**JERUSALEM/DAMASCUS, Aug 24 (Reuters) - Israeli aircraft on Saturday struck Iranian forces near Damascus that had been planning to launch "killer drones" at targets in Israel, an Israeli military spokesman said.**

"The strike targeted Iranian Quds Force operatives and Shiite militias which were preparing to advance attack plans targeting sites in Israel from within Syria over the last number of days," the military said in a statement.

Israeli Prime Minister Benjamin Netanyahu said the military had thwarted the planned Iranian attack. "Iran has no immunity anywhere. Our forces operate in every sector against the Iranian aggression," he said on Twitter.

Syrian state media said Syrian air defenses intercepted "hostile targets" over Damascus, the capital, Saturday night.

Witnesses in Damascus said they heard and saw explosions in the sky.

"The aggression is ongoing and air defences are confronting hostile targets and are downing most of them in the southern region," state media outlet SANA said, indicating areas south of Damascus.

The Syrian army said in a statement that "the majority of the Israeli missiles were destroyed before reaching their targets." Conrucus, however, said the impact of the Israeli strikes was "significant."

## TRUMP TRADE WAR 'EMERGENCY'... CONCERN, CONFUSION

President Donald Trump said Sunday he could declare the escalating U.S.-China trade war as a national emergency if he wanted to.

"In many ways this is an emergency," Trump said at the G-7 leaders meeting of the ongoing trade battle between the world's top two economies.

"I could declare a national emergency, I think when they steal and take out and intellectual property theft anywhere from \$300 billion to \$500 billion a year and when we have a total lost of almost a trillion dollars a year for many years,"

American businesses, from technology startups to large corporations, say they cannot quickly upend their supply chains and stop doing business in China.

President Trump tweeted Friday that he "hereby ordered" U.S. companies to explore relocating operations out of China and that he would raise existing and planned tariffs on Chinese goods by 5 percentage points. On Sunday, after a tumultuous week for trade negotiations, administration officials said the president didn't order U.S. companies to leave China and has no plans to invoke emergency powers to force them to do so.

Many technology companies are entwined with Chinese parts makers, and tech startups building hardware are in a particularly difficult situation. From electric scooter services to robotics businesses, many get crucial components from China. For them, Mr. Trump's demand to stop doing business in China seemed impossible.

"There is no other easily identifiable supplier or manufacturer for a lot of parts," said Eric Klein, a partner at venture-capital firm Lemnos, which invests in hardware startups. Shifting production out of China would be a complex process that would entail re-engineering production facilities, requiring a company to halt or slow production for months, he said.

**“It would be financially devastating to a startup that isn’t sitting on a pile of capital,” said Mr. Klein. “The smaller the company, the more fragile their economic state is and changes like this are massively disruptive.”**

## **PRESIDENT TRUMP "ORDERS" ALL U.S. COMPANIES OUT OF CHINA - Must find "Alternatives"**

The trade war between the United States and China just took a dramatic turn which many see as leading to actual war with China. Today, US President Donald Trump ORDERED American companies to "find alternatives to China" -- it appears ALL trade between the U.S. and China is heading toward being COMPLETELY cut-off. (Subscribers to this web were warned of this over a week ago!)

**That statement I previously covered a couple of weeks ago said:  
COVERT INTELLIGENCE**

**I have been briefed on what is ACTUALLY behind this situation and the world is entering an "End Game" right now. Very severe implications. This is COVERT INTELLIGENCE from my former colleagues with the FBI Joint Terrorism Task Force, with whom I worked on National Security Intelligence from 2003-2008. People in foreign government service briefed me directly just moments ago that THIS is the China-US provocation spiral that is scripted to take down the global financial system in September...**

- 1) China invades Hong Kong “to restore order.”**
- 2) With a military response out of the question, Trump responds with “shock and awe” tariffs and financial sanctions intended to make the Chinese back off.**
- 3) The Chinese defiantly continue the Hong Kong operation and double-down by mobilizing invasion forces across from Taiwan. Meanwhile, their economy and banking system start a hard crash.**
- 4) To divert public anger away from the crashing economy and the Communist Party, Xi whips up a patriotic frenzy and launches a Taiwan invasion.**
- 5) Treaty-bound to defend Taiwan, Trump intervenes with either conventional military forces or the Secret Space Program, depending on the scripting.**
- 6) At some point during Steps 2-5, the global financial system collapses.**

**If you have business interests in China, you need to IMMEDIATELY commence obtaining alternate sources for goods and services. It is possible that ALL trade between the US and China may face stoppage if sanctions are used over this Hong Kong situation. If all trade is stopped and you rely on production inside China, YOU will be out of business. Make alternate plans RIGHT NOW.**

**Back to the current report:**

UPDATED 5:25 PM EDT --

A public statement by President Trump sums it up:

*Our Country has lost, stupidly, Trillions of Dollars with China over many years. They have stolen our Intellectual Property at a rate of Hundreds of Billions of Dollars a year, & they want to continue. I won't let that happen! We don't need China and, frankly, would be far better off without them. The vast amounts of money made and stolen by China from the United States, year after year, for decades, will and must STOP. Our great American companies are hereby ordered to immediately start looking for an alternative to China, including bringing..your companies HOME and making your products in the USA. I will be responding to China's Tariffs this afternoon. This is a GREAT opportunity*

*for the United States...Our Economy, because of our gains in the last 2 1/2 years, is MUCH larger than that of China. We will keep it that way!*

This situation is why stock markets worldwide are taking some losses right now. The DOW is down 548 points as of 4:27 PM EDT.

### **HAL TURNER COMMENTARY**

This is going to be VERY good for those of us in the USA. Companies will be scrambling to obtain manufacturing facilities here in the U.S. which means more US jobs and a return of the middle class.

It also means long term better results for American companies, who no longer have to give away Trade Secrets to China, only to have China leak those secrets to its own industries, then sell the same products cheaper, driving the US companies out of business. It's easy for China to have profitable companies when they get their products by stealing what American firms paid to develop.

The people who lined their pockets by shipping US jobs overseas are not going to be happy about this; expect to see flailing and hear gnashing of teeth as their greed gets reigned-in.

### **UPDATE 5:25 PM EDT --**

More Tariffs! This just in from President Trump:

***For many years China (and many other countries) has been taking advantage of the United States on Trade, Intellectual Property Theft, and much more. Our Country has been losing HUNDREDS OF BILLIONS OF DOLLARS a year to China, with no end in sight Sadly, past Administrations have allowed China to get so far ahead of Fair and Balanced Trade that it has become a great burden to the American Taxpayer. As President, I can no longer allow this to happen! In the spirit of achieving Fair Trade, we must Balance this very unfair Trading Relationship. China should not have put new Tariffs on 75 BILLION DOLLARS of United States product (politically motivated!). Starting on October 1st, the 250 BILLION DOLLARS of goods and products from China, currently being taxed at 25%, will be taxed at 30% Additionally, the remaining 300 BILLION DOLLARS of goods and products from China, that was being taxed from September 1st at 10%, will now be taxed at 15%. Thank you for your attention to this matter!***

**Hal Turner Remark:** This is going to utterly smash the economy of China. They cannot afford to have this happen.

### **Comment:**

**CHAD BRUNDY · 1 days ago**

*This is an orchestrated Global Take Down of the World's Economy ushering in the New World Order and a ONE WORLD Currency which will BE BITCOIN. This will crush all economies Hal, do you seriously believe this is great for America? WOW!!!*

*If we ever had a wise President (who didn't work for and wasn't selected by the GLOBALISTS) and wanted to pull off a trade war effectively and fairly; that PRESIDENT would have informed his companies at the very start to begin looking for alternative sources, new plants, get tooling set up if needed, start looking for different distribution outlets, etc.. etc. etc.....*

*You don't keep promising the country everything is great, we have the strongest economy ever, and then beg the FED to raise rates and start QE again. It doesn't take the sharpest tool in she shed to know you only implement those when the economy is*

looking like it's about to implode.

Every Financial Indicator is screaming recession/depression yet we have a President screaming day in and day out that our economy is the greatest it has ever been! **THAT IS completely FALSE, and a FAT LIE!**

DO we have an unfair imbalance regarding trade with CHINA? **Absolutely, but you don't handle it the way it is being handled.**

Have you ever Checked out Where TRUMP's Signature Label is manufactured? Oh that's right, CHINA! How ironic!!! Do you remember where Ivanka & Jared were seeking to get a plethora of trademarks passed through? Oh that's right CHINA! Even more ironic, they were approved the following week when TRUMP had the "GREATEST CHOCOLATE CAKE" ever with XI Jinping who he claimed to have the "GREATEST relationship with ever! Are you noticing the trend?

Our farmers are being absolutely decimated by this trade war!

**China isn't paying for this! WE ARE, YOU AND !! As the majority of what we buy in this country is being slapped with higher prices because of these tariffs, explain to me how that helps us again?**

Every Market is rigged by every Central Bank in the world propagated by their SELECTED puppets around the world we call Presidents, Queens, Kings, Princes, etc... with an end game of controlling all of the citizens in this world through a sick and twisted SATANIC PLOT that is now in HYPER DRIVE.

I'm going to keep pounding this SITE with TRUTH instead of the PRO TRUMP BS RHETORIC that is normally being spewed here. I don't care if it upsets anyone, because if the TRUTH upsets you then you need to hear a little more of it!

**Egon von Greyerz: The World Is Minutes From Total Collapse As Panic Across The Globe Escalates**

August 25, 2019--**As the world edges closer to the next crisis, today the man who has become legendary (for his predictions on QE and historic moves in currencies) just warned that the world is minutes from collapse as panic across the globe intensifies.**

Egon von Greyerz: **"The world is now standing before a seminal moment and virtually nobody can see it. There has not been a more critical moment in the last 50 or even 100 years than what we are now facing. In 1971, the world faced a similar situation. At that time, only the Chinese understood the consequences of Nixons decision to close the gold window.** The People's Daily in China said in August 1971:

**"These unpopular measures reflect the seriousness of the US economic crisis and the decay and decline of the entire capitalist system."**

**The paper went on:**

**“mark the collapse of capitalist monetary system with the US dollar as its prop”.... “Nixon’s new economic policy cannot extricate the US from financial and economic crisis.”**

**“The policy is meant to fleece the American working people and to shift the worsening of the US financial and monetary economic crisis onto other countries.”**

**So almost 50 years ago, China predicted “the decay and decline of the entire capitalist system.**

**How right the Chinese were. US debt back in 1971 was \$400 billion vs \$22 trillion today, a 55x increase. US GDP was \$1.2 trillion in 1971 vs \$20 trillion today. So a 55x increase in US debt in the last 48 years has only produced a 17x increase in GDP. The US economy is running on empty, which is no wonder since massive money printing of worthless paper money cannot create any real wealth whatsoever but only inflated paper wealth. But it is not just the US which is in this position. Taking away the gold backing of the dollar in 1971 gave all countries a free for all right to print money and expand credit.**

## **House Bill Creates Behavioral Threat Assessment Police Force**

**CONGRESS.GOV** Advanced Search

> [Legislation](#) > [116th Congress](#) > H.R.838

### **H.R.838 - Threat Assessment, Prevention, and Safety Act of 2019**

Congress (2019-2020) | [Get alerts](#)

The **text of the TAPS Act, “Threat Assessment, Prevention, and Safety Act of 2019,”** gives unlimited and arbitrary authority to 24 bureaucrats. It is written in double-speak with loopholes for the pencil pushers. Bottom line — it’s a behavioral police force that self-empowers to deprive us of our constitutional rights if they don’t like our behavior. It’s bipartisan too! The bill doesn’t mention guns. It is meant to control people, period. It’s very Orwellian.

**This gives you an idea of where our politicians want to take us, some with the best of intentions.**

The TAPS act violates our constitutional rights. It gives the Department of Homeland Security **the right to appoint 23 unelected pencil pushers to “identify individuals who are exhibiting patterns of concerning behavior” and to manage those Americans somehow, some way. They would become a policing body ruling the behavior of Americans as judge, jury, and executioner.**

The “Joint Behavioral Threat Assessment and Management Task Force” would consist of one government employee at a GS-15 level or higher and 23 selectees chosen by the politically-appointed Secretary. **The people would not even get to elect any of these people.**

**Their job would be to select those individuals who show “concerning behaviors” and create an authoritative power on the federal and local level to watch over them and control them.**

**Who gets to define “concerning behavior?”**

And, they don't need a criminal act to do this. Thought crimes will do. If the person is interested in committing a crime, that's enough. The DHS will then be "empowered" to implement these arbitrary rules with no acknowledgment of any of the rights of the people. It's a great way to usurp our rights, our entire Bill of Rights. The bill, in fact, makes no mention of our rights. They will have the power to invade our privacy and get whatever they want to support their concerns without due process or privacy rights. It completely circumvents the 4th Amendment. The measure, introduced in January, and sent to committee in March, allows the task force to develop its own "guidelines and best practices" to devise a "national standard" of action. Congress will have no authority over this band of authoritarians and relinquishes its responsibilities. The band of bureaucrats will have to submit an annual report. There is no accountability per se, they just tell Congress how they are doing. It's a rogue government within a government that polices behavior. In case you're wondering who will get on this list — to start — check out the new definition of a domestic terrorist [on this link](#). First, they will come for those on the right, then they will come for others.

The Red Flag laws won't be much different. They take away due process. It's dangerous. Dana Loesch provided an example on Twitter:

*Red flag laws at work, just last week:*

*"... man had his firearms confiscated simply because he had the same name as a criminal" Had to bear the full legal cost a month later to defend himself in court:*

*Yes he will. He has already said as much. Anyone who still thinks America is the land of the free or the home of the brave needs to seriously think about what those two words mean. **Cracks Seemingly Forming in the Push for Gun Control! Action Alerts On Gun Control: Keep Up the Heat on Republican Senators and President Trump!**

As you read this, a battle is raging between two camps of White House staffers:

- Some are pushing Donald Trump to stay true to his commitment to protect the Second Amendment.

- Other advisers, like his daughter Ivanka, are encouraging the President and others to push Gun Registration and Gun Confiscation in a misguided effort to pick up Democrat voters?

For example, Ivanka Trump is reportedly working furiously behind the scenes, urging Senators to pass Universal Background Checks and Red Flag gun confiscation orders.

Even so, there are conflicting reports in the media, with some indicating that the President is backing off his earlier push for gun control.

“Trump retreats on gun control proposals,” said the *L.A. Times* yesterday.

Another media outlet explained: “GOA members sent a whopping two million letters to the White House and to the Senate in past weeks, urging Republicans to support the 2nd Amendment.”

Press reports also show that pro-gun leaders are busy communicating with the White House — some directly with the President, **but others in meetings with the staff, given that many in the Oval Office are pushing gun control.**

*Politico* reported yesterday that “John Velleco, the executive vice president for Gun Owners of America, [is] on the books for a meeting” with the White House.

These are encouraging articles. **But then there are also reports indicating that the President is keeping private conversations alive with anti-gun congressional leaders.**

According to *The Hill*, Trump was on the phone with anti-gun Senator Chris Murphy (D-CT), talking about how to enact these two major objectives of the Bloomberg & Giffords gun control movement.

*The Hill* also reports that Trump was negotiating with anti-gun Senators Pat Toomey (R-PA) and Joe Manchin (D-WV) about paving the way to passing their gun registration bill.

What does all of this mean? It means that we can’t go silent! We have to make sure that the President CONTINUES TO HEAR from gun owners around the nation.

Please add your name to our NEW pre-written letter (see link below) — and let’s continue to flood every Republican inbox at the White House and in the Senate, warning them that if they vote for gun control, they will face traumatic consequences at the polls.

**Dan Shea · McGregor, FL**

From a Florida ER doctor:

*Today I had a 25-year old with 8 kids - that's right 8, all Illegal Anchor Babies and she had the nicest nails, cell phone, hand bag, clothing, etc. She makes about \$1,500 monthly for each; you do the math. I used to say, "We are the dumbest nation on earth," Now I must say and sadly admit: WE are the dumbest people on earth (that includes ME) For we Elected the Idiot Ideologues who have passed the Bills that allow this.*

*Sorry, but we need a Revolution, If the Illegal Immigrant is over 65, they can apply for SSI and Medicaid and get more than a (legal citizen) woman on Social Security, who worked from 1944 until 2004. She is only getting \$791 per month because she was born in 1944. It is interesting that the Federal Government provides a single illegal refugee with a monthly allowance of \$1,890. Each can*

also obtain an additional \$580 in Social Assistance, for a total of \$2,470 a month. This compares to a single pensioner, who after contributing to the growth and development of America for 40 to 50 years, can only receive a monthly maximum of \$1,012 in Old Age Pension and Guaranteed Income Supplement.

Maybe our Pensioners should apply as illegal refugees! Consider sending this to all your American friends, so we can all be ticked off and maybe get the Refugees cut back to \$1,012 and the Pensioners up to \$2,470. Then we can enjoy some of the money we were forced to submit to the Government over the last 40 or 50 or 60 years.

*Dr Johnson, This video is an eye opener. This 1980's interview shows the reality of why American patriots cannot see the truth about how evil Trump is. Also, I believe this is the beginning of the strong delusion that the Bible talks about. People have been psychologically brain washed for such a long time without even realizing it. Only God can open our eyes to see and open our hearts to receive the truth.*

**Pilot Exposes Covert Chemtrail Operations**

Without looking very long, we found the following whistle-blower testimony about the government's secret chemtrail operation, **Operation Indigo Skyfold**, on at least a dozen alternative news websites between 2014 and 2016. Apparently, mainstream media wouldn't touch it.

From what we pieced together from various introductions to the actual testimony, the **Indigo pilot** protected his identity by funneling his testimony through a trusted intermediary.

While we cannot vouch for the pilot's testimony, nor for the man who seems to have first received it, **the information is worth consideration. Here it is according to Edward**

Morgan who included it in an article for the Prepare for Change website. We've added photos and boldfacing. – The editor

*"First of all, I would like to say that **I do not agree with my mission assignments**, but what soldier ever truly does? Several of us have considered bucking the ranks, and going AWOL from time to time.*

*"**We are kept in the dark** when it comes to getting honest answers about what we are really spraying. Should they discover that we or our families are actively enquiring about the so-called 'chemtrails' term, then **automatic and swift disciplinary action** would be taken. **HAARP** and radar are **two other non-allowed research subjects**.*

*"Unless our children are learning about these in base schools, we cannot educate ourselves or our children through any public education system.*

*"I would not intentionally spray my children or family with toxic aerosols, but perhaps **80% of the pilots do not have any family or children**.*

*"**Indigo pilots** are chosen from top ranks within the Air Force, Navy, and Coast Guard. Most of the pilots are **hardened to humanity** and could care less killing off unwanted or leaching aspects of America and the world. I swear to you, the majority of the **pilots are like machines**, I call them 'Tanker Terminators.'*

*"I should not be telling you this, but nearly 1/3 of all flights are being **orchestrated from small unnamed islands**, where newly constructed bases are being built at a rate of 8 per year. On these extremely remote islands there are **HAARP arrays** of every possible design, with many arrays surrounding these islands within the depths of the ocean itself. The Navy has developed sophisticated underwater construction technology that allows fully autonomous robot submersibles to travel great distances, and even manufacture parts for these **massive underwater arrays** as they progress across the open sea floor.*

*"Every time that you see or hear about military exercises at sea, they're basically there to give support and resupply their army of underwater **robotic minions**. There is possibly one aquatic robot per plane, and will soon be double that.*

*"**You will never be able to Google Earth or search any of this**. Other than an occasional error in blurring some island bases, or smudged images of underwater arrays, it is impossible to locate all these advanced technological devices. They even **paint fake clouds** over some of our island installations to keep prying eyes away."*

**Amorphous blue shapes over tiny islands northwest of Hawaii could be**

government/Google Earth efforts to hide active secret facilities. It's interesting that when we kept clicking on the blocked area over Midway Island, a famous WWII military base, a static photo image appeared. – The editor

***"I have been shown some of these images by civilian friends. That is the reason I know this. I completely understand your concern for human safety, and here is the kicker, we are shown videos in our training of catastrophic destruction to our homeland by very sophisticated weapons, then told that these will be the consequences if we don't fly.***

***"Our efforts in building a defensive atmospheric weapon shield are the only missions of its kind in the world. We are paid more than any other pilot for our service, other than Air Force One pilots who make as much or more... They tell us that secrecy is our protection, and not to listen to any public rhetoric.***

***"We all know about cyber program flash-point, or FP-03 as it is known, within the veteran community. This program is a self-destruct sequence that can be remotely activated from any ground, water surface, underwater base, as well as any other air mobile unit. The signal is encrypted through three satellites and cannot be jammed or blocked. At any given moment you could have only 15 seconds to make your peace with your God. They tell us that FP exists to keep planes from accidentally going down in heavily populated areas. They can remotely detonate our planes over safe zones, but in the back of your minds, our minds, we're pretty sure this is a fail-safe program to keep pilots from turning over assets to any public, private, or civilian authorities.***

***"Have you ever seen any member of the crew survive the few crashes that have occurred? Every plane that has gone down was completely destroyed; for good reason, I am sure. We risk our lives in more ways than one, every single time we fly, especially during night flights. They are ordering us to fly at lower and lower altitudes. We feel like a massive 'Dark Force Empire' of crop dusters, and know that one-night Bubba, or Billy Joel, will fire their long rifles at us when we spray their moonshine-making operation, or pass over an illegal Mary Jane crop.***

***"I know for a fact that some planes have been shot at, and subsequently brought down by mostly Russian, Chinese, and Korean weaponry, but the media will never cover these events as they are not allowed to report on our flights either. That must be true, for I have yet to see a detailed or a lengthy report of our missions on any public venue other than conspiracy shows and anti-government websites.***

*"I risk everything for disclosing so much information and you will find very few like me. **Even my own flight crew would have me arrested** and court martialled if they knew of this dialogue. That is why I cannot email you directly, but from what your cousin tells me you are also risking everything just to get this information out to your colleagues.*

*"I salute you sir, for standing up to the establishment and Big Brother. I would love to go home tomorrow and not rack up one more single minute of flight time, except for a sweet little Piper Cub, or Rat Tail Barn Racer. I miss those beautiful blue skies from my youth, and **I am ashamed** for hazing over that dream.*

*"More importantly, **maybe my fellow pilots** will read or hear about this, and decide to come forward as well. I only know a small fraction of the larger picture, as they compartmentalize everything. Should I become aware of any new significant developments I will email your cousin.*

*"The man I have contact with says he senses a wavering within the ranks, and that **a kind of mutiny is beginning to boil** to the surface of this whole geoengineering global whitewashing, if you catch my drift. My cousin still has friends in high places too, so he is helping to protect the pilot."*

**Nuclear missiles hidden right in front of us**

**Mobile nuclear missiles**, which can be launched from nearly anywhere, are hidden in ordinary-looking cargo containers commonly seen on ships, trains and trucks, but they are not ordinary. Each cargo container holds four missiles which can be loaded with any one of four weapons - biological, chemical, EMP or nuclear – plus a launch system to send the missiles toward the intended target.

Officially, the weaponized cargo container is known as a **Club-K container** but often it is called Pandora's Box. It is the creation of a Russian weapons manufacturing company, Rosoboronexport, which sells its creation to many countries.

Sadly, the Committee on Foreign Investment in the United States (CFIUS) appears to be either **broken or corrupt** because the Club-K can get into **Port Canaveral, Florida** due to a 35-year lease agreement with **Gulftainer**, a United Arab Emirates (UAE) company.

**+3+ Hybrids and Little Green Men Are Real Says U.S. Army General Mark Milley**

General Mark Milley, 39th U.S. Army Chief of Staff – The photo on the left was taken during his speech for the 100th anniversary of the ROTC.

A shocker was revealed by Gen. Mark Milley, the 39th U.S. Army Chief of Staff, during his long keynote address for the ROTC Centennial Symposium at Norwich University in Vermont on April 21, 2016. In the three years since then, it has pretty much gone unnoticed. The portion of his speech containing the gem is transcribed below. – The editor

*“If the world of 1916 was complex or if the world of 1945 was complex, the world of 2016 is intensely complex. And I can tell you that from personal experience and I know there are plenty others who can tell you that as well, and you will graduate and be in that world.*

*“And you’re going to be leading the soldiers, the sailors, the airmen and the marines in that world. You’ll be dealing with terrorists. **You’ll be dealing with hybrid armies.***

***You’ll be dealing with Little Green Men.** You’re going to be dealing with tribes. You’ll be dealing with national and local leaders. You’ll be dealing with politics and economics. And, you’ll be dealing with direct fire and indirect fire. **And you’re going to be dealing with it all, and it’s all going to be dealt with simultaneously. And for that, you’re going to have to be ready.**”*
