Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, **but rather reprove them. But all things that are reprov'd are made manifest by the light:** for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest,** and arise from the dead, and Christ shall give thee light. **See then that ye walk circumspectly,** not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Circumspectly: Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

JUST IN TIME FOR HALLOWEEN, THE SATANIC TEMPLE OPENS NEW HEADQUARTERS IN SALEM MASSACHUSETTS WITH MASSIVE STATUE OF BAPHOMET GREETING VISITORS—Proverbs 8:13: "The Fear of the Lord is to hate evil..." ALL THOSE WHO LOVE GOD AND YOUR KIDS, DON'T CELEBRATE THE DEVILS NIGHT!

by [Geoffrey Grider](#) October 11, 2019--America has existed since 1776, and never at any time did Satanism or anything connected with the Devil become a visible, open segment of our society until the previous decades. Now is 2019 we see groups like The Satanic Temple not only operating openly,

but registered with the United States government as an officially-recognized 501C3 'tax-exempt church'.

How did we get to this point? Well, one of the main ways we got here was in the promotion of Halloween to multiple generations of impressionable young children. All those cute, little costumes dripping with fake blood and rubber knives that we applaud as we hand them candy. Yeah, now we have a generation of adults who are taking that to its logical conclusion, the open celebration of satanism.

Pro 8:13 *The fear of the LORD is to hate evil: pride, and arrogancy, and the evil way, and the froward mouth, do I hate.*

Froward Definition

Strong's Concordance: Perverse, Deceit, Fraud

Noah Webster 1828: Perverse, that is, turning from, with aversion or reluctance; not willing to yield or comply with what is required; unyielding; ungovernable; disobedient; peevish; as a froward child.

"Ye are of your father the devil, and the lusts of your father ye will do. He was a murderer from the beginning, and abode not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own: for he is a liar, and the father of it." **John 8:44** (KJV)

The other way we arrived at this point is because it appears that **God's protective Hand is being removed** from America, and wickedness is being allowed to rise dramatically. Mass shootings have risen, thousands of babies **aborted each month**, Sunday sports is replacing Sunday worship of the One True God; this is how we got here. We have been shouting at God to leave us alone ever since the wicked 1960's, and we have reached the point where He is answering that

request. I say this to Christians, who defend your celebration of Halloween, the Devil's holiday.

Inside The Satanic Temple's Salem headquarters

FROM THE BOSTON HERALD: We went behind the scenes to get a glimpse at the group's local headquarters and see what life's like for the [Satanists next door](#).

Amid the witchy hoopla of downtown Salem, the international headquarters of The Satanic Temple occupies an antique home that — save for a facade

of pitch-black clapboard — looks unassuming. On the front porch hangs a wreath of kindling in the shape of a goat head. Inside, it's every goth teen's Victorian dream home. A grand yet chilling staircase stands in the entryway, off of which branch rich rooms decorated with elegantly creepy touches like heavy, dark carved woodwork, velvet damask wallpaper and glass display cases filled with twisted artifacts.

Unlike any fixer-upper you might see on HGTV, the temple's notorious Baphomet statue dominates the main sitting room. Unsurprisingly, the house once served as a funeral home.

The Satanists throw dinner parties catered by Adam Dodge, aka the Satanic Chef, hold candle-making classes, and have lively discourse over tea.

As a tax-exempt church — a federal designation it received in April — they do host weekly, nontheistic, nonsupernatural services at the Temple.

[Halloween, Human Sacrifice, Stonehenge and the Wicker Man-Part 2](#)

In this teaching we will be taking an extensive, shocking look at virtually all the Halloween traditions modern day humanity currently embraces. Halloween is not just innocent entertainment. Its symbols and practices breathe new life into the dark rituals and symbols of past civilizations. Satan's main strategy has always been to tempt people to love what God hates, prompt them to pursue his enticing path, and deceive them into thinking that his 'new' way is as good. Since his strategies don't change, God's warning in Proverbs 14:12 is as relevant now as it was in King Solomon's days: 'Most people follow the masses, and the masses follow the media, especially when it promotes thrills and adventures that feed the lust for forbidden thrills. The occult has always focused on gory images of violence, death and destruction. We see it in today's media, music, and movies. As people become desensitized to occult violence and horror, the images in popular entertainment grow increasingly and indescribably evil. Yet, this is old

news. Thousands of years ago, God warned us, 'All those who hate Me love death.' (Proverbs 8:36)

Psalm 18:1-6 & 17-24 & 29-42

1 (To the chief Musician, A Psalm of David, the servant of the LORD, who spake unto the LORD the words of this song in the day that the LORD delivered him from the hand of all his enemies, and from the hand of Saul: And he said,) I will love thee, O LORD, my strength.

2 The LORD is my rock, and my fortress, and my deliverer; my God, my strength, in whom I will trust; my buckler, and the horn of my salvation, and my high tower.

3 I will call upon the LORD, who is worthy to be praised: so shall I be saved from mine enemies.

4 The sorrows of death compassed me, and the floods of ungodly men made me afraid.

5 The sorrows of hell compassed me about: the snares of death prevented me.

6 In my distress I called upon the LORD, and cried unto my God: he heard my voice out of his temple, and my cry came before him, even into his ears.

17 He delivered me from my strong enemy, and from them which hated me: for they were too strong for me.

18 They prevented me in the day of my calamity: but the LORD was my stay.

19 He brought me forth also into a large place; he delivered me, because he delighted in me.

20 The LORD rewarded me according to my righteousness; according to the cleanness of my hands hath he recompensed me.

21 For I have kept the ways of the LORD, and have not wickedly departed from my God.

22 For all his judgments were before me, and I did not put away his statutes from me.

23 I was also upright before him, and I kept myself from mine iniquity.

24 Therefore hath the LORD recompensed me according to my righteousness, according to the cleanness of my hands in his eyesight.

29 For by thee I have run through a troop; and by my God have I leaped over a wall.

30 As for God, his way is perfect: the word of the LORD is tried: he is a buckler to all those that trust in him.

31 For who is God save the LORD? or who is a rock save our God?

32 It is God that girdeth me with strength, and maketh my way perfect.

33 He maketh my feet like hinds' feet, and setteth me upon my high places.

34 He teacheth my hands to war, so that a bow of steel is broken by mine arms.

35 Thou hast also given me the shield of thy salvation: and thy right hand hath holden me up, and thy gentleness hath made me great.

36 Thou hast enlarged my steps under me, that my feet did not slip.

37 I have pursued mine enemies, and overtaken them: neither did I turn again till they were consumed.

38 I have wounded them that they were not able to rise: they are fallen under my feet.

39 For thou hast girded me with strength unto the battle: thou hast subdued under me those that rose up against me.

40 Thou hast also given me the necks of mine enemies; that I might destroy them that hate me.

41 They cried, but there was none to save them: even unto the LORD, but he answered them not.

42 Then did I beat them small as the dust before the wind: I did cast them out as the dirt in the streets.

[Peter Christain 4 hours ago](#)

There is no doubt in my mind that FEMA is working with PG&E and causing these deliberate power outages and fires to NAB the people that they think will be a threat to them! Selling human organs is big business and makes a lot of money and that's what takes place on the FEMA barges! After the people especially Christians are tortured beheaded and their organs are removed they are dumped overboard into shark-infested Waters and FEMA will wait for another man made catastrophe to come in and attack again! and remember people FEMA also throws anybody who does not cooperate with them overboard into shark-infested Waters! FEMA is a dirty, filthy, fascist, satanic branch of government that Donald Trump praises !

And you know what the sad thing is about this is that Donald Trump is running around telling everybody how wonderful FEMA is and totally praising them and most Americans are so blind they can't even see it or don't want to listen to it! look up Donald Trump denies Jesus Christ on national television and also look up Donald Trump praises FEMA ! That's for all you people in denial and trolls out there that Don't want to believe that this is true ! Don't ask me to provide anything to you people that are in denial or trolls look it up yourself do your own homework you can find it right on YouTube !

Are We Here Yet? In 1981 William Casey CIA Director Told President Reagan: "We'll know our disinformation program is complete when everything the American public believes is false." + A Comment From Scott Johnson About Trump

In a response to a video that was sent to me--I tried to watch it earlier but that guy is such a Trumpite I could only take so much. It's like this guy (and almost everyone else in alternative media and Christianity) will totally ignore the info in the attachments to this email and promote that Trump is here to save us all; even though he is totally owned by the Rothschild's and they are the same ones that

own PG&E (and many other power companies) and they also totally own the main stream media.

This quote keeps going through my head over and over now, as I believe we are at that point, where that quote is total reality; as even those in alternative media are totally deluded and brainwashed:

[Barbara Honegger](#), studied at Stanford University

Answered Nov 25 2014 · Upvoted by [Mark Berger](#), former Legislative aide for a United States Senator.

Originally Answered: Did William Casey (CIA Director) really say: "We'll know our disinformation program is complete when everything the American public believes is false"?

I am the source for this quote, which was indeed said by CIA Director William Casey at an early February 1981 meeting of the newly elected President Reagan with his new cabinet secretaries to report to him on what they had learned about their agencies in the first couple of weeks of the administration.

The meeting was in the Roosevelt Room in the West Wing of the White House, not far from the Cabinet Room. I was present at the meeting as Assistant to the chief domestic policy adviser to the President...

As he did to all the other secretaries of their departments and agencies, Reagan asked what he saw as his goal as director for the CIA, to which he replied with this quote, which I recorded in my notes of the meeting as he said it. Shortly thereafter I told Senior White House correspondent Sarah McClendon, who was a close friend and colleague, who in turn made it public.

Subject: **Listener Comment: My friend has a horror story about solar panels--My father lives in Sonoma county, CA**

She paid \$15,000 for solar panels. Her electricity bill did not change at all. She fought with the electricity company for months, she was still fighting last time I saw her. It was totally like they owned those solar panels, she paid \$15000 for them and the power they produced; and NO she was not off the grid, so yes they can cut the power to your house, once again they controlled those solar panels and they insisted taking her solar power produced and charging her for their power instead. I know for a fact those solar panels were large enough to cover her entire consumption of electricity if she had been off the grid....

They cut my father's power. He lives in Santa Rosa. He has a well. He could not get his water out of his well. He was telling me all of this when he called. (He apparently has some sort of holding tank of 10,000 gallons. I don't know how wells work.) He said this is the last time he is going to be caught off guard like this.

My father confirmed that the only neighborhoods that had power through all of this were the most elite neighborhoods.

Scott Johnson's Comment: Sickening! Yes this is why it is imperative (if you have a well) to have an alternate way to pump the water up to the surface.

Traitor Devil LeBron James under fire after siding with the wicked Chinese government all for the love of money!!

Los Angeles (AFP) - Basketball superstar **LeBron James was accused of turning a blind eye to Chinese repression on Tuesday after he criticized a Houston Rockets executive for angering China with a "misinformed" tweet supporting protesters in Hong Kong.**

James told reporters that Rockets general manager Daryl Morey "wasn't educated" on Hong Kong and should have kept his mouth shut, as the outspoken Lakers forward waded into a charged debate that other high-profile NBA figures have shied away from.

"So many people could have been harmed not only financially but physically, emotionally and spiritually. So just be careful with what we tweet, and we say, and we do," James told reporters when asked for comment in Los Angeles after returning from the NBA's annual China tour.

His remarks drew praise from Chinese social media users, who have savaged Morey for butting into the country's affairs, but the US reaction on Twitter was swift and harsh.

"@KingJames you're parroting communist propaganda. China is running torture camps and you know it," said Republican Senator Ben Sasse of Nebraska, referring to China's reported incarceration of millions in prison-like camps.

The backlash in China against Morey's comments has cast a cloud over the NBA's lucrative broadcasting, merchandising and sponsorship interests in the country, where it has legions of fans.

But the NBA also is under pressure from US politicians and media outlets who have urged the league not to buckle under the Chinese criticism.

Coincidentally LeBron James has a lucrative lifetime endorsement deal with Nike, which does big business in China.

James's Lakers and the Brooklyn Nets were thrust into the whirlwind when they arrived in China last week for a pair of pre-season exhibition games **after Morey had tweeted: "Fight for Freedom. Stand with Hong Kong."**

A New Jersey police department recently implemented new technology that allows 911 operators in the area to stream live video from callers' smartphones with the touch of a button.

While callers will still have to give their consent to such monitoring, **some media outlets have dubbed the technology a slippery slope towards automatic surveillance, whereby Big Brother will one day have immediate access to people's smartphones without their consent.**

In the meantime, some police departments plan to utilize 911eye. According to reports, 911eye has the potential to turn any internet-capable device, including smartphones, into a remote-activated surveillance tool – **which could have been the intent all along with the push to install cameras and microphones on the backs and fronts of virtually all smartphone devices.**

The 911eye software was also developed in partnership with the West Midlands Fire Service in the United Kingdom, where the West Midland Police Department **has already embraced a type of “pre-crime” unit in which potential offenders are identified by**

the system and flagged for possible “interventions” by law enforcement. If you’ve ever seen the film *Minority Report*, you may already be familiar with the dystopian concept of “pre-crime,” which is basically the idea that someone could be on the verge of *potentially* committing a crime without actually having committed one.

The FBI is reportedly in the process of developing a similar tool to be implemented through social media, allowing surveillance assets the ability to detect “potential threats,” civil liberties be damned.

Outrageous! 84-year old Korean War & Police Veteran, School Crossing Guard has guns confiscated under 'Red Flag Law'

Published on October 15, 2019

Local residents of a Martha's Vineyard town in Massachusetts are up in arms after a respected school crossing guard has had his legally owned guns and carry license confiscated by police.

Stephen Nichols is an 84-year old Korean War veteran who served as a police officer of Tisbury, Massachusetts for six decades. He's been employed as a school

crossing guard of the Tisbury School, until recent termination as a result of the same unclear incident that's resulted in the red flag gun seizure executed against him.

Local reports indicate that Nichols had criticized a local school resource officer in a manner that was interpreted as a threat by the officer and local law enforcement. Nichols was evidently unhappy that the resource officer was taking coffee breaks when children were arriving at school in the morning.

Nichols invoked his Korean War service as his rationale for his displeasure with the unnamed school resource officer when speaking with the Martha's Vineyard Times, stating his belief that such integral personnel should remain 'on-post' at all times in order to ensure the safety of Tisbury School students.

Nichols expressed his concern that someone could "shoot up" the school while the resource officer was off-post in a conversation with a friend at a local restaurant a few weeks ago. The conversation was apparently heard by a waitress, who made a police report. Shortly after, Nichols was fired as a crossing guard while on the job, after which police drove him to his house to collect his legally owned firearms. He claims to have held a Massachusetts concealed carry permit for more than fifty years that was promptly taken by police. Nichols states that no paperwork or documentation was provided to him after the red flag gun seizure.

The owner of the Linda Jeans' restaurant in which Nichols was speaking over his concerns in regards to school security has called the police treatment of the 84-year old "outrageous." He believes one of his employees overreacted by making a police report. Tisbury police have steadfastly refused to discuss any details of the case when approached on the matter by local Massachusetts media.

Nichols has 11 grandchildren, and told the Martha's Vineyard Times that he "would never, ever, ever, harm a child."

What happened to Nichols is exactly the type of scenario that critics of 'red flag' laws have repeatedly warned about. An apparently innocent man, most likely on a fixed income, is now going to have to come up with the money to pay for an attorney. There was no due process, and it would appear from all accounts that there wasn't even a half-hearted investigation prior to confiscating his guns and

further the police allegedly did not even provide documentation for the firearms that were confiscated.

Breakfast Food Giant Kellogg's Teams With Radical Pro-LGBTQ+ Activist Group GLAAD To Launch 'All Together' Cereal To Indoctrinate Children

by [Geoffrey Grider](#)

October 19, 2019

Breakfast cereal giant Kellogg's is teaming with the group 'Gay and Lesbian Alliance Against Defamation' (GLAAD) for an anti-bullying campaign featuring a new "All Together" cereal bringing many of its most famous

cartoon characters onto one box front.

Cereal giant Kellogg's not only has a brand-new cereal for America's kids, they have a brand-new message for them to put into their young brains. But there is nothing new about the message, in fact, it's as old as the Devil himself.

"For the wrath of God is revealed from heaven against all ungodliness and unrighteousness of men, who hold the truth in unrighteousness; Because that which may be known of God is manifest in them; for God hath shewed it unto them." [Romans 1:18,19](#) (KJV)

The LGBTQ+P for Pedophile Movement is on a mission, a recruiting mission to expand their tent and fill out their ranks. Since only less than 3% of America's population organically identifies as being gay or lesbian, they must recruit new members in order to grow. As Adolf Hitler found out when he started his Hitler Youth in 1921, if you are going to control the nation you must first control an entire generation of children. And when those children become adults, your conquest is complete. Our children are being attacked from all sides from every angle, don't allow this filth into your home.

FROM BREITBART: The new cereal brings several of the company's most popular cereals together. The box includes Raisin Bran, Corn Flakes, Rice Krispies, Frosted Flakes, Froot Loops, and Frosted Mini Wheats.

"We all belong together," the company said in a press release. "So for the first time in history, our famous mascots and cereals are offered exclusively together in the same box for All Together Cereal. It's a symbol of acceptance no matter how you look, where you're from or who you love."

2Co 6:14 Be ye not unequally yoked together with unbelievers: for what fellowship hath righteousness with unrighteousness? and what communion hath light with darkness?

2Co 6:15 And what concord hath Christ with Belial? or what part hath he that believeth with an infidel?

2Co 6:16 And what agreement hath the temple of God with idols? for ye are the temple of the living God; as God hath said, I will dwell in them, and walk in them; and I will be their God, and they shall be my people.

2Co 6:17 Wherefore come out from among them, and be ye separate, saith the Lord, and touch not the unclean thing; and I will receive you,

2Co 6:18 And will be a Father unto you, and ye shall be my sons and daughters, saith the Lord Almighty.

The different cereals come packaged separately in individual bags inside each box, Kellogg's said.

As part of **#SpiritDay** we are launching a new "All Together Cereal" and donating \$50,000 to support GLAAD's anti-bullying and LGBTQ advocacy efforts. Get your limited edition box of ALL TOGETHER cereal at <https://t.co/oFb3iSGmvZ>
pic.twitter.com/QwumdUdLuP

— Kellogg Company (@KelloggCompany) **October 17, 2019**

The company added that the special cereal is for sale on its website, Kelloggstore.com, for **\$19.99** a box, and Kellogg's is donating \$50,000 to GLAAD for its anti-bullying campaign.

"We are proud to partner with Kellogg's again this year to help extend the important message of Spirit Day to households across the country," said John McCourt, Senior Director of Development & Integrated Marketing at GLAAD. "The All Together cereal encompasses the values of diversity, equality, and solidarity that Spirit Day is all about, and we hope that LGBTQ youth everywhere receive the messages loud and clear."

Our Nuclear Powered Naval Ships last 20 – 40 years before the core begins to melt down. Many of our Nuclear Facilities are over 60 years old and they too are literally dissolving and have absorbed so much radiation the employees are dying of cancer at younger and younger ages.

Summary

The nearby Targeted Individuals of US nuclear power plants are 160,876,377 people (by the official 2010 US Census). The next official census starts in 2020. These poor souls live within range of a leaking nuclear power plant and catch radiation poisoning.

All nuke power plants leak radiation; the nukes leak on purpose. The Rad cannot be contained; they are built that way. Also, the nuke power plants cannot be sued. The rich owners think the trade-off for your health and life is worth the money. I do not.

No Agency will tell you this. All physicists know this is true. Their jobs depend on their not telling you. What a world!

I wonder what really happened around Colorado Springs in 2006 and 2007, don't you?

Once emitted from the nuclear power plant, the Rad travels with the wind. Much of it goes around the world and is detected on the West Coast of the United States.

Nuke Power Plants add to the deadly radiation every minute of every day. All cities on the list are measuring excessive radiation.

Dr. John Gofman, Medical Director of the Livermore Nuclear Weapons Lab famously called that kind of thing “premeditated murder.” This nuke stuff gets real serious, real quick. It’s a nasty, nasty business.

“This is a Bad situation for all who breathe,” states EU physicist Dr. Paolo Scampa.

I won’t try to kid you with good news lies and made up “fake facts.” Bottom-line, this is way too much radiation for humans to take.

The Perps knew exactly what they were doing and did it anyway. That’s textbook psychopathic behavior and a whole bucketload of Criminal Acts.

Denial is very strong in Americans. Don’t let it get you down; there are millions of folks who know the score on the Rad. Persevere, Find Others. Figure out what to do.

All cities with RadNet Total Gamma Radiation counters are above the Maximum Safe Gamma Radiation Levels.

Their killer attack on your body’s

trillions of cells never ceases. It did not used to be that way y’know – back in the day.

There were only four radioactive Isotopes then in existence and their Decay products. They were mostly in the ground.

Today there are 1,946 known radioactive Isotopes in existence in our atmosphere. The known Gamma radioactive Isotopes are measured by RadNet [1] and reported here.

Cell assassins, like Plutonium 239, and its brothers were never around; they did not exist on this Planet.

RadNet has largely stopped reporting radioactive Beta counts. No explanation was given.

The United States is a very radioactive country now. No cities are below the MaxNormalSafeLevel; all cities are above safe level. This includes cities and towns not on the list.

The raw records of Total Gamma Radiation are easily accessible with a computer and a fast Internet connection at RadNet.

RadNet simply presents the raw Total Gamma Radiation data. I process the raw data to a useable form.

Use a fast InterNet connection or run the look-ups as a background task. Either way, you get the data yourself. Good luck on your efforts.

Conclusion. The amount of Rad in the air now Dooms Humanity to a relatively quick Extinction.

2,677 RADIOACTIVE FUKISHIMA BAGS UNLEASHED IN PACIFIC

"FUKUSHIMA Update 2018 (IT'S ALL DEAD!)

Play to 17:08: <https://youtu.be/Hn-P3gnIB10?t=18>

[Fukushima: Japan Will Dump Radioactive Water Into Pacific, Minister Says--Six years ago during bid for the games, the prime minister, Shinzo Abe, assured the international community that the situation was 'under control' This is certainly not the case!](#) More than a million tonnes of contaminated water lies in storage at Fukushima.

But the power company says it will run out of space by 2022, forcing Japan to dump radioactive water into the Pacific Ocean.

The operator of the ruined Fukushima Daiichi nuclear power plant will have to dump huge quantities of contaminated water from the site directly into the Pacific Ocean, Japan's environment minister has said – a move that would enrage local fishermen. And probably also the rest of the world!

More than 1 million tonnes of contaminated water has accumulated at the plant since it was struck by a tsunami in March 2011, triggering a triple meltdown that forced the evacuation of tens of thousands of residents.

Tokyo Electric Power (Tepco) has struggled to deal with the buildup of groundwater, which becomes contaminated when it mixes with water used to prevent the three damaged reactor cores from melting.

Tepco has attempted to remove most radionuclides from the excess water, but the technology does not exist to rid the water of tritium, a radioactive isotope of hydrogen. Coastal nuclear plants commonly dump water that contains tritium into the ocean. It occurs in minute amounts in nature.

Tepco admitted last year that the water in its tanks still contained contaminants beside tritium.

Currently, more than 1 million tonnes of contaminated water is held in almost 1,000 tanks at the Fukushima Daiichi site, but the utility has warned that it will run out of tank space by the summer of 2022.

"The only option will be to drain it into the sea and dilute it," Yoshiaki Harada told a news briefing in Tokyo on Tuesday.

[Radioactive water being stored at the Fukushima power plant approaches the limit; Japanese officials still have no plan to dispose of it](#)

There's almost no more room for anymore storage tanks at the Tokyo Electric Power Company (TEPCO) nuclear reactor site in Fukushima, Japan, which means that very soon there won't be any way to dispose of the ever-growing amount of treated water, also known as tritium water, that continues to accumulate within the disaster area.

Neither the Japanese government nor TEPCO officials have made a decision as to how they plan to proceed with cleanup at the failed nuclear plant, which was severely damaged by a major earthquake and tsunami that occurred back in 2011.

SHOCKING: Deadly Fukushima soil to be used in Japan's public parks

In an attempt to bury the reality of radioactive fallout and pretend that everything is okay, the Japanese government is now planning to redistribute hundreds of millions of cubic meters of radioactive soil from the Fukushima nuclear disaster site to public parks throughout the country. Soil contaminated with radioactive cesium is currently being shipped throughout Japan and used to prop up roads and tidal banks, and it's about to get even worse.

The Ministry of the Environment and its advisory council are planning to buy the contaminated soil directly from the Fukushima nuclear disaster site so they can hide it in future public landfill projects. This is how the Japanese government plans to clean up the radiation – dilute it underfoot and disperse it in the many communities throughout the country. Radioactive waste is about to become a permanent pollutant, slowly infecting the Japanese way of life. A University of Tokyo environmental engineering professor, Yuichi Moriguchi, estimates that there are roughly 100 million cubic meters of contaminated soil, which is enough soil to fill 80 large stadiums.

In the summer of 2016, the Japanese government began recycling contaminated soil with radioactive cesium measurements reaching 8,000 becquerels per kilograms. Tons of contaminated soil has already been mobilized to build tidal banks and national roadways. The newest rule allows this toxic soil to be used in public parks as long as it is covered by a layer of topsoil, vegetation, or concrete. Notably, Cesium-137 has a 30-year half-life and persists in soils for 200 – 300 years.

Subject: **The Satanic Governments are telling you Radiation Levels are safe when Radiation on US & Canada West Coast has increased exponentially!**

After the Fukushima disaster, Canadian fish star started bleeding from their mouths, eyeballs, and gills.

At the time, the government simply waved it off as a passing disease. The disaster also went on to obliterate many native fish species, some of which have since become near extinct.

Meanwhile, scientists in Western Canada are seeing year on year increases in the levels of radiation found in the Pacific Ocean.

You may not have heard anyone asking the question “is California wine radioactive?” because both the American and Canadian governments have strictly forbidden anyone from even talking about Fukushima, let alone openly reporting about it in public. This is

apparently to avoid “mass panic.” As Japanese officials confessed in 2016, the full effects aren’t reported due to a concerted effort to hide the facts from the public.

This following piece was originally published in October 2013.

The situation today is far more serious than what is described in this article.

Every single day, 300 tons of radioactive water from Fukushima enters the Pacific Ocean. That means that the total amount of radioactive material released from Fukushima is constantly increasing, and it is steadily building up in our food chain.

Ultimately, all of this nuclear radiation will outlive all of us by a very wide margin. They are saying that it could take up to 40 years to clean up the Fukushima disaster, and meanwhile countless innocent people will develop cancer and other health problems as a result of exposure to high levels of nuclear radiation. We are talking about a nuclear disaster that is absolutely unprecedented, and it is constantly getting worse.

The following are 28 signs that the west coast of North America is being absolutely fried with nuclear radiation from Fukushima...

Proven Effective Radiation Detox Protocols

The therapies described here are widely available as over-the-counter supplements in most countries.

Green stuff and other sea food

In Chernobyl, 5 grams of **spirulina** for 45 days was used successfully against radiation poisoning. **Chlorella** algae also has shown radio-protective effects. A **study** showed that spirulina reduced urine radioactivity levels by 50% after only 20 days and so the Institute of Radiation Safety in Belarus developed a special program to treat 100 children every 20 days with spirulina. Furthermore, the healing occurred during the continuous presence of radiation as well as the presence of radiation contaminated food and water sources. In particular, spirulina given to children with accumulated high doses of radionuclides reduced radioactive cesium. No side effects were registered.

Iodine Treatments for Radiation Exposure Using Potassium Iodide Following a Nuclear Incident

Much has been speculated by many sources on the effect of radiation to North America - and specifically the Pacific coast – if a fuel pool at Fukushima totally collapses.

Today I submit the results of my research regarding the safe use of potassium iodide along with a list of resources you can use in your own investigation of tactics to follow if and when there is a nuclear incident in your area.

The thyroid gland uses iodine to produce hormones that regulate the body's metabolism. The problem, as I understand it, is that the thyroid gland will use any iodine that is in a person's bloodstream and cannot tell the difference between radioactive and non-radioactive forms of iodine. If radioactive iodine is absorbed, energy in the form of radiation is released back into the thyroid in high concentrations. This energy can damage the cells of the thyroid and may lead to

thyroid cancer or other diseases of the thyroid.

In the event of a nuclear incident, such as a meltdown at Fukushima or an accident at a nearby nuclear plant, a large amount of radioactive iodine will be released into the air. If this were to happen, potassium iodide would be used to protect, or block, the thyroid from irradiation. Commonly known as “thyroid blocking”, taking potassium iodide before or at the beginning of exposure to radioactive iodine will block the uptake of radioactive iodine.

What About Risks and Side Effects?

There may be side effects to taking potassium iodide but only if you are allergic or take too much. Some of these side effects are skin rashes, swelling of the salivary glands, a burning sensation in the mouth and throat, sore teeth and gums, symptoms of a headache or head cold, an upset stomach and diarrhea.

People who are allergic to iodine should not take potassium iodide. In addition, people who have certain thyroid conditions (such as Graves' disease, other autoimmune thyroid diseases) should be very careful when taking it. Persons allergic to shellfish could potentially be allergic to potassium iodide as well.

I can not stress this enough: if you are allergic to iodine or shellfish, or have a thyroid disorder, speak with a trusted medical professional to discuss alternatives to potassium iodide.

What is the Proper Dosage?

The US Food and Drug Administration (FDA) has set recommended dosages for individuals based on age.

Dr. Johnson's Comment: These dosages are very high and in my opinion would only be for short term use to counter a radiation exposure.

Less than 1 month old – 16 mg

1 month to 3 years – 32 mg

3 to 18 years – 65 mg

Over 18 years or 150 lbs – 130 mg

Nine Things You Can Do Now to Reduce the Risk of Radiation Exposure

1. Build up your immune system by consuming a diet rich in antioxidants.
2. Avoid, or better yet, eliminate the consumption of seafood caught in the Pacific north of the equator. The same applies to seafood from parts unknown.
3. If you know something is coming (such as a plume crossing the Pacific), be proactive and load up on the supplements to counter radiation and take iodine.
4. Likewise, if something is heading your way, take off your shoes before going inside (and leave them outdoors). This will prevent tracking miniscule particles into your home.
5. Wash your hands and kitchen surfaces often.
6. Always wash food before cooking or eating raw. Rinse all cans, bottles and jars before opening them; and rinse the can opener as well.
7. Wipe pets' feet with a damp cloth before or right after they come inside.
8. Vacuum soft surfaces frequently with a HEPA vacuum to remove excess dust and also damp mop hard surfaces daily. Don't dust surfaces. Instead, wipe them using a damp cloth.
9. If exposure is suspected, close all windows and keep them closed. Stay inside and keep up the vacuuming and mopping.

Summing It All Up

The use of potassium iodide will not not protect you from inhaling or ingesting radioactive materials released to the environment. It will, however, "fill" the thyroid with non-radioactive iodine thus preventing the radioactive iodine from taking over and causing thyroid cancer. It is not an "anti-radiation" pill and it will not protect you from external radiation exposure or from other radioactive substances such as radioactive cesium.

That said, having a supply of potassium iodide available for your family as insurance makes good sense much the same way as having bandages, antibiotics, trauma items, suture kits makes sense.
