Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather **reprove** them. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest**, and arise from the dead, and Christ shall give thee light. See then that ye walk **circumspectly**, not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Circumspectly: Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

Matthew 24:24: "...if it were possible, they shall deceive **the very elect**."

II Corinthians 2:11: "Lest Satan should get an advantage of us: for we **are not ignorant** of his devices."

II Chronicles 7:14: "If **my people**, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

[Bible Verses on Preparing for Hard Times & Evil and the Mindset Christians Should Have](#)

Pro 10:5: He that gathereth in summer is a wise son: but he that sleepeth in harvest is a son that causeth shame.

Pro 6:6 Go to the ant, thou sluggard; consider her ways, and be wise:

Pro 6:7 Which having no guide, overseer, or ruler,

Pro 6:8 Provideth her meat in the summer, [and] gathereth her food in the harvest.

Pro 22:3 A prudent [man] foreseeth the evil, and hideth himself: but the simple pass on, and are punished.

1Ti 5:8 But if any provide not for his own, and specially for those of his own house, he hath denied the faith, and is worse than an infidel.

Pro 10:2: Treasures of wickedness profit nothing: but righteousness delivereth from death.

Pro 10:3: The LORD will not suffer the soul of the righteous to famish: but he casteth away the substance of the wicked.

Mat 6:31 Therefore take no thought, saying, What shall we eat? or, What shall we drink? or, Wherewithal shall we be clothed?

Mat 6:32 (For after all these things do the Gentiles seek:) for your heavenly Father knoweth that ye have need of all these things.

Mat 6:33 But seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you.

Mat 6:34 Take therefore no thought for the morrow: for the morrow shall take thought for the things of itself. Sufficient unto the day *is* the evil thereof.

Phl 4:6 Be careful for nothing; but in every thing by prayer and supplication with thanksgiving let your requests be made known unto God.

Phl 4:7 And the peace of God, which passeth all understanding, shall keep your hearts and minds through Christ Jesus.

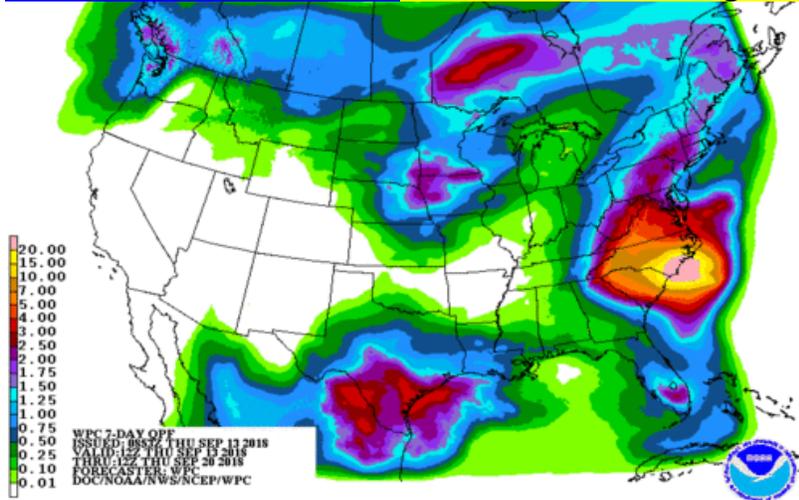

In May, A FEMA 'National Level Exercise' Simulated A Hurricane Which Devastated East Coast, Took Down The Grid And Severely Damaged Nuclear Power Plant

In this [September 11th story over at WTOP in Washington DC](#), they report that just months ago, disaster planners for FEMA along with the Argonne National Laboratory conducted a simulation of a Category 4 hurricane striking along the middle of the East coast, with fictional '*Hurricane Cora*' barreling into southern Virginia and up the Chesapeake Bay, actually striking Washington DC.

Reporting that the result was catastrophic damage as Cora devastated the East coast, knocking out power to gas stations all across the mid-Atlantic, taking down much of the electrical grid, sending debris into major shipping channels and damaging a nuclear power plant while creating Hurricane Katrina-like flooding across huge areas, Joshua Behr of Virginia's Old Dominion University reported "*What they were trying to do was create a worst-case scenario, but it's a very realistic scenario.*"

Behr, a research professor involved in disaster modeling and simulations, also claimed "*what I fear is that saturation, combined with a storm that kind of stalls out*", exactly what [we're now seeing with Hurricane Florence](#) as the monster weakens and

bogs down, prepared to deliver what some have called 'biblical rains' and flooding to North Carolina and wherever else it goes.

And with some areas along the North Carolina coast now forecast to receive at least 20" of rain as seen in the image above as Florence stalls and dumps potentially record rainfall in that region, we take at what could be a very important look back at [this 2011 story over at WECT in North Carolina.](#)

As they reported, the Brunswick Nuclear Power plant, one of the oldest in the country, had previously been flagged for a possible flooding issue, with the US Nuclear Regulatory Commission stating these absolutely crucial words: "The violation involved the failure to identify and correct issues in the fuel oil tank rooms that made them more susceptible to flooding during a hurricane. The emergency diesel generators are used to power cooling systems for the reactors, should the plant lose power off site." <<Comment this is why this power plant was targeted

And with Brunswick Nuclear Power plant almost directly in the center of the 'pink bullseye' we see above, and absolutely in the 'line of fire' of Hurricane Florence, and forecast to get 20" of rain or more and a massive storm surge, the fact that Brunswick is only about 2 miles away from the ocean and sits at 20' above sea level is absolutely a concern, especially considering they've already been flagged at least once for violations that involve flooding, and the ability of the plant to keep it's cooling system active should they lose power from the grid.

Nuclear Plant Flagged For Flooding Issues... ...Now In The 'Line Of Fire' Of Hurricane Florence Brunswick Nuclear Plant flagged for possible flooding issue

BRUNSWICK COUNTY, NC (WECT) - The U.S. Nuclear Regulatory Commission says fuel oil tank rooms that serve the Brunswick Nuclear Plant's emergency diesel generators were not properly protected from possible flooding. According to a news release from the NRC, this is a finding of "low to moderate safety significance" and will lead to increased inspection of the facility.

On the safety significance scale, this is a "white" finding, which is one step up from the lowest safety level of green.

The NRC release says the violation involved the failure to identify and correct issues in the fuel oil tank rooms that made them more susceptible to flooding during a hurricane. The emergency diesel generators are used to power cooling systems for the reactors should the plant lose power off site.

An inspector from the NRC detailed the finding a report on November 29th. Company officials didn't contest the finding and didn't discuss the issue during a regulatory conference. They have installed new sealant material to close openings on the oil tank rooms and constructed barriers to limit possible wave run-up to the facility.

The NRC says this finding will lead to more oversight for the Brunswick plant, including a supplemental inspection.

'FAKE' WIND AT WEATHER CHANNEL

A twitter user captured a Weather Channel reporter struggling to stand upright and seemingly holding onto dear life — until the camera pans out a bit and captures two people casually strolling in the background. "This is about as nasty as it's been," Weather Channel reporter Mike Seidel says as he appears to be losing his footing — or just shifting his footing dramatically.

This thing is so much less than what they were predicting. It is just coming ashore now and the gusts are only 80mph with sustained winds of 45mph, yet the weather channel says it is a cat 1 hurricane with sustained winds of 90mph. All lies! I am literally listening to the live feed from Charlotte news. The weather men/women were all so disappointed yesterday when they realized it was not going to be a Cat 5-6 coming onshore and killing everyone and taking out the nuclear reactors. This is a true testament to the power of prayer. Been binding and loosing for about 4 days now and I truly believe this is one of our greatest weapons: <https://www.youtube.com/watch?v=GwIhfQcjE5w> I mean we still have to keep praying against all the flooding they are trying to cause though. God bless!

+2+ Sept 20th Emergency Broadcast Test, Get Ready for All H* to Break Loose**

HEADLINE: (13Sept2018) US Media goes SILENT after Trump Declares National Emergency in Race to Destroy “Deep State” before they start World War III MOUNT: President Trump has just declared a State Of Emergency over the election process.

<https://www.whitehouse.gov/presidential-actions/executive-order-imposing-certain-sanctions-event-foreign-interference-united-states-election/>

Executive Order, 12 September 2018, Executive Order on Imposing Certain Sanctions in the Event of Foreign Interference in a United States Election...

I, DONALD J. TRUMP, President of the United States of America **(Incorporated US)**, find that the ability of persons located, in whole or in substantial part, outside the United States **(Only DC)** to interfere in or undermine public confidence in United States elections, including through the unauthorized accessing of election and campaign infrastructure or the covert distribution of propaganda and disinformation, **constitutes an unusual and extraordinary threat to the national security and foreign policy of the United States...I hereby declare a national emergency to deal with this threat.**

Contributor: R.E. Sutherland (President Trump’s Executive Order)

This means is that the President has the authority to **arrest for Treason** members of the Press who work any part of the media that is owned partly by someone living outside of Washington DC.

This includes those who work for any Newspaper, TV Station, Radio Station, or Social Media Company that a Normal Common Man can conclude that they are biased-they lie.

In other words...this gives President Trump the authority to arrest anyone who tried to sway the voters with any type of lie.

Further...by 27 October the following agencies are being called to monitor and control all US Elections:

- 1) Director of National Intelligence who controls the NSA and **is controlled by the Secretary of Defense.**
- 2) All other agencies the Secretary of Defense deem appropriate help insure fair elections, including the:
 - a. Secretary of State
 - b. Attorney General
 - c. Secretary of Homeland Security

This Executive Order gives the President the right to arrest FOR TREASON any members of any Social Media Company.

PERIOD.

In other words... this Executive Order had to be created and signed before the November election to give the President the right to arrest anyone for Treason who interferes with the election through any form of Propaganda or Lying.

Friday, September 14, 2018

By Capt. Dave Bertrand, Ret.

The recent “Executive Order” is the beginning of things to come for the “Deep State” conspirators who are attempting to rig the midterm elections this November. In addition...Certain media types and others in the FBI, DoJ and CIA that conspired

to spy, leak intel, and their attempt(s) to undermine the people of the United States could (and will) face Treasonous charges.

What will follow (after the Kavanaugh's appointment to SCOTUS) September 20th is being referred to as the "MOAB" when the hammer falls and indictments will follow.

The combination of Kavanaugh's appointment and a planned Emergency Broadcast (Test) on the morning of September 20th, increasing the probability of a major disclosure that afternoon, is the MOAB hammer [which in-turn] will likely cause the "Deep State" to launch a false flag, involving a massive grid crash in the northeast and possibly along the west coast [to censor news].

Grid blackouts would be the least of America's problem, as other false flag possibilities could take place as well, because the MOAB will cause panic among those facing Treason. (This would be a good time to have enough water and food stored, plus a full tank of gas).

Trump is one step ahead and the panic is increasing everyday as Communist Dems grasp at straws in their attempt to sway public opinion and to encourage political support for themselves and against this president. This coup is advancing to levels never seen before in the history of our United States as Communism a.k.a. Social Justice Progressivism is expected to collapse from within as truth is forced upon the fakestream media.

They will NOT be able to hide the truth, but will declare Trump a "Fascist Dictator." We will witness the top treasonous players going-down in real time and the BIG BONUS is the fact...they're ALL TIED to Hussein and Hillary.

The counter-coup move by Trump and Military Intelligence...along with FBI and DoJ has to happen before the midterm elections, when history shows the opposing political party usually takes control of Congress, but this time....we are witnessing an overt attempt by Communists, [influenced by foreign identities] attempting to take control of our Constitutional Republic.

That is why the latest Executive Order is meant for opening the door and paving the way to THEIR prosecution..."Military Tribunals Coming."

[WATCH AS THOUSANDS OF CAMOUFLAGED MEN, ARMED WITH ASSAULT RIFLES CROSS OVER FROM MEXICO INTO ARIZONA](#)

Soros and the United Nations have publicly organized this criminal invasion to collapse our border just as they have done in Europe.

[Back-Door Martial Law Will Follow a False Flag Pandemic Release](#)

The CDC has granted itself new draconian powers which severely violate civil liberties with regard to the spread of an ever-growing list of maladies.

The loss of civil liberties, for the ill, is extremely broad and could be used to falsely imprison people under the guise that they are ill. In the new policies, the Director has extremely broad powers and the position is an at-will position solely subject to the whim of the President.

Its new incarnation is similar, but perhaps even broader in scope. It covers "public-health emergencies," which are defined as any "communicable disease event"

that the Director thinks could spread or “is highly likely to cause death or serious illness if not properly controlled.” (The Director can be changed by the President at any time without Senate confirmation.) During such events, the CDC could screen people at airports and other transport hubs, apprehend those they suspect of being ill for three days, and potentially quarantine or isolate them pending a medical review.

Excerpts from *The Atlantic* (a consistent mouthpiece for the Trilateral Commission) (The CDC) is already authorized to detain people suspected of carrying diseases like plague, Ebola, and (somewhat improbably) smallpox. But the new rule does away with a formal list. It extends the same powers to any “quarantinable communicable disease,” and uses wider range of symptoms (from a list that federal agents can update as the need arises) for defining “ill” people.

.... [James Hodge Jr.](#), a professor of public-health law and ethics at Arizona State University, ... feels that the “CDC risks sacrificing personal liberty at the altar of flexibility and expediency. The rule allows the CDC to move on somebody based on some belief that they might pose some amorphous risk to others,” says Hodge. “That’s not a standard that survives constitutional scrutiny. For a start, the rule is sparse when it comes to due process. It allows the CDC to detain travelers indefinitely before deciding whether to quarantine them, saying only that the agency “doesn’t expect” such apprehensions to last for more than 72 hours. It doesn’t make provisions for legal counsel if people can’t afford a lawyer themselves. And it puts any reviews of the agency’s decisions under the auspices of its own employees, rather than a neutral third party. Using the rule, “a future administration could hold travelers in government custody for days or weeks without providing an explanation or an opportunity for the individuals to challenge their detentions,” write [Emma Roth and Kyle Edwards from Yale Law School](#).

The rule also gives the CDC ultimate authority to carry out medical tests and treatments, stating that “the individual’s consent shall not be considered as a prerequisite to the exercise of any authority.” That’s medically unethical, says Hodge, since informed consent has been a bedrock of medicine for decades. “If you don’t get it, you could have additional quarantine, but you don’t get to force informed consent on people.”...

These revelations from *The Atlantic* are concerning enough. However, the new CDC policies are simply expanding the power of medical martial law and when one examines the fine points, it is a license to remove “undesirables”, “deplorables”, and political opponents from society and can do so under the guise of protecting the public. This is where America will truly learn the finer points of FM 39.4 (ie FEMA camps) as the issue of medical martial law was decided under the Obama administration.

As Ebola is beginning to spread throughout Africa, the Atlantic would have you believe that the CDC is scrambling to come up with containment and legal policies designed for quarantine, etc. Nothing could be further from the truth. The issue was decided in 2014 when the CLC.

The new policies are draconian and they represent the back-door implementation of martial law and the removal of undesirables. As previously referenced, multiple times

on *The Common Sense Show*, that thanks to Obama, the United Nations can unilaterally impose a state of “medical martial law” and assume control. In fact, the draconian Resettlement regulations (ie FEMA Camp Army regulations), known as **FM 3-39.401-5** states that foreign troops will eventually occupy FEMA camps referred to as resettlement camps. This section of the paper is the smoking gun for medical martial law as per the UN takeover of handling a medical crisis.

Army document, FM 3-39.40 1-5, speaks clearly to the fact that there is absolute intent to use foreign military assets to imprison American citizens.

When Ebola, or some other pandemic strikes, the changes in the handling of Ebola patients have already been planned for through a series of legal actions, most of them are Executive Orders. For example, the Executive Order, entitled **Revised List of Quarantinable Communicable Diseases**, amends **Executive Order 13295**, passed by George W. Bush in April 2003, which allows for the, “apprehension, detention, or conditional release of individuals”, and Ebola is specifically mentioned.

Even though President Bush specifically mentioned Ebola as an illness which would permit the authorities to utilize forced quarantines, Obama takes this portion of the Executive Order to a whole new level. **Obama previously had granted his administration the authority to detain, in any manner deemed necessary, any person who demonstrates any degree of respiratory distress.** This means people with noninfectious asthma could be detained.

If Satan gets his way when the forced transport of Ebola patients begins to occur, relatively healthy people will be joining them in this death parade march to camps being run with foreign assets.

It is my belief that Ebola will be the impetus to send people to camps, however, this is by no means the end game. These camps will quickly morph into martial law detainment camps for American dissidents. I would imagine that many alternative media broadcasters will develop asthma over the next several months. These camps could indeed begin as FEMA detainment camps for Ebola patients, but quickly morph into other more nefarious and lethal purposes. Here are some examples of what I am speaking about.

I have previously been told my military sources that when families are transported to the I/R camps, husbands will be segregated from wives and children from parents.

“Detainees may also be segregated by ethnic and family groups and further segregated to protect vulnerable individuals. Additionally, detainees may be categorized by behavior (cooperative, neutral, or combative) to accurately resource guards and facilities”. Juveniles within the I/R population are typically segregated from the general population. (See DODD 3115.09.)”

AGENCIES CONCERNED WITH INTERNMENT AND RESETTLEMENT

1-40. External involvement in I/R missions is a fact of life for military police organizations. Some government and government-sponsored entities that may be involved in I/R missions include—

International agencies.

International Committee of the Red Cross (ICRC).

International Organization of Migration.

U.S. agencies.

Local U.S. embassy.

Department of Homeland Security.

U.S. Immigration and Customs Enforcement (ICE).

Federal Emergency Management Agency.

WAIT! THERE IS SOMETHING MISSING

These are pretty much the same agencies which are identified to be involved in the HHS Ebola detainment camps. **There are absolutely no medical organizations, such as the CDC and NIH involved in the oversight, staffing and maintenance of these camps.** These are FEMA death camps, plain and simple.

Conclusion

It is increasingly clear that the Ebola crisis will be used to impose medial martial law. Ebola infected people, those exposed to Ebola infected people and those with any type of respiratory distress will also be transported to these death camps. And now, thanks to new CDC regulations which greatly expands the power of medical martial law, expect a major false flag in the near future as all the necessary pieces have been put into play.
