**Ephesians 5:11, 13-16:** "And have no fellowship with the unfruitful works of darkness, but rather reprove them. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. See then that ye walk circumspectly, not as fools, but as wise, Redeeming the time, because the days are evil."

**It's Official: U.S. Military Activated within CONUS**

20 March 2020--**The US Military has begun operations inside the United States and for the first time in the modern history of the United States, the Department of Defense has been given standby orders to ensure the "continuity of government", in response to the COVID-19 pandemic.**

**These extraordinary measures, which include evacuating White House officials to remote quarantined locations, and devolving the nation's leadership to "second-tier officials", were originally meant for the aftermath of a nuclear war.**

**"Above-Top Secret" contingency plans are now in place, in case the nation's Constitutional power successors are incapacitated by the pandemic. Standby orders have been issued for a series of plans under the US Northern Command (NORTHCOM), which was created in response to the 9/11 attacks as a homeland defense military authority.**

**These operations are codenamed OCTAGON, FREEJACK and ZODIAC, and include CONPLAN 3400 (homeland defense if the US itself is the battlefield), CONPLAN 3500 (defending civil authorities in an emergency), and CONPLAN 3600 (defending the National Capital Region from an attack). The Defense Secretary, Mark T. Esper, has authorized NORTHCOM to "prepare to deploy" in support of these "potential extraordinary missions". These include "the possibility of some form of martial law", where military commanders would be given executive powers across the US until a new civilian leadership would emerge.**

**An added complication to these plans is that the military itself is vulnerable to the coronavirus pandemic, which makes for "extraordinary circumstances." In recognition of this vulnerability, the Department of Defense has instituted unprecedented restrictions for off-base activities of military personnel. Having first banned overseas travel, the Pentagon is now keeping all uniformed personnel on or nearby military bases across the country and the world. Several other national security agencies are following the Pentagon's contingency plans, and that continuity personnel at the White House are "readying [for an] evacuation."**

## **BREAKING! National Guard Deploys To FedExField In Maryland**

**Footage of the National Guard setting up at FedExField is coming out; home of the NFL's Washington Redskins in Landover, Maryland. ## **Exclusive: First Photos Inside Dallas Coronavirus Quarantine Facility Leaked The rows eerily similar to the quarantine medical centers used during the deadly 1918 Spanish Flu epidemic**

Alex Jones & Kit Daniels | Infowars.com - March 19, 2020

**Exclusive photos taken from the Kay Bailey Hutchinson Convention Center shows preparations for a quarantine center not unlike those used during 1918 Spanish flu epidemic.**

An inside source provided us photos from the Dallas Convention Center, one of the largest convention centers in the US, showing rows and rows of beds. Our source reported that the facility already houses hundreds of beds. The Dallas government has put out a cover story that the facility is an “overnight shelter.” but another source inside Dallas law enforcement confirms to us that this facility is meant for COVID-19 victims and that other facilities are being prepared in the area as well.

It is standard operating procedure for FEMA to use large convention centers as emergency hospitals and quarantine centers when they are expecting the normal medical system to be overwhelmed.

The rows of beds are not unlike the quarantine treatment centers used during the deadly 1918 Spanish Flu epidemic, as historical photos reveal.

## **On Monday Morning, Will Trump Pull the Trigger on Full-Scale Medical Martial Law?**

For the record, I am having a difficult time acquiescing to the notion that the nation is going to be under “lockdown (LD)” procedures as early as tonight of the first thing in the morning.

In the last 48-72 hours, I have seen an amazing number of events and documents which tells me that America is at a pivotal point and is about to change forever. One of my former college basketball players sent me video and audio of multiple troop helicopters landing at Luke AFB, last night. He estimated at least 30 helicopters were involved. I have numerous versions of the similar documents which gives an individual to pass through checkpoints. I know that some of the troops at 29 Palm Base in California have been told to report to work in their combat gear. The most amazing thing that I have seen is a video of a long train that is carrying both UN and US tanks. This was the most bizarre thing I have seen and it speaks to the possibility that the UN could soon be “managing” our health crisis.

I am still finding it hard to believe that it is entirely possible the nation is entering into full-scale martial law. It is possible that I have finally reached my level of cognitive dissonance and we all have that level, as the condition is realized at differential points. If you think you are entirely hard-wired for the truth, I can tell you that we are not. I am receiving repetitive reports from fairly reliable sources which states that as of 0300 Monday morning (Eastern), the nation will be in some enhanced level of medical martial law. I want to state for the record that the sources of this information are not my most trusted and highly placed sources. My most trusted sources know that something is coming but many of them are being left out of the information loop which makes them highly suspicious that something very big is coming.

## North Carolina--First Look At Internal Passports To Travel Within The United States

North Carolina's Department of Public Safety reportedly issued a statute imposing a statewide curfew effective until April of NEXT YEAR.

The certificate, evidently given to a healthcare worker as an exemption waiver for the impending curfew, explains Governor Roy Cooper's state of emergency declaration and a mandatory curfew that will be put into effect.

The certificate was signed by the state's Department of Public Safety Secretary and the Division of Emergency Management director.

At the bottom of the document, an expiration date of April 30, 2021 is clearly visible, indicating the statewide emergency declaration could last well over a year.

This comes after California, Illinois, and New York issued statewide "shelter in place" orders until further notice as coronavirus cases continue to grow in the U.S. to over 24,000.

### "Travel Papers" and the Pandemic Patriot Act 2.0

Sunday, March 22, 2020 [TheOrganicPrepper.com](#) March 22, 2020 Did you ever think we'd reach the point in the United States where you had to have papers to freely travel from one place to another? It appears we're at the point.

The MTA issued "travel papers" to their workers

On March 17th, a few days before New York issued a shelter in place order, the Metropolitan Transportation Authority issued "travel papers" to their employees to prepare for a potential coronavirus curfew. The NY Daily News reports: If non-emergency travel is restricted, workers can show law enforcement officials the letter if they're stopped on the way to work.

"This letter along with current New York City Transit identification identifies this individual as an essential employee who is required to travel during the curfew imposed due to the Coronavirus emergency," states the letter, which is signed by the Metropolitan Transportation Authority's Police Department's acting chief

Joseph McGrann. MTA spokeswoman Abbey Collins said the letter was distributed on Monday to a “limited number of NYCT bus employees living in New Jersey” because the state’s Gov. Murphy suggested imposing a statewide curfew between 8 p.m. and 5 a.m. (source)

Clearly, the wheels have been in motion for several days. And it’s not just the MTA.

**URGENT CALL TO ACTION: Are 5G / Biometric Systems Being Covertly Installed During the Lockdown... Where do YOU Live?**

**TBYP Staff**

As the world grapples with the fallout of the COVID-19 situation, we write to you with an important call to action. Use the COMMENTS section below to let us know the situation where you live.

In recent days a couple videos have begun circulating on social media with evidence of apparent installations of 5G and/or biometric systems while children are home due to the COVID-19 lockdown.

We now have the opportunity to confirm (or debunk) reports of these covert installations at schools everywhere. We need your help with this – see the bottom of this post for what to do.

First, on March 16, the YouTube channel Logic Before Authority posted a video detailing a message he received from an apparent member of a local school board. This whistleblower detailed how school districts were intending to covertly install 5G equipment in schools during the lockdown, under the direction of the U.S. Department of Education. The companies being sent in were instructed to act as if they are there to disinfect the schools to stop the spread of the virus.

Watch that video here—Play to 13:27: <https://youtu.be/8ocWUAWQMhY>

YouTube link: [y2u.be/8ocWUAWQMhY](https://youtu.be/8ocWUAWQMhY)

Following the Logic Before Authority video, On March 18 another video began circulating showing a fleet of white work vans behind an unknown school. Although we do not see the name or location of the school, the video clearly shows vans for two companies – Systems Plus Wisconsin and North American Mechanical, Inc. Both companies appear to be headquartered in Madison, Wisconsin.

While American Mechanical, Inc focuses on plumbing and mechanical services, Systems Plus Wisconsin clearly states they install biometric systems. The person filming the video called the school to ask whether the vans were involved with anything related to 5G. The person on the other end of the line then immediately hung up the phone.

Watch the second video here: [youtube.com/watch?v=NeLWc-eVU8](https://youtube.com/watch?v=NeLWc-eVU8)

These videos, and others, have since sparked a growing number of social media comments from folks claiming to have seen work vans and/or towers and antennas being installed on school grounds during the quarantines. In fact, TBYP writer Derrick Broze was able to confirm that systems were being installed at Houston area schools during shutdown.

What's happening in your neighborhood?

Now we need your help gathering more evidence! Most of us have been asked to stay home from work and our children have been indefinitely sent home from school. This absence from the daily grind has provided us with the opportunity to question the narratives that are unfolding around us.

Take a walk or drive to your local school to see if you notice anything unusual, such as work vans or telecom companies on site. If so, call the school and politely ask for more details. Please be courteous, but firm. If it's the case that the U.S. Department of Education (or other state, federal or local agencies) are indeed working with the telecoms to covertly install 5G and/or biometric systems in schools, parents deserve to know!

Scroll down, and post your details and links to pictures in the comments section below! Once we gather enough credible evidence we be able to accordingly move forward with an organized action.

Then, please write your school board superintendent, school principal, or elected reps! [Here's an example script](#) which is courteous and firm.

Here are some of the initial comments from YouTube and Facebook:

"I went to check my local school after I saw the video you posted on this today — sure enough, 3 telecom vehicles were the only vehicles in sight. Sneaky and evil.

"They are installing 5g around schools here in Richmond, Virginia today—the first day schools are closed due to this fake coronavirus. Trucks are out digging up roads for the fiber installation of 5g."-Commenter, [March 17](#)

"Im actually watching these Persons in their altech trucks placing 5G boxes on poles right outside of my apartment building right now. They started down the whole block actually."-Wanda F, [March 17](#)

Where could this all be leading?

Our concern is that 5G could be installed without our knowledge while we are grappling with the fallout of the COVID-19 pandemic, and that the installation of biometric systems could be a part of a more sinister agenda.

Namely, we are concerned that after the COVID-19 pandemic passes we will still be dealing with the repercussions of newly installed 5G, biometric systems, thermal imaging cameras or even temperature guns to detect who *MAY* have COVID-19.

Even more worrisome is the idea of government-mandated vaccinations; and, for example, that only those who can prove they have received the COVID-19 vaccine (once it's developed) will be allowed back to work, school, public parks, public transportation, etc.

This is even more worrisome when you consider that Bill Gates – a long time proponent of vaccinations and population control – [recently stated](#):

*“Eventually we will have some digital certificates to show who has recovered or been tested recently or when we have a vaccine who has received it.”*

What does Gates mean by a “digital certificate”? Could it be tied in to the [Global ID2020](#) or the discussion of a “tattoo” that tells the medical authorities whether you have been vaccinated, for example?

At the moment we simply don't know where the COVID-19 pandemic will lead, but it is certainly being exploited to push several agendas which do not bode well for human health and freedom.

**+3+ URGENT alert: Financial system collapsing, food supply collapsing, hyperinflation coming, guns and ammo wiped out, military martial law plans leaked... details**

Thursday, March 19, 2020 by: [Mike Adams](#)

([Natural News](#)) Keeping this very short, as things are developing very rapidly. If you can't handle the reality of this situation, don't read the following overview. To those who can't handle **words**, you need to accelerate your adjustment curve or you won't survive:

- We are upgrading our preparedness recommendations to **18 months** of food and critical supplies. This is not some sort of self-serving statement, since our own store **barely has anything left to sell.**
- The financial system is cratering. Banks will begin to fold soon. Many deposits will be wiped out. Some are moving into T-bills (US Treasury), even knowing the dollar will lose a lot of value this year due to monetary debasement. “America will end as we know it. I'm sorry to say so, unless we take this option,” – Bill Ackerman, CNBC.com, imploring Trump to shut down the entire nation for 30 days.
- Pensions are being wiped out right now, exactly along the lines we've been warning about for years (see [Pensions.news](#) for historical articles). If you had

exposure to the bubble stock market, those assets are being eviscerated by the day. Expect an 80% loss.

- **Real estate will begin to crater soon. Expect a 40% plunge on average, nationwide. Unemployment will skyrocket to Great Depression levels in less than 90 days. This is not a drill.**
  - The “free money” insanity being pushed by the Trump administration will result in **rapid price inflation** across America, putting us on the path toward a Venezuela-type scenario and more money printing goes to insane levels to bail out everybody and everything in the economy. Dumpster diving for food, the national sport of the failed state of Venezuela, will soon be commonplace in many US cities.
  - The food supply is cratering in many regions, with food distribution hubs gutted, and many local retailers cleaned out. City dwellers are “hunting” for grocery stores in rural areas that have more food. **We anticipate gun battles over food to commence soon.**
  - Speaking of guns, every round of ammunition and every firearm in America is just about gone as of today. Retailers still have some supplies, but wholesalers are wiped out everywhere. If you didn’t arm up before now, you will have to pay a sweet premium to acquire anything in this area.
  - **More and more experts and even CDC officials are now openly talking about “millions of deaths” in the USA over the next 18 months. It’s no longer a conspiracy theory. “The new coronavirus could kill millions across the U.S., said Dr. Kathleen Neuzil, director of the Center for Vaccine Development at the University of Maryland’s School of Medicine.”** –
- CNBC.com
- Gold and silver supplies are VERY difficult to acquire now (physical), even as spot prices for silver are cratering. But real-world “bid” prices for physical silver are much, much higher, and that’s even if you can find physical silver rounds anywhere.
  - **Once-secret military control plans have been leaked to the media, describing the total military lockdown of the USA. The plan names are “Octagon, Freejack and Zodiac.” From Newsweek.com: “The three most compartmented contingencies – Octagon, Freejack, and Zodiac – call upon various military units in Washington DC, North Carolina and eastern Maryland to defend government operations if there is a total breakdown. The seventh plan – codenamed Granite Shadow – lays out the playbook for extraordinary domestic missions that involve weapons of mass destruction.” (In other words, tactical nukes deployed in America.)**
  - The masses of unprepared, oblivious, clueless sheeple are about to lose it. Expect looting, robberies, and “gang”-level raids of grocery stores and pharmacies soon. Law enforcement will be very quickly overrun. Chaos is about to commence. Prepare your chest rig with level IV ballistic plates.

**This is NOT a drill. This is NOT a hoax. And this isn’t going to be over in a month. Some independent media outlets have been infiltrated by the communist Chinese to push the “hoax” narrative so that Americans are late to get prepared as the financial collapse commences.**

Once America has begun to fall, the Chinese may launch a land invasion of America. All those in California who still have AR-15s and 30-round magazines, gear up for defense of the homeland against invading communist troops.

**Three Abortionists Admit Symptoms Consistent with COVID19 as Abortion Facilities Ignore Health Risks**

March 19, 2020 By [Operation Rescue](#) 9 Comments

Shown from left are abortionists Jen Villanvicencio, Sara Pentlicky, and Joe Nelson, who all admit that they have symptoms consistent with the Chinese Coronavirus.

By Cheryl Sullenger

Washington, D.C. – As businesses across America close down and events are cancelled in an attempt to control the spread of the Chinese Coronavirus, **abortion businesses are bucking the system and are staying open.**

Abortion clinics and hospitals where some abortions are done are ignoring the U.S. Surgeon General's guidelines to halt elective surgical procedures, and are booking elective abortion appointments despite the threat of accelerating the spread of the disease.

Now, at least three abortionists have admitted that they are in self-quarantine after exhibiting symptoms consistent with the Chinese Coronavirus.

Nelson was the subject of a [Huffington Post article](#) written by pro-abortion reporter Melissa Jeltsen, who lamented on Twitter, **"Abortion clinics cannot survive for long without healthy doctors."**

Jeltsen lamented that there are not enough abortionists to take the place of those who fall ill, which may cause abortion facilities to close.

She continued, **"Coronavirus is exposing just how fragile access to abortion is across much of the country. If a few abortion providers get sick, it could have a dramatic domino effect."**

### **CORONAVIRUS: Denmark Passes Law Enabling Forced Coronavirus Vaccinations--New measures "most extreme since the Second World War"**

16 March, 2020 [Paul Joseph Watson](#)

**Denmark has passed an emergency law that allows for the government to force people to take a vaccine for coronavirus.**

The emergency law gives authorities sweeping powers to tackle the COVID-19 pandemic and will remain in force until March 2021.

Citizens who refuse to be tested for the coronavirus will face fines and potential prison time, and will be prevented from entering shops, grocery stores, public institutions and hospitals while also being restricted from using public transport. "As well as enforcing quarantine measures, the law also allows the authorities to force people to be vaccinated, even though there is currently no vaccination for the virus," reports [the Local](#).

Copenhagen University law professor Jens Elo Rytter said the new measures were "certainly the most extreme since the Second World War."

The initial draft of the law was even more draconian, and would have allowed police to enter private homes without a warrant if there was a suspicion of a coronavirus infection.

However, this measure was dropped after opposition from other parties in the Parliament.

### **A single case of the coronavirus has wreaked havoc in our hospital--I'm a Doctor in Britain--We're Heading Into the Abyss**

**LONDON — Ten days ago, I was asked to see a patient. I'm a respiratory specialist in an intensive-care unit at a hospital in London, so it wasn't surprising that the patient needed a ventilator. It seemed fairly typical. But the patient turned out to have the coronavirus — our hospital's first case and one of nearly 2,000 people who have so far tested positive in Britain. I hadn't worn a mask. Soon I developed a cough. Though I experienced neither fever nor breathlessness, I was told to self-isolate for 14 days. That's where I am now, in self-isolation. And I'm not the only one from my hospital. After just one patient with Covid-19, a quarter of our junior staff are off with coughs and sniffles we would normally work through. A single case of the coronavirus has wreaked havoc in our hospital.** [dnyuz](#)

### **Hello from Italy--This is a crisis like none before**

**I'll spare you the statistics and the sermons; both are already abundant. But I do want to make one thing clear: If you think that by stocking up your pantries you have absolved yourself from the responsibility of preparing for this virus, you are mistaken. Be sceptical of both naysayers and doomsayers; there's no way of knowing how this will end. The restrictions came upon us slowly but steadily. Within two weeks, our old lives were gone. First, the schools closed, then came social distancing. Then the government locked down the hardest-hit areas: no more going in and out of certain provinces; limited movements within the "red zones." Then the whole country shut down.** [GT](#)

## Why Are So Many People In Italy Dying Of The Coronavirus?

March 19, 2020 by [Michael Snyder](#)

**One of the great mysteries of this coronavirus pandemic has been the widely varying death rates that we have been witnessing all over the globe. For example, the death rate in Italy has been many times higher than the death rate in South Korea, and that has greatly puzzled the experts.** Initially I thought that perhaps Italy was dealing with a different strain of the virus than South Korea was, and that may still turn out to be true once we learn more. But another potential factor has emerged that I wanted to share with my readers, because it has to do with something that might be in your medicine cabinet right now. **Health authorities in Europe are now warning that ibuprofen may accelerate the multiplication of the virus, and they are instructing everyone not to use it.**

On Saturday, the health minister of France sparked headlines all over the globe when he tweeted [the following](#)...

**"The taking of anti-inflammatories [ibuprofen, cortisone ... ] could be a factor in aggravating the infection.** In case of fever, take paracetamol. If you are already taking anti-inflammatory drugs, ask your doctor's advice."

Unfortunately, many people in Europe have been immediately reaching for ibuprofen once they get the virus because they want something that will help them deal with the pain.

**In fact, researchers discovered that most Italians that developed serious complications once they caught the coronavirus had been taking ibuprofen at home...**

They studied why the disease pathway in Italy is more serious, finding **that most patients took ibuprofen at home.** Researchers joined the virus and ibuprofen in the

laboratory and came to the conclusion that **administering ibuprofen accelerates multiplication of the virus** and is related to a more serious course of the disease. This information needs to get out to everyone as quickly as possible, but so far the mainstream media in the United States has been very slow to pick up on this story. And that is extremely unfortunate, because accurate information could make the difference between life and death in a lot of cases.

### **This respiratory therapist treats coronavirus in New Orleans--He says the virus is a lot worse than you think**

As of Saturday, Louisiana was reporting nearly 600 confirmed cases of [COVID-19](#), one of the highest numbers in the country. I spoke to a respiratory therapist there, whose job is to ensure that patients are breathing well. **He works in a medium-sized city hospital's intensive care unit. (We are withholding his name and employer, as he fears retaliation.)** Before the virus came to New Orleans, his days were pretty relaxed, nebulizing patients with asthma, adjusting oxygen tubes that run through the nose or, in the most severe cases, setting up and managing ventilators. His patients were usually older, with chronic health conditions and bad lungs.

**Since last week, he's been running ventilators for the sickest COVID-19 patients. Many are relatively young, in their 40s and 50s, and have minimal, if any, preexisting conditions in their charts. He is overwhelmed, stunned by the manifestation of the infection, both its speed and intensity. The ICU where he works has essentially become a coronavirus unit. He estimates that his hospital has admitted dozens of confirmed or presumptive coronavirus patients. About a third have ended up on ventilators.**

**His hospital had not prepared for this volume before the virus first appeared. One physician had tried to raise alarms, asking about negative pressure rooms and ventilators. Most staff concluded that he was overreacting. "They thought the media was overhyping it," the respiratory therapist told me. "In retrospect, he was right to be concerned."**

He spoke to me by phone on Thursday about why, exactly, he has been so alarmed. His account has been condensed and edited for clarity.

**"Reading about it in the news, I knew it was going to be bad, but we deal with the flu every year so I was thinking: Well, it's probably not that much worse than the flu. But seeing patients with COVID-19 completely changed my perspective, and it's a lot more frightening."**

**This is knocking out what should be perfectly fit, healthy people.**

**"I have patients in their early 40s and, yeah, I was kind of shocked. I'm seeing people who look relatively healthy with a minimal health history, and they are completely wiped out, like they've been hit by a truck. This is knocking out what should be perfectly fit, healthy people. Patients will be on minimal support, on a little bit of oxygen, and then all of a sudden, they go into complete respiratory arrest, shut down and can't breathe at all."**

**They suddenly become unresponsive or go into respiratory failure.**

“We have an observation unit in the hospital, and we have been admitting patients that had tested positive or are presumptive positive — these are patients that had been in contact with people who were positive. We go and check vitals on patients every four hours, and some are on a continuous cardiac monitor, so we see that their heart rate has a sudden increase or decrease, or someone goes in and sees that the patient is struggling to breathe or is unresponsive. That seems to be what happens to a lot of these patients: They suddenly become unresponsive or go into respiratory failure.”

The lung is filled with so much fluid, displacing where the air would normally be. “It’s called acute respiratory distress syndrome, ARDS. That means the lungs are filled with fluid. And it’s notable for the way the X-ray looks: The entire lung is basically whited out from fluid. Patients with ARDS are extremely difficult to oxygenate. It has a really high mortality rate, about 40%. The way to manage it is to put a patient on a ventilator. The additional pressure helps the oxygen go into the bloodstream.

“Normally, ARDS is something that happens over time as the lungs get more and more inflamed. But with this virus, it seems like it happens overnight.

“Typically with ARDS, the lungs become inflamed. It’s like inflammation anywhere: If you have a burn on your arm, the skin around it turns red from additional blood flow. The body is sending it additional nutrients to heal. The problem is, when that happens in your lungs, fluid and extra blood starts going to the lungs. Viruses can injure cells in the walls of the alveoli, so the fluid leaks into the alveoli. A telltale sign of ARDS in an X-ray is what’s called ‘ground glass opacity,’ like an old-fashioned ground glass privacy window in a shower. And lungs look that way because fluid is white on an X-ray, so the lung looks like white ground glass, or sometimes pure white, because the lung is filled with so much fluid, displacing where the air would normally be.”

“With our coronavirus patients, once they’re on ventilators, most need about the highest settings that we can do. About 90% oxygen, and 16 of PEEP, positive end-expiratory pressure, which keeps the lung inflated. This is nearly as high as I’ve ever seen. The level we’re at means we are running out of options.

“In my experience, this severity of ARDS is usually more typical of someone who has a near drowning experience — they have a bunch of dirty water in their lungs — or people who inhale caustic gas. Especially for it to have such an acute onset like that. I’ve never seen a microorganism or an infectious process cause such acute damage to the lungs so rapidly. That was what really shocked me.”

You’ll try to rip the breathing tube out because you feel it is choking you ...

### CHLOROQUINE CURES the VIRUS - Latest Data

by Andrew Strom--Chloroquine is an old anti-malarial drug that is widely available and also quite cheap - used for decades to combat malaria in

Africa. **In China doctors had reported it was one of the few drugs that seemed to have a significant impact when given to patients in Wuhan.**

French scientists recently began testing the drug in France, and news of the results has now begun to circle the globe. As Connexion France reported two days ago: "Renowned research professor in France has reported successful results from a new treatment for Covid-19, with early tests suggesting it can stop the virus from being contagious in just six days..."

"Professor Raoult is an infectious diseases specialist who has been tasked by - and consulted by - the French government to research possible treatments of Covid-19. **He said that the first Covid-19 patients he had treated with the drug chloroquine had seen a rapid and effective speeding up of their healing process, and a sharp decrease in the amount of time they remained contagious.**"

The professor and his team have published a peer-reviewed paper on their success with this drug (linked at the end of this article) and there has also been a paper published in the journal Nature on the same topic.

Recently, my friend and colleague, Paul Martin, contacted me with startling new information. Heretofore, we have been told only people with underlying medical conditions, and elderly people over the age of 60 were at risk for dying from the Coronavirus. We both believed the official story until Paul's daughter, a nurse in Tulsa, contacted him with startling new information about the Corona virus. Subsequently, Paul and myself conducted an interview on this topic as it exposes, either the gross negligence on the part of the CDC, or the lies emanating out of the CDC. You decide.

## **Chinese doctors say coronavirus 'like a combination of SARS and AIDS', can cause irreversible lung damage**

March 5, 2020: **Chinese doctors say autopsies of coronavirus victims suggest the deadly illness is "like a combination of SARS and AIDS" that can cause "irreversible" lung damage even if the patient recovers.**

The grim finding was reported on by Communist Party mouthpiece the *Global Times* on Friday, after a paper by Wuhan doctors published in the *Journal of Forensic Medicine* earlier in the week went viral on Chinese social media.

It comes as a group of Chinese scientists warn that the virus has mutated into a more aggressive strain. The CDC appears to have had advanced knowledge of the coronavirus pandemic outbreak, as the agency which deliberately delayed testing kits in the USA for nearly a month was hiring quarantine program advisors in November of 2019, to cover Texas, New York, California, Washington, Florida and many other areas where the pandemic is now exploding.

[This job listing page at jobs.CDC.gov](#) describes job announcement number **HHS-CDC-D3-20-10640010**, paying up to \$93,077 per year, with an open application period from Nov. 15th, 2019 to May 15th, 2020.

The cities and states described in the job listing are:

*Dallas, Texas, El Paso, Texas, Houston, Texas, Seattle, Washington, Anchorage, Alaska, Los Angeles, California, San Diego, California, San Francisco, California, Miami, Florida, Atlanta,*

*Georgia, Honolulu, Hawaii, Chicago, Illinois, Boston, Massachusetts, Detroit, Michigan, Minneapolis, Minnesota, Newark, New Jersey, New York, New York, Philadelphia, Pennsylvania, San Juan.*

Here's a screen shot of the listing:

How did the CDC have advanced knowledge of the coronavirus pandemic before it was announced to the world? Well, we already know the CDC is a criminal front group for the vaccine industry, and we know the CDC had a hand in releasing measles at Disneyland in California in order to create mass media hysteria to push for the vaccine mandate law there, SB 277, which just happened to be pre-written by the pharmaceutical industry and ready to push through the California legislature.

That's why the CDC is characterized as, "an edifice of fraud" by Robert F. Kennedy, Jr.

Although we have no direct proof, it would be entirely consistent for the CDC to be part of a globalist program to deliberately release a deadly pandemic virus in order to push for mandatory vaccines and funnel billions of dollars into the vaccine manufacturers (which has already begun). Former CDC head Julie Gerberding, you may already know, went to work as a top executive for Merck,

and the CDC functions largely as a revolving door with Big Pharma. Part of her job was covering up vaccine fraud involving the mumps vaccine.

What better way to enrich the criminal pharmaceutical companies than to watch as a global pandemic virus gets released, granting the CDC extraordinary new powers (and funding), leading directly to **mandatory coronavirus vaccines** (the kill switch for global depopulation).

It also just happens that this coronavirus is the perfect excuse for a **global financial reset** that steals money from taxpayers by mass printing trillions of new dollars to bail out wealthy corporate executives, drug companies and industrial giants. Did you notice that the new family leave act which guarantees companies will pay employees for quarantine isolation time is **exempting all companies with more than 500 employees?**

That's because this planned pandemic is being used to achieve all the goals of globalists: **Censorship, confiscation of wealth, mandatory vaccines, depopulation, medical tyranny, martial law, a cashless society and much more.** And yes, the CDC had advanced knowledge of it all. The proof is right on their own website. Long before China even admitted to the existence of the coronavirus, the CDC was hiring quarantine managers in all the areas that are now being hit hardest by the coronavirus. **There are no coincidences when it comes to such alignment of events.**

### Recommend Protocol For The Corona Virus

**Disclaimer:** *It is your constitutional right to educate yourself in the arena of health and medical knowledge, to seek helpful information and make use of it for the benefit of you and your family. I do not claim to "cure" disease, my goal is to help you to make physical and nutritional changes in your own body so that your body can heal itself.*

**Corona Virus or SARS: (Severe Acute Respiratory Syndrome):**

**Invive 5000ppm (or preferably 10,000 ppm if you can afford it) - 15 cc (= "measuring" TABLEspoon), every 4 hours till asymptomatic.**

**++Invive 5000ppm Mild Silver Protein ++** When combating an advancing presentation of Corona Virus or SARS within the subject individual, it is "MANDATORY" to maintain a "STEADY STATE" of Silver in your bloodstream every 4 hours = 6 times per day for adults of 120 lbs and up, (but reduced for children via percentage of their bodyweight in relation to 120 lbs.).

**++ For More Information or to purchase the Invive Silver go to: <http://www.dr-johnson.com/>**

**Proactive Measures In the Event of a Pandemic**

**5000 Mild Silver Protein (M.S.P.) Suggested Therapeutic Dosing Guidelines**

1tsp.-1tbsp. for every 30 lbs. of bodyweight per day; if you have been exposed or if you have a virulent virus/Pandemic. The 1 t<sub>bsp</sub>. dosage would be used for life threatening

situations. This dosage should be equally broken up and taken in 3 hour intervals. Stay at home and avoid contact with the populace till the outbreak passes. If taking the M.S.P. drink at least 8, eight ounce glasses of purified water per day. M.S.P. can be used topically over an infectious site. **Because the 5000 PPM M.S.P. is only available in 4 ounce bottles it would be wise to keep at least a few bottles for each adult family member and 1-2 for each child in your household. View this like an insurance policy that hopefully you will never have to use.** Even if you don't use this product in the event of a pandemic, it can be diluted and taken on an everyday basis to keep the immune system strong.

### **Invive Mild Silver Protein Protocols For Lung, Sinus, Ear, Eye & Topical Infections**

For **lung infections** nebulize 100ppm Invive Mild Silver Protein directly into the lung fields for 3-4 minute intervals several times per day. If you want to make a 100ppm solution (and you have a 5000ppm bottle) just divide 5000 by 100 to get: 50. So you would add 50 parts distilled water to 1 part 5000ppm to make a 100ppm solution.

---

Now with a **sinus infection** the best way to directly go after this is to get any nasal spray atomizer bottle (**Like this one:** <http://sparknaturals.com/index.php/accessories/1oz-blue-glass-nasal-sprayer.html> ) and add 500ppm silver to the bottle. Now to make the 500ppm just add 10 parts distilled water to one part 5000ppm. This will be the strength you use in a nasal spray bottle. One drop of eucalyptus oil to this 500ppm solution is also very good for nasal use. When you use the 500ppm in the nasal spray bottle make sure you tip your head back and spray 3-5 times per nasal passage. You can do this several times per day. You would also want to take 1/4 tsp. of the 5000ppm held under the tongue 3 times a day until you are doing better.

---

For **Otitis Media (ear infections)** (if your ear drops are **not ruptured**) you need to dilute the Invive Silver to 500ppm for the ear drops. To make this strength from 5000ppm just add 10 drops of distilled water to every one drop of 5000ppm. Use 3-4 drops in each ear 2-3 times per day till better. In reality I really like just plain old 3% Hydrogen Peroxide for ear infections 2-3 drops in each ear. Tilt the head and hold this dose in each ear for 1-2 minutes before tilting your head back. It will bubble and be quite loud and may burn a little so sometimes children are afraid of the Hydrogen Peroxide whereas the silver should not bubble or hurt at all.

For an 8 year old I would administer the 5000ppm silver under the tongue 15-20 drops 3 times a day (hold for 2-3 minutes then swallow) to treat the ear infection internally as well.

---

For an **eye infection like Pink Eye** **only use the 50ppm** Invive Mild Silver Protein Strength. One drop in each eye 3-4 times a day typically works wonders.

---

To make the **AG Cream** (AKA Silver Cream) get some Aloe Vera gel and add drops of the 5,000 ppm silver to the gel to the point just before it starts to liquefy.

---

**Invive Silver Dosing Chart for children/babies**

Maximum dosage in case of a severe infection: 5 cc's of the 5000ppm Invive Mild Silver Protein per 30 lbs Bodyweight. 5cc = 1tsp. That means a 30 lb. child receives 5 cc in total per day, **in divided doses** of 1.2 cc q.i.d. (or 4 times a day)

A 10 lb. baby receives 2 cc **in total per day**, in divided doses of 1.6 cc total per day.

In this case (2cc's) that means 7 (drops) Q.I.D. (or 4 times a day)

Q.I.D.= 28 drops total per day divided by 4 = 7 minims (drops) sublingually every 6 hours.

Invest in a "personal nebulizer" as the M.S.P. can be put into this devise and atomized into the lungs and nasal passages. Use 100ppm Invive Mild Silver Protein strength for nebulizer use.

## Calcium & Vitamin D-3 Is Vital For Your Immune System

Most people are not aware of the role that calcium plays in our immune system. It is actually one of the chief fuels upon which our immune system runs on. White blood cells are the main tool our immune systems use to destroy foreign infectious invaders. White blood cells use calcium as the main fuel to propel themselves and destroy these invaders through a process called Phagocytosis. If we don't have enough usable calcium in our body, our immune system cannot ramp up, get to and kill these foreign infectious invaders. It's like having a guided missile, with no way of getting it off the ground. Consequently, if you have a low amount of usable calcium in your system, forget about having a strong immune system. It won't happen because it can't happen. And calcium is not something that can be manufactured in the body unless we leach it

from our own bones, which over time would lead to osteoporosis. **One of the main signs we are deficient in Calcium during the throws of an infection, is a high body temperature or fever.** One of the things that got me into the alternative health field was a poorly functioning immune system. I have found one of the main components in building a strong immune system is keeping calcium reserves high in the body. The best product to accomplish this is [Davinci Labs CAL MAG 180 tablets](#) or [Davinci Labs CAL-MAG CITRATE POWDER 30 Servings 4.9 oz. \(139.2 grams\)](#). As sufficient stomach acid is essential for the breakdown of not only calcium but protein, iron and several other trace minerals. If low stomach acid is a factor, [Hydro-Zyme \(90 T\)](#) or [Hydro-Zyme \(250 T\)](#) should be taken with the Calcium and with food. Or as an alternative taking 1-2 tsp. with the calcium should do the trick. One other thing that is important when talking about calcium is the Omega-3 fatty acids which are high in flaxseed oil. You see the omega-3 fatty acids in flaxseed oil are necessary for healthy cell membranes and to transport calcium into the white blood cells, where the calcium is used to support cell motility (movement) and phagocytosis (killing the foreign infectious invaders). Of the Omega 3 good fats, flax seed oil is very important. For this I recommend [Genestra Organic Flax Oil Capsules 90 Softgels](#), as flax is a very volatile oil and spoils very easily. It is a risky proposition buying flax oil off the shelf as usually there is no way to verify quality. This is also an excellent protocol for skin protection as Calcium and Omega 3 fatty acids are essential in preserving and protecting the skin. Now if I feel I may be getting run down, I will increase my dosage of these two products until my system is back in balance. If these products are taken in conjunction with a good whole food multi-vitamin mineral product like **Intramax or the Innate Once Daily formulas** you should be in pretty good shape.
