### **++ 3 Things That Trump Just Did That Are Absolutely Confounding His Supporters**

**#1 President Trump has just launched a global campaign to legalize homosexuality in every nation on Earth.**

**1. God said it was a sin for a man to lie with another man as he does a woman. Lev. 18:22, Rom. 1: 24, 26 & 27**

**2. The cities of Sodom and Gomorrah committed sinful acts of homosexuality and God destroyed both cities by fire and**

brimstone. Gen. 19:24 & 25, Isa. 13:19, Luke 17: 28 & 29

3. Because of the sin of homosexuality (Sodomy), God commanded the sodomites to be put to death. Lev. 20:13

4. God blessed King Asa for obedience. "He took away the sodomites (homosexuals) out of the land. " I Kings 15:12, God also blessed King Josiah. "And he brake down the houses of the sodomites." II Kings 23:7

Many are stunned that Trump has put the full power of the U.S. government behind an all-out effort to legalize homosexuality worldwide. According to [NBC News](#), this global campaign will be spearheaded by U.S. Ambassador Richard Grenell...

**The Trump administration is launching a global campaign to end the criminalization of homosexuality in dozens of nations where it's still illegal to be gay, U.S. officials tell NBC News, a bid aimed in part at denouncing Iran over its human rights record.**

U.S. Ambassador to Germany Richard Grenell, **the highest-profile openly gay person in the Trump administration**, is leading the effort, which kicks off Tuesday evening in Berlin. The U.S. embassy is flying in LGBT activists from across Europe for a strategy dinner to plan to push for decriminalization in places that still outlaw homosexuality — mostly concentrated in the Middle East, Africa and the Caribbean.

**Comment: This is where this is all leading: [Gay & Trans Sex Ed To Be Taught to FIVE-YEAR-OLDS in UK — Opting Out Is ILLEGAL](#)**

*The UK Conservative government is set to announce plans for the introduction of lessons on homosexuality and transgenderism for primary school students, despite an official petition against the move, signed by over 100,000.*

*The Sunday Times reports that the new curriculum has been finalized after a six-month consultation with the Department of Education, and will be rolled out across UK schools starting from the 2020-21 educational year.*

*It will be taught to pupils from the age of five, and it will be illegal for parents to take their children out of the classroom for the lessons in secondary school, meaning that at least a term's worth of sex education classes – and likely far more – will be attended by each student.*

And this could be just the beginning of big things for Grenell, because he is reportedly one of the top choices [to become the next U.S. ambassador to the United Nations](#)...

**Prior to this, most conservative Christians in America had assumed that Trump was on their side on these issues because of previous actions that he had taken...**

The Trump administration has been criticized by LGBTQ (lesbian, gay, bisexual, transgender, and queer) activists in the U.S. for barring transgender volunteers from serving in the U.S. military, and rescinding a policy from the previous administration encouraging special accommodation for transgender students in public schools.

But now Trump has made a major shift, and it will be very interesting to see how conservative Christians respond to this news.

**#2 It is being reported that President Trump was rushing to transfer "highly sensitive U.S. nuclear technology to Saudi Arabia".**

Previously, it had been assumed that President Trump was against the spread of nuclear technology among the radical Islamic regimes of the Middle East.

But now we are finding out that there apparently has been a major push “to build nuclear power plants in Saudi Arabia”. The following [comes from Zero Hedge](#)...

The House Oversight committee now chaired by Democrat Elijah Cummings issued an [interim staff report](#) after several whistleblowers came forward “to warn about efforts inside the White House to rush the transfer of highly sensitive U.S. nuclear technology to Saudi Arabia in potential violation of the Atomic Energy Act,” spearheaded by Jared Kushner, according to a [press release](#) by the House Oversight Committee.

The press release is in conjunction with the announcement of an investigation into the allegations.

The plan, which reportedly involved former White House National Security Adviser Michael Flynn, Kushner and Trump fundraiser Thomas Barrack, would see the development of “dozens of nuclear power plants” in a “Middle East Marshall Plan” through IP3 – a private US company which has “assembled a consortium of US companies to build nuclear plants in Saudi Arabia.”

**#3 President Trump is accusing Cuba of having troops in Venezuela as he continues to pave the way for a potential war.**

In 2016, many in the anti-war community voted for Trump because he promised to bring our troops home and he pledged that the U.S. would not be the police of the world.

But now in 2019 he is moving us dangerously close to a war with Venezuela. For much more on how we got to this point, please see my previous article entitled “[‘All Options Are Open’: Trump Threatens To Use The U.S. Military To Invade Venezuela](#)”.

However, Trump is not just threatening Venezuela at this point. Now he is accusing Cuba of having troops in the country, and he had some very strong words for them on Tuesday. The following comes from [Reuters](#)...

Cuba denied on Tuesday it has security forces in Venezuela and charged the statements were part of an orchestrated campaign of lies paving the way for military intervention in the South American country.

U.S. President Donald Trump and members of the administration have charged that Cuba's security forces and military control Venezuela's and that troops are also on the ground there.

If the U.S. invades Venezuela, could it be possible that we will end up in a war with Cuba at the same time?

Such a notion seemed impossible just a few short years ago, but our relations with Cuba are the diplomatic equivalent of a dumpster fire in 2019.

And let us not forget that Russia also has troops in Venezuela. An invasion of Venezuela could definitely spark a much wider war, and that is something that nobody should want to see.

**We live in very troubled times, and I have a feeling that they are about to become much more troubled. Our world is beginning to spiral out of control, and the decisions that Trump makes in the coming months will have monumental consequences for all of us.**

## Trump Lies To Nation While Concealing Budget Bill That Encourages Child Trafficking

On Friday, February 15, 2019, President Trump signed into law a [secretive budget bill](#) that every American was denied time to read, understand, and react to. The Amnesty faction won this time so we can count on them doing this again. Every concept of fairness, due process, public participation in government, and consent of the governed was violated by this terrible tactic. They rushed the [budget deal bill \(View\)](#) into law quickly because they knew most Americans would have opposed it and fought against it.

The DC insiders who got this budget deal Amnesty for illegals into law (found In Section 224a) did this as a test run strategy and now have a plan to do his again to pass what Trump called for last Friday, as "a larger immigration reform bill" AMNESTY.

Those of us fighting Amnesty for many years know that every immigration reform bill over the last 15 years has contained Amnesty, voting rights, and benefits for more than 10 million illegal aliens.

President Trump lied to the nation by falsely claiming his administration stopped multiple illegal alien caravans, when in truth, he let them into the USA. Speaking for 40 minutes, he never mentioning he just signed the dastardly and secretive budget bill which incentivizes illegal immigration and child trafficking.

Trump just signed into a law a bill that 99% of Americans know nothing about which contains Amnesty for millions of illegals, incentives for child trafficking, an expansion of Trump's deadly catch and release policies, less detention space for illegals, reductions of interior immigration law enforcement, new buildings and buses to bring more illegals into the US, raising of legal immigration levels, a measly 1.3 billion for border fences, and severe restrictions on where border barriers can be built.

The vast majority of Trump's voters oppose the measures the immigration policies he just secretly signed into law.

Trump [lied without challenge from the media when he claimed they were stopping caravan illegals from entering America](#), when in truth Trump is letting the caravans in, which inspires larger caravans to form. ([View documentation 1](#)) .. ([View Documentation 2](#))

This fits into the pattern of many false promises and statements emanating from Donald Trump and the White House on immigration issues.

At this time, the Trump administration is continuing the costly and deadly Catch and Release program by which illegals are simply given tickets to appear at future court dates in the jurisdiction of their choosing. It should be no shock to anyone that the vast majority never show up in court, are not tracked or locatable, and are never deported after being handed such a worthless ticket.

There are reports that illegal aliens are now starting to complain about how long it takes our Border Patrol to pick them up from the point where the drug traffickers drop them off. Illegal aliens look forward to being "apprehended" by US Border Patrol because, within a few days, they will be clean, dressed in clean clothes, fed, medicated, and transported inland in air-conditioned taxpayer-funded DHS buses (under President Trump's control) to be dropped off at invasion supporting churches in Phoenix, AZ, and San Diego, CA.

If you don't want to believe this because you heard President Trump promise these illegals would not be allowed into America, we have news reports from Phoenix and San Diego that prove it.

While Trump and the Mexican officials did briefly stall the caravans in Mexico (to prevent the optics of them tearing through our border patrol checkpoints and triumphantly marching into conquered America), Breitbart News started reporting on November 14, 2018, that Mexican federal police started escorting these caravan illegal aliens to our border for processing. The reports indicated that 60-100 illegal aliens per day were being processed into the USA.

Then came the videos from outraged patriots on the ground--

Trump wore a Democrat blue tie and paraded Angel Families who have lost loved ones to illegal immigration crimes after signing a bill that will increase both illegal immigration and the number of Americans killed by illegals.

Trump obfuscated and talked about trade agreements, law enforcement, the border, and his plan to declare a state of emergency for more than 40 minutes (View Video), but never admitted to the national audience that he signed the budget bill that a majority of his supporters despise.

"I know without a doubt that President Trump is a liar, he is deceptive, and intentionally manipulating his supporters to lead them to their own doom through Amnesty for millions of illegal aliens. Trump is a Judas Goat!" said William Gheen, President of ALIPAC. "It is clear to me that Trump is not the man he campaigns to be and he is complicit in passing a major policy bill in a disgusting way that prevented 99% of Americans from learning what is in the bill until after he made it a law, just like Obamacare. In truth, Trump shares Obama's tactics and immigration positions. The American patriots who see through Trump's lies and those who are upset by his signature on the Amnesty budget bill today are the Americans we want to represent and give voice to at ALIPAC."

ALIPAC is launching a new effort to reach out to Angel Moms and provide them with information proving that Trump lies and is using the families of victims of illegal aliens to promote a globalist and open-borders agenda while pretending to be a nationalist.

Trump successfully used the Angel Families to convey that he has their support on his actions today, which includes the budget bill filled with Amnesty and benefits for the very illegal aliens that slaughtered their loved ones.

Perhaps Trump's past experience as an actor in professional wrestling matches prepared him for the grand deception he is pulling on tens of millions of American who deeply oppose illegal immigration and Amnesty.

It is truly ironic that Americans elected Trump because he claimed he opposed open borders and Amnesty for illegal aliens. Trump lied when he promised all illegals including DACA Amnesty recipients had to go home.

ALIPAC is now tracking 11 broken campaign promises by Trump on immigration issues. (View List) See:

At this time the broken promises list includes:

-- Trump reversed his campaign position of reducing legal immigration levels and now supports raising legal immigration levels according to his State of the Union Speech of Feb 5, 2019.

-- Trump promised caravan illegals could not come into USA. (Caravan illegals allowed to enter.)

-- Trump promised a border wall. (No Wall. No wall yet as of Feb 2019))

-- Trump promised to end DACA Amnesty on his first day. (Trump continues DACA.)

-- Trump promised to oppose Amnesty. (Trump endorses Amnesty legislation and has deployed his son-in-law Jared Kushner to cut a deal with Democrats to give Amnesty to millions of illegals.)

-- Trump promised Executive Order to end birthright citizenship. (No Order.)

-- Trump promised illegals would go home. (Trump now supports Amnesty via HR 4760.)

-- Trump promised DHS would clean up elections fraud. (No Action.)

-- Trump promised to end Sanctuary Cities. (No Action.)

-- Trump promised to end catch and release of illegals. (Catch and release continues.)

ALIPAC activists are being asked to circulate this information and contact Trump's White House (202-456-1414) to demand "**No Amnesty for Wall Funds deals!**" and to pressure members of Congress to oppose any and all legislation that contains Amnesty for illegal aliens.

The word is that the Angel Families begged Trump not to sign this Amnesty filled budget bill, which will lead to more Americans losing loved ones to illegal immigration as they have, and while Trump did delay signing the bill until after the Rose Garden press conference the Angel Moms attended, he signed it later that afternoon.

So here are three facts we know are true--

1. Trump signed the budget bill despite being asked not to by the families who have lost loved ones to illegal aliens.

2. Trump lied during the press conference about the illegal alien caravans that his

administration is letting into the USA despite the fact our laws say he doesn't have to. . (View info and videos of caravan illegals being let in HERE)

3. Trump signed a document into law knowing that every American had been deprived of a chance to know what was in the bill before he signed.

Now he wants to move on to larger immigration reform Amnesty deals with the open-borders Democrats and RINOs.

More Democrats voted for the budget bill than Republicans, and Republicans were much more divided against the bill. So at this moment, by the official numbers of votes in DC, Trump is signing legislation that is more Democrat than Republican. He is representing Democrats more than Republicans by signing that budget bill crafted by his lifelong Democrat son-in-law Jared Kushner.

The elites like Jared Kushner, who won an Amnesty for illegals and unskilled labor visa doubling in the budget deal bill, are planning their next round.

NumbersUSA has issued an [email alert on this topic \(View\)](#) and this [Feb 20 McClatchy article \(View HERE\)](#) states: --"Jared Kushner privately working on reshaping legal immigration," [McClatchy](#), February 20, 2019, 5:00 p.m.: "[There's] a new paradigm in the White House. It's a shift away from priorities of 2017 that sought to prevent the influx of foreign workers who could displace American workers in favor of a new approach preferred by more traditional Republicans, particularly those close to the corporate sector who are desperate to attract more foreign workers to fill U.S. factories and tech hubs.

*It's a different White House than it was a year ago, said a senior administration official."*

ALIPAC has a strategy to deploy as we fight to stop this next secretive and effective push for more Amnesty and immigration.

**+2+ Trump States: "I Want 5G, Or Even 6G, Tech In The US As Soon As Possible"**

Thursday, February 21, 2019 9:59

Thu, 02/21/2019 – 09:20

President Trump has finally hit upon the real issue at the center of the US government's battle with Huawei: It's all about the technology. Huawei Technologies Co., Ltd. is a gigantic Chinese multinational [telecommunications equipment](#) and [consumer electronics](#) manufacturer, headquartered in [Shenzhen](#). To wit, one reason why US allies and the UK and Germany have been so hesitant to cut ties with the Chinese telecoms giant is that, as its founder pointed out in a recent interview with Western media, there is no real alternative. US telecoms like Verizon still lag their Chinese rivals when it comes to 5G.

So, in a series of tweets sent Thursday morning, President Trump exclaimed that "I want 5G, and even 6G, technology in the United States as soon as possible. It is far more powerful, faster, and smarter than the current standard. American companies must step up their efforts, or get left behind. There is no reason that we should be lagging behind on..."

And guess who just filled that role with this **Dirty Deal to Kill all the Indictments** and any Hope of Prosecution of the Deep State. Yes that is Correct, the Great Pretender has now assumed the **vacant role** of the Grand Wizard and Warlock of DC.

### **The 7 major takeaways of this rapidly evolving state of affairs regarding Trumps betrayal**

- **Q and QAnon are LARPs who have posted massive amounts of hope porn regarding thousands of fictitious sealed indictments. They don't exist, and they never did. "The PLAN" was never real and only a figment of someone's fertile imagination WITH A VERY SERIOUS AGENDA. The Qs are really working for one of the clandestine crime syndicates that currently backs Trump.**
- **With AG William Barr in place there will be no prosecutions of the Clintons, the Bushes, the Obamas or any other crime family including the Rothschilds and Rockefellers. Even career criminal George Soros will skate. The nomination of Barr just 2 days after the funeral reflects the likelihood that the truce offer was immediately accepted by both sides and that Barr would enforce the non-prosecution agreement as Attorney General.**
- **The swamp inside the Beltway will NOT be drained — not even a little — because any prosecutions would make vulnerable the various crime families. Convictions could lead to the exposure of the Khazarian Mafia and Black Nobility that really run the whole show as they have since the Federal Reserve Act of 1913 and before.**
- **The foreign policy of the Trump administration has been completely taken over by warmongering Neocon Zionists. They have been given free rein to execute**

regime changes in Venezuela, Nicaragua, El Salvador and even Cuba. They will also target Iran and continue to occupy Iraq. Syria is also still in their crosshairs for another day...after other "shock and awe" military conquests have been successful.

- Trump's foreign policy is no longer under his control. Neither are his major domestic policy decisions. He will appear to press on with the border wall, replacing Obamacare, protecting the Second Amendment, and outlawing abortion as a contraceptive, but these initiatives will only be given lip service henceforth. None of them will be accomplished during the remainder of his term in office.

See: [Trump was even unable to stop infanticide being legalized](#)

- It's also quite likely that Donald Trump will NOT run again for office as part of the deal. At this point, most of the crime syndicates that really run the world do not want him as POTUS, except to usher the USA through a highly controlled bankruptcy. This will be his primary task should the power elite crash the stock market again and then pull the plug on the global economy.

### **Conclusion**

Trump has been completely taken over by forces that are way too powerful for any one individual to take on.

The current composition of his cabinet clearly indicates that his major campaign promises will not be fulfilled. The number of Neocon warmongers alone is enough to start World War III. A war cabinet was quite purposefully constituted to advance the fascist side of the *New World Order* agenda.

This is also why the President is zealously promoting not only the extremely dangerous 5G roll-out, but also a future 6G paradigm. Israel is still stuck on 3G because Tel Aviv acknowledges the inherent health dangers and risks; yet Trump is pushing a completely untested 5G model. See [5G ROLL-OUT CATASTROPHE: An Open Letter to President Donald J. Trump](#)

There is no defeating *Deep State* except by the sheer force of people power and real threat of violence against the 1%. The Shadow Government has had the planet in lockdown for centuries so how can one man possibly bring down such a deep and wide power structure, especially when most of it operates completely under the radar.
