Jesus Christ Proven & The Law of Probability + Non Biblical evidence as proof for Jesus Christ

After examining only **forty eight different prophecies** (even though he could have used **456**) **Professor Emeritus of Science at Westmont College, Peter Stoner, has calculated the probability of one man fulfilling the major prophecies made concerning Jesus Christ.** (see Stoner, Peter W. *Science Speaks*. Chicago: Moody Press, 1963) **Bear in mind these Old Testament prophecies were written by different unrelated authors of the Bible, hundreds**

& hundreds of years earlier. Twelve different classes of 600 college students worked out the estimates. The students carefully weighed all the factors, discussed each prophecy at length, and examined the various circumstances, which might indicate that men had conspired together to fulfill a particular prophecy. They made their estimates conservative enough so that there was finally unanimous agreement among even the most skeptical students. Not only that, but when Professor Stoner took their estimates and made them even more conservative, he also encouraged other skeptics and scientist to make their own estimates to prove that his conclusions were more than fair.

Finally, he submitted his figures for review to a Committee of the American Scientific Affiliation. Upon examination, they verified that his calculations were dependable and accurate in regard to the scientific material presented. For example, concerning Micah 5:2, where it states that the Messiah would be born in Bethlehem, Stoner and his students determined the average population of Bethlehem from the time of Micah to the present; then they divided it by the average population of the earth during the same period. They concluded that the chance of one man being born in Bethlehem was one in 2.8×10 to the 5th power - or rounded, one in 300,000.

In the final calculation Stoner used 48 prophecies (even though he could have used 456) and arrived at the extremely conservative estimate that the probability of 48 prophecies being fulfilled in one person is 10 to 157th power. How large is the number 10 to the 157th power? 10 to the 157th power contains 157 zeros!

Let us try to illustrate this number using electrons... Electrons are very small objects. They are smaller than atoms. It would take 2.5 times 10 to the 15th power of them, laid side by side, to make one inch. Even if we counted four electrons every second and counted day and night, it would still take us 19 million years just to count a line of electrons one-inch long. How many electrons would there be if we were dealing with 10 to the 157th power of electrons?

Imagine building a solid ball of electrons that would extend in all directions from the earth of 6 billion light years. The distance in miles of just one light year is 6.4 trillion miles. That would be a big ball! But not big enough to measure 10 to the 157th power of electrons! In order to do that, you must take that big ball of electrons reaching the length of 6 billion light years long in all directions and multiply it by 6×10 to the 28th power! How big is that? It's the length of the space required to store trillions and trillions and trillions of the same gigantic balls and more. In fact the space required to store all of these balls combined together would just start to "scratch the surface" of the number of electrons we would need to really accurately speak about 10 to the 157th power!

Assuming you have some idea of the number of electrons we are talking about; imagine marking just one of those electrons in that huge number. Stirring them all up. Then appointing one person to travel in a rocket for as long as he wants, anywhere he wants to go. Now tell him to stop the rocket in space, take a high-powered microscope, and find that one marked electron. What do you think his chances of being successful would be? It would be one in 10 to the 157th power. Remember; this number represents the chances of only 48 prophecies coming true regarding Jesus Christ (whereas he could of used 456 prophecies). In financial terms, is there anyone who would not invest in a financial venture if the chance of failure were only one in 10 to the 157th power?

This kind of sure investment we are offered by God for belief in Jesus Christ the Messiah. All this illustrates why it is absolutely impossible for anyone to have fulfilled the Messianic prophecies by chance. This is the kind of evidence that proves there must be a God who supernaturally gave us this information. Let's keep in mind that we've only illustrated 48 out of over 456 Messianic prophecies, out of over 8000 total verses in Bible prophecy, of which thousands of verses have been fulfilled already.

Also remember that these prophecies were written anywhere from hundreds to thousands of years earlier, by different unrelated men that lived (for the most part) in totally different time

eras. Jesus Christ's life is a historical fact. **His birth year is how we divide time**, evidenced by using the term **B.C.(Before Christ)** in our dating method. There were many other confirmations of Jesus Christ's existence by various record keepers of his era. **So if you have not already done so, please accept Jesus Christ as your Lord and Savior and receive his free gift of salvation today. There is no more important decision than you will ever make. To take that step and/or for as small sampling of some of the prophecies mentioned see below, or go to:**

True Salvation

Creator or Liar?: http://www.chick.com/reading/tracts/0005/0005_01.asp

Note: The argument has been made that Jesus deliberately fulfilled these prophecies, **but most of the prophecies were completely beyond His control** such as: His place of birth (Micah 5:2), the time of His birth (Daniel 9:25; Genesis 49:10), the manner of His birth (Isaiah 7:14), His betrayal (Psalms 41:9, Zechariah 11:12, 11:13b), the manner of his death (Psalms 22:16), people's reactions (mocking, spitting, staring, etc...) (Isaiah 50:6, Micah 5:1, Psalms 22:7,8, Isaiah 53:3, Psalms 69:8, Psalms 118:22, Psalms 69:4, Isaiah 49:7, Psalms 38:11,

Jesus, the Creator, fulfilled over 30 prophecies when He allowed Himself to be murdered by man. (John 18-21)

Psalms 22:7, Psalms 109:25, Psalms 22:17), piercing (Zechariah 12:10, Psalms 22:16) and burial (Isaiah 53:9).

Another argument is that the prophecies were written at or after the time of Jesus and were therefore fabricated. The problem with this argument was that the historic date of completion of the Old Testament is 450 BC and the Septuagint, the Greek translation of the Hebrew Scriptures, was initiated in the reign of Ptolemy Philadelphus (285-246 BC). The Hebrew Old Testament must have been available in its entirety for it to be translated commencing at 250 BC.

And, did you ever think about how the birth of Christ some 2000 years ago split historical time forever? All the time before His birth is recorded as BC or Before Christ and all the time afterwards as

THE BIBLE SAYS THERE'S ONLY ONE WAY TO HEAVEN!

the Years of our Lord, or Anno Domini or AD. Even the Jews and other non believers and historians and scientists who would rather use the nomenclature of BCE or Before the Common Era and CE Common Era **still use the birth of Christ as the demarcation of this so called Common Era! Unbelievable isn't it?** The Hebrew prophet, Isaiah, prophesized about the birth of the Messiah, some seven hundred years before His birth. "A child will be born to us, a son will be given to us and the government will rest on His shoulders and His name will be called Wonderful Counselor, Mighty God, Eternal Father, Prince of Peace" (Isaiah 9:6). Isaiah also accurately predicted that He would be "born of a virgin" (Isaiah 7:14).

The Number One Reason China Wants to Occupy America with Hundreds of Millions of Colonists

July 15, 2019--In the past week, I have written the first four parts of a series which describes the Chinese war plans which are to be implemented against the United States, in which much of the information was derived from a leaked Chinese document that included the transcript of the Chinese Defense Minister's comments to the Central Committee of the Chinese Party. In the course of my investigation, I discovered that the United Nations had transferred control of its economic programs and social-cultural-educational programs to the Chinese. Also, the UN is on board with the Chinese rebranding the meaning of human rights from being one of protecting individual liberties to earning the right for economic participation (eg Mark of the Beast and Social Credit System).

From a globalist perspective, the US must be destroyed as it is the number one barrier to the full implementation of the satanically inspired New World Order. Further, Americans, themselves, must also be totally destroyed because of their proclivity to believe in individual liberties and their propensity to defend their rights with 300 million guns estimated to be in private American hands. America and Americans are targeted for complete obliteration by both the Chinese and the United Nations.

Here is a summary of the 4 parts:

- **Part 1-** The domestic reasons the Chicoms feel it necessary to send millions of colonists to the United States.
- **Part 2-** The planned methodology for the elimination of the American threat by committing genocide against the United States through the use of bioweapons that are genetically based.
- **Part 3-** The Chinese are facilitating a Chinese takeover of the planet.
- **Part 4-** The Chinese are beta testing the use of bioweapons against the United States through the weaponization of selected immigrants. Interview with Paul Martin.

We do not have to fear a Chinese nuclear attack and that is the long and the short of the good news. Not only did Chinese Defense Minister, Wei Fenghe, state this openly in a leaked government document which expressed Chinese war plans intended to utterly devastate the United States, he stated that genetic specific weapons would be used to commit mass genocide against the United States while leaving the

infrastructure and the 12 million Chinese alive in which only non -Chinese would perish

The Internet is filled with the new revelations that the Chinese are employing laser beam technology to induce earthquakes. This is a cover story for the false flag that is coming which will use the same technology that will serve to assist the Chinese in taking over the United States. And what do the Chinese get for their trouble? They get our substantial mineral wealth. Here is what I have learned.

Contrary to what the power brokers would have you believe in order that you'll give up your pension, cut your wages, and settle for the life that people live in a third world country, the globalists want you to believe that your nation is broke and there is nothing you can do about it. In fact the opposite is true.

What belongs to the people has been transferred, in the greatest theft in world history, from the workers and consumers to the government as well as the banks and the portfolios of the criminal elite gangsters which control the politicians with insider-trading and outright bribes.

Previously the biggest theft in world history was committed by the Federal Reserve which prints money out of thin air and its banks are able to loan against its deposits at a ratio of 9 to 1 in this modern day version of fractional reserve banking. However, the biggest theft of American assets is literally happening right below our noses. The banks will soon forsake their holdings as the government, as I am being told, will move to nationalize every bit of mineral resource wealth in this country under Executive Order 13603 or an updated version of the same.

Today just 400 Americans have more wealth than half of all Americans combined.

Despite this grim statistic which reveals the wealth imbalance in this country, our nation has never been wealthier. Far beneath the ground, the federal government and its bankster puppeteers, own the rights to mineral and energy leases, from which they receive royalties, rents, and bonus payments, states the Institute for Energy Research, an industry group. According to their estimates, government states that the assets are worth \$128 trillion. That's almost eight times the national debt.

"These resources could be leased to third parties and could subsequently earn the state and national government huge royalties, rents, and bonus payments that estimates could total almost \$150 billion over 10 years, just for the oil and gas leases alone". Then why isn't this being done? Simple, ask yourself who would lose money if this were to come to fruition? These vast resources have been promised to the Chinese and they are moving to take possession after they commit the genocide Wei Fenghe discussed in the leaked document. This is the major reason why the Chinese need to occupy America after the vast majority of the Americans are dead.

Already, the Chinese are in Hawaii to take possession of what gold America has left and this is old news, dating back at least three years.

The Chinese run our solar energy business with their military front corporations. Their soldiers are embedded and ready to act. In the past several years, we have learned that a series of international "inland ports" will be created in conjunction with known mineral rich areas and control of these areas will be handed off to the Chinese. Further, the Chinese military will be stationed around these inland ports to ensure safety and security of the Chinese investment and its mining and geological personnel. This will be

the foothold of their invasion force. Confirmation of the fact that the Chinese will soon be taking possession of American mineral resources, comes from a former CIA agent in an interview I conducted with him over three years ago. During the course of my interview with this undisclosed source, he unequivocally stated that China will be taking control of our mineral rich land resources in repayment for the tremendous debt the United States owes China.

As it has been widely reported, America has three levels of debt which needs to be examined in context with this stunning revelation of largely unknown mineral wealth:

1. National Deficit of \$22 trillion dollars
2. Unfunded liabilities (\$238 trillion dollars) in the form of Social Security, Medicare, etc.
3. Derivatives debt estimated at between \$1 quadrillion to \$1.5 trillion dollars.

Under Trump the debt has substantially worsened and this is our Achilles heel. China has bought our debt and now they are owed and Wei Fenghe stated, they are coming to collect after most of us are already dead.

The globalists goal is to establish a one world government and a one world economic system (which is nearly complete as I write these words) which is ruled with extreme authoritarianism and brutality in a futuristic version of neo-feudalism. To accomplish these goals, there can be no Bill of Rights and American prosperity must be obliterated. This is what we are in the midst of at this time as America is being torn down brick by brick and we live in a country that is being targeted by the CHICOMS for the elimination of 90% of the American population.

WAR DRUMS IRAN

19 July 2019 | President Trump said Friday that the Islamic Republic of Iran has endangered itself by seizing a pair of British oil tankers in the Persian Gulf.

'Iran is showing their true colors,' he told reporters on the South Lawn of the White House as he departed for a weekend in New Jersey.

'Iran is in big trouble.'

The president warned that although the U.S. doesn't have many tankers in the Gulf because it is trending toward energy independence, **'we have a lot of ships there that are warships.'**

He predicted the situation 'is going to work out very nicely,' in part because of an informal but 'longstanding' U.S.-UK mutual defense agreement.

Thank you POTUS!!!: Trumps White House policy advisors endorsing the passage of "Red Flag" gun confiscation laws

Following the release of over 90 recommendations from President Trump's Federal Commission on School Safety, **these White House advisors are officially siding with Speaker Pelosi and her push for "Red Flag" laws in the House. And with the confirmation of anti-gun Attorney General William Barr, any of these "Red Flag" laws that are passed will come with the full support of our nation's top prosecutor. . .**

Further decreasing your chances in court after your guns have been forcibly taken away.

And should members of BOTH parties in Washington, D.C. succeed in RAMMING this so-called "Red Flag" gun confiscation legislation into law, **that's all that's necessary for YOU to be targeted by "Gun Confiscation Squads" demanding you "hand 'em over . . . or ELSE."**

It's already happening in California, Maryland (where a terrified gun owner was shot dead in his home just after 5 am), and a few other extreme anti-gun states. But the politicians in Washington are in a rush to make it a NATIONAL law.

The Law: Justice for Illegals Means Deportation

While we did not get the mass deportations of illegals this week, Trump promised us (View) two weeks ago, two months ago, and in 2016, **ALIPAC did accurately predict and warn everyone this would be the case (View)**

What we did get is illegal aliens, and their ANTIFA supporters **fire bombing ICE facilities trying to ignite a civil war and tearing down American flags and raising Mexican flags instead as we've seen before! (Video)**

We may have gotten improvements on the asylum rules thanks to those of us who have been willing to take the Trump administration to task and accurately warn Americans that the current catch and release and asylum policies are not US laws, but Presidential directives and rules! At this point, **ALIPAC.us** is now the only national organization that is standing firm behind our current laws which require the full deportation of all illegals because we see this as the only way to save America from this threat!

Times Investigation: Trump administration has gutted programs aimed at detecting weapons of mass destruction

The Trump administration has quietly dismantled or cut back multiple programs that were created after the Sept. 11, 2001, programs to help detect and prevent terrorism involving weapons of mass destruction, a Times investigation has found.

The retreat has taken place over the last two years at the Department of Homeland Security, which has primary domestic responsibility for helping

authorities identify and block potential chemical, biological, radiological and nuclear threats.

The changes, not previously reported, were made without rigorous review of potential security vulnerabilities, The Times found, undermining government-wide efforts aimed at countering terrorist attacks involving unconventional weapons, known as WMD.

More than 30 current and former Homeland Security employees and contractors voiced concern that the changes — including the cancellation of dozens of training exercises and the departure of scores of scientists and policy experts — have put Americans at greater risk. The cutbacks and shifts have been directed by James F. McDonnell, who has been appointed by President Trump to successive posts at Homeland Security.

I got ur e mail they have been interfering with me so much today im not gonna even be able to get that audio out... i will send it maybe later, i can do it but its non-stop blocking and its getting very old maybe u can let folks know joe can also vouch for this also refer people to 'moment of truth' chan which is a you tube chan joe and i are doing together. .. teachings on stalking, teachings on the gospel and my testimony are there, so people can see and hear where I'm coming from as a way of working around this. I wanted to tell the story on how they poisoned me... cause its important and im always ready and prepared at drop of hat, its they just they will not let me send it....

Joe and i working together on this..we work well together so u can refer people to this, i mean if folks wish to help or not they can decide, but if they desire to help in the fight, let them first listen to me, let my words stand to see if they will support in this fight.. at this point there really trying to kill me but i am not alone praise God remember the Word always bro !!

More Ebola Preparations Underway As CDC, NYC Quietly Brace for Congo Migrant Surge

The nonprofit Greenville Health System in South Carolina recently published a job posting for an Emergency Preparedness Program Manager whose qualifications should include familiarity with “Ebola grants.” The ad is still posted on the Greenville Health System website with the posting date July 8, 2019.

Greenville’s private health system now joins a variety of federal, state and city government agencies quietly preparing for Ebola — including the CDC and New York City, which started preparing for an Ebola outbreak as migrants from the disease-ridden Congo made their way to the U.S. southern border & northward. Texas is now home to a “surge” of Congo migrants who crossed the border, with more migrants on their

way.

The Congo migrant “surge” at the southern border continues, as recently-landed Congo migrants in San Antonio, Texas **described their six-month journey to the United States — during which time the government started making Ebola preparations instead of acting to stop the illegal migrant invasion.** This makes New York mayor Bill de Blasio’s pro-migrant agitation at the border even more disingenuous, as I explained on Sunday’s episode of *The Campaign Show with Patrick Howley* on Patriots’ Soapbox: **Play to 34:18:** <https://youtu.be/N5xqE2efH7k?t=1451>

New York City partnered with New York State to carry out an Ebola outbreak drill in April 2019, right around the time the city started looking for applicants to fill a “short-term” Ebola manager position for the city’s health department.

New York City's health department issued a little-noticed public release on April 30 entitled: "[New York City and New Jersey Health Departments Conduct Emergency Exercise to Safely Transport a Simulated Ebola Patient to NYC Health + Hospitals / Bellevue.](#)"

Here is a photo of the drill:

Update From Invive Silver: **(Comment: I recommend you print this whole section below)**

The 10,000 PPM is MANDATORY, meaning the correct protocol in a life and death situation where death is "IMMINENT" within 72 hours. If you do not think you will die in 72 hours, then take the 5,000 PPM. Some Ebola patients die in 48 hours and some die in 21 days. If you are already bleeding from orifice, then the Ebola has advanced and you MUST use the 10,000 PPM.

Tell your people: Ebola Can kill within 48 hours to 21 days,

It takes a minimum of 3 days to ship the Invive from our factory because our Manufacturing is in a small town where it is delayed by USPS for 1 day; for the Silver to travel to the Airport in the next larger City. That is why we ship Priority, because if we shipped Express overnight it would "still" take 2-3 days to arrive. In the case of a worst case Ebola infection by the time the Silver is delivered to them in 3 days, they could be dead.

So they must purchase in advance and have the silver on hand to be safe. That is just a

plain actual fact.

I myself have 3 bottles of 10,000 PPM with me wherever I am/travel.

That is barely enough meaning the minimum to attack the Ebola, while waiting for more silver to arrive.

So they should have at least 3 bottles of 10,000 stockpiled in advance. (Assuming the USPS trucks are still running during an Ebola outbreak and that the Cities are not locked down with no one allowed to enter or leave, including the Courier Trucks.

EBOLA

(Note 5000ppm is mentioned here but in an advanced case 10,000ppm should be used- see above for more clarification)

Invive 5000ppm Mild Silver Protein ++ When combating an advancing presentation of Ebola within the subject individual, it is "MANDATORY" to maintain a "STEADY STATE" of Silver in your bloodstream every 4 hours = 6 times per day for adults of 120 lbs and up, (but reduced for children via percentage of their bodyweight in relation to 120 lbs.).

"UPDATED '2014' PROTOCOL"

1) If you have been (or suspect you have been) exposed to Ebola take this dosage:

*** 5,000 ppm 5 cc/1tsp. 4 times a day or every 6 hours.

2) If you are starting to display symptoms take this dosage:

*** 10,000 ppm 5 cc/1tsp. 4 times a day or every 6 hours.

3) If you are in full blown Ebola symptoms going to terminal take this dosage:

*** 10,000 ppm 5cc/1 tsp of 10,000 every hour.

Note: Selenium has been found to be almost totally depleted from the soils where Ebola is prevalent in Africa and has been found to be very helpful in the prevention of Ebola.

I recommend: [Selenium - 90 tablets](#) or [Genestra Selenium CWS 0.5 fl oz \(15 ml\)](#) See below and far below

Computational genomic analysis of hemorrhagic fever viruses. Viral selenoproteins as a potential factor in pathogenesis: <http://www.ncbi.nlm.nih.gov/pubmed/9152513>

They talk about Ebola being a "viral selenoprotein" and "Biosynthesis of this protein could impose an unprecedented selenium demand on the host", potentially, leading to severe lipid peroxidation and cell membrane destruction, and contributing to hemorrhagic symptoms." It is well documented that selenium plays a significant role in the regulation of blood clotting via its effects on the thromboxane/prostacyclin ratio, and effects on the complement system.

Subject: Fw: Vitamin C & the Ebola treatment - trade fear for knowledge

Importance: High

In addition to the Invive Silver, a Ebola patient need high doses of Vitamin C.

The Invive Silver stops the Ebola Virus, but you MUST put the Vitamin C back in their body, that the Ebola has taken away.

Again for clarity: The INVIVE Medical Journal Silver wipes out/eradicates the Ebola Virus but *excerpt: Here is what Ebola does that is fatal: It causes the complete removal of all vitamin C from the body. No one actually knows what mechanism is involved in doing this, other than a malfunction that is not permanently destructive to whatever is triggered to remove all vitamin C. All the researchers know is that vitamin C drops to zero and all the symptoms of ebola are consistent with a complete loss of vitamin C.*

From the report at: <http://jimstonefreelance.com/> we read:

The actual way ebola kills is by causing a severe cytokine release in blood vessel walls, which if already irritated by a viral assault, will rupture from the irritation caused by a strong cytokine release. With regard to ebola, the exact cytokine is called IL-6, which is inhibited by 41 percent with adequate vitamin C present. This means, that from this mode of action alone, vitamin C will reduce the impact of ebola by 41 percent. If you combine this with the fact that vitamin C will strengthen the blood vessel walls as well, the two ways vitamin C helps will work in combination to prevent death from ebola, especially if ebola, which removes all vitamin C weakens the blood vessel walls by removing vitamin C to begin with.

Comment: So taking a true, natural, vitamin C is a major factor in fighting off Ebola especially considering Ebola chief action of fatality is causing the blood vessels to rupture through the body where you bleed out of every orifice. Vitamin C (full spectrum source with the bioflavonoids, from a plant source) strengthens the blood vessels.

I highly recommend: [Vitamin C-400 - 180 tablets](#) or [C Complete Powder 81 G](#) or [Bio-C Plus 1000™ \(100 T\)](#)

Primed for a wipeout: Pentagon admits biological attack against America has no real defense

The federal government is in a predictive programming frenzy concerning the potential for a nationwide biological attack, warning that there are no weapons in the current defense arsenal to stop a major pandemic from spreading like wildfire. Suggesting that it's only a matter of time before something serious like ebola sweeps the country, government scientists in partnership with the Pentagon's "top brass" recently convened in Philadelphia to discuss the alleged threat of a bio attack – and to make the not-so-subtle case that Big Pharma needs to be allowed to fast-track approval for emergency drug and vaccine "cures." The three-day event, which took place at the Pennsylvania Convention Center, featured more than 16,000 educators, physicians, and scientists from 67 countries who were told that the biotechnology industry is basically a ticking time bomb.

Chris Smith’s Lyme Disease Amendment Passes House, Tells DOD IG to Investigate ‘Weaponization’ of Ticks

WASHINGTON, D.C.— The full House of Representatives passed an amendment offered by Rep. Chris Smith (R-NJ) which directs the Inspector General (IG) of the Department of Defense to investigate the “possible involvement of DOD biowarfare labs in the weaponization of Lyme disease in ticks and other insects” from 1950-1975.

According to Smith, he was “inspired to write the amendment”—now part of the House-passed 2020 National Defense Authorization Act (NDAA)—by “a number of books and articles suggesting that significant research had been done at U.S. government facilities including Fort Detrick, Maryland and Plum Island, New York to turn ticks and other insects into bioweapons.”

During debate on the floor, Smith said that, “The most recent book—Bitten: The Secret History of Lyme Disease and Biological Weapons—includes interviews with Dr. Willy Burgdorfer—the researcher who is credited with discovering Lyme disease. The book reveals that Dr. Burgdorfer was a bioweapons specialist. Those interviews combined with access to Dr. Burgdorfer’s lab files suggest that he and other bioweapons specialists stuffed ticks with pathogens to cause severe disability, disease—even death—to potential enemies.”

“With Lyme disease and other tick-borne diseases exploding in the United States—with an estimated 300,000 to 437,000 new cases diagnosed each year and 10-20 percent of all patients suffering from chronic Lyme disease—Americans have a right to know whether any of this is true. And have these experiments caused Lyme disease and other tick-borne disease to mutate and to spread?” Smith asked.

“My amendment tasks the DOD Inspector General to ask the hard questions and report back,” he said. During debate on his amendment, Smith said the investigation would explore such questions as:

“what were the parameters of the program? who ordered it? was there ever any accidental release anywhere or at any time of any diseased ticks? were any ticks released by design? did the program contribute to the disease burden? can any of this information help current-day researchers find a way to mitigate these diseases?”

Smith has a long record of fighting for people suffering from Lyme

disease. He is the author of the pending bipartisan, bicameral TICK Act introduced earlier this year to create a whole-of-government national strategy to aggressively fight Lyme disease. The TICK Act (Ticks: Identify, Control, Knockout Act) (HR 3073) authorizes an additional \$180 million to boost funding for Lyme research, prevention and treatment programs.

Subject: **Listener Question & Report--USA: Asian Longhorned tick kills fifth cow by blood loss**

Hi Dr. Scott. Shocking article here on ticks. By the way my sister think she has Lyme disease from years ago hiking. And now she's had a recurrence. Where every muscle aches and she broke her arm and is slowly healing but the pain is in her whole body is worse than her arm. She has access to silver. Is there anything else might work for her? Elaine

<https://nypost.com/2019/07/12/self-cloning-super-ticks-are-coming-to-suck-out-all-our-blood/>

Savage ticks — which recently killed a fifth cow by sucking its blood until it died — are coming for us humans next.

Infectious disease researchers are becoming increasingly alarmed at the murderous Asian longhorned tick, which has made its way from farm animals to an unsuspecting Yonkers man, Ars Technica reports.

The tick's latest victim was a bull in North Carolina, which was found dead by exsanguination, meaning the 1,000-plus blood-plump ticks found on its body completely drained it of blood. Over the past year, the bull's owner lost four other cows to the tick infestation, according to health officials in North Carolina.

The tick itself is scary for a lot of reasons: Chief among them is that a single well-fed female can clone herself without a male, birthing as many as 2,000 bloodthirsty spawn. Researchers also worry they could spread diseases to humans, such as the Powassan virus, according to a report published in the journal Clinical Infectious Diseases.

Natural Lyme Disease Supplement Protocol

Dr. Johnson's Comment: See below for my most current updated information and protocol for Lyme Disease. It is my opinion that if you did all three products listed below you could greatly reduce the amount of Invive Silver that would need to be

taken, which would save you a massive amount of money. The Biocidin LSF is expensive at 92.00 a bottle but each bottle has 100 doses and you would only need 2 doses a day, so one bottle would last 50 days.

<< Scientist Emeritus (National Institutes of Health) Dr. William Burgdorfer, Ph.D, M.D., **the**

discoverer of Lyme Disease (of whom the Lyme Bacteria was named after as *Borrelia Burgdorferi*) has repeatedly recommended the Invive Mild Silver Protein to hundreds of M.D.s in the Medical Community at Worldwide Conferences.

Mild Silver Protein Therapy: Doctor's Desk Reference

Dosage Guidelines for Lyme Disease:

LYME DISEASE, SYSTEMIC For 120 lb. individual

Invive Mild Silver Protein 5000ppm: 4 tsp. (20 ml) twice a day till asymptomatic

Note: If you think you have been bitten just take the above dosage for a week and then discontinue.

Note: Decrease or increase dosage 5 ml(or 1tsp) for every 30 lbs above or below 120 lbs for each protocol above (in this way you can calculate this for children as well, as the dosage is weight dependent not age dependent). There are 24tsp. in each 5000ppm bottle of Invive.

Subject: Lyme disease and Colloidal Silver

Hi Dr. Johnson, I was previously suffering from Lyme disease until I purchased and took Invive's colloidal silver. I have now been symptom free for over a year now and I wanted to thank you for the advice you gave me through email as I was taking it. I have a friend who has been suffering from chronic Lyme's disease. She has been using a Rife machine in addition to antibiotics for treatment. I told her about Invive's colloidal silver so she started taking and has been taking colloidal silver for a couple months per the appropriate protocol while still using the Rife machine. She initially experienced a herxheimer reaction as expected. After the initial symptoms passed she switch to the maintenance dosage of MSP.

She recently experienced another herxheimer reaction. Should she switch back to the initial dosage of MSP? Is there any concern about an extended use of MSP if she continues to have severe reactions for a long extended period of time? Are there any concerns regarding the use of a Rife machine while taking colloidal silver at this time?

*Thanks,

Dave: Great to hear this.

I would have her follow the protocol listed in the attachment (see above) until she tests negative. If you could forward this email to her that would be great. She may be negative now but the only way to know is to get tested.

No, there is no problem with doing the silver and the rife machine. I used to own one as well.

No unless she is doing a half a bottle a day of the 5000ppm for months on end there is no concern about the silver. See the 2nd attachment.

God bless!
