"Communications": companionship, communion

++ How Did Christmas Come to Be Celebrated on December 25?

A. Roman pagans were the first to introduce the holiday of Saturnalia which was a week long period of lawlessness celebrated between December 17-25. During this period, Roman courts were closed, and Roman law dictated that no one could be punished for damaging property or injuring people during the weeklong celebration. The festival began when Roman authorities chose "an enemy of the Roman people" to represent the "Lord of Misrule." Each Roman community selected a victim whom they forced to indulge in food and other physical pleasures throughout the week. At the festival's conclusion, December 25th, Roman authorities believed they were destroying the forces of darkness by brutally murdering this innocent man or woman.

B. The ancient Greek writer poet and historian Lucian (in his dialogue entitled Saturnalia) describes the festival's observance in his time. In addition to human sacrifice, he mentions these customs: widespread intoxication; going from house to house while singing naked; rape and other sexual license; and consuming human-shaped biscuits (still produced in some English and most German bakeries during the Christmas season).

C. In the 4th century CE, Catholicism imported the Saturnalia festival hoping to take the pagan masses in with it. Catholic leaders succeeded in converting to

Christianity large numbers of pagans by promising them that they could continue to celebrate the Saturnalia as Christians.[2]

D. The problem was that there was nothing intrinsically Christian about Saturnalia. **To remedy this, these Christian leaders named Saturnalia's concluding day, December 25th, to be Jesus' birthday even though it was actually the birthdate of the sun god Tammuz.**

E. Christians had little success, however, refining the practices of Saturnalia. As Stephen Nissenbaum, professor history at the University of Massachusetts, Amherst, writes, "In return for ensuring massive observance of the anniversary of the Savior's birth by assigning it to this resonant date, **the Church for its part tacitly agreed to allow the holiday to be celebrated more or less the way it had always been.**" The earliest Christmas holidays were celebrated by drinking, sexual indulgence, singing naked in the streets (a precursor of modern caroling), etc.

F. The Reverend Increase Mather of Boston observed in 1687 that **"the early Christians who first observed the Nativity on December 25 did not do so thinking that Christ was born in that Month, but because the Heathens' Saturnalia was at that time kept in Rome, and they were willing to have those Pagan Holidays metamorphosed into Christian ones."**[3] Because of its known pagan origin, Christmas was banned by the Puritans and its observance was illegal in Massachusetts between 1659 and 1681.[4] However, Christmas was and still is celebrated by most Christians.

G. **Some of the most depraved customs of the Saturnalia carnival were intentionally revived by the Catholic Church in 1466 when Pope Paul II, for the amusement of his Roman citizens, forced Jews to race naked through the streets of the city. An eyewitness account reports, "Before they were to run, the Jews were richly fed, so as to make the race more difficult for them and at the same time more amusing for spectators. They ran... amid Rome's taunting shrieks and peals of laughter, while the Holy Father stood upon a richly ornamented balcony and laughed heartily."**[5]

https://www.simpletoremember.com/vitals/Christmas_TheRealStory.htm

Another source puts it this way: To the Aztecs, she was known as Tlazolteotl (TLAS-ohl-tay-OH-tul), **the goddess of filth, gambling, prostitution and witchcraft**, among other things. She was also known to the Aztecs as Coatlicue (co-AT-li-KWAY).

In the form of Coatlicue, she was a "virgin goddess" who became pregnant. The son she bore was supposed to be Huitzilopochtli (WHIT-sil-oh-POHKT-lee), the chief god of the Aztecs, reincarnated as a baby.

She was the goddess of the moon and of the morning/evening star (Venus). People who spoke different languages called her by other names. Some of them are Hecate, Astarte, Aphrodite, Venus, Isis, Semiramis and **Ishtar (The fertility goddess which is where we derive the word Easter)**. She is also known as the Roman Catholic "Virgin Mary" goddess. Her son had many names as well. Some of them are Horus, Harpocrates, Mithras, Sol Invictus, Hercules, Attis **and the oldest name being Tammuz**. What do these god-babies have in common? **Well, for one, they were all born on December 25th.** Which is where we derive the pagan celebration of **Christmas** from, which was originally known by the Romans as Saturnalia.

December 21-22 -- Winter Solstice/Yule. One of the Illuminati's **Human Sacrifice** Nights December 21- 22 -- Yule -- When the sun begins its northward trek in the sky, and days began to grow longer again, pagans celebrated the Winter Solstice by burning the Yule log. Since the sun had reversed itself and was now rising in the sky, pagans believed this was a sign that the human sacrifices carried out in Samhain (Halloween) had been accepted by the gods. **The Roman Catholic Church later changed the day of celebration to December 25, calling it Christmas.**

X-Mas: The Biggest Pagan Holiday/Holyday of the Year

By Dr. Scott Johnson | December 3, 2006

12/3/2006—Is X-Mas Biblical? Let explore the facts so you can see for yourself. On 12/24/1871 Charles H. Spurgeon said: “We have no superstitious regard for times and seasons. **Certainly we do not believe in the present ecclesiastical arrangement called Christmas. First because we do not believe in any mass at all, but abhor it, whether it be sung in Latin or in English: Secondly, because we find no scriptural warrant whatever for observing any day as the birthday of the Savior; and consequently, its observance is a superstition,..**

It was not till the middle of the third century that any part of the Church celebrated the birth of our Lord;.. **Probably the fact is that the ‘holy’ days were arranged to fit in with the heathen festivals. We venture to assert that if there be any day in the year of which we may be pretty sure that it was not the day on which our Savior was born it is the 25th of December. How absurd to think we could do it in the spirit of the world, with a Jack Frost clown, a deceptive worldly Santa Claus, and a mixed program of sacred truth with fun, deception and fiction...The Catholics and high Church Episcopalians may have their Christmas one day in 365 but we have a Christ gift the entire year.”**

Dec. 25 is known as the ‘nativity’ of the sun or birthday of Tammuz (the sun god). Plus much more.

Subject: **++ Testimony of an Ex-Witch Who Was Assigned to Christians Churches to Curse Them and Tear them Apart**

Date: Fri, 29 Jun 2018 21:07:38 +1000

Here is the points from the ex witches testimony that a Woman friend of ours did. She was paid for this work and they are highly organized and a strong network. Puts us believers to shame.

The following are notes from an interview that is no longer easily available. Right now it is important for people to understand that all this blatant mocking of Christ is very serious. God will not be mocked. It is also important to know that the occult and

witchcraft is real and the people involved are very active. Some try and make light of the dark activity and even try to Christianize it - it is what it is (not of God and blasphemous).

Questions to this high level ex witch:

What was your purpose to go into the churches?

What was your main job?

I was a sitter. My job was to blow apart the whole 10 commandments...to bring down the people in the church and the church itself. To steal their faith. Atheism is increasing and now you've got the gay society moving in all (they are separating the churches up) this has already been happening, we have seen a lot of churches closing up.

Who was giving you the orders?

It was the priest the high priest.

There was lots of training it took me 6 months to train up as a sitter.

What areas did you concentrate on?

Everywhere we were prepared to travel all over.

How far did you travel? Anywhere in Tasmania

Some apostolic churches were doing deliverance. So we would use that to stir up trouble. We would say things in the neighborhood like "did you hear all that screaming last night and we would entice them to ring the police."

I had to report back, and if we failed it was wooden skewers through your fingernails.

If we couldn't carry out the assignments or obey orders we would get this punishment.

They would wet them and hammer them in through middle of your finger nails.

And you would let them? Yes that was the penalty if we failed at an assignment. And there was fear, didn't want to be put down more (down the ladder)

What did you get out of all this?

I felt really honoured when they offered me a job as a sitter. I wanted to climb the steps.

To be someone and do the crap kicking.

Through the trauma and the rituals I received more power but the leaders were having more control over me.

It took a long time to get position in Satan's high order.

I wanted to be at the top of the pick.

I wanted to be somebody.

Now you are born again and talk to God how does that feel?

It is so simple -so much easier.

D.s history.

At 8 years old she was molested by her grandfather it went on for 3 years. He showed me and my friend pornography. He said now you are not a little girl anymore you are grown up. This made me feel important.

I stole a bible and prayed ...I decided to pray to Satan then my pop died within two months, it was a big relief to me. My whole life started changing.

I was pack raped at 14. We were screaming out but the police didn't get there quick enough. I became bitter and really angry, I just wanted to destroy people.

My mother was a diviner. My bedroom became like a shrine to Satan. She loved my bedroom .

My Uncle Sam was a Freemason he used to show me all his medals. He called me his Angel and share a lot with me. I used to think that I wanted to have some recognition like that.

When I first started going along to the witchcraft grand order I was excited to be important. I had lots of meetings to go to.

One church that exists here...that is filled with adulterers.

No need to spend energy on this one, it is already coming apart.

Biggest thing for us was to pray for blocked minds that the people would not be able to hear and understand.

We used to put communal blood in the playgrounds.

You didn't think of the consequences your soul had already gone.

I started to work in the parliamentary offices. They found out I was psychic and I was invited to a meeting. They were checking me out. They were channellers. When I was 22 a man flattered me and said you have some very special giftings. I was invited to meetings. We had to share each other's blood through the goblet. The taste was terrible. They ordained me to be into a greater realm. They said you will never be hurt again. But they were training me up to hurt others.

How big was the organization?

Over 300 members. There were links to the big cities.

Nothing was written down it was all word of mouth.

Our meeting places were hard to access. Sometimes we had to scale rocks in the dark.

High points in the dark. I bought a head lamp.

How did they get the curses out there?.

The water tanks in high places was one way we did it.

We broke the 10 commandments and turned them around that's how we got the power.

We went round and did the playgrounds and daycare centres .

Water supplies. Ever water supply was done in every town. Phone towers radio towers.

We were cursing into the transmitters, tv, radio.

We would curse roads, intersections, sport grounds. Churches please pray protection on your people especially for your younger generation.

It was all to get power. Its good when the churches that come against each other.

The biggest thing was to pray for blocked minds. Shut the understanding. You can sometimes witness to people and see them shut down to what you are saying.

Negativity towards Christianity.

In the churches. I had to be careful. I was always late. I would take off at the end of the service. I was invited to go to hear testimonies, I had to block my own mind from Christian influence. 2 ministers focused on me it made me angry. It was very uncomfortable. Another minister tried to cast out Satan.

What were you doing?

3 days prior -communal blood.

Fasting as well.

Alistair Crowley rituals -he was so corrupted.

Anton Lavey and Charles Manson are role models.

I was absorbing everything evil but now I have renounced everything.

What else can you tell us about your assignments to the churches?

The success was in the numbers.

If it started declining then we knew we were effective.
We used to celebrate that.
Home groups were harder to break into.
And churches with Deliverance and authority made it harder.
House groups are moving more in the power.
When people in the churches went up for prayer we would target them. Throw curses at them. We would also have people in the cars watching and waiting. I would be greeted by someone at the door. We wanted to harm kill and destroy through cursing.
How many became leaders in churches?
Quite a few. One pastor went on a massive shopping trip on a Sunday- he took the people's money and bought things for himself.
But the people with big needs don't get ministered to.
Once the churches started failing we could back off and then let them fold down on their own. Churches become more of a social gathering. Wake up to things. Be prepared to nurture the people.
How many in the game were doctors and lawyers and high profile people?
Approximately 45%. We had conferences Nov 2nd week. That is a significant time. Is a time when people get recruited. Catholic Churches, Uniting Churches, they are already under Satan's control, already lost. We don't have to invest much energy there.
D.s parents came to faith. I was angry she said. My family were getting into Jesus and this was not good for me. The witches were after my family.

Here is the ex witches dress. The demons scratched her back for the 4th time that we have known her. Twice while we were with her. This time it shredded her dress in front of her family. She had to make an excuse to go and change and try to hide it. This woman knows the devil exists. She served him for decades. There is no going back for her. No thoughts touch her mind. The devil doesn't have to hide in her life like he does in others. She is in a war she knows is real. And we all are.

Her weakness is fear and anger and a desire for revenge. But she understands that these are weaknesses and door openers so she is desperate to close them. This may seem extreme but to lose this battle is the same result. Eternal separation from God. There is no going back.

Heb 10:38 Now the just shall live by faith: but if any man draw back, my soul shall have no pleasure in him. 39 But we are not of them who draw back unto

perdition; but of them that believe to the saving of the soul.

Deb said this: Hi Pete, its a hex, curse on ill health & death like: cancer, heart attack, stroke, car accidents, not a good message for the unknowing victims. They do not know about Christianity therefore they belong to Satan.

++ Super Charged 'Do it Yourself' Anointing Oil: First the Blood, Then the Oil

The picture above is of my anointing oil. I have it sitting on my audio player that plays the KJV Bible through it all night on most nights, except when I forget to turn it on.

When I was first saved I was starving for the Word. I could read for hours the Bible and that still wasn't enough. I would play the New Testament Bible CDs at night on repeat next to my bed and would wake up singing to God and feeling joy and peace. If I felt a sickness or cold and flu at night I would put the Bible on and in the morning I would feel fine. I had told myself and believed that God doesn't want me

sick and so my shield of faith was active all the time. And rarely did I get sick. There was a period of several years where I never got sick once. I trusted my God for protection and I do know that He did that for me and still is. And also I believed that in the spoken Word going out through our house via the audio players was also putting up some sort of invisible shield that the demons hated and could not stand in it for too long, and would flee. And I have watched for evidence of this assumption as I have told others to do this also.

First when playing the Bible audio, there comes an inner resistance to the Word and then, usually after a couple of weeks on average things settle down and the resistance slows up. There is no doubt in my mind that the demonic entities within the person who embarks on this adventure of faith are tormented and those without legal rights will flee.

So an invisible wall is placed around that home and occupants and the whole house is soaked with the Word of God.

Heb 4:12 For the word of God is quick, and powerful, and sharper than any twoedged sword, piercing even to the dividing asunder of soul and spirit, and of the joints and marrow, and is a discerner of the thoughts and intents of the heart.

I believed this as a young believer and 20 years later I still believe it.

So my oil had sat on my player for years soaking up the vibrations from the KJV Bible playing all night and I do believe that this had imparted more fire into it, and we were using it for healing according to this Word.

Mat 3:11 I indeed baptize you with water unto repentance: but he that cometh after me is mightier than I, whose shoes I am not worthy to bear: **he shall baptize you with the Holy Ghost, and with fire.**

Jas 5:14 Is any sick among you? let him call for the elders of the church; and let them pray over him, anointing him with oil in the name of the Lord:

Jas 5:15 And the prayer of faith shall save the sick, and the Lord shall raise him up; and if he have committed sins, they shall be forgiven him.

As sickness can be caused by Demonic spirits then the two can fit together easily. So here in the next scripture is what I'm talking about here.

First the Blood, then the Oil.

First Repentance, then the Holy Spirit (by the spoken word and by the Oil) can be applied.

Mar 6:12 And they went out, and preached that men should repent.

Mar 6:13 And they cast out many devils, and anointed with oil many that were sick, and healed them.

I had read a book by Bill Schnoebelen called Blood on the Doorposts when I was a very young Christian that explained the use of anointing oil in the home and on doors and windows and things. He said it appeared in the spirit realm as a fire, and the demons hated it.

So I tested that out and coming out of a background of witchcraft, although not as severe as Bills ever was, there was a few entities coming and going that I could test this theory out on. And if it was something that the wicked entities hated it then I was interested. And I definitely did feel a difference after anointing our house with the oil that I prayed and blessed myself.

I didn't have to buy the most holy and pure stuff that was squeezed from the more righteous trees on the hills of the Mount of Olives and that was blessed by the most Holy Reverend of the church of all saints in Jerusalem, or whatever they are selling on the internet. And although I looked into this, I am glad that I couldn't afford this at the time and had to rely on my own faith in my own God to answer my own prayers for my own oil, and for everything else also. So I did and that was a big step ahead in faith for me instead of handing it to someone else whom I thought more qualified.

Heb 11:6 But without faith it is impossible to please him: for he that cometh to God must believe that he is, and that he is a rewarder of them that diligently seek him.

So I was using it now and again in a bit of a smear here and a bit there and a few drops around the house for protection. It seemed to last a few months then I would redo the places again. Also we used it on other peoples places and they

could feel results too. Although almost impossible to measure, we had to receive by faith. And I did have faith to believe that my God could do this.

Mat 9:29 **Then touched he their eyes, saying, According to your faith be it unto you.**

And as for praying for people I usually used it at the end. As a weapon against sickness and disease, but back then it didn't matter if the oil was forgotten and left home, I hadn't the revelation of its importance in the battle, but that was coming.

I know when I first seen it used at the start of deliverance it would make the devils manifest so much quicker than usual and that excited me. And they would be trying to wipe it off and cursing it and the workers and God.

So I started to use it in deliverance. And it definitely would bring torment to the tormentors quickly. Sometimes you would apply the oil and the demons would dive for cover and other times their cursing was music to our ears, because of the reactions of the spirits, it was no secret that they were in agony.

And this was no clearer than when we were involved with a woman who was the High Priestess of a large Satanic coven here in Tasmania. Now this coven was trying to take over the state and would have a satanic festival every year on the winter solstice called Dark Mofu. And to show you an example of how much influence they have, here is a picture of one of three, 20 meter high inverted crosses they set up in the capital of the State with little local council or political backlash at all. They were actually paying for some of this. And some Christian identities in the city even said it didn't matter and didn't mean a thing.

So these people weren't little teeny boppers lighting candles and reading tarot cards. Some of the people involved were associated with the highest witchcraft powers in the USA. For example Marina Abramovic was here doing witchcraft rituals disguised as art, who was exposed by Wikileaks for the spirit cooking and connections with the Podesta Bros. And John Podesta was Hillary Clintons right hand man. No small fish here. So during the deliverance of the now Ex High Priestess, which was like the exorcist movie, with demons coming up that had mentions in the Holy Bible as well as demonic scratches and bite marks and blowflies coming out of the blue it was like Nebuchadnezzars furnace for a few months. We would use the oil as soon as we started to pray and there was no waiting. It was on within seconds.

We prayed that the oil would not only represent the Blood of Jesus and the Fire of the Holy Ghost but that the devils would actually feel it as if it was fire and the Blood like acid. And we also added lots of other prayer into it. The all Consuming Fire of God, the fire of Elijah that burned up the 50s and their Captains, the fire of Jotham which was the division and civil war that was sent between Abimelech and the men of Shechem, which turned them against themselves. And also the Resurrection and Abundant Life, Peace, Joy, Hope, the Love of God and other

things that would destroy yokes of bondage and slavery, break chains and heal and restore the broken and wounded. So like a sharp double edged sword, cutting both ways.

The results in this deliverance were astounding. We prayed for her numerous times and she said the oil burnt like acid, which was obvious to us as the demons screams were letting us know. And we put it on her feet once and after the spirit left she said it felt like nails going through her feet and nailing them to the floor; which was handy, because a lot of time the spirits had her up and trying to grab anything to use as weapons or scratching and kicking and biting and spitting and whatever else they could try to do to wound and destroy. But things were moving out quick and the scene would change lots.

Also as an added bonus we would put the oil on the hands and when the demons try to grab us the hands would slip off easily.

Now it wasn't just the oil obviously, the Name of Jesus is the Name above all names, and it was by that name that the devils were ordered to go. The oil was an advantage we found that got them moving quicker. And that we used as an accessory. Not as the be all and end all.

When she was going ok, when all the spirits that had surfaced in deliverance had been dealt with and we could return the three and a half hour drive back to our home, I gave her some oil to anoint some of her unsaved husbands stuff when

she could and put around the house, and a Satanist knocked on the door and she looked through the peephole and knew the power in the oil so grabbed it and threw some on him, around a dessertspoon full. She said he reacted like a bucket of scorpions was thrown on him and straight away he ran away screaming; which greatly encouraged us to ramp up the oil defences around her house. And our own, because these people didn't have to visit in the flesh to be about.

So as the battle continued over some months and the witches that were trying to kill her, curse her, kidnap her and destroy her family continued, so did our prayers and deliverance and

experimentation with the oil.

They were constantly putting things in her letterbox and she was constantly going out and opening them and getting hit by them. Whether wicked curses or cursed items of gold and expensive jewellery.

So we anointed the letterbox and the surrounding area and they slowed down.

We put the anointing oil on her front porch and we found that during bouts of deliverance when the demons were near the surface she couldn't even put one toe on the oil because she said it felt like red hot nails going in and even when she wanted to

have a cigarette she couldn't even sit near where they oil was spread around and had to go out the back where it wasn't at. Also when she was in this state she couldn't hold the Bible or the oil or say the name of Jesus. But could say God and Lord no problem, it showed us that 'Jesus' is the name the enemy hates above all others.

And the Satanists who had been dripping blood on her steps and stuffing curses in her door and writing blood curses on her car were slowing down also. Not to mention the sickness attacking her body. We found some cursed jewellery in the garden in a nice little box and gift wrapping when we visited that we surmised was thrown towards the front steps and missed because their access was blocked by the oil. Or the wall of fire that we now believed was coming from the oil.

So when I could see that advantage it was giving us I went and got a few litres of it, prayed and went out on the road believing that even if they drive over the oil it would cause some pain for the enemy that was infesting them. And it may have because the satanic traffic slowed greatly.

She was out the back of her house one evening having a cigarette and she heard her name being called out so she went to the fence and the two Satanists said this to her, among other things.

This was her text to me the next day.

Pete PLEASE stop whatever you are doing!!!! Went out for smoke, Garry &

Karrwen promised the oppression would stop if my mate (being you, backed off) They weren't joking.

And I rang and she said that they were yelling from the other side of the road. They couldn't cross the oil line I left around her house on the road as in the picture. I knew it was causing troubles for them so I went and put a lot more oil up my road and around my house and thought I'd done a good job. But the one spot where I missed making the wall which I never thought important was in a dream that night with the High Priest Warlock walking there, near our lounge room window. So the next day I went around the house and concentrated on that spot I missed and heard a voice speak and say, "Aww aren't you going a bit

far now" as soon as I was plugging up the gap in my oil line. I thought that was a stupid thing to say, but have noticed that when the enemy is desperate then lots of foolishness comes from them.

They had taken to flying paper planes into her backyard with their attacks.

And during all this one day after around 40 minutes of prayer the anointing oil turned blood red after I was praying with a friend warfare and blessings for Tasmania. I had never seen this in the few years or so it had been sitting in this same spot. You can see it in the first picture. This is why I'm writing this account. God definitely got me interested in claiming back the ground for Him, and the oil will not wash off and will remain for a long long time. The oil was used to make things Holy.

Exo 40:9 And thou shalt take the anointing oil, and anoint the

tabernacle, and all that is therein, and shalt hallow it, and all the vessels thereof: and it shall be holy.

And there is a reference where the Spirit of the Lord was in the oil.

1Sa 16:13 Then Samuel took the horn of oil, and anointed him in the midst of his brethren: and the Spirit of the LORD came upon David from that day forward. So Samuel rose up, and went to Ramah.

Then we moved to the capital city in Hobart from a small quiet country town of 80 or 90 population and no crime and no need to lock the doors, to a city of a 220,000 population. And it was a massive change for us.

The Satanists soon knew we were there and welcomed us with cursed mail arriving. And whether they were doing the burnouts out the front or not it was like every second day they were happening.

This is a picture from our lounge room window of straight outside our house. The half circle closest is a line of oil. And there are others there in amongst the madness too. I took this picture yesterday.

And there is a brothel in one of the units over the road, continuous

parties, yelling and screaming and a car was burnt a hundred and fifty meters away or so and blokes walking around with cricket bats and cops raiding the

places. All this could be seen from our window. I thought it was better than TV for a while but my wife was a little fearful.

I had already went around our house after the first night the side gate was bent mysteriously.

And then I decided to experiment and I was in the perfect environment to do this. By now I had not been putting just smudges of oil but was buying it by the litre. Now we shop for the 4 litre can on special.

*I went up and down the footpaths and around the court and poured it out both ends of our road and up and down the road and we noticed things were definitely calming down. Every two or three weeks I would spread more. Now I'm not just giving credit to the anointing oil. There was a lot of prayer going out. **But we could see and hear the results. The wheelies and the screaming and the parties and the loud music seemed to slow down dramatically.***

I heard a diff or gearbox blow one night and a couple of culprits close by are now walking. And we met some Christians nearby and asked them if things had calmed down in the last couple of months and they said quickly, "Yes, the burnouts have slowed and the drug dealer two doors over from us has stopped having all night parties all the time.

The traffic in the middle of the night to the brothel slowed down to almost non existant and actually today as I'm writing this the police were over there carting some woman away. Interesting. She wasn't happy.

So we know that the prayers and the oil have had an effect that could be measured. By us and others who were not stuck in the cycle of the worldliness. All in around two to three months.

Also in Hobart the witches have covered a vast majority of power poles and communication boxes and signs and parks and all sorts of places with hexes. Here is 3 examples on power poles. They do it to cause accidents, sickness, disease, torments death and destruction and concentrate in an area and the spirits are assigned to that area. So we now are armed with a weapon to administer the anointing oil. A weapon we used in the battle with demons who got lively in deliverance and sometimes to shoot them in the mouth with the blood of Jesus and the fire of the Holy Ghost when their mouths were running off a little too much.

It is good also for open places and discreet. Once quick squirt on the hexes would nullify them totally we believed no doubt.

Prayer first, stand in the gap and repent (Scott Johnson's Comment: remit and sins over the land grant redemption over the land—See the end of this PDF for a full document on this), that's the blood, remittance of sins, breaking the curses and pray fire into the oil and go and administer. No need to make a big thing of it.

The Ex Witch told me when they were in the astral form they could see the areas and the streets they had cursed as rivers of darkness.

So it's time to Light up the Darkness. You can do this to. You can make a difference, especially in your own area.

2Ch 7:14 If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land.

And in the larger areas of the high places we would just tip it out of drink bottles slowly as we wandered around as tourists. The enemy had shed their blood and cursed the grounds. We were taking back the land and believing this.

Jos 14:9 And Moses swore on that day, saying, Surely the land whereon thy feet have trodden shall be thine inheritance, and thy children's for ever, because thou hast wholly followed the LORD my God.

And the oil would not be washed away. I can still see it on the road where we have put it around the city, months later. Do it on a warm dry day and it sticks.

And other places to do are reservoirs, parks, schools, accident spots on roads, entrances to shopping centres, underground car parks, water supplies, new age and porno shops, hotels, wherever the enemy has gained ground and has a stronghold. I believe that every time a demonized person walks or drives on or over the oil the demons within know it. And we pray that they will be hit hard by it. And believe they are.

We heard that the Satanists here are cursing the source of rivers also, and they believe that the blood they shed to pollute them goes down the river and even curses the land through irrigations and not to mention people drinking it.

Also communication towers are cursed to affect what is passing through internet and phones. These people are highly organized and serious.

But if God can do this for us,

Eph 3:20 Now unto him that is able to do exceeding abundantly above all that we ask or think, according to the power that worketh in us,

And now there are some others who have the oil out doing their own areas and are hearing the demons trying to put them off and discourage them too. At one high place we travelled to that was at the other end of the state I could hear them telling me "You shouldn't be doing this" even as we were still in the car driving and "Who do you think you are?" But when the oil was being sprinkled over this area I heard them screaming and saying "You're out of your Jurisdiction."

That is a word I have never used in my life. So I laughed and soldiered on. This is a work God has led us into.

Eph 2:10 For we are his workmanship, created in Christ Jesus unto good works, which God hath before ordained that we should walk in them.

I believe we can make things extremely hard for the enemy to operate. And if every church in every place, big or small, it doesn't take too many, would go and take back the High Places, and the strongholds in even just our own towns then it could become a quicker work.

One small squirt of anointing oil at a cursed object may cause a big drama for the Devil in the second heaven. Do you believe this? I do.

Peter McMaster.

UPDATE

Two days after writing this we found this on signs 50 meters down the road, at an intersection near the bus stop. The Satanists must be trying to claim back their territory. The satanic cursed blood then clear enamel paint over the top so it doesn't wash off. But with a bit of elbow grease we removed it. There was no kick in this curse at all. Powerless. But looked bad.

No drama. I asked another neighbour if things had quietened down and he said without having to think too long, "Yes they have".

Praise the Lord!!!

Great testimony. The demons hate it. Thanks for sharing. I'm sure there'll be more.

We did the steps of Mona ferry service to the museum and a lot of the waterfront that they frequent. Mona is now losing money. They ordered

this ferry, see attached, 12 months ago. Naked women as camo colors.

So we just keep plugging away. I pray that God will encourage you and others for

praying over the enemies strongholds. Thanks for helping people to join in the fight
Scott. I'm excited.

God bless you.

Pete.

Subject: ++ Amazing First Hand Testimonials About This Anointing Oil

Pete: I sent some of my little remaining oil (that I had made with olive oil and some of the essential oils mentioned in the Bible) to one of my listeners. This is the one I have had in front of my Bible CD player for about a year. See the attachment. This is what happened to him. This man (John) is a TI (targeted individual) he gets harassed virtually every day with guys waiting for him when he walks out his front door, to when he is driving, to interfering with like every aspect of his life.

TY & God bless!

Subject: Thanks for the oil

Oil smells like heaven itself!!! I'm very impressed. . Just wanted u to see i got it.. bro for real this means so much!!! I immediately anointed my car and then i went inside my place and began to anoint all the doors and windows i then anointed myself and began to violently throw up after i felt as if a weight off my shoulders!! Bro within 2 min of applying the oil after commanding any evil spirits lurking in my flesh to come out and be bound, 2 min later i was running to the sink throwing up.. but felt major peace after this and then went forward with anointing all my windows and entrances to place and car and wheels.. all with prayer and healing i am blown away with how i puked it is such a major sign of deliverance!!

Bro this is so sweet, it is going to protect and heal.. you could not give me a better gift!!! God bless ur heart scott man god bless...

Subject: Bro just in one day of use

And calling fire into the oil and its got sediment in it. The 2 pics can be compared the first pic is the first day i got it no sediment... now bro its got what looks like gold flecks in it u put it over the light to shine it through.... gold flecks.... whatever was done to this oil is brought with it power to drive out devils... in one day of use i am seeing gold flecks in the oil.. nothing has been added to this oil.. i have used it to drive out devils carry it with u in your pocket... im getting manifestations that are litterl devils comming out of people they either run from me or try to attach themselves to me.. at which point i command them in Jesus Name... also if the user of this oil has faith and is rooted in the word in

prayer, look the heck out, a whole new level with this tool.. i can feel the oil, its been clearly blessed to drive out devils and break demonic possession clearly!!! Prayer and this is like heaping burning hot tar on satan!!!

Subject: I carried this in my pocket today

And litterly demons were just flying out of people even at coffee this morn the guy in line looked at me then freaked out and tried to say i hit him.. it was a total demon and i had some oil on my hand and touched his shoulder upon leaving u should of seen it the guy could not remain composed and ran out of the coffee shop everyone was like wow????? But i knew!!! Scott i did not see any sediment in the oil the first day but i sent a pic under light and it looks as if gold flakes are appearing in the oil i continue to call fire into the oil and its most def got that nature.. this is healing oil but i think it is driving out the demons around me its insane bro check this pic maybe you can verify if there was sediment in the oil, because it appears to be supernaturally changing and with more pronounced effects.....

Was having a dream of war... major war upon the enemy.. this is gonna get ugly its why i think ur being compelled to make this oil we need to use all the tools available out of the Word... if your a prayer warrior, this oil will become devastating to the enemy but the user must be made aware this oil will drive things to the surface... most have hidden demons... this oil within 2 min of applying it in prayer i threw up and felt a huge release but it like layers and to deliver we must ourselves experience the deliverance....this is a sign that the demonic cannot stay it cannot lay claim..... this all is happening in public... no one acts the ways I've seen unless there are demons there.. its so amazing its like they see me coming and attack....to prevent the oils use... **also there was a gangstalking car (out of state plates) parked right outside my window parked not moved for months and months on my street.. the fbi training manual on directed energy weapon use states this is a main way to microwave the target .. so i put oil on my window corners and then went out to the car commanded it to be removed if it is a danger to me..... within that same hour a man came to the car to move it after 4 mo of it sitting..... how would he know to move it unless it was prayer and the oil!!! Its much longer story but for times sake i say it because its a dang mirriacle... so its most def got a power to drive out demons everywhere u go.. i think this oil should be used especially in deliverance ministry. This oil is also obviously for people people who pray and walk to take back the land.... in a literal physical way by prayer... pray with authority... in Jesus name i command fire into this oil and by Jesus name i cast out and bind then loose the blessing... to do this a person has to know the Word but the combo makes u dangerous to satan!! Like ill say.. " i anoint in the name of Jesus and command based on the Word... if the oil is this strong it would be wise for the user to be prepared for things to get shaken up!!**

Just went and looked at oil u can clearly see shiny metallic looking flecks ... it reflects and shines in the oil... its amazing Scott this is gold, its actually turning into Gold!!!! The question is this. What specifically was played to this oil... maybe the blood red one had different elements read into it... just curious if this stuff turning to gold or the other which was red like blood... also do u think this oil can just absorb demonic energy.. all i know

is there are flecks when the first day i shook the oil nothing... held it up to window and light and zero sediment.. then the next say i was like whaaaaat!! Gold flakes... and on top of it everywhere i take this oil its intense spiritual war... you are so onto something.. my hope is for everyone in this post to experiment... understanding the power of it is the key. If you need to be delivered it will appear that the oil brings negativity. This is not the case, as in order for healing, the demon needs to be manifest... this oil drives um right up..

so if not ready in the authority of Jesus, then the person could face demonic advances that could injure the party involved in anointing and claiming ground... i realize it's not just land but curses in people, the demon is the one you contend with, the oil is what makes this more possible than without it....

Also - having researched an area and its satanic roots is a plus... if u research the area the history like here in Denver there are specific principalities for each city in USA.. oil should be made with this in mind.. not only Bible but also read prayers based on the city ur in.... bro in Denver there is stuff under my feet litterly.. secret satanic bases and a whole bunch of underground military facilities.. so i will let u know as i continue in the oil i am going to put together pre formed prayers to address the specific principalities in denver.. each city is different yet satanic.... each city has been cursed by the devil to foster evil.... we can stifle and slow down the evil by being more specific. For example if u made the oil for an individual in a specific part of the country... then that area can be researched and prayers can be made specifically against that city... and u can even read prayers binding a loosing over the oil on an audio loop as well as bible.... i do think having an oil with just imprecatory prayers is excellant as well..

The prayer walks and squirt gun is a great idea just when alone to canvas the aera with the oil spraying it on everything along the way... each spray. .. " i command in the name of Jesus " claiming the area, with prayer, combined with the book of James is a great foundation to use the oil... i feel this oil must get out to those who have the ministry much like Henry Gruver....it arms u... the power of these devils is getting so strong that there is so much craft and deception that this tool will help greatly..

Key point maybe try verses that are curse breaking.... im getting from the Lord "curse breaking and curse binding oil in which the oil is specifically geared to break curses off whomever it touches.." i feel this is a good idea... just verses that have to do with blessing in this way..... i even would read pre formed prayers that break curses!!! I've never seen this with any oil ive used... it is most def supercharged..

Also verses binding sexual sin and all associated!! Men need to be strengthened against that specifically!! Breaking this activity is so important for spiritual power to come.. i find the user of the oil has to have a pure single simple heart!! This combo will destroy Satan's power over the mind of men... sex can be a powerful weapon or the enemy!! So i call fire into the oil this means fire is contagious it spreads rapidly upon dry land... this oil burns the demons right out of people.. it gets too hot for them!!! also

daily id read or have an audio playing of breaking curses all info on this would be good to direct at the oil...

Went to my car to run errands ive been back for my brakes 4 times this mo and 4 last because they seem to not get it right... willfully... so i commanded the evil spirits to leave my car alone and loosened warring angels over my car... all morn no sound in breaks i have not taken it anywhere i was totally defeated by the attacks on my car... i praise Jesus i mean just as behind a statue there is a demon connected.. i bet u this oil broke these demons off my car!!! No sound in the brakes it feels like brand new brakes dude... Also anoint the bible you use praying for the crooked to be made straight out of the bible due to the Mandela effect.. this oil seems to be effective in ways I have never seen... and im a skeptical person but this stuff is legit, whatever was done to it blows my mind,=Update: My breaks are fixed ??????. This is crazy i even tested it by heating up the pads by laying on the breaks suddenly and no sound its basically impossible all morn no sound and it feels like breaks are brand new ??? I said this already but im barley able to contain myself because are onto something big.
