**A media outlet affiliated with ISIS has been instructing the group's radical adherents to set forest fires in the United States and**

Europe to cause mass ecological disasters, according to posts on an internet forum dedicated to the terror group.

At least four propaganda posters have appeared on a pro-ISIS media outlet that have urged followers to “ignite fires” as part of an ongoing jihad against America and its allies.

“The first poster in the series was published in April 2019,” according to the Middle East Media Research Institute, which tracks the radical forum. “The text reads: ‘Oh monotheists [followers of ISIS], ignite fires in the forests and fields, and we are addressing especially those who live in Europe and America, for they are painful to them.’”

The fourth poster, released on Monday, includes similar text: “Ignite fires in the forests of America, France, Britain, and Germany, for they are painful to them.”

## Eco-GENOCIDE: 11,000 scientists sign order demanding globalists ELIMINATE billions of humans from planet Earth

Wednesday, November 06, 2019 by: [Mike Adams](#) ([Natural News](#)) For the last five years, we’ve been warning that scientists are using the climate change hoax to pursue a planetary *depopulation* agenda that aims to eliminate billions of humans from planet Earth. This assertion has been predictably mocked by the CIA-run fake news media as a “conspiracy theory.”

Today, the media is once again eating crow as a new science paper, reportedly signed by 11,000 scientists, **demands the world’s governments take action to eliminate billions of humans from our planet.** (“Democide” is the term describing mass genocide carried out by governments, by the way. In the last century or so, governments of the world have already mass murdered 262 million people. Apparently, that’s not nearly enough, according to genocidal climate scientists.)

The paper, published in *BioScience*, is entitled, “[World Scientists’ Warning of a Climate Emergency.](#)” (DOI link: <https://doi.org/10.1093/biosci/biz088>)

Authored by William J. Ripple, Christopher Wolf and other colleagues, the paper declares that “planet Earth is facing a climate emergency” which must be addressed by making sure human populations to plummet.

Humans are bad, the paper argues, because they eat meat and engage in transportation. Seriously. This is part of their argument.

Now we finally have a clear, unequivocal admission from the scientific community that mass genocide against human beings is, indeed, their final solution.

**All the science is faked, and even the charts are faked (but mainstream journalists don’t care)**

The science paper published in *BioScience* is, of course, **entirely based on wildly false quack science conclusions such as claiming, “greenhouse gas (GHG) emissions are still rapidly rising, with increasingly damaging effects on the Earth’s climate.”** In truth, carbon dioxide is actually re-greening the Earth, even according to a NASA paper based on comprehensive satellite imagery. Rising CO2 levels, in other words, are *healing* planet Earth, not damaging it.

Yet somehow, the simple chemistry of carbon dioxide and photosynthesis now escapes 11,000 scientists who have declared that CO<sub>2</sub> — the single most important nutrient for plant life on our planet — is somehow a pollutant or poison. <https://www.naturalnews.com/2019-11-06-eco-genocide-scientists-demand-globalists-eliminate-billions-of-humans.html>

## 5G/6G UPDATE--SPACE X HAS APPLIED FOR 30,000 MORE SATELLITES

The emergency in the sky just became even more terrifying: on October 7, 2019, the International Telecommunication Union **posted new applications by SpaceX for 30,000 more satellites, in addition to the 12,000 that have already been approved, for a planned total of 42,000 5G satellites in low and very low orbit in the Earth's ionosphere.**

SpaceX has also announced a speeded up schedule of launches: it plans to launch as many as 240 more satellites by the end of 2019 and as many as 1,440 satellites during 2020, i.e. 120 satellites per month. Beginning in 2021 Space X expects to be able to launch 400 satellites at a time, or 4,800 satellites per year, on its Super Heavy rocket, now under development. **SpaceX now states that it intends to begin providing 5G from space to most of the world's population sometime in the second half of 2020.**

The initial satellites will be distributed in 72 orbital planes, inclined at 53 degrees to the equator. **This means that when service begins in 2020 from about 1,000 satellites, their signals (and radiation) will reach all populated places on Earth except Alaska, northern Canada, far northern Europe, most of Russia, and Tierra del Fuego.**

When the 66 satellites of the Iridium Corporation began providing cell phone service on Wednesday, September 23, 1998, people all over this planet reported headaches, dizziness, nausea, insomnia, nosebleeds, heart palpitations, asthma attacks, and ringing in the ears that began that morning. One person I spoke with said it felt like a knife went through the back of her head early Wednesday morning. Another had stabbing pains in the chest. Thousands of homing pigeons lost their way. The death rate in the United States rose by four to five percent, immediately, and for the next two weeks.

That is what 66 satellites did. What will 41,000, or even 1,000, much more powerful satellites do? The beams from each SpaceX satellite will be about one thousand times as powerful as the beams from each Iridium satellite. We cannot afford to find out what they will do. This needs massive protests, all over this planet. **It must not happen. Please contact me if you want to help.**

**A 5G Global Protest Day is being planned for Saturday, January 25, 2020. In the days leading up to the global event, beginning January 12, various activities are being planned in many nations to raise public awareness about 5G and attract media attention. For example, it has been proposed that the [International Appeal to Stop 5G on Earth and in Space](#) should be read at the United Nations, in public, with the media present. It has been proposed by activists in Brussels that there**

should be an International 5G Moratorium Conference held in Brussels. Brussels should be the host of this conference because Brussels, since March 31, 2019, has stood up for the people and for the Earth and has refused 5G.

### The Normalization Of Pedophilia By Liberals Is Happening Right Now With One California University Already Teaching That To Their Students

The social justice Left has been trying to normalize pedophilia for some time, and now one university in California is already teaching it as a sexual orientation

Very quietly over the past few years the Social Justice Left has been working and lobbying to change the

classification of pedophilia from a deviant mental sickness to a sexual orientation. And for those of you who think this type of leap is impossible, remember this that up until 1973, the American Psychiatric Association classified homosexuality as a mental illness, but that was reversed after intense lobbying and social pressure from the Left. In 2018, the World Health Organization announced that they would no longer consider people who were transgender as a mental illness, and changed it to an orientation. Now I will ask you again, do you still think it is impossible that at some point very soon, the Leftists who run all these boards and organization won't reclassify pedophilia as well?

"Woe unto them that call evil good, and good evil..." Isaiah 5:20 (KJV)

Now we will show you just how close we are to that becoming a reality. Below you will find three things I would like you to pay close attention to. First on our list are links to articles we have done over the past 10 years showing you the incredible push to normalize pedophilia. Second we draw your attention to the main article below from college student named Alex Mazzara. People this is real, it is happening, and if you stay silent and do nothing (I am talking to the Christian Church), the normalization of pedophilia will become a reality.

- PEDOPHILES ARE NOW CALLING THEMSELVES 'MINOR ATTRACTED PERSONS' AND WANT INCLUSION IN THE LGBTQ+ MOVEMENT
- NEW YORK TIMES THANKSGIVING STORY NORMALIZES PRE-TEEN BOYS WEARING PRO-PEDOPHILIA EYE MAKEUP

- **LIBERALS ARE PRESSING HARD TO MAKE PEDOPHILIA LEGAL IN PREPARATION OF SHARIA LAW IN AMERICA**
- **LOVE HAS NO AGE: THE PUSH TO NORMALIZE PEDOPHILIA AND PLACE IT UNDER THE LGBTQ+ UMBRELLA INCREASES WITH CHILD LOVE SNAPCHAT FILTERS AND PEDOPHILE PERFORMANCE ART**
- **DID YOU KNOW THAT MEDICAID IN NEW YORK PAYS FOR ERECTILE DYSFUNCTION MEDICATION FOR CONVICTED SEX OFFENDERS AND SERIAL PEDOPHILES?**

**FROM RED STATE:** Not long ago, the sexualization of children continued with the push for child drag queens in a video that sexualized young boys. Young boys in drag would go on to appear in photos next to naked men, which were openly passed around Twitter with zero reaction from the network. The sexualization of children is well underway, and now they're trying to teach it in colleges.

According to a tweet by Alex Mazzara, a student in San Diego, the topic of pedophilia as a sexual orientation was being brought up. According to Mazzara, his class began discussing this as a topic after they were put through watching an eight-minute video from Vice News that featured a "showcasing" of "self-identified pedophiles."

Mazzara went on to say how some of the students described pedophilia in class. "Some people agreed that it was a sexual orientation because they "were born that way and can't help it" others disagreed only because they feared that labeling pedophilia a sexual orientation would harm gays and lesbians because they would then be on the same level," he responded.

Mazzara also tweeted that his tweet attracted the anger of a lot of pedophiles, who had been dominating his mentions since the tweet went out.

"I've had out and proud pedophiles in my mentions for 2 days now. There are entire communities of these people who promote their filth publicly. Sadly I'd predict this is going mainstream in the next 10 years," said Mazzara.

The frightening thing is that I predict the same. With the mainstream media and colleges now attempting to push pedophilia as a "sexual orientation," I imagine it won't be long until people begin to openly declare themselves pedophiles and their community becomes defended as part of the LGBT community.

What is being overlooked is that our children will become more in danger than they ever were. Pedophilia is not a sexual orientation, it's a predatory sickness. Normalizing it is to normalize rape and abuse.

## The Synagogue of Satan Controls Trump—Epstein and Trump Were Tied to Each Others Hip

<< “Donald Trump and Mossad asset Ghislaine Maxwell out on the town in New York City in 1997.” Any inquisitive person should be asking themselves why a seemingly anti-establishment candidate like Donald Trump has been allowed to get as far as he has in the U.S. presidential

race for election

November 8.

The simplest answer is that he isn't anti-establishment and is only fronting a very convincing facade for public consumption.

The family-made rich man has been strategically propped up as the all-accommodating GOP extremist opponent of candidate Hillary Rodham Clinton, herself part of the very same establishment and even personal friend to Trump—at least prior to the race.

The two candidates come from the same organized criminal syndicate that leads back to Israel, its murderous Mossad terrorist organization, and the Lansky international crime syndicate.

Furthermore, as we shall see, Trump is nothing more than a puppet of Mossad and is likely under their control through opportunism and, darker yet, blackmail. What Trump and his cronies all share in common is sexual compromise and their loyalty to the international

Judeo-masonic power structure.

Perhaps the most powerful form of blackmail is that which involves sexual matters, and so it is that throughout human history, many men of power have been brought down upon revelation of some sexual scandal. It was through this channel that Adam Weishaupt's illuminism (blackmail) was so successful in his time through to today (Weishaupt stole the Catholic sacrament of confession and used it for his own personal gain—so that he could gain knowledge of people's sins in order to use it against them). Since then, it has proven to be the most useful form of blackmail employed, especially in the political world. Every person in a position of power should be suspected of being controlled through this form of blackmail, since the Judeo-masonic cryptocracy controls virtually every aspect of organized government, the press, and the financial system, to name a few. ...

<<“Jeffrey Epstein and alleged child sex procurer Ghislaine Maxwell”

“17-year-old Virginia Roberts in a photo during her forced sexual service of Prince Andrew with alleged child-sex procurer and Mossad asset Ghislaine Maxwell looking on in 2001.”

Roberts, now in her 30s, says she first encountered Epstein and Prince Andrew (Duke of York) through Maxwell. She met Maxwell at Donald Trump’s Mar-A-Lago country club and residence in Florida, where, at only 15 years of age, she worked as a changing room assistant in the club’s spa ...

Roberts eventually ended up working for Epstein, under the guise of being a masseuse, at Epstein’s Palm Beach waterfront, which is minutes away from Trump’s Mar-A-Lago club and residence. Epstein and Maxwell would groom Roberts and the other underaged sex slaves on techniques of pleasing Epstein and his friends, often involving kinky sexy toys and orgies. “A lot of powerful men were part of Jeffrey’s

scene...," Roberts says. "Epstein and Maxwell also told me that they wanted me to produce things for them in addition to performing sex on the men. They told me to pay attention to the details about what the men wanted, so I could report back."

In her affidavit, Roberts goes on to nail down the political, illuministic role of Epstein's child-sex ring.

"In addition to constantly finding underage girls to satisfy their personal desires, Epstein and Maxwell also got girls for Epstein's friends and acquaintances. Epstein specifically told me that the reason for him doing this was so that they would 'owe him,' they would 'be in his pocket,' and he would 'have something on them.'"

Why Epstein would want dirt on powerful people, other than for his own personal gain, is a mystery. We can only conclude that he was gathering dirt on behalf of some other party, likely the Mossad and/or for Israel's desk at the CIA.

Investigators into the Epstein child-sex scandal turned up a contact book that contained the names and contact information for many prominent people, some of which included New York lawyer Alan Dershowitz, Donald Trump, liquor baron Edgar Bronfman, and former U.S. President William Jefferson Clinton. Roberts claims she was forced to have sex with Dershowitz six times but denies seeing Clinton having sex with anyone, although he was present at Epstein's mansion as well as having flown on Epstein's personal jet.

<< "Dershowitz making a Kabbalist-masonic pose."

Epstein's defense deposition stated the following as to whether Trump was involved in the non-stop Epstein orgy.

Q. "Have you ever socialized with Donald Trump in the presence of females under the age of 18?"

A: "Though I'd like to answer that question, at least today I'm going to have to assert my Fifth, Sixth, and 14th Amendment rights, sir."

This only questioned being in the presence of young girls but Epstein still wouldn't touch it. Clearly, there is something amiss here.

### **New rape allegations against Trump**

Trump supporters have all too easily dismissed a series of child rape charges against Trump, saying it's all political and likely orchestrated by the Democratic Party, specifically by Hillary Clinton. But that is unlikely considering Bill Clinton's own ties to Epstein. Why would Hillary want to open that can of worms? Regardless, when one looks at the court filings, the details of the allegations line up with the claims made in Virginia Roberts' affidavit. They also corroborate what is already admitted by Trump (his long-term friendship with Epstein) and a recently leaked audiotape of Trump boasting of his fame-procured sexual license with females and coveting another man's wife.

"You know I moved on her actually", Trump told Access Hollywood's Billy Bush. "You know she was down on Palm Beach. I moved on her and I failed. I'll admit it. I did try and \*\*\*\* her. She was married."

You know I'm automatically attracted to beautiful—I just start kissing them. It's like a magnet. Just kiss. I don't even wait. And when you're a star, they let you do it. You can do anything... Grab them by the \*\*\*\*\*. You can do anything."

This is exactly the kind of predatory behaviour and arrogance described by a 13-year-old who alleges she was raped by Trump. ...

On April 26, a “Katie Johnson” filed a rape complaint in a California Court against defendants Donald Trump and Jeffrey Epstein. “On the fourth and final sexual encounter with the Defendant, Donald J. Trump, the Plaintiff, Katie Johnson, was tied to a bed by Defendant Trump who then proceeded to forcibly rape Plaintiff Johnson. During the course of this savage sexual attack, Plaintiff Johnson loudly pleaded with Defendant Trump to ‘please wear a condom’. Defendant Trump responded by violently striking Plaintiff Johnson in the face with his open hand and screaming that “he would do whatever he wanted’ as he refused to wear protection. After being satisfied sexually, the Defendant, Donald J. Trump put his suit back on and when the Plaintiff, Katie Johnson, in tears asked Defendant Trump what would happen if he had impregnated her, Defendant Trump grabbed his wallet and threw some money at her and screamed that she should use the money “to get a f\*\*\*\*\* abortion’.”

Incidentally, Trump has flip-flopped on his abortion stance. Of course, how could Trump ever ban abortion? What would 13-year-old rape victims do then? ...

The alleged witness, Tiffany Doe, to the above rape has also come forward. She claims she was paid by Epstein to lure underage girls to Epstein-and-friends parties with the bait of promised modeling opportunities.

“It was at these series of parties that I personally witnessed the Plaintiff being forced to perform various sexual acts with Donald J. Trump and Mr. Epstein. Both Mr. Trump and Mr. Epstein were advised that she was 13 years old.”

Tiffany Doe goes on in her affidavit to identify a 12-year-old victim of Trump and Epstein as well as to witness Epstein making death threats to the girls should they reveal the abuse. A second witness to the original Jane Doe (previous

pseudonym Katie Johnson) corroborates the story of both Johnson and her lurer.

Yet another corroborating detail of Trump’s alleged sexual history includes his own wife—at the time, Ivana—accusing him of raping her in 1989. Perhaps convenient for Trump, Ivana somewhat recanted this accusation in July, 2015, just in time for the presidential race.

Publicly, Trump has made some disturbing, incestuous comments about his own daughters, at one time discussing the potential breast size of his then infant daughter Tiffany and also claiming that he would be dating daughter Ivanka had he not been her father. Normally when you hear someone talking about legs and breasts, it’s not a parent talking about their infant daughter. Trump thinks this way because that is what must always be on his mind, regardless of age and regardless of kin. Almost every time he publicly

talks of Ivanka he can’t help but compliment her body. One cannot rule out the possibility that Ivanka is the victim of sexual abuse and mind control. Trump’s posed photo with then 15-year-old Ivanka where she is wearing a short skirt and

slinky top without a bra whilst perched atop copulating birds doesn't help Trump's avoidance of incest suspicion or MKUltra abuse. Interestingly, Ivanka's slinky top is covered with butterflies, symbolic of beta kitten programming. Ivanka's personal contact information was found in Epstein's black book. ...

## 460,000 missing children in the USA each year... while the entire left-wing media protects pedophiles

Do you have any idea how many children go missing in the United States each year? According to [GlobalMissingKids.org](#), 460,000 children are reported missing each year in the United States alone. The number of mind boggling. Surely some percentage of those children are ultimately found alive and well, but there's no question that a significant portion of those 460,000 children end up in Luciferian sex dungeons to be exploited and repeatedly raped by these devils.

Jeffrey Epstein alone — who had widely reported links to the Clintons and other powerful politicians like Trump — reportedly demanded sexual gratification from child sex slaves (multiple times per day) who were provided to him by the global elite. At one point, Epstein was gifted three 12-year-old French girls for his birthday. The girls were kidnapped and flown in from France, [reports the NY Post](#), to appease this connected pedophile ring mastermind.

The pedophilia now even reaches the halls of the mainstream media as both CBS News and ABC News are now **actively defending a pedophile by firing a whistleblower staffer who sought to expose the cover-up**. As [Zero Hedge reports](#), [@WOW@](#)

*CBS News fires staffer who had access to leaked Amy Robach audio that was revealed by @Project\_Veritas*

*The person who got fired in this situation was the one trying to protect the children who were being trafficked.*

**CBS sided with a Pedophile**

**The top three broadcast networks are now openly protecting pedophiles.** As [this story explains in World Net Daily](#):

**The Epstein case resonates as a shining example of the growing chasm between our society's elites and everyone else. If the super wealthy and super connected can even get away with raping young girls with almost no punishment, our system is beyond broken.**

**ABC's claims that the story didn't run because of a lack of "corroborating evidence" are hard to accept with so many eyewitness testimonies about Epstein (with Trump as his wingman) that have been suppressed over the years.**

**...we have all three major U.S. television broadcast networks implicated to some degree in covering for rapists...**

**In Canada, by the way, an estimated 45,000 children are reported missing each year. In Australia, it's 20,000 children and in the UK, it's nearly 113,000. Globally, we're talking about over a million children going missing each year.**

**What's really happening to all these children? It's gruesome to consider, but many of them end up in the hands of child traffickers who exploit the open borders of the United States to transport kidnapped children to and from the United States. One of the reasons the elites strongly oppose closing the open border is because it would make their child trafficking operations more difficult and expensive.**

## **A Giant Statue Of Molech Has Been Put Up Right At The Entrance To The Colosseum In Rome**

[November 7, 2019](#) by [Michael Snyder](#)

**Tourists that visit the Colosseum in Rome these days are getting quite a shock. A gigantic statue of a pagan Canaanite deity known as "Molech" has been erected right at the entrance. In ancient times, those that served Molech would literally sacrifice their children to him, and apparently this involved burning them to death. And now a massive statue of this**

**pagan idol is the centerpiece of a new "archaeological exhibition" at the world famous Roman Colosseum. Yes, the exact same Colosseum where countless numbers of Christians were martyred for their faith is now the home for one of the most monstrous pagan deities that the world has ever seen.**

I know that this sounds almost too strange to be true, but this is actually happening. The following comes from [the official press release](#) for this "exhibition"...

A reconstruction of the terrible deity Moloch, linked to Phoenician and Carthaginian religions and featured in the 1914 film *Cabiria* will be stationed at the entrance to the Colosseum to welcome visitors to the exhibition.

**Moloch<sup>[a]</sup>** is the biblical name of a Canaanite god associated with child sacrifice, through fire or war. The name of this deity is also sometimes spelled **Molech, Milcom, or Malcam.**

For purposes of this article, I will use the name “Molech”, because that is the name that will be most familiar to the majority of my readers.

The organizers of this “exhibition” could have chosen to put Molech in a dark corner where nobody would have really noticed him, **but instead they purposely decided to feature him in a place where 100 percent of the visitors to the Colosseum would immediately see him.**

One woman that recently visited the Colosseum [told LifeSiteNews](#) what she witnessed...

“We were so excited the day we decided to go to the Colosseum,” Alexandra Clark told LifeSiteNews via email. She and her sister Tiffany were looking forward to visiting the site of Christian martyrdom.

**“But the moment we got there the sight that greeted us was horrifying! Standing guard over the entrance was the colossal pagan statue of Moloch. It was placed in that prime spot so that everyone that entered into the Colosseum had to pass it,”** she continued. How in the world could something like this possibly be allowed?

**And what makes this even more shocking is that the Colosseum is actually controlled by the Vatican.** The following comes from [Breaking Israel News](#)...

A source close to the matter told *Breaking Israel News* that: **“There is no way that such a thing could be done without direct permission from the highest levels of the Vatican. The Colosseum of Rome is owned by the Vatican, and specifically the Diocese of Rome, also called the Holy See. If anyone wants to do anything there, they must get permissions from the office of the Diocese of Rome.**

This isn’t just some random ancient deity. In Leviticus 18:21, the people of Israel are specifically warned against sacrificing their children to this monstrous idol...

**And thou shalt not let any of thy seed pass through the fire to Molech, neither shalt thou profane the name of thy God: I am the Lord.**

And in Jeremiah 32:35, we are told that this is precisely what many of the people of Israel ended up doing as they fell away from the Lord...

**And they built the high places of Baal, which are in the valley of the son of Hinnom, to cause their sons and their daughters to pass through the fire unto Molech; which I commanded them not, neither came it into my mind, that they should do this abomination, to cause Judah to sin.**

Over the past few years, there seems to have been a concerted effort to put up symbols from ancient pagan religions in the Middle East in key locations all over the globe. This includes erecting the “arch of Baal” in both Washington D.C. and New York City.

But unlike some of those other “exhibitions”, this one is going to last a whole lot longer than just a few days.

In fact, we are being told that this statue of Molech will remain standing at the Colosseum in Rome until March 29, 2020...

Interestingly, Rome was just hit by a magnitude 4.4 earthquake. It is extremely unusual for such a large quake to happen there, and it really shook a lot of people up.

I have no idea if there is any connection, but I felt that it was noteworthy enough to share with all of you.

**Without a doubt, it truly is an abomination that a gigantic statue of Molech is now standing right at the entrance of the Colosseum where so many Christians were brutally slaughtered by the Romans.**

**Philadelphia School Officials to Start Home Visits of Children NOT Vaccinated**

**School officials in Philadelphia are reportedly prepared to start doing home visits for students that have not provided medical records showing that they are up-to-date on their vaccines.**

The [Philadelphia Inquirer](#) reports:

Over the summer, parents of Philadelphia students got phone calls, text messages, and letters reminding them to have their children vaccinated. By Monday's deadline for immunizations, **the district may start planning home visits to families that have not provided medical records or sought exemptions.**

District officials on Thursday said they want to minimize the number of students who are excluded from attending school for vaccine-related reasons. This year, students were given 60 days to provide their records or obtain a religious, medical or philosophical exemption.

Apparently, the home visits are seen as necessary because the school district changed **their policy that allowed school officials to send children home who were not vaccinated. This was the method previously used as "an effective way of forcing families to provide the medical records."**

**Karyn Lynch, the district's chief of student support services, said that as of this week, about 3,600 children were not yet in compliance with school policies, according to the [Philadelphia Inquirer](#).**

**Package insert for Fluzone flu vaccine marketed to seniors reveals 23 seniors died during the drug trial alone!!!**

**The annual marketing campaign pushing people to receive flu**

vaccinations is in full force. CVS Pharmacies is offering a 20% off shopping pass if you purchase a flu vaccine.

As you can see in the screen shot above, taken from the CVS website, senior citizens over the age of 65 are being targeted to get the “high-dose” flu vaccine. The FAQ at the CVS website defines the “high-dose” flu vaccine: “Containing four times the amount of antigen (the part of the vaccine that causes the body to

produce antibody) in regular flu shots, high-dose flu shots, along with the additional antigen produced, are intended to create a stronger immune response.”

The name of this flu vaccine that is marketed for seniors is called “Fluzone.” You can find it being marketed to seniors at all the major pharmacies in

the United States.

From the official website for this vaccine we read:

<http://products.sanofi.ca/en/fluzone-hd.pdf> **DESCRIPTION FLUZONE® High-Dose for intramuscular use, is a sterile suspension containing three strains of influenza viruses propagated in embryonated chicken eggs, inactivated with formaldehyde, concentrated and purified by zonal centrifugation on a sucrose gradient, split with Triton® X -100, further purified and then suspended in sodium phosphate-buffered isotonic sodium chloride solution. The FLUZONE® High-Dose process uses an additional concentration factor after the ultrafiltration step in order to obtain a higher HA antigen concentration. FLUZONE® High-Dose complies with the WHO (World Health Organization) recommendation (Northern hemisphere) for the 2019-2020 season.**

Package inserts for flu vaccines show a multitude of side effects, including death, and yet they are marketed the same as over-the-counter drugs with no prescription needed. Why?

Because in the United States vaccines enjoy complete immunity from lawsuits in the market place. If you are injured or die from a vaccine, you or your family cannot sue the manufacturer of the vaccine. This law enacted by Congress, was upheld by the U.S. Supreme Court in 2011.

Therefore, they are marketed with the same marketing techniques as any other high-profit product. With the baby boomer generation moving into their senior years, today's seniors are seen as an especially lucrative market.

So financial incentives like discounts on other products, as CVS is doing, is quite common in order to boost vaccine sales.

Walgreens has a different program that especially boosts sales of vaccines:

While vaccine rates in the U.S. among children are close to 90%, rates in other parts of the world (where pharmaceutical companies do not have immunity from the law for adverse effects) are much lower. So, in partnership with Walgreens, a non-profit organization ([Shot@Life](#)) buys up the vaccines and sends them to these countries for free (who doesn't want something for free,

especially when you live in a poor country??)

This is a brilliant marketing plan for the pharmaceutical companies, as the U.S. government gives the organization buying the vaccines a non-profit status, which allows them to receive tax deductible donations to pay for the vaccines. Walgreens is probably a contributor to the program as a tax write off.

With legal immunity to market dangerous products, don't expect those doing the marketing and making the profits to warn you of the side effects. You need to find this information yourself, usually from the Internet.

During immunization, children are injected with Triton X-100, a chemical detergent made by Dow Chemical

Saturday, January 12, 2019 by: [Russel Davis](#) ([Natural News](#)) Many people have been inadvertently allowing a toxic detergent chemical to enter their bodies. The list of vaccine excipients that the CDC released in January 2017 contains some of the most dubious and toxic ingredients used by the pharmaceutical industry. One such ingredient, Triton X-100, is an industrial grade detergent used mainly in textile and agrochemical production. The chemical is also used in manufacturing household and industrial cleaners, paints and coatings, as well as oilfield and metalworking fluids.

Apparently, the toxic detergent is also used in the production of the influenza vaccine. As per CDC data, five influenza vaccines contain the hazardous compound.

The CDC's surveillance data on recent flu infections should raise concerns on the subsequent long-term effects of [Triton X-100](#) contained in influenza vaccines.

Previous studies have associated the toxic chemical with adverse health effects. A safety data sheet released by [LabChem](#) indicates that long-term exposure to

Triton X-100 may induce gastrointestinal issues, eye damage and respiratory irritation.

A study in the *Indian Journal of Occupational & Environmental Medicine* revealed that polyethylene found in detergents like Triton X-100 is associated with a host of adverse health defects including insulin resistance, reduced reproductive activity and other metabolic issues.

Another study showed that nonionic surfactants such as Triton X-100 cause damage to enzyme activity that is vital for the body's normal physiological functions. Surfactants are also considered a carcinogen and are extremely toxic when they accumulate in the body. Furthermore, accumulation of surfactants like Triton X-100 inside the body may lead to liver damage and other chronic symptoms. These findings appear in the *Journal of Chemical and Pharmaceutical Research*.

Detergents, such as Triton X-100, found in flu vaccines have also demonstrated synergistic toxicity with other medications. These detergents are also shown to promote tumor growth and cause cellular leakage due to weakened cellular walls.

Research data also showed that polyethylene contained in Triton X-100 is an endocrine disruptor, which interferes with normal endocrine functions in the body. The study, published in *Molecular and Cellular Endocrinology*, stressed that the compound derails the body's homeostatic mechanisms that are essential for weight regulation. Another study revealed that very high exposure to polyethylene, which is commonly found in surfactants such as Triton X-100, lead to adverse reproductive incidents.
