Coach Dave: The Battle Christians Are In

We need to be good at fighting for right. We're on Jesus' team. We need to be all in.

When the team is doing good, everybody wants to be on the team, **but when the game gets tough, 80% want to run and hide. Where is the remnant, those who will stand? The average Christian says "Well, we win in the end," as if they don't have to fight and win.**

Don't we know it's our duty to push back the darkness? Sometimes the darkness comes from government officials, who are supposed to be upholding justice under the law.

Today's show draws attention to this in a recent court case involving two Christians who were assaulted on the street. The case was dismissed unjustly, without consideration of the evidence proving unlawful violence against them. Instead, the innocent plaintiffs were discriminated against by the commissioner's office, while a violent man was allowed to walk free. Is this equal justice?

Will you stand up and fight injustice? Get involved. Sign up today to join our mailing list, at www.coachdavelive.com/sign-up

Hirelings In The Pulpits Of American Churches Are Teaching Sheep To Submit To Wolves In Government Who Are Seeking To Devour:How is the Church in America at peace with corruption that is at war with God?

I prayed for twenty years but received no answer until I prayed with my legs. -Fredrick Douglass former slave, abolitionist

Just recently, while speaking at an event, I heard a preacher ask the question to the congregants why, in the state that America is in today, **it is that ministries such as Franklin Graham, James Dobson, Pat Robertson etc have not taken to the streets in protest concerning corruption within the government (Matthew 16:17-19). Many of these national ministries are put in to keep the Christian's dumbed down & gelded (1 Kings 13:33). The fruit proves the seed (Matthew 7:16).**

In fact, they are driving support to created opposition, teaching men to submit to corrupt government rather than God's moral law. Scripturally, they have it backward and upside down.

Play: [Why Does Billy Graham Have a Hollywood Star? Only One Thing Can Explain It...](#)

"Woe to the rebellious children, saith the Lord, that take counsel, but not of me; and that cover with a covering, but not of my spirit, that they may add sin to sin: That walk to go down into Egypt, and have not asked at my mouth; to strengthen themselves in the strength of Pharaoh, and to trust in the shadow of Egypt! Therefore shall the strength of Pharaoh be your shame, and the trust in

the shadow of Egypt your confusion. For his princes were at Zoan, and his ambassadors came to Hanes. They were all ashamed of a people that could not profit them, nor be an help nor profit, but a shame, and also a reproach. -Isaiah 30:1-5

The first thing I would have you take notice of is that America's favorite preachers are not the standard of Christianity. Christ Jesus is the standard.

"Neither is there salvation in any other: for there is none other name under heaven given among men, whereby we must be saved." -Acts 4:12

If the coaches in the NFL have lost as many games as preachers in America have metaphorically lost (prayer, abortion, marriage, etc.), they would have been thrown off their teams long ago.

Play: [America's new god is "Sports"](#)

The hierarchies in the American Church are the problem. They have forfeited our possession (To the other evil team) through false doctrine and through their inactions over and over again. They are the reason that corruption prevails within the walls of government and why, because they don't preach out against the sins that they themselves are guilty of (Luke 6:41). How could it be otherwise when corruption prevails within the walls of the Church?

"While they promise them liberty, they themselves are the servants of corruption: for of whom a man is overcome, of the same is he brought in bondage." -+2+

These are also the ones that have somehow convinced the rest of Christendom that luke-warm is the temperature that the Lord has set when it comes to His children and how they are to live out their walk, and yet Jesus stated the contrary in Revelation 3:16: ***"So then because thou art lukewarm, and neither cold nor hot, I will spue thee out of my mouth."***

How diametrically opposed to Scripture can Americans become?

Hebrews 1:7 tells us ***"Who maketh his angels spirits, and his ministers a flame of fire."***

What the Church in America has become is a group of saltless, effeminate and spineless men who fail to judge themselves (Psalm 119:30) and, therefore, have no power to confront the world (Matthew 7:3) with the message of repentance for the Kingdom of Heaven is at hand (Matthew 3:2). The church is called to bear testimony against corruption (Matthew 10:18). And because they fail to be the salt, they are simply trodden under the feet of men. And so it is. The Spirit of the Lord will not bear witness to their compromise and lies (1 John 5:9-12).

"Ye are the salt of the earth: but if the salt have lost his savour, wherewith shall it be salted? it is thenceforth good for nothing, but to be cast out, and to be trodden under foot of men." -Matthew 5:13

What do we hear from the Church hierarchy today, "God is on His throne. Jesus is coming back. Just trust Jesus" (Throw your hands up in hopelessness). **Yet again scripture commands Christians that they are to occupy till He comes (Luke 19:13).**

These hirelings are teaching the congregants to stand down instead of standing up in protest with their lives, if need be (Luke 12:4). The church is to be the barracks that soldiers of the cross are to be spiritually equipped (Ephesians 6:12-18). They are opening up the gates to the wolves (John 10:12) so that the sheep may be devoured (Matthew 26:15).

These ministries have taught their congregants to submit to what God has commanded to throw off (Daniel 3).

“For now the common song of all men is, ‘We must obey our kings, be they good or be they bad; for God has so commanded.’ True it is, God has commanded kings to be obeyed; (but) that which they commit against His glory, He has commanded no obedience.” –John Knox

The American Church will call for prayer **and yet fail to act.** The hirelings of the day apparently have forgotten to read the book of ACT’s. The scripture is clear on this matter: *“The body is without the spirit is dead, **so faith without works is dead**”* (James 2:26).

“This charge I commit unto thee, son Timothy, according to the prophecies which went before on thee, **that thou by them mightest war a good warfare;”** -1 Timothy 1:18

Christianity is a battle waged against invisible foes who are always alert and ever seeking to entrap, deceive and ruin the souls of men.

I end with E. M. Bounds who stated **“The Christian life is no picnic or excursion. It is not entertainment or a pleasure trip. It involves effort, wrestling and struggling (Acts 14:22). It demands putting forth the full energy of your spirit in order to frustrate the foe and be, in the end, more than a conqueror (Romans 8:37). It is not a flower-strewn path, no rose-scented affair. From start to finish, it is spiritual warfare. It is a battle, not a game. From the moment they first draw their spiritual swords, Christian warriors are compelled to “Endure hardness, as a good soldier of Jesus Christ” (2 Timothy 2:3).**

What a misconception many people have of the Christian life! How little the average Church members appear to know of the character of the conflict and its demands upon them! How ignorant they seem to be of the enemies they will encounter if they are to serve God faithfully & succeed in getting to Heaven and receive a crown of life! (Matthew 7:13) They scarcely seem to realize that the world, the flesh and the devil will oppose their onward march – and will totally defeat them unless they give themselves to constant vigilance and unceasing prayer (Revelation 12:17) ¹⁷ **And the dragon was wrath with the woman, and went to make war with the remnant of her seed, which keep the commandments of God, and have the testimony of Jesus Christ.**

It is just at this point that I mean to highlight the professed Church’s greatest defects. There is little to nothing of the soldier element in it (2 Timothy 2:3). The discipline, self-denial, spirit of hardship and determination that belong to the military life and that are so prominent in it; are lacking in Christianity. Yet, my friends, **the Christian life is warfare from the beginning to end.”**

Remember you do not get the victory without the fight.

How is the Church in America at peace with the corruption in America that is at war with God?

As Christians we will answer for what we do, and what we don’t do (2 Corinthians 5:10). The Bible says: “Who will rise up for me against the evildoers? or who will stand up for me against the workers of iniquity?” Psalm 94:16

FIRE MAKERS Set to Burn Us Up Santa Ana Winds BLOW FIRES to Burn ALL the Way to the OCEAN California Fire Season Starts! NOTE: FIRES are PLANNED "EVERYWHERE" Not Only in California

The Santa Ana winds have returned to California, a signal to the state's residents that the wildfire season has begun in earnest.

The winds are created by high pressure over Nevada's Great Basin as cool weather starts to arrive in the Fall. Low pressure systems in warmer California pull them along, and as they flow through the Sierra Nevadas and other ranges, twisting their way through narrow passes and canyons, they heat up, lose moisture and gain speed.

We are heavily sprayed overhead with fresh accelerants aka geoengineering, aka chemtrails just prior to fires being intentionally set.

In 2018, this behavior helped feed 6,284 fires that destroyed 876,147 acres in the state, while the so-called Camp Fire alone killed 86 people, making it the deadliest wildfire in state history.

A series of wind-driven fires sparked (in part) by PG&E Corp. equipment forced the utility to seek bankruptcy protection in January. The company said it faced liabilities of \$30 billion or more from claims tied to the fires that destroyed tens of thousands of structures and killed more than 100 people.

Much is at stake: Across California, 240,580 homes remain at extreme risk from fires, according to a new study from CoreLogic, a property data company in Irvine, California.

"During the Santa Anas, the hottest temperatures can be right at the ocean," said Eric Boldt, warning coordination meteorologist for the National Weather Service in Los Angeles. **"That is why these fires can burn all the way to the ocean."**

To Verify You Need to Look at the Climate Action Plan that has ALREADY been adopted in your town.

CA POWER SHUTDOWN: The Nefarious NWO Agenda Exposes Itself In Satanic Detail-- PG&Egate California State Government and PG&E Outright Lied to the Residents About the Power Shutdown

Posted on [October 11, 2019](#) by [State of the Nation](#)

Really, what is a “PUBLIC SAFETY SHUTOFF” ? ! ? !

First of all, let’s be very clear: what PG&E and the California State Government are doing to the residents has NEVER happened before.

Shutting down power to nearly 3,000,000 people throughout any state has never happened before—ANYWHERE!

PG&Egate: Why is California shutting down power to nearly 3 million residents?

Since when is shutting off the power (as a pre-emptive measure to avoid wildfires from spreading) a justifiable pretext? !

This Government-Corporate crime wave has been named **PG&Egate** as a partial scapegoat because of the sheer depth and breadth of the criminal conspiracy that was necessary for it to get this far. So how, pray tell, was such a criminally negligent scheme allowed to get out of the insane mind that conjured it up?

We’ll tell you how: **The ever-intensifying catastrophic firestorms, which have been meticulously geoengineered in California over the past several years, are actually manmade and produced by various means. These include multiple triggers that are used to ignite the explosive conditions are that are painstakingly created between the wildfire seasons. A partial list of those hidden triggers and conducive causes can be found here:** [California Wildfires Geoengineered & DEW Attacks.](#)

Here’s how the globalists and geoengineers conspired to manufacture the apocalyptic California firestorms

Atmospheric Aluminum via Chemtrails,

Weaponized SMART Meters,

Specific EMFs Disseminated from 5G Cellphone and Microwave Towers,

Directed Energy Weapons,

Arsonists Disguised as Firefighters,

Gross Mismanagement of California Forests,

PG&E Power Lines Used to Start Fires,

and Weather Warfare Are All Used in a Highly Coordinated Fashion to Fabricate a Very Conducive Environment for Isolated Firestorms

to be Triggered and then Spread like Wildfire in Targeted Communities Throughout California

<<How do out-of-control wildfires only burn down houses to the ground while leaving

nearby trees completely unaffected?!

In this deliberate way, the real perps are sufficiently terrorizing the residents with annual firestorms in order to forcefully move them off their ancestral lands, specifically throughout the conservative red counties of California.

This ongoing series of clandestine black operations is all about purposeful and

Definition of **deracinate**. transitive verb. 1 : uproot. 2 : to remove or separate from a native environment or culture especially : to remove the racial or ethnic characteristics or influences from.

well-planned
DERACINATION.

Not only are the governmental and corporate perpetrators committing a targeted genocide with these false flag attacks (“false

flag” because they are incorrectly blamed on Mother Nature), they are then stealing the coveted lands wherever, whenever and however they can.

The co-conspirators well know that nothing works so effectively than to scare the residents off their properties via a surreptitious implementation plan of deracination.

“California is using the “Firegeddon” meme to fear-monger, and terrorize red county residents off their land. Yes, there’s much more to this power shutdown, but that’s the gist of it.”

— Intelligence analyst & Former U.S Military Officer

First of all, it’s imperative to understand who is really starting and spreading all the devastating CA firestorms over the past decade. As follows:

[OPERATION TORCH CALIFORNIA: A Special Report on the Firestorm Terror Operation](#)

“Operation Torch California is a very real ongoing black operation being conducted by the U.S. Intelligence Community in collusion with Operation Gladio. These false flag terrorist attacks are first and foremost a highly sophisticated psyop. They have many goals. And they will continue until California has been completely subjugated by the globalists.”

— Intelligence Analyst & Former U.S. Military Officer

The apocalyptic firestorms that have afflicted the state of California over the past 4 to 5 years are the direct result of deliberate acts of state-sponsored environmental terrorism. Specific regions around the state have been purposefully geoengineered to explode into massive conflagrations resembling various types of natural wildfires—forest fires, brush fires and grass fires. The new normal of raging wildfires — during two wildfire seasons every year — are being stealthily geoengineered by the *New World Order* globalist cabal. However, there are really multiple globalist goals and nefarious NWO purposes undergirding these highly staged *Jade Helm*-like events. As follows: ([CALIFORNIA FIRESTORMS GEOENGINEERED: Here’s why and who’s doing it](#))

(At the time of this writing) The fires have not even started yet; the winds have yet to blow; and PG&E has been ordered by the government to shut down the power to millions across California.

The UN Agendas are a major driver behind so much false flag, weaponized weather terrorism in California. The primary fake enviro paradigms being used to justify so much manufactured geo-terrorism and traumatizing power shutdowns are *Agenda 21* and the *2030 Agenda for Sustainable Development*.

Another reason why the control freaks at the very top of the food chain use these unrelenting acts of geoterrorism and power shutdowns is to manufacture consent.

By using the *Hegelian Dialectic MO — Problem ~ Reaction ~ Solution —* they hope to stampede the citizenry into the pen of compliance with regard to many draconian measures that are on the horizon.

The power elite especially want to strip Americans of their right to firearms, especially for when the lights really do go out. Those predatory capitalists, who are quite busy right now [fleecing pensioners of their retirement funds](#), know that *We the People* know who they are. Hence, draconian laws are being quietly legislated in statehouses across the USA which are taking away liberties, trampling rights, and removing freedoms such as the inviolable Freedom of Speech.

However, the perps at the peak of the pinnacle of the world power pyramid are well aware that the only way to do this without a full-blown “French Revolution” scenario is to: **MANUFACTURE CONSENT**

Conclusion

Climate Change chaos, the *Extinction Rebellion*, the Impeachment fiasco, GRETAGate, Mideast oil tanker attacks and the Democrat 2020 Freak Show are all being staged to distract, divert and misdirect all day long, every day.

The Powers That Be (TPTB) are cognizant of the mathematical certainty of the upcoming market crash and economic collapse. They know there’s no stopping it, so they continually contrive so much drama to distract the populace from the grim financial and economic realities shaping up everywhere. See: [THEIR FINAL SOLUTION: Market Crash, Dollar Collapse & World War 3](#)

Of course, the power elite have a post-collapse plan that represents the capstone of their *New World Order* agenda. That malevolent scheme not only includes the establishment of a One World Government headquartered in Jerusalem, it also calls for the complete takeover of all natural resources on the planet, as well as exerting total control over the world’s weather.

The *International Banking Cartel* has always thrown their financial support to the Hollywood moguls and Sultans of Silicon Valley in anticipation of this final phase of exercising dominion over the entire planetary civilization.

Apparently, the wealthy elites seriously underestimated the raw people power that is concentrating locally and coalescing globally by the day against their highly misguided schemes. The Internet, alone, has graphically exposed TPTB as an incorrigible cabal of criminally insane psychopaths who are shortly due their comeuppance.

From this point on, the NWO crazymakers will always take advantage of every single disaster they can in order to advance their satanic agenda at every turn. The key point is that they will engineer disasters to further terrorize the American people, especially when natural ones are expected anywhere in the 50 states.

They already hijack any natural disaster they can get away with. And, they will not let a single disaster go to waste whether natural or manmade.

Bottom Line: This power shutdown has been brazenly carried out primarily to put all the blame on PG&E. The globalists and geoengineers have been utilizing several techniques and tools to both start and spread these apocalyptic firestorms. By holding PG&E alone responsible for the successive calamities, those geoengineering technologies and arson weapons conveniently escape detection by the unsuspecting public.

California blackouts expose scam of solar panels: They don't work when the grid goes down

As millions of residents in California continue to suffer in a forced blackout rolled out by PG&E, those who own solar panels are finding out a sobering truth: **Solar panels don't work when the grid goes down.**

That's because nearly all residential and commercial installation are "grid-tie" systems, not off-grid systems. So when the grid goes down, the solar panels are disconnected automatically.

Even when solar panels do work, they're still largely a scam. Power companies like PG&E rip off solar owners by charging much higher rates for electricity delivery than what they credit you for "uploading" watts from your solar panels. So while your panels are providing power to the electricity company at a discounted rate, that same company is still charging you retail rates for the power you use.

Furthermore, solar panels lose as much as 30% of their effectiveness when they aren't regularly cleaned, meaning the actual power delivered is far less than what the panels claim to deliver.

Even more shockingly, climate alarmists are now pushing plans to dim the sun by polluting the stratosphere with particulate matter to reflect sunlight away from Earth. One program [funded by Bill Gates and run by Harvard scientists is called SCoPEX](#). If fully deployed, it would diminish the power generation capabilities of all solar panels around the world.

Tony Heller of [Real Climate Science](#) presents 10 key graphs that reveal just how pernicious the climate scam really is. The graphs show that carbon emissions have been going way up, as has the use of fossil fuels. These are correlated, as are corresponding declines in hunger and poverty, and an increase in life

expectancy. The carbon emissions that liberals regard as ideologically unclean are both an effect and a cause of the improving human condition, as they help the crops to grow.

[The New Normal--Stackem and Packem!!!!--Why are these L.A. people sleeping in stacked pods? It's not just the cost of housing](#)

Oct. 12, 2019 The other evening, I visited Eddy, a new co-living complex in Hollywood. Tucked away on a residential block that used to be all bungalows, it has the styling of a hip boutique hotel. People carry branded metal water bottles that say "Live. Dream. Connect." The gym has a Peloton bike. Butterfly chairs encircle the backyard fire pit. In the co-working space, from a vending machine, you can grab a grain bowl or overnight oats.

Each of Eddy's four-bedroom furnished apartments has a gleaming kitchen with a big island and professional-grade stainless steel appliances. In the spacious living room, the custom-made sectional is deep, perfect for sinking into for a movie on the large flat-screen TV. **For rents that top out per person at \$945 a month, the luxe of it all seems astounding.**

But here's the catch: Each single-sex unit is designed to accommodate 18 men or 18 women. Each diminutive bedroom with its private bathroom: four to six adults in small, stacked rectangular spaces called "pods" just wide enough for a mattress and high enough to sit but not stand on top of it.

[An "All-Out Blizzard" That Is "Unheard Of For October" Hits Farms In The Midwest With Up To 2 Feet Of Snow](#)

October 9, 2019 **Farmers in the middle of the country are about to get hit by what could potentially be the worst October blizzard in U.S. history. According to USA Today, "the massive size and intensity of this snowstorm is unheard of for October".** In other

words, we have never seen anything like this in the month of October ever before. Such a storm would have been disastrous enough in a normal year, **but this has definitely not been a normal year for Midwest farmers.** As I detailed extensively in previous articles, **endless rain and horrific flooding made planting season a complete and utter nightmare for many Midwest farmers this year. Millions of acres did not get planted at all, and planting was seriously delayed on tens of millions of other acres. As a result, corn, soybeans and other crops are simply not ready to be harvested in many parts of the Midwest, and now an unprecedented winter storm is barreling directly toward our heartland. This is a very, very serious situation. Normally, most corn in the Dakotas and Minnesota is considered to be “mature” by now, but this year we are facing a completely different scenario.**

According to the latest USDA Crop Progress Report, only 22 percent of the corn in North Dakota is considered to be “mature” at this point...

Many farmers continue to wait on the sidelines to get into the fields. With freezing temperatures, heavy snowfall, and high winds set to hit the northern Plains this week, **the corn in North Dakota is only 22% mature vs. a 75% five-year average,** according to Monday's USDA Crop Progress Report.

Also, **South Dakota corn is rated 36% mature vs. an 80% five-year average.**

Minnesota farmers have a corn crop that is **just 39% mature vs. an 83% five-year average. And now here comes an “all-out blizzard”.**

In case you are wondering, I am not the one that put such an extreme label on this storm. In fact, Accuweather is specifically using that term to describe this historic storm...An unusually far-reaching snowstorm for early October will stall, strengthen and **evolve into an “all-out blizzard” over the Dakotas** and then will send a blast of cold air across much of the Plains and Midwest.

Spokane International Airport recorded 3.3 inches of snow Tuesday, shattering the previous record for the day, which was a trace set in 1981.

It is crazy that Spokane is already getting snow.

According to Yahoo News, that snowfall already makes this the “third-snowiest October” that the city has ever experienced...**But once this storm reaches the middle of the country, it is going to dump up to 2 feet of snow on some of our most important agricultural areas...**A general 6-12 inches is forecast over much of the Dakotas.

However, **a large swath of 12-24 inches** is likely with an AccuWeather Local StormMax™ of **30 inches** likely from north-central North Dakota to central and northeastern North Dakota.

Cities that could end up **with 2 feet of snow** include Bismarck, Jamestown and Devils Lake, North Dakota, as well as Mobridge, South Dakota, and Winnipeg, Manitoba. Needless to say, that much snow at this time of the year is going to be absolutely devastating for many farmers.
