*Yes Dr Scott Johnson I'm sending you my screen shots they r censoring us. I am still encouraged but I thought we had more time!*

*I also have been calling our state senators every day and I asked today what was on the ballot, about mandatory vaccines. I said again I was against federal and state, mandatory vaccines. And so on, I asked what bill was in place for a vote and he told me none at this point. **But they don't know what's in place after 10 days.***

*Also asked if anything was in place for more regulations toward gun control, he said yes that there was. I didn't get much but said I was against more regulations on gun control and anything that would be against our constitutional rights. I tried to be polite as possible....they said they had a lot of calls pertaining to the mandatory vaccines.*

*I also quickly wanted to add, I know it may not mean much , but I had a dream that hasn't left me, 2 months ago I had a dream I was in this place, like a big commercial building, that was large enough u needed a golf cart to go to room to room. I cant remember all of the details but I remembered I was trying to gather up my 3 children. as I got them to together, a man came up to me and said " go they are coming!" And hushed and hurried me out the door.*

*It sounds to silly saying it out loud, and I'm not a super Christian, but I beg God nightly to watch over us in fear and trembling. I have so much to work on, but I pray he equips me for what's a head. This dream just stands out to me. And with your recent studies, I have heard that again. So just wanted to share.*

*Please pray for my husband and I. My daughter and her husband are due to bring our first grandchild into the world 9-10-19. **The doctors this way are telling the parents-to-be that ANYONE around the child the first six months of his/her life MUST have the flu vaccine, and some are even pushing for whooping cough and childhood immunizations to be repeated because they are no longer effective.** My husband*

and I have never been lead by those spirits of fear to vax. Neither of us have been even mildly sick in well over a decade either! I've never once even called in sick into work in 20 years. Even as an ex-smoker (thank YOU, JESUS!) of seven years. *We've seen way too many personal testimonies of it going south, especially after the flu vax.* That being said, we see fear-mongering on both sides of the issue and respect and believe it is our right to refuse, but also support those who do vax. Anyway, below is convo we have been having in an email. *I have a proverbial "gun to my head" and will vax to just see my first grand-baby, but I don't think my husband will. If the LORD doesn't intervene, my little family will again be fractured on another level. Please just pray for us. I would pray something happens to change their minds, but if not, I have faith that God will protect me supernaturally. Her husband is currently in a science/research program at the medical school where I work. Science seems to be everyone's "god" these days. The LORD warned me this was coming, as my niece did the same thing to her parents a year ago (because the prenatal doctor said to!). Anyway, I thought we were prepared by our research, and that if we gave our kids enough solid facts, they would respect it, but they are not allowing any dialogue whatsoever. We thought would would have an honest conversation after researching BOTH sides of this issue objectively, they would support our decision. At this point, they are not going to allow any debate or discussion. Currently in prayer for her*

### **+2+ Pediatricians now covertly interrogating children to find out if their parents own guns**

There aren't many institutions that a majority of Americans trust anymore, including the "mainstream" media, government, and even clergy; and now pediatricians. That's because more and more of them believe they have the right to pry into whether a child's parents are supporters of one of our most fundamental civil rights: The right to keep and bear arms.

And of course, they are basing their prying on a typical Leftist construct — 'compassion.'

As reported by [St. Louis Public Radio](#):

*As a pediatric surgeon at St. Louis Children's Hospital, Dr. Bo Kennedy has seen firsthand how bullets can shatter tiny bodies.*

*He's collected dozens of horror stories from his time in the hospital's emergency department, including the time a 3-year-old boy stuck a loaded gun in his mouth and pulled the trigger.*

*"That's what he did with his water pistol to get a drink out of it," Kennedy said. "And obviously he didn't survive."*

Because of these kinds of incidents — which are exceedingly rare, tragic though they are — a growing number of pediatricians in St. Louis and around the country now believe it's their responsibility to 'promote gun safety' by, in part, having a conversation with parents about how to keep their kids away from guns. **Comment: This is just the excuse to ask these questions, but the real reason is future gun confiscations as all of this data is being compiled and cataloged and given to Big Brother government.**

Despite the fact that the overwhelming majority of gun owners are responsible and already take measures to protect their kids from accessing firearms kept in the house. Mind you, these pediatricians can't have a conversation with parents unless they know that there are guns in a child patient's home, so naturally, that requires asking the question: 'Do you have guns in your house?'

### [The Final Level of Censorship is Here: The Banning of URLs](#)

In the wake of last week's terror attacks at two New Zealand mosques which supposedly left 50 dead, **several websites which either reported on the incident, hosted footage of the attacks, or have simply allowed people to engage in uncensored discussion, such as Dissenter and Zero Hedge, who have been partially or completely blocked in both New Zealand and Australia for the sake of "protecting consumers," according to the CEOs of three New Zealand telcos.** In the immediate aftermath of the shooting – which was broadcast over Facebook Live by accused gunman Brenton Tarrant to an initial audience of just 200 viewers (none of whom reported it) and had 4,000 overall views before it was taken down – Facebook deleted 1.5 million videos of the attack, of which 1.2 million were blocked at the time of upload.

A video of the attacks is still freely available to anyone who wishes to download it from bittorrent.

Twitter has also been aggressively censoring content related to the Christchurch shooting – perhaps most egregiously forcing journalist Nick Monroe to delete a large number of tweets as he covered the incident in real time, just one of which had links to footage of the shooting.

That said, Twitter and Facebook's suppression hasn't gone far enough according to New Zealand telecom CEOs, who have penned an open letter to Facebook, Twitter and Google suggesting that they follow European proposals for hyper-vigilant policing of content for the sake of 'protecting consumers.'

"Consumers have the right to be protected, whether using services funded by money or data. Now is the time for this conversation to be had and we call on all of you to join us at the table and be part of the solution," reads the letter.

Zero Hedge banned... again.

Less than a week after Facebook 'mistakenly' banned us for two days with no explanation following several reports which were critical of the social media giant, we learned that Zero Hedge has now been banned in New Zealand and Australia, despite the fact that we never hosted video footage of the Christchurch attack. We were not contacted prior to the censorship. Instead, we have received a steady flood of people noting that the site is unavailable in the two countries unless a VPN is used.

And while Australia and New Zealand account for a negligible amount of traffic to Zero Hedge, the stunning arrogance of NZ and OZ telcos to arbitrarily impose nanny-state restrictions on content is more than a little disturbing, and should – at least in a so-called democracy – be subject to majority vote.

Also banned down under are the 'chans' and video hosting platform LiveLeak, among others.

**ALERT: Brighteon.com video platform under extreme threat from internet infrastructure providers, forced to delete all New Zealand shooting videos, essentially "at gunpoint" by the globalist controllers of the 'net**

This is an emergency alert concerning [Brighteon.com](http://Brighteon.com), the free speech video platform alternative to YouTube.

I'm writing this at 12:45 am, March 21st. **The Brighteon platform is now under extreme threat by upstream infrastructure providers over users posting footage of the New Zealand Christchurch shooting. We are being threatened to remove all the videos or face complete annihilation online, starting with being de-platformed from infrastructure providers, followed by legal action from none other than the nation of Australia (not even New Zealand itself, but Australia and it's "Office of the eSafety Commissioner.")**

We anticipated this exact scenario many months ago, and we have been feverishly building alternative internal infrastructure to eliminate any dependencies on upstream infrastructure providers, to the extent that such a configuration is possible. However, we are still several months away from completion of that build out phase. **Sadly, over the next few hours we are being forced — essential "at gunpoint" (the irony being completely lost of the fascists who now control the 'net) — to delete all videos containing footage of the New Zealand shooting.**

**If we refuse to take this action, then ALL the videos on Brighteon will essentially be de-platformed, and none of them will be viewable by the public. The entire website will be annihilated.**

**Make no mistake: We are facing extreme online fascism, censorship and authoritarian speech police who are exploiting the New Zealand operation to roll out a totalitarian police state across the 'net. The excuse we are being given is that hosting or sharing the videos is "promoting violence" — an absurd claim on its face. If videos that depict violence are so harmful to the public, then why did the entire mainstream media play the 9/11 twin towers attack videos a million times over, burning the imagery into the minds of the American people? In that attack, over 3,500 Americans died, yet no one claimed that showing the video was promoting violence.**

**If violent action sequences are "promoting violence," then why isn't every Hollywood action movie banned? Why aren't the million other violent YouTube videos banned? Why is it perfectly acceptable to show video footage of Adolf Hitler's Third Reich torturing and killing Jews in concentration camps? Have we really reached the point where videos that show Jews being mass murdered are perfectly okay, but videos that show followers of Islam being murdered are criminalized? I thought all genocide was evil, and burying it through censorship is not going to make the hatred go away. If we are to recognize the source of these conflicts and acts of violence, we must be willing to see what actually took place. But today, even *viewing* certain particular videos is now essentially considered a multi-national crime.**

**Somehow, this New Zealand shooting video — in which rifle brass disappears mid-air, by the way, like magical ammo — is being invoked to justify the ultimate free speech crackdown across the 'net. Anyone who dares examine the forensic video evidence, ask intelligent questions about the shooting or question the official narrative is now being threatened with internet-wide de-platforming and possible legal action.**

We have reached the state of “total censorship” on the ‘net. This is the beginning of the end of humanity, since no voices, views or opinions that contradict “official narratives” are going to be allowed anywhere online.

As InfoWars also covered earlier today, the next escalation of censorship will involve banning URLs from browsers, meaning Chrome, FireFox, etc. will not even allow you type in “Brighteon.com” or “Infowars.com” or any other site the globalist controllers don’t want you to see. They will use another false flag shooting as justification to ban any URL they want, always in the name of “public safety.”

In truth, globalists believe that anyone who thinks for themselves is a threat to public safety. Therefore, all non-conformists, dissenters, independent thinkers or outspoken voices of truth must be systematically silenced by all the tech giants, including: Google, Apple, Twitter, Amazon, YouTube, Snapchat, Pinterest and others. Together, they now operate a global cabal — an online mafia — that demands absolute obedience to irrational demands.

Sadly, unless either the Trump administration or We the People rise up and overthrow these techno-fascist monstrosities, humanity is now enslaved under absolute online tyranny. No independent thought is allowed from this day forward.

In terms of practical actions, we have been building an “underground” information hub for many months — a new solution that will make content available to human eyes but invisible to all search engines and computer algorithms. Sadly, human truth is going to have to move to “underground” status to evade de-platforming efforts by totalitarian fascists.

I will record a strong video follow-up message in the coming days and post it on Brighteon, unless the internet tyrants annihilate it first. **We are working hard to protect free speech, but the globalists are now holding loaded guns at our head and saying they will pull the trigger if we do not comply. For the moment, we are forced to comply in order to save all the other videos on the platform. However, in the long run, we have no intention whatsoever to comply with tyranny and authoritarianism.**

**+3+ [This Pile of “Bodies” Proves the Mosque Shooting Was a Staged False Flag Deception \[video\]](#)**

**When they won’t let anyone see or be in possession of the actual footage from the mosque shootings under penalty of jail, they REALLY can’t afford to have anyone looking at it closely.**

**That means, like the Sandy Hoax shooting, it wouldn’t stand up to scrutiny. It’s shameless fakery à la Hollywood and the fake news is going to put their spin on it to weave a tale so intricate, many will be fooled.**

**We know they are desperate to staunch the flow of truth from the citizen journalists and social media because some very unpopular facts will be**

forthcoming that the psychopathic NWO cannot withstand. The Storm is just getting going.

What are they trying to hide? Out of all the violent videos on the 'net, possessing the NZ mosque shooting video can now get you 10 years in prison

Some people still continue to insist that this shooting actually happened, even though there are many "smoking gun" pieces of evidence that have been presented. I refuse to allow for this shooting to be seen as anything other than the complete hoax that it was. It was not a false flag; it was fake!

Let's start with when the "gunman" first enters the mosque. He blasts some people in the hallway, then goes into the main room, starts shooting to the right, and then turns his head, but not his gun, to the other corner. Here is what we see.

The dark blob in the corner, which we are to assume is a pile of bodies, has not been shot yet! It looks like a bunch of dark coats or something thrown together with a naked dummy sprawled out in front of it. This happens at 7:00 into the video. Go check for yourself if you think that any

of these "people" could have been hit by bullets at this point. Also note the guy who is lying partially under the bench, as he plays the part of a key witness. The "gunman" leaves the main room, reloads back in the hall, and then fires some shots in this general direction. You have to wonder why none of these "people" would have fled into one of the other rooms or out the window. They just lay there, waiting to be shot.

The “gunman” then leaves the building and comes back in to finish the job. Here is what we see in this same corner now. **Note no blood anywhere**

You will notice in this photo that the pile of darkness has now spread out a bit and transformed into what looks like actual bodies. What happened while the “gunman” went back to his car?

The guy under the bench, who did not get hit with any bullets (according to his own testimony!), did not get up and run out of the building in the meantime, but he did adjust his position.

**What They Dont Want You to See in The NZ Mosque Shooting Video - And Its Not "CGI"**

The truth prevails and it must be shown The Real reason the Christchurch Shooting video is banned is not because its "CGI" That is a cover story to take the focus and control the narrative. The Real reason the Christchurch Shooting video is banned is because it clearly shows that the Christchurch Massacre was a Black Op. The shooter was not alone... He had help And you can see them... And that completely destroys their official "Lone Wolf Terrible Racist White Man" Narrative And THIS is what they do NOT want you to see...

**The New Zealand Mosque Attack**

A Christian living in a majority Muslim country is 143 times more likely to be killed by a Muslim for being a Christian than a Muslim is likely to be killed by a non-Muslim in a Western country for being what he is.

From the womb Muslims are taught nothing but hate and to kill the infidel (non-believers of Islam) and to be a martyr for Allah, which will they believe will secure them their 72 virgin and 28 white skin boys in paradise

Once the Muslim martyrs go to hell (sorry I meant paradise), they can conveniently ditch their wives for the fresher and more pleasurable sexual

encounters with 'Houris' (beautiful virgins). The poor wives who gave up their virginity for the pleasure of their husbands do not get anything. But wait, Allah is all merciful! He gives the wives the rare honor of watching their husbands deflower those 72 Houris (virgins) and 28 young pre-pubescent boys as pedophilia goes hand and hand with Islam!! After all Muhammad (the founder of Islam) married his favorite wife Aisha at ripe old age of 6 years old and all Muslims follow his example. Look up the "Dancing Boys of Afghanistan" to understand how raping little boys is such a huge part of their "culture", that it is rarely given a second thought by these good Muslim men. **Bacha bāzī** (Which literally means "being into kids"; (from *bacheh*, "child", and *bāzī*, (particularly) the state of being attracted into something) is a slang term in Afghanistan for a wide variety of activities involving sexual relations between older men and younger adolescent men, or boys. The practitioner is commonly called *bacha baz* (meaning "boy play" in Dari) or simply *bach*. It may include to some extent sexual slavery and child prostitution.<sup>[1]</sup>

### Why Does The Mainstream Media Purposely Ignore Mass Killings Of Christians Across The Globe?

Whenever there is a mass killing of Christians, it is usually entirely ignored by the mainstream media in the United States, and it doesn't take a genius to figure out why this is happening. Those that control the mainstream media despise Christians and consider them to be the main obstacle hindering the implementation of Satan's agenda worldwide, and so any story that would put Christians in a positive or sympathetic light simply does not fit any of the narratives that they are pushing.

People deserve to know what is happening. Christian persecution is rising in almost every nation on the planet, and this huge ongoing crisis should be on our front pages on a continual basis.

But instead, we never get to hear any of these stories unless we seek out alternative sources of information.

Over in China, the persecution of Christians has reached a frightening crescendo. Recently, officials have been going house to house and replacing pictures of Jesus Christ "with pictures of dictator Mao Zedong and/or China's current authoritarian president, Xi Jinping"...

In addition, Communist officials have removed Christian symbols and phrases on the outside of homes and replaced them with phrases praising socialist materialism.

But they aren't stopping there. Bibles are being burned, and any churches that do not "cooperate" with Chinese officials are being either shut down or destroyed. Earlier in 2019, one of the largest megachurches in the entire country was literally blown to pieces with dynamite...

We are talking about evil that is on a level that is difficult to comprehend.

**So why won't the mainstream media talk about any of this? Because they love and serve Satan their master**

Similar things are happening on the other side of the world too. In Eritrea, Christians are being imprisoned in "small shipping containers in scorching heat"...

Since 1993, President Afwerki has overseen an authoritarian brutal regime that rests on massive human rights violations. During the 2019 World Watch List reporting period, government security forces conducted many house-to-house raids and imprisoned hundreds of Christians in inhumane conditions, including small shipping containers in scorching heat.

And in North Korea, **Christians are “being hung on a cross over a fire, crushed under a steamroller, herded off bridges, and trampled underfoot”...**

According to charity [Aid to the Church in Need](#), at least 200,000 Christians have gone missing in North Korea since 1953 — many of those have been summarily executed. As to the specific treatment of those persecuted, the 2014 UN Commission of Inquiry report discovered that the North Korean regime has been guilty of “crimes against humanity.”

If you were to replace “Christians” with some other favored group in any of the examples that I have just shared, you would instantly have front page news all over the planet.

The mainstream media is definitely not “independent”, and they are not looking out for you.

They have their own agenda, and anything that does not fit that agenda does not get to be part of “the news”.

**[Troubling signs New Zealand shooting is being used to turn my country into Islamic State](#)**

**[\(LifeSiteNews\)](#) – I live in New Zealand. I’ve become alarmed at developments in my country since the shootings last Friday. What I see unfolding seems so disproportionate to the magnitude of the crime. It seems like I’ve woken up and all of a sudden live in an Islamic State.**

Here are some highlights of what’s unfolding:

- The thought police are out in full force and people are being scrutinized for "hate speech". Green ribbons are being worn as a symbol against hate.
- Mosques and many of the prayer rooms continue to be protected by armed police (police aren't usually armed in my country).
- Vigils are being held all over the place in solidarity with the victims. These seem to have morphed into what amounts to support for the Islamic religion. One Catholic bishop held one last Sunday afternoon in the Ponsonby church. After prayers there, they processed over to the mosque, which is on the opposite side of the road and prayed and met there.
- Whitcoulls, one of our book stores, probably the oldest, has removed Jordan Peterson's book "12 Rules for Life" from its shelves because he was photographed with a member of the public wearing an anti-Islamic t-shirt while he was in New Zealand recently. Apparently, that's being construed as him having something to do with the madman's agenda.
- On Tuesday a Muslim prayer was said in Parliament. Just recently all Christian prayer in Parliament was removed.
- On Friday March 22 at 1:30pm New Zealand will be called to prayer... Islamic prayer that is. And we will be expected to keep 2 minutes silence after they read the Muslim prayer acknowledging Allah as "great" and Muhammad as his "prophet." The call to prayer will be broadcasted on national radio stations and TV as well.
- One top Catholic Church leader will go to the local mosque (Kilbirnie) as well on Friday to stand outside during their prayers as an act of solidarity. The Catholic bishops here have been very sympathetic and playing out their "inter-faith role" with great enthusiasm.
- Catholic school students have been praying inside mosques.
- [New Zealand Music Festival Evacuated Because Someone Claimed Another Attendee Had a 'Right Wing' Tattoo](#)

It seems like we're living in a different world all of a sudden. It seems that showing our great respect for those who were killed has somehow been manipulated into showing affirmation of the Islamic religion. New Zealand is now putty in the Islamists' hands.

The shooting on Friday was terrible. But what has now unfolded is something else entirely and may just be the beginning of something very terrible for New Zealand.

Certainly, on a spiritual level, our crisis has become even deeper. Please keep New Zealand in your prayers.

[Claim: New Zealand murders will be used to impose stringent laws criminalizing "Islamophobia"](#)

Robert Spencer of *Jihad Watch* commented in relation to the following article, "The...attacks on the mosques in New Zealand are being and will be used to try to silence all criticism of jihad terror and Sharia oppression of women and others." ...we must heed the warning of Spencer and many others that this tragedy will be heavily exploited to advance the cause of radical Islam and to grant extra special protections to Islam versus all other religions. All this will go on while the daily

persecutions and slaughters of large numbers of Christians continue to be downplayed as they continue in many nations with significant numbers of more fundamentalist Muslims.

Terrorist attacks against Muslims in the Western world are extremely rare. This morning's fake false flag attack on the two mosques in New Zealand, with the supposed death toll currently at 50, is the first major event of its kind since the Quebec City mosque shooting—over two years ago – which killed six persons.

*You're wrong on the purpose of Islam. The primary purpose of Islam is to eradicate all religion other than Islam. Christians and Jews are at the top of their enemies list, but they are not the only ones on the list. Review the definition of the word kafir.*

++ Kafir meaning "infidel"<sup>[1]</sup>, "rejector"<sup>[2]</sup>, "disbeliever", "unbeliever", "nonbeliever". The term<sup>[3]</sup> refers to a person who rejects or disbelieves in Allah (Also known since ancient times as the [pagan moon god](#)) or the tenets of Islam,<sup>[4][5]</sup> denying the dominion and authority of Allah, and is thus often translated as "[infidel](#)".<sup>[6]</sup> The term is used in different ways in the Quran, with the most fundamental sense being "ingratitude" toward Allah.

## Allah is the Pagan Moon god--Introduction to basic facts of history

1. Moon worship has been practiced in Arabia since 2000 BC. The crescent moon is the most common symbol of this pagan moon worship as far back as 2000 BC.
2. In Mecca, there was a god named Hubal who was Lord of the Kabah.
3. This **Hubal was a moon god.**
4. One Muslim apologist (see below) confessed that **the idol of moon god Hubal was placed upon the roof of the Kaba about 400 years before Muhammad. This may in fact be the origin of why the crescent moon is on top of every minaret at the Kaba today and the central symbol of Islam atop of every mosque throughout the world** Reference: ([Muhammad The Holy Prophet](#), Hafiz Ghulam Sarwar (Pakistan), p 18-19, Muslim)
5. The moon god was also referred to as "al-ilah". This is not a proper name of a single specific god, but a generic reference meaning "the god". Each local pagan Arab tribe would refer to their own local tribal pagan god as "al-ilah".
6. "al-ilah" was later shortened to Allah before Muhammad began promoting his new religion in 610 AD.
7. There is evidence that Hubal was referred to as "Allah".
8. When Muhammad came along, he dropped all references to the name "Hubal" but retained the generic "Allah".
9. Muhammad retained almost all the pagan rituals of the Arabs at the Kaba and redefined them in monotheistic terms.
10. **Regardless of the specifics of the facts, it is clear that Islam is derived from paganism that once worshiped a moon-god.**
11. Although Islam is today a monotheist religion, its roots are in paganism.

## New Zealand Prime Minister Promises: Gun Confiscation is 'Just the Beginning;' Is The U.S. Next?

Prime Minister Jacinda Ardern wants to ban all semi-automatics firearms!!

**For now**, the Arms Confiscation Order banned guns are defined by the following:

- a semi-automatic firearm that is capable of being used in combination with a detachable magazine (other than one designed to hold 0.22-inch or less rimfire cartridges) that is capable of holding more than 5 cartridges;
- a semi-automatic firearm that is a shotgun and that is capable of being used in combination with a detachable magazine that is capable of holding more than 5 cartridges.

Here's what the prime minister offered at a press conference:

***"In the meantime, we are asking all current holders of military-style semi-automatic weapons and assault rifles to visit [www.police.govt.nz](http://www.police.govt.nz). There they will find details of the weapons included in this ban. In the next 48 hours, a form will be available on this site that we are asking these gun owners to complete, identifying what banned guns they hold. The police will then arrange for these weapons to be handed over, and eventually destroyed. Details of the weapons handed back by owners that are covered by the ban will also be taken to ensure***

*that fair and reasonable compensation is paid once the buyback is in place. If owners are unable to complete the online form, they are able to contact the police on the phone to arrange the handover of these now-banned guns. I do want to emphasize, to manage the flow of information to the police, online is the best way to arrange the return of your weapons. Do not arrive at the police station unannounced with these weapons in your possession.*

...

*“After a reasonable period for returns, those who continue to possess these guns will be in contravention of the law. Currently, the penalties for this range from fines of up to \$4,000 and or three years in prison. The draft legislation will look to increase these penalties.”*

*Is this where we're headed? New Zealand doesn't have a 2nd Amendment; nevertheless Washington DC has the power to change ours.*

*Can you hear the American Left side of the aisle citing NZ's cool changes? “Why do we have these guns? Even New Zealand...”*

*And Jacinda ain't done:*

*“[B]e assured, this is just the beginning of the work we need to do.”*

**International Union for Muslim Scholars demands sharia worldwide, "calls on non-Muslim countries to ban the spread of hatred against Islam"**

*Since analysis of the motivating ideology behind jihad terror is routinely smeared as “hatred of Islam and Muslims,” this will likely outlaw all such analysis and make opposition to jihad terror effectively impossible. And these bans are coming.*

*The International Union for Muslim Scholars (IUMS) has called on non-Muslim countries to ban Islamophobia, following the staged attack on two mosques in New Zealand.*

*Why doesn't the IUMS call for Islamic texts and teachings to be purged of the hate speech in the Quran, the incitement to genocide, creed apartheid, gender apartheid, FGM, honor killing, Christism & Jew-hatred, etc.? Because that would be “islamophobic.” Where are the calls for mosques, Islamic universities, imams, etc. to purge the “hate speech” in islamic texts and teaching? This hatred and bigotry spans the globe, and yet never is there discussion of the ideological and root cause. But one staged attack on a mosque at the bottom of the world and the whole of the non-Muslim world is guilty and our freedom must be sacrificed to this barbaric ideology.*

Message **A Listener From New Zealand Gives a Horrific Firsthand Account of What is Going on in NZ**

*Dear Dr Johnson, I live in New Zealand before the Christchurch Muslim shooting all the media would report was an "outbreak" of measles in Christchurch. By an outbreak they*

were talking of about 5 cases. Big deal. They shipped in 100,000 doses of MMR. There will be a lot of sick kids in this country now.

Also, on a side note there is nothing about that shooting that adds up.

**New Zealanders have been threatened by up to 14 years jail time for even viewing the shooting on a computer.**

**A murderer gets less in this country.**

Also, last year the speaker of the house in our Parliament banned the use of the name Jesus in the opening prayer. Yesterday the speaker walked into parliament practically arm in arm with a Muslim imam and that devil gave the opening prayer. The Muslim chant, the whole 9 yards.

Our Prime Minister is a silly young communist woman who has been running around for the past few days wearing a Muslim headcover; makes me sick to my stomach.

One bit of comedy, our champion provincial rugby team which is based in Christchurch is called the Crusaders. You guessed it, they have been told the name has to change.

**Don't dare upset the Muslims.**

**Subject:** Re: Contending for Truth [#1509]

Dear Scott, Thank, yes I am more than happy for you to read what I said in anonymity because there is something that stinks with this whole scenario.

**I smell a HUGE rat. I, for one can't believe there was only one shooter and it seems bizarre that there was a police terrorist training exercise taking place that very day in Christchurch.**

**Police in New Zealand don't typically carry firearms, much less dress in tactical gear, so officers holding a drill with all their tactical equipment and weapons at the ready was a helpful coincidence indeed.**

<https://www.theburningplatform.com/2019/03/19/nz-police-happened-to-be-in-a-training-session-when-mosque-shooting-began/>

Also today it was announced by our "beloved" Prime Minister that our gun laws have been tightened. They have banned semi auto firearms.

We already have some of the strictest gun laws in the world. For example, I own a .22 **single shot rifle** which I used to use for possum and rabbit control when I lived in the countryside. **My license must be renewed every 10 years and the process we have to go through is crazy.**

**Two policemen come to your home for an interview, my wife has to go through a separate interview and I also have to name two other upstanding people who have known me personally for at least 10 years. They then interview those people. Then you have to demonstrate that your weapon is fully secure, locked up tight. By the way, I've never had so much as a parking ticket in my life or any troublesome family members.**

**Bottom line is if my home was broken into it would take me about 5 minutes at least to unlock, assemble and load my firearm. So as you can deduce, if you obey the law in NZ you literally could not defend yourself with a firearm. it's a sick joke.**

**Oh and by the way, if a miracle happened and I did get to shoot an intruder I**

would be jailed for murder or attempted murder.

Tomorrow at 1.32pm NZ time our government have asked us to have 2 minutes silence and would the women wear a muslim scarf as a mark of respect.

Scott, I'm outraged and tomorrow I am planning to walk down the main street at 1.32 am holding a sign which says "Shame on my Parliament submitting to allah," or words to that effect. I've yet to decide.

Bottom line is our government crossed the line when they banned the savior's name last year from our parliamentary prayer and then on Tuesday opened parliament with a prayer from a muslim imam devil. We are a nation under God's righteous judgement.

May God have mercy on us.

Did I mention that if a New Zealander has a copy of the shooting video he will face a 14 year jail term without parole. Murderers in this country are usually out in about 10 years. Scott, everything about this is sick, but the most upsetting thing for me as a New Zealander is that the average Kiwi (ie New Zealander) is sucked in by it. What a godless country I live in.

Also on the 24th December 2018 our government signed that satanic UN Immigration Compact, so we can expect hordes more invaders in our once Christian country. We've now been softened up for more.

Just one last thing. 50 muslims were murdered last week, but 250 unborn babies were murdered in their mothers wombs in this country last week. 250 this week as well. Scott, without a crying out to God in repentance my country is doomed.

Thank you so much for getting back to me. By the way, the Invive colloidal silver I got through you is great.

Bless you and your ministry. S

Subject: a sickening day

Yesterday was one of the saddest days I've witnessed in this country. I walked down the main streets of my city holding the banner in the picture I've attached and while I only had a couple of people call me names most people had a blank look on their faces and seemed to turn away like they were

embarrassed. They looked like dead people occupying a body. The whole country, it seemed, was "in mourning" for the muslims. There were muslim prayers and chants everywhere you looked all over the country and nearly every woman was wearing a veil. The muslims must be licking their chops. This terror attack last week has had the result the muslims could not have dreamed of. I'm sure now that our devil of a Prime Minister and our wicked Paliament will ensure hordes more invaders will be imported. Even the women news readers on TV were wearing veils. Scott, it was as if our country has had some sort of a demonic hypnotism.

By the way. Our "progressive communist" prime Minister lives with a guy (unmarried), they've just had a baby girl a couple of months ago and she will be trying to ram through Parliament an abortion bill that will be open slather no fault, just turn up and murder on demand.

I mean it's practically already like that but at least abortion is still criminal.

Although no one has ever been prosecuted and they are easy to obtain.

Satan has never had such a great time as he is having in NZ right now.

What about the 127 Christian kids murdered by "the religion of peace" yesterday in Kenya? Oh they don't matter, not a word.

**Proverbs 17:15:** "He that justifieth the wicked, and he that condemneth the just, even they both are abomination to the LORD."

**Isaiah 5:20:** "Woe unto them that call evil good, and good evil..."

**Pro 8:33** Hear instruction, and be wise, and refuse it not.

**Pro 8:34** Blessed is the man that heareth me, watching daily at my gates, waiting at the posts of my doors.

**Pro 8:35** For whoso findeth me findeth life, and shall obtain favour of the LORD.

**Pro 8:36** But he that sinneth against me wrongeth his own soul: all they that hate me love death.

If you get a chance, look up Brian Tamaki from Destiny Church in Auckland. He's a bit different and calls himself a bishop, **but I've got to say he stands up for issues.**

**Yesterday he took offence at the muslims on our TV who are saying that allah is the only one true god.**

**How dare he take offence. The government have threatened to fine him \$50,000 dollars because down in the bottom left of his screen he displayed the NZ Coat of Arms.**

**He's also very vocal on the homo issues and the government just hates that.**

**Scott, I don't know if this country has changed overnight or if it's just that this shooting has brought to the surface exactly the heart of New Zealander's.**

**Probably the latter but it's downright scary and they look upon us believers in the Savior as the bad guys who are just so intolerant. I just wish more believers would stand up to this satanic attack on our country. Wow !!!!**

Bless you Scott, Simon
