**Subject:** +1+ **URGENT! Senate Meeting on 3/5/19 Discussing the Implementation of Mandatory Vaccinations for All Americans**

Hi Dr. Scott, **We know that the mainstream media would not be reporting on this and there is really no alternative media coverage on this as of now. It's regarding the discussion of mandatory vaccines for all Americans. It was apparently discussed at a vaccine senate meeting on 3/5/19. I have not watched the full meeting so I do not know at what point this was discussed. Since many people do not have Facebook and can't see posts I have included two screenshots regarding what was discussed in the meeting and a phone number to call. The screenshots attached were taken from this post in the community section of Dr. Bob Sears Facebook page.**

God bless and please share.

●● For those of you who aren't up to date with politics/senate hearings, please listen:

Tuesday (3-5-19) there was a SENATE MEETING. They were discussing Mandatory Vaccines on a FEDERAL LEVEL. Meaning, every adult and child in the US will be FORCED to take ALL vaccines that the CDC says to. You won't even be able to say no to the flu shot! Don't you enjoy having a choice about what's injected into your body? That's at jeopardy now. They haven't decided their final answer yet, there is still 9 days left for them to come up with an answer.

●● No matter if you are pro-vaccine, if you like to choose some but pass on others, or if you choose to not vaccinate at all...even if you don't have kids, YOU should be worried.

This is our first amendment that they're trying to take away. It will no longer be a Pro-Vax/Anti-Vax decision anymore, because everyone will be FORCED to receive ALL vaccines decided on by the government.

●● They talked about how to enforce it for adults ●●

⚠ Denying adults their ability to renew their driver's license, professional licenses, and hunting/fishing license was suggested.

⚠ Not able to get or renew a passport.

⚠ Withholding tax returns. Not able to get insurance, etc...unless proof of vaccinations is submitted.

They're not talking about your childhood vaccination records; it's current vaccination records they will require: boosters on your childhood ones (because they wear off after a few years), proof of annual flu shots, and whatever other vaccine the government decides we should have.

---

Believe it or not, this bill IS and WILL affect EVERY SINGLE AMERICAN FAMILY.

✓ Here's how we can all help: Call this number 202-224-3121 every single day for the next 9 days and tell them your state and zipcode and then they'll redirect your call and you tell them you DO NOT consent to mandatory vaccinations.

This bill is unconstitutional and is taking our rights away as people. We should always retain our right to medical freedom.

🚩 If you are not concerned, because you personally believe in giving your child every single vaccine recommended by the CDC and you personally believe in receiving every single adult vaccine recommended by the CDC, you should be. Why? Because one day the government will make a decision you don't agree with, and if you have given away your FREEDOM to make choices for yourself and your family, it will be too late.

This is NOT a post about vaccinating or not. It is a post about protecting our First Amendment rights. 🇺🇸

**Comment: redpill: What I have been posting on comment boards the last couple of weeks, since this yearly push for removing medical freedom from parents, is the HHS Healthy People 2020-30 agenda and the US National Vaccine Plan. If you post on comment boards other than those that support parents' rights to choose, medical freedom or anti-vaxx; you get tremendous grief from people calling you names and telling you that you're killing children if you don't vaccinate. They tell you you're breaking herd immunity and that un-vaccinated children are infecting the planet basically-especially since the WHO got in the mix. So I post this: To all the pro-vaccine people who work for pharm/CDC/HHS for free- Are you up to date on your vaccines? While you are online disparaging families who want safer vaccines and vaccine choice the US government has been busy since 1976 working behind the scenes to take YOUR rights away. Moving slowly thru congress is the US National Vaccine Plan which will make it mandatory for all US citizens to submit to vaccinations from cradle to grave. HHS calls the program Healthy People 2020-30 and has been upgraded since 1979. After completion of the child's schedule of 50 doses of 14 vaccines by age six & 72 or more doses of 19 vaccines by age eighteen, adults will be required to take 72 more vaccines between the ages of 19-65. Ck out the schedule on the CDC's website to validate. This takes affect AFTER your completion of the ADULT CATCH-UP SCHEDULE if you have not had a vaccine in years. You can find all this information on the CDC website and Healthy People on HHS. The period to submit concerns to HHS (like comments about net neutrality to the FCC) passed several years ago. Did you know about it? The MSM certainly didn't publicize it. I believe people who read this are shocked into silence. Are they willing to put their life at risk as easily as they are demanding parents who oppose vaccines**

*put their children's lives at risk. The lack of responses I get when I post this speaks volumes. I plan on including this information in every comment I post on vaccines. I will be sending it to my state representatives. This information needs to go viral.*

### Facebook bans all content on vaccine awareness, including facts about vaccine ingredients, vaccine injury and vaccine industry collusion

Just as we warned would happen, the tech giants are now moving aggressively to ban all speech that contradicts whatever “official” position is decided to be “the truth” by the corrupt establishment. This week, Facebook announced it would block all content on Facebook that questions the official dogma on vaccines, which falsely insists that vaccines have never harmed anyone (a hilarious lie), that vaccines contain only safe ingredients (a blatant deception) and that vaccines always work on everyone (another laughable lie).

Facebook is achieving this by labeling vaccine awareness information “misinformation” or “hoaxes.” At the top of the list is the assertion that vaccines are linked to autism — something that even the CDC's own top whistleblower scientist reveals to be true, yet the vaccine industry claims it's all a hoax (in order to cover of the crimes of medical violence against children that are being committed by the vaccine pushers).

Notably, tech giants are now banning vaccine truth information by labeling it “misinformation” in exactly the same way they ban conservative content by labeling it “hate speech.” They simply invent a false category to justify the ban, all while crushing the free speech of users (and ultimately leading to the vaccine maiming of millions of innocent children). Under this twisted system of speech policing, they can ban any content they don't like by simply labeling it “false” or “hateful,” even if it's true and important.

### 6-in-1 vaccine KILLS 36 infants, reveals “confidential” document - do we need more proof that vaccines are harmful?

If all vaccines were truly “safe and effective” as establishment health authorities and government goons routinely claim, then 36 infants wouldn't have died from a 6-in-1 vaccine known as “Infanrix Hexa,” developed by pharmaceutical giant GlaxoSmithKline (GSK), over a two-year period.

Confidential documents recently unearthed and made public by the website “Initiative Citoyenne” show that there were at least 1,742 adverse reactions, 503 of which were classified as “serious,” as well as the aforementioned 36 deaths, that occurred between October 23, 2009, and October 22, 2011 – but that were never reported by GSK.

The eye-opening information contained in this 1,271-page document reveals that at least 1.5 deaths per month occurred in association with Infanrix Hexa – and these were just the deaths that were reported. Seeing as how only 1-10 percent of vaccine adverse reactions even end up in the official statistics, the number of deaths are far higher.

[Kids got 11 vaccines in 1986 and 53 in 2017... why? The answer is all about Big Pharma profits](#)

A bombshell video snippet from Del Bigtree (see below) dares to ask the all-important question: Why have the number of vaccines given to children skyrocketed over the last three decades?

The answer may shock you. In 1986, Congress passed a law granting legal immunity to vaccine manufacturer, but only for vaccines on the childhood immunization schedule. Since then, vaccine makers have worked to push as many vaccines as possible onto that schedule for the sole purpose of enjoying legal immunity from lawsuits for faulty products and vaccine damage. Thus, children have become a “dumping ground” for faulty vaccines that are manufactured with near-zero quality control measures because forcing those vaccines onto the childhood immunization schedule grants Big Pharma corporations legal immunity from lawsuits.

The skyrocketing number of vaccines now given to children, in other words, has nothing to do with science or medicine. It has everything to do with maximizing profits and shielding vaccine manufacturers from lawsuits for all the millions of children their products continue to maim and kill.

ALIPAC issues the following statement regarding the video of Trump reversing course on his MAGA immigration policies.

*"Trump's chances of reelection in 2020 just hit the floor. While Americans oppose the plans of socialist Democrats, President Trump's continuation of DACA Amnesty current catch and release policies, and broken campaign promises on immigration issues are a betrayal of those who elected him in 2016," says William Gheen, President of ALIPAC. "Many Trump voters are heartbroken to hear he now wants to let more people into America and that illegal immigration is reaching a new historic high on his watch. Trump has engaged in nepotism and put his liberal daughter and son-in-law, Ivanka and Jared Kushner, in charge of immigration policies which is contrary to everything he promised us on immigration in 2016. Trump's current immigration policies will put the Democrats in control of US elections, government, and laws permanently within the next ten years. Perhaps Trump was a Democrat and globalist all along playing a treasonous role on TV."*

As [Breitbart News](#) reported, more than 76,000 border crossers attempted to enter the U.S. in the month of February — the most apprehensions of illegal border crossers and migrants in this month in 12 years.

While Trump's administration [expanded](#) the Catch and Release program last month, the U.S. is projected to see a level of illegal immigration this year that will surpass every year of illegal immigration under Obama.

[House votes in favor of illegal alien voting](#)

House Democrats voted Friday to defend localities that allow illegal immigrants to vote in their elections, turning back a GOP attempt to discourage the practice.

The vote marks a stunning reversal from just six months ago, when the chamber — then under GOP control — voted to decry illegal immigrant voting.

"We are prepared to open up the political process and let all of the people come in," Rep. John Lewis, a Georgia Democrat and hero of the civil rights movement, told colleagues as he led opposition to the GOP measure.

The 228-197 vote came as part of a broader debate on Democrats' major legislative priority this year, HR 1, the "For the People Act," which includes

historic expansions of voter registration and access, as well as a major rewrite of campaign finance laws.

### Open Borders Cabal Meets With Trumps Son-in-Law Jared Kushner To Plan Mass Illegal Alien Amnesty

Plans to overhaul the legal immigration system — where more than 1.2 million legal immigrants are admitted to the U.S. every year — have been led in the White House by adviser Jared Kushner and Brooke Rollins, formerly of the Texas Public Policy Foundation.

As Breitbart News has reported, **White House officials have floated two immigration deals in the last month: One that would give amnesty to nearly two million illegal aliens and another that would expand businesses' ability to import foreign workers instead of hiring qualified Americans.**

The groups consulted over the larger immigration deals include:

- U.S. Chamber of Commerce
- The Heritage Foundation
- Association of Builders and Contractors
- Faith and Freedom Coalition
- Council on National Policy
- George W. Bush Center
- Select Milk Producers
- Texas Public Policy Foundation
- Americans for Prosperity
- Libre Initiative
- League of United Latin American Citizens (LULAC)
- Hispanic Chamber of Commerce

Business groups like the U.S. Chamber of Commerce, the Hispanic Chamber of Commerce, the Association of Builders and Contractors, and the Koch brothers' Koch Industries have opposed any cuts to legal immigration levels (which would boost Americans' wages) but prefer expanding employment visas so businesses have easy access to cheaper, foreign labor.

The Association of Builders and Contractors, for instance, have supported making it easier for foreign nationals to obtain green cards in the U.S., along with advocating for

market-based visas where foreign workers would be allowed to take U.S. jobs so long as American industry **claims** there are no Americans available to fill working and middle-class jobs.

Advocacy groups like the George W. Bush Center, the Koch-funded Americans for Prosperity and the Libre Initiative, LULAC, and the Texas Public Policy Foundation **likewise have backed policy initiatives to make it easier for employers to outsource U.S. jobs to foreign workers, amnesty for illegal aliens, and an expansion of already historically high legal immigration levels.**

The George W. Bush Center **recently promoted plans that would allow businesses to import foreign workers as they wish, bypassing America's working and middle-class workforce and depleting growing blue-collar U.S. wages.**

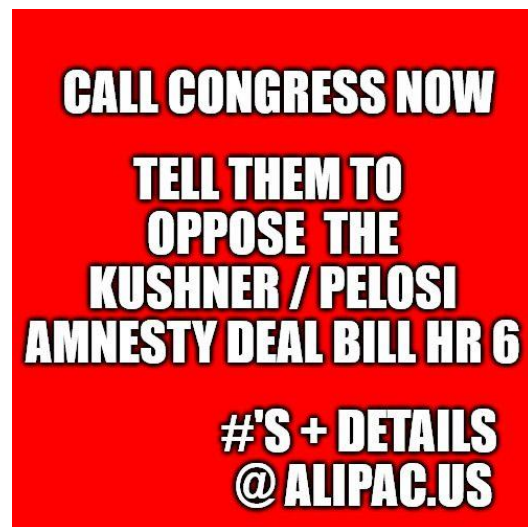

Details of the larger immigration overhaul that White House advisers are reviewing have yet to be hammered out or released. **Meanwhile, President Donald Trump has hinted that he wants to increase legal immigration to the country — a policy that he has long advocated against.**

In 2017, Trump [endorsed](#) Sen. Tom Cotton (R-AR) and Sen. David Perdue's (R-GA) RAISE Act to cut legal immigration levels in half to boost the job prospects of Americans out of the labor force and raise wages for the working and middle-class U.S. workers.

**But increasing legal immigration would subject at least 13 million working-age Americans who are either unemployed, not in the labor force but want a job, or who are working part-time jobs but want a good-paying full-time job, to additional foreign job competition for lower wages.**

The mass importation of legal immigrants — mostly due to President George H.W. Bush's Immigration Act of 1990, which [expanded](#) legal immigration levels — **diminishes job opportunities for the roughly four million young American graduates who enter the workforce every year wanting well-paying jobs.**
