Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather **reprove** them. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest**, and arise from the dead, and Christ shall give thee light. See then that ye walk **circumspectly**, not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Circumspectly: Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

Matthew 24:24: "...if it were possible, they shall deceive the **very elect**."

II Corinthians 2:11: "Lest Satan should get an advantage of us: for we **are not ignorant** of his devices."

II Chronicles 7:14: "If **my people**, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

++ Growing Crisis, Coming White-Genocide in South Africa

Wednesday, March 7, 2018 13:57

I am forwarding this desperate plea which was just received from one of our correspondents in South Africa. He is not a beggar, but is simply hoping to be heard,

and hoping that somehow someone with authority in the American government will speak up on behalf of his people.

These people deserve our help. They are our kinsmen, and are in danger of annihilation as it stands right now. If these Christian people were to become American citizens, they would contribute greatly to the betterment of America, and would NOT drain us of our resources as so many of the

heathen immigrants have done.

Please read the earnest plea below, written by someone who is there and is living the nightmare, and forward to as many people as you can. They are our kinsmen and many of them will not make it if their land is taken from them.

Subject: **The Growing Crisis and coming White-Genocide in South Africa**

Dear Pastor K.

I write to you today, with a very heavy heart, but with the hope that you might be willing to help raise awareness in the US for

the desperate situation in South Africa.

As you might be aware, the ANC government in South Africa has recently passed a motion in parliament by which they intend to seize all white-owned farms in South Africa – without any compensation. It's all part of their insidious, communist plan to ultimately destroy all white South Africans and in particular the Afrikaans-speaking white community known as the "Afrikaner". Of course this new law will pave the way to ultimately strip the White man of all his property & possessions. Their ultimate goal is to completely annihilate us as a people. It's as simple as that. The ANC government has essentially declared war on the Afrikaner by attempting to legalize the wholesale destruction of the white minority in South Africa.

This morning I read on Newsweek that a petition is being signed by thousands of white South Africans in which they ask President Trump to please help white South Africans to emigrate to America as refugees. I have no idea if President Trump will even respond to it, as this could become a "sticky issue" for someone who is currently committed to stopping the flow of illegal immigrants into the US; but if anyone can help, he can. This crisis needs his urgent attention as the situation for our people in South Africa is getting worse by the day. Farm attacks

are especially bad, with white farmers being slaughtered without mercy. Whole families are being wiped out and nothing is being done to stop it. The liberal, government-controlled newspapers are not reporting these murders, so the rest of the world is not aware of the real extent of these gruesome crimes. Our people are really in a very desperate situation, where total annihilation is now a reality staring us all in the face.

Through your reputation, I know you to be a bold and fearless preacher, one who won't hesitate to call a spade, a spade. **From my side, I just want to raise as much awareness in the US for our people's desperate plea and our desperate situation. Would you be willing to help me in raising awareness of the South African crisis in some way? Perhaps you can also arrange for a petition to be drawn up in the US, so that the US government is forced to take note of what's happening in South Africa and to speak-up on this terrible injustice being committed. Ultimately, I'm hoping that President Trump himself would speak up about this tragedy, as even a criminal government like the ANC would tread carefully around a man like President Donald Trump if he openly & publicly condemns this horrific injustice against the Afrikaner. They would be forced to sit-up and take heed of his disapproval and hopefully re-think this despicable criminal act.**

Comment: South Africa is a Beta Test for all whites in the world regardless of what country you live in!!!!

In the good old days, when South Africa was governed by our own people, under strict Christian principles, the rest of the liberal world were doing everything in their power to distort the truth and to petition their respective governments to force the white South African government to change their policies and start negotiating with these terrorists. Back then, the liberal world considered the ANC to be so-called "freedom fighters", when in fact they were nothing more than terrorists. Over several years and through the eager efforts of countless liberal & socialist organisations and even socialist governments, South Africa and the Afrikaner was betrayed from within. After decades of peace & prosperity in South Africa, the country and her people, were suddenly left to the mercy of bloodthirsty terrorists. The result of that disastrous act is now very evident – except today nobody in the outside world seems to care anymore about South Africa or the ever-dwindling white minority trying to survive in the country that their Christian forefathers founded more than 360 years ago. **The White man in South Africa, it seems, has served its purpose and is now dispensable in the eyes of world, but NOT in the eyes of our Heavenly Father who founded this once great country with Christian Protestants & Huguenots who, ironically, were also forced to flee from the tyranny being perpetrated against them in Europe. Unfortunately we are now facing another form of tyranny here in South Africa, but this time the majority of our people have nowhere go. The majority of white countries, it seems, are just not interested in helping their fellow kinsmen in South Africa. All white South Africans are desperately looking towards their fellow kinsmen with the sincere hope that our desperate plea would be heard and that help would finally come, but who out there will hear our cry and who will answer our call for help?**

President Trump has many supporters in South Africa and many are hoping he would come to our aid. I realize, however, that President Trump, as a man, is far from perfect, BUT yet he is showing more integrity, courage and guts than any of his predecessors.

I'm therefore hoping and praying that he might act on his conscience and good sense to boldly speak up against the ANC, their heinous laws and the complete injustice being perpetrated against the defenseless white minority in South Africa.

Please prayerfully consider what I've shared from my heart with you in this letter. Our people are in a desperate place and we urgently need help. We will not survive this blatant onslaught without the help of our fellow kinsmen in America. The Afrikaner and the White man of South Africa urgently need the help of our fellow Christians or else the Afrikaner will soon only be a sad and tragic memory in the long and troubled history of mankind.

Thank you for your understanding and may God bless you!

B.B.

This is a great example (from one of my listeners no less) of how satanically warped a person's mind can become:

Dude....South Africans are taking back their land that was raped from them during colonization. They are taking back their land to farm their land...not just leave it barren.

You are lying. You're losing your mind and showing extreme mental instability. There are many African countries that are stable and prosperous. You yelling and screaming lies on your audios about Africa and Africans is comical because it's so easily disproven. People like you think Blacks can't do anything good without you...which is comical, stop bitching and moaning so much dude. **Your people are simply reaping what you have sown the past few hundred years. So now you resort to the whole "raping white women" thing...** what about white on white crime? What about massive levels of opioid overdoses for whites in America? What about massive levels of white suicide? Worry about that instead of Africa buddy...remember how you told us to worry about "Chicago"...lol....now you worry about your own people's self-inflicted rape, drugs, and suicide problems.

Love your justifications for your own Satanic thought processes Dante!! This has nothing to do with white crime statistics, **this has to do with the black on white crime statistics (in this case in South Africa) which are so out of proportion is defies the imagination, but the mass media is totally silent about this and the black on white crime in America. Ok then Dante so what you are really saying is that the killing all the white farmers, torturing them and raping their families is a good thing and somehow justified in your Satanically warped mind??!!!!**

Racist Activists Say: White People Should Kill Themselves to Atone For 'White Privilege'

This debate (about whether white people should be exterminated) was held at Harvard University. The pro-genocide activists, Damiyr Davis and Miguel Feliciano, are from the University of West Georgia.

The topic of the debate was supposed to be renewable energy — not race. The white team chose to advocate wind turbines. Instead of addressing that issue, the black debaters began arguing that all whites should kill themselves and that their white opponents should die.

This was NOT a position that was assigned to them in class. They claimed that their pro-genocide movement was *REAL POLITICAL ACTIVISM.*

Can you imagine if a white team began openly advocating black genocide? Would that be acceptable? They would be kicked out of school and their lives would be ruined.

Yet black students at every major university in the country, including Harvard, Yale, and Johns Hopkins, have joined the "Black Liberation Collective" which endorses the murder of whites: <http://i.imgur.com/FBjnaN9.png>

++ SYNAGOGUE OF SATAN'S GENOCIDE OF THE WHITE RACE & CHRISTIANITY IS BEING IMPLIMENTED TO USHER IN THEIR AWAITED MESSIAH AKA THE ANTICHRIST

I'm going to take us back to 1922, and ask you this question, have you ever heard of Richard Nikolaus von Coudenhove-Kalergi?

Richard Nikolaus von Coudenhove-Kalergi, was a Mason and President of the Pan-European Union (founded in 1923 and subsequently financed by the Jew, Max Warburg*), who wrote the following passages in his book, "Praktischer Idealismus, (Practical Idealism)"

"The man of the future will be a mongrel. Today's races and classes will disappear owing to the disappearing of space, time, and prejudice. The Eurasian-Negroid race of the future, similar in its outward appearance to the Ancient Egyptians, will replace the diversity of peoples with a diversity of individuals."

While Obama and the Praetorian Media's cadre of Leftists scream about the Confederate Flag being 'offensive' and 'Right Wingers' being domestic extremists – SILENCE from the same when there are calls for the mass

slaughter of Whites in America.

I keep warning about the increasing signs of an impending genocide being openly discussed and planned in America by Leftist ideologues of various stripes.

Official government documents refer to White Conservative Christians who oppose abortion as 'potential domestic terrorists', and classify Right Wing Conservatives and returning vets as 'Extremists'. Ideologues have called Southern Whites 'Monsters' and a bigger threat to the country than Jihadist Islam. Some media hacks are demanding the entirety of Southern ethnic culture to be eradicated, along with whites.

Now that life is cheap and government-funded organizations are killing babies by the tens of millions and selling their harvested parts for profit, what does it matter that other 'undesirables' and 'threats' to 'society' are suggested to be eliminated?

I hope all is well with you and Taylor, and you guys had a wonderful Thanksgiving....**Lastly, as one of your black listeners you are spot on with the lack of attention on black on white violence. My husband and I find it completely unacceptable, and anytime that we mention it to blacks that tell us that we have**

self-hate or call us Uncle Tom etc. I have found that blacks never want to take responsibility for any wrongs in our community, instead we find it easier to blame others (whites, police officers, the system, Trump, etc.) for our constant string of bad choices. Even the so-called Christians. When I mention that Obama is not Christian and an awful human being or I cannot support Black Lives Matter because their foundation is corrupt from their lesbian founders I am shunned. I am convinced that blacks refuse to judge themselves and call out their wrongs, so when others do the judging for them they are considered the bad guy. Guess they skipped over those Bible verses. J

Back to Scott Johnson's Response to this Listener: This is all just in my imagination though Dante, but me (as a white person) can't say a thing about this even though they are verifiable facts....**Not condemning all black people**, but you are the one that is crazy if you think what is going on in South Africa is a good thing. **Let's see how well you do once all the white farmers (who produce the majority of your food) are gone!! I am sure South Africa will turn into a blissful utopia!!! I also played a huge clip from a black pastor (who I complimented over and over again) in the broadcast I put up yesterday.**

I see you didn't respond to my reply. Figures. You race soldiers always run and hide when the truth comes out. **Now as far as rape, prove these REAL statistics wrong...with facts. White men are the biggest rapists on the Earth besides the Arabs, and Black men are rarely if ever raping white women, whom we don't even find physically attractive. All the evil you devils have done against Black people is simply returning upon you in the form of weakness, drug addiction, suicide, moral decay, financial ruin, and white on white violence/rape. So keep running your mouth and screaming like a psychopath, there's nothing that you will or can do to stop the progression of Black people. Those days are over.**

Scott Johnson's Reply:

What about interracial crime, white-on-black attacks and the reverse? After researching **the FBI numbers** for "Suicide of a Superpower," this writer concluded: **"An analysis of 'single offender victimization figures' from the FBI for 2007 finds blacks committed 433,934 crimes against whites, eight times the 55,685 whites committed against blacks. Interracial rape is almost exclusively black on white — with 14,000 assaults on white women by**

African Americans in 2007. Not one case of a white sexual assault on a black female was found in the FBI study.”

When Holder delivered his 2009 “nation-of-cowards” speech blaming racism for racial separation, Manhattan Institute’s Heather Mac Donald suggested that our attorney general study his crime statistics.

In New York from January to June 2008, 83 percent of all gun assailants were black, according to witnesses and victims, though blacks were only 24 percent of the population. Blacks and Hispanics together accounted for 98 percent of all gun assailants. Forty-nine of every 50 muggings and murders in the Big Apple were the work of black or Hispanic criminals.

New York Police Commissioner Ray Kelly confirms Mac Donald’s facts. Blacks and Hispanics commit 96 percent of all crimes in the city, he says, but only 85 percent of the stop-and-frisks are of blacks and Hispanics.

And these may involve the kind of pat-downs all of us have had at the airport. Is stop-and-frisk the work of racist cops in New York, where the crime rate has been driven down to levels unseen in decades?
