Insider Says Israel Poised to Stage False Flag Attack Against U.S. Targets to Start War with Iran-- War Plan Includes Tactical Nukes

Posted on [May 9, 2019](#) by [State of the Nation](#)

U.S. Military fighting yet another war to advance the *Greater Israel* project

[The Millennium Report](#)

If there is one cataclysmic train wreck happening in slow motion on the global geopolitical chessboard, it's the Neocon-instigated war being waged by the Trump administration against Iran. The financial terrorism and economic sabotage already inflicted on Iran by the U.S. have themselves been egregious acts of war.

Trump Administration Goes All Out to Wreck Iranian Economy

Truly, it does not get any more serious than this colossal foreign policy fiasco. Once again, the apartheid state of Israel has successfully hijacked the U.S. Military, State Department and Intelligence Community in order to wage war against Iran.

It's of paramount importance to understand that this war-in-the-making is the culmination of a covert plan to advance the *Greater Israel* project. As follows:

General Wesley Clark: "The US will attack 7 countries in 5 years" (Video)

Only with this critical understanding will such a transparently illegal, reckless and catastrophic war make any sense; catastrophic because such misguided warmongering by the Neocons is guaranteed to trigger the hot phase of World War III. Of course, the *New World Order* cabal is counting on exactly that eventuality. See: **The Only Remaining Option for the NWO Globalist Cabal is: World War III**

For the global crime syndicate known as the **International Banking Cartel** that runs the perpetual war economy across the planet, they know that the end is very near for them. The entire *Global Economic & Financial System* is teetering on the precipice of a total and final collapse. **Their only way out is war—a Third World War with which to implement the last stage of the NWO agenda—the establishment of a totalitarian One World Government.**

Iran is the lynchpin in this insane scheme to plunge the world community of nations into chaos out of which the NWO cabal will fabricate a draconian communist order not too unlike the 20th century's Soviet Union. This is precisely why President Trump was ordered by his Neocon Zionist masters to form his stone-cold war cabinet of **Bolton**, Pompeo, Pence, Haspel, Abrams and Shanahan. Each warmonger was hand-picked by Israel to develop and implement the war plans necessary to conquer Iran.

[Here's John Bolton Promising Regime Change in Iran by the End of 2018](#)

Just how serious are the rapidly evolving events in the Mideast in the regions surrounding Iran. See: [U.S. Attempts to Provoke Iran via Aircraft Carrier Sailed Into Iranian Waters](#)

It has been quite clear ever since Trump first declared his candidacy in June of 2015 that war against Iran was the very centerpiece of his foreign policy. Every major foreign policy decision has been made toward that end, including the intentionally failed military coup against Venezuela. See: [The Spontaneous "Military Coup" in Caracas was Meant to Fail?](#)

Now the whole world is seeing just how much premeditation and stealth have gone into this 'American war' against Iran fought on behalf of Israel. The Neocon Zionists have been planning this armed conflict for decades, and they know it must not fail or else....

These warmongers know that there's a tried and tested way to start any regional war, especially one that needs to capture the full support of the American people. They will attempt to conduct an extremely heinous and highly provocative false flag terrorist attack on American assets somewhere in the world. If not that, the Neocon perps will surreptitiously stage an all-out attack on the U.S. Navy in the Mideast which will immediately be blamed on Iran.

The Israeli attack on the USS Liberty provides the best example of how Israel might be used to stage this false flag operation. PM Netanyahu has already proven to be an arch-enemy of the United States as demonstrated by his own words [HERE](#) and he will do whatever it takes to trick the U.S citizenry into supporting his odious wars.

(Benjamin Netanyahu was in a meeting at Finks bar in Jerusalem, a well-known Mossad watering-hole. Here is what he said as taken directly from the transcript of the recording, which was witnessed and which has been 100% fully authenticated.)

(Source: [MODERN STATE OF ISRAEL: Established as the Global Headquarters for 'the World's Largest Organized Crime Syndicate'](#))

"If we get caught they will just replace us with persons of the same cloth. So it doesn't matter what you do. America is a Golden Calf and we will suck it dry, chop it up, and sell it off piece by piece until there is nothing left but the World's biggest welfare state that we will create and control. Why? Because it's God's will and America is big enough to take the hit so we can do it again, again and again. This is what we do to countries that we hate. We destroy them very slowly and make them suffer for refusing to be our slaves." — PM Benjamin Netanyahu

The following links provide many secret and missing details to the true story about Israel's treacherous attack on the USS Liberty during the Six-Day War in 1967. [Israel's False Flag Attack on the USS Liberty Exposed and Explained](#)

If ever there was a time for cooler heads to prevail in the Trump administration, that time is surely now. Nothing less than the prevention of the hot phase of World War III is at stake.

N.B. What follows is a previous post with an alarming article that documents Israel's direct involvement in this blatant attempt to false flag the American Republic into another vicious war for Israel.

HUGE BETRAYAL: Team Trump Planning Major War Using Tactical Nukes Against Iran for Fall 2019

TMR Editor's Note: The following report represents Trump's biggest betrayal yet of the American people. He was voted into office to end the wars and not to start new ones. The covert war plans being drawn up by the administration's many Neocon warmongers will inevitably trigger the hot phase of World War III. **And Trump and his Neocon War Cabinet don't even care. All they want is to conquer Iran for the benefit of Israel. Sadly, the POTUS now spends more time working on MIGA than he does with MAGA.**

[The Millennium Report](#) May 8, 2019

N.B. Some folks have suggested that the following article is satire. Not so, it was actually written in order to convey deadly serious classified information that was secretly obtained by a Trump administration insider who is privy to the insane Neocon war plan delineated below.

WHITE HOUSE INSIDER: War with Iran planned by Trump, to occur in the Fall of 2019--Tactical nukes and ground invasion planned for Iran, according to whistleblower

APRIL 18, 2019 – ISRAEL TODAY NEWS STAFF

President Donald Trump and his inner circle are planning an extensive invasion of Iran, according to a source working in the White House.

The plan involves a ground invasion and the use of tactical nuclear weapons, in a campaign planned for the Fall of 2019. Iran will be "wiped off the map" according to the source, and the war effort is expected to cost "two and half times the Iraq War."

The war will be promoted by the news media and Trump will go right along with it, after an "expected False Flag pinned on Iran, probably something involving the boats in the Strait of Hormuz." The False Flag is an "integral part of the plan" as Iran has reportedly no desire or intent to start a war, according to the whistleblower.

Trump Administration planning war with Iran

The war plans have the White House staff “in an excited tizzy” as war-hawks like John Bolton put the “finishing touches” on the planned strike. President Trump initially showed resistance to the plan, but has since jumped on board with enthusiasm, convinced Iran is an “existential threat to Israel” and as such, a war is required to “eliminate them.”

Further details have been revealed, including:

- 100 tactical nukes will be used to eliminate the Iranian military.
- 120,000 U.S. ground troops will be used in the invasion.
- France, the U.K., Canada, Saudi Arabia and Israel are expected to join a “coalition” in support of the war.
- CIA assets and counter-intel efforts have been ramped-up over the past year in preparation.
- A “False Flag” is being prepared to be used before the war with Iran.
- Propaganda is being prepped by White House and Israeli counterparts.
- Israel will support the effort and Benjamin Netanyahu was reportedly “smiling ear to ear” during a recent meeting with John Bolton.
- There are concerns Trump’s “base” may resist or criticize the efforts, so further propaganda efforts are being made to “shore up support” for the war.
- Expected casualties range between 1.2 Million and 2 Million Iranians and 5,000 US troops.

Due to President Trump’s close relationship with Jared Kushner, a sense of urgency has been placed on the war effort, which is being viewed as a fulfillment of “Jewish prophecy” within White House circles. Many in the White House believe Jared Kushner is the “Messiah” or Jewish “Moshiach” who cannot attain his “throne” until Iran is wiped out.

The White House source is a high level official who has been right about many other things in the past, and their identity has been verified.

The information in this article was provided to David Goldberg, a Jewish advocate and fellow at the Jewish Center for Antisemitic Study, by a former White House employee only known by the name of “Isabel”. Her story has been aired on Mr.

Goldberg's YouTube channel, and she continues to provide valuable information about what is going on in the Trump White House. Efforts to block this information and shut down the social media accounts of Mr. Goldberg continue to be an issue.

Intel Drop: Will an Israeli Sub Sink the Abraham Lincoln In a False Flag Event to Get the US into War With Iran?

By Gordon Duff, Senior Editor -May 11, 2019

Our sources say that Israel is planning to drop a missile or torpedo onto the USS Abraham Lincoln and blame Iran..

The US has tried twice before to staging sinkings of American ships supposedly by Iran and was blocked, something re-classified and erased from news, "Google-ized" from the internet.

We can show how Donald Trump, buoyed by Bob Barr, an Israeli-bought congress and a blackmail game run against opposition leaders by Rudy ("the Rat") Giuliani, has legalized outright treason against the United States. With congress cut out of all war powers, no "advise and consent" for a GOP-controlled senate where nearly everyone is corrupt and an intelligence community run by torturers and incompetents, the American people have been openly told that US forces are being deployed for war based on rumors from Israel.

This is the ultimate crime for an American leader – surrendering command of US forces and knowingly allowing thousands of Americans to be murdered in order to start another war that America will eventually walk away from, as with Vietnam, Iraq, Afghanistan.

This is a complex story or a simple story. The US, and by "US" we mean those pulling Trump's strings.

They are now doing it again and Trump is totally onboard, buoyed by an Attorney General that has told him that he is above the law.

Now, through the Federal Reserve, owned by Rothschild banks; they "protect" Trump, help him hide his taxes, protect him from rape charges, hundreds of cases of fraud and ever mounting treason.

We begin:

Donald Trump ordered 4 nuclear armed B52s and a carrier battlegroup to the Straits of Hormuz (Iranian national waters) on what he knew to be totally fake/non-existent intelligence.

We know this as a fact.

The driving force behind this was Benjamin Netanyahu.

What we know:

Israel has gotten ahold of a batch of "off the books" Norwegian-built missiles that the US is looking at in order to deploy tactical nuclear weapons with the F35. The Konigsberg

NSM or Naval Strike Missile has been sold to a number of countries, but most of the sales have been "off the books."

Israel has 5 German-built Dolphin Submarines that are modified to carry missiles like these, and larger variants of cruise missiles as well, such as the one that hit the Pentagon on 9/11. Israel has deployed cruise type missiles from their submarines on several occasions.

The NSM can't be jammed, it maneuvers to avoid being shot down and is nearly invisible to radar. These have shown up in Turkey for transfer to "al Nusra/al Qaeda" to be used against the Russian airbase in Syria.

It will take a tactical nuclear warhead, a very small one like those Israel has become so adept at building, to sink a supercarrier in the Strait of Hormuz.

This will open the door for a nuclear attack on Iran.

This is a nuclear war, one Trump has been personally paid for through loans and deals which Jared Kushner is on the record for having penned already; and a war made possible by a corrupt congress that has turned the US into a full and complete dictatorship under foreign rule.

Iran commander calls U.S. military in Gulf a target not a threat

by Reuters--Sunday, 12 May 2019

GENEVA, May 12 (Reuters) - A senior Iranian Revolutionary Guards commander said on Sunday the U.S. military presence in the Gulf used to be a serious threat but now represents a target, the Iranian Students' News Agency (ISNA) reported.

The U.S. military has sent forces, including an aircraft carrier and B-52 bombers, to the Middle East in a move that U.S. officials said was made to counter "clear indications" of threats from Iran to American forces in the region.

The USS Abraham Lincoln is replacing another carrier rotated out of the Gulf last month.

"An aircraft carrier that has at least 40 to 50 planes on it and 6,000 forces gathered within it was a serious threat for us in the past but now it is a target and the threats have switched to opportunities," said Amirali Hajizadeh, head of the Guards' aerospace division.

"If (the Americans) make a move, we will hit them in the head," he added, according to ISNA.

Iranian navy commander Rear Admiral Khanzadi said on Sunday that American forces must exit, according to ISNA. "The presence of the Americans in the Persian Gulf region has reached its end and they must leave the region,".

Major General Hossein Salami, appointed head of the Guards last month, told parliament on Sunday the United States had started a psychological war in the region.

"Commander Salami, with attention to the situation in the region, presented an analysis that the Americans have started a psychological war because the comings and goings of their military is a normal matter,"

IRANIAN ARMY GENERAL GOES ON TV; REVEALS PLANS TO MISSILE STRIKE U.S. BASES IN QATAR, UNITED ARAB EMIRATES AND AFGHANISTAN

10 May 2019

A leader in the Iranian Revolutionary Guards publicly told Iranian TV viewers on their evening news, that Iran is preparing to hit US bases in Qatar, the United Arab Emirates and Afghanistan. He also pointed out that the base at Al-Dhagra is only 300 kilometers from Iran and said "our missiles will reach these bases."

The map below shows the location of US military bases around Iran:

In the meantime, Iranian tanks, armored troop carriers and other heavy weapons were video recorded on the roads in Abadan, Iran near the Kuwait and Iraq borders. This video shows the Iranian military hardware moving toward the Basrah Bridge. If those troops cross into Iraq via the Basrah Bridge, they could physically attack the US base at Basrah within hours.

CONFLICTING REPORTS OF 7-10 OIL TANKER EXPLOSIONS IN U.A.E. - GOV'T DENIES

For the past eight to ten hours, NUMEROUS reports have been coming in of several oil tanker explosions in the port of Fujairah in the United Arab Emirates (UAE). Local government DENIES any incident at all, while other sources say several tankers exploded and burned; and that IRAN is suspected in the incident.

The reports began coming in around 5:00 AM eastern US time and were quickly

DENIED by the government of Fujairah. HOWEVER, the International Airport at Fujairah seems to have been suddenly closed and no air traffic is being permitted over the port.

Seven to ten oil tankers in the port have caught fire and are completely burnt, the Lebanon-based Al Mayadeen news channel quoted sources as saying.

A super tanker (9165762), the tanker Al-Maarij (9394741), another tanked named AMI JAL (91477674), and the Khamsa 10 tanker (94320704) are among the tankers damaged in the explosions, the TV channel reported.

The PHOTO Image above is even disputed, with no one in any official capacity willing to confirm it is an image of a burning tanker in the UAE from today! It's as though some type of lid has been slammed shut on this . . . someone apparently does NOT want this info to get out.

Initially, the Russia news service Sputnik reported the incident, but hastily DELETED the report from their web site.

It's this simple: The United Arab Emirates is a U.S. ally. If Iran or its proxies bombed seven to ten tankers in a UAE port, then war with Iran is upon us.

The UAE, however, does significant amounts of trade with Iran - the bulk of which is FOOD. It may be that the UAE wants to hush this up because they don't want to be *the reason* for the US to go to war with Iran.

+2+ Pentagon Tasked to begin Planning for MASSIVE Persian Gulf Troops

Saturday, 11 May 2019 at 2:15 PM The Pentagon has been tasked with formalizing plans to deploy ". . . over 100,000 U.S. Troops" to the area of the Persian Gulf.

The last time the United States made such a deployment was shortly before Operation Desert Storm in Iraq, during 1991.

This is a dramatic and dangerous development in world affairs.

WORSE . . .

For the past seven days, Russia has been moving their long range strategic bombers to the far east of Russia, and moreover, has quadrupled the size of its supply chain to arm, maintain, repair and launch those planes.

For the past 72 hours, Russia strategic bombers have repeatedly held exercises simulating attack runs against US bases in Alaska, presumably with the intent to be able to have their bombers penetrate the North American Air Defense Zone and hit targets inside the continental United States.

It is NOT KNOWN if Russia will move to defend Iran in the event the US or Israel chooses to attack.

Early in the week, Russian Foreign Minister Sergei Lavrov ALLEGEDLY commented to US Secretary of State Michael Pompeo that "Russia is ready for Armageddon, are you?"

Lavrov was not kidding.

For decades, Russia (and its predecessor, the Soviet Union) spent considerable time and resources building massive bomb shelters for the bulk of the Russian population.

Just last year, Russia began upgrading ALL of those shelters with better electric, lighting, ventilation, water and sewer systems and vast (really vast) quantities of shelf-stable food supplies.

Russia also carried out a full scale nuclear attack drill FOR THE CIVILIAN POPULATION, which saw upwards of forty million (40,000,000) Russian citizens participate in getting to their nearest shelter, and learning what to do once there. That drill took place openly, and was completely ignored by US and other western media outlets for fear that Americans might start asking "What shelters and plans do WE have for nuclear war?" The answer that authorities would be forced to give is "None."

US: No Civil Defense -- at all

The United States no longer has any Civil Defense system or program. It no longer has or maintains any fallout shelters anywhere for the civilian population.

The US has ZERO food stored for any such emergency and has no money to even re-commence the program, because the US Congress is too busy waging wars around the globe, and buying Minority Votes with free money handouts through government programs, to get re-elected. As such, there are presently NO BOMB SHELTERS, NO EMERGENCY FOOD, NO EMERGENCY WATER and no plans whatsoever to supply any of it in the event of actual nuclear war.

This is one reason that many Americans began making their own "Preps" to do for themselves what government is unable and unwilling to do. Many Americans are making sure they have 30-60 days of Emergency food and water. They are storing up medicines they may need. They are buying filter masks, goggles and even Tyvek suits to protect themselves in the event of nuclear, biological or chemical attacks.

The mass media generally avoids covering such things, except to mock them.

The people with MONEY, however, are not being mocked. They have been spending literally MILLIONS to make preparations for themselves and their loved ones to have shelter, food, water, medicine and guards to protect them from the starving masses.

Here is a small list of Suggested "PREPS" for you and your family, in case you finally realize that the US government is heading into the destruction of our nation, and those who prepare will be the only one's with even a slight chance of survival.

Let's face it,...We have all ready been looted. The only way the criminals can make off with the cash is to have the grid go down, get rid of many of the victims and blame someone else. This is the perfect cover for the crimes that have already taken place but nobody is talking about. The printing press is warming up again, our economic plan. There is nobody stopping the extreme weather and earth moving weapons. Illegal immigration is still on the move. Don't be distracted by the drama behind the scenes. War is being planned and has been for some time.

If 100,000 troops are sent to the Mid East, you know where they won't be? They won't be on our own soil protecting our own citizens.

□ Gregg Walker · 1 days ago

That is a lot of troops to be out of the country. If they get stranded over there and we are attacked, we're done.

Add to that the fact we have ZERO civil Defense. Of course that proves the point that the elites want us destroyed.

Many superpower nation would be foolish not to prepare their people like Russia has.

Well. We had a good run. If it wasn't for (Jesus) none of us would have a prayer.

The Chinese and Russian nuclear attack on America is not a matter of if but when. It is scriptural and has been known/foreseen by God since the foundations. Do not blame WW3 on Trump. The fault lays at the feet of a nation of sinners who refuse to repent and keep God's commandments. The most important prep at this point is to get on your knees and start repenting. And do it daily. It could come at anytime.

Why A War Against Iran May Bring Bloody Terror All Across America: Iranian Sleeper Cells Are Already Here, Some Embedded For Decades, Poised To Launch Large-Scale Terror Attacks - Experts Warned Iran May Also Use Latin American Countries As 'Launching Pad' To Attack America

With tensions between the US and Iran now heating up big time as the Pentagon sends an assault ship and Patriot missiles to the Middle East following reports of a potential Iranian threat to US or partner ships in the region, we must take a look back to this April of 2018 story by Adam Credo over at the Washington Free Beacon within which he reported Iranian-backed sleeper cells have long been operating all across America, and mostly unfettered.

As they had reported back then, "experts agreed these 'sleeper cells' are poised to launch a large-scale attack on the American homeland" according to testimony given to Congress. And as we had reported on ANP back in July of 2018, some of those 'sleeper agents' may have been in America for up to 20 years or more, simply blending into society.

As the website Al Arabiya had reported back in August of 2018, the experts who briefed Congress had warned that Iran could launch terrorist attacks targeting American interests at any moment, either through its cells or through its arm, Lebanon's Hezbollah, which is active in Latin American countries.

The following excerpt from their story also warns of Iran using Latin American countries as an advanced launching pad to attack America.

In Latin America, Hezbollah cells are openly active, which also means that Iran may take Latin America as an advanced launching pad for attacks on US territory or on Washington's interests (in the region when it wants), especially after threats by Hezbollah leader Hassan Nasrallah to target the United States.

Intelligence officials and former White House officials have warned Congress that Iran could be planning to launch attacks against the United States. "The answer is absolutely. We do face a threat," said Emanuele Ottolenghi, a senior fellow at the Foundation for Defense of Democracies

"Their networks are present in the United States."

"Iran's proxy terror networks in Latin America are run by Tehran's wholly owned Lebanese franchise Hezbollah," he said.

"Their presence in Latin America must be viewed as a forward operating base against America's interest in the region and the homeland itself." Ottolenghi said the sleeper agents enter America by posing as immigrants who develop legitimate businesses that are a front for their other activities.

And since there really are teams, cells of terror Hezbollah terrorists, already here and prepared to attack America, how do we weed them out before they are able to attack 'American interests'? Unfortunately we remember that while Barack Obama was president, the FBI under Robert Mueller actually purged FBI training material of the mention of Islamic terrorism with Congressman Louie Gohmert claiming Mueller had 'compromised national security' by doing so and as we all remember, our public servants at the FBI and DOJ then focused upon 'dangerous Christians, Conservatives and patriotic Americans' instead.

Muslims Patrolling Streets of NYC in Their Own Squad Cards: Residents Alarmed -There are now approximately 800,000 Muslims living in NYC. That is about 22%

There are now approximately 800,000 Muslims

living in NYC. That is about 22% of the total population of Muslims in all of America which is about 3.7 million. Pew Research guesstimates that the population of Muslims is increasing by 100,000 each year in America. *If you do the math, it is alarming.*

While American women are fighting for their right to kill their unborn children right up to the day of delivery; Muslims DO NOT abort their children. Also, Muslim men are permitted to have more than one wife. So, add that to the math to truly get a picture of the changing demographics in America.

Now, the NYC Muslims have formed their own patrol units. Although the NYPD claims that these Muslims are not sanctioned in NYC, they are allowed to patrol the streets, and these vehicles look *extremely* official.

Massive Fifth Column Forces Have Infiltrated The United States and Are Ready to Attack

Submitted by Dave Hodges on Friday, May 10, 2019

This article is filled with questions that emanate from a developing narrative in which it is apparent that there is nothing about the US government that can be trusted and there are indeed people who intend to do us harm if we stand in the way of an extreme leftist take over. This article explores this by asking several critical questions.

Lessons to be Learned From History

In December of 1944, the Germans attacked America across a 50 mile front in a campaign that became known as the Battle of the Bulge.

Before the attack commenced, the German high command recruited German soldiers who had lived in America and spoke perfect English and knew the culture. These Germans wore American uniforms and became the vanguard of a 5th column attack force. Many were disguised as military police and they were tasked with changing road signs, cutting communications and assassinating American officers when possible. The force was devastatingly effective as their efforts threw the American forces into complete chaos when the attack came. Present enemies of the people of the United States have adopted the same strategy only on a much bigger scale. Later in this article, these connections will be firmly made.

Illegal Immigrants caught Posing as U.S. Marines

Over the past year, I have repeatedly called upon President Trump and the DOJ to take action for illegal censorship of conservative opinion. Now, the very part of the media that is largely responsible for Trump's election, has been forsaken by him. Now there is solid evidence that inside America are residing fifth column forces with enormous strength. It is a clear and present danger to the American people. Again, Trump is silent on this issue as well. Consider this, the loss of the First Amendment, leads to the loss of the Second Amendment,

because nobody is allowed to speak out against this tyranny. And when the fifth column attacks come, most likely we will have gun confiscation first (or in conjunction with this takeover).

On July 4, 2016, Former and disgraced FBI Director, James Comey told the American people that there were ISIS cells in every single state.

And this is on the heels of Paul Martin's revelation that we have 8,000 Spetsnaz troops inside America.

Now, take a look at the article cover photo and realize that this is not an isolated incident as paramilitary troops entering American tried to disguise themselves as US Marines. Last week, ICE apprehended several illegals that were carrying Phoenix police uniforms. The Battle of Bulge is here only we are going to call it a TET offensive.

The TET Offensive

Readers may recall that in 1968, after the LBJ administration was repeatedly telling the American people that we were winning the Vietnam War, until the Viet Cong attacked every single capital, in every single South Vietnamese province. Even the US embassy in Saigon was momentarily captured. This was the turning point of the Vietnam War. My sources have compared what's coming to the TET offensive. According to these deep-cover sources, as well as on-the-record sources, gun-free zones will be targeted (e.g. athletic events, concerts, schools, malls and university campuses). The Vegas Massacre was merely a beta test for what is coming. DHS knows it and the FBI knows it, and now you know it. Of course this will lead to the imposition of martial law practices without a formal declaration of martial law. These policies will include gun confiscation, the execution of gun owners who do not surrender their guns following an executive decree. The policies also call for the enforcement of sanctions against people who are on various lists. No, not the No-Fly lists, but for people who are on the Red and the Blue Lists.

Conclusion

It is the belief of many that we will witness a TET offensive on a grand scale prior to a Red Dawn invasion. World War III will follow. Never give up your guns because it is looking like you are going to need them.

What IS Coming Is No Longer Coming, It Is Already Here

Dave Hodges on Sunday, May 12, 2019

What Intel Sources Are Saying: The Calm Before the Storm

Many of the intel sources that I speak with are completely baffled in that specific intelligence is lacking and takes on the form as if something, or many things are

being held back. However, speculation from three sources suggests that what is coming will be triggered by a large event and then there will be spinoff attacks following the big one. I have asked the question, what event? I get three responses:

1. The Indianapolis 500
2. The fireworks display on the mall in Washington DC.
3. A general grid down scenario early in summer and as early as Memorial Day Weekend.

I would also add in the potential failure of the Oroville dam as I have previously covered.

There is general feeling that something big is coming and it is coming soon. One FBI agent likened the present climate to a tsunami drawing water out to the ocean before the final calamity strikes. This person said that monitored chatter from various terrorist/gang groups has become eerily quiet. It is the calm before the storm.

A DHS source told me “we know where the domestic training camps are, we know where the child-sex trafficking facilities are, we know their distribution points for drugs and we know where their tunnels are along with a myriad of other characteristics. We could go get them now, but we are being prevented from doing anything proactive”. There is a general feeling that their agents and the public as a whole, are being sold out. America is being set up for failure.

A long-time DEA source told me essentially the same thing. We know what the enemy is about. We know that domestic organized crime activities involving the cartels have overlapped with known terrorist groups and we are not allowed to pursue. I was told, “You have written about such places as Humboldt County and we are not allowed to breach this vast organized crime structure”. It is proliferating and we have solid intel that much of the profits are being used to obtain massive amounts of weapons inside the United States and I am certain that your recent article on this topic was motivated, in part, by this kind of revelation from me to you. Drug shipments go unabated around the country and we are not allowed to intervene without express permission and that permission is increasingly being withheld. We have a nest of subversives in the country and their power and subsequent danger is immense. It is impossible to believe that these forces are not getting help from the highest levels of government. ”

Back in 2016, I documented how Paul Preston, the leader of the New California movement, had specific intel from an embedded source that was at the CALEXIT operational meetings, learn that large numbers of white people would be murdered if CALEXIT was not successful. This mass murder would push America towards letting go of California if CALEXIT was not successful. CALEXIT was designed to crush America's economy and damage the food supply as exiting the country as a protectorate of the UN. The mass murdering of white people would be a means to that end.

The collapsing of the Oroville Dam would accomplish the same as a million people could die, much of the retail in this country would be compromised as well as the food supply would be greatly impacted. .

Democrats Running The White House: Kushner & Morgan Immigration Masters

After ALIPAC's release of **Trump's Top 10 Broken promises on immigration issues caused an uproar in the cyber-sphere and in talk radio markets last week; news that Trump is appointing Obama's border chief Mark Morgan to head up Immigration and Customs Enforcement (ICE) (while putting his Democrat son-in-law Jared Kushner in charge of immigration reform Amnesty legislation expected this week) is inspiring new outrage among Trump's grass roots supporters.** A picture has emerged of Trump's senior advisors Jared and Ivanka Kushner posing with liberal Democrat US Senator Cory Booker, while on Monday April 29, 2019, the *International Business Times* cited data compiled by PoliticalMoneyLine.com reporting that **Kushner and other affiliated donors "delivered more than \$41,000 to Booker's Senate campaign in 2013."**

Trump's appointment of Mark Morgan to head up ICE is creating shock and awe among Trump's base supporters because of statements like this from the National Border Patrol Council in 2016, "**Chief Morgan is a disgrace to the Border Patrol (who) does not have the will to secure the border.**" The union, which represents over 16,000 border patrol agents, blasted Morgan for testimony in

late 2016 to a Senate committee, in which he embraced the idea of 'comprehensive immigration reform.'

"This is directly contrary to the voice and will of the vast majority of the Republicans elected to Congress," the union wrote about Morgan. "It is also directly contrary to President-elect Trump's comments while on the campaign trail."

ALIPAC believes that Democrats like Jared Kushner and Mark Morgan should not be in charge of America's borders, immigration policies, and new legislation, and that Trump's appointment of these men betrays all of his Make America Great Again campaign promises.

"Each week, more disappointing news emerges about Trump's actions that prove he lied to us all about his plans and positions on immigration," said [William Gheen](#), President of ALIPAC.

ALIPAC's renowned activists, who have helped stop Amnesty legislation in DC ten

times since 2004, are now calling GOP Senators to tell them to rebuke Kushner's immigration reform Amnesty attempts due to his affiliations and financial support for Senator Booker and other Democrats.

"Tell Senator _____ I called to ask him to REJECT Democrat Jared Kushner's and Trump's immigration reform AMNESTY plans because Kushner has donated large sums of money to liberal Senator Cory Booker and that connection will **splash mud on any Republican in the US Senate who works with Kushner on immigration issues in 2019!**"

Mr President – What Are You Waiting For? So far President Trump has done NOTHING against this criminal action by Facebook, Twitter, Google and except Tweet threats which do nothing! Google and Twitter laugh at Trump because he's all bark and no bite!

By Ray Gano

If you have not been paying attention, a number of conservative news sources has been “de-platformed.”

So, from now on, these voices that were delivering news that we need to stay up on, are now totally gone.

But that is not all. Anyone who is now sharing any of these de-platformed voices could also be de-platformed.

When I post one of my articles and I push it out to Facebook and other social media, I am reaching probably 40K people. This includes all the groups I post in, emails I send out, alt news websites I post to, etc..

If I was to be “de-platformed” it would literally destroy my livelihood. No more support, no more being a voice of truth, no more pushing out vital information.

I would instantly be gone.

This is what the left is doing. Killing those of us who have a voice. All they want is the leftist ideology that is being pushed by the main stream media and their cohorts.

If you have been paying attention, the deep state trolls say “private companies can do whatever they want” but this is NOT true!

This is something that I have been trying to point out for a while now. These huge social medias are monopolies and cannot be allowed to discriminate just as stores can't discriminate on who they sell to!

These are also public means of open communication and by pulling the “Private Company” card. They are shutting down critical voices.

Folks, this is direct tyranny and thwarting yours, mine and other's ability to speak what they truly believe.

NOW... So far President Trump has done NOTHING against this criminal action by Facebook, Twitter, Google and others except Tweet threats which do nothing! Google and Twitter laugh at Trump now because he's been all bark and no bite! They lie and laugh at Trump while they censor far more than under the Obama demon.

I have been personally affected. We have seen 2/3 of our visitors gone. Support for our work cut in half, emails constantly being “spammed” or blacklisted.

Censorship is 100 times worse than when Trump took office now!

But here is my grip. One of his last tweets says he is “monitoring” the situation!

What in the world... 'Monitoring'?

The ‘powers that be’ are killing all of us who are effective voices.

Mr President, please take action! I am literally losing my voice and any financial support that I have had all because the social media cabal is killing all of us.

Here is the critical thing that YOU have to understand. They are doing this to those of us who have influence in social media.

Once they have done it to us and basically de-platformed all of us, they are going to come after the common joe.
