++ In 1981 William Casey (CIA Director) Told the Newly Elected President Ronald Reagan: "We'll know our disinformation program is complete when everything the American public believes is false"?

Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather reprove them. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, Awake thou that sleepest, and arise from the dead, and Christ shall give

thee light. **See then that ye walk circumspectly**, not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Circumspectly: Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

+1+ The UN is openly STARTING THEIR TAKEOVER of US Properties!!! United Nations Silences Utah Journalist

Defending Utah Radio and TV United Nations police admit they took over part of an American city (Salt Lake) and that journalists right to record public officers was denied because it was a "UN Compound" and the journalist had no right to record public servants as guaranteed by the US Constitution.

Take a look at this report from [Defending Utah](#).

In fact, this was referred to not as Salt Palace, but as a "compound."

- **The UN says they "took over" the building**
- **The UN stated that the taxpayer funded Salt Palace was now "International Territory" where US rights don't apply**
- **The UN stated that the United States was outside the doors of the Salt Palace**
- **The UN, who at best should have been a guest of Salt Lake, instead acted like an invader and denied a US citizen their 1st amendment rights**

According to DefendingUtah, "During the conference, pushing the UN's anti-family/anti property rights/ anti American Agenda 2030, journalists covering the event were confronted by UN officers."

I spoke with DefendingUtah co-founder Ben McClintock via phone and he told me that in addition to the \$650,000 the state legislature provided, Salt Lake City chipped in another \$100,000 or so for the event.

Let your elected officials know you don't approve of the UN taking away Americans rights by signing the petition here <http://unitednationsutah.com/>

United Nations 2019 Conference - Spreading Tyranny in Utah

What Is The U.N. Doing In Utah? The U.N. is convening their 68th annual Civil Society Conference in Salt Lake City to further the 2030 Agenda for Sustainable Development.

The UN wants "to make cities and human settlements inclusive, safe, resilient, and sustainable by 2030."

Targeting The Youth

Indoctrination in the name of "inclusivity, climate change, peace, economic opportunity for our youth, and the development of infrastructure and technology".

The Reality

All the while they are destroying the environment, building a Big Brother total surveillance state, creating world wide conflict and erasing human rights.

<<Jackie Biskupski, Salt Lake City Mayor

"I can think of no better time, and no better place than Salt Lake City, for the United Nations to re-emphasize and reintroduce its vision, mission, and values to the American people."

Agenda 2030 = Agenda 21

Adopted at the 1992 United Nations Conference on Environment and Development (UNCED) in Rio de Janeiro, Agenda 21 is described as:

"A profound reorientation of all human society, unlike anything the world has ever experienced a major shift in the priorities of both governments and individuals and an unprecedented redeployment of human and financial resources. This shift will demand that a concern for environmental consequences of every human action be integrated into individual and collective decision making at every level." – Agenda 21: The Earth Summit

Strategy to Save Our Planet by Daniel Sitarz

Key To Achieving Agenda 2030

"an ethos of global citizenship is required in order to fulfill this bold, people-centered, universal, and planet-sensitive development framework."

Read the [Conference Outcome Document](#).

Defending Utah lays out the goals of the UN, how they silence critics and work to destroy liberty around the world.

The Local Agenda 21 Planning Guide -- a UN manual for global transformation was prepared by The **International Council for Local Environmental Initiatives (ICLEI)**.

Community leaders around the world are now called to implement a new "Communitarian" system of governance which overrides our constitutional rights and freedoms.

"Land...cannot be treated as an ordinary asset, controlled by individuals and subject to the pressures and inefficiencies of the market. **Private land ownership is also a principal instrument of accumulation and concentration of wealth and therefore**

contributes to social injustice; if unchecked, it may become a major obstacle in the planning and implementation of development schemes. **Public control of land use is therefore indispensable....**" (Item #10 in the UN agenda at the 1976 [Habitat 1](#).

American delegates supported this policy)

[The New 'White House Rural Council' = UN's Agenda 21?](#) "On June 9, 2011, President Obama signed his 86th Executive Order....E.O 13575 is designed to begin **taking control** over almost all aspects of the lives of a large percentage of American people....

"Warning bells should have been sounding all across rural America **when the phrase 'sustainable rural communities' came up**. As we know from researching the UN plan for Sustainable Development known as **Agenda 21**, these are code words for the true fundamental **transformation America.**' But how will burdened farmers and other tax-payers pay the extra costs...?"

MANY OF OUR NATIONAL PARKS AND MONUMENTS NOW BELONG TO UNITED NATIONS

Across this great land, our national parks, woodlands, forests, and lakes are being turned over to UN control. A friend of the ministry who hails from Knoxville, Tennessee, recently sent me a photograph of the entrance sign of the Great Smoky Mountains National Park. **Notice the telling phrase on the sign: "AN INTERNATIONAL BIOSPHERE RESERVE."**

This means that, under the United Nations Biodiversity Treaty, a precious resource owned by American citizens for over 200 years has been turned over to the UN's bureaucrats for control. Yes, you and I will continue to pay taxes for the maintenance and upkeep of the Great Smoky Mountains National Park. But we no longer own it. Now, the UN has ultimate jurisdiction. This alone is startling evidence that the once independent nation-state known as the United States of America is going out with a whimper and not a bang. Our sovereignty is coming to an end.

As a consequence, across the U.S.A., our parks and wilderness areas are slowly being closed to the public. Roads inside the parks are being grazed over. Mountain passes and hiking paths are being blockaded. "No fishing," "No hunting," "No trespassing" signs are being erected everywhere on public lands. Entrance fees are being jacked up 100%, even 500% higher, to keep American families out of their own lands.

World Heritage Sites are designated under a treaty to which the United States is a party, entitled the "Convention for the Protection of the World Cultural and Natural Heritage," which was adopted at the General Conference of the United Nations Educational, Scientific and Cultural Organization in Paris on November 16, 1972. The U.N. Biodiversity Treaty supports the Wildlands Project, which calls for turning 50% of the U.S. into "wildlands" where humans would not be allowed, but animals could roam free.

Here's a few shots of the weapon being used in California. Even after we show you what's happening. You will still say. Noooooo those are just forest fires, and yet we told everyone watch out in Cali they are making mandatory vaccinations. They are trying throw Cali into martial law. Guess what. Vaccines are mandatory, and martial law is in effect. NOW! This is the weapon being used to clear the land of people. They are on their way to fema camps. Good luck trying to get a hold of those

Firefighters in California have been battling numerous blazes nonstop, trying to save millions of people and homes from the flames.

The biggest fire, the Kincade Fire, has incinerated parts of the wine country in Sonoma County since last week. Further south, multiple wildfires continue spreading near Los Angeles and surrounding counties. Here are all the wildfires currently threatening the state, from the most active to those nearing full containment. See above

Millions Will Die in Cascadia Big One – Steve Quayle

By [Greg Hunter](#) On November 3, 2019

Filmmaker, book author and renowned radio host Steve Quayle warns the West Coast of America is sleepwalking into a coming geologic catastrophe. Quayle explains, **“While the San Andreas is the most studied fault in the world, it’s like peanuts compared to what’s going to be happening in Cascadia. Cascadia (located in the Pacific Northwest) is the most dangerous with a one in three chance of going off in our time. I am not talking about hundreds of years or thousands of years, I am talking**

about the back room hush of USGS (United States Geological Service) scientists, and many of them are silent. I am actually getting information from scientists that left the United States because there is a gag order on the true seismic nature of what's going on in the United States. Our film "Cascadia: The Big One" will be previewed on USAWatchdog.com. This is really a critical situation. The question, is there magma movement beneath the surface? Yes. That's what I am told by people who have access to the data. . . . Everything is moving except the truth, and it's all a matter of economics. The situation with Cascadia is dire. This is not careless journalism or some scary statement on my part. We have undertaken the most elaborate film project on this subject that has ever been done . . . because it is that critical."

What's the worst case scenario if the Cascadia Induction Zone lets loose and volcanos, earthquakes and tsunamis are unleashed? Quayle says "The amount of damage, and I am going to choose my words carefully, is going to be precedent setting. It's going to be the combination of volcanos going off that are inland from the subduction zone where the plates meet, coupled with tsunamis. . . . When this happens, you will lose eight million to twenty million people. When it happens, you will lose all productivity in the electronic field, obviously Silicon Valley, and all food production in all of California, Oregon and Washington. When it happens, you will have a State of Emergency unlike any other. How about the refugees? There will be 3.5 million refugees to take care of. When this happens, what happens to the underground aquifers, and where does everybody go for fresh water? There will be years of drought, years of famine and years of water, water where did it all go? It is a very dire situation painted by computer models. This is not a sensational thing. It is a reality based, scientific study with the application of what happens."

Quayle warns that the public would likely have roughly "15 minutes to get to safety," and "the tsunami waves would be 500 to 1,500 feet tall."

Quayle is putting his trailer film out now even though the film project is not going to be done until the early part of 2020. He is doing this as a public warning.

[In 2017, A Secret Branch of the Military Was Formed and It Was Not of This Earth](#)

In 2017, **A Secret Branch of the Military Was Formed and It Was Not of This Earth**. Combined with the revelations made on the CSS on 9/28, it is clear that there is a whole level of conflict that is not accounted for in our public defense budget. In 2017, key members of Congress quietly authorized the creation of a secret component in our military which had nothing to do with earth-based warfare. These members of Congress have forever been silent. I reported on this in 2017 and now, it is clear that this is related to the revelation of a planetary defense system.

In support of this allegation, compare the following video to the **[revelation made on 9/28/19 on the CSS](#)**. An unmistakable pattern of planetary defense is emerging.

ONE MAN'S PERSONAL TESTIMONY OF THE BIOLOGICAL CONSEQUENCES OF Wi/Fi/5G ON HIS PHYSICAL BEING

This is a satanic weapons system. What I feel now, others will in the future. It's very painful please warn others: Okay, I live in HUD apartments in Carson City Nevada. Recently they installed a new WiFi system, apparently by government mandate according to the managers. I have been sensitive to WiFi signals as has my wife and one of our daughters. This is why we got rid of WiFi. This new signal is stronger than anything I've experienced and is quite painful. I can't bear to be in my own apartment with my family for more than a short time. It's also in a government building I clean. The signal is becoming more pervasive and I believe it's 5G though I am not certain. My own increase in sensitivity is probably the result of long term exposure from working. The primary symptoms are blurred vision, sinus pain, cognitive difficulties, confusion, aggression, crushing headaches and leg problems. My wife and neighbor are also experiencing pain in the chest and abnormal heart beats. Sleeping there yields no rest and constant ringing in the ears as well as feeling like your eyeballs are fried. By contrast, having been out camping the symptoms fade as long as I'm outside the WiFi fields. I have been to ER for CT because it felt like I was having a stroke but there is no visible sign of brain abnormalities. We have tested for carbon monoxide and there is none. Many people are naturally less sensitive, I presume, but I also believe that their constant use of pain killers and drugs may be a mitigating factor. Now subjectively I must say that the energy feels very much like an unclean spirit. Kind of nauseating. Those who have discerning of spirits will know what I mean if they've felt it. The danger, I believe, with this ever expanding network, is not only in the absolute control over every detail of life..., but that there are segments of the population who will exhibit bizarre and aggressive behavior inexplicably. The seductive and addictive nature of this tech will positively ostracize those who dare take this poison bottle from the baby that is society. I wish to testify as a warning. I sincerely believe this is a weapon system against which conventional arms are and will be of no effect. Without a mind, you're nothing. When people finally do begin to succumb they may well be misdiagnosed. Whether this is some plot or simply the result of profit driven dog eat dog human behavior is of little consequence. The frog that didn't feel the hot water is now screaming a warning. D.P.

Subject: **Listener Feedback: "Doctors firing patients due to not being vaccinated"**

Message Body: ...**You are probably aware already, but I either missed it or this is just coming out in the open. I live here in Casper, Wyoming. I moved here a year ago from WA state to get away from the insanity. Anyway the doctors here are firing patients for not having their children vaccinated. They are sending letters to all their patients. There is an organization here called Wyoming Health Freedom who is following up on all of this. I'm pretty horrified. I have grandbabies and though we avoid Doctors like the plague, it is disturbing that we could not take her to the Doctor if we absolutely felt it necessary. It's okay though. We are going to put our faith in Jesus which is what we should be doing anyway. And I'm**

thankful for you also in this regard. The beast system is not far off. Even though I've known this was coming, it's still just absolutely horrifying to witness this taking place. I know its going to get much worse but thankfully we are that much closer to the end of evil. Thank you again for all you do and I will continue to keep you and Taylor in my prayers. I don't feel so alone because of you.
Blessings. Michelle

PS: Also I typed in "doctors firing patients for unvaccinated children" and apparently it's happening in many places now, not just Casper. I follow Wyoming health freedom on Facebook and the other freaky thing I'm noticing is the absolute hatred people have for parents of unvaccinated children and for the children themselves. I can't believe the ugly comments they make. Evil men surely are waxing worse and worse. They insinuate that you and the children should be locked up or something more awful.
