Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather **reprove** them. **But all things that are reprov'd are made manifest by the light:** for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest,** and arise from the dead, and Christ shall give thee light. **See then that ye walk circumspectly,** not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Circumspectly: Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

II Chronicles 7:14: "If **my people,** which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

Things are very strange! Emergency Alerts! NY Electrical Ark! Internet Outages!
On Thursday December 27th in mid-evening, New Yorkers reported a strange blue light over Queens and power outages after a transformer explosion at a Con Edison power plant.

Blue lights were seen around the city and in New Jersey, according to WPIX. NYPD Chief Nilda Hofmann said police were investigating a transformer explosion at Astoria East and North Queens Con Ed power plant.

Meanwhile, the previous night in a quiet little Louisiana city was getting 'zapped' by Laser Beams coming down from above which totally destroyed all the transformers in the city. The raw video of that incident looks like something right out of the Transformers movies.

Then five hours after New York City had their own 'Project Blue Beam' the Emergency '911' system run by CenturyLink based out of Monroe, Louisiana, crashed in the Northwest United States, taking out several '911' systems in various cities.

Something very strange and evil is happening in the good old United States of America.

Possible Mile Wide UFO Blew All Transformers in Kenner, Louisiana!

We are now getting much more information from sources on the ground in Kenner, Louisiana about what caused the massive damage to the electrical grid in the early morning hours of December 27th. Charles Walton reports he saw a UFO that was over a mile wide over the city! As you'll see in the video he says he talked to police and every single transformer was blown up in Kenner! It took 7 hours to restore power and I'm surprised they got it up so fast with all that damage. My guess is they called in help from outside the area for parts and more linemen to pull off this miracle. This certainly was a massive event and it's been completely covered up by the fake news who only reported high winds causes an electrical fire! Total lies of course as you see in the video. Transformers blow and that's it, the power is out. They don't keep sparking and blow up over and over again as you'll see in the video.
