## **+1+ 5G: The Big Picture - Increasingly Intense Exposure of the Natural Environment & All Living Creatures, Including Ourselves, to More & More Electromagnetic Radiation**

Monday, April 29, 2019 **5G From Space**

In November of 2018, the United States Federal Communications Commission (FCC) authorised the rocket company SpaceX, owned by the entrepreneur Elon Musk, to launch a fleet of 7,518 satellites to complete SpaceX's ambitious scheme to provide global satellite broadband services to every corner of the Earth.

The satellites will operate at a height of approximately 210 miles, and irradiate the Earth with extremely high frequencies between 37.5 GHz and 42 GHz. This fleet will be in addition to a smaller SpaceX fleet of 4,425 satellites, already authorised earlier in the year by the FCC, which will orbit the Earth at a height of approximately 750 miles and is set to bathe us in frequencies between 12 GHz and 30 GHz. The grand total of SpaceX satellites is thus projected to reach just under 12,000.

FIGURE 1: Satellites beam down 5G. (ZdNet.com)

There are at present approximately two thousand fully functioning satellites orbiting the Earth. Some beam down commercial GPS (or "SatNav"), some provide TV, some provide mobile phone services, and some bounce radar back and forth to produce images for meteorologists and military surveillance. The Earth is thus already comprehensively irradiated from outer space.

But the new SpaceX fleets will constitute a massive increase in the number of satellites in the skies above us, and a correspondingly massive increase in the radiation reaching the Earth from

them. The SpaceX satellite fleet is, however, just one of several that are due to be launched in the next few years, all serving the same purpose of providing global broadband services. Other companies, including Boeing, One Web and Spire Global are each launching their own smaller fleets, bringing the total number of projected new broadband satellites to around 20,000 – every one of them dedicated to irradiating the Earth at similar frequencies (fig. 1). 1

... what is really driving it is the creation of the conditions within which electronic or “artificial” intelligence will be able to assume an ever greater presence in our lives.

Why is there this sudden flurry of activity? The new satellite fleets are contributing to a concerted global effort to “upgrade” the electromagnetic environment of the Earth. The upgrade is commonly referred to as 5G, or fifth generation wireless network. It has become customary in tech circles to talk about the introduction of 5G as involving the creation of a new global “electronic ecosystem”. It amounts to geo-engineering on a scale never before attempted. While this is being sold to the public as an enhancement of the quality of video streaming for media and entertainment, what is really driving it is the creation of the conditions within which electronic or “artificial” intelligence will be able to assume an ever greater presence in our lives.

Beyond the health effects there is another level altogether of what the roll out of 5G actually entails. [Read Dr. Naydler’s full article.](#)

### **MORE NEW SECRET DOCUMENTS | Government Keeps a List of 8 Million Names May 5, 2019**

Edward Snowden has just made that abundantly clear to the entire world...

So, if that list contained 8 million names all the way back in 2008, how big might it be today?

Michael Snyder has provided details on Main Core, a list of some 8 million or more names compiled by the CIA and U.S. intelligence. The individuals on the Main Core list, he writes, will be rounded up after the Constitution is suspended and martial law imposed.

Main Core is not a secret. Snyder points to a Wikipedia entry describing the database. Main Core is the code name of a database maintained since the 1980s by the federal government of the United States. Main Core contains personal and financial data of millions of U.S. citizens believed to be threats to national security. The data, which comes from the NSA, FBI, CIA, and other sources, is collected and stored without warrants or court orders.

The database's name derives from the fact that it contains "copies of the 'main core' or essence of each item of intelligence information on Americans produced by the FBI and the other agencies of the U.S. intelligence community."

Senator Feinstein, Rep. Mike Rogers and the apologists for high-tech tyranny insist the NSA's Prism and Boundless Informant are about protecting us from terrorists. If you are a student of history, however, you will realize this is nonsense.

If you know anything about Continuity of Government measures implemented following September 11, 2001 and earlier programs like Rex 84 and Operation Garden Plot, you already have a sneaking suspicion the NSA's massive surveillance operation has nothing to do with al-Qaeda. **It's about collecting data on American citizens, specifically the eight or so million compiled in the Main Core database.**

Following Edward Snowden's revelations on the NSA, Washington's Blog posted a quote from investigative journalist Christopher Ketcham, who wrote five years ago that our private information . . . **seems to be fair game for collection without a warrant: the e-mail addresses you send to and receive from, and the subject lines of those messages; the phone numbers you dial, the numbers that dial in to your line, and the durations of the calls.**

**The Internet sites you visit and the keywords in your Web searches; the destinations of the airline tickets you buy; the amounts and locations of your ATM withdrawals; and the goods and services you purchase on credit cards. All of this information is archived on government supercomputers and, according to sources, also fed into the Main Core database.**

Ketcham of Radar Magazine arrived at the following conclusion, well before the New York Times and the rest of the corporate media **reported the latest revelation about the NSA and peddled the lame excuse that it is all about saving us from stereotypical Muslim terrorists who hate us for our freedom.**

**There exists a database of Americans, who, often for the slightest and most trivial reason, are considered unfriendly, and who, in a time of panic, might be incarcerated. The database can identify and locate perceived "enemies of the state" almost instantaneously. He and other sources tell Radar that the database is sometimes referred to by the code name Main Core.**

**Why Censorship Will Get Much Worse! Trump Tweets While Rome Burns!**

Richard Dolan does an excellent job of going over the desperate move by the deep state to shut down all forms of dissent. They are using the terms “hate speech” and “conspiracy theorists” and “fake news” as an excuse to destroy our free speech guaranteed by our Constitution.

## Trump's Fraud on Immigration Issues Are Assuring That Permanent Power Will

**As unprecedented numbers of  
fake asylum seeking illegal  
immigrants flood America due**

**to President Donald J. Trump's Catch and Release Presidential directives and numerous broken campaign promises on immigration issues, the Democrats are now gaining enough illegal voters to take full and permanent control of the White House, US Senate and House, Supreme Court, and all future US laws and policies.**

**President Trump campaigns like a populist but governs like a globalist, and he has conducted a great bait and switch fraud upon the American public regarding the immigration issues American voters list as their greatest concern.**

**Each night, the thousands of illegals being assisted into America by the US Border Patrol and Department of Homeland Security increase the chances Trump loses in 2020 and Republicans lose control of the US Senate because there are no safeguards to prevent illegals and non-citizens from voting in US elections.**

**Most Americans Still Don't Know That Our Border Patrol Agents and Troops are Escorting Illegals Into America under Trump's orders!**

**There is simply a Yes or No box on the voter registration forms, and DMV display screens asking, "Are you a US Citizen?" and anyone who says "yes" gets a voter registration card because no government agency checks the federal citizenship databases on the county, state, or federal level. Non-Citizen voters are already putting Democrats in power in many states, counties, and districts without the slightest hindrance or knowledge by government employees and elected officials.**

**We know from the example of Reagan's disastrous 1986 Amnesty how non-citizen illegal Democrat voters turned the once Republican state of California into a permanent socialist Democrat stronghold. We also know from numerous surveys and observations that non-citizens vote overwhelmingly for the Democrat Party candidates due to race-based identity politics and access to government benefits from our zombie federal government.**

**Our zombie federal government should have ceased to exist financially sometime before the year 2001. No American individual or business would be allowed to go into the levels of debt our government has entered, where they now print more money through the process they call "quantitative easing." Our American zombie government is still alive, animated by printing money and foreign global socialist**

debt masters who keep the corpse animated as we the people of America read in horror each day about how our zombie government fails us and doesn't do the things we want, like protecting our borders and repelling illegal immigrants, while doing lots of things we hate like lying to us and spying on us all the time. Donald J. Trump has become the latest liar in chief to occupy the White House after conducting what is perhaps the greatest fraud of all upon the American public who tried desperately to elect someone who says the things which are needed to save America and Americans.

And while many American patriots are fighting hard to educate more Americans about Trump's broken campaign promises, hold Trump accountable and pressure him to honor his promises, and stop the soon to be released Jared Kushner crafted Amnesty bill, many Trump supporters fill the cybersphere with excuses for Trump.

Lots of Ever-Trumpers claim that President Trump's hands are tied by Democrats and lower court judges. While it is true that some lower court judges have made wild political rulings directing the President to release illegals with minors in their care after three weeks, there are not court orders mandating the Presidential directives of catch and release.

Catch and Release is an insane Presidential directive from the Bush and Obama administrations which Donald Trump promised to end if elected. Trump could end Catch and Release today with a phone call simply ordering our Border Patrol to stop releasing illegals and quickly repatriate them to Mexico or their country of origin.

America is not under the rule of lower courts, and the Executive Branch under Donald J. Trump is under no onus to honor lower court rulings when it comes to his execution of the existing immigration and border laws passed by Congress. Only the US Supreme Court and a two-thirds vote by Congress have the power to override Presidential policies, and it is time for us to all end this pretense that America's laws, policies, and citizens are subject to Obama appointed activist judges.

Catch and release is not a law and is not a court order. It is a Presidential directive sustained by President Donald J. Trump.

At this point, Americans should seriously consider demanding the US Border Patrol be withdrawn from the border because that might slow illegal immigration down since the Border Patrol is currently acting like Uber drivers, picking up illegals from where the drug cartels drop them off.

There are even reports that illegal aliens are getting angry at how long they must wait for Border Patrol to come and carry them into their new lives, work permits, and socialist state benefits in America.

More and larger illegal alien caravans are forming because President Donald J. Trump is letting them into America while attempting to mislead his followers on the issues.

Trump falsely told America he was ordering DHS to repel the caravans.. He later claimed they had stopped the caravans but the caravans were only stopped at the Mexican border so they could take them into America in groups of 60-100 at a time.

I believe this was done because cameras catching a large group of illegals proudly breaking through the gates into America, as they did on Mexico's

southern border, could be enough to finally ignite a political revolt against Trump and the globalist agenda he serves.

These illegal caravans are Trump Caravans coming to America for Trump's Catch and Release Amnesty policies. If you listen to Trump carefully or read his numerous Tweets, you will see Trump blaming Mexico, Democrats, judges, anyone and everyone but himself for these outrages at

our border. Trump wants us to believe it is everyone else's fault and responsibility but his own, when in truth the illegal immigration buck stops with Trump!

The President of the United States is commanded by Article IV of the US Constitution to protect all states from invasion, and President Donald J. Trump is obviously not doing that!

### Top 10 List of Trump's Broken Campaign Promises

1. Trump reversed his campaign position of reducing legal immigration levels and now supports raising legal immigration levels according to his State of the Union Speech of Feb 5, 2019. Trump also signed a legal immigration increase of unskilled H2B visas in the Amnesty containing secret budget bill H.J.Res. 31. New reports indicate his son-in-law Jared Kushner's new immigration legislation will contain more legal immigration increases that will harm American workers.
2. Trump promised caravan illegals could not come into the USA. (Caravan illegals allowed to enter the US under Trump's Catch and Release directives.)
3. Trump promised to end Obama's unconstitutional DACA Amnesty on his first day in office. (Trump continues DACA Amnesty giving deportation protection and jobs to more than 700,000 illegal aliens in violation of existing federal laws!)
4. Trump promised to oppose Amnesty. (Trump endorsed Amnesty legislation HR 4760, signed Amnesty for illegal immigrant minors in the secret budget bill << H.J.Res. 31, He tweeted he was open to larger Amnesty on Jan 20, 2019, and has deployed his son-in-law Jared Kushner to cut a deal with Democrats to give Amnesty to millions of illegals.)
5. Trump promised an Executive Order to end birthright citizenship for illegals to rally his base just before the 2018 elections. (No Order Issued.)
6. Trump promised all illegals, including DACA recipients, would go home. (Trump now supports Amnesty via HR 4760 and HJ Res 31 which allows most illegals to stay.)
7. Trump promised DHS would clean up elections fraud when he canceled the

**Kris Kobach led Commission On Elections Integrity. (No DHS Action.)**

**8. Trump promised to end Sanctuary Cities. (No Action on that and now Trump delivers more illegal aliens to Democrat strongholds where they receive maximum taxpayer benefits and protection from deportation.)**

**9. Trump promised to end catch and release of illegals. (Catch and release continues.)**

**10. (UPDATE FEB 18, 2019 TRUMP SIGNED EMERGENCY ORDER)-- Trump said he would declare an emergency and have the military build the wall. (No action till Feb 18, 2019) Trump's border wall promise remains 90% broken.**

**As you can see from these ten painful facts above, President Donald J. Trump is conducting the largest fraud ever committed upon the American public.**

**We thought we were electing another President Dwight D. Eisenhower, but we got another GW Bush because Trump's immigration policies and legislative agenda are very similar to the Bush administration.**

**We need all Americans to come to terms with these betrayals and begin to organize rapidly to defend against these policies and the new legislative Amnesty push coming from the White House.**

**We all need to fight illegal immigration, Amnesty, and the North American Union, harder than ever before and inform as many remaining Trump supporters as possible about how they have been used and lied to by a Republican once again.**

**With lifelong Democrats like Jared Kushner and Ivanka Trump running the show in the White House and espousing plans to run for President as Democrats one day it makes many of us wonder... Was Trump ever really a Republican at all or merely an actor playing the role of a Judas Goat leading conservatives to our doom?**
