**+1+ OFFICIAL: PREPARE FOR HUGE DEATH TOLL IN BAHAMAS - Dead bodies in the streets, in the churches, everywhere . . .**

The Bahamas death toll from Hurricane Dorian is likely to soar, the health minister warns. "The public need to prepare for unimaginable information about the death toll and the human suffering," Dr. Duane Sands said.

"It's going to be huge," Bahamas health minister Dr. Duane Sands said of the death toll after Hurricane Dorian.

"We have four morticians in Abaco embalming because we have run out of coolers. (to store dead bodies)"

"Literally hundreds, up to thousands of people are still missing," said Joy Jibrilu, director general of the Bahamas' Ministry of Tourism.

Adrian Farrington, a 38-year-old Abaco father, watched a powerful storm surge swallow his young son.

One resident of Abaco who is still there, gives this report. - "Plenty of deaths," "Unreal," "Dead bodies in the streets, in the churches, everywhere," "People going crazy," "Rationing of food and water."

There are so many dead bodies, they have resorted to throwing them on flatbed trucks, out in the open, to haul them away.

### HARPA--AMAZON Echo And APPLE Watch Would Flag Neuropsychiatric Violence & Trump Loves it!!!!...

The Trump administration is considering a proposal that would use Google, Amazon and Apple to collect data on users who exhibit characteristics of mental illness that could lead to violent behavior, The Washington Post reported Thursday.

The proposal is part of an initiative to create a Health Advanced Research Projects Agency (HARPA), which would be located inside the Health and Human Services Department, [the report notes](#), citing sources inside the administration. The new agency would have a separate budget and the president would be responsible for appointing its director.

HARPA would take after the Satanic Defense Advanced Research Projects Agency, or DARPA, which serves as the research arm for the Pentagon.

HARPA would develop "breakthrough technologies with high specificity and sensitivity for early diagnosis of neuropsychiatric violence," according to a copy of the proposal. "A multi-modality solution, along with real-time data analytics, is needed to achieve such an accurate diagnosis."

The document lists several technologies that could be employed to help collect information, including Apple Watches, Amazon Echo and Google Home. Geoffrey Ling, the lead scientific adviser on HARPA, told reporters Thursday the plan would require enormous amounts of data and "scientific rigor."

The White House declined to provide the Daily Caller News Foundation with a statement but sources told WaPo that Trump has reacted "very positively" to the proposal.

### SOCIAL CREDIT SCORE TO DETERMINE WHO CAN BUY GUN?

The Trump administration is considering launching a social credit score-style system in coordination with Big Tech that would use spy data collected from Amazon, Google and Apple devices to determine whether or not an individual can own a gun.

“The proposal is part of an initiative to create a Health Advanced Research Projects Agency (HARPA), which would be located inside the Health and Human Services Department,”

In other words, data collected from devices that spy on private conversations and closely monitor user behavior would be used to strip Americans of their fundamental rights.

The full scope of the program is chilling and would provide Big Tech with an easy excuse to formally impose the total neuro-surveillance of citizens via their smart phone and home assistant devices, something that has already been occurring surreptitiously for years.

One wonders if Trump has any idea of the slippery slope this would entail, or whether he was sold on the idea because (right on cue) Ivanka cried.

The proposal bears some similarities to Communist China’s social credit score system, where citizens’ behavior is tightly surveilled and then met with rewards or punishments.

As we reported last month, the Chinese government bragged about preventing 2.5 million “discredited entities” from purchasing plane tickets and 90,000 people from buying high speed train tickets in the month of July alone.

When Genocide Visits Hong Kong, At Least They Will Die On Their Feet Unlike Most Americans

Submitted by [Dave Hodges](#) on Friday, September 6, 2019

The people of Hong Kong are fanatically obsessed with obtaining personal freedom in the face of the most tyrannical and evil government on the face of the Earth. In a few months, many of these people will be dead and there seems to be a passive acceptance of their fate, but the obvious holocaust that is right around the corner is not discouraging

these people from engaging in the very dangerous course of action that they have embarked on. The phrase "Give me liberty, or give me death" could never be more appropriately applied to the wonderfully brave people of Hong Kong.

China made a horrible mistake. They allowed the people of Hong Kong to communicate with each other via the internet and their various intranets. This allowed the people to share ideas related to freedom. They are championing our Bill of Rights. This is why they are waving American flags in the streets. They have the illusion that America is still a free country and they want to be just like us.

Americans are their role models. If only they really knew the truth. Most Americans are soft. Most Americans are lazy and are given to fanciful flights of entitlement. Rather than working our way to the top, we demand increases in minimum wage. The people of Hong Kong have better health care. They have better education. They are more physically fit than Americans. If only they knew the truth. The fact is, that the people of Hong Kong worship the ideals of what we used to be, but no longer are.

The Chinese citizens are protesting the extradition for wrong thinking for expressing ideas of freedom and criticisms of tyranny on the Internet. The US through Google, is implementing the same social credit system, along with a security score, just like what we find in Communist China. Someone should tell the people of Hong Kong that they are striving to become what we were, not what we've become.

It is obvious that like our Founding Fathers and the World War II generation, they are willing to die for their cherished freedoms. Americans are sleeping through the implementation of tyranny. When William Barr refused to prosecute Comey, there should have been 10 million Americans in the streets on the next day. The fact that wicked witch of Arkansas is still walking free today, should put 100 million people in the streets. But what really matters is what time is 'Dancing with the Stars' on this fall? Meanwhile, the Mark of the Beast is being installed in our country by big tech and the government is behind it.

Trump has said he intends to use social credit scores to determine who can own a gun.

When I was training to become a therapist. I was required to have 7 years of education. I had to maintain a 3.5 GPA, mine was 3.97. I had to serve and pass a practicum. Then I had to do the same with a supervised internship at a clinical facility. Then I had to pass my boards and get someone that would hire me and supervise me for 2 years. I had to do all of these things in order to be qualified, by law, to diagnose and treat mental illness. And then, I could only do so under a very strict set of protocols, ethics and state law.

Now, in America, Trump and Congress is going to let big tech determine from your social media posts (ie social credit) who is mentally ill. I cannot begin to express what an outrageous violation of the public trust that this practice will be. Big tech uses Wikipedia to overlay Facebook and Youtube posts with their Leftist brand of censorship as if Wikipedia is some kind of valued resource. Wikipedia is so unprofessional that no self-respecting college will let their students cite and document from Wikipedia. It is a literary joke! So, when Youtube announces that they have an army of censors, how professional will they be? Carry this out to the extreme. Big tech with these questionable, untrained, uneducated and unqualified personnel are going to perform 3rd party diagnosis of mental health. This worse than what the Soviet Union did in the 1970's when they declared that if you disagreed with the government, you had political schizophrenia and were led off to the gulag. America is going down the same path but our new mental health professionals are a bunch of self-indulgent millennials who live in their mother's basement while calling those that they disagree with, MENTALLY ILL!!! And what is America doing about this extreme bastardization of the mental health system? NOTHING! This is why the people of Hong Kong are my heroes. They have the

intestinal fortitude to fight for their internet freedom. They have lived under tyranny enough to know that when free speech is gone, concentration camps are not far behind. We Americans know nothing of history. We are traveling down the same path. How can Trump not see this?

The Communist Chinese Party (CCP) decided that they would begin to extradite the citizens of Hong Kong for repeated violations of the social credit system. Unfortunately, the Chinese were too late. By the time the CCP acted, the organizational structure of the Hong Kong rebellion had been established. Remember, it is always better and more efficient to prevent a problem before it starts. Now the CCP is facing an enemy that is determined and organized. When a city the size of Hong Kong can put 2 million protestors in the streets, it speaks to their collective will, none of which would have been possible without the internet.

Unfortunately, for the people of Hong Kong, they are soon going to realize why the Second Amendment was written. The streets of Hong Kong are soon going to become a bloodbath. At the end of the day, we will see people with knives and home-made bombs battling well-armed combat troops with tanks and armored personnel carriers leading the invasion of Hong Kong. And true to the nature of the CCP, they will not be taking people to jail. There will be no prisoners, so to speak, just bodies, lots of dead bodies. The old saying, "Freedom is never free" was never more true than it is in Hong Kong. .

However, I see the beginnings of a Viet Cong style rebellion forming in Hong Kong. I was sent a tweet by a journalist who witnessed a firebombing of a CCP officials home two days ago. The people will not succumb to tyranny.

Unfortunately for America, we have already raised the white flag.

Remember, they first come for your speech (1st Amendment) and they come for your means of self-protection (2nd Amendment), then they come for you.

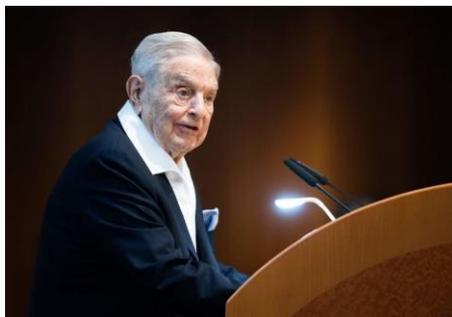

Unfortunately the genocide that is on the verge of visiting Hong Kong will be coming to a neighborhood near you.

[Romans 13 & Unlimited Subservience to the Government: Where should a Bible Believing Christian Draw the Line?](#)

Do Christians who use Romans 13 to teach that we should not oppose government or any other political leader, really believe that civil magistrates have unlimited authority to do anything they want without opposition? For example, what if our President decided to resurrect the old monarchical custom of Jus Primae Noctis (Law of First Night)? That was the old medieval custom when the king claimed the right to sleep with a subject's bride on the first night of their marriage. Would our sincere Christian brethren sheepishly say, 'Romans Chapter 13 says we must submit to the government'? I think not. And would any of us respect any man who would submit to such a law? So, there are limits to authority. All human authority is limited in nature. No man has unlimited authority over the lives of other men. (Lordship and Sovereignty is the exclusive domain of Jesus Christ.) Did John the Baptist violate God's principle of submission to authority when he publicly scolded King Herod for his infidelity? Did Simon Peter and the other Apostles violate God's principle of submission to authority when they refused to stop preaching on the streets of Jerusalem? Act 5:29: "Then Peter and the other apostles answered and said, We ought to obey God rather than men." So, even the great prophets, apostles, and writers of the Bible (including the writer of Romans Chapter 13) understood that human authority—even civil authority—is limited.

## Breaking: Feds Demand Apple And Google Hand Over Names Of 10,000+ Users Of A Gun Scope App!!!

Own a rifle? Got a scope to go with it? The U.S. government might soon know who you are, where you live and how to reach you.

That's because the government wants Apple and Google to hand over names, phone numbers and other identifying data of at least 10,000 users of a single gun scope app, *Forbes* has discovered. It's an unprecedented move: Never before has a case been disclosed in which American investigators demanded personal data of users of a single app from Apple and Google. And never has an order been made public where the feds have asked the Silicon Valley giants for info on so many thousands of people in one go.

According to an application for a court order filed by the Department of Justice (DOJ) on September 5, investigators want information on users of Obsidian 4, a tool used to control rifle scopes made by night-vision specialist American Technologies Network Corp. The app allows gun owners to get a live stream, take video and calibrate their gun scope from an Android or iPhone device. According to the Google Play page for Obsidian 4, it has more than 10,000 downloads. Apple doesn't provide download numbers, so it's unclear how many iPhone owners could be swept up in this latest government data grab.

If the court approves the demand, and Apple and Google decide to hand over the information, it could include data on thousands of people who have nothing to do with the crimes being investigated, privacy activists warned. Edin Omanovic, lead on Privacy International's State Surveillance program, said it would set a dangerous precedent and scoop up "huge amounts of innocent people's personal data."

"Such orders need to be based on suspicion and be particularized—this is neither," Omanovic added.

## +2+ THE INCREDIBLY DANGEROUS TRUMP DECEPTION-- EPSTEIN-BARRgate-- The Pedogate Scandal Behind the Deep State Conspiracy

Posted on [September 5, 2019](#) by [State of the Nation](#)

***"AG Barr will absolutely NOT drain the swamp. He was deliberately appointed by the POTUS to protect Deep State. And he's doing a heckuva good job."***—

**Intelligence Analyst & Former U.S Military Officer**

It's entirely true: the efforts that are reflexively undertaken to cover up the greatest crimes perpetrated by the U.S. Federal Government are as complex and convoluted as they are incomprehensible.

If the American people knew what really went on regarding notorious pedovore Jeffrey Epstein and his clandestine relationship with Attorney General William Barr, they would retch with utter disgust and revulsion.

First of all, AG Barr has been fully apprised of the fact that Epstein was secreted away in the wee hours of Saturday morning, August 10, the day he allegedly committed suicide. Hence, Barr's feigned reaction to the absurd suiciding account of Epstein was both disingenuous and juvenile. As follows:

## [BOMBSHELL! Prison Eye-witness Says Epstein Was Released Alive in a Wheelchair at 4:15 AM on Day of Alleged Suicide](#)

Barr himself knew that Epstein could not ever be allowed into a courtroom, as the ultra-classified multi-decade black pedo-operation would be exposed. After all, it was AG Barr's father who first hired Epstein to teach in his upscale, private Manhattan high school that jumpstarted Jeffrey's career as a voracious child predator (aka a pedovore). See: [Why did William Barr's father really hire Jeffrey Epstein to teach CALCULUS at an exclusive NYC high school where Donald Barr was headmaster to the nation's elite students?!](#)

There are a few crucial points, each of them reflecting very badly on President Trump. Does anyone notice that Trump is no longer repeating his campaign slogan from 2016— *"Drain the swamp!"*

That's because he never had any intention to drain the swamp.

Not only that, but Trump has appointed more ugly swamp creatures than any other POTUS in history.

One of the most conspicuous of these swamp creatures is William Barr.

## [Trump's AG Should Be Disbarred Not the Nation's Top Lawyer](#)

After months and months of dealing with the utterly reprehensible Jeff Sessions, Trump then appointed Bush crime family insider and AG fixer William Barr. See: [CIA Covert Operative William Barr Nominated by Trump for Attorney General. His Role in the Iran Contra Affair](#)

Now, why on Earth would Trump ever make such a bad personnel move? Isn't the Attorney General the single most important appointment for any administration? Some political analysts even argue it's the most powerful position in the US government.

In point of fact, Barr was specifically hired by Trump to do one thing and one thing only: **Not drain the swamp, and to protect Deep State.** As for the back story of how these two amigos got together, the following exposé lays it all bare.

## [Bush Funeral "Envelope Affair" Solved: The Mexican Standoff Inside the Beltway](#)

The single greatest scandal of the Trump administration is EPSTEIN-BARRgate. Trump, himself, is deeply implicated in this criminal conspiracy to cover up the heinous crimes of child sexual abuse, child exploitation, child trafficking, child slavery, satanic ritual child sacrifice, as well as child organ, tissue, blood and adrenochrome harvesting.

The evidence is indisputable that Trump had a much closer relationship with Epstein than the president acknowledges. See: [The Flight Logs Prove That Trump Flew On Epstein's Lolita Express](#)

But that's not the worst of it. There's is a glut of circumstantial evidence that demonstrates that Trump had an agreement with Epstein that permitted Epstein to recruit underage girls from Mar-a-Lago. Virginia Guiffre, Epstein's most vocal and legally aggressive accuser was snagged by Ghislaine Maxwell — his primary recruiter — at Mar-a-Lago. Her father was also employed by Trump. Now here's the long version of this salacious tale:

## [Trump-Epstein Back Story Is Getting Worse by the Day](#)

Trump even appointed Alex Acosta as his Labor Secretary knowing that he was the corrupt US Attorney who illegally offered Epstein the sweetest plea deal of the

millennium. That illicit deal permitted Epstein to continue his crime wave against countless young girls like they were sheep being herded for the slaughter. See [ACOSTAgate: Trump's most damaging and radioactive scandal](#)

*Why would Trump ever make such a predictably disastrous political move by appointing Acosta in the first place?*

Because Trump's in on the plot ... .. and has been from the very beginning. That's why! Also, more significantly, because Trump has played an integral role in the Epstein conspiracy throughout his whole Palm Beach career.

And, that's exactly why [Trump's Inner Circle Partied with Jeffrey Epstein 2 MONTHS after his Prison Release](#).

Not only are Epstein and Barr joined at the hip via the AG's father, everything points to Barr giving the green-light to secret Epstein away forever to a safe harbor such as ... .. Tel Aviv.

Barr's post-suicide performances were way too transparently amateur to take seriously from an Attorney General.

Quite obviously, this entire affair was engineered at the highest levels of justice and law enforcement, which ensured Epstein would escape from his fate safely and quickly, which he did.

It can now be asserted that the alleged suiciding of Epstein will see no substantive investigation. Nor has Trump characteristically weighed in on the matter. He's been unusually quiet and purposefully distracted by manufactured distractions such as Frankenstorm Dorian.

[OPERATION SUPERSTORM DORIAN: A Geengineered Hurricane Weaponized and Targeting Florida—Why?](#)

There's a major back story to the Epstein saga that's only been reported by a couple of channels.[1] **Why even the *Alt Media* refuses to disseminate these and other radioactive narratives speaks directly to the extent that it now functions as controlled opposition for a POTUS candidate who is a major player in the Pedogate cover-up.**

What makes EPSTEIN-BARRgate so serious is that it directly implicates Donald Trump in the global Pedogate control system. It also indicates that the POTUS is likely being manipulated by the Pedogate control mechanism and that he's an essential link in the massive ongoing cover-up. Or else why would Trump ever have appointed Barr? The U.S. Attorney General is the main gatekeeper responsible for the expeditious investigation and prosecution of all major crime sprees, crime syndicates, crime families and criminal conspiracies that fall within the DoJ's federal jurisdiction?

**KEY POINT:** It must be pointed out that so many real patriots on the *Right* defend Trump no matter what he does wrong or doesn't do out of unconscionable neglect. These same folks particularly rail against all things having to do with **Pedogate** and yet they give Trump pass after pass in spite of his self-evident involvement. This overwhelming psyop obviously runs very wide and deep as only *Deep State* can carry it out.

The bottom line here is that Trump became, or already was, the very swamp creature he promised to eradicate from the fetid D.C. swamp. **Not only that, President Trump is**

now permitting his own daughter and son-in-law to mobilize *Big Tech* and *Big Social Media* against the Patriot Movement concerning the right to bear arms.

**This betrayal is as big as it gets. When Trump colludes with Facebook, Apple and Google to spy on and monitor law-abiding Americans in order to identify the patriots who will then have their guns summarily taken away, you know he has gone dark—VERY DARK indeed!**

**[Trump to partner with Big Tech to use spy data from Amazon, Google and Apple to monitor gun owners.](#)**

While the most consequential Trump deception appears to be his patently false promise to 'drain the swamp', there's a much bigger con going in the background.

As for Trump's secret deal with AG Barr, it's now apparent that they both agreed that even James Comey would not be prosecuted. After so much time calling for justice for Phoney Comey, Trump is now saying that he "got lucky" to avoid prosecution by Barr's DoJ.

Oh, really, Comey flouts laws like they're his to be broken at will and there's will no punishment whatsoever according to AG Barr. And, Trump is all of a sudden perfectly okay with that. See: [Trump and Barr Let Comey Skate](#)

This highly suspicious behavior is perfectly consistent with Trump's governing MO as the greatest flip-flopper of all time. He'll say one thing in the morning and then reverse his position or decision by close of business same day. All of this flip-flopping is quite calculated and being conducted toward the advancement of a specific objective.

Just what is that goal? And, just how dangerous is the "TRUMP DECEPTION"? How deep, really, is Trump into the nefarious plot to literally enslave all of humanity?

For those who refuse to believe in the existence of such a rapidly unfolding end-game conspiracy, please read every word of the following exposé. First, be sure to watch this entire video in order to grasp the true profundity and treachery associated with "THE INCREDIBLY DANGEROUS TRUMP DECEPTION". ### **Conclusion**

As long as William Barr is AG, the swamp will not be drained even a little bit.

Prosecutions will be reserved for insiders leaking the truth, outside whistleblowers who expose government scandals, and honest people who reveal corruption and/or criminal activity.

Any formal investigations initiated by Barr will be for all the wrong reasons. They will precipitate no meaningful prosecutions of the swamp criminals, nor will they ever conclude. Do any investigations inside the Beltway ever produce convictions or incarcerations of real corruptocrats or career criminals? They're expert at starting investigations that are never, ever, completed.

Most of these fake investigations have contrived outcomes which support the vested interests of the power elite. Nothing ever happens in Washington that opposes the desires and goals of the wealthy elites. Toward that end, AG Barr is

**the quite deliberately planted inside man for the political establishment and international banksters.**

**Special Note:** In light of the heavy import of this post, **how do so many on the Right not see the obvious? Good Christian mothers and conservative fathers throughout the Deep South and Midwest, who justifiably rail against the horrors of Epstein's abuse of underage girls, fail to connect the flashing dots. Even with tons of evidence proving the irrefutable close relationships between Epstein and Dershowitz, Trump and Barr, those hard-working folks who are moral, upright and concerned are still immersed in Trump cult consciousness. Talk about voting against your most basic interests!**

[State of the Nation](#)--**Let's be very clear, the Zionist cabal and their covert plans for total world domination have been laid bare like never before. People everywhere are now aware of the true purposes of apartheid state of Israel.**

**The Internet has been used by truth seekers to completely unveil their malevolent strategies to collapse the American Republic and form a One World Government headquartered in Jerusalem.**

**The specific timeline for establishing a Zionist dictatorship has been clearly delineated for well over a century. World War I, the Great Depression and World War II were each engineered by the Zionists in an effort to advance their New World Order agenda. Likewise, the false flag 9/11 attacks, War on Terror and Greater Israel project are integral pieces of their fastidiously formulated blueprint for wars of naked aggression and state-sponsored terrorism.**

**Now comes along one "David Goldberg". Goldberg has already eminently distinguished himself by outing a clandestine Trump administration war plan against Iran. There's no question that he possessed highly classified insider information which he widely disseminated to avert the invasion. As follows:**

**Truly, it doesn't get more serious than Project Pogo and Project Zyphr!**

Once again, David Goldberg is exposing a crucial piece of the global Zionist scheme toward world conquest. Only this time he discloses the nuts and bolts of a worldwide black operation that will effectively take out every major truth speaker and writer who threatens their treasonous enterprise.

We fully believe that the "David Goldberg" identity is being used to expose very real plans to subjugate nations large and small in the interest of forming an overarching Zionist totalitarian superstate.

In reality, it makes no difference if "David Goldberg" is dead or alive, real or unreal; for the true messenger has divulged the most radioactive truth there is today for the Patriot Movement to comprehend. Simply put, the ultra-classified data dump posted below is as important as any ever posted by this *Alt Media* platform.

Again, even if it is the Zionist themselves who are stealthily putting out this extremely critical info in order to tag whoever picks it up and runs with it so they can eventually be incarcerated or exterminated, being privy to their odious scheme is much better than not knowing at all.

Please, everyone, ***help us disseminate this pivotal post far and wide!***

**BREAKING NEWS: IRAN LIFTS ALL RESTRICTION ON NUCLEAR BOMB RESEARCH --- U.S. "All peaceful efforts have failed . . ."--Iran vows 'extraordinarily significant' nuclear move coming**

Iran's President Hassan Rouhani on Wednesday ordered all limits on nuclear research and development to be lifted, the country's third step in scaling down its commitments to a 2015 deal with world powers.

His announcement came shortly after the United States hit the Islamic Republic with further sanctions, the latest in a series of punitive measures including an embargo on Iranian oil exports.

Sources in the United States responded quite candidly, saying "All peaceful efforts have failed."

**LAUSD WiFi systems "Students were bleeding from the ears and nose and no incident reports were allowed by the school." states the teacher who required medical intervention**

**NOW YOU KNOW WHY DEFIBRILLATORS ARE BEING INSTALLED IN ALL THE SCHOOLS FOLKS.**

In the Fall of 2014, LAUSD, the second largest public school district in the US, officially accommodated teacher Ms. Anura Lawson by approving her request to have the Wi-Fi turned off in her classroom during the 2014-2015 school year and alternatively approving a reassignment to a different school site where Wi-Fi has yet to be installed.

The Middle School teacher reported that she fell seriously ill after a wireless system upgrade in her school in Spring 2014. She described her cardiac symptoms during a May 28, LAUSD Common Core Tech Project meeting. Ms. Lawson also stated, “The students are having nosebleeds and the main offices are refusing to do incident reports. I have had two seventh grade students bleeding out of their ears.” See:

This is the first accommodation in a US public school system for microwave sickness. Microwave sickness, also known as electro hypersensitivity (EHS), is not widely recognized in the US. However, physicians in many other countries are familiar with this medical condition and the diagnosis is more common. EHS symptoms include: headaches, dizziness, anxiety, rapid heart beat (tachycardia) and irregular heart beat (arrhythmia), ear and nose bleeds, tinnitus, red and irritated eyes, increased mucous and upper airway congestion, itchy skin rashes, abdominal pain, poor focus and attention, memory and sleep problems.

The LAUSD Board of Education went ahead with a wireless technology plan in February 2013, even after they were presented with numerous letters from many noted medical doctors and researchers, including the American Academy of Environmental Medicine, imploring them not to use wired technology in the classroom because of the health impacts from wireless radiation.

See <http://wifiinschools.com/lausd-testimony.html>

Wireless LAUSD classrooms typically employ 30+ devices (iPads) in addition to an industrial-sized router. These devices all emit microwave radiation and represent an unprecedented level of exposure to children.

Decades of accumulated research show wireless radiation damages neurological, immune, and reproductive systems in addition to increasing cancer risk.

Professor Johansson of the Karolinska Institute in Stockholm Sweden has stated that wireless radiation exposure studies have indicated “irreversible sterility within five generations.” As this damage is cumulative, the longer the radiation exposure, the greater the health impact over time.

“We are getting reports of headaches and cardiac issues from across the country. The time to act is now,” stated a spokesperson for the National Association for Children and Safe Technology (NACST).

NACST is an organization dedicated to raising awareness of the health impacts of wireless radiation on children. They are calling for schools to use wired Internet only. Their website details both the accumulated research showing wireless radiation’s acute as well as long term health impacts.
