Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather **reprove** them. But all things that are reproved are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest**, and arise from the dead, and Christ shall give thee light. See then that ye walk **circumspectly**, not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Circumspectly: Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

Matthew 24:24: "...if it were possible, they shall deceive the **very elect**."

II Corinthians 2:11: "Lest Satan should get an advantage of us: for we **are not ignorant** of his devices."

II Chronicles 7:14: "If **my people**, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

++ EMERGENCY REPORT: Signed Executive Orders reveal Trump is planning

mass arrests, military tribunals for deep state traitors like Comey, Clinton and Obama

Sunday, September 23, 2018 by [Natural News](#) As the documents cited here clearly show, President Trump is planning to carry out mass arrests of deep state traitors, including Andrew McCabe, Peter Strzok, James Comey and even Barack Obama. This is fully covered, with accompanying documentation from the U.S. Federal Register, in the links and video below. (This author is fully supportive of this effort to save America and arrest the traitors.)

The confirmation of Kavanaugh to the U.S. Supreme Court is the key to getting this done in a timely manner, which explains why the deranged Left is going to such outrageous extremes to fabricate false allegations against Kavanaugh and stage coordinated, well-funded protests to try to block the U.S. Senate from confirming him.

Once Kavanaugh is on the court, it will add the necessary support for constitutional “emergency powers” that concentrate power in the executive branch of government (currently headed by President Trump) during times of war and national emergencies.

FACT: The United States has been operating under a state of declared war since September, 2001, following the 9/11 attacks.

FACT: The United States has been operating under a declared national emergency, signed by President Trump, since December 20, 2017 (see proof document, below). In this detailed video analysis, I lay out the evidence for President Trump’s plan to issue mass arrests of deep state traitors, then try them for treason under military tribunals. This is justified and lawful because the acts being committed against the United States of America by deep state traitors are **acts of treason during a time of declared war**. It is no coincidence that President Trump has deliberately funded the U.S. Pentagon with its most massive budgets ever conceived. This is because the Pentagon has agreed to run the military arrests of deep state traitors, under the direction of the Commander-In-Chief, President Trump.

President Trump, I believe, has decided to go to bat for America and utterly destroy the anti-American deep state crime ring that has been working for years to destroy this nation and end its national sovereignty. This will be Trump’s legacy. He may not even run for re-election after 2020, since his entire plan to arrest the traitors and restore the rule of law in America will require him to step aside once certain goals are accomplished (see detailed explanation below).

Note that in order to accomplish this, President Trump will need to **declare temporary martial law**. He will need our support during this time to maintain order and civility across the nation as the arrests and trials of deep state traitors are under way. We should all expect mass violence and chaos from the Left, which is following the “Rules for Radicals,” a blueprint for communist revolts and violent overthrow attempts of governments.

See the documents for yourself... this is all posted on the U.S. Federal Register government website

Here are the links to the documents cited in this comprehensive video:

Document #1: [Executive Order 13818, signed December 20, 2017](#). "Blocking the Property of Persons Involved in Serious Human Rights Abuse or Corruption"

This document specifically describes the crimes of Hillary Clinton, Barack Obama, James Comey and Robert Mueller under the "corruption" section, alluding to the [Uranium One scandal](#) and Obama's multi-billion dollar money laundering operation that handed nuclear weapons capabilities to Iran. It says that the executive order targets, "any foreign person determined by the Secretary of the Treasury, in consultation with the Secretary of State and the Attorney General... to be a current or former government official, or a person acting for or on behalf of such an official, who is responsible for or complicit in, or has directly or indirectly engaged in... corruption, including the misappropriation of state assets, the expropriation of private assets for personal gain, corruption related to government contracts or the extraction of natural resources, or bribery..."

This describes precisely what Clinton, Comey, Mueller, Obama, Brennan, McCabe and others carried out under the Obama regime. These are more than just felony federal crimes; they are **acts of treason against the United States of America**, carried out during a time of declared war.

From that document, here is President Trump's declared national emergency:

I therefore determine that serious human rights abuse and corruption around the world constitute an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States, and I hereby declare a national emergency to deal with that threat.

Document #2: [Executive Order 13618, signed July 6, 2012](#) by President Obama. "Assignment of National Security and Emergency Preparedness Communications Functions"

This executive order grants the President absolute control over all U.S. media, including internet tech giants (social media), news networks and news websites. It specifically names:

...communications that support Continuity of Government; Federal, State, local, territorial, and tribal emergency preparedness and response communications; non-military executive branch communications systems; critical infrastructure protection networks; and non-military communications networks, particularly with respect to prioritization and restoration...

Document #3: [Executive Order 13825, signed March 1, 2018](#). "2018 Amendments to the Manual for Courts-Martial, United States"

Although much more difficult to read, this document essentially establishes the preservation of the government's right to prosecute crimes of treason and deep state collusion against America, all of which may be prosecuted via military tribunals under existing U.S. law.

This would allow deep state traitors to be arrested by military police and subjected to military trials run by the Pentagon, completely bypassing the corrupt court system which has been deliberately stacked with complicit deep state traitors and "resistance" judges. **To accomplish this, President Trump must announce temporary martial law**

For the record, I wholly support this effort to arrest and prosecute the thousands of deep state traitors who have become a cancer upon America. Were you aware that [James Comey was a communist](#)? John Brennan, of course, has remained a communist for his entire adult life, and Barack Obama was a radical Muslim who despised America and worked every day to undermine it through a variety of nefarious means (including allowing U.S. military encryption technology to be captured by Iran via the U.S. drone “GPS spoofing” incident).

For starters, Barack Obama personally authorized the [illegal “spygate” spying on Trump campaign officials](#). Barack Obama also allowed China to [hack 21 million U.S. military personnel records](#), effectively dumping the entire U.S. Pentagon database into the hands of Communist China.

For a full, detailed explanation of Obama’s treasonous crimes against America, [watch this extremely important video from REAL.video](#) (it has been banned from YouTube for obvious reasons):

[Hillary Clinton](#), Barack Obama, John Brennan, Andrew McCabe, Loretta Lynch, Peter Strzok and a long list of other traitors have been conspiring for years to **destroy America from within** and see it replaced with a communist regime run by authoritarian globalists. [Tech giants](#) like Apple, Google and Facebook are all part of the plan, which is exactly why you’ve seen every one of them working closely with China to roll out **authoritarian techno-tyranny infrastructure systems** that plan to enslave every citizen of the world, making them powerless and obedient to a globalist technocracy that runs the “one world government.”

Trump’s plan to rescue America from the globalists will require temporary martial law

In order to halt this global dictatorship and defend America against traitors who are working to destroy it, President Trump must carry out the following actions:

- 1) **Achieve the release of the declassified, unredacted deep state documents from within the FBI and DOJ that will reveal the full extent of deep state treason against America.** (The FBI and DOJ are currently stalling this effort, furthering their treason against America and proving they have a lot to hide.) [Pelosi, Schumer, Schiff and Warner have already committed acts of treason in calling on the FBI and DOJ to defy this presidential order.](#)
- 2) Invoke the national emergency powers which are constitutionally granted to the executive branch of government. (Technically, this already happened in 2017.)
- 3) **Invoke President Obama’s executive order 13618 and seize control of Google, Facebook, CNN, Washington Post and the New York Times** to halt the treasonous lies, coordinated election fraud and political coup attempt which is being run by all these traitors of America.
- 4) Use all controlled communications channels to publicly declare the details of the crimes (and criminal actors) which have been committed against America. Disclose everything to the America people about how their country had been overrun and destroyed from within.
- 5) **Order military police to find and arrest thousands of deep state traitors** who have been deliberately undermining America from within. This will include hundreds of people inside the FBI and DOJ, plus hundreds more in the State Department and other agencies. Arrests must also include traitorous, corrupt federal judges who have

deliberately undermined America by, for example, blocking Trump's constitutional travel ban to protect America from enemy terrorists. Many traitors will attempt to flee the country, of course, and they will need to be located and brought to justice like former Nazi war criminals.

6) Issue an executive order demanding national voter ID for all future elections. No longer will America tolerate democracy being stolen by the votes of illegals who are granted voting rights by California and other complicit, anti-America states or cities.

7) Suspend elections during the military tribunals, but lay out a timeline for the restoration of elections and nationwide voting (with voter ID in place) to restore the rule of law and give America back to the American people.

8) Deploy the U.S. military along the southern border. Use the U.S. Army Corps of Engineers to build the wall.

9) Promise to resign the presidency once the rule of law is restored in America, signaling to the American people that Trump plans to hand over power to the next elected President within a reasonable time period. Americans will rightly be concerned about martial law morphing into a military dictatorship. Trump needs to assure the American people that his job is to destroy the deep state, restore the rule of law, then get out of the way and retire as the greatest U.S. President in history — the President who saved America from traitors and communists.

The American people will not tolerate a permanent military dictatorship in America, but **they will tolerate temporary martial law needed to drain the swamp, arrest the traitors and restore the rule of law.**

During this time, by the way, the entire FBI likely needs to be disbanded and rebuilt from scratch. The agency's credibility has been utterly destroyed by the actions of James Comey, Peter Strzok and others.

California Politicians Are Calling for the Assassination of President Trump

The following quotes were made by Waters, last week. When do we take her death threats against President Trump seriously?

From Hannity:

Firebrand Congresswoman Maxine Waters raised eyebrows across the nation this weekend; vowing to "knock off" President Trump while delivering a scathing speech in Washington, DC.

The full-time anti-Trump crusader took her war against the president to the next level while receiving a 'Diversity' award Friday evening; pledging to take down Trump before setting her sights on Vice President Pence.

"There are those who say, 'What if we get rid of him? Then we've got that Vice President and he'll be worse.' I say knock off the first one and then go after the second one," screamed Waters.

From the *American Mirror*:

Elected Democrats continue to hope harm visits President Trump.

During an appearance on MSNBC, Andrea Mitchell asked California Gov. Jerry Brown about the conflicting reports about the death toll during hurricanes last season in Puerto Rico.

“Well, the problem is, we never had a president who was engaged in this kind of behavior,” Brown said.

“I mean he’s not telling the truth. He keeps changing his mind. He’s sabotaging the (NEW?) world order in many respects.

“So it’s unprecedented, it’s dangerous, and hopefully this election is going to send a strong message to the country,” he said.

“The Democrats will win and then Trump — well, something’s got to happen to this guy, because if we don’t get rid of him, he’s going to undermine America and even the world.”

List of 81 Channels Targeted for Online Removal Now Made Public-Report Tells All

What you are about to see in the video below will reveal who is next in line to be targeted after the removal of Alex Jones from multiple social media platforms. In it, I reveal a George Soros funded group called Data and Society Research Institute, who have published a report titled, “Alternative Influence: Broadcasting the Reactionary Right on Youtube,” a report that labels conservatives and libertarians as part of an alt-right ‘alternative influence network’ that should be removed from Youtube and social media platforms. They go on to make false claims that conservatives and libertarians are racist and promote an ideology that harms persons of color.

Twitter Approves Ads for Muslim Female Genital Mutilation But Bans U.S. Christians

This is how far left Twitter is — **The social media giant has approved ads for Muslims looking to sell people on the disgusting, immoral act of female genital mutilation but has denied Christians who want to take out anti-abortion ads. The ads Twitter allowed for distribution into the Twitter feeds of millions of users celebrate the Muslim “khafz,” which is an abhorrent tradition that many Muslim countries force onto their little girls.**

The tweet made by Dawoodi Bohra of the Women for Religious Freedom (DBWRF), tries to make khafz seem like a normal and safe practice. But in fact, it is an inhuman and dangerous operation that destroys a girl’s vagina.

The ad reads: “My daughters have also undergone khafz, and they’re growing up as perfectly as other children of their age,” the post reads with a video of testimony from a Muslim mother. “As a mother, I can never do anything to harm them.”

Kolkata. [#FCisNotFGM#VoiceOfADawoodiBohraWoman pic.twitter.com/t2MIPaf2Zk](#)
— DBWRF (@dbwrf) [September 9, 2018](#)

Twitter has allowed this post and several others on the same topic to be promoted as an ad that appears in many feeds across the world.

Warning Graphic: So, what is this “khafz”? In the west we generally call it FGM (Female Genital Mutilation). **It is a horrible practice where a little girl’s clitoris is brutally cut out of her vagina and then her vaginal opening is sewn shut leaving only a small hole for urine and fluids to be released. The point for this disgusting practice is that that sometime in the future this little girl’s husband will be positive she is a virgin and on their wedding day this husband will take a knife and rip open the woman’s vagina so he can be the first to have sexual intercourse with her. And because her clitoris was removed, it also prevents a woman from ever experiencing an orgasm and that means women never gain any pleasure from sex. These Muslims believe that women are disgusting creatures that cannot psychologically withstand the joys of sex so they must be mutilated to satisfy their men.**

Can you imagine anything more barbaric? These ceremonies are also done with no anesthetic and are often done by another woman and NOT a doctor. Sometimes the butchery is done with a knife, a razor blade, or a splinter of glass. Often these girls have lifelong infections from the wounds and from the fact that air does not get inside the vaginal opening while it is sewn shut for years upon years. Girls sometimes die from these barbaric procedures.

This practice is common throughout Islam from Africa, to the Middle East, to the Indonesian Islands and beyond. It is also common right here in the U.S.A. even though it is supposed to be illegal.

And yet, here is Twitter happily promoting this brutal sexual assault on Muslim girls. Why because it is a Muslim practice. Granted this practice is not laid out in the Quran. It grew from African culture and spread throughout Islam from there. It is not religiously required, but it very common, nonetheless.

Meanwhile, Twitter consistently bans Christians looking to take out promoted ads to work against abortion.

As Breitbart News [noted](#):

Last year, Twitter blocked Rep. Marsha Blackburn (R-TN) from promoting a campaign advertisement which highlighted the sale of aborted baby parts, and in August, Twitter blocked a congressional campaign video from Republican candidate Elizabeth Heng which detailed her parents’ escape from Cambodian communist atrocities.

So, Twitter happily helps Muslims pass on their monstrous tradition of brutalizing and mutilating their little girls but refuses to help Christians work against murdering babies in the womb.

That is the oppression and bias that conservatives and Christians face from the tech giants, folks.

+2+ Connecting the Dots: Phase I of The Coming Red Dawn Invasion Is Nearing Completion

Can Steve Quayle, Paul Martin, Dave Hodges, Infowars, several intelligence officials both past and present and dozens of average Americans who have firsthand information as well as many others from the Independent Media all be incorrect? To believe that we are not nearing Phase II of a "Red Dawn" invasion is the height of cognitive dissonance. And if we mix in some timely predictive programming, a very clear picture is emerging and every American is in a great deal of danger. After reading my 8th publication in the past 4 weeks on this topic, and with this most far-ranging account so far, it will be literally impossible to NOT conclude that the practice of embedding deadly 5th column forces within the United States is nearing completion. Phase II of the Red Dawn Invasion is close to implementation and this is the beginning of the blood bath that will commence. This is a dot connecting article. Every statement, every fact has previously been documented on The Common Sense Show, except for the last two subsections describing the contribution of Infowars and the identification of recent predictive programming. This article will simply demonstrate where all of these related facts are headed.

Steve Quayle's Conclusion

Presumably, Steve Quayle and Dave Hodges have different sources. However, both of us have reached the same exact conclusion. The conclusion states that the Russians and the Chinese will simultaneously attack the United States. However, this will not be a first strike on America, so to speak. The Russian-Chinese invasion will come in the midst of a terrible upheaval in this country which will most likely occur in the midst of a civil war. Hence, this is the reason that we are seeing a major up-tick in the embedding of drug cartel personnel and guerrilla forces entering our country from south of our border.

Phase one consists of the completion of embedded, hostile forces within the United States. They most likely have weapons of mass destruction. Before the combined forces of the Chinese and the Russians strike, we will already be engaged in a massive struggle for both personal and national survival. If you doubt the veracity of these predictions, please consider that even the information coming from the massive liar we call Comey, as he stated on July 4, 2016, that America had active Isis cells in all 50 states.

Paul Martin

Last night, Paul Martin contacted me and said he was in the midst of a breaking story. He has sources connected to federal oversight in Arizona which are telling him that armed and well-trained cartel members are entering the country in force, not by the dozens, but by the thousands. In his discussions, Paul Martin stated that the term "Red Dawn" was used. Here is the interview I conducted with Paul, late last night.

Kathy Rubio

Kathy Rubio may be the most unassuming expert that I have ever met. She comes across as everyone's favorite grandmother, but she has excellent sources and the conviction to go out on a limb when necessary.

In the past 4 months, I have interviewed Kathy four times about the Red Dawn paramilitary training camps in El Salvador, Honduras and Nicaragua. She has relatives working both in and around some of the camps. She has first hand information about what is coming. If you would like to hear Kathy's account about the Chinese influence in

Nicaragua's communist invasion force being prepared, or you would like to hear more about the training going on at these camps, may I suggest that you use the search engine on this site and search Kathy Rubio?

Texas Ranger Source

I published an entire communication between myself and an unidentified Texas Ranger who was highly concerned about a paramilitary invasion of Texas towns. He also expressed concern for neighboring states as well. Keep in mind that some of the reference material was about Jade Helm 15 events and this email was received in the summer of 2015. Here are some excerpts from this previous communication that have a very timely relationship to what is transpiring today in America.

Hello Mr. Hodges,

I have been a Texas Ranger for quite some time, and as such, I am privy to much of what is going on with regard to the Midland Walmart store closing, the presence of ISIS on Texas soil and our preparations to combat an insurgent threat....

...The main reason that I am writing to you is to encourage you to keep writing on the growing threat of infiltration in Texas and I suspect other states as well. The infiltration I am writing about is not just Special Forces that are going to conducting covert drills in our state; that is concerning and I agree with you this involves martial law. For now I am talking about ISIS and the danger that they pose to all of us. Our intelligence indicates that they have enough manpower & firepower to subdue a small town...

...We expecting an attack on more than one Texas city or town by ISIS and/or any of their partners. I believe the information to be accurate...

*...I wanted to tell also you that we believe that Pantex is a high value target for ISIS and much of our preparation is to thwart any action by terrorists against the facility. I am wondering how in the h*** you figured that out. Someone on the deep inside must be talking with you...*

(EDITOR'S NOTE: PANTEX IS A NUCLEAR STORAGE FACILITY)

...I will support the Feds in their preparation against ISIS. But the moment that this action turns against our locals is the moment I will perform my oath of office. I am not alone in this feeling. None of my brothers trust Homeland. We will have to see where this is going but I have a bad feeling...

I have often said that the trouble with deciphering intelligence information that I receive is understanding the chronology of events to follow as well as the timing of something like an impending event. It is difficult to put into its proper perspective. I knew this Texas Ranger communication was important, but I did not fully appreciate the context, until now.

Alex Jones and Heavily Armed Border Crossers

Alex Jones has produced some ground-breaking revelations with hard core proof that the paramilitary types that I have identified as training to be the vanguard of a Red Dawn invasion force are taking up positions as Phase I of this invasion nears completion.

From Infowars:

These men are marching across the United States' southern border illegally.

Footage shows heavily armed men pouring into Arizona from Mexico in what looks like a scene out of Red Dawn.

[Antifa Website Calls for 'Slaughter' of 'Fascistic Border Patrol Dogs & Their Bosses'](#)

Alex Jones is to be commended on bringing forth this clear and imminent danger in such a verifiable manner. What part of irrefutable evidence does the cognitive dissonance crowd not understand? **Some people who arrived late to this party may be asking why the President does not know or is not acting. The President is responding. I have reported 4 times on how Trump is sending military personnel to the border in significant numbers since April of 2018.**

The Last Ship Has the Last Word

If one appreciates the world of predictive programming, then this revelation will make one sit down and take notice. ***The Last Ship* is in its 6th and final season. Last night, I just fast forwarded through the first two episodes of this season and story line is eerily coincidental.**

In summary, the majority of South and Central America have combined military forces and are in the process of launching a preemptive Pearl Harbor attack against the United States, thus crippling its military forces. The combined multinational forces are making their way north in order to invade the United States, RED DAWN STYLE.

Conclusion

If one wants to understand the absolute inhumanity and brutality of what may be coming (ie civil war followed by a Russian-Chinese invasion), please allow me to suggest that the reader review the Rape of Nanking which consisted of the Japanese invasion of the Chinese city of Nanking in which two commanding generals held a beheading contest to see who could kill the most Chinese on the same day. These Chinese and Russian forces will not be in the mood to take prisoners when the carnage

begins. Read the Deagel and America2050.org projections. By the year 2025, America will suffer a 90% loss of its existing population.

For you young black males who are lending your efforts to George Soros Black Lives Matter organization, please keep in mind that when the Chinese tanks are rolling down your street, they will not hesitate to blow you and your loved ones away. Moveon.org, ACLU, Antifa and all you millennials who think it is trendy to support socialist regimes, you are signing your own death warrant. All of you misguided youth, regardless of racial background are the modern day Brown Shirts. The historically aware among us should know that the very people who helped Hitler rise to power were cast aside and murdered when Hitler accomplished his objectives. Oh and by the way, when the Russians are going house to house to liberate your personal belongings they are not going to be in the mood, or even give a d*** as whether you are really a US citizen. In an invasion scenario, even the MS-13's will not be safe.

This article is a call to arms for all Americans regardless of race, religion, national origin and previous political ideology. You and your family will soon be in imminent danger and should best act accordingly. Instead of talking about assassinating Trump, perhaps Antifa might want to eradicate and incarcerate the main threat to their lives, namely, George Soros.

America, hear me clearly, I have no patience for those that do not have eyes to see and ears to hear. No amount of calling the members of the Independent Media "fear mongers, fear porn etc"., will mitigate what is already underway. **The only thing that can save individual Americans now is the redeeming power and protection of Jesus Christ.**

Did You Know Your Taxpayer Dollars Are Being Spent On Harvesting Dead Baby Body Parts To Create Human-Animal Monstrosities?

National and state pro-life leaders sent a [letter](#) this week to U.S. Department of Health and Human Services Secretary Alex Azar **urging the government to end the taxpayer-funded use of aborted fetal tissue for research.**

The letter reads, in part: "**We were shocked and dismayed at the news report that the Food and Drug Administration (FDA) has signed a contract to purchase 'fresh'**

aborted fetal organs from Advanced Bioscience Resources (ABR), for the purpose of creating humanized mice with human immune systems. We expect far better of our federal agencies—especially under the leadership of a courageous pro-life president—entrusted with the health of American citizens. It is completely unacceptable to discover that the FDA is using federal tax dollars and fomenting demand for human body parts taken from babies who are aborted. ...The federal government must find ethical alternatives as soon as possible, and should end all association with those who participate in any trafficking or procurement of aborted baby organs. No taxpayer dollars should continue to go to this gruesome practice."

According to GSA's federal contract database, the U.S. Food and Drug Administration signed a new contract on July 25 with ABR to acquire "fresh" organs from aborted babies to implant them into mice.
