Does the President Have Ten Days Left?

The President is set to deliver the State of the Union Address 10 days from now. The big question is: "Will he still be in office in 10 days?"

Two months ago, I produced a podcast in which I predicted there would be a plot that would exit Trump and Pence and from the White House and usher Pelosi as the unelected President following the order of succession.

There are several deadlines coming up that if the conservatives are successful in carrying out their mandate, the Deep State is probably finished and would have resort to total desperation tactics.

First, Ruth Bader Ginsberg is rumored to be dead and the Deep State is covering it up in order to buy time to remove Trump before he can appoint another Supreme Court Justice. Another Trump appointee would cement the court for the next three decades.

Secondly, and as Mike Adams pointed out, there is the risk that Trump will release the sealed documents related to the infamous dossier and this would lead to major indictments of Deep State major players and their subordinates.

Third, Trump will have cemented his soon-to-be declaration of a national emergency and the construction of the Wall. This would put Trump in the driver's seat for re-election in 2020.

Fourth, the New California movement cannot be allowed to come to fruition because it will mark the end of the plot for the Deep State to begin a civil war and it was to begin in California and this would devastate the agricultural and retail economy.

Play: <https://youtu.be/-VS0-J2bYY?t=78>

The President of the New California Movement, Paul Preston

When I called Paul Preston, he had not heard of the Infowars release. However, he did state that an increasing number of people in California are declaring that the state government is in a state of sedition and they want Trump to intervene under his authority as President. Both Paul and I have previously documented the intention of the Deep State to start a civil war beginning in California if the state was not able to withdraw from the Union under the direction of George Soros and former Governor Brown.

FBI Source

The FBI source offered up the most confirmation. Thanks to the New York Times we already know that the FBI was attempting a coup from the time Trump took office. The source stated that they know firsthand there is a slush fund to bribe judges. This agent also hears FBI colleagues bragging that they will be bringing Trump down. The Adams article mentions that Trump will do the perp walk and the agents have bragged that they want to be on that detail. This agent has also learned that the FBI is taking jurisdictional authority over assassination investigation from DHS and the Secret Service (Note, this has been planned before the assassination has even happened!!). This agent fears that if impeachment and indictment don't get the job done that assassination is next.

Conclusion

So what are we left with? I think that there is clearly a plot underway to remove Trump and I agree that the Deep State is out of time and must act now. Trump's hand may be forced in that he may have to immediately shut down the border, declaring a national state of emergency and going in to California and arresting treasonous members of the California state government. The better question may be: "Will Trump still be alive in 10 days?" Either way, I do not see how a civil war is going to be avoided. Can articles like this exposing the plot push back the event as it has before?

Note, What about Christians getting on their knees to ask for God's intervention?

Senate Intelligence Committee Subpoenas Alex Jones/Infowars Emails

Media set to spin wild conspiracies about “Russian collusion”

January 19, 2019--**The Senate Intelligence Committee investigating “Russian collusion” has subpoenaed Jerome Corsi for emails relating to Corsi’s previous employment with Infowars.**

“The committee is calling for Corsi to hand over communications, including through intermediaries, involving DCLeaks, Guccifer 2.0, WikiLeaks and any of its employees, **Roger Stone**, Peter Smith, Charles Johnson, the government of Ecuador, Ted Malloch, Randy Credico, Steve Bannon, **Alex Jones** and Henry Greenberg,” [reports CNN](#).

As we previously reported, the Mueller investigation is looking into “hush money” payments relating to Corsi’s relationship with Roger Stone.

As we documented, this is a completely ludicrous charge with no basis in reality. The media will now get access to Infowars emails, which will be used to spin absurd conspiracy theories about our non-existent contacts with nebulous “Russians” and Wikileaks – none of which ever occurred.

Alert to all Americans: Prepare for emergency action in the 3D world... the orchestrated assault on your mind, your country and your president is approaching its final chapter

(Natural News) New information has come to light that indicates the “final solution” of the globalist agenda to destroy America and enslave its citizens is drawing near.

The entire corporate-run media is a fact-free mental poisoning operation that fabricates fake news on a daily basis to lie about vaccines, GMOs, pharmaceuticals, pesticides and everything else that’s poisoning your body and mind. The lies about President Trump go even beyond the “usual” lies, consisting of wholly fabricated delusions about Russia that utterly lack any shred of evidence or factual basis. The New York Times, Washington Post, CNN, BuzzFeed and all the rest are committing orchestrated treason against America, and they’re following orders from a rogue branch of the CIA which has, for decades, specialized in toppling foreign regimes and installing political puppets as “leaders.”

For the last two years, their goal has been to carry out a political coup against President Trump, no matter what the cost. The media has sacrificed every last shred of credibility to achieve this goal and now exists as nothing more than a delusions factory that produces daily fiction rigorously mislabeled “news.”

ANOTHER Junk #FakeNews Report Implodes: Russian Hooker Admits She Made Up Trump-Russia Collusion So Mueller Would Spring Her from Jail

Roger Stone describes the full plan in this important story from InfoWars:

Political strategist Roger Stone says that the deep state is planning to remove both President Trump and VP Mike Pence from office so that they can install Nancy Pelosi as President as part of a coup that will eventually see Hillary Clinton return as President.

“The deep state seeks to fabricate some misdeed by the Trump campaign that is sold as Russian collusion,” said Stone.

“That way they can remove both Donald Trump and Vice President Mike Pence, paving the way for Nancy Pelosi to become president.”

“Pelosi will then appoint Hillary Clinton to the vacant Vice Presidency after which Pelosi would resign as president allowing Hillary to take the White House which alluded her grasp in 2016.”

A plan will be initiated to arrest and handcuff President Trump, staged for CNN cameras.

The media hacks have been ordered by globalist controllers to demand the impeachment of President Trump. With the help of anti-Trump insiders, they are planning to stage a physical coup to arrest and handcuff the President, then “perp walk” him in front of CNN’s cameras in a staged, theatrical ploy to make the president look guilty even when it’s the treasonous traitors who are the guilty ones.

The imminent death of Ruth Bader Ginsburg has accelerated the timeline of the anti-Trumpers throughout the deep state and the poisonous media. They have been ordered to pull out all the stops and do anything and everything necessary to eliminate Trump before Ginsburg is removed from the Supreme Court. Rumors are circulating that Ginsburg is already dead and that her death is being covered up to provide enough time for the deep state to arrest and remove President Trump from office, but those rumors have not been confirmed and may be mere conjecture. In any case, Ginsburg’s passing is very near, and this has underscored the perceived emergency on the Left which is willing to do absolutely anything to maintain authoritarian power over the American people.

Simultaneously, the evil tech giants have gone into full-blown censorship mode and have transformed into rogue tech companies that conspire to silence all pro-America, pro-Trump speech across the ‘net. It has become an urgent national security matter to now arrest the CEOs of Google, Facebook, YouTube, Twitter and other tech giants, as they are now committing treason on a daily basis, conspiring to see America’s democracy overturned while demanding that America itself be overrun with communists and illegal aliens in a mass land invasion.

Google, Apple and Facebook, in particular, have become the true “enemies of the state” and now answer solely to Communist China. These rogue corporate monstrosities must be dismantled and prevented from ever rising up again. They now operate as criminal enterprises in total violation of basic human rights, freedom of speech and the rule of law. Google is an enemy of America and must be destroyed if America is to survive.

Prepare to descend upon Washington to defend your nation, your president and your future.

Action item for all Americans: If this political coup is triggered, descend upon Washington and start taking action to defend your nation with every means available.

Defend your President. Defend your Constitution. Defend your borders. Under authorization from the Constitution itself, seek out and arrest the treasonous actors throughout the deep state and the CIA-run media who have orchestrated this planned destruction of our great nation.

It is now abundantly clear that the deep state cannot be defeated from within. It has become too strong, too dangerous and too bold to be restrained through any normal channel of law or regulation. The deep state must be halted in the physical world, through processes outside the control of the corrupt bureaucracy. This can only happen through direct action in the "3D world," as it's called, and it is the President himself who can initiate the authorization for citizens to carry out this action.

There are two trigger events that provide authorization for the citizens of America to rise up in the 3D world and converge on Washington D.C. to take their country back from the deep state traitors who are systematically destroying it:

Trigger event #1) An arrest or assassination of President Trump. This would be proof of an illegal coup which would trigger the Second Amendment defense of America.

Trigger event #2) President Trump announces authorization for citizens' action against the deep state traitors, effectively "deputizing" millions of Americans to locate and round up deep state traitors named by the President.

Will Trump declassify damning evidence during his upcoming State of the Union address?

The upcoming State of the Union address may turn out to be President Trump reading and releasing previously-classified documents and calling for the mass arrest of traitors going all the way up to Barack Obama, a treasonous actor who conspired to destroy America while weaponizing the intelligence community to criminalize the incoming Trump administration. (The FBI actually inserted spies / actors into the Trump campaign in order to claim his campaign was "working with the Russians.")

Haven't you wondered why Nancy Pelosi is so desperate to stop Trump from speaking in a live, televised event?

My sources tell me an attempt at removing Trump from office will be made *before* the SOTU speech.

Should such an attempt take place, that is your authorization to take emergency action to save your nation from falling to the hands of the globalists and the poison-pushing news cartels that are now 100% aligned against our constitutional republic.

Pray for America and pray for your President. Just as importantly, prepare for emergency action in the 3D world, because that appears to be the last remaining option for saving America from the poisoners, the propagandists, the globalists, the media liars and the political assassins.

EXPOSED: Vaccine deep state plot to seize NaturalNews.com domain and criminalize all speech that questions vaccine propaganda

The World Health Organization, a criminal cartel front for the vaccine industry, has just declared war on the so-called “anti-vax” movement. The W.H.O. is the same group that spiked vaccines given to women in Africa with abortion / infertility drugs. Now, the W.H.O. says that anti-vaxxers are one of the greatest public health threats of 2019, ranking the “vaccine hesitancy” movement right alongside Ebola as a public health threat. “Vaccine hesitancy – the reluctance or refusal to vaccinate despite the availability of vaccines – threatens to reverse progress made in tackling vaccine-preventable diseases,” claims the W.H.O. in a global health threat ranking document that also claims global warming — a quack science hoax fabricated by globalists — is also going to destroy humanity if we don’t surrender world economies to Al Gore.

The real goal is to criminalize vaccine skepticism and shut down all online speech that’s critical of vaccine safety

From sources inside the vaccine deep state, I’m being told that this declaration by the World Health Organization is just the first step in a major assault being unleashed against Natural News and other independent journalism sources that rightfully question the lack of safety in toxic vaccines. With this declaration in place, the next steps will include:

- Passing laws in Australia, the United States and Europe that criminalize all online speech which is critical of vaccine safety.
- Arresting and imprisoning individuals who discuss the truth about vaccine ingredients such as Thimerosal, squalene or aborted human fetal cells (i.e. aborted human baby parts).
- Blacklisting all scientists who study vaccine composition.
- Seizing all domain names of independent publishers who report the truth about vaccines.
- Censoring all “anti-vax” content across all search engines, mobile devices and social media.
- Banning all “anti-vax” films and movies by claiming they are “spreading disease” when, in reality, they are spreading the truth about vaccine dangers.

Vaccine Cannibalism: You Would Never Drink A Stranger’s Blood to “Boost” Your Immune System, So Why Let Doctors Inject It Into Your Muscle Tissue?

So, right about now you’re asking which vaccines contain human blood so you can be sure you never have them injected into your muscle tissue, because you’re afraid of catching diseases or having some horrible auto-immune reaction, where your own immune system attacks you and can kill you or maim you for life. Plus, you’re not a cannibal and never desire to be one. Here comes the list of the

vaccines currently being injected into tens of millions of Americans, most of whom have no idea about the ingredients, because the doctors and nurses rarely, if ever, read the vaccine insert and warnings to their patients.

If you're not a cannibal and you don't want to be one, you should avoid these immunizations at all costs. They contain other humans' blood components (like albumin), blood cells (human diploid cells) from abortions (MRC-5, WI-38, and fetal lung tissue cells). This list comes to you directly from the CDC's very own website listing all vaccine "excipients" in their highly secretive "pink book" they hope you never see.

Vaccines secretly turn humans into cannibals

All of the following vaccines contain some form of human blood samples or tissues, so having any or all of them injected into your own blood is a form of cannibalism that has NOT been proven "safe" or "effective" at building immunity to diseases, despite what the mass media and fraudulent paid-for "peer review" medical journals claim:

- Adenovirus
- DTaP-IPV (Quadracel)
- DTaP-IPV/Hib (Pentacel)
- Hep A (Havrix)
- Hep A (Vaqta)
- Hep A/Hep B (Twinrix)
- MMR (MMR-II)
- MMRV (ProQuad) – both the frozen and refrigerator stable doses
- Rabies (Imovax)
- Rabies (RabAvert)
- Smallpox (Vaccinia) (ACAM2000)
- Varicella or "Chicken Pox" (Varivax) – both frozen and refrigerator stable versions
- Zoster (Shingles) (Zostavax) – both frozen and refrigerator stable doses

Human tissue can be found in 23 different vaccines today. Human DNA is used to grow viruses, including the measles and chicken pox vaccines. The MMR vaccine has been linked to autism – could that be because those infant's immune systems and central nervous systems believe they are under attack from other human foreign proteins?

Scientists have observed a correlation between the introduction of human DNA to the MMR vaccine and autism. Autism cases in America also spiked in 1995, right after vaccine manufacturers starting growing the chicken pox vaccine (Varicella) in human fetal tissue. Why? Here's why.

Human cells in vaccines are "taken up" by the host and recombined into their genome. This is most expressed in the neurons of the child's brain, so that means the kid's body is killing its own "altered self" brain cells while experiencing relentless inflammation that continues for life.

Are you vegan or vegetarian? You especially won't want to engage in vaccine-induced cannibalism

Tens of millions of Americans avoid eating meat and dairy products not only because they don't want to support cruelty to animals, but also because those products often contain parasites and pathogens that infect human blood. Do you

really think vaccines that contain parasites and pathogens from animal blood and human abortion cells are any different?

Actually, vaccines are even worse than infected food, because toxic jabs bypass your digestive system and your cleansing organs which are meant to protect you from the very dangerous foreign proteins doctors and nurses are directly and haphazardly injecting into your muscle tissue.

Many vaccines also contain blood, cells, and diseases that infect animals. Vaccines contain blood and infected cells from dogs (Madin Darby Canine Kidney and Cocker Spaniel cells), monkeys (African Green monkey VERO kidney cells), pigs (deadly circovirus strains in Rotavirus jab), cows and calves (bovine serum albumin), chickens (egg proteins), and eagles (Dulbecco's Modified Eagle's Medium).

It's no wonder almost 100 million people were given cancer from the polio virus – these vaccines are nothing but experimental concoctions of animal blood, genetically modified viruses, blood from abortions, and heavy metal toxins that cause central nervous system disturbances and auto-immune disorders that often can never be reversed.

+4+ Illegal migrants bringing a wave of infectious DISEASE into the United States while Democrats cheer and demand mass vaccinations of Americans

Government officials stationed at the U.S.-Mexico border are now seeing an alarming surge in infectious disease among migrants. Reports indicate they are referring upwards of 50 people a day for urgent medical care, including cases of flu and tuberculosis. Most of these cases are children, and nearly a third of the sick are children under the age of five. At the border, authorities say that this wave of illness is unlike anything they've ever seen before.

[The report](#) is the result of a massive investigation, which was launched after two illegal immigrant children died in U.S. hospitals in December 2018. **As the data shows, dozens of sickly children are turning up at the border on a daily basis.** Officials conducted a full review of every child in the custody of Customs and Border Patrol (CBP).

CBP Commissioner Kevin McAleenan has stated that most of the sick children were unwell when they entered the United States. "Many were ill before they departed their homes," he said.

"We're talking about cases of pneumonia, tuberculosis, parasites. These are not things that developed urgently in a matter of days," the commissioner continued.

In many cases, the *Washington Times* reports, **the parents of these children are hoping to use their kids to avoid deportation.**

In addition to the surge in sickness, federal agents also report **there's a new trend of smuggling operations using commercial buses to hasten the transport of illegal immigrants from Central America to the U.S.** With the ability to cross the border in just a week, McAleenan says it is now much easier for sick people to come. He added that the faster trip also gives "confidence for parents to bring younger children." Coupled with a 2015 ruling from an Obama-appointed judge that forces the government to either **separate parents and children or release them**, it's no surprise that there's been another tremendous uptick in illegal immigration.

As liberal states like California adopt increasingly expansive policies to not only shelter illegal immigrants, but also provide them with healthcare and other benefits, it should surprise no one that thousands of people from Central America are now trying to cross the border by any means possible.

According to reports, **it is not uncommon for children to be used as pawns by parents who are hoping that having a kid with them will preclude them from deportation.** While the liberal left loves to whine about vaccination rates here in America and insist that unvaccinated kids are enemies of public health, no such rhetoric is present when liberals are discussing all the diseased masses pouring over our border due to illegal immigration. While the Left may pretend to care about infectious disease and public health, it seems **toeing the party line and keeping Big Pharma happy are the real priorities.**

[Natural Remedy for the Flu: Over the Counter Hydrogen Peroxide](#)

++ Note: [Pneuma-Zyme™ \(Lung Conc.\) \(100 T\)](#) For any lung infection

www.dr-johnson.com

For **lung infections** nebulize 100ppm Invive Mild Silver Protein directly into the lung fields for 3-4 minute intervals several times per day. If you want to make a 100ppm solution (and you have a 5000ppm bottle) just divide 5000 by 100 to get: 50. So you would add 50 parts distilled water to 1 part 5000ppm to make a 100ppm solution.

Now with a **sinus infection** the best way to directly go after this is to get any nasal spray atomizer bottle (**Like this one:**

<http://sparknaturals.com/index.php/accessories/1oz-blue-glass-nasal-sprayer.html>) and

add 500ppm silver to the bottle. Now to make the 500ppm just add 10 parts distilled water to one part 5000ppm. This will be the strength you use in a nasal spray bottle.

One drop of eucalyptus oil to this 500ppm solution is also very good for nasal use.

When you use the 500ppm in the nasal spray bottle make sure you tip your head back and spray 3-5 times per nasal passage. You can do this several times per day. You would also want to take 1/4 tsp. of the 5000ppm held under the tongue 3 times a day until you are doing better.

For **Otitis Media (ear infections)** (if your ear drops are not ruptured) you need to dilute the Invive Silver to 500ppm for the ear drops. To make this strength from 5000ppm just

add 10 drops of distilled water to every one drop of 5000ppm. Use 3-4 drops in each ear 2-3 times per day till better. In reality I really like just plain old 3% Hydrogen Peroxide for ear infections 2-3 drops in each ear. Tilt the head and hold this dose in each ear for 1-2 minutes before tilting your head back. It will bubble and be quite loud and may burn a little so sometimes children are afraid of the Hydrogen Peroxide whereas the silver should not bubble or hurt at all.

For an 8 year old I would administer the 5000ppm silver under the tongue 15-20 drops 3 times a day (hold for 2-3 minutes then swallow) to treat the ear infection internally as well.

[Border Crisis Being Readied to Morph into UN-Controlled Medical Martial Law](#)

It starts here and is coming to a city near you. With each successive wave of caravan migrants, comes an increased risk of deadly pandemic outbreaks for which Americans have no immunity.

A mysterious polio is sweeping the country. Border Patrol agents are growing increasingly concerned about the diseases, for which Americans have no immunity are coming across the border. We already know that people from Africa make up part of the caravans. Are we naive to think that more serious illnesses are not on the way?

What Is Going to Happen When One of These New Illnesses Is Ebola?

I have previously reported that [Monsanto](#), or **Monsatano** as many call them, has partnered with the Department of Defense to use a proxy third party company to develop a vaccine against Ebola. The seed money began at \$1.5 million. The value of the deal could grow to an estimated \$86 million dollars. The company's name is Tekmira Pharmaceuticals Corporation ([TKMR](#)), a leading developer of RNA interference therapeutics. "[TKM-Ebola, an anti-Ebola virus RNAi therapeutic, is being](#)

[developed under a \\$140 million contract with the U.S. Department of Defense's Medical Countermeasure Systems BioDefense Therapeutics \(MCS-BDTX\) Joint Product Management Office](#)".

As breaking and shocking of a news story as this has the potential to be, the real story is that this is not the most important part of the Ebola threat which has invaded the United States. The truth of the matter is that these unholly and untrustworthy associations, when it comes to "fighting" the Ebola virus, represent the mere tip of the iceberg.

The more one digs into who is behind the creation and the development of vaccines for treating Ebola, the more the conspiracy networks widen. The most amazing fact is how incredibly easy it was to locate this information. I want to be clear on this point, **Ebola was invented, a vaccine for Ebola has existed for over 10 years, some government sponsored institutions as well as some of the global elite have**

positioned themselves to profit enormously from the spread of the virus and the development of and dissemination of mandatory Ebola vaccines and the imposition of total martial law in the process. Here is the proof.

Human ebola virus species and compositions and methods thereof
CA 2741523 A1

Amazingly, the CDC owns “the” patent on Ebola and all future strains.

The “SUMMARY OF THE INVENTION” section of the patent document also clearly claims that the U.S. government is claiming “ownership” over all Ebola viruses that share as little as 70% similarity with the Ebola it “invented”.

Why would a government organization claim to have “invented” this infectious disease and then claim a monopoly over its exploitation for commercial use? It is clear that the CDC plans to claim royalties on Ebola vaccines. This certainly increases the likelihood that the vaccines will become mandatory, thus increasing the profit potential for the patent holders.

Breaking: [New Ebola outbreak kills 410 people, spread expected to continue for months](#)

Clearly, Ebola is manmade and this patent proves this intention. Why does the CDC need to own the patent on Ebola? Perhaps, we should ask Bill Gates why he is donating \$50 million to the UN and the CDC in the name of fighting Ebola. The CDC has partners in the fight against Ebola, namely, [Crucell](#), the National Institute of Health (NIH) and the U.S. Army Medical Research Institute of Infectious Diseases (USAMRIID) and, of course, Bill and Melinda Gates. Since when would Gates not expect a return on his investment? Gates and Michael Bloomberg have already contributed large sums of money to numerous vaccination causes such as the [Global Polio Eradication Initiative](#) originally launched in 1988 by the World Health Organization (WHO), Rotary International,

Centers for Disease Control and Prevention (CDC), and the United Nations Children's Fund (UNICEF). The return on investment has been impressive.

Gates has announced that he plans to vaccinate every child in the third world with multiple vaccines, which could result in a dramatic population reduction of 10-15%. Do you realize the enormous profits that can be realized by vaccinating every child in the third world? If we apply Gates' penchant for investing in causes which produce a hefty "return on investment" (ROI) then one could reasonably suspect that Gates is positioning himself to profit on the \$50 million he has invested in the Ebola cause which conveniently includes the CDC, the holder of the patent for Ebola.

When an unsuspecting public is finally told of the existence of an Ebola vaccine, the **Global Fund** will be in charge of the distribution of the vaccine. Interestingly, Bill Gates has donated a total of \$560 million dollars to the Global Fund. The Global Fund has also positioned themselves to be in charge of the distribution of the "newly developed", and not yet announced vaccines for TB and HIV. Since the goal is the vaccination of every man, woman and child on the planet with multiple vaccines, Gates' \$560 million contribution to the Global Fund is chump change compared to the expected ROI. However, on deck is the Ebola virus.

UN Sponsored Medical Martial Law

During such events, the CDC could screen people at airports and other transport hubs, apprehend those they suspect of being ill for three days, and potentially quarantine or isolate them pending a medical review.

Excerpts from ***The Atlantic*** (a consistent mouthpiece for the Trilateral Commission) ***It (the CDC) is already authorized to detain people suspected of carrying diseases like plague, Ebola, and (somewhat improbably) smallpox. But the new rule does away with a formal list. It extends the same powers to any "quarantinable communicable disease," and uses wider range of symptoms (from a list that federal agents can update as the need arises) for defining "ill" people.***

.... ***James Hodge Jr***, a professor of public-health law and ethics at Arizona State University, ... ***feels that the "CDC risks sacrificing personal liberty at the altar of flexibility and expediency. The rule allows the CDC to move on somebody based on some belief that they might pose some amorphous risk to others," says Hodge. "That's not a standard that survives constitutional scrutiny. For a start, the rule is sparse when it comes to due process. It allows the CDC to detain travelers indefinitely before deciding whether to quarantine them, saying only that the agency "doesn't expect" such apprehensions to last for more than 72 hours. It doesn't make provisions for legal counsel if people can't afford a lawyer themselves. And it puts any reviews of the agency's decisions under the auspices of its own employees, rather than a neutral third party. Using the rule, "a future administration could hold travelers in government custody for days or weeks without providing an explanation or an opportunity for the individuals to challenge their detentions," write Emma Roth and Kyle Edwards from Yale Law School.***

The rule also gives the CDC ultimate authority to carry out medical tests and treatments, stating that ***"the individual's consent shall not be considered as a prerequisite to the exercise of any authority."*** That's medically unethical, says Hodge, since informed consent has been a bedrock of medicine for decades.

These revelations from The Atlantic are concerning enough. **However, the CDC policies are simply expanding the power of medical martial law and when one examines the fine points, it is a license to remove “undesirables”, “deplorables”, and political opponents from society and can do so under the guise of protecting the public. This is where America will truly learn the finer points of FM 39.4 (ie FEMA camps) as the issue of medical martial law was decided under the Obama administration.**

The United Nations and Medical Martial Law

As Ebola is beginning to spread once again throughout Africa, the Atlantic would have you believe that the CDC is scrambling to come up with containment and legal policies designed for quarantine, etc. Nothing could be further from the truth. The issue was decided in 2014 when the CDC enacted now pandemic policies.

The new policies are draconian and they represent the back-door implementation of martial law and the removal of undesirables. As previously referenced, multiple times on *The Common Sense Show*, that thanks to Obama, **the United Nations can unilaterally impose a state of “medical martial law” and assume control. In fact, the smoking Resettlement regulations (ie FEMA Camp Army regulations), known as FM 3-39.401-5 states that foreign troops will eventually occupy FEMA camps referred to as resettlement camps.** This section of the paper is the smoking gun for medical martial law as per the UN takeover of handling a medical crisis.

FM 3-39.40 1-5

Straight from the Internment/Resettlement article (**FM 3-39.40 1-5**) it states the following:

“...I/R operations may place Soldiers in continuous contact with or near insurgents, terrorists, or criminals who will exploit every opportunity to escape and kill or injure U.S. personnel or *multinational partners*“.

Army document, FM 3-39.40 1-5, speaks clearly to the fact there is absolute intent to use foreign military assets to imprison American citizens.

How will these foreign assets be utilized?

When Ebola, or some other pandemic strikes, the changes in the handling of Ebola patients have already been planned for through a series of legal actions, most of them are Executive Orders. For example, the Executive Order, entitled **Revised List of Quarantinable Communicable Diseases**, amends **Executive Order 13295**, passed by George W. Bush in April 2003, which allows for the, “apprehension, detention, or conditional release of individuals”, and Ebola is specifically mentioned.

Even though President Bush specifically mentioned Ebola as an illness which would permit the authorities to utilize forced quarantines, Obama then took this portion of the Executive Order to a whole new level. **Obama previously had granted his administration the authority to detain, in any manner deemed necessary, any person who demonstrates any degree of respiratory distress.** This means people with noninfectious asthma could be detained.

When the forced transport of Ebola patients begins to occur, relatively healthy people will be joining them in this death parade march to camps being run with foreign assets.

It is my belief that Ebola will be the impetus to send people to camps, however, this is by no means the end game. These camps will quickly morph into martial

law detention camps for American dissidents. I would imagine that many alternative media broadcasters will develop asthma over the next several months.

Conclusion

It is increasingly clear that the Ebola crisis will be used to impose medial martial law. Ebola infected people, those exposed to Ebola infected people and those with any type of respiratory distress will also be transported to these death camps. And now, thanks to new CDC regulations which greatly expands the power of medical martial law, expect a major false flag in the near future as all the necessary pieces have been put into play.

Some humans coming to the border have unknowingly been weaponized. This is also a good old fashioned coup against President Trump by the UN under the guise of protecting the public.

Update From Invive Silver: (Comment: I recommend you print this whole section below)

Ebola Supplement Protocol

The 10,000 PPM is MANDATORY, meaning the correct protocol in a life and death situation where death is "IMMINENT" within 72 hours. If you do not think you will die in 72 hours, then take the 5,000 PPM. Some Ebola patients die in 48 hours and some die in 21 days. If you are already bleeding from orifice, then the Ebola has advanced and you MUST use the 10,000 PPM.

Tell your people: Ebola Can kill within 48 hours to 21 days,

It takes a minimum of 3 days to ship the Invive from our factory because our Manufacturing is in a small town where it is delayed by USPS for 1 day; for the Silver to travel to the Airport in the next larger City. That is why we ship Priority, because if we shipped Express overnight it would "still" take 2-3 days to arrive. In the case of a worst case Ebola infection by the time the Silver is delivered to them in 3 days, they could be dead.

So they must purchase in advance and have the silver on hand to be safe. That is

just a plain actual fact.

I myself have 3 bottles of 10,000 PPM with me wherever I am/travel.

That is barely enough meaning the minimum to attack the Ebola, while waiting for more silver to arrive.

So they should have at least 3 bottles of 10,000 stockpiled in advance. (Assuming the USPS trucks are still running during an Ebola outbreak and that the Cities are not locked down with no one allowed to enter or leave, including the Courier Trucks.

EBOLA

(Note 5000ppm is mentioned here but in an advanced case 10,000ppm should be used-see above for more clarification)

Inive 5000ppm Mild Silver Protein ++ When combating an advancing presentation of Ebola within the subject individual, it is "MANDATORY" to maintain a "STEADY STATE" of Silver in your bloodstream every 4 hours = 6 times per day for adults of 120 lbs and up, (but reduced for children via percentage of their bodyweight in relation to 120 lbs.).

"UPDATED 2014 PROTOCOL"

1) If you have been (or suspect you have been) exposed to Ebola take this dosage:

***** 5,000 ppm 5 cc/1tsp. 4 times a day or every 6 hours.**

2) If you are starting to display symptoms take this dosage:

***** 10,000 ppm 5 cc/1tsp. 4 times a day or every 6 hours.**

3) If you are in full blown Ebola symptoms going to terminal take this dosage:

***** 10,000 ppm 5cc/1 tsp of 10,000 every hour.**

Subject: Fw: Vitamin C & the Ebola treatment - trade fear for knowledge

Importance: High

In addition to the Invive Silver, a Ebola patient need high doses of Vitamin C.

The Invive Silver stops the Ebola Virus, **but you MUST put the Vitamin C back in their body, that the Ebola has taken away.**

Again for clarity: The INVIVE Medical Journal Silver wipes out/eradicates the

Ebola Virus but *excerpt: **Here is what Ebola does that is fatal: It causes the complete removal of all vitamin C from the body. No one actually knows what mechanism is involved in doing this, other than a malfunction that is not permanently destructive to whatever is triggered to remove all vitamin C. All the researchers know is that vitamin C drops to zero and all the symptoms of ebola are consistent with a complete loss of vitamin C.***

From the report at: <http://jimstonefreelance.com/> we read:

The actual way ebola kills is by causing a severe cytokine release in blood vessel walls, which if already irritated by a viral assault, will rupture from the irritation caused by a strong cytokine release. **With regard to ebola, the exact cytokine is called IL-6, which is inhibited by 41 percent with adequate vitamin C present. This means, that from this mode of action alone, vitamin C will reduce the impact of ebola by 41 percent. If you combine this with the fact that vitamin C will strengthen the blood vessel walls as well, the two ways vitamin C helps will work in combination to prevent death from ebola, especially if ebola, which removes all vitamin C weakens the blood vessel walls by removing vitamin C to begin with.**

Comment: So taking a true, natural, vitamin C is a major factor in fighting off Ebola especially considering Ebola chief action of fatality is causing the blood vessels to rupture through the body where you bleed out of every orifice. Vitamin C (full spectrum source with the bioflavonoids, from a plant source) strengthens the blood vessels.

I highly recommend: [Vitamin C-400 - 180 tablets](#) 77.00 or [C Complete Powder 81 G](#) 33.00 or [or Bio-C Plus 1000™ \(100 T\)](#) 27.00

[Is Selenium Deficiency Behind Ebola, AIDS and Other Deadly ...](#) ★★

Ebola and other deadly viruses, including the human immunodeficiency virus 1 (HIV-1), might be stimulated by deficiencies in the mineral selenium.

Zaire-where the Ebola and HIV-1 viruses first appeared-may be a viral "hot zone" because of low selenium levels in the soil and widespread selenium deficiencies among people living off that land.

[Selenium - prevents retroviruses HIV, Cocksackie, Ebola ...](#)

Low Selenium levels lead to weakened antioxidant defenses, reduced immune surveillance, higher viral replication rates and thus conditions favoring viral mutation. It is also known that Selenium prevents a number of Retroviruses like HIV, Cocksackie, Ebola, Marburg and Flu viruses from replicating in the host cells.

It interferes with the reverse transcription of the viral RNA to viral DNA thus preventing virus replication.

Research shows it prevents the progression of HIV to AIDS. Professor Luc Montagnier of the Pasteur Institute (one of the discoverers of HIV) states that "Selenium was currently the most realistic hope for those infected with HIV in the world's impoverished nations, of the slowing of the progression of HIV to AIDS..."

[Bleach is friend in this Ebola fight](#) 📺

As for the pressure washer/sprayer, if they are using 5.25% Household bleach at a rate of 1:10 for 10 minutes of exposure; that would effectively kill the virus. -- Making a mixture of bleach and water will provide only the disinfectant, not the detergent base. Therefore, a two-step process may be needed if cleaning is to be performed prior to disinfection.

-- If a bleach and water mixture is made, use only chlorine bleach without the scent additive, as this reduces the resultant parts per million (ppm) of available chlorine.

-- There is a difference between a germicidal bleach (6.15 percent hypochlorite), a laundry bleach (6.0 percent hypochlorite), and a discounted bleach (5.25 percent or less hypochlorite).

-- A contact time of one minute for the hypochlorite (bleach and water) solution should provide adequate disinfection for non-porous surfaces. This is accomplished by a thorough wetting of the surface with the hypochlorite solution, then allowing it to air dry.

Providing for the appropriate disinfectant contact time, **which refers to the amount of time necessary for the germicide to come into contact with the organism and result in a significant reduction in the number of microorganisms, is a critical step in the disinfection protocol.**

Zimbabwe is being heavily fortified with Chinese weapons including S-400 type anti-aircraft missiles to prevent US Air Force intervention as violent genocide occurs both there and neighboring South Africa. South Africa is the only nation on the continent fully subscribed to the BRICS financial cooperation group, and the communists are going to fight for it. The plan to fortify a foothold in the Americas is similarly underway, and only just behind in the unleashing of similar violence.
