nukes in South Korea or killing dictator Kim Jong-un, multiple top-ranking intelligence and military officials** told NBC News.

Both scenarios are part of an accelerated review of North Korea policy prepared in advance of Trump's meeting with Chinese President Xi Jinping this week.

The White House hopes the [Chinese will do more](#) to influence Pyongyang through diplomacy and enhanced sanctions. **But if that fails, and North Korea continues its development of nuclear weapons, there are other options on the table that would significantly alter U.S. policy.**

Update: A U.S. Navy strike group will be moving toward the western Pacific Ocean near the Korean peninsula as a show of force, a U.S. official told Reuters on Saturday, as concerns grow about North Korea's advancing weapons program. **The destroyers and the cruiser are equipped with the Aegis missile defense system that can shoot down ballistic missiles like North Korea has been testing.**
