The 1828 Noah Webster Dictionary defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Jeremiah 5:26-31: "For among **my people** are found wicked men: they lay wait, as he that setteth snares; they set a trap, they catch men. As a cage is full of birds, **so are their houses full of deceit: therefore they are become great, and waxen rich.** They are waxen fat, they shine: yea, they overpass the deeds of the wicked: they judge not the cause, the cause of the fatherless, **yet they prosper;** and the right of the needy do they not judge. Shall I not visit for these things? saith the LORD: **shall not my soul be avenged on such a nation as this?** A wonderful and horrible thing is committed in the land; **The prophets prophesy falsely, and the priests bear rule by their means; and my people love to have it so;** and what will ye do in the end thereof?"

II Timothy 4:3-4: "I charge thee therefore before God, and the Lord Jesus Christ, who shall judge the quick and the dead at his appearing and his kingdom; **Preach the word;** be instant in season, out of season; **reprove, rebuke, exhort with all longsuffering and doctrine.** For the time will come **when they will not endure sound doctrine;** but after their own lusts shall they **heap to themselves teachers,** having itching ears; And they **shall turn away their ears from the truth,** and shall be turned unto fables."

Jer 23:1 **Woe be unto the pastors** that destroy and scatter the sheep of my pasture! saith the LORD.

Jer 23:2 Therefore thus saith the LORD God of Israel against the pastors that feed my people; Ye have scattered my flock, and driven them away, and have not visited them: behold, I will visit upon you the evil of your doings, saith the LORD.

Eze 34:7 Therefore, ye shepherds, hear the word of the LORD;

Eze 34:8 As I live, saith the Lord GOD, surely because my flock became a prey, and my flock became meat to every beast of the field, because *there was no shepherd,* neither did my shepherds search for my flock, but the shepherds fed themselves, and fed not my flock;

Eze 34:9 **Therefore, O ye shepherds,** hear the word of the LORD;

Eze 34:10 Thus saith the Lord GOD; Behold, I *am* against the shepherds; and I will require my flock at their hand, and cause them to cease from feeding the flock; **neither shall the shepherds feed themselves any more; for I will deliver my flock from their mouth, that they may not be meat for them.**

Eze 34:11 For thus saith the Lord GOD; Behold, I, *even I,* will both search my sheep, and seek them out.

Eze 34:12 As a shepherd seeketh out his flock in the day that he is among his sheep *that are* scattered; so will I seek out my sheep, and will deliver them out of all places where they have been scattered in the cloudy and dark day.

Jer 13:15 Hear ye, and give ear; be not proud: for the LORD hath spoken.

Jer 13:16 Give glory to the LORD your God, before he cause darkness, and before your feet stumble upon the dark mountains, and, while ye look for light, he turn it into the shadow of death, *and make it gross darkness.*

Jer 13:17 But if ye will not hear it, my soul shall weep in secret places for *your* pride; and mine eye shall weep sore, and run down with tears, because the LORD'S flock is carried away captive.

Side Note: Dr. Bill Deagle or William Deagle had toured extensively with The Prophecy Club, and **proclaimed himself to be one of the two witnesses in Revelation, to which Stan Johnson also appeared to uphold, at least temporarily, as well as claiming to be one of the 24 elders spoken of in Revelation. Deagle claimed to have daily prophetic visitations from the angel Gabriel. He was still listed as a past speaker in 2004. Stephen L. TRUMP DEPORTATIONS FEWER THAN EVEN OBAMA!!!...

Though President Donald Trump has **supposedly** made cracking down on immigration a centerpiece of his first term, **his administration lags far behind President Barack Obama's pace of deportations. Obama - whom immigrant advocates at one point called the "deporter in chief" - removed 409,849 people in 2012. Trump, who has vowed to deport "millions" of immigrants, has yet to surpass 260,000 deportations in a single year.**

And while Obama deported 1.18 million people during his first three years in office, Trump has deported fewer than 800,000.

It is unclear why deportations have been happening relatively slowly.

'HOMELAND SECURITY' CONFIRMS NO NEW BORDER WALL YET...All 78 miles built under Trump are replacement...

The Washington Times - Thursday, November 14, 2019

The administration still has yet to fence in any new miles of border with President Trump's wall, a top Homeland Security official acknowledged Thursday.

Acting Customs and Border Protection Commissioner **Mark Morgan** told reporters that 78 miles of wall has been erected under **Mr. Trump**, but all of it has replaced outdated fencing or barriers that had previously existed. None of it has blocked off a portion of the border where there wasn't previously some type of barrier.

Trump says Obama's DACA illegal aliens can stay in America through a deal with Democrats.

President Donald Trump floated the option Tuesday to let some children brought to the country illegally stay in the country if the Supreme Court ruled against former President Barack Obama's Deferred Action for Childhood Arrivals (DACA) program.

Trump wrote on Twitter. "If Supreme Court remedies with overturn, a deal will be made with Dems for them to stay!"

In the past, the president offered to work out a deal with Congressional Democrats seeking to continue amnesty for DACA recipients, but it was difficult to do so as the future of the program was tied up in the courts.

Democrats and supporters are expected to rally at the Supreme Court on Tuesday to support the program.

Ann Coulter Gives Up: DACA Kids Can Stay So Trump 'Must Go'

By [Caleb Howe](#) Nov 12th, 2019--Conservative pundit and apparent *former* big-time **Donald Trump** supporter **Ann Coulter** has finally had enough, she says, of his policies not meeting expectations.

Coulter has been increasingly agitated about Trump's seeming lack of commitment to the hard line on immigration, and has expressed her frustrations publicly on several recent occasions. But on Tuesday, she'd apparently had enough. And said so.

Okay, that does it. I give up. They can stay. You must go. <https://t.co/D6G2YPe8QI>

— Ann Coulter (@AnnCoulter) [November 12, 2019](#)

Prior to her dump Trump retweet, Coulter shared one from conservative Twitter account [@ColumbiaBugle](#) that featured an older clip of Trump with an appeal to end DACA without exception.

President Trump a few years ago you said it best: "I want Dreamers to come from the U.S. I want the people in the U.S. who have children, I want them to have dreams."

Let DACA end.

YES, VIRGINIA, IMMIGRATION IS TURNING THE COUNTRY BLUE

November 15, 2017--**Hey, Republicans! Did you enjoy Election Night last week? Get ready for a lot more nights like that as illegal immigration turns every last corner of the country blue.**

When Ed Gillespie lost in Virginia, liberals crowed about how they're winning the war of ideas.

Gillespie's campaign was fine. No cleverer arguments, community outreach or perfectly timed mailings would have changed the result. Contrary to The New York Times' celebratory article in last Sunday's magazine, "How the 'Resistance' Helped Democrats Dominate Virginia," **it wasn't Democratic operative Kathryn Sorenson's savvy use of Facebook, Google and Eventbrites that carried the day. "The Resistance" didn't win.**

What happened was: Democrats brought in multitudes of new illegal alien voters. In 1970, only one out of every 100 Virginians was foreign-born. By 2012, one in nine Virginians was foreign-born!!!!

The foreign-born vote overwhelmingly, by about 80 percent, for Democrats. They always have and they always will -- especially now that our immigration policies aggressively discriminate in favor of the poorest, least-educated, most unskilled people on Earth. They arrive in need of a LOT of government services.

According to the Pew Research Center, 75 percent of Hispanic immigrants and 55 percent of Asian immigrants support bigger government, compared to just over 40 percent of the general public. Even third-generation Hispanics support bigger government by 58 percent.

Polls show that immigrants are far more likely to support Obamacare and affirmative action than the general public, and are far less likely to support gun rights and capitalism.

In the past 40 years, upward of 50 million culturally backward, dirt-poor immigrants arrived in America, and state after state has gone blue, but we're always told states are flipping to the Democrats for some reason -- any reason! -- other than illegal immigration.

Almost 15 percent of Virginians speak a language other than English at home. . As Democratic consultant Patrick Reddy wrote for the Roper Center 20 years ago, the 1965 Immigration Act, bringing in "a wave of immigration from the Third World," will go down in history as "the Kennedy family's greatest gift to the Democratic Party."

There isn't much time on the clock before it's lights-out for the GOP. And all Republicans can think to do is argue about how quickly to grant amnesty to so-called "Dreamers" and give the Democrats another 30 million voters.

Comment: That's because the game is rigged and they are all on the same team at the end of the day. It is all theater!!!!

This Amnesty bill progress comes at a time when more shocking news is rolling in that American taxpayers are now being forced to pay the corrupt Mexican government new billion-dollar payments to babysit fake asylum seeker illegals through the next elections... ([View Source here](#))

So much for Mexico paying for the wall! Now we are paying them billions to give asylum Amnesty to illegals! And our government lied about screening out criminal illegal aliens from the unconstitutional and illegal DACA Amnesty program.

It turns out that more than 100,000 illegal aliens with arrest records, including murder, rape, and DUI, have been given Amnesty, bio metric Real IDs, and guest worker permits!

TRUMP PETITIONS SUPREMES TO SHIELD TAX RETURNS

Attorneys for President Donald Trump asked the Supreme Court on Thursday **to let him keep his tax returns secret, setting up a case that could determine whether any president has blanket criminal immunity while in office.**

The case also marks the first time the president's personal financial dealings have made their way to the nation's top court.

If the justices agree to consider the case, it will pave the way for a landmark dispute over the reach of presidential immunity in the midst of the 2020 presidential campaign and a historic impeachment battle in Congress.

The court could also decline to hear the case, effectively requiring the disclosure of Trump's returns. In the filing, the president's counsel Jay Sekulow emphasized the importance of hearing the matter.

The president is seeking to have the top court overturn a federal appeals court ruling from earlier this month ordering the president's accounting firm to turn over eight years of the president's corporate and personal tax returns to the Manhattan District Attorney's office in response to a subpoena.

Donald Trump has paid about \$30 million to settle child-sex complaints, including a 2012 incident at Albemarle Estate in Charlottesville, Virginia

Albemarle Estate at Trump Winery

Donald Trump has paid roughly \$30 million to settle child-sex complaints brought against him since 1989, according to a D.C.-based investigative journalist. *Wayne Madsen Report (WMR)*, describes the settlements in a Jan. 14-15 post titled "Why is Trump so afraid of Cohen's testimony?"

<https://waynemadsenreport.com/articles/20190114> From the article:

Donald Trump continues to lash out at his former lawyer and "fixer," Michael Cohen, as the February 7 public testimony by Cohen before the House Oversight and Government Reform Committee, chaired by Representative Elijah Cummings (D-MD), draws nearer. Cohen said he wants to "give a full and credible account of the events that have transpired."

While Cohen will avoid certain subjects still under investigation by Department of Justice special counsel Robert Mueller, he may provide some insight into the types of embarrassing things he "fixed" for Trump, before they ended up in scandalous court trials. This may include Cohen assisting Trump in paying off victims of Trump's sexual assaults over the years.

The cases go way beyond those widely reported in the mainstream press, *WMR* reports. They also go beyond cases that involve women and adults. They indicate Trump has a disturbing taste for children:

In addition to Stephanie Clifford, aka porn actress "Stormy Daniels," and former Playboy model Karen McDougal, Cohen reportedly helped settle a number of rape cases involving Trump. *WMR* received a list from a reputable Republican source of these settlement claims, all of which involve male and female minors.

Trump used his wealth and power to silence his vulnerable, underage victims. Here is a list of some of the children Donald Trump raped, molested and sexually assaulted:

(1) Michael Parker, 10-years old, oral rape, Mar-a-Lago, Palm Beach, FL, 1992. Trump paid his parents a \$3 million settlement.

(2) Kelly Feuer, 12-years old, \$1 million settlement paid in 1989, allegations of forced intercourse, Trump Tower, NY, NY.

(3) Charles Bacon, 11-years old, \$3 million, allegations of oral and anal intercourse, 1994, Trump Tower, NY, NY.

(4) Rebecca Conway, 13-years old, intercourse and oral sex. [Trump Vineyard Estates](#), Charlottesville, VA, 2012, \$5 million settlement.

(5) Maria Olivera, 12-years old. Her family was paid \$16 million to settle allegations of forcible intercourse occurring in Mar-a-Lago, Palm Beach, FL, 1993.

(6) Kevin Noll, 11-years old, anal rape, Trump Tower, NY, NY. 1998. Settlement details unknown.

Trump is a Child Rapist. If I'm Trump and thoroughly convinced of my own innocence, the first thing I'm going to do is call for polygraph tests all around. I'll take one myself first then I'll challenge my accusers to do likewise. Let's see who's really telling the truth. — <https://polygraph-liedetector.com/>

Five of the six alleged incidents took place at two of Trump's best-known properties -- Trump Tower in New York City and Mar-a-Lago in Palm Beach, FL. The exception is incident No. 4, which is the most recent (2012) and took place at [Albemarle Estate at Trump Winery](#). Donald and Eric Trump [opened the facility as a bed-and-breakfast in May 2015](#).

The child-sex settlements might explain Trump's reluctance to disclose his tax returns, *WMR* reports, and documents indicate our "president" is a deeply disturbed individual:

WMR's GOP source indicated that Trump has refused to release his tax returns because they will reveal the many out-of-court settlements he has paid to silence his assault victims and their families. The list of Trump's child victims came with an interesting reference point that was apparently part of the documentation in the settlement cases. Trump was designated with a psychiatric disorder referenced in the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders (DSM-5). The referenced disorder is "Pedophilic Disorder (F65.4)."

[+4+ GoFundMe EXPOSED for taking money from Big Pharma to de-platform vaccine skeptics](#)

It was recently announced that the crowdfunding platform GoFundMe has begun purging all users from its site who attempt to raise money for causes that in any way call into question the safety and efficacy of vaccines. And as to be expected, this censorship push is being driven by Big Pharma, which has effectively slithered its tentacles into GoFundMe’s leadership structure. GoFundMe spokesman Bobby Whithorne now claims that campaigns that try to raise money for people who’ve been injured by vaccines, for instance, are somehow promoting “misinformation about vaccines” that “violate[s] GoFundMe’s terms of service,” and thus must be removed. And who’s behind these terms of service? Big Pharma, of course!

As it turns out, GoFundMe was acquired for \$600 million back in 2015 by an investment group known as Accel Partners, which just so happens to also be heavily invested in the pharmaceutical industry. In other words, because fundraising campaigns that draw attention to the dangers and ineffectiveness of vaccines directly impact a major segment of Accel’s portfolio, these campaigns must be stopped – freedom of speech be damned!

“Information skeptical to vaccinations could hold back a multi-billion dollar industry so personal liberty must be curtailed to protect Big Pharma’s bottom line,” writes Shane Trejo for *Big League Politics*.

“With more and more Americans being targeted by Big Brother, expect other dissident activists rallying against the political establishment to be targeted with Orwellian crackdowns in the future,” he adds.

And if it weren’t for Accel, fascist Facebook wouldn’t even exist

So speaking of Orwellian crackdowns, social media giant Facebook has adopted similar censorship policies that involve removing all content from the company’s platform that question vaccine industry corruption, vaccine ingredients, and other “untouchable” vaccine topics.

And wouldn’t you know it? Accel Partners is behind this as well – but at a much deeper level. You see, fascist Facebook wouldn’t even exist were it not for Accel, as the company, back in 2004, infused a \$13 million “rocket,” to quote the words of Jon Rappoport, who published an in-depth analysis of how Facebook was launched and propped up to the position it’s in today.

As it turns out, funding for Facebook, and now GoFundMe, can actually be traced back even further beyond just Big Pharma and Accel, as the venture capitalists higher up the pyramid actually hail from the Central Intelligence Agency (CIA). That’s right: the CIA, via its In-Q-Tel startup, would seem to be the reason why anti-First Amendment tech giants like GoFundMe and Facebook have amassed

the near-absolute power and control over online free speech that they now maintain.

“In-Q-Tel was founded in 1999, with the express purpose of funding companies that could develop technology the CIA would use to ‘gather data,’” Rappoport writes.

“The company is too important as a data-mining asset of the intelligence community to let it fall into disrepair and chaos,” Rappoport contends about the future of Facebook, and presumably also GoFundMe.

“The CIA and its cutouts will save it and gain more power over it,” he adds. “It’s what they’ve wanted all along.”

Common Vaccine Ingredient Polysorbate 80 allows toxins and the horrific metals and chemicals of the vaccines into the brain

Polysorbate 80 also opens up the blood-brain barrier allowing toxins into the brain, which would otherwise not reach the brain.

These studies show the use of Polysorbate 80 in drug development as a means to cross the blood-brain barrier, which is there to protect us from these toxins crossing the barrier.

Since babies have a poorly developed BBB, which may not solidify for at least the first 6 months, or maybe longer Polysorbate 80 is the last thing that should be injected in a newborn unless you are trying to maim or kill the baby!!!

Common Vaccine Ingredient Propylene Glycol (Which Is Also The Main Ingredient In Antifreeze) Horrific Side Effects

Propylene glycol is found in many industrial and commercial products, including antifreeze, liquid laundry detergent solvents and paint. It is an additive in human and pet foods, pharmaceuticals and tobacco processing.

You can find it in Valium, Dunkin Donuts flavored ice tea, Windex, Right Guard Deodorant, Glade Aerosol, Liquid Nails, Jergens Skin Moisturizer, Cover Girl mascara, Clearasil, Lysol antibacterial hand wash, Noxzema, Colgate toothpaste, and Nilodor Deodorizing Ferret Shampoo.

The FDA classifies propylene glycol as an additive that is “generally recognized as safe” for use in food – not exactly a ringing endorsement.

1. Propylene glycol enters the body as an alcohol and metabolizes in the body's enzyme pathways. These pathways do not mature in humans until 12 to 30 months of age. Infants and children below the age of 4 years, pregnant women and those with kidney dysfunction or in renal failure are not able to eliminate propylene glycol in the body. According to the FDA, this inability to process and eliminate this product causes potential adverse reactions in infants and pregnant women as well as those with kidney problems.
2. Propylene glycol is also **Toxic To The Liver And Kidneys** – Propylene glycol is used in many IV medications, including Lorazepam, an anxiety-reducing and seizure treatment medication.
3. Cardiovascular – There have been some alarming cases linking PG exposure with heart disease. “One such patient was an 8-month-old who suffered a heart attack after four doses of topical medication to treat a burn,” says Axe.
4. **Neurological Symptoms** – The Centers for Disease Control and Prevention (CDC) toxicity profile negatively assessed propylene glycol in the area of neurological symptoms. When taken orally and tested by patch test to find the amount of the chemical compound still in their system, a number of people were found to **have varying degrees of neurological issues, including stupor, convulsions, and other unspecified “severe mental symptoms.”**
5. **Harmful To Pets** – GP is a common pet food additive. The FDA says dogs can handle small doses. However, according to Dr. Karen Becker, an integrative wellness veterinarian, propylene glycol can be toxic to dogs at certain levels. “We just don't know with specificity what those levels are,” says Becker. The bigger GP issue is with cats. Just a small amount, says Becker, can cause Heinz body hemolytic anemia, a condition in which red blood cells are destroyed. This is why cats die when they lap up the sweet taste of PG in antifreeze. While the FDA has banned PG in cat food, it stills shows up. Just last year commercially available cat treats were recalled after low levels of propylene glycol were found in the product.

But the most concerning part of constant propylene glycol exposure is the way it may provide other chemicals a free pass into your bloodstream.

Common Vaccine Ingredient Aluminum & Its Horrific Side Effects

Dr. Suzanne Humphries, author of "[Dissolving Illusions: Disease, Vaccines, and The Forgotten History](#),"¹ is a nephrologist who has committed the latter part of her medical career to exposing the oft-hidden facts about vaccines, their history, and what makes them potentially dangerous.

Aluminum is a known neurotoxin, and scientific evidence shows that it can play a significant role in neurological diseases, including dementia, autism, and Parkinson's disease.

Common routes of exposure include antiperspirants, food, aluminum-based household products, and vaccines.

In the featured video, which was recorded in Tampere, Finland, Humphries provides a comprehensive critique on [aluminum-containing vaccines](#), which she claims can pose a very significant health risk — especially to infants.

Animal research shows almost all of the aluminum is retained 28 days after intramuscular injection. Studies on adults show aluminum is still present three years after intravenous administration

Once the aluminum is injected, it's gobbled up by immune cells (macrophages), which act like Trojan horses, allowing the aluminum entry into your brain by carrying it through the blood brain barrier

Silica Helps to Eliminate Aluminum Out of the Body

There is a relationship between silica and the rate of aluminum concentration in the brains of Alzheimer's patients. Much research points to the fact that a

deficiency of silica in one's diet causes an increase of aluminum retained in one's body—and its ultimate accumulation in areas of the brain. Silica plays an important role in helping the body to eliminate these accumulations of aluminum, which are a causative factor in certain forms of senility, including Alzheimer's disease.

[The deadly effects of synthetic vitamin K shots](#)--Jabbing our newborns with vitamin K injections significantly increases our children's chances of developing childhood cancer

(NaturalNews) Jabbing our newborns with vitamin K injections significantly increases our children's chances of developing childhood cancer. In a study of two hospitals, researchers found almost a two-fold risk of leukemia for children who had received intramuscular vitamin K given universally at one hospital compared to the other hospital that did not promote the jab.

The poisoning and destruction of the infants immune system starts in the first hours of life, even before they clobber the newborn with the dangerous hepatitis B vaccine.

Vitamin K was discovered and recorded in German medical journals in the 1920's as a very important blood coagulation factor, therefore, "K" for koagulation. Vitamin K's other job is to put calcium in the right places (bones and blood) and keep it from being deposited in the wrong places (calcification of the blood vessels, bone spurs and calcification of soft tissues).

Vitamin K1 is found in green leafy plants like broccoli, lettuce and spinach, and makes up about 90 percent of our dietary intake. Vitamin K2 are in animal sources, fermented products and bacteria, including our intestinal bacteria, and make up the

other 10 percent. Our bodies store about a 1 month supply of vitamin K, but vitamin K is not stored in any significant quantity in the liver.

Then there is the Big Pharma counterfeit - vitamin K (menadione) - which is more potent than natural vitamin K, resulting in toxicity. It is not found anywhere naturally. Because menadione is toxic, the *Food and Drug Administration* has banned its use as an over-the-counter supplement. So let's pump it into our newborns!

Vitamin K injections started in the dark days of unnatural childbirth with the introduction of forceps deliveries (because the mothers were drugged out of their gourds and couldn't push the baby out on their own). Forceps cause heavy trauma to the baby's head and face, crushing and bruising. Insanely, the umbilical cord was then and is now routinely clamped and cut immediately after birth, which can deprive the baby of up to 40 percent of its blood, oxygen (and clotting factors). This bad combination shorts babies of clotting factors to cope with the head trauma, leading to bleeding on the brain.

Because this medical induced "hemorrhagic disease" occurred in the occasional newborn birth, the powers that be decided to give vitamin K3 shots to ALL babies, regardless of whether there was birth trauma or if forceps used. They just assumed that somehow babies don't naturally produce enough vitamin K. While giving the toxic shot did lower the incidence of bleeds, it raised a whole new problem of jaundice and other complications.

What's in the shot?

Menadione is manmade and is generally regarded as toxic. Roche's vitamin K drug, Konakion, contains Propylene Glycol, Polysorbate 80, hydrochloric acid (highly corrosive acid injected into the muscle), phospholipon 100 (hydrogenated fatty acid composition made from soy-GMO) and sodium hydroxide (lye - caustic soda injected into the muscle).

Side effects of **synthetic vitamin K** (not just linked to large doses) include: cytotoxicity

in liver cells, formation of free radicals from enzymes of leukocytes, it weakens the immune system, mutagenic effects, it damages the natural vitamin K cycle, can cause hemolytic anemia and hyperbilirubinemia, it disturbs the levels of calcium ions, vomiting, irritation of skin and mucous membranes, allergic reactions, eczema and unlike natural vitamin K - it builds up in tissue.

Side effects of giving your infant natural vitamin K (which most likely is not even necessary): **Your doctor makes less money.**

Simple solutions

Childbirth is not a procedure! Take back childbirth from the unnatural practices that we use now. Find a great naturopathic midwife to help you enjoy the event of childbirth. Vitamin K for a newborn is a great idea but let's use the natural forms for our babies.

Doctors Caught on Tape Plotting to Take Custody of Newborns Whose Parents Refuse Vitamin K Shots

After a class-action lawsuit was filed in October against several hospitals, Illinois Department of Children and Family Services (DCFS), and several doctors, **audio has surfaced of some of the defendants in the case plotting to collude with DCFS to take children away from parents extra-lawfully. Recordings of these doctors at a committee meeting appear to bolster the plaintiffs' claims that the hospitals and agencies named in the suit "used the power given to them as State officials and/or employees and through their authorities and investigative powers to cause the Plaintiffs to be threatened and coerced into accepting unwanted and unnecessary medical procedures,"** as alleged in the lawsuit.

In April of 2018, the Perinatal Advisory Committee (PAC) that operates under the Illinois Department of Health met to discuss giving injections of Vitamin K in violation of the written refusals of parents. Not all the people on the recording can be identified by voice. PJ Media reached out to the members of the PAC but none would respond to identify who is speaking. But it is certain that all persons speaking are on the committee and a list of who was there can be seen at the end of this article. Vaxxed2 documentary producers release devastating information about America's hidden vaccine injury epidemic: "A war zone" of dead children

Tuesday, October 29, 2019 by: [Mike Adams](#)

[\(Natural News\)](#) **The producers of Vaxxed2 — the new vaccine truth documentary highlighted at Vaxxed2.com — joined me at the InfoWars studios for an exclusive interview about the launch of this powerful film that's set to blow the lid on the epidemic**

of vaccine injuries that are killing and maiming children across America (and around the world).

The full interview, shown below via Brighteon.com, **is a powerful must-see discussion about vaccines and the “war zone” of mass death they’re unleashing across America.**

Children are being hospitalized, maimed and killed because of dangerous ingredients that are deliberately formulated into vaccines. And no one is allowed to talk about it.

The vaccine industry preys on children, deceives the public, aggressively hypes every outbreak (even the ones caused by vaccines) and pressures the tech giants to censor any truth about the dangers of vaccine ingredients. This is an industry dominated by a twisted combination of pure evil and mad science.

Vaxxed2 theater locations are being kept secret until 24 hours before launch. Vaxxed2 opens in theaters nationwide on November 6th. The theater locations have to be kept secret until 24 hours before the films play, due to extreme threats of violence and terrorism against the Vaxxed2 film producers. Sign up to be alerted to theater locations at Vaxxed2.com.

In mid-December, the full film will be available as a paid video on Brighteon.com. Watch the shocking, full interview here and **share everywhere:**
