The **1828 Noah Webster Dictionary** defines:

**Reprove:** To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

**Circumspectly:** Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

### **+1+ 2nd Wave of locusts – 20 times the size of the first wave now threatens millions more in Africa**

**Weeks before the coronavirus spread through much of the world, parts of Africa were already threatened by another kind of plague, the biggest locust outbreak some countries had seen in 70 years. Now the second wave of the voracious insects, some 20 times the size of the first, is arriving. Billions of the young desert locusts are winging in from breeding grounds in Somalia in search of fresh vegetation springing up with seasonal rains. Millions of already vulnerable people are at risk. And as they gather to try to combat the locusts, often in vain, they risk**

spreading the virus — a topic that comes a distant second for many in rural areas.

[Overnight, FIFTEEN Volcanoes Worldwide, Erupted!](#)

[Volcano "Krakatoa" Erupts in Indonesia - Ash & Lava 14km in the sky!](#)

Given the fact that COVID-19 is presently a plague attacking the human race, gigantic swarms of locusts are a pestilence ravaging huge portions of entire countries from Africa to the Middle East, earthquakes are taking place in areas where they generally do not, and now volcanoes all over the planet are erupting, I think it might be a good guess that something really big is going on. Perhaps the kind of thing that makes folks maybe want to pay attention and get right with God.

**Subject: Listener Comment: After Pestilence-Famine**

**Why would famine follow the coronavirus pestilence? Farmers have full fields of ripe produce ready to be harvested, but the government cut back on migrant workers to do the work. There are no markets to buy the produce. All the big chain restaurants, schools, casinos, Cruise ships, have closed and aren't buying any groceries and then you have the food banks going low on fresh produce. The farmers are forced to plow under the ripe fields. They can't afford to pay pickers to pick when there's nowhere to sell the product. The supply chain has been disrupted. Dairy farmers have no market for their milk, so they just pouring it out on the ground. No one will pick it up to sell it. It's going to take ingenuity to figure out a new distribution plan. But if we don't have a new plan, food supply will stop. Then what? I sort of enjoyed being able to eat. How about you? Maybe more empty shelves in the supermarket with no produce. ☹**

**And for spiritual insight , God has a word to consider from [Ezekiel 14:13](#):**

**Son of man when the people of this land Sin against me by trespassing grievously, I will stretch out my hand upon it, I will break their staff of bread and I will send famine to destroy both man and beast.**

**What sin? How about idolatry, abortion, gay marriage, drug use, opioid and marijuana use, corruption, greed, theft, domestic violence, laziness.**

**What happened to???: THE GOLDEN RULE.**

**And you shall love the Lord your God with all your heart, with all your soul, with all your mind, with all your strength and you shall love your neighbor as yourself. Repent or get ready for famine.**

## **REPENTANCE IS THE KEY:THIS IS WHAT THE LORD HAS BEEN GIVING ME FOR THIS HOUR AND WHY INTERCESSION NEEDS TO INCREASE IN THE BODY:**

Repentance is key in this hour from His people because He has given His people power to stand in the gap! **Ezekiel 22:30 says "I sought from among them who should build up the wall and stand in the gap before me for the land, that I would not destroy it, but I found none."** The previous verses describe the condition of the people which sounds much like America and around the world . We are in tribulation, and the very nature of God demands that He judge sin and destroy it, but His heart of great mercy and love looks for ones that will walk before Him with His Truth, Love, and Mercy and Stand in the Gap to give Him a choice! He wants a Choice, so that all that could come would come unto Him. He said He sought for a man that would STAND BEFORE HIM on BEHALF OF.... WE, His people are to stand between God and the people! We are Priests and Kings. In Numbers 16:46-48, " Moses told Aaron to take the censor, put fire upon it and lay incense on it, ( the incense representing intercession,) and run into the midst of the congregation to make atonement for the people. We are not the atonement, we are His voice of decreeing and declaring His Truth to bind the works of darkness that try to hold the people captive. As he swung the censor back and forth, he created a beautiful picture of our Lord hanging on the cross between 2 thieves, one seeking redemption, the other dying in unbelief. Aaron stood between the living and the dead and the plague was stayed. We as His people need to stand in the Gap with HIS WORD OF POWER THAT WILL BRING DELIVERANCE! God is working on the hearts of the sleeping church and the unsaved to make them ready for the Redemption. The fields are becoming white for harvest because of the troubles on the earth. God is using all of this to break them down and soften their hearts to bring them in. Satan would love to disrupt the timing of the Lord and push His agenda ahead, but this is not his time, This is a time that God is shaking it all up, looking at the body to watch what she will do, giving her a chance to repent and to come into her place of Holiness and Righteousness to do the works of His hands! To occupy till He comes!

**Isaiah 26:9 says: for only when your judgements are in the earth will the inhabitants of the world learn righteousness**, so we are falling on our faces asking that in Your judgement oh God, remember Mercy, just as You did over our souls!

...As all of these things are coming upon the world, the church needs to repent and come back to Holiness and Righteousness living for Him in full surrender, so we can take our rightful place to stand in the gap so the backslidden and the unsaved would have thirst and hunger, sight and hearing returned to them so they could repent and return to the Lord!

## [Dr. Anthony Fauci is continuing Obama's mission to cripple America and turn it into a vaccine police state](#)

In the last few days, Dr. Fauci has demanded that the entire nation remain locked down until every last infection is snuffed out. He wants the entire population to remain in quarantine lockdowns, in other words, until no more new infections are detected across the entire country. This is an impossible standard to achieve and would likely result in the whole country being locked down for a year or more, utterly destroying what's left of the US economy.

It should be no surprise this was always part of the plan to destroy personal health freedom and roll out a medical police state run by vaccine zealots. Dr. Fauci is a puppetmaster for the vaccine industry and claims nothing can stop the virus except a non-existent vaccine. As part of the NIH, Dr. Fauci helped funnel hundreds of millions of dollars in taxpayer money into the biological weapons / vaccine industry (it's the same industry, just two different faces). He's currently downplaying hydroxychloroquine + zinc, a combination that has so far achieved an astonishing cure rate among coronavirus patients, because he's trying to position his buddies in the vaccine industry to reap windfall profits from whatever vaccine they come up with, which will of course be heralded as the savior of humankind.

Until the vaccine is ready, Dr. Fauci wants to keep everybody locked in their homes, perhaps for an entire year to come. As Tucker Carlson correctly observes, this is tantamount to "national suicide."

## [A Frantic Bill Gates Spending Billions In All-Out Blitzkrieg To Be First To Create Coronavirus Vaccine And Digital ID, Funding 7 Factories At Once](#)

In a clip released from Friday's episode of The Daily Show, Gates **said his foundation, the Bill and Melinda Gates Foundation, is moving forward with building manufacturing capacity for the seven vaccine candidates to save time, as the novel coronavirus continues to spread throughout the world. "Even though we'll end up picking at most two of them, we're going to fund factories for all seven just so we don't waste time in serially saying 'ok which vaccine works' and then building the factory,"** Gates told The Daily Show host Trevor Noah.

If you had a dream of controlling the global population through abortion and vaccinations, as Bill Gates has oft repeated is *his* dream, how much money do you think it would take to fulfill that dream? Think about it, how much cold, hard cash would it take to force every, single person on planet earth to receive a vaccination and a digital ID to go with it? 10 billion, 30 billion, one hundred billion? The final figure doesn't matter because Bill Gates is about to see his lifelong dream come true. Right now. 7 factories at the same time?

It's no secret, Bill Gates has shouted from the housetops for decades now what his plan was, [read about it here](#) if you're not up to speed. All he needed to make it all come together was a 'perfect storm crisis' that would affect the whole world, so he would have the excuse to give the whole world an injection and digital ID. The COVID-19 coronavirus is that perfect storm, he sees his goal clearly in sight, and now has unleashed the necessary billions to make it a reality.

When the vaccine is ready, it will be mandatory, so start thinking and praying now, *right now*, about what *you* will tell the authorities when they come to inject and chip *you*. But wait, you say, that's impossible, you say. Bill Gates doesn't have the power to do that, you exclaim. The governments of the whole world would never do that, you say. I say to you, it's already happening, the whole world is already locked down. Look around you, tell me what *you* see. I see the whole, entire world right now that is changing and reforming itself into the New World Order while we watch. It is happening, it has happened, it will happen. Every nation is talking about being "at war with an invisible enemy", right? They're going to send in Bill Gates as the saviour with the 'magic shot' and the digital ID. There will be no other way. It's over.

### Massive fraud alert: Coronavirus "recovery" bill gives Fed control over \$450 billion in SECRET — who's going to get this money?

As reported by *POLITICO*, one little-noticed provision in the recently passed \$2.2 trillion CARES Act provides the Federal Reserve with a nice pile of money — \$450 billion to be specific — that it can do with what it pleases, basically, as long as it is called 'relief.'

Not only that, but the Fed will be able to 'manage' these funds with far less oversight, meaning that it is essentially a secret slush fund that Fed board governors can do with as they please.

[Listener Comment on "Empty hospitals and waiting rooms explained by someone who works in a hospital"](#)

**Scott Johnson's Comment:** OK also I just got a text from my good friend and longtime listener this morning (Greg) on a death from Covid-19 of a close friend of their family that is imminent. Also my daughter Taylor had a coworker she knew personally whose aunt died from Covid-19 and this has all happened in the last couple weeks also just received this from a long time listener who is a nurse. To add to what is said below it is being commonly reported that when many have tried to go to the hospitals or medical centers to be tested, they are being refused to be tested.

**Subject: Empty hospitals and waiting rooms explained by someone who works in a hospital.**

*Hi Dr. Scott...I work in a hospital on the east coast; I have worked in hospitals for much of my career.*

*Hospitals have always been the most dangerous place to be during any and all pandemics throughout all of recorded history. Period, end of discussion. That being said, I believe many hospitals, particularly in the west (ie US, Canada and western Europe) are doing their best to not be the dangerous breeding grounds they have the potential to be. All modern Western hospitals have pandemic plans in place and all employees get training on them every single year. Right now every hospital I am aware of is implementing these plans and modifying them,*

**specifically, to address Covid19. I am in a meeting about Covid19 every morning, I am not in management, they are giving us information for the day, and modifying it as the policy changes.**

**We are not doing elective procedures or any other procedure that is not considered elective, but the timing can be delayed. In Western countries, elective procedures, or procedures that you don't have to be done immediately, accounts for MOST of our business. This reason alone can account for the empty parking lots and empty waiting rooms.**

**We are strictly controlling all entrances to the hospital and who comes in them. Visitors to the hospital are limited. Take that into account when you see empty parking lots.**

**Also, people have been whipped up into a frenzy of fear by the media and are not coming to the hospital for treatment they would normally get, and have chosen to suffer at home. This is an important factor in empty ER waiting rooms and empty ER parking lots. What you need to know about an ER, is most of the patients in the ER, are not having an emergency, many poor people go to the ER for basic medical care. Anyone who has worked in an ER or works in an auxiliary department that services and ER will tell you this. ER's are pretty empty, usually, on days like Christmas and Easter, and big sporting events like the Superbowl and on days when the weather is really nice. It's an ongoing joke we tell ourselves. So, many of those patients are choosing to stay at home right now, and suffer with whatever they are suffering from, rather than risk going out. Internet consultation is being used extensively as well.**

**On the subject of empty Covid19 units. Every hospital does and publishes a daily census report, but they look at the numbers of beds filling up very closely. In the case of the empty Covid19 unit, I promise you when they see that unit starting to fill up, they will call a meeting, and start implementing plan B, before it is totally full.**

**Our hospital does not have any Covid19 patients but we are near an area where it is breaking out and we are are geared up for it. Hospitals are still businesses, and they must be able to cover their cost, and the unbelievable amount of lost revenue due to all of this, and in the case of my employer, most of the staff is working fewer than the normal hours they would be scheduled. Our hours throughout the entire hospital where I work have been cut, in every department, including direct patient caregivers. In my department alone, only three persons, to the best of my knowledge, are working their full number of hours. I work in a department that is essential to patient care, and I have never seen this happen in any hospital I have ever worked in.**

**Everything you have reported on about what hospitals are doing right now is true and correct, based on my experience, and in fact my employer is actually taking stricter measures than you have reported on. Including restricting our, the employees, ability to travel and putting those who do travel outside a certain prescribed area on at home quarantine for a full 14 days. Yes, there are persons in my department who are on at home quarantine right now as I write.**

**Also we really are having a critical shortage of mask, gowns and other PPE (personal protection equipment) items. These items are back ordered and we and**

*are having to take extreme measures, I have never seen taken in my life, to get these items. We are now sterilizing and reusing some of these items, mask in particular. We are also getting the community at large to make us these items, and yes, we have made public what we need and the specifications of these mask and we will use these homemade items.*

*Also there is a critical shortage of nasal collections kits used to collect Covid19 and other upper respiratory specimens. You should have seen what we went through, to get these items, and these items are now carefully controlled. If you can not collect and transport these specimens you can not send them off for testing.*

**FDA, FTC hit Alex Jones (InfoWars) with warnings over coronavirus claims related to silver products... is it time to challenge the FDA's speech tyranny**  
Saturday, April 11, 2020 by: [Mike Adams \(Natural News\)](#) **Both the FDA and the FTC are on the warpath, issuing strong warning letters to several companies they say are promoting silver products as treatments or cures for coronavirus (covid-19).**

**In just the last two days, both InfoWars (Free Speech Systems, LLC) and Genesis II Church of Health and Healing have been hit with strong warning letters that demand they stop making coronavirus treatment claims for their products. In the case of InfoWars, the products are silver-based consumer health products such as toothpaste and mouthwash. For Genesis II Church of Health, the product is "MMS" (chlorine dioxide).**

**In both cases, the FDA has teamed up with the FTC to issue these letters, underscoring the intensity of their effort to try to halt the sales of products that don't enrich Big Pharma.**

These regulatory threats are raising questions of why the FDA and FTC claim the right to **suppress truthful free speech** when no law passed by Congress has granted the FDA or the FTC power to supersede the First Amendment. If speech about nutritional supplements is truthful, why is it "illegal" under FDA rules which are self-written and subject to no oversight by Congress or the voters?

Notably, it is not illegal to sell silver-based products in the United States, as silver is used in popular bandage products and is well recognized as having antibacterial properties when used topically. It is, however, a violation of the FDA's slanted interpretation of rules to sell silver products along with claims that they treat covid-19. When that occurs, the FDA says the seller is making "fraudulent" health claims or selling "unapproved drugs," even when the seller never claimed they were drugs.

Remember: **The FDA still claims there is no such thing as a vitamin, mineral, food or nutrient that can prevent or cure any disease.** That's absurd when we all know, for example, that scurvy is a disease of vitamin C deficiency and can be *cured* with vitamin C. Similarly, a disease known as "rickets" is caused by a vitamin D deficiency and can be cured with vitamin D. Yet such claims are never allowed to be made by those who are marketing such nutritional solutions alongside those truthful claims.

As we have repeatedly pointed out in our own articles, **nothing has yet been clinically tested to treat, prevent or cure Wuhan coronavirus infections or covid-19.** There are many promising candidates for such treatments, including hydroxychloroquine, zinc

and various vitamins, which is why we've called for urgent studies and clinical trials to be conducted.

Yet to this day, **virtually the entire medical industry and pharma-funded corporate media routinely claim a coronavirus vaccine will be a cure**, even when no such vaccine even exists. No clinical trials have been conducted whatsoever, yet the entire establishment repeatedly claims a coronavirus will be safe and effective **despite the lack of a single shred of evidence to support such claims.**

**CNN, which is largely funded by Big Pharma and therefore has direct financial ties to the vaccine industry, hasn't receive a warning letter from the FDA or FTC to stop making unproven marketing claims about a future coronavirus vaccine. Nor has MSNBC or, for that matter, Dr. Fauci himself. Why isn't Bill Gates receiving warning letters for making false claims about vaccines that stand to generate a windfall of profits for his various companies and organizations?** The answer is that **no vaccine exists yet** and therefore vaccine propagandists are allowed to make whatever unscientific, unproven claims they wish, without any limits. They are "pre-selling" the coronavirus vaccine with lies and fraudulent claims, yet the FDA is silent. **(In truth, we know the vaccine will be more deadly than the coronavirus itself. All attempts at making a SARS vaccine, for example, were a disaster that resulted in mass fatalities of the animal test subjects.)**

The truth is, **both the FDA and FTC have no limits on the wild, quack science claims that are routinely made about vaccines**, even when such vaccine efforts rake in billions of dollars in grant money and retail profits. Vaccines are never subjected to the same regulatory scrutiny as vitamin C, even though vitamin C is a safe, natural substance while vaccines are artificial concoctions laced with neurotoxins such as MSG, formaldehyde, aluminum and even mercury in certain cases.

**When it comes to scientific evidence supporting nutritional supplements, there will never be large-scale clinical trials of vitamins, minerals or natural substances such as silver, since those products don't enrich the Big Pharma drug cartels that essentially control the FDA. The FDA is not a neutral party in all this; they represent the financial interests of the pharmaceutical industry, and they deliberately set very high financial barriers for clinical trials that prohibit smaller companies from being able to fund them.**

**The far bigger fraud is Big Pharma and the vaccine industry**

What's my take on all this? I think it's wrong for anyone to state that their products can treat or cure covid-19, given that no such research has been conducted or concluded.

**At the same time, both the FDA and FTC allow drug makers and vaccine makers to make outrageously false and misleading claims for their own products that are based on cherry-picked, "rigged" science that's funded and shaped by the drug companies themselves.**

**For the FDA and FTC to accuse anyone else of engaging in fraudulent practices, they first need to examine the Big Pharma frauds that are far more dangerous to society (and that literally kill 100,000+ Americans each year).**

**Vitamins C and D Finally Adopted as Coronavirus Treatment**

Tuesday, April 7, 2020--Dr. Mercola [Waking Times](#)

Remember last year when Washington Post reporters were boldly declaring that vitamins C and D could not (and should not) be used against respiratory infections? The information I was sharing about their use was deemed so dangerous to public health that I was branded as a “fake news” site by self-appointed, pharma-owned arbiters of truth like [NewsGuard](#).

How times have changed. After having [defamatory lies published](#) about me, vitamins C and D are now (finally) being adopted in the conventional treatment of novel coronavirus, SARS-CoV-2.

That just goes to show that when push comes to shove, the truth eventually prevails. When the medicine cabinet is empty, and doctors have limited options, suddenly the basics become viable again, and that is good news indeed, as it's likely to save thousands of lives, while keeping health care costs down.

**Vitamin C Treatment Implemented for Coronavirus Infection**

As reported by the New York Post, March 24, 2020: *“Seriously sick coronavirus patients in New York state’s largest hospital system are being given massive doses of vitamin C ... Dr. Andrew G. Weber, a pulmonologist and critical-care specialist affiliated with two Northwell Health facilities on Long Island, said his intensive-care patients with the coronavirus immediately receive 1,500 milligrams of intravenous vitamin C.*

*Identical amounts of the powerful antioxidant are then re-administered three or four times a day, he said ... The regimen is based on experimental treatments administered to people with the coronavirus in Shanghai, China ...*

*‘The patients who received vitamin C did significantly better than those who did not get vitamin C,’ he said. ‘It helps a tremendous amount*

According to [Dr. Ronald Hunninghake](#), an internationally recognized expert on vitamin C who has personally supervised tens of thousands of intravenous (IV) vitamin C administrations, vitamin C is “definitely a very underutilized modality in infectious disease,” considering “it’s really a premiere treatment” for infections.

In my March 17, 2020, [interview with Dr. Andrew Saul](#), editor-in-chief of the Orthomolecular Medicine News Service, he mentions being in contact with a South Korean medical doctor who is giving patients and medical staff an injection of 100,000 IUs of vitamin D along with as much as 24,000 mg (24 grams) of IV vitamin C. “He’s reporting that these people are getting well in a matter of days,” Saul says.

As explained by Saul, vitamin C at extremely high doses acts as an antiviral drug, actually killing viruses. While it does have anti-inflammatory activity, which helps prevent the massive cytokine cascade associated with severe SARS-CoV-2 infection.

**How Hydrogen Peroxide Can Help Covid-19 Coronavirus?**

Analysis by [Dr. Joseph Mercola](#) April 09, 2020

Hydrogen peroxide (H<sub>2</sub>O<sub>2</sub>) consists of a water molecule (H<sub>2</sub>O) with an extra oxygen atom. The oxygen inactivates viral pathogens by breaking down the viral structure.

To prevent an infection from taking hold, begin treatment at first signs of symptoms. Commercially available 3% hydrogen peroxide can be used for this purpose, and can be used without dilution for 10 to 15 minutes, four times a day, until your symptoms are relieved

To perform this treatment, you need but two items: a nebulizer with a face mask that covers your mouth and nose that emits a fine mist, and common household 3% hydrogen peroxide, available at most grocery stores and pharmacies for less than \$1.

**Comment:** Also For lung infections nebulize 100ppm Invive Mild Silver Protein directly into the lung fields for 3-4 minute intervals several times per day. If you want to make a 100ppm solution (and you have a 5000ppm bottle) just divide 5000 by 100 to get: 50. So you would add 50 parts distilled water to 1 part 5000ppm to make a 100ppm solution.

Also regarding nebulizer recommendations just research nebulizers on Amazon for the best ones, but this looks like a great one: [https://www.amazon.com/Crane-Rechargeable-Allergies-Congestion-Irritations/dp/B07X6873BB/ref=sr\\_1\\_3?crid=2LAEU32MI4UN3&dchild=1&keyword=s=nebulizer&qid=1585971367&sprefix=nebuli%2Caps%2C213&sr=8-3](https://www.amazon.com/Crane-Rechargeable-Allergies-Congestion-Irritations/dp/B07X6873BB/ref=sr_1_3?crid=2LAEU32MI4UN3&dchild=1&keyword=s=nebulizer&qid=1585971367&sprefix=nebuli%2Caps%2C213&sr=8-3)

However, it would be better to purchase the more expensive food grade hydrogen peroxide as it doesn't have any stabilizers in it. Stabilizers are proprietary and companies don't need to disclose them on the label, but some can be problematic. Typically food grade peroxide comes in concentrations higher than 3% so you will need to dilute it down to 3% to use it.

Viruses are not "alive" per se. They need a live host in which they can infect live cells that then replicate the viral DNA and RNA. Once a cell is infected, newly replicated viruses exit the cell and move on to the next cell to duplicate the process.

So, when we talk about "killing" a virus, we're really talking about inactivating them by breaking down their structure. This is why soap works so well.

Coronaviruses are held together by a lipid (fatty) coating. Soap dissolves this fat membrane, causing the virus to fall apart and become harmless.

More specifically, the fat-like substances in soap are structurally similar to the lipids found in the virus membrane, so the soap molecules compete with and replace the fats in the membrane. In so doing, the "fatty glue" holding the virus together dissolves.

Hydrogen peroxide works in a similar way. As noted by Levy, "the way to control any viral infection is not to kill the virus; rather, the infected cells that have been turned into viral factories must be killed."

Your immune cells actually produce hydrogen peroxide. This is in part how your immune system kills cells that have been infected with a virus. By killing the infected cell, viral reproduction is stopped. So, hydrogen peroxide therapy is in essence only aiding your immune cells to perform their natural function more effectively.

**Corona Virus or SARS: (Severe Acute Respiratory Syndrome):**

**Invive Mild Silver Protein 5000ppm (or preferably 10,000 ppm if you can afford it) - 15 cc (= "measuring" TABLESpoon), every 4 hours till asymptomatic.**

++Invive 5000ppm Mild Silver Protein ++ When combating an advancing presentation of Corona Virus or SARS within the subject individual, it is "MANDATORY" to maintain a "STEADY STATE" of Silver in your bloodstream every 4 hours = 6 times per day for adults of 120 lbs and up, (but reduced for children via percentage of their bodyweight in relation to 120 lbs.).

++ For More Information or to purchase the Invive Silver go to: <http://www.dr-johnson.com/>

**Proactive Measures In the Event of a Pandemic**

**5000 Mild Silver Protein (M.S.P.) Suggested Therapeutic Dosing Guidelines**

1tsp.-1tbsp. for every 30 lbs. of bodyweight per day; if you have been exposed or if you have a virulent virus/Pandemic. The 1 tbsp. dosage would be used for life threatening situations. This dosage should be equally broken up and taken in 3 hour intervals. Stay at home and avoid contact with the populace till the outbreak passes. If taking the M.S.P. drink at least 8, eight ounce glasses of purified water per day. M.S.P. can be used topically over an infectious site. **Because the 5000 PPM M.S.P. is only available in 4 ounce bottles it would be wise to keep at least a few bottles for each adult family member and 1-2 for each child in your household. View this like an insurance policy that**

hopefully you will never have to use. Even if you don't use this product in the event of a pandemic, it can be diluted and taken on an everyday basis to keep the immune system strong.

++ Because Invive Silver is so stable it has a 25 year minimum shelf life. There is no colloidal silver in any form that can even come close to their shelf life or potency; nor has there been one case of Argyria (turning gray) reported from taking Invive Silver.

++ For More Information or to purchase the Invive Silver go to: <http://www.dr-johnson.com/>

#### Further Proactive Measures

Invest in a "personal nebulizer" as the M.S.P. can be put into this device and atomized into the lungs and nasal passages. Use 100ppm Invive Mild Silver Protein strength for nebulizer use.

**Gas Mask Recommendations:** Invest in gas masks for each member of your household. But remember the gas mask is only as good as the seal to your skin, so don't put all your eggs in this basket.
